1. The Minutes of the Meeting of the Board held on the 22nd December last, were approved, and were signed by the Chairman, and by two other Members of the Board present at such Meeting.

2. A Deputation from the Promoters of the London Southern Tramways Extensions Bill, introduced by Mr. Selway, and consisting of the following gentlemen, viz.—Mr. A. M. Sullivan, Mr. J. Hargraves, Mr. D. A. Lowson, Mr. W. Hunt (for Mr. T. Floyd), Mr. G. E. M Laughlin, Mr. T. M. Wiswell, Mr. W. Wildish, Mr. G. Edwards (for Mr. J. Kincaid), Mr. V. J. Holloway, Mr. E. N. Wigwell, Mr. J. Laird Mr. T. Sharpley, Mr. J. Cobeldick, Mr. W. Kerr, and Mr. A. Nixon, attended the Board, and presented a Memorial, which was read, as follows—

London Southern Tramways Bill, 1883.

To the Metropolitan Board of Works.

Memorial presented in favour of the Scheme proposed by the above Bill, on behalf of the Deputation attending your Honourable Board on the 5th day of January, 1883.

Sheweth—

1.—That the Promoters of the Bill are the London Southern Tramways Company, incorporated by the London Southern Tramways Act, 1882, hereinafter referred to as the Company.

2.—By the London Southern Tramways Act, 1882, the Company were authorised to construct, maintain and work a system of Tramways extending from the Vauxhall Railway Station through South Lambeth, Stockwell, Gresham and Milkwood Roads, and Norwood-lane, to the Norwood Cemetery, and from High-street, Camberwell, through Cold Harbour-lane to a point near Brixton Church.

3.—The said Act received the Royal Assent in August last, and the Company has since been duly established, and capital subscribed, and it is intended at once to proceed with the authorised works.

4.—It is proposed by the Bill to sanction the extension of the Tramways so authorised from the Norwood Cemetery to Gipsy-hill, and from York-terrace, Clapham, via Bedford-road, Lyham-road, and Cornwall-road, to Brixton-rise, and thence viâ Brixton-hill and Streatham-hill to Upper Streatham, and to form a junction with the existing Tramways of the London Tramways Company in Brixton-rise, to connect the existing system of the London Tramways Company with the proposed extension in Brixton-rise; and also the construction of Tramways from the authorised Tramways of the Company at Vauxhall, through Kennington-lane, to the "Elephant and Castle," and from the Broadway, Tooting, along Balham-road and Balham-hill to a junction with the existing Tramways of the London Tramways Company in the Clapham-road, and a further Tramway through Clapham-park-road and Acre-lane, to join the authorised Tramways of the Company at Cold-harbour-lane.

5.—Your Memorialists respectfully submit that the Tramways proposed to be authorised by the Bill would be of great public and local advantage, inasmuch as they would afford a much-needed accommodation to a large district at present inadequately accommodated with means of locomotion, and enable a very large existing population to obtain convenient and cheap access to and from the Metropolis by means of the through routes that would be established by connecting the proposed Tramways with those already in existence, while at the same time they would afford to many an opportunity of residing away from the scene of their daily occupation, which they are now unable to do, owing to the inconvenience and expense of the present means of transit, thus affording to many a healthful suburban residence, and at the same time relieving some of the crowded centres of population in the Metropolis.

6.—Your Memorialists believe that there are many houses in the neighbourhood of the proposed Tramways remaining untenanted for want of proper travelling accommodation, and that many persons have left the neighbourhood for the same reason; and further, that there are many available sites which only require such accommodation to secure their development as suburban resorts for those who would gladly avail themselves of an opportunity to reside away from their daily occupation.

7.—The Tramway from High-street, Tooting, to the junction with the existing Tramways of the London Tramways received the sanction of your Honourable Board, and of the Board of Works for the Wandsworth District last year, and a Provisional Order was granted by the Board of Trade, but owing to the opposition to the Bill for confirming the Order in Parliament, raised by an interested section of the landowners on the line of route, Parliament refused to confirm the said Order.

8.—Provisions have been inserted in the Bill for overcoming certain difficulties with regard to widening certain portions of the road, which difficulties, it is believed, were instrumental in inducing Parliament not to confirm the said Order, and your Memorialists are satisfied that a stronger case can now be shown for the present Bill on its merits than that placed before the Committee to whom the said Order was referred.

9.—A Petition, signed by upwards of 1,400 ratepayers and inhabitants, of whom a large proportion are frontagers on the line of route, has been presented to the Wandsworth District Board of Works, praying the consent of that Board to the Scheme, and your Memorialists are satisfied that, though a small section of the community, who can avail themselves of other means of locomotion, may be opposed to the Scheme, from a fear that it will interfere with their individual convenience, a very large majority is in favour of the Bill, and anxious for the accommodation which the carrying out of its provisions would afford.

10.—Your Memorialists, with the greatest respect, submit that, as a refusal of your consent to the Bill would prevent discussion upon its merits in Parliament, it would be unfair (in the absence of any insuperable public ground to the contrary) to the very large section of the community who would be benefited by, and desire the accommodation proposed to be given under, the provisions of the Bill by the adverse exercise of a right given to your Honourable Board for the protection of the public interests, to prevent the full discussion of the merits of the scheme before Parliament, when all parties can be heard, and where all interests will be considered, and where those who consider their individual interests unduly interfered with will have full opportunity of ventilating their case, leaving it to Parliament to say whether the case is one in which individual injury would preponderate over public necessity.

Your Memorialists, therefore, most respectfully pray your Honourable Board that your consent may be given to the Bill, reserving to your Honourable Board the right to require the insertion therein of such clauses and provisions as your Honourable Board may deem requisite and proper for the due protection of the public, and your Honourable Board in the use and control of the roads proposed to be traversed by the Tramways proposed by the Bill.

For the Deputation,

(Signed) TAHOURDIN AND HARGREAVES,

No. 1, Victoria-street, Westminster,

January 5th, 1883.

The Deputation having addressed the Board in support of the Memorial,

It was moved by Mr. Selway, seconded by Mr. White, and resolved—That the said Memorial be referred to the Works and General Purposes Committee and the Parliamentary Committee, for consideration, in connection with the references already made to them on the subject of the Bill to which it relates.

3. A Deputation from the London Tramways Company, introduced by Mr. Selway, and consisting of the following gentlemen, viz:—Mr. D. P. Sellar, the Chairman of the Company, Col. Clarke and Col. Davidson, Directors of the Company; Mr. Crouch, the Engineer; Mr. Leslie, the Parliamentary Agent; and Mr. Jacobs, the Solicitor of the Company, attended the Board, and presented a Memorial, which was read, as follows—

To the Metropolitan Board of Works.

The Memorial of the London Tramways Company (Limited),

Sheweth—

1.—That the Company have deposited a Bill in Parliament for powers to construct additional Tramways, and, amongst others, to continue their present lines from the Terminus in Westminster-bridge-road across Westminster Bridge, and along the Victoria Embankment, to a point near the Charing-cross Railway Bridge.

2.—That the present Terminus is inconvenient and a source of danger.

3.—That the proposed extension is one which would meet with the approval of almost all classes of people residing in the South of London, and in and about Westminster.

4.—That the Victoria Embankment, being exceptionally wide, and with comparatively little traffic passing over it, affords excellent facilities for the construction of a Tramway along it.

5.—That the absence of residential property or shops abutting on the Embankment removes all objection to the construction of the proposed Tramways, on the ground generally alleged of deterioration of property.

6.—That the mode in which the proposed Tramways are intended to be constructed, *i.e.*, with a circular turning at the limit of the intended extension, obviates all objections to a Terminus on the Embankment, as no stoppage of Cars will be necessary for the purpose of changing horses.

7.—That direct communication between the Southern Districts of London and Westminster and Charing-cross will be established by the construction of the proposed Tramway.

For these, and many other reasons the Company request the sanction of your Board to the Bill, as deposited in Parliament by them.

(Signed) D. P. SELLAR, Chairman,
W. H. ANDREWS, Secretary.

L.S.

The Deputation having addressed the Board in support of the Memorial,

It was moved by Mr. Selway, seconded, and resolved—That the said Memorial be referred to the Works and General Purposes Committee and the Parliamentary Committee, for consideration, in connection with the references already made to them on the subject of the Bill to which it relates.

**4.** Mr. J. Jones handed in a Letter, as follows—

The Board of Works for the Strand District.

5, Tavistock-street, Covent-garden, W.C.,
4th January, 1883.

MID-LONDON MARKET.

DEAR SIR,—The Board views the application for statutory authority to carry out this scheme with entire disfavour, and I am directed to convey that opinion to your Board, and to urge upon it to take all steps possible to oppose the progress of the Bill through Parliament.

The proposed site for the market appears to the Board to be one to which grave and valid objections should be raised.

The gradients of the means of access from the proposed new road-way to the Strand are steep and difficult, and unsuited to accommodate the wheeled traffic that would use them when visiting and returning from the Market.

The immediate vicinity of a Fruit and Fish Market to the pleasure and ornamental grounds of the Embankment would be most undesirable, and would, it is believed, result in the gardens being much taken possession of by persons whose presence would deter their use by the orderly and respectable classes that have now for some years obtained in the gardens healthful recreation.

I am, &c.,
(Signed) THOS. M. JENKINS,
Solicitor and Clerk to the Board.

J. E. Wakefield, Esq.

It was moved by Mr. J. Jones, seconded, and resolved—That the said Letter be referred to the Works and General Purposes Committee, and the Engineer, for consideration.

**5.** Mr. Deputy Henry Lowman Taylor handed in a Letter, which was read, as follows—

London, Sewers' Office, Guildhall,
27th December, 1882.

To the Honourable the Metropolitan Board of Works.

GENTLEMEN,—Referring to the Improvement of Falcon-street, within the City of London, to which your Honourable Board have recently agreed to contribute; I am directed to inform you that the Commissioners, availing themselves of a favourable opportunity, have given notice to take the premises at the corner of Falcon-square, with a view to complete the Improvement at that spot, as shown by the dark Red tint upon the accompanying Plan.

The Commissioners are not yet able to furnish an Estimate of the cost of so completing this Improvement, but will hereafter submit the same to your Honourable Board, in the hope that you will equally aid them in this portion of the said Improvement.

I have, &c.,
(Signed) H BLAKE,
Principal Clerk.

The Plan referred to was laid before the Board.

It was moved by Mr. Deputy Henry Lowman Taylor, seconded by Mr. Dalton, and resolved—That the said Letter and Plan be referred to the Works and General Purposes Committee, for consideration and report.

**6.** Mr. Deputy Henry Lowman Taylor handed in a Letter, which was read, as follows—

London, Sewers' Office, Guildhall,
27th December, 1882.

To the Honourable the Metropolitan Board of Works.

GENTLEMEN,—Referring to the improvement of Warwick-lane, which the Commissioners of Sewers are gradually effecting as opportunities occur, and to portions of which your Honourable Board have already contributed, I am directed to inform you that the Commissioners have recently had their attention called to a favourable opportunity for carrying out a further portion of such Improvement, and they have accordingly served Notice to take the premises Nos. 17, 18, and 19, in the said Lane, with a view to set them back, as shown by the accompanying Plan.

The Commissioners are not at present in a position to furnish an Estimate of the cost, but will submit the same in due course, in the hope that your Honourable Board will aid them therein, as you have done in regard to the previously executed portions of the Improvement in this thoroughfare.

I am, &c.,
(Signed) HY. BLAKE,
Principal Clerk.

The Plan referred to was laid before the Board.

It was **moved** by Mr. Deputy Henry Lowman Taylor, seconded by Mr. Dalton, and **resolved**—That the said Letter and Plan be referred to the Works and General Purposes Committee, for consideration and report.

**7.** Mr. Harris handed in a Letter, as follows—

St. Saviour's District Board of Works.

Board-room, Emerson-street, Bankside,
Southwark, S.E., 4th January, 1883.

THAMES FLOODS.

DEAR SIR,—The attention of this Board having been called to the Gullies which your Board has caused to be constructed in Bankside, I am directed to inform you that this Board regrets that your Board should have carried out the works in question, as, in the opinion of the District Board, such works will not be efficacious in preventing the flooding of Bankside, and will, moreover, have the effect of flooding the adjacent Districts by the medium of the sewers and drains.

Yours, &c.,
J. E. Wakefield, Esq., Clerk, (Signed) W. H. ATKINS,
Metropolitan Board of Works, Spring-gardens, S.W. Clerk.

It was **moved** by Mr. Harris, seconded, and **resolved**—That the said Letter be referred to the Thames River (Prevention of Floods) Committee, for consideration and report, and that the Engineer do report to the Committee thereon.

**8.** Mr. Freeman, the Chairman of the Finance Committee, stated, that in order to keep the Wages and Petty Disbursement Account in funds until after the next Meeting of the Committee, it was necessary that a Cheque should be now drawn in favour of that Account, in respect of Wages paid, up to the end of the year 1882, viz.—Sundry Accounts, two weeks to 27th December, 1882, £1,864 17s. 6d.; and Fire Brigade, two weeks to 30th December, 1882, £1,931 15s. 10d., and he **moved**—That a Cheque for the sum of £3,796 13s. 4d. be now drawn.

The **motion** having been seconded by Mr. Tolhurst, it was put to the vote, and declared by the Chairman to be carried; and it was **resolved** accordingly.

A Cheque for the amount was thereupon drawn.

**9.** The Board proceeded upon the following Resolution of the 19th November, 1865 (No. 6)—"That the Board do, in the month of January in each year, consider the "subject of the Salaries and Classification of the Subordinate Officers of the Board, "with a view of ascertaining whether any, and what, alteration should be made in the "position and Salary of any of the Officers."

It was **moved** by Mr. Selway, seconded, and **resolved**—That the subject be referred to the Works and General Purposes Committee, for consideration and report.

**10.** It was **moved** by Mr. Selway, and seconded by Mr. Edwards—That it be referred to the Works and General Purposes Committee to prepare a Report of the proceedings of the Board for the year 1882, as required by the 200th Section of the Metropolis Local Management Act, 1855, and the 16th Section of the Loans Act, 1871, and that such Report be submitted to the Board for approval.

An **amendment** thereon was **moved** by Mr. Freeman, and seconded by Mr. Richardson, —That it be referred to the Finance Committee, as in previous years, to prepare a Report of the proceedings of the Board for the year 1882, as required by the 200th

Section of the Metropolis Local Management Act, 1855, and the 16th Section of the Loans Act, 1875, and that such Report be submitted to the Board for approval.

The amendment having been put to the vote, there were for it 22, against it 5, and it was declared by the Chairman to be carried, and having been put as an original motion, it was also carried; and it was resolved accordingly.

It was moved by Mr. Selway, seconded, and resolved—That the Statement and Account of the amount of Contracts entered into, and of moneys received and expended by the Board during the year 1882, be also prepared.

**11.** Read a Report, as follows—

Metropolitan Board of Works,
Spring-gardens, 5th January, 1883.

I present copies of the following Annual Reports of Vestries and District Boards for 1881-2, sent to this Office, pursuant to the 198th Section of the Metropolis Local Management Act, 1855, viz.:—

Bermondsey Vestry.
Bethnal-green ,,
Chelsea ,,
Clerkenwell ,,
Fulham District Board.
Greenwich ,,
Hackney ,,
Hampstead Vestry.
Holborn District Board.
Islington Vestry.
Kensington ,,
Limehouse District Board.
Mile-end Vestry.
Poplar District Board.
St. George, Hanover-square, Vestry.
St. George-in-the-East Vestry.
St. George-the-Martyr, Southwark, Vestry.
St. Giles District Board.
St. James, Westminster, Vestry.
St. Luke's ,,
St. Martin-in-the-Fields ,,
St. Marylebone ,,
St. Olave District Board.
St. Saviour's ,,
Wandsworth ,,
Whitechapel ,,

The following Vestries and District Boards have not yet sent in their Reports for 1881-2—

Camberwell Vestry.
Lambeth ,,
Lewisham District Board.
Newington Vestry.
Paddington ,,
Plumstead District Board.
Rotherhithe Vestry.
St. Pancras ,,
Shoreditch ,,
Strand District Board.
Westminster ,,

(Signed) J. E. WAKEFIELD,
Clerk of the Board.

It was moved by Mr. Selway, seconded, and resolved—That the Clerk do address a communication to each of the Vestries and District Boards in default, requesting them to send in a copy of their Report, &c., for the past year, in accordance with the provisions of the Metropolis Local Management Act.

**12.** Read a Report by the Engineer, dated 5th January, 1883, on the undermentioned Sewerage works, proposed to be executed by the following District Boards and Vestry—

| LOCALITY OF WORK. | WORK APPLIED FOR. | | | REMARKS. |
|---|---|---|---|---|
| | Length in feet. | Size. | Material. | |
| **WANDSWORTH.** | | | | |
| Putney Lower-common and Dyer's-lane, Putney .. .. | 740 | 15-inch. | Pipe. | Recommended as applied for. |
| **HAMPSTEAD.** | | | | |
| New Road, between Edgware and Fordwych Roads .. .. | 312<br>350 | 12-inch.<br>9 ,, | Pipe.<br>,, | Recommended as applied for. |
| **LEWISHAM.** | | | | |
| New Road, between Devonshire-road and Honor-oak-road, Forest-hill .. .. .. | 1,487 | 12-inch. | Pipe. | Recommended as applied for. |

It was moved by Mr. Selway, seconded, and resolved—That the Report be approved, and that the said District Boards and Vestry be permitted to construct and execute the works in the manner therein recommended.

**13.** The Engineer presented a Report, as follows—

Engineer's Department, Spring-gardens, S.W.,
1st January, 1883.

MONTHLY REPORT ON THE PROGRESS OF THE SEVERAL SPECIAL CONTRACT WORKS.

*Ratcliff-highway, &c., Sewers Relief Lines.*—Messrs. John Mowlem and Co., Contractors.—About 14,300 feet run of brick sewers, varying in size from 7 feet 3 inches, barrel, to 4 feet by 2 feet 8 inches, egg-shape, are constructed, at an estimated cost, with other works in connection therewith, of £54,000, of which £4,000 are due to the past month's progress. The Clerks of Works employed are Messrs. T. Panter, J. Carter, J. Fixter, J. Briggs, J. White, and H. Skipper, at a weekly cost of £18 11s.

*Whitecross-street (Artizans' Dwellings) Scheme.*—Messrs. John Mowlem and Co. have made a commencement with the works (recently undertaken by them for £2,990) of forming a new street, in continuation of Coleman-street, between Whitecross-street and Golden-lane. The Clerk of Works employed is Mr. G. Skipper, at a weekly cost of £3 3s.

*Rotherhithe to Southwark Relief Sewers.*—Messrs. Kellett and Bentley, Contractors.—Lengths of 10,161 feet of 6 feet, barrel, and 306 feet of 6 feet by 4 feet egg-shape, sewers, are complete, and a further length of 155 feet of the latter sewer is in progress. The estimated value of these and other works connected therewith, is £46,760, of which £700 represent the progress made in the past month. The Clerks of Works employed are Messrs. W. Morton, R. Lynn, and C. Bedloe, at a weekly cost of £10 10s.

*Deptford-broadway to Lee-bridge Relief Sewer.*—Messrs. John Mowlem and Co., Contractors.—With the exception of completing the junction of this new Sewer with the High Level Sewer at the Broadway, and making certain drain connections with the former, the whole of the works contained in this Contract are now complete. The Clerk of Works employed is Mr. W. Martin, at a weekly cost of £3 3s.

*Deptford Storm Overflow.*—Messrs. Pearson and Son, Contractors.—For the purpose of this new Sewer a length of about 210 feet of trench has been prepared, at an estimated cost of £430 The Clerk of Works employed is Mr. H. Noble, at a weekly cost of £4 4s.

*Wandle Branch Sewer, Streatham.*—Messrs. Nowell and Robson, Contractors.—A length of 850 feet of this new 3 feet 9-inches by 2 feet 6-inches concrete Sewer, with brick lining, is complete, and a further length of 220 feet is in progress. The estimated value of these works is £990, of which £590 are due to the progress made in the past month. The Clerk of Works employed is Mr. T. Johnson, at a weekly cost of £3 3s.

*Clapham to Putney Relief Sewers.*—Mr. John Waddell has made a commencement with the works comprised in this Contract, lately undertaken by him for £151,995 19s. The Clerk of Works employed is Mr. W. Jeffery, at a weekly cost of £3 3s.

*Freeschool, Thornton, &c, Streets, and Jamaica-road, Improvements.*—Mr. J. J. Griffiths has completed his Contract for these Improvements, comprising the laying of about 7,650 yards super. of granite carriage-ways, 860 yards run of tram rails, 4,100 feet run of granite kerb, 4,200 feet run of granite channel, 33,500 feet super. of 3-inch York stone foot-ways, and 3,900 feet in length of stoneware pipe drains, the re-laying of 200 yards super. of foot-way, the construction of 16 gullies, and the erection of 13 lamps, at a total estimated cost of £9,450, of which £450 are due to the works executed in the past month.

*Camberwell and Peckham Improvements.*—Messrs. Turner and Sons, Contractors.—With the exception of completing a small portion of the Improvement at Queen's-road, Peckham, and which is in abeyance pending the decision of the Works Committee as to acquiring certain properties for the purpose, the works comprised in this Contract are complete.

*Waterloo Bridge. Strengthening Foundations.*—Mr. W. Webster, Contractor.—The Contract work in connection with the second pier from the Surrey end of the Bridge is complete, as also is the concrete apron around the third pier, and the removal of the upper portions of the surrounding piling and staging is in progress. The temporary staging and permanent piling around the fourth pier from the Surrey end is complete. Permanent work has been executed to the value, approximately, of £14,500, of which about £1,755 represent the progress made in the past month. The Clerks of Works employed are Messrs. B. Butcher and A. Boag, at a weekly cost of £6 6s.

*Wandsworth Bridge.*—Messrs. B. Cooke and Co., Contractors.—With the exception of tarring the bases of the cylindrical piers, and which operation is now in progress, the whole of the works

comprised in this Contract have for some time past been completed. The Clerk of Works employed upon this and other works is Mr. T. Carey, at a weekly cost of £3 3s.

*Putney (New) Bridge.*—Mr. J. Waddell, Contractor.—The specified work in connection with the new Putney Draw-dock is practically complete. The Northern and Southern abutment-dams, the demolition of the original Aqueduct, and the formation of the temporary staging across the Thames are in course of execution. The water-mains have been removed; the 4 feet by 2 feet 8 inches brick Sewer beneath the Northern approach road-way to the Bridge, and the retaining and screen walls to the Fulham Vicarage are in course of construction. The Clerk of Works employed is Mr. J. Rigg, at a weekly cost of £3 3s.

(Signed) J. W. BAZALGETTE,
Engineer.

It was moved by Mr. Selway, seconded, and resolved—That the Report be received, and that it be printed and circulated among the Members of the Board.

It was moved by Mr. Richardson, seconded by Mr. Dresser Rogers, and resolved—That the said Report be referred to the Works and General Purposes Committee, for consideration.

**14**. Read a Report by the Engineer, dated 5th January, 1883, on a Letter from Mr. A. Lett, on behalf of Mrs. Robertson, relative to settlements in her house, No. 51, Paragon-road, Hackney, alleged to be due to subsidence in the Northern High Level Sewer, which runs under it, and asking if the Board were prepared to make good the damage or to compensate Mrs. Robertson for it; stating that he (the Engineer) had reported to the Board very fully upon the matter at their last Meeting, when they had a claim from the tenant of the house under their consideration, and that, inasmuch as it appeared from the Minutes of the Board that the claims both of owner and tenant for interference with the house had been duly settled at the time when the Sewer was constructed (in the years 1859-61), the Board had declined to entertain the further claim, and recommending that the present claim should be similarly dealt with.

It was moved by Mr. Selway, seconded, and resolved—That the Report be approved, and acted upon.

**15**. Read a Report by the Engineer, dated 5th January, 1883, submitting a Certificate from the Medical Attendant at the Crossness Pumping Station, to the effect that Daniel Cummings, Fitter's Labourer, was suffering from bronchitis, &c., and that there was no prospect of his returning to work for many weeks; stating that, under the Board's General Rules regulating sick pay, Cummings had been allowed half-pay for the first fortnight (which expired on the 27th ultimo) of his illness, and that he (the Engineer) had continued the allowance for another week, for which he asked the Board's sanction; further stating that Cummings had been frequently upon the sick list for the past few years, and that it seemed doubtful whether he would ever be again fit for work, and recommending that his case be referred to the Works, &c., Committee, for consideration.

It was moved by Mr. Selway, seconded, and resolved—That the Report be approved, and that the case be referred to the Works and General Purposes Committee, for consideration and report.

**16**. Read a Report by the Engineer, dated 5th January, 1883, stating that Mr. J. White, employed as a Special Clerk of Works upon the Ratcliff-highway, &c., Sewers Relief Works, had been unable to perform his duties for the past three weeks in consequence of illness; submitting a Medical Certificate, and recommending that Mr. White should be allowed a further leave of absence for a fortnight, if requisite.

It was moved by Mr. Selway, seconded, and resolved—That the Report be approved, and that Mr. White be allowed a further leave of absence for a fortnight, if requisite.

**17**. Read a Report by the Engineer, dated 5th January, 1883, recommending the execution, under the General Contract, of the work necessary for taking out three old, and setting three new Boilers at the Crossness Pumping Station, at an estimated cost of £300.

It was moved by Mr. Selway, seconded, and resolved—That the Report be approved, and that the work be executed accordingly, the cost thereof being charged to the General Account of the Board.

**18**. Read a Report by the Engineer, dated 5th January, 1883, stating that the footpaths of Stapleton-hall-road, Finsbury-park, which were maintained by the Board, required repair, and recommending that the requisite work should be executed by Mr. J. F. Meston, at an estimated cost of £30.

It was moved by Mr. Selway, seconded, and resolved—That the Report be approved, and that the repairs be executed by Mr. Meston accordingly; the cost thereof being charged to the General Account of the Board.

**19**. Read a Report by the Engineer, dated 5th January, 1883, on a Letter from the London and Globe Telephone and Maintenance Company (Limited), applying for permission to cut through the brickwork of the Subway in front of their Office, No. 31, Queen Victoria-street; stating that on the 27th October last the Board gave permission to the Company to lay their cables through the Subway in Queen Victoria-street, and that permission was now asked to cut through the Subway for the purpose of carrying the cables into the Company's Office, and recommending that the proposal be sanctioned upon condition that the work and the re-instatement of the Subway be done under his direction, and to his satisfaction, and at the sole cost of the Company.

It was moved by Mr. Selway, seconded, and resolved—That the Report be approved, and that the application of the Company be granted, on the condition recommended therein.

**20.** The Solicitor reported, with regard to the Board's Street Improvements Bill, 1883, that he had prepared the Estimate of the cost of the proposed Improvements; the declaration and Estimate of Revenue; the statement of the number of the Labouring Class to be displaced; and the list of Owners, Lessees and Occupiers, distinguishing those who had assented to, dissented from, or were neuter with respect to the Improvements, and that the several documents had been duly deposited before the 31st ultimo, at the various Offices in the Houses of Lords and Commons, as required by the Standing Orders of Parliament. The Solicitor also reported that similar deposits, with the exception of the statement as to the numbers of the Labouring Class, which was unnecessary, had been made with respect to the Board's Bridges, &c., Bill, 1883.

**21**. The Solicitor reported as to the four Schemes, to be promoted by the Board in the Session of 1883, under the Artizans' Dwellings Act, that he had prepared and served all necessary Notices upon the Owners, Lessees and Occupiers of property affected by the proposed Schemes.

**22**. The Solicitor presented a copy of each of the undermentioned Provisional Orders for Tramway Schemes, which had been deposited at the Board of Trade—

Edgware and Uxbridge-roads Tramways (Hallidie's Cable System);

Euston and Marylebone Road Tramways;

Highgate-hill Extension and Archway-road Tramways; and

Woolwich and South-East London Tramways;

and he suggested whether the Board would refer the Orders to the Engineer, with a view to their being included in his Report on the Railway and other Schemes for next Session.

It was moved by Mr. Selway, seconded, and resolved—That the said Orders be referred to the Engineer.

**23**. The Solicitor reported, with reference to the Gazette Notice issued as to the Manor of Fulham (Commonable Land) Bill, for enclosing an open space near Wormwood-scrubs,

that it would not be necessary for the Board to take any action, as the Bill had not been deposited.

**24.** The Solicitor reported that the arrangements relative to the undermentioned Loans had been completed, and that the Cheques had been duly handed over in exchange for the Deeds of security, viz.—

| | AMOUNT OF LOAN. |
|---|---|
| Westminster District Board ... ... ... | £6,800 |
| Guardians of Chelsea ... ... ... ... | 2,500 |
| ,, Holborn Union ... ... ... | 2,600 |

**25.** The Solicitor presented the following documents for sealing—

Agreement with Mr. Giovanni Pelli for letting for three years, from the 25th December, 1882, at the yearly rent of £60, the Refreshment-room and Pavilion in Southwark-park.

Conveyance by the Governors of the Foundling Hospital of premises in Tavistock-place, Great Coram-street, Little Coram-street and Chapel-place, St. Pancras, and St. George, Bloomsbury, and a Memorial for the registration thereof (Little Coram-street Scheme, under the Artizans' &c., Dwellings Act).

Conveyance by Messrs. Philips and Davis (the Guardians of H. I. Jones), of a moiety of No. 11, Grafton-street, Soho, and a Memorial for the registration of the same (Piccadilly to Bloomsbury Improvement, Newport-market site).

Conveyance by Mrs. M. Ezard and others, of Nos. 9 to 13, Porter-street, and a moiety of Nos. 12 and 13, Newport-court, Soho, and a Memorial for the registration of the same (Charing-cross to Tottenham-court-road Improvement, Newport-market site).

Conveyance by Mr. W. Bradshaw, and others, of undivided shares of premises in Newport-court, Porter-street, Princes-row, Litchfield-street, and Grafton-street, Soho, and a Rent charge of £12 6s. 8d. per annum, charged on property in Grafton-street, Soho, and a Memorial for the registration of the same (Piccadilly to Bloomsbury Improvement, Newport-market site).

Conveyance by Mr. T. Howard, of No. 19, Bell-court, Gray's-inn-road, and a Memorial for the registration of the same (Gray's-inn-road Improvement).

Four Conveyances to Mr. G. C. T. Bartley, of Plots Nos. 52 and 53, in Bethnal-green-road (Bethal-green-road Improvement).

Assignment by Mrs. F. S. Cole, of No. 1, Newman's-place, Great College-street, Kentish-town, and a Memorial for the registration of the same (Kentish-town-road Improvement).

Contract with Messrs. J. Mowlem and Co. for the execution of paving works, and other works in connection therewith, under the Artizans', &c., Dwellings Act Scheme, in Old Pye-street, St. Ann's-street, Orchard-street, New Pye-street, and Perkins'-rents, Westminster.

Conveyance to Mr. E. H. Straw of land forming part of the site of No. 30 Greenwich-road, formerly known as No. 1, Wellington-place, Greenwich-road, and a duplicate thereof (Deptford Bridge Improvement).

Agreement with the Trustees of the National Provident Institution, for the sale to them of land at the corner of King's-mews, Theobald's-road (Old-street to Oxford-street Improvement).

It was **moved** by Mr. Dresser Rogers, seconded, and **resolved**—That the Common Seal of the Board be affixed to the said documents respectively; and the Seal was affixed accordingly.

**26**. The Solicitor reported that the Treasury having approved of the period for the repayment of the Loan of £6,200 to the Guardians for Shoreditch, it was desirable that the Board should now draw a Cheque for the amount, to enable him to complete the Loan.

It was moved by Mr. Dresser Rogers, seconded, and resolved—That a Cheque for the sum of £6,200 be now drawn in favour of the Guardians of the Poor of the Parish of Shoreditch; and a Cheque was drawn on the Consolidated Loans Fund accordingly.

**27**. The Solicitor reported, with respect to the case of the Board against Pritchard, relative to cricket playing on Hampstead-heath, that, pursuant to the Board's Resolution of the 8th ultimo (No. 10), an application had been made by Mr. Biron, Q.C., to the Queen's Bench Division of the High Court for a Rule *nisi* calling upon the Justices of Hampstead, and the Defendant, to show cause why the Justices should not proceed to hear and determine the Summons; that the Court had granted the Rule, and that he had served it upon the Justices and the Defendant, and that he would instruct Counsel to support it on behalf of the Board.

**28**. The Clerk laid before the Board copies of the Orders of the Board of the 22nd December last (No. 12), for the re-naming, &c., of the following thoroughfares, together with copies of the Plans referred to in such Orders, viz.—

| | |
|---|---|
| George-street, Battersea ... ... ... ... | Wandsworth. |
| Robin-hood-lane, &c. ... ... ... ... | Poplar. |
| Bale-street ... ... ... ... ... | Mile-end. |
| Cottage-grove ... ... ... ... ... | Do. |
| Frederick-place ... ... ... ... ... | Do. |
| Portman-place, &c.... ... ... ... ... | Do. |
| Hindle-street, &c.... ... ... ... .. | Hackney. |
| Overbury-street, &c. ... ... ... ... | Do. |
| Presburg-street, &c. ... ... ... ... | Do. |
| George-street, London-fields.... ... ... ... | Do. |
| George-street, Ada-street ... ... ... ... | Do. |
| Liverpool-road (part) ... ... ... ... | Islington. |

The Clerk also laid before the Board a License to Mr. W. Harrison, for a small Firework Factory on land near the Nunhead Cemetery, granted by the Board on the 22nd ultimo (No. 14).

It was moved by Mr. Selway, seconded, and resolved—That the Common Seal of the Board be affixed to the said copies of Orders, Plans, and License respectively; and the Seal was affixed accordingly.

**29**. Read Letters, as follows—

Lord Chamberlain's Office,
St. James's Palace, S.W.,
23rd December, 1882.

Sir,—I am desired by the Lord Chamberlain to acknowledge the receipt of your Letter of the 22nd instant with respect to the Criterion Theatre, and to request that you will inform your Board that, with reference to their previous Letter of the 8th ultimo, in which it was stated as their opinion "that no structural alterations that could be suggested to the Theatre in question would effectually "provide for the safety of the public in the event of an outbreak of fire within its walls," and "that looking to the peculiar circumstances of this building, the Board is of opinion that it is "entirely unfit for a place of public entertainment," which opinion has not been withdrawn, the Lord Chamberlain has not considered it advisable to extend the Provisional License for that Theatre.

I am, &c.,
(Signed) S. PONSONBY-FANE.

The Clerk,
The Metropolitan Board of Works.

Central Offices,
New Bridge-street, Ludgate, London, E.C.,
30th December, 1882.

THE CRITERION THEATRE.

SIR,—We beg to inform your Honourable Board that the Lord Chamberlain has communicated to us that the Board's reply, dated 22nd instant, to his Lordship's Letter, does not enable his Lordship to grant a further License to this Theatre; but, nevertheless, his Lordship has permitted the License to be extended until the 6th January, that in the interval we may submit the facts to your Honourable Board, and seek from them a further communication to the Lord Chamberlain.

It appears that his Lordship does not consider that the last Resolution of the Board is sufficiently definite and explicit to express the Board's intention that the Theatre should not be closed pending the consideration of the Plans, but should be further licensed for three months.

Having regard to the manifest intention of the Honourable Board at their last Meeting, we respectfully beg that the Board will authorise such steps as they may deem expedient to acquaint his Lordship positively that it is not the Board's desire to close the Theatre, and that it may have a provisional License for three months, pending the consideration of the Plans now before the Board.

Begging the favour of the earliest consideration of this request,

We are, &c.,
(Signed) SPIERS AND POND (Limited),
A. J. Simmons, Director.

To the Clerk of the Metropolitan Board of Works.

It was **moved** by Mr. Deputy H. Lowman Taylor, pursuant to notice—That the Lord Chamberlain be informed that the Board, having again had before it the matter of the Criterion Theatre, is of opinion that it is not necessary to close the Theatre, pending the consideration of the Plans now before the Board, and that his Lordship may properly grant a Provisional License thereto for a period of Three months.

The **motion** having been seconded by Mr. Munro,

An **amendment** thereon was **moved** by Mr. Selway, and seconded by Mr. Harben—That the foregoing Letters be referred to the Building Act Committee, for consideration and report.

The Chairman stated that, on the evening of the 22nd ultimo, Mr. Ponsonby-Fane had called upon him with regard to the Board's Resolution, passed on that day, respecting the Theatre, and had told him that he did not think that the Lord Chamberlain could grant a Provisional License without a more definite Resolution; that he (the Chairman) had stated in reply, that he thought that the Board meant to suggest to his Lordship the propriety of granting a Provisional License, as the circumstances of the case were changed, and the proprietor of the Theatre was willing to do anything that the Board thought necessary for the safety of the public; that Mr. Fane, being still unconvinced, had suggested that he (the Chairman) should see him, together with the Lord Chamberlain, on the following morning, and that he had accordingly called and seen Lord Kenmare and Mr. Fane, and had again explained the nature of the Board's Resolution, but without avail; that, on 28th December, during his (the Chairman's) absence from town, and at the request of Mr. Haines, the Surveyor to the Owners of the Theatre, he had written the following Letter to the Lord Chamberlain, explaining, according to his view, the interpretation which the Board would wish to put upon their Resolution—

Penrhyn Castle, Bangor,
December 28th, 1882.

DEAR LORD KENMARE,—I have a Telegram, also a Letter from Mr. Haines, informing me of your willingness to give a Provisional License to the Criterion Theatre for Three months, pending the consideration of the Plans, provided I could assure you that the feeling of the majority of the Board, in the Resolution they passed, was in favour of the License being continued, and suggesting that course to you. I have no hesitation in stating that I believe the large majority who voted in favour of the Resolution were in favour of the License being continued for another Three months, pending the consideration of the Plans, and wished to convey the same by that Resolution.

Yours, &c.,
(Signed) J. McGAREL-HOGG.

The Chairman further stated that, on Friday last, the Lord Chamberlain had sent him the following reply—

Lord Chamberlain's Office,
St. James's Palace, S.W.,
29th December, 1882.

Dear Sir James Hogg,—I am obliged by your Letter of the 28th instant as to the Criterion Theatre.

You will remember that in July last I asked your Board to assist me with their advice as to the structural security of the Theatres in my jurisdiction and the safety of the public, and, the Board having consented to my request, that I have endeavoured to act with regard to the issue of Theatre Licenses strictly in accordance with the opinions which they have been good enough to send to me.

This being the case, upon the receipt of their Letter of the 8th ultimo, stating that the Criterion Theatre was "entirely unfit for a place of public entertainment," &c. I thought it my duty to inform the Manager that his Provisional License, which would expire on the 30th instant, could not be renewed.

Upon this the Manager laid before the Board Plans for the alteration of the building, upon which no decision has yet been taken by the Board.

Your Board, in their Letter of the 22nd instant, informed me of this, and, without in any way qualifying the opinion as to the Theatre, expressed in their former Letter, left it open to me, on my own responsibility to issue a Provisional License, pending their consideration of the Plans.

This, looking to the understanding that I should act on the opinion of your Board, I did not feel justified in doing.

I now understand, by your Letter to me of the 28th instant, that the Board's Letter of the 22nd instant did not fully represent their opinion, and that it was their intention to advise that I should issue a provisional License for the Criterion Theatre.

Under these circumstances, I have consented to grant to the Manager an extension of his provisional License till the 7th of January, in order that, on the re-assembling of your Board, the matter may be again brought before them, and that I may be then favoured with a more definite expression of their opinion, upon which I shall be prepared to act.

Yours, &c.,
(Signed) KENMARE.

P.S.—I should explain to you that Mr. Haines made use of my name, in communicating with you, without authorisation from me or from my Office, and that he is mistaken in having assumed that I was prepared to renew the License for three months, unless at the invitation of the Board.

and that he had since received a further Letter, as follows—

Lord Chamberlain's Office,
St. James's Palace, S.W.,
4th January, 1883.

Dear Sir James Hogg,—With reference to the case of the Criterion Theatre, I will ask you to make known to your Board to-morrow the circumstances under which I consented to renew the Provisional License until the 6th instant.

For this purpose I would suggest, if you see no objection, that you should read to them the correspondence which has passed between us.

Yours, &c.,
(Signed) KENMARE.

The amendment was then put to the vote, when there were for it 12, against it 22; and it was declared by the Chairman to be lost.

A Division having been demanded and granted, the names of the Members voting were taken down, when there were—

For the Amendment—12.

Debenham, W., Esq.
Edwards, G., Esq.
FitzRoy, Lord F. J.
Harben, H. Esq.
Hill, G., Esq.
Ingoldby, F., Esq.
Jones, R., Esq.
Lloyd, J. R., Esq.
Meaden, G. P., Esq.
Runtz, J., Esq.
Shepherd, W., Esq.

Teller—Mr. Selway.

Against the Amendment—23.

Bradfield, J. E., Esq.
Cook, E. R., Esq.
Cox, R., Esq.
Dalton, W. H., Esq.
Elam, T. H., Esq.
Fairclough, T. M., Esq.
Fell, W. H., Esq.
Fowler, F. H., Esq.
Freeman, R., Esq.
Harris, C., Esq.
Jones, J., Esq.
Munro, D., Esq.
Phillips, G., Esq.
Reddish, J., Esq.
Richardson, G. B., Esq.
Rogers, E. Dresser, Esq.
Saunders, J. E., Esq., Deputy.
Thompson, E. J., Esq.
Turner, T., Esq.
Urquhart, W., Esq.
Wetenhall, W. J., Esq.
White, T. J., Esq.

Teller—Mr. Deputy Lowman Taylor.

The **original motion** was then put to the vote, when there were for it 22, against it 11.

A Division having been demanded and granted, the names of the Members voting were taken down, when there were—

For the Motion—23.

Bradfield, J. E., Esq.
Cook, E. R., Esq.
Cox, R., Esq.
Dalton, W. H., Esq.
Elam, T. H., Esq.
Fairclough, T. M., Esq.
Fell, W. H., Esq.

Richardson, G. B., Esq.
Rogers, E. Dresser, Esq.
Saunders, J. E., Esq., Deputy
Thompson, E. J., Esq.
Turner, T., Esq.
Urquhart, W., Esq.
Wetenhall, W. J., Esq.
White, T. J., Esq.

Teller—Mr. Deputy Lowman Taylor.

Against the Motion—11.

Debenham, W., Esq.
Edwards, G., Esq.
Harben, H., Esq.
Hill, G., Esq.
Ingoldby, F., Esq.
Jones, R., Esq.
Meaden, G. P., Esq.
Runtz, J., Esq.
Selway, W. R., Esq
Shepherd, W., Esq.

Teller—Mr. Lloyd.

And it was declared by the Chairman to be carried; and it was **resolved**—That the Lord Chamberlain be informed that the Board, having again had before it the matter of the Criterion Theatre, is of opinion that it is not necessary to close the Theatre, pending the consideration of the Plans now before the Board, and that his Lordship may properly grant a Provisional License thereto for a period of Three months.

**30**. The Clerk presented Letters as follows—

Letter from the Hon. S. Ponsonby-Fane, Lord Chamberlain's Office, dated 23rd December, 1882, acknowledging the receipt of the Board's Letter of the 22nd December, with reference to the Alcazar (Connaught) Theatre, and stating that the Lord Chamberlain had, in consequence of it, declined to grant a License in respect of that Theatre.

Letter from Mr. G. Lushington, Home Office, dated 29th December, 1882, transmitting a copy of a Letter addressed by that Department to the Manager of the Alcazar (Connaught) Theatre, calling upon him to discontinue the performance at that Theatre.

It was moved by Mr. Selway, seconded by Mr. Shepherd, and resolved—That the said Letters be referred to the Building Act Committee.

**31**. The Clerk presented a Letter from Mr. J. Bramston, Colonial Office, dated 22nd December, 1882, transmitting a copy of a Progress Report by the Members of the Commission appointed to inquire into the construction of Theatres, Public Halls, and other places of public amusement in New South Wales, with a view to precautionary measures being taken against fire.

It was moved by Mr. Selway, seconded, and resolved—That the said Letter and Report be referred to the Building Act Committee, and the Fire Brigade Committee, for consideration.

**32**. The Clerk presented a Letter from Mr. J. S. Hart, dated 22nd December, 1882, relative to the dangerous practice of the public being allowed to stand in the corridors of Theatres during the times of performance.

It was moved by Mr. Selway, seconded, and resolved—That the said Letter be referred to the Building Act Committee, for consideration.

**33**. The Clerk presented a Letter from Mr. H. S. Winnett, Clerk to the Lewisham District Board, dated 30th December, 1882, relative to the necessity for Bye-laws being made for regulating the levels at which the floors of houses or buildings, not having basements, should be laid, and for requiring ventilation under such floors.

It was moved by Mr. Selway, seconded, and resolved—That the said Letter be referred to the Building Act Committee, for consideration and report.

**34**. The Clerk presented a copy Report by the Water Examiner, appointed by the Board of Trade, of the examination made by him of the Water supplied by the Metropolitan Water Companies during the month of November last.

**35**. The Clerk presented Letters from Messrs. Fowler, Christie, and Co., dated 28th December, 1882, applying for the consent of the Board to the following Tramways—

Haverstock-hill and Hampstead,
Highgate-hill Extension and Archway-road,
Edgware and Uxbridge Roads.

It was moved by Mr. Selway, seconded, and resolved—That the said Letters be referred to the Works and General Purposes and the Parliamentary Committees, for consideration, in connection with the references already made to them on the subject to which they relate.

**36**. The Clerk presented a Letter from Mr. G. C. Harding, Clerk to the Vestry of Kensington, dated 28th December, 1882, stating that the Vestry had passed a Resolution to the effect that the introduction of Tramways into the Parish would be inexpedient and against the interests of the inhabitants; that the Vestry objected to the proposed Edgware and Uxbridge Roads Tramways, the West Metropolitan Tramways Extension, and the North-Western Metropolitan Tramways, and that they had conditionally given their consent to the North-West Metropolitan Tramway Scheme.

It was moved by Mr. Selway, seconded, and resolved—That the said Letter be referred to the Works and General Purposes and Parliamentary Committees, for consideration, in connection with the references already made to them on the subject to which it relates.

**37**. The Clerk presented a Letter from Mr. E. Hughes, Clerk to the Plumstead Vestry, dated 23rd December, 1882, expressing the opinion of the Vestry that the proposal of

the Kent and Essex Junction Railway for the construction of a road-way and Railway under the Thames is worthy of support.

It was **moved** by Mr. Selway, seconded, and **resolved**—That the said Letter be referred to the Works and General Purposes, and Parliamentary Committees, for consideration, in connection with the references already made to them on the subject to which it relates.

**38**. The Clerk presented a Letter from Mr. J. E. Salway, Clerk to the Vestry of Chelsea, dated 22nd December, 1882, stating that the Vestry contemplated carrying out an extension of the Improvement in the Fulham-road, at Nos. 283 to 269, fronting Elm-park, as shown on the Plan accompanying the Letter, and expressing a hope that the Board would, in due course, contribute towards the cost thereof.

It was **moved** by Mr. Selway, seconded, and **resolved**—That the said Letter be referred to the Works and General Purposes Committee, for consideration and report.

**39**. The Clerk presented a Letter, as follows—

Board of Works for the Fulham District.

Clerk's Office, Broadway House, Hammersmith, W.,
22nd day of December, 1882.

GLENTHORNE-ROAD IMPROVEMENTS.

DEAR SIR,—This Board is desirous of carrying out a further Improvement in this road, and has entered into negotiations for the purchase of the Freehold Estate in certain property situate on the North side of Glenthorne-road, at the entrance to Dalling-road, for the sum of £1,900; and I am to ask the Metropolitan Board of Works to sanction the carrying out of this Improvement, and for a contribution towards the cost of purchase of the property which is shown by Yellow colour on Plan enclosed, and is marked Lots 1, 2, 3, and 4.

The Board is also negotiating for the purchase of the property on the opposite corner, shown on the Plan by Red colour, so as to enable them to complete this Improvement; and I am to ask the sanction of the Metropolitan Board of Works to the same, and to inform you that, so soon as the price is known, further application will be made for a contribution.

I am also to ask the Metropolitan Board to sanction the borrowing by this Board of the amount necessary for carrying out the work, and that the Metropolitan Board will advance to this Board the sum required.

I am, &c.,
(Signed) THOMAS EDW$^{D}$ JONES,
Clerk to the Board.

The Clerk to the Metropolitan Board of Works,
Spring-gardens, S.W.

The Plan referred to was laid before the Board.

It was **moved** by Mr. Selway, seconded, and **resolved**—That so much of the said Letter as relates to a contribution be referred to the Works and General Purposes Committee, for consideration and report, and that the application for a Loan do stand referred to the Finance Committee, for consideration and report.

**40**. The Clerk presented a Letter from Mr. J. J. Stokes, Clerk to the Vestry of Rotherhithe, dated 30th December, 1882, stating that an opportunity had occurred for effecting an Improvement in Rotherhithe-street, in front of No. 151, as shown on the Plan accompanying the Letter, at a cost of £55, and asking the Board to contribute a moiety of such cost.

It was **moved** by Mr. Selway, seconded, and **resolved**—That the said Letter be referred to the Works and General Purposes Committee, for consideration and report.

**41**. The Clerk presented a Letter from the Rev. G. M. Murphy, dated 25th December, 1882, transmitting an extract from a Newspaper, with reference to a public Meeting held in Lambeth, in favour of the opening of the Lambeth Palace grounds for the benefit of the public.

It was **moved** by Mr. Selway, seconded, and **resolved**—That the said Letter be referred to the Works and General Purposes Committee, and the Parks, Commons and Open

Spaces Committee, for consideration, in connection with the reference already made to them on the subject to which it relates.

**42.** The Clerk presented a Letter, as follows—

Parish of Lambeth, Board of Guardians.

Pleasant-place, Brook-street,
Kennington-road, 27th December, 1882.

Sir,—I am directed by the Guardians to forward to you the accompanying Order of the Local Government Board, authorising them to borrow the sum of £4,550, and to expend the same in the purchase of a piece of land adjoining their property at Norwood.

The Guardians desire to borrow the above-named sum from the Metropolitan Board of Works, on the condition that the Loan shall be re-paid by Thirty annual instalments, and otherwise upon the same conditions as those entered into with respect to previous Loans.

The Guardians will be prepared to take up the money at the earliest moment at which it will be practicable for the Metropolitan Board of Works to advance it.

Yours, &c.,
(Signed) W. B. WILMOT,
Clerk to the Guardians.

To the Clerk to the Metropolitan Board of Works,
Spring-gardens, S.W.

It was moved by Mr. Selway, seconded, and resolved—That the said Letter be referred to the Finance Committee, for consideration and report, and that the Accountant do report to the Committee thereon.

**43.** The Clerk presented a Letter, as follows—

Wandsworth and Clapham Union.

Union Offices, St. John's-hill,
New Wandsworth, S.W.,
22nd December, 1882.

Sir,—I beg to forward an Order which the Local Government Board have issued, directing the Guardians of this Union to purchase land for a sum not exceeding £10,000, and authorising them to borrow the amount.

The Local Government Board, in compliance with the provisions contained in Section 5 of the Unions Loans Act, 1869, and Section 12 of the Poor Law Act, 1879, consent to the proposal of the Guardians with respect to the mode and period of re-payment of the Loan, as set forth in the Resolution of the Guardians, viz., to be re-payable by Sixty equal half-yearly payments (reckoning principal and interest together).

Will you be good enough to reply and inform me if your Board has now £10,000 to advance, and at what per centage it may be borrowed.

I am, &c.,
(Signed) JOHN SANDERS.

The Clerk to the Metropolitan Board of Works,
Spring-gardens.

It was moved by Mr. Selway, seconded, and resolved—That the said Letter be referred to the Finance Committee, for consideration and report, and that the Accountant do report to the Committee thereon.

**44.** The Clerk presented a Letter, as follows—

St. Mary Abbotts, Kensington, Poor Law Parish.

Marloes-road, Kensington, W.,
29th December, 1882.

Loan of £12,600.

Dear Sir,—The Guardians of this Parish have obtained the authority of the Local Government Board to raise on a Loan, re-payable in 15 years, the sum of £12,600 for certain works of alteration and re-construction at their Workhouse and Infirmary, and, as they will require the amount as soon

as possible, they have directed me to enquire whether the Metropolitan Board of Works will be able to advance the same by or before the 1st February next, and if so on what terms.

I am, &c.,
(Signed) JNO. H. RUTHERGLEN,
Clerk.

J. E. Wakefield, Esq.,
Metropolitan Board of Works,
Spring-gardens, S.W.

It was moved by Mr. Selway, seconded, and resolved—That the said Letter be referred to the Finance Committee, for consideration and report, and that the Accountant do report to the Committee thereon.

**45**. The Clerk presented a Letter from Mr. H. G. Calcraft, Board of Trade, dated 1st January, 1883, stating that the Board of Trade had appointed Captain D. Galton to inquire into and report on the application of the Gas Light and Coke Company for permission to lay their Gas Mains under certain footpaths without the consent of the Vestry of Kensington.

It was moved by Mr. Selway, seconded, and resolved—That the said Letter be received.

**46**. The Clerk presented a Letter from Mr. J. Harrison, Clerk to the Vestry of Bermondsey, dated 2nd January, 1883, relative to the narrowness of the foot-way near Cherry Garden-street, and asking that the improvement of that road-way, already authorised in connection with the Jamaica and Union Roads Improvement, might be carried out as soon as possible.

It was moved by Mr. Selway, seconded, and resolved—That the said Letter be referred to the Works and General Purposes Committee, for consideration.

**47**. The Clerk presented a Letter from Messrs. Higginson and Vigers, on behalf of the Promoters of the Mid-London Market Bill, dated 2nd January, 1883, suggesting that the proposals contained in the Bill should be taken into consideration with the proposal already made to the Board for the transfer and enlargement of Covent-garden Market, and requesting that they might be allowed to attend the Works, &c., Committee to explain the general features of the undertaking.

It was moved by Mr. Selway, seconded, and resolved—That the said Letter be referred to the Works and General Purposes Committee, for consideration, in connection with the reference already made to them on the subject to which it relates, and that the Committee be authorised to receive the proposed Deputation, if necessary.

**48**. The Clerk presented a Letter from Messrs. Tamplin, Tayler and Joseph, dated 3rd January, 1883, transmitting a Memorial of Owners, Lessees and Occupiers of property in Tooting, Upper Tooting and Balham, in opposition to the London Southern Tramways (Extension) Bill (Tramway No. 1), and asking the Board to receive a Deputation in support of the Memorial.

It was moved by Mr. Selway, seconded, and resolved—That the said Deputation be received by the Board on Friday next at Twelve o'clock at noon.

**49**. The Clerk presented a Letter from Mr. R. E. White, dated 3rd January, 1883, requesting the Board to receive a Deputation from a Committee, appointed at a public Meeting held at the Royal Assembly Rooms, Woolwich, to present a Memorial praying the Board to support the proposed Kent and Essex Junction Railway and Subway between North and South Woolwich.

It was moved by Mr. Selway, seconded, and resolved—That the said Deputation be received by the Board on Friday next at Twelve o'clock at noon.

**50**. The Clerk presented a Letter from Mr. G. W. Preston, Clerk to the Vestry of St. Luke, Middlesex, dated 3rd January, 1883, stating that the Vestry fully concurred in

the opinion expressed by the Vestry of Newington, that if any change be made in the existing law relative to the inspection and regulation of the sanitary condition of Bakehouses in the Metropolis, the control over them should be entrusted to the Vestries and District Boards.

It was moved by Mr. Selway, seconded, and resolved—That the said Letter be received.

**51**. The Clerk presented a Letter from Messrs. J. and J. Greenwood, dated 2nd January, 1883, objecting to the 10 per cent., taken off the credit items in their Account for Hoarding and Shoring, being struck out of their Account, and asking for a re-consideration of the question.

It was moved by Mr. Selway, seconded, and resolved—That the said Letter be referred to the Works and General Purposes Committee, for consideration and report.

**52**. The Clerk presented a Letter from Mr. E. R. Everington, dated 4th January, 1883, transmitting a Memorial from residents in Dulwich-wood-park and College-road, Norwood, against the London Southern Tramways (Extension), and asking the Board to receive a Deputation in support of such Memorial.

It was moved by Mr. Selway, seconded, and resolved—That the said Deputation be received by the Board on Friday next, at Twelve o'clock at noon.

**53**. The Clerk presented a Letter from the Hon. Sir A. F. O. Liddell, K.C.B., Home Office, dated 2nd January, 1883, transmitting a Letter from Mr. W. J. Payne, Coroner for London and Southwark, and a draft Bill to enable Coroners to hold inquiries as to the causes of fires where no death has taken place, and requesting to be favoured with the Board's opinion upon the proposal.

It was moved by Mr. Selway, seconded, and resolved—That the said Letters be referred to the Works and General Purposes Committee, for consideration and report.

**54**. The Clerk presented a Letter from Mr. H. Dearsly, dated 4th January, 1883, referring to the Board's Letter of 13th December last, in reply to a Petition for a carriage-way across South-mill-field, Hackney, and stating that such Letter was not considered a complete answer to the prayer of the Memorial presented to the Board on the 10th November last.

It was moved by Mr. Selway, seconded, and resolved—That the said Letter be referred to the Works and General Purposes Committee, for consideration and report.

**55**. The Clerk presented a Letter from Mr. E. Wickham, Secretary of the North and South Woolwich Subway Company, dated 4th January, 1883, stating that the Company are incorporated by Act of Parliament to construct a foot Subway between North and South Woolwich, but that, owing to unavoidable circumstances, the construction of it had been delayed; that preliminary works had already been executed, and that the Company would be glad to give every information to the Board as to the mode of construction.

It was moved by Mr. Selway, seconded, and resolved—That the said Letter be referred to the Works and General Purposes Committee, for consideration, in connection with the references already made to them on the subject to which it relates.

**56**. The Clerk presented a Letter from Messrs. Tilleard, Godden and Holme, dated 3rd January, 1883, with a copy of the Croydon and Norwood Tramways, Amalgamation and Extension, Bill, and applying for the consent of the Board to the Scheme.

It was moved by Mr. Selway, seconded, and resolved—That the said Letter and Bill be referred to the Works and General Purposes Committee and the Parliamentary Committee, for consideration, in connection with the references already made to them on the subject to which they relate.

**57**. The Chemical Assistant laid before the Board his Returns of the Testings made at the Gas Testing Stations during the week, ended on the 26th ultimo, and the 2nd instant, as follows—

| Company. | District. | Illuminating Power. (In Standard Sperm Candles.) | | | Sulphur. (Grains in 100 cubic feet of Gas.) | | | Ammonia. (Grains in 100 cubic feet of Gas.) | | | Sulphuretted Hydrogen. |

The pressure of the Gas supplied by the Gas Light and Coke Company, at the junction of Castle and Victoria Roads, Kentish-town, on the 1st January, 1883, at 8 p.m., was 2·9 inches.

**58**. Read a Report, as follows—

Superintending Architect's Department, Spring-gardens,
5th January, 1883.

PETROLEUM ACTS, 1871 TO 1881.

Memorandum relative to Licenses for storing Petroleum for sale or use.

In the accompanying Schedule there are Thirty-six applications for Licenses, the Fees for which have been duly deposited.

The premises of the applicants having been inspected, and the arrangements for storing found satisfactory, I recommend that Licenses be granted for Twelve months from this date, subject to the conditions contained in such Licenses.

(Signed) GEORGE VULLIAMY,
Superintending Architect.

The list of applications in respect of which Licenses were recommended to be granted was laid before the Board.

It was moved, seconded, and resolved—That Licenses be granted to the Thirty-six persons mentioned in the list now submitted, to keep Petroleum in the places, and in the quantities stated in such Licenses, for a period of Twelve calendar months from this date, subject to the conditions mentioned in such Licenses.

The several Licenses referred to in the foregoing Resolution were laid before the Board.

It was moved, seconded, and resolved—That the Common Seal of the Board be affixed to the said Licenses; and the Seal was affixed accordingly.

**59**. Camberwell.—Read a Report by the Superintending Architect, dated 3rd January, 1883, on the application of Mr. J. W. Chapman, for the consent of the Board to the erection of a Chapel, with projecting porches and vestibule, on the South side of Peckham-road, at the corner of Shenley-road, to the line shown upon the amended Plan accompanying the application.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be granted, on condition that the erection be made in entire conformity with the letter of application, and as shown on the Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board.

**60**. Chelsea.—Read a Report by the Superintending Architect, dated 5th January, 1883, on the application of Mr. C. W. Stephens, for the consent of the Board to the re-erection of No. 13, Hans-place, with a projecting porch and a balcony, and three-storey bay window, to the line shown upon the Plan accompanying the application.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be granted, on condition that the erections be made in entire conformity with the letter of application, and as shown on the Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board.

**61**. Fulham.—Read a Report by the Superintending Architect, dated 13th December, 1882, on the application of Mr. M. Nickinson, for the consent of the Board to the erection of houses, with shops, on the North side of Uxbridge-road, Hammersmith, between Blomfontein-road and Loftus-road, to the line shown upon the amended Plan accompanying the application.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be referred to the Building Act Committee, for consideration and report.

**62**. Fulham.—Read a Report by the Superintending Architect, dated 3rd January, 1883, on the application of Mr. W. Hynam, on behalf of Mr. Bignold, for the consent of the Board to the erection of a one-storey building, and the re-erection of the boundary wall in a yard adjoining the "Lillie Arms" Public-house, in Lillie-road, to the line shown upon the Plan accompanying the application.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be referred to the Building Act Committee, for consideration and report.

**63**. Fulham.—Read a Report by the Superintending Architect, dated 3rd January, 1883, on the application of Mr. F. W. Potter, for the consent of the Board to the erection of houses, with one-storey shops, on the North side of Uxbridge-road, Hammersmith, at the corner of Tunis-road, to the line shown upon the amended Plan accompanying the application.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be granted, on condition that, previously to the commencement of building operations the spaces separating the proposed shops from the public way, be given up and added to such public way, and that in other respects the erections be made in entire conformity

with the letter of application, and as shown on the Plan accompanying it, and be not at any time, in any manner, altered or raised with the consent of this Board.

**64**. Islington.—Read a Report by the Superintending Architect, dated 3rd January, 1883, on the application of Mr. A. J. Bolton, on behalf of Mr. Blunt, for the consent of the Board to the erection of a three-storey building on the North side of the "Boston Arms" Public-house, in Junction-road, Holloway, at the corner of Dartmouth-park-hill, to the line shown upon the amended Plan accompanying the application.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be not granted.

**65**. Lewisham.—Read a Report by the Superintending Architect, dated 3rd January, 1883, on the application of Mr. B. J. Capell, on behalf of Mr. R. J. S. Beeton, for approval by the Board of a Plan for the construction of a two-storey bay window, and wooden brackets, and projecting eaves to the roofs and turrets of a proposed building in Amberley-road, Sydenham.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be not granted.

**66**. St. George, Hanover-square.—Read a Report by the Superintending Architect, dated 2nd January, 1883, on the application of Messrs. Sprake and Foreman, on behalf of Dr. G. D. Pollock, for the consent of the Board to the erection of an open porch, with a balustrade over the same, on a portion of the forecourt of No. 36, Grosvenor-street, to the line shown upon the Plan accompanying the application.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be granted, on condition that the erection be made in entire conformity with the letter of application, and as shown on the Plan accompanying it, and be not at any time, in any manner, enclosed, altered or raised without the consent of this Board.

**67**. St. Pancras.—Read a Report by the Superintending Architect, dated 20th December, 1882, on the application of Mr. B. S. Williams, on behalf of Mr. H. Gilby, for the consent of the Board to the erection of a conservatory over the portico at No. 25, Lady Somerset-road, Kentish-town, to the line shown upon the Plan accompanying the application.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be not granted.

**68**. Wandsworth.—Read a Report by the Superintending Architect, dated 13th December, 1882, on the application of Mr. C. J. Bentley, on behalf of Mr. C. Merrett, for the consent of the Board to the erection of buildings on the North side of Rectory-grove, Clapham, to the line shown upon the Plan accompanying the application.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be referred to the Building Act Committee, for consideration and report.

**69**. Wandsworth.—Read a Report by the Superintending Architect, dated 3rd January, 1883, on the application of Messrs. Morris and Stallwood, on behalf of the Battersea and New Wandsworth Public Halls' Company, for the consent of the Board to the erection of the New Wandsworth Public Hall, on the South side of Lavender-hill, Battersea, at the corner of St. John's-road, to the line shown upon the Plan accompanying the application.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be referred to the Building Act Committee, for consideration and report, and that the parties interested be invited to attend the Committee when the subject shall be considered.

**70**. Wandsworth.—Read a Report by the Superintending Architect, dated 3rd January, 1883, on the application of Mr. J. W. Berrie, for the permission of the Board to retain a temporary workshop erected on the South side of Selincourt-road, Lower Tooting.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be not granted.

**71.** Whitechapel.—Read a Report by the Superintending Architect, dated 5th January, 1883, on the application of Messrs. Joseph and Pearson, for approval by the Board of a Plan for the construction of two temporary wooden buildings at the Jews' Free School, in Bell-lane.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be referred to the Building Act Committee, for consideration and report.

**72.** Bermondsey.—Read a Report by the Superintending Architect, dated 3rd January, 1883, on the application of Mr. E. Crosse, on behalf of Mr. F. Eastman, for approval by the Board of a Plan for the erection of seven houses on the East side of Guildford-place, Spa-road.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be granted, on condition that, previously to the commencement of building operations, the space separating the proposed houses from the public way be given up and added to such public way, and that in other respects the erections be made in entire conformity with the letter of application, and as shown on such Plan, and be not at any time, in any manner, altered or raised with the consent of this Board.

**73.** Hackney.—Read a Report by the Superintending Architect, dated 14th December, 1882, on a Letter from the Hackney District Board, complaining of the erection of a barrier across Linscott-road, Lower Clapton-road, to the Eastward of Mayola-road.

It was moved by Mr. Shepherd, seconded, and resolved—That the Letter be referred to the Building Act Committee, for consideration and report, and that the Solicitor do advise the Committee thereon.

**74.** Plumstead.—Read a Report by the Superintending Architect, dated 13th December, 1882, on the application of Mr. R. J. Thompson, on behalf of Mr. R. C. Davis, for approval by the Board of a Plan for the formation and names of roads to lead out of the East side of Chislehurst-road, and the South side of Cross-lane, New Eltham.

It was moved by Mr. Lloyd, seconded, and resolved—That the application be referred to the Building Act Committee, for consideration and report.

**75.** Hackney.—Read a Report by the Superintending Architect, dated 3rd January, 1883, on the application of Mr. T. Nixon, for the permission of the Board to retain two timber stages erected in a yard at the rear of No. 41, Southgate-road, with openings in excess of the limit prescribed by the 13th Section of the Metropolitan Building Act, 1855.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be not granted.

**76.** St. George-the-Martyr, Southwark.—Read a Report by the Superintending Architect, dated 5th January, 1883, on the application of Mr. W. Gilbert, for approval by the Board of a Plan for the erection of houses on the North side of Southwark-bridge-road, at the corner of Friar-street, with open spaces at the rear of less area than required by the 14th Section of the Metropolis Management and Building Acts Amendment Act, 1882.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be no granted.

**77.** City of London.—Read a Report by the Superintending Architect, dated 3rd January, 1883, on the application of Mr. Edward Power, District Surveyor for the District of the Southern Division of the City of London, for the appointment by the Board of Fees for special services performed by him in certifying that a chimney-breast in the North party-wall of No. 7, Red Lion-court, Cannon-street, and a chimney-breast in the South party-wall of No. 24, Watling-street, might be cut away.

It was moved by Mr. Shepherd, seconded, and resolved—That the District Surveyor be authorised to demand and receive a Fee of 10s. in respect of each of the special services referred to.

**78.** City of London.—Read a Report by the Superintending Architect, dated 3rd January, 1883, on the application of Mr. Edward Power, District Surveyor for the District of the Southern Division of the City of London, for the appointment by the Board of Fees for special services performed by him in certifying that a chimney-breast in the North party-wall of No. 9, Lovells-court, Paternoster-row, and a chimney-breast in the South party-wall of No. 10, Lovells-court, might be cut away.

It was moved by Mr. Shepherd, seconded, and resolved—That the District Surveyor be authorised to demand and receive a Fee of 10s. in respect of each of the special services referred to.

**79.** Read a Report by the Superintending Architect, dated 3rd January, 1883, submitting, for the Seal of the Board, Licenses in respect of the undermentioned temporary buildings—

Iron Church at the rear of houses in Globe-road, Mile-end Old-town.

Temporary Office at No. 44, Millbank-street.

It was moved by Mr. Shepherd, seconded, and resolved—That the Common Seal of the Board be affixed to the said Licenses; and the Seal was affixed accordingly.

**80.** Wandsworth.—Read a Report by the Superintending Architect, dated 2nd January, 1883, on the application of Mr. R. Dickinson, on behalf of Mr. C. E. Stowell, for the consent of the Board to the erection of a verandah, and of oriel and other projecting windows, at Hereford Lodge, Mitcham-road, to the line shown upon the amended Plan accompanying the application.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be not granted.

**81.** Mr. Hill, by leave of the Board, deferred until the next Meeting, proceeding with the Motion of which he had given notice with respect to the grounds of Lambeth Palace.

Adjourned until Friday next, the 12th instant, at this Office, at Twelve o'clock at noon.

No. 2.

At a Meeting of the Metropolitan Board of Works, held at the Office of the Board, Spring-gardens, on **Friday**, the **12th** day of **January**, 1883, under and by virtue of the Act of the 19th year of the reign of Queen Victoria, for the better Local Management of the Metropolis,

**Present**—Lieutenant-Colonel Sir James M. McGarel-Hogg, Bart., K.C.B., M.P., Chairman of the Board, in the Chair.

Thomas Henry Elam, Esq.
Robert Freeman, Esq.
Donald Munro, Esq.
George Phillips, Esq.
William Robbins Selway, Esq.
William James Wetenhall, Esq.
Guildford Barker Richardson, Esq.
George Pitney Meaden, Esq.

Robert Cox, Esq.
James Ebenezer Saunders, Esq., Deputy.
John Tolhurst, Esq.
John Runtz, Esq.

1. The Minutes of the Meeting of the Board held on the 5th instant, were approved, and were signed by the Chairman, and by two other Members of the Board present at such Meeting.

2. A Deputation, representing Owners, Lessees, and Occupiers of property fronting upon the road-way between The Broadway, Lower Tooting, and Clapham-common, introduced by Mr. Meaden, and consisting of the following gentlemen, viz.—Mr. H. Doulton, Mr. S. Dent, Mr. R. Bridges, Mr. J. Kent, Mr. G. C. Smith, Mr. H. G. Stringer, Mr. G. W. Smith, Mr. J. Barringer, Mr. W. Cockran, Mr. J. Bignold, Mr. J. B. Robinson, Mr. C. Gassiot, Mr. C. Norris, Mr. J. Cully, Mr. P. J. Smith, Mr. J. W. Bridge, Mr. A. Garrood, Mr. H. N. Goodhart, Mr. C. D. Cumming, Mr. C. B. Arding, Mr. F. H. Tayler, and Mr. A. Gurney, attended the Board, and presented a Memorial, which was read, as follows—

To the Chairman and Members of the Metropolitan Board of Works.

The Memorial of Owners, Lessees, and Occupiers of Houses, Shops, Warehouses, and property, as well trading or commercial as residential, situate at Tooting, Upper Tooting, and Balham, in the County of Surrey, and fronting or abutting on the public road or highway running between Tooting-broadway and Clapham,

Sheweth—

1.—That the London Southern Tramways Company have given public notice, in the *London Gazette*, and other newspapers, of an intended application to Parliament, in the ensuing Session, for

statutory powers to construct, maintain, and work (among others) a Tramway called "Tramway No. 1," to commence in The Broadway, Lower Tooting, passing thence along High-street, Tooting, and the road leading from High-street, Tooting, to Balham-road, the Balham-road, Balham-hill, and the road on the East side of Clapham-common, and to terminate by a junction with the existing Tramways of the London Tramways Company (Limited), opposite Clapham-park-road; and that such Tramway No. 1 is intended to be constructed partly by double lines of rails at various places along its course—namely, (1) at Tooting-broadway; (2) along the road-way between the ends of Totterdown and Harewood Roads respectively; (3) along the road-way commonly known as Upper Tooting High-street, commencing at a spot of the road-way between Lynwood (Miss Goldsmid), Park-house and Park-hill (Messrs. Bell and Galton), for a considerable distance in a Northerly direction to a spot near to where Obligation-row enters the Upper Tooting High-street; (4) along the high road for a distance of some 330 yards in the Balham-road, near to where Wandsworth-lane crosses the said Upper Tooting public road; (5) again along the public high road near to points where Upper Tooting-park-road and Balham-park-road respectively enter the said Upper Tooting public road; and (6), along the Balham High-road for some distance North of the spot where Devonshire-road enters the said Balham High-road. Further, that in the construction of the said Tramway No. 1, it is intended to lay the rails so that for a distance of 30 feet a less space than 9 feet 6 inches will intervene between the outside of the foot-path and the nearest rail of the Tramway at the following places—(1) Along the High-street, Lower Tooting, for its whole length; and (2) thence over and along the High-street, running Northerly for nearly 200 yards towards Upper Tooting; (3) in the Upper Tooting High-street, South of Obligation-row; (4) again, in the said Upper Tooting High-street, for some 130 or 140 yards near where Wandsworth-lane crosses the said High-street; (5) again, in Balham High-street, near Balham-grove; also where and between where Devonshire-road and Ravenswood-road respectively enter into Balham-road, and yet again in Balham-street, near and between the ends of Hollygrove and Alderbrook Roads.

2.—That it will be practically impossible when the Tramway is in operation for vehicles, carts, wagons, or carriages to stand in front of houses and shops in the line of the road for the purpose of loading and unloading goods, or for waiting for customers or visitors during the time of passage of Tram-cars. This will be especially the case in High-street, Lower Tooting, the Upper Tooting High-street, near to Obligation-row, and again in Balham High-street and Balham-hill.

3.—That there is a good service of omnibuses at moderate fares over the whole line of the intended Tramways, and for short distances the fares are even as low as one penny.

4.—Your Memorialists would respectfully express the following, among others, as the grounds of their objection to the construction of the said Tramway, viz.—

I.—That a Tramway along the said road is unnecessary, and is not demanded by any considerable number of the inhabitants of the districts which would be served by it.

II.—That the existence of the Tramway would seriously interfere with the convenience and comfort of the occupiers of the dwelling houses and residential properties abutting upon the road along which it is proposed to lay the same, and with the trade of the shops, buildings, and premises abutting on the said road.

III.—That the existence and working of the Tramway would seriously depreciate the value, both for letting and sale, of all the property abutting on the aforesaid road.

IV.—That it would be a source of danger to the ordinary traffic of the road, and of danger and injury to carriages and vehicles of the residents and their friends, or persons having business with them.

V.—That the Tramway would practically monopolise the best part of the road.

VI.—That the proposed Tramway could not be laid down without totally obstructing and interrupting the use of the road during the construction of the Tramway.

5.—That, by the Standing Order, No. 22, of the House of Lords, and by the Standing Order, No. 22, of the Honourable the House of Commons respectively, it is provided that, in all cases of Bills to Parliament to authorise the laying down of a Tramway along any public highway, the Promoters shall obtain the consent of the Local Authority of the District through which it is proposed to work such Tramway. And where in any District there is a Road Authority distinct from the Local Authority, the consent of the Road Authority shall be necessary in any case where power is sought to break up any road subject to the jurisdiction of such Road Authority.

6.—That your Honourable Board is the Local Authority within which the above-mentioned Tramway No. 1, is proposed to be authorised; and that the Board of Works for the Wandsworth District is the Road Authority in respect of the roads to be traversed or interfered with by the Company if the statutory powers about to be applied for are granted.

7.—Your Memorialists would further respectfully suggest that the permission to construct any Tramway over a public road is practically to give over the control and monopoly of such public

highway to the Tramway Company, to the prejudice of all the trade, residential and other traffic using the road-way. That such a monopoly would practically be to grant to the Tramway Company the entire enjoyment and use of the road-way, without such Tramway Company contributing one sixpence of the sum originally expended in the construction of the public road-way, or towards the original cost of the said roads. And your Memorialists would most respectfully suggest and point out that to give the Tramway such a monopoly would, in their view, be an act wholly in opposition and in violence to the principles which have hitherto guided the Legislature in regard to Railway Companies, in compelling Railway Companies to purchase out-and-out for, their own use, what lands they require for their own permanent ways.

8.—That your Memorialists would bring to the notice of your Honourable Board that, in the early part of the present year 1882, application was made, first to the Board of Trade, and afterwards to Parliament, for powers to lay down and construct Tram-ways over the same road-way as that now under notice, between Tooting-broadway and Clapham-park-road, substantially the same, or similar to the one for which statutory powers are now sought. That such Tramway Scheme, being deemed injurious to your Memorialists, was in due form dissented from and opposed before the Board of Trade, and afterwards before Parliament, and that, though the Board of Trade did make a Provisional Order, it fettered it with such conditions which prevented its construction in certain places unless and until the carriage-way at certain points of the roads should have been sufficiently widened that a space of not less than 9 feet 6 inches should intervene between the outside of the footpath on either side of each of the said roads, and the rail of the Tramway nearest to such footpath. Further, that this Provisional Order coming before Parliament, a Committee of the Honourable the House of Commons over ruled and rejected the Scheme altogether, as unnecessary and uncalled for.

9.—Your Memorialists would venture to bring under the notice of your Honourable Board, that in the passage of the application above referred to through the Railway Department of the Board of Trade, and in the opposition in Parliament your Memorialists were put to very considerable and heavy expense, and would remark that if, the present application is permitted to proceed, your Memoralists will be again subjected to annoyance and injury to their properties and in their trading operations, as well as being vexed by being again exposed to great expense in opposing the present Scheme and Tramway.

10.—Your Memorialists would present and strongly urge upon the attention of your Honourable Board, the whole of the above facts and reasons, and that, in your Memorialists' view, no Tramway should in any case be permitted to be constructed along any road-way or highway, except where the road-way or highway shall be of amply sufficient width and of convenient gradients; also where the population is large, and the existing means of transit wholly insufficient, and, further, only where there exists an universal desire by all resident and trading classes throughout the entire length of its course in favour of a proposed Tramway. In all these respects your Memorialists believe the conditions named do not exist, and on the grounds before set forth, and for numerous other reasons

Your Memorialists trust that your Honourable Board will refuse all consent to the proposed Tramway No. 1. And also all consent to every Tramway sought to be formed or constructed over the public road or highway between Tooting-graveney on the South, and Clapham-park-road on the North. And that your Honourable Board will be pleased to take such active opposition in Parliament and elsewhere to the granting of statutory powers for the formation of any Tramway over the said road.

And your Memorialists will ever pray, &c.

(Signed) STANLEY DENT,
and 104 others.

The Deputation having addressed the Board in support of the Memorial,

It was moved by Mr. Meaden, seconded by Mr. Selway, and resolved—That the said Memorial be referred to the Works and General Purposes Committee and the Parliamentary Committee, for consideration, in connection with the references already made to them on the subject of the Bill to which it relates.

**3.** A Deputation from residents at Clapham, introduced by Mr. Meaden, and consisting of the following gentlemen, viz.—Mr. R. R. Harris, Mr. E. Pohl, Mr. A. Sclanders, Mr. J. Tayler, Mr. H. Morgan, Mr. J. W. Grover, Mr. A. Jenkinson, Mr. A. Ransome, Mr. W. Marten Smith, and Mr. E. J. Bristow, attended the Board, and presented a Memorial, which was read, as follows—

To the Chairman and Members of the Metropolitan Board of Works.

Honourable Sir and Gentlemen,

The Memorial of the Committee of the residents, Owners, and Ratepayers of Clapham and its vicinity, in opposition to the construction of the proposed Tramways upon or adjacent to Clapham-common, and up Park-road and also along the Cedars-road,

Sheweth—

That your Memorialists have learned with much concern that sundry applications are being made for powers to construct Tramways on both sides of Clapham-common, and up Park-road, and also up the Cedars-road.

That, with respect to the projected Tramway on the South side of the Common, from Park-road to Balham and Tooting, the same scheme was brought forward last Session, and carefully investigated by a Parliamentary Committee who rejected it, notwithstanding which it is again revived.

Your Memorialists beg respectfully to state their opinion, that the existing modes of transit in these localities are sufficient for all present requirements, that the traffic, either on the South, or North, or West sides of the Common, or up the Cedars-road, is not such as to warrant the construction of Tramways, which will spoil the roads for other vehicles, and that if Tramways were constructed in Park-road the same injurious effects would be entailed as are now experienced in High-street, but increased in this case by the extremely limited width of the road.

That the proposed Tramways on the Common and up Cedars-road run throughout the whole routes in front of valuable residential property, which would be much depreciated in value by their construction, and the resident Owners, and Occupiers strongly object to the same.

That the projected Tramways on Clapham-common would interfere with its rural character as a place of recreation and enjoyment by the public.

That a Memorial, signed by 551 residents, Owners and Occupiers of Clapham-common and its vicinity, in opposition to the proposed Tramways, has been duly presented to the Wandsworth District Board of Works, and your Memorialists represent the whole of these signatories in presenting this Memorial.

Your Memorialists therefore trust that, after a review of the facts of the case, your Honourable Board will resolve to oppose all Schemes for Tramways on Clapham-common and Park-road, and the Cedars-road, Clapham-common.

And your Memorialists will ever pray.

(Signed) F. W. A. BOWYER,
and 20 others.

The Deputation having addressed the Board in support of the Memorial,

It was moved by Mr. Meaden, seconded by Mr. Selway, and resolved—That the said Memorial be referred to the Works and General Purposes Committee and the Parliamentary Committee, for consideration, in connection with the references already made to them on the subject of the Bill to which it relates.

**4.** A Deputation from residents in Dulwich-wood-park and College-road, Norwood, introduced by Mr. Dresser Rogers, and consisting of the following gentlemen, viz.—Mr. E. R. Everington, Mr. A. Bristowe, Mr. G. Reckitt, Mr. T. J. Cantrell, Mr. C. Parker, Mr. C. Wilkinson, Mr. J. H. Christian, Mr. S. Evans, LL.D., Mr. E. G. Coles, Mr. J. Preston, Mr. J. P. Caldicott, Mr. M. Castello, Mr. G. Hunt, Mr. J. Bunnett, Jun., Mr. W. A. Colls, Mr. G. Yule, Mr. J. H. Angier, Mr. R. Milligan, Mr. C. R. Cheffins, Mr. J. H. Causton, and Mr. J. Stuart, Junr., attended the Board, and presented a Memorial, which was read, as follows—

To the Honourable the Metropolitan Board of Works.

London Southern Tramways (Extensions).

Memorial of the residents in Dulwich-wood-park, and College-road, Norwood, and neighbourhood.

We, the undersigned, being residents in Dulwich-wood-park and College-road, Norwood, and neighbourhood, beg respectfully to call the attention of your Honourable Board to the proposed extension by the London Southern Tramways Company of their system to the Crystal Palace,

through the district in which your Memorialists reside, and to pray your Honourable Board to withhold your consent therefrom. We do so on the following grounds—

1.—That the Scheme is opposed to the wishes of the great body of residents, most of whom hold their houses on long Leases, and have expended large sums of money on their property.

2.—That, these roads being less than the statutory width, much inconvenience will be caused by the Tramway occupying a large portion thereof.

3.—That such an extension is not wanted to meet local requirements, nor is it necessary as a means of access to the Crystal Palace, there being already ample means of communication by the two lines of Railway which run thereto.

4.—That it will entirely destroy the rural character of the neighbourhood, and so greatly diminish the value of the property, which is essentially of a residential character, and unfitted by its gradients for Tramway traffic.

5.—That these roads were constructed by the Governors of Dulwich College for the use of the residents, and within the last two years the residents have been called upon by the Vestry to expend, and have expended, upwards of £15,000 in making up and repairing the same. The residents were put to great inconvenience while these repairs were going on, and it will be a great hardship if they are to have a repetition of the annoyance.

6.—That the Governors of Dulwich College, the Freeholders of the property, have stated that they are opposed to the Tramway Scheme, and intend to present a Petition against it.

Your Memorialists therefore pray that your Honourable Board, as the Local Authority, will be pleased to refuse your consent to the proposed extension.

And your Memorialists will ever pray, &c.,

(Signed) JAMES PRESTON,
and 92 others.

The Deputation addressed the Board in support of the Memorial, and handed in a Map of a portion of the district through which the Tramway is proposed to be constructed, showing the properties abutting upon the line of Tramway.

It was moved by Mr. Dresser Rogers, seconded by Mr. Selway, and resolved—That the said Memorial be referred to the Works and General Purposes Committee and the Parliamentary Committee, for consideration, in connection with the references already made to them on the subject of the Bill to which it relates.

5. A Deputation, appointed at a public Meeting held at Woolwich, introduced by Mr. Richardson, in the absence of Mr. Jolly, and consisting of the following gentlemen, viz.—Mr. E. Kimber, Mr. R. E. White, Mr. J. Teall, Mr. A. Salter, Mr. E. Russell, Mr. J. Dagnall, Mr. E. Brady, Messrs. Ambrose, Fenn and Sons, Mr. W. S. Jope, Mr. J. T. Messent, Mr. W. Tongue, Revd. J. M$^{c}$Allister, Mr. G. C. Matthams and W. Carnduff (for Messrs. Petty and Co.), attended the Board, and presented a Memorial, which was read, as follows—

To the Metropolitan Board of Works.

The Memorial of the undersigned Ratepayers of Woolwich, Charlton and Plumstead,

Sheweth—

1.—That since the presentation of their previous Memorial your Memorialists have been fully informed, in public Meeting and otherwise, of the details of the Scheme now before Parliament, called the Kent and Essex Junction Railway, whereby not only great facilities will be afforded to the Metropolitan Parishes of Plumstead, Woolwich and Charlton, and the adjoining Parishes on the South of the River Thames, of quick Railway communication with North Woolwich and the other Metropolitan Parishes near thereto on the North side of the said River, but a large commodious and substantial road-way, with accompanying foot-paths, will also be provided by means of a tunnel running under the said River, parallel to the said Railway.

2.—The said subway tunnel will meet in all respects the requirements of the inhabitants at this end of the Metropolis, and will, if executed in conjunction with the Railway tunnel, cost, as your Memorialists are informed, the sum of £750,000 out of the sum of £2,200,000, the capital provided

for the whole undertaking in the Bill now before Parliament, but if executed separately and apart from the Railway tunnel, will cost from £850,000 to £900,000.

3.—If the Promoters of the said Bill are left to raise capital and to construct the said tunnel themselves they will be allowed by Parliament to levy heavy tolls upon the transit of passengers, vehicles, and all other traffic, and should the Metropolitan Board or Her Majesty's Government at any time thereafter wish to purchase the said tunnel, such in all probability will be the returns from the traffic that the purchase would cost very much more than £750,000.

4.—In their previous Memorial your Memorialists pointed out how necessary such a tunnel was, not only in the interest of the Metropolis, but also in the interest of the country at large, because of its bringing the great Barracks and Arsenal of Woolwich on the South side of the Thames into direct and immediate communication with the great Docks and embarking places on the North side.

5.—Your Memorialists think that the Metropolitan Board should, in the interests of the ratepayers, provide, in the first instance, the whole of the said sum of £750,000, so as to render the said tunnel free of toll, and that they should apply to Her Majesty's Government to provide one-half of that sum in consequence of its immense utility to the whole nation. Such application would be supported by your Memorialists, who believe that it would be granted almost as a matter of course.

Your Memorialists therefore pray—

1.—That the Bill of the Kent and Essex Junction Railway. now before Parliament, may be supported by the Metropolitan Board.

2.—That the Metropolitan Board should provide, in the first instance, the sum of £750,000.

3.—That the Metropolitan Board should apply to Her Majesty's Government to be reimbursed one half of the said sum of £750,000.

4.—That the Metropolitan Board should take all proper and necessary steps for the purpose of obtaining some contribution from the Counties of Essex and Kent towards the expenditure aforesaid.

(Signed) J. McALLISTER,
and 456 others.

The Deputation having addressed the Board in support of the Memorial,

It was moved by Mr. Richardson, seconded by Mr. Lloyd, and resolved—That the said Memorial be referred to the Works and General Purposes Committee and the Parliamentary Committee, for consideration, in connection with the references already made to them on the subject of the Bill to which it relates.

**6.** The Clerk laid before the Board a Letter from Mr. H. J. Smith, Clerk to the Vestry of Lambeth, dated 11th January, 1883, stating that the Vestry had, last evening, appointed a Deputation to wait upon the Board this day in support of the proposal for obtaining the meadow land attached to Lambeth Palace for the use of the public, and transmitting a copy of a Letter received by the Vestry from the Premier on the subject.

It was moved by Mr. Fowler, seconded by Mr. Hill, and resolved—That the Bye-law with respect to the reception of Deputations be, on the present occasion, suspended, and that the Deputation from the Vestry be now received.

The Deputation was then introduced by Mr. Fowler, and consisted of the following gentlemen, viz—Mr. G. Howlett, Mr. W. M. Symons, Mr. J. Mann, Mr. J. Smith, Mr. E. Graves, Mr. F. C. Cosser, Mr. H. White, and Mr. T. P. Alder, accompanied by Mr. H. J. Smith, the Clerk to the Vestry.

The Deputation handed in a Memorial, which was read, as follows—

To the Metropolitan Board of Works.

The Memorial of the Vestry of the Parish of Lambeth.

SHEWETH—

That attached to the Lambeth Palace is a large piece of land containing nine acres, which has not been used by the Archbishops for their private use for many years.

That your Memorialists are anxious that the said pasture land may be set apart for the public use of the people at large.

That a dense population exists surrounding the Palace.

That your Memorialists humbly pray that your Honourable Board will be pleased to take the necessary measures to acquire, for the use of the people at large, the pasture lands attached to the Lambeth Palace of the Archbishop of Canterbury, or so much thereof as may be thought advisable, with a due regard to the comfort of the Archbishop of Canterbury for the time being.

And your Petitioners will ever pray, &c.

By Order of the Vestry,
(Signed) HENRY J. SMITH,
Clerk to the Vestry.

The Deputation having addressed the Board in support of the Memorial,

It was moved by Mr. Fowler, seconded by Mr. Hill, and resolved—That the said Memorial be taken into consideration with the Report from the Works and General Purposes Committee on the subject, notice of which appears on the paper of business for this day.

7. This being the day appointed for considering the applications of the Vestry of Rotherhithe and householders in the Parish, for a division of the Parish into Wards, and as to making an Order for dividing the Parish into Three Wards, as shown on the Plan marked "C," and for increasing the number of Vestrymen to 72, and apportioning that number between the three Wards,

Proclamation was made, when the following gentlemen, introduced by Mr. Tolhurst, attended as a Deputation from the Vestry, viz.—The Rev. E. J. Beck, the Rector of the Parish, Mr. Bulmer, Mr. Bisley, Mr. Mabbs, Mr. Foottit, and Mr. Bartlett, accompanied by Mr. J. J. Stokes, the Clerk to the Vestry.

The Deputation handed in a Memorial, which was read, as follows—

To the Honourable the Metropolitan Board of Works.

The Memorial of the Vestry of the Parish of Rotherhithe, in the County of Surrey,

Sheweth—

That, with regard to the proposed division of the Parish of Rotherhithe into Wards, and to the Resolution of your Honourable Board that the said Parish shall be divided into three Wards, and that the number of Vestrymen to be elected in respect of such three Wards shall be 72, your Memorialists, whilst agreeing in the desirability of dividing the said Parish into three Wards, and approving of the extent, limits, and boundary lines of such Wards, as settled by your Honourable Board, are of opinion that the total number of Vestrymen to be apportioned in respect of such three Wards should not exceed 36, and that, for many reasons, it will be to the disadvantage of the Parish if the number of Vestrymen to be elected be more than that number. Your Memorialists are further of opinion that if your Honourable Board feel legally bound by the provisions of the Metropolis Local Management Acts to fix the number of Vestrymen to be elected at 72, then that the further consideration of the whole matter should be postponed until it be seen how far the Vestry will be affected by the Bill for the better government of the Metropolis which Her Majesty's Government propose to bring on for consideration in the next Session of Parliament.

Your Memorialists therefore pray your Honourable Board to make an Order dividing the said Parish into three Wards, and fixing the total number of Vestrymen in respect of such three Wards at 36, or, in the alternative, to postpone making any Order in the matter, until Parliament has dealt with the Bill for the better management of the Metropolis, which the Government is pledged to bring in, in the ensuing Session.

And your Memorialists will ever pray, &c.,

The Common Seal of the Vestry of the Parish of Rotherhithe was affixed hereto by Order of the Vestry, dated the 9th day of January, 1883.

L.S.

(Signed) JAMES J. STOKES,
Clerk to the Vestry.

The Deputation was heard in support of the Memorial.

The Clerk laid before the Board a Letter from Mr. J. Griffin, Secretary of the Commercial Dock Company, dated 4th January, 1883, stating the opinion of the

Directors that the interests of the ratepayers in the Parish would not be served by the proposed division of the Parish into Wards and the increase of representation.

The Clerk also laid before the Board, a further Letter from Mr. Griffin, dated 10th January, 1883, with a Memorial, as follows—

To the Metropolitan Board of Works.

The Memorial of ratepayers of the Parish of Rotherhithe,

SHEWETH—

That your Memorialists are ratepayers in the Parish of Rotherhithe, in the County of Surrey.

The affairs of the Parish have been, up to the present time, conducted by a Vestry composed of 24 Members, with the Rector and Churchwardens of the Parish as Members *ex-officio*.

Your Memorialists have been informed that an application has been made to your Honourable Board to divide the Parish into Wards, under the provisions of the Act 25 and 26 Vic., cap. 102, sec. 41.

Your Memorialists beg to state that the number of Rated Householders in the Parish is 5,025, and that the ratable value of property in the Parish is £193,217.

Your Memorialists are informed that, under the provisions of the said Act, the number of Vestrymen would be 72, a number which, in the opinion of your Memorialists, would be greatly in excess of the number of persons duly qualified to act as Vestrymen that could be found in the said Parish.

Your Memorialists believe that the present number of 24 is quite ample and adequate for the management of the affairs of the Parish, and they humbly beg to state their opinion that there is no necessity for increasing that number.

Your Memorialists would therefore respectfully urge your Honourable Board not to sanction the scheme for the division of the Parish of Rotherhithe into Wards, as has been submitted to you.

(Signed) W. PREDAM,
and 147 others,

It was **moved** by Mr. Tolhurst, seconded by Mr. Selway, and **resolved**—That the subject be referred to the Works and General Purposes Committee, for further consideration and report, and that the above mentioned Memorials and Letters be also referred to the Committee.

8. Mr. Brown handed in a Letter, as follows—

Board of Works for the Fulham District.

Clerk's Office, Broadway-house,
Hammersmith, W.,
11th day of January, 1883.

LOAN OF £5,855 9s. 8d.

SIR,—This Board is about to carry out certain permanent works, viz., granite crossings, channelling, &c., and is desirous of obtaining a Loan for that purpose, and I am instructed to ask the Metropolitan Board of Works to sanction the borrowing by this Board of the sum of £5,855 9s. 8d., to enable it to carry out the works, according to the accompanying schedule, which includes certain permanent works already done; and, further, I am to ask the Board to advance the amount at as low a rate of interest as possible, and to allow the re-payment to be spread over a period of 50 years.

I am, &c.,
(Signed) THOMAS Eᴅ. JONES,
Clerk to the Board.

The Clerk,
Metropolitan Board of Works,
Spring-gardens, S.W.

The Statement referred to was laid before the Board.

It was **moved** by Mr. Brown, seconded, and **resolved**—That the said Letter be referred to the Finance Committee, for consideration and report, and that the Engineer and the Accountant do report to the Committee thereon.

**9.** Mr. Tolhurst handed in a Resolution of the Vestry of St. Olave, Southwark, as follows—

Extract from Minutes of Vestry of St. Olave, Southwark, held on the 3rd day of January, 1883.

Moved by Mr. Saffery, seconded by Mr. Voss, and

RESOLVED—"That this Vestry expresses its disapproval of the proposed extension of the "Tramways in this Parish, and requests the representative of this District at the "Metropolitan Board of Works to bring the matter before that Board with a view to "their opposing the same."

It was moved by Mr. Tolhurst, seconded, and resolved—That the Resolution be referred to the Works and General Purposes Committee and the Parliamentary Committee, for consideration, in connection with the references already made to them on the subject of the Bill to which it relates.

**10.** Mr. Elam handed in a Letter from the Finance Committee of the Vestry of St. James, Westminster, dated 5th January, 1883, stating that the Committee had had before them at their last Meeting the subject of outstanding arrears of Rates, in respect of premises belonging to this Board, and not immediately required for the contemplated Improvements in the Parish; that it appeared to be the custom of the Board to let the premises on short tenancies, and to require the occupiers to pay the Rates, and that as much loss had resulted to the Parish, the Committee desired to bring the matter under notice with a view to action being taken thereon; referring to two cases as an illustration of the difficulty experienced by the Parish authorities in the collection of Rates under the circumstances named, and suggesting that the Board should include in the rent charged an amount sufficient to cover the Rates, and hand them over direct to the Local Authorities.

It was moved by Mr. Elam, seconded, and resolved—That the said Letter be referred to the Finance Committee, for consideration and report.

**11.** Mr. Shepherd handed in a Letter, as follows—

Vestry of Bermondsey, Surrey.

Town-hall, Spa-road, S.E.,
January 10th, 1883.

FARNCOMBE-STREET.

DEAR SIR,—The Vestry of Bermondsey contemplate effecting an Improvement in this Parish, by widening Farcombe-street, as shown on the two accompanying Plans, and thereon coloured Red, at an estimated cost of £100, in which no paving or other works are included.

I am directed by the Vestry to apply to your Honourable Board for your usual contribution towards the estimated cost thereof, and trust that it may receive your favourable consideration, so that the proposed Improvement may be carried out.

I am &c.,
(Signed) J. HARRISON,
Clerk and Solicitor.

The Metropolitan Board of Works,
J. E. Wakefield, Esq., Clerk,
Spring-gardens, S.W.

The Plans referred to were laid before the Board.

It was moved by Mr. Shepherd, seconded, and resolved—That the said Letter be referred to the Works and General Purposes Committee, for consideration and report.

**12.** Mr. Meaden handed in a Letter, as follows—

The Board of Works for the Wandsworth District.

Battersea-rise, S.W.,
11th January, 1883.

PARLIAMENTARY SCHEMES, SESSION 1883.

DEAR SIR,—Referring to my Letter of the 29th ultimo, I am instructed by this Board to inform you that at their Meeting, held yesterday, they further considered the subject of the portion

of the Scheme of the London Southern Tramways Company, relating to the proposed Tramway from the Broadway along High-street (Tooting), Balham-road and Balham-hill to the "Plough" Public-house, High-street, Clapham, and that they decided to consent to the Tramway in question, subject to such conditions as the Board may hereafter approve.

The Board had also under consideration the South London Tramways Company's Bill, which contains a Clause proposing to alter Section 33 of the Company's Act of 1880, which prohibits the conveyance of outside passengers under the Railway arch by the Wandsworth Station. The Clause in question was inserted at the instance of this Board, because the Wandsworth Station Railway Bridge is too low to admit of the passage thereunder of outside passengers. The Board decided to oppose the Bill, with the view of having the Clause in question expunged. You will see from the copy Resolutions which accompanied my Letter of the 29th ultimo, that the Board also object to some other portions of the South London Tramways Bill.

The Board trust that the Metropolitan Board of Works will support the views of this Board with regard to the Parliamentary Schemes affecting the District under their jurisdiction.

Yours, &c.,
(Signed) ARTHUR ALEXR. CORSELLIS,
Clerk.

J. E. Wakefield, Esq.,
Spring-gardens, S.W.

It was moved by Mr. Meaden, seconded, and resolved—That the said Letter be referred to the Works and General Purposes Committee and the Parliamentary Committee, for consideration, in connection with the references already made to them on the subject of the Bills to which it relates, and that the Letter be also referred to the Engineer.

13. Mr. Selway, the Deputy-Chairman of the Works and General Purposes Committee, brought up a Report, as follows—

REPORT OF THE WORKS AND GENERAL PURPOSES COMMITTEE.

Spring-gardens, 8th January, 1883.

Your Committee have to report that, under the authority conferred upon them by the Board, they have drawn Cheques for the following amounts—

Your Committee submit, for the information of the Board, a marked Catalogue

and Account of sale of building materials of about 75 houses in Kentish-town-road, by Messrs. Horne, Eversfield and Co., on the 24th October last, as follows—

| | | | |
|---|---|---|---|
| Proceeds of sale ... ... ... ... ... | £907 | 2 | 6 |
| Commission £7 10s. per cent. ... ... ... ... | 68 | – | 6 |
| Amount received by the Board, 23rd December, 1882 ... | £839 | 2 | – |

Your Committee have to report, with regard to the Letters referred to them by the Board on the 15th and 22nd December last (Nos. 25 and 51), on the subject of a proposed Bill for the enclosure and partition of a Common in the Manor of Fulham, that the Bill in question has not been deposited, and, under these circumstances, they recommend that the references be discharged.

In compliance with the reference by the Board of the 22nd December last (No. 6), your Committee have considered the Letter from the Vestry of Lambeth, stating that a Resolution has been passed by them, directing that a Memorial be presented to the Queen and the Government, praying that the pasture and recreation grounds attached to the Archbishop of Canterbury's residence at Lambeth might be handed over to this Board for recreation grounds for the people at large, and forwarding a copy of a Letter from Mr. Gladstone's Secretary on the subject. Your Committee have also had before them the Letter, referred by the Board on Friday last (No. 41), from the Rev. G. M. Murphy, in support of the proposal. It appears to your Committee that, in the event of the Queen and the Government assenting to the opening of the land in question as a public recreation ground, this Board might put it into proper condition for that purpose, but that it should be afterwards handed over to the Vestry of Lambeth, to be maintained in perpetuity by them. Your Committee recommend—

That the Vestry and Mr. Murphy be informed to the above effect.

Your Committee have further to report that they have considered the Memorial of the Hackney District Board, referred to them on the 1st December last (No. 2), praying that this Board will adopt such measures as may be necessary for largely increasing the number of the Members of the District Board. Your Committee have had before them Reports by your Solicitor and your Accountant upon the application, and it appears to your Committee, after careful consideration, that the case will be met by increasing the number of Members from 57 to 63, three of the additional Members being added to the number of representatives of the Parish of Hackney, and three to the number of representatives of the Parish of Stoke Newington. Your Committee recommend in accordance with that view.

Your Committee have had before them the Report by your Engineer, referred on Friday last (No. 15), relative to the illness of D. Cummings, Fitter's Labourer at the Crossness Pumping Station. As the state of this man's health is very precarious, your Committee recommend—

That he be allowed half-pay for a period of Three months, and that if at the end of that time he is unable to resume his duties, his engagement with the Board be terminated.

All which your Committee beg to submit.

(Signed) W. R. SELWAY,
THOMAS H. ELAM,
JOHN TOLHURST,
JOHN RUNTZ,
GEORGE HILL,
WM. SHEPHERD,
WM. DEBENHAM,
GEORGE PHILLIPS,
DONALD MUNRO,
W. H. DALTON,
GEO. EDWARDS.

The marked Catalogue and Account of sale of building materials of houses in Kentish-town-road, submitted with the Report, were laid before the Board.

The Report having been read and received,

It was **moved** by Mr. Selway, seconded, and **resolved**—That, inasmuch as the Bill for the enclosure of a certain Common in the Manor of Fulham has not been deposited, as required by the Standing Orders of Parliament, the references to the Committee of the several Letters on the subject of the Bill be discharged.

The Memorial, presented this day by the Deputation from the Vestry of Lambeth, relative to the land belonging to Lambeth Palace, was considered by the Board.

It was **moved** by Mr. Selway, and seconded,—That the Vestry of Lambeth and Mr. Murphy be informed, in reply to their Letters relative to the pasture and recreation grounds attached to the Archbishop of Canterbury's residence at Lambeth, that, in the event of the Queen and the Government assenting to the opening of the land in question as a public recreation ground, this Board will be prepared to put it into proper condition for that purpose, and to hand it over to the Vestry, to be maintained in perpetuity by them.

An **amendment** thereon was **moved** by Mr. Hill, pursuant to notice—"That an "intimation be given to the Premier that if the proper authorities are willing to hand "over the Meadow for the free use of the public, this Board will be willing to accept "the charge."

The **amendment** was seconded by Lord Frederick FitzRoy.

After discussion the **amendment** was, by leave of the Board, withdrawn.

The **original motion** was then put to the vote, and declared by the Chairman to be carried; and it was **resolved** accordingly.

It was **moved** by Mr. Selway, seconded by Mr. Hill, and **resolved**—That, with a view to obtaining the land in question for the use of the public, it be referred to the Committee to communicate on the subject with the Prime Minister, the Ecclesiastical Commissioners, and all parties interested.

It was **moved** by Mr. Selway, seconded by Mr. Freeman, and **resolved**—That the question of increasing the number of Members of the Hackney District Board be referred back to the Committee, for further consideration and report.

It was **moved** by Mr. Selway, seconded, and **resolved**—That D. Cummings, Fitter's Labourer at the Crossness Pumping Station, who is unable on account of illness to return to his work, be allowed half-pay for a period of Three months from this date, and that if at the end of that time he should be unable to resume his duties, his employment under the Board be terminated.

**14**. Mr. Phillips, the Chairman of the Fire Brigade Committee, brought up a Report, as follows—

REPORT OF THE FIRE BRIGADE COMMITTEE.

Spring-gardens, 9th January, 1883.

Your Committee have to report that they have considered the Memorials from Officers and men of the Fire Brigade, referred to them on the 22nd December last, on the recommendation of the Works and General Purposes Committee. The Memorials are three in number. One is from all the Engineers of the Brigade, asking for an increase of pay; another is from the Second-class Engineers, asking that the number in the First Class may be increased; and the third is from 28 of the First-class Firemen, who ask that the number of Officers may be increased, with a view to more speedy promotion. The Engineers base their request for higher pay on the fact that since their present pay was fixed, there has been a considerable increase in the staff and appliances of the Brigade, and a consequent extension of their duties and responsibilities. That

there has been an enlargement of the Brigade there can be no doubt ; but, so far as your Committee can judge, and they have carefully looked into the question, there has been no such increase of the duties of these Officers, as a body, since the year 1877, when their present pay was fixed, as to give them a claim to a higher rate of remuneration than was then thought fair and proper ; especially taking into account the liberal scale of pensions and retiring allowances, to the benefits of which they can all look forward. So far, therefore, as the Memorial of the whole body of Engineers is concerned, your Committee, much as they appreciate the services of these Officers, are unable to recommend the Board to accede to their request. With respect to the Memorial of the Second-class Engineers, your Committee are of opinion that there are circumstances in their case which suggest the propriety of some alteration in the direction pointed to by the Memorial. The Engineers, who at present are 62 in number, are divided into two Classes, the pay of one Class being 6s. 3d. a week more than the other ; but it appears that this difference of Class and pay has no corresponding difference of work or responsibility. The Chief Officer has stated that when an Engineer is selected for a particular charge, he is selected without reference to Class, and that it has sometimes happened that a Second-class Engineer has been placed in charge of one of the chief Stations where the work and responsibility are the heaviest. Speaking generally, the duties of the Engineers are the same all round, and your Committee do not think it desirable to maintain a distinction which has no foundation in fact. They are not, however, prepared to suggest that all the Engineers should at once have the higher rate of pay. They think that, if the distinction of Class were abolished, and if it were provided that an Engineer should for the first Five years receive £2 1s. a week, to be increased at the end of that time to the higher rate of £2 7s. 9d., it would be much more satisfactory than the present arrangement, and the increased expense would not be great. The number of men to whom the alteration would at once apply, that is to say, who would at once receive the higher rate of pay, would be 14 to 15, and the increase in the annual cost would be about £250. Your Committee recommend—

> That the Officers now called respectively First and Second Class Engineers be in future called Engineers; that the pay of the Engineers for the first Five years after promotion to that rank be at the rate of £2 1s. 0d. a week, which is the present pay of Second-class Engineers, and that after the completion of the Five years' satisfactory service as Engineers, their pay be at the rate of £2 7s. 9d. a week, which is the present pay of First-class Engineers.

There remains the Memorial of the 28 First-class Firemen, who ask that the number of Officers may be increased, with a view to more speedy promotion. It appears that some of the First-class Firemen occasionally assist the Officers in the discharge of their duties. It seems to your Committee that this assistance may reasonably be expected from a First-class Fireman, who receives 10s. 3d. a week more than when he first joined the Brigade, and who looks forward in his turn to promotion to Officers' rank if he shows himself competent for it. The number of Officers must, however, be determined according to the necessities of the case, and your Committee are unable to see that at present a larger number of Officers is required. They cannot, therefore, recommend any alteration.

Your Committee have to report that Engineer C. H. Boltler, is certified by the Medical Officer of his District to be suffering from sprained back and general weakness, resulting from repeated accidents, met with in the execution of his duty, and that his infirmity is such as to permanently incapacitate him for service in the Brigade. Boltler was born in October, 1830, and joined the Brigade in July, 1853 ; he has, therefore, completed 29 years' service. The Chief Officer has certified that Boltler has served with zeal and fidelity, and your Committee recommend—

> That he be discharged with a Pension of £2 1s. 10d. a week, the amount to which he is entitled under the Board's Regulations.

First-class Fireman James Cooper is also certified by the Medical Officer of his District to be permanently incapacitated for further service, his complaint being nervous debility. Cooper, who was born in November, 1843, joined the Brigade in January,

1872, and has, therefore, completed Eleven years' service, and, as the Chief Officer has certified that Cooper has served with zeal and fidelity, your Committee recommend—

That he be discharged with a Gratuity of £81 12s. 7d., the amount to which he is entitled under the Board's Regulations.

Second-class Fireman G. W. Williams is certified by the Medical Officer to be afflicted with palsy of the right side of the body, and to be permanently incapacitated for further service. Williams was born in October, 1845, and joined the Brigade in October, 1874. As he has completed Eight years' service, and has latterly served with zeal and fidelity, your Committee recommend—

That he be discharged with a Gratuity of £53 8s. 11d., the amount to which he is entitled under the Board's Regulations.

The Chief Officer has brought before your Committee W. E. G. Evans, a Fourth-class Fireman, who, although he has been little more than Two years in the service, has been a long time on the sick list. The Medical Officer of the District is unwilling to take upon himself to say that Evans is permanently incapacitated for service, but the Chief Officer is satisfied, and your Committee, having seen Evans, are also satisfied that he is not sufficiently strong for service as a Fireman. Your Committee accordingly recommend—

That he be discharged with a Gratuity of £5.

The Chief Officer has reported that Engineer John Bailey died on the 20th December last, from bronchitis and inflammation of the lungs, brought on by exposure and chill at the great fire in Wood-street, on the 8th December. Bailey was born in September, 1836, and joined the Brigade in February, 1861. He leaves a widow, aged 43, and one child, aged 10 years. It appears to your Committee that, as Bailey's death was caused by exposure and chill at the fire, an Annuity should be granted to his widow. They accordingly recommend—

That 25s. a week be granted to her, the Annuity to continue during the pleasure of the Board.

The Chief Officer has also reported that Fourth-class Fireman Henry Berg, died on the 28th December last, from the injuries he received at the burning of the Alhambra Theatre on the 7th December, as reported by your Committee on the 15th of that month. Berg joined the Brigade in June, 1881, and the Chief Officer states that he was in every respect a promising young man. He was not married, but he leaves a mother who was almost entirely dependent upon him. As by his death his mother is deprived of her main support, your Committee are of opinion that the Board should make her a substantial grant of money. They accordingly recommend—

That the sum of £100 be granted to her; and also a further sum of £10, which has already been paid by the Chief Officer, for the expenses of her journey from Aberdeen to London and back, and for her stay in London attending on her son.

From a statement laid before your Committee by the Chief Officer, it appears that the funeral expenses of Engineer Bailey and Firemen Ashford and Berg amount altogether to £39 13s. 6d. The amount allowed under the Standing Order of the Board for the Funeral expenses of a Fireman is £5; but, under the special circumstance of these cases, your Committee recommend—

That the expenses actually incurred, £39 13s. 6d., be paid.

The attention of your Committee has been directed to the great care and attention bestowed by the Medical and Nursing staff of Charing-cross Hospital upon the two injured Firemen, Ashford and Berg, who died in the Hospital. Your Committee recommend—

That a Letter be addressed, on behalf of the Board, to the Hospital authorities, thanking them for the care and attention which the injured Firemen received.

Your Committee have to report that First-class Fireman John Gandy, Second-class Fireman William Johnson, Jun., Third-class Firemen Arthur Bishop, William Wright,

Edward Quilter, and James Burchett, and Fourth-class Firemen Benjamin Roberts, Robert W. Charlton, Richard Pennington, Samuel Ratcliff, and Samuel Goldfinch have withdrawn from the service; and that their names have accordingly been removed from the list of Firemen.

Third-class Fireman John Wheatley has been reported to your Committee for being absent from his duty at the recent fire in Wood-street, and for being concerned, with two other persons, in stealing a quantity of Silk upon the same occasion. He was taken into custody and underwent Fourteen days' imprisonment; and your Committee recommend—

That he be dismissed.

Fourth-class Fireman Charles Heckford has also been reported for drunkenness whilst on duty, and for other offences; and your Committee recommend—

That he be dismissed.

Your Committee have further to recommend the following promotions, viz.—

First-class Fireman James Pearce to be Engineer; Second-class Firemen James Morris, Jun., Thomas Thompson, and William Dyball to the First Class; Third-class Firemen John L. Redding, John Foster, Thomas Wilson, and Edward Miller, to the Second Class; and Fourth-class Firemen Walter P. Mundy, William G. Snell, James Morris, William Johnston, Frederick Sillence, Alfred Humby, Alfred H. Warman, and Ronald Shearing, to the Third Class.

They have also to recommend—

That George Murphy, Joseph H. B. West, John Davidson, George Shrubsole, and Joseph Johnston be appointed, during the pleasure of the Board, in the Fourth Class of Firemen to fill vacancies.

The Chief Officer has reported that the Steam Fire Engine, No. 102, is in such a condition as to require considerable repair. The Engine was made in 1868, and this is consequently the Fifteenth year in which it has been at work. A large sum has been spent upon it in repairs in the course of that time, and it appears to your Committee that, instead of expending more money upon it, a new Engine should be obtained in its place. Messrs. Merryweather and Sons, the makers, are willing to take the old Engine back and to supply a new one for £330; this is equivalent to an allowance of £50 for the old Engine. Your Committee recommend—

That Messrs. Merryweather and Sons' offer be accepted.

Your Committee reported, on the 5th April last, that they had ordered six manual Engines of Messrs. W. Rose and Co., of Manchester, that firm having undertaken to supply them, within Three months, at the price of £63 each Engine. The period named in the Tender has been extended from time to time, until now Nine months have elapsed since Messrs. Rose and Co.'s offer was accepted, but the Engines have not yet been supplied. Some time ago one Engine was sent up for the Chief Officer's approval, but it was not made to his satisfaction, and since then not one of the Engines has been sent up. It appears to your Committee that Messrs. Rose and Co. have had extended to them the utmost indulgence that could be expected, and your Committee have now, after giving Messrs. Rose and Co. due notice, directed that the Engines shall be obtained from Messrs. Shand, Mason and Co., at the price of £70 each, their Tender having been the next in amount to that of Messrs. Rose and Co. Two other Engines, which the Board on the 14th July last authorised your Committee to obtain, have also been ordered of Messrs. Shand, Mason and Co., making Eight in all.

Your Committee have reported from time to time that the Post Office authorities were proceeding, under their instructions, to provide Fire-alarm circuits throughout the Metropolis. A number of these have already been established, as your Committee have reported; and a short time ago your Committee applied to the Post Office for an Estimate of the cost of providing circuits of Fire alarms around all the remaining Stations, 33 in number. The Post Office authorities are proceeding with the preparation of

these Estimates, and with respect to the circuits around Ten of the Stations, namely, Brompton, Chelsea, Paddington, Baker-street, Great Portland-street, Regent-street, Chandos-street, Poplar, Isle of Dogs, and Bishopsgate, they have stated that the estimated annual cost will be £502 10s. This amount will be subject to alteration when the actual length of the wires in each case shall have been ascertained. Your Committee have given instructions to the Post Office to proceed in due course with the laying of these Ten circuits.

Your Committee reported, on the 15th December, that they had ordered 10,000 feet of Canvas Hose of Messrs. M^cGregor and Co., of Dundee, to re-place a quantity destroyed at the recent large fires. They stated that the cost would be about £815; and they have now to report that Messrs. M^cGregor and Co., have undertaken to supply the 10,000 feet for the sum of £830.

Your Committee have further to report, for the information of the Board, that they have authorised your Superintending Architect to continue, until the end of this year, the employment of two temporary Assistants in his Department, who have, for two or three years past, been engaged on Fire Brigade work. These Assistants are Mr. H. R. Brakespear, as Draughtsman, who receives £3 a week, and Mr. F. C. Hart, a Junior Assistant, who receives £1 10s. a week.

Your Committee have also to report, for the Board's information, that John Lilley, formerly an Engineer in the Brigade, who was discharged on the 10th May, 1878, with a Pension of £1 15s. 2d. a week, died on the 18th November last.

All which your Committee beg to submit.

(Signed) GEORGE PHILLIPS,
GEO. HILL,
W. R. SELWAY,
W. J. WETENHALL,
GEO. EDWARDS,
ROB^T. JONES.

The Report having been read and received,

It was moved by Mr. Phillips, seconded by Mr. Thompson, and resolved—That the Officers now called respectively First and Second Class Engineers be in future called Engineers; that the pay of the Engineers for the first Five years after promotion to that rank be at the rate of £2 1s. 0d. a week, and that after the completion of Five years' satisfactory service as Engineers their pay be at the rate of £2 7s. 9d. a week.

It was moved by Mr. Phillips, seconded by Mr. Thompson, and resolved—That the Board concur in the opinion of the Committee that it is not necessary, at present, to increase the number of Officers in the Brigade, or to sanction any increase of pay, other than that which will follow on the adoption of the arrangement under the foregoing Resolution.

It was moved by Mr. Phillips, seconded by Mr. Thompson, and resolved—That Engineer C. H. Boltler, who is certified to be incapacitated by infirmity for further service in the Brigade, be discharged, with the Pension to which he is entitled under the Board's Regulations—namely, £2 1s. 10d. a week.

It was moved by Mr. Phillips, seconded by Mr. Thompson, and resolved—That First-class Fireman James Cooper, who is certified to be incapacitated by infirmity for further service in the Brigade, be discharged with a Gratuity of £81 12s. 7d., the amount to which he is entitled under the Board's Regulations.

It was moved by Mr. Phillips, seconded by Mr. Thompson, and resolved—That Second-class Fireman G. W. Williams, who is certified to be incapacitated by infirmity for further service in the Brigade, be discharged with a Gratuity of £53 8s. 11d., the amount to which he is entitled under the Board's Regulations.

It was **moved** by Mr. Phillips, seconded by Mr. Thompson, and **resolved**—That Fourth-class Fireman W. E. G. Evans, whose state of health is such as to render him unfit for further service as a Fireman, be discharged with a Gratuity of £5.

It was **moved** by Mr. Phillips, seconded by Mr. Meaden, and **resolved**—That, in accordance with the Standing Order of the Board, an Annuity of 25s. a week be granted, during the pleasure of the Board, to the widow of John Bailey, late an Engineer, who died on the 20th December from the effects of exposure and chill at the fire in Wood-street on the 8th of that month.

It was **moved** by Mr. Phillips, and seconded—That a sum of £100 be granted to the mother of Henry Berg, late a Fourth-class Fireman, who died on the 28th December last from injuries received at the burning of the Alhambra Theatre, and that a further sum of £10 be also granted for the expense of her journey from Aberdeen to London and back, and of her stay in London whilst attending her son.

An **amendment** thereon was **moved** by Mr. Selway, and seconded by Mr. Turner—That the recommendation of the Committee be referred back to them for further consideration, and to confer with the Solicitor as to the legal power of the Board to make the proposed grant.

The **amendment** having been put to the vote, there were for it 11, against it 23; and it was declared by the Chairman to be lost.

A Division having been demanded and granted, the names of the Members voting were taken down, when there were—

For the Amendment—11.

Abbott, J., Esq.
Brown, G., Esq.
Elam, T. H., Esq.
Fell, W. H., Esq.
Ingoldby, F., Esq.
Jones, R., Esq.
Munro, D., Esq.
Rogers, E. Dresser, Esq.
Runtz, J., Esq.
Turner, T., Esq.

Teller—Mr. Selway.

Against the Amendment—23.

Bradfield, J. E., Esq.
Cook, E. R., Esq.
Cox, R., Esq.
Dalton, W. H., Esq.
Debenham, W., Esq.
Edwards, G., Esq.
Egerton, Hon. A. De Tatton.
Ewin, A., Esq.
FitzRoy, Lord F. J.
Fowler, F. H., Esq.
Freeman, R., Esq.
Harben, H., Esq.
Hill, G., Esq.
Jones, J., Esq.
Lloyd, J. R., Esq.
Meaden, G. P., Esq.
Pocock, A., Esq.
Reddish, J., Esq.
Shepherd, W., Esq.
Thompson, E. J., Esq.
Urquhart, W., Esq.
Wetenhall, W. J., Esq.

Teller—Mr. Phillips.

The **original motion** was then put to the vote, and declared by the Chairman to be carried; and it was **resolved** accordingly.

It was **moved** by Mr. Phillips, and seconded—That a Cheque for the sum of £110 be now drawn, and be handed to Captain Shaw, with a view to his disbursing the same for the benefit of Mrs. Berg.

The **motion** having been put to the vote, there were for it 23, against it 7, and it was declared by the Chairman to be carried; and it was **resolved** accordingly.

A Cheque was then drawn on the Fire Brigade Working Account accordingly.

It was **moved** by Mr. Phillips, seconded, and **resolved**—That the funeral expenses of Engineer Bailey and Firemen Ashford and Berg, amounting to £39 13s. 6d., be paid, and that a Cheque be drawn for the amount; and a Cheque was drawn on the Fire Brigade Working Account accordingly.

It was moved by Mr. Phillips, seconded, and resolved—That a Letter be addressed to the authorities of Charing-cross Hospital, thanking them for the care and attention bestowed upon the two injured Firemen, Ashford and Berg, who died in the Hospital.

It was moved by Mr. Phillips, seconded, and resolved—That Third-class Fireman John Wheatley and Fourth-class Fireman Charles Heckford be dismissed for misconduct.

It was moved by Mr. Phillips, seconded, and resolved—That the following promotions be made, viz.:—First-class Fireman James Pearce to be Engineer; Second-class Firemen James Morris, Jun., Thomas Thompson, and William Dyball to the First Class; Third-class Firemen John L. Redding, John Foster, Thomas Wilson, and Edward Miller, to the Second Class; and Fourth-class Firemen Walter P. Mundy, William G. Snell, James Morris, William Johnston, Frederick Sillence, Alfred Humby, Alfred H. Warman, and Ronald Shearing, to the Third Class.

It was moved by Mr. Phillips, seconded, and resolved—That George Murphy, Joseph H. B. West, John Davidson, George Shrubsole, and Joseph Johnston be appointed, during the pleasure of the Board, in the Fourth Class of Firemen to fill vacancies.

It was moved by Mr. Phillips, seconded, and resolved—That a new steam Fire Engine be obtained, in substitution for the Engine No. 102; and that the offer of Messrs. Merryweather and Sons to take back the old Engine and to supply a new one in its place, for the sum of £330, be accepted.

15. Mr. Shepherd, the Chairman of the Building Act Committee, brought up a Report, as follows—

REPORT OF THE BUILDING ACT COMMITTEE.

Spring-gardens, 9th January, 1883.

Your Committee have to report that they have had before them a Letter from Mr. C. J. Drummond, Secretary of the London Society of Compositors, stating that the Society are willing to dispose of some Freehold property at the rear of the Connaught Theatre (otherwise the Alcazar), in High Holborn, should it be found necessary to improve the building in any way. Your Committee recommend—

That Mr. Drummond be informed that the Board have not yet decided what alterations are required for the purpose of remedying the structural defects of the building, and that any further communications with respect to the property in question should be addressed to the Owners of the Theatre.

Your Committee have also to report that the application of Mr. C. J. Phipps, on behalf of Mr. Edgar Bruce, for a Certificate by the Board, in respect of a Theatre proposed to be erected in Coventry-street, at the corner of Whitcomb-street, St. Martin-in-the-Fields, referred by the Board on the 10th November last (No. 93), has been withdrawn; and they recommend—

That the reference be discharged.

Your Committee have further to report that they have had before them a Letter from Mr. C. J. Phipps, enclosing the draft Notice of the Board's requirements under the Act of 1878, in respect of the Vaudeville Theatre, and requesting that the Notice might be sealed by the Board, and be returned to him as early as possible. The draft Notice was sent to the Owners in a Letter from the Clerk of the Board, dated 2nd August, 1882, containing an intimation that the Theatres and Music-halls Sub-Committee would be prepared to confer with them on the subject of the Board's requisitions on the 8th August. Mr. Phipps attended the Sub-Committee, on behalf of the Owners, and stated that he practically accepted the whole of the Board's requisitions, and that part of the work had already been executed. Subsequently, in a Letter dated 21st September, 1882, Mr. Phipps informed the Board that the whole of the requirements had been completely carried out; and the Board, on the 30th October last (No. 17), in accordance with the recommendation of your Committee, accepted the works executed

as a compliance with the terms of the Notice. Under these circumstances, it was unnecessary to serve a sealed Notice upon the Owners, but Mr. Phipps now requests that the draft Notice may be sealed, in consequence of the Ownership of the Theatre being somewhat involved. Your Committee, having received a Report from your Solicitor on the question, have instructed him to prepare a Letter to Mr. Phipps, to the effect that the Board are willing, with the consent of the Lord Chamberlain, to adopt any course which may secure a valid charge against the persons liable as Owners, under the Act of 1878, for the cost of the structural alterations recently effected. Your Committee beg to submit this Letter herewith, and to recommend—

That it be approved, and be sent to Mr. Phipps.

Your Committee have considered the Letter from Mr. F. J. A. Abrahams, stating that he would carry out the Board's requirements respecting the Queen's Palace of Varieties, in High-street, Poplar, and submit Plans for approval, and requesting that the time for completion might run from the date of such approval, referred by the Board on the 24th November last (No. 34). The Drawings referred to were forwarded by Messrs. Clarkson in a Letter, dated 11th December last, and showed the walls proposed to be erected above and below the proscenium opening, and also the new entrance proposed to be formed at the Eastern side of the premises. The materials of which the floor of the new entrance is to be formed are not specified, but its construction in other respects appears to be satisfactory. The construction of the proscenium wall, however, is open to objection. It is proposed to turn an arch in brickwork over the proscenium opening, and to place a wooden queen-post truss, with iron rods and shoes, under the arch, filling in the spaces between the parts of the truss with brickwork. In the event of the wood being burned away, your Superintending Architect is of opinion that the arch would thrust out the walls, and that the superincumbent brickwork would fall. Another objectionable feature of the Plan is the proposal to thicken the existing 9-inch wall by adding to it a surface of brickwork $4\frac{1}{2}$ inches in thickness. It will be remembered that the subject of the structural alterations necessary for securing the safety of the public in the building has been carefully considered by the Board, who, on the 11th August last (No. 14), directed that their Notice should, upon the receipt of the consent of the principal Secretary of State, be sealed and be served upon the Owner. Under these circumstances, your Committee recommend—

That Mr. Abrahams be informed that the Board are unable to approve of the Drawings submitted, and that the requirements of the Board must be carried out in accordance with the terms of the Notice served upon the Owner on the 12th September, 1882.

Your Committee have also to report that they have had under consideration the question of the further steps it is desirable to take with reference to the Royal Music-hall, in Holborn. In a Letter, dated 8th December, 1882, Mr. E. Clark, the Surveyor to the Owner, states that he has obtained a copy of the Drawing attached to the Award of the Arbitrator, and requests permission to construct the additional staircase, required by the Board to be erected at the Northern end of the Hall, in the position proposed by the Board, and without the modification directed by the Arbitrator. Your Committee have received a Report upon the subject from your Superintending Architect, and are of opinion that the Award of the Arbitrator is mandatory with respect to the staircase; and also a Report from your Solicitor, stating that the time allowed by the Board's Notice for remedying the structural defects of the building has now expired. Your Committee, under these circumstances, recommend—

That Mr. Clark be informed that the Board are unable to agree to any departure from the requirements in the Award of the Arbitrator, and that, inasmuch as the time allowed for the execution of the works has expired, penalties for their non-completion may now be applied for by the Board.

Your Committee beg to submit herewith a draft Letter to the foregoing effect, prepared by your Solicitor, and they recommend—

That it be approved and be sent to Mr. Clark.

Your Committee have considered the Arbitrator's Award with respect to the structural alterations required by the Board to be made at the South London Palace of Amusement, in London-road, Southwark, referred by the Board on the 8th ultimo (No. 25). The Board's requirements in respect of the building were eight in number, and will be found *in extenso* in the Report of your Committee, presented to the Board on the 16th June last (No. 11). Your Committee will briefly state, for the information of the Board, the decision of the Arbitrator with respect to each of those requirements. The first, relative to the proscenium wall, has been confirmed, with a modification allowing the closing of the openings in the wall, either with doors of wrought-iron or of concrete. The second requirement, as to the re-construction of the principal staircase from the ground floor to the balcony, has been confirmed, but option is given to strengthen the staircase in accordance with the alternative scheme proposed by the Appellant's Surveyor. The third requirement of the Board had respect to increasing the width of the staircase from the balcony to the gallery level, and the removal of the ladies' lavatory at the head of the staircase. So much of this requirement as relates to the staircase itself has been confirmed, but with a similar option to that granted in respect of the Board's second requirement. The Arbitrator is of opinion that the lavatory need not be removed, provided the door be made to open in four folds instead of two. The Board by their fourth requirement directed the re-construction of the gallery staircase, the removal of the pay-box in the angle of the staircase, the construction of a fire-resisting corridor from the head of the staircase to the gallery, and the making of the doors to the staircase to open outwards. The part of this requirement relating to the re-construction of the staircase has been confirmed, with the option, however, of repairing and strengthening the existing staircase. The pay-box is to be removed; the ceiling of the passage on the gallery level leading to the gallery staircase is to be lined with concrete slabs; and all doors to the staircase are to be made to open outwards. The Board's fifth requirement related to the construction of a new stone staircase at the South-east angle of the premises, opening into London-street, and this has been confirmed, but with the option to construct a staircase at the North-east angle of the premises with a free passage-way leading into Market-street. The sixth requirement of the Board provided for bricking up the openings on the North side of the entrance corridor out of London-road, and the roofing of the corridor with fire-resisting materials. This requirement has been confirmed, but one opening has been allowed for a pay-box, closed with an iron shutter; and the corridor may be roofed with Drake's concrete slabs. The seventh requirement, relative to the turning of a brick arch over that part of the cellar which extends under the auditorium, has been confirmed, with the option of forming the ceiling of the cellar of concrete slabs. The Board's eighth requirement, as to bricking up certain windows on the East side of the Hall, has been confirmed without qualification.

Your Committee have also considered the application of Mr. J. O. Cook, on behalf of Mr. H. Gigney, for approval by the Board of a Plan for the construction of a proposed gallery to the Music-hall at the rear of the "Windsor Castle" Public-house in Maxey-road, Plumstead, referred by the Board on the 24th November last (No. 63). The gallery will be approached by a staircase at the North-East angle of the building. The staircase will not be supported at both ends upon brick walls, as required by the Board's Regulations. The width of the corridors leading to the private boxes in the gallery will be only three feet, the minimum width required by the Board being four feet six inches. These corridors, and the back of the gallery, will be enclosed with wood partitions. Your Committee consider the proposal objectionable, and they recommend—

That the application be not granted.

Your Committee beg to submit, herewith, five Reports which they have received from your Superintending Architect, specifying certain works which it is necessary should

be carried out under Magistrates' Orders at the premises therein mentioned, the same being Dangerous Structures, and they recommend—

That the Contractors, Messrs. J. and J. Greenwood, be instructed to carry out the works ordered by the Magistrates to be executed at the following premises—

No. 7, Draper-street, St. Mary, Newington.
No. 9, Do. Do.
No. 9, Westbourne-terrace, Paddington.
Furniture Repository, High-road, Clapton.
Shed at the rear of Nos. 5 and 6, Garden-row, St. George-the-Martyr, Southwark.

Your Committee have further to report that they have considered the application of Messrs. W. F. Meakin and Son, for approval by the Board of a Plan for the formation of a new road between St. Paul's-road and Elm-road, Camden-town, referred by the Board, on the 15th December last (No. 69). The proposed road appears to conform to the Bye-law of the Board, but your Committee are informed that it will be necessary to pull down several good houses in order to make the road, and they think that the Board should be informed whether the applicants are in possession of all the property required. The name suggested for the new road is not in use, and the Vestry offer no objection to the application. Your Committee recommend—

That the application be granted, on condition that the applicants do prove to the satisfaction of the Board's Solicitor that they are in possession of all the properties required for forming the road; and also on condition that no barriers be at any time erected, or other obstructions caused to the free use by the public of the said road, and that the name, "Commissioners'-road, N.W.," be approved for the same.

Your Committee have also considered the application of Mr. R. J. Withers, on behalf of the Rev. J. R. Nicholl, for the consent of the Board to the erection of Saint Anselm's Church, in Madeira-road, at the corner of Oakdale-road, Streatham, to the line shown upon the Plan accompanying the application, referred by the Board on the 15th December last (No. 57.) The Freeholder is the Owner of the whole of the adjacent land, which is now being built upon, and many of the adjoining houses are either incomplete or as yet unoccupied. Your Committee recommend—

That the application be granted, on condition that the erection be made in entire conformity with the letter of application, and as shown on the Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board.

Your Committee have further to report that they have considered the application of Mr. B. Gilbert, for approval by the Board of an amended Plan for the formation and names of new roads to lead out of the East side of Ellison-road, and the North side of Greyhound-lane, Croydon-road, Streatham; also for the widening of a portion of Baker's-lane, in connection therewith, referred by the Board on the 15th December last (No. 70). A Plan for laying out the roads was refused by the Board on the 16th June last, the ground of the refusal being the awkward bend in the road at the junction of Ellison-road and Baker's-lane. It is now proposed to form the entrance to this road out of Baker's-lane, as shown by the Red lines on the Plan at the points marked "E" and "F." The District Board do not object, provided that the pieces of land marked "B," "E" and "F" be given up and added to the public way, and your Committee recommend—

That the application be granted, on condition that, previously to the formation of the proposed new road, the Cottages at the entrance to the road be pulled down; that the pieces of land marked "B," "E" and "F" be added to the public way, and that the applicant do enter into an undertaking to that effect, to be prepared by the Solicitor; and also on condition that no barriers be at any time erected or other obstructions caused to the free use by the public of the said roads, and that the names "Pasture-road, S.W.," and "Pathfield-road, S.W.," be approved for the same.

In accordance with the Resolution of the Board of the 22nd December last (No. 69), your Committee have considered the application of Mr. J. T. Barker, on behalf of the Synod of the Presbyterian Church of England, for the consent of the Board to the erection of a Church, with a Lecture Hall attached, on the South side of Thurlow-park-road, at the corner of Court-road, Dulwich, to the line shown upon the Plan

accompanying the application. It is proposed to erect the Church and Lecture Hall at the junction of Thurlow-park-road and Court-road, and the buildings, if constructed in the manner shown on the Plan, would project in advance of the existing houses in both roads. The adjoining Owners object to the proposed buildings, and your Committee recommend—

That the application be not granted.

Your Committee have also to report that they have considered the application of Mr. F. S. Brereton, on behalf of Mr. C. W. Todd, for approval by the Board of a Plan for the formation and names of new roads between Old Dover-road and Charlton-road, St. John's-park, Blackheath, referred by the Board on the 22nd December last (No. 77). The Estate upon which the roads are to be formed is of an irregular shape, and is situated on the North side of Old Dover-road, Blackheath, and it has an entrance leading out of Charlton-road. The applicant has made no provision for continuing the roads which abut upon the Eastern boundary of his land, his reason for adopting that course being, your Committee are informed, the inferior character of the property on that side. As, however, the proposed roads appear to conform to the law in all respects, your Committee recommend—

That the application be granted, on condition that no barriers be at any time erected or other obstructions caused to the free use by the public of the said roads, and that the names "Banchory-road, S.E.," "Craigerne-road, S.E.," and "Dornberg-road, S.E.," be approved for the same.

Your Committee have also considered the application of Messrs. Morris and Stallwood, on behalf of the Battersea and New Wandsworth Public Halls Company, for approval by the Board of the line of frontage to be adopted in the erection of the proposed New Wandsworth Public Hall, on the South side of Lavender-hill, referred by the Board on the 5th instant (No. 69). The proposed Hall, a portion of which will front towards Lavender-hill, will abut for the greater part of its length upon St. John's-road, Some houses with shops have recently been erected on the East side of St. John's-road, South of the proposed new Hall, leaving the public way rather more than 40 feet in width. The applicants are unwilling to continue the line thus established, but would prefer to take a straight line from the North-west corner of the existing shops, to the corner of Lavender,hill, where the road-way will be narrowed to 40 feet. The District Board disapprove of the proposal, and your Committee, considering the application objectionable, recommend—

That the application be not granted.

Your Committee have further to report that they have considered the Letter from the Vestry of Hampstead, relative to the insufficiency of the existing law for duly regulating the erection and extension of houses and buildings in close proximity to public roads within the Metropolis, and urging the Board to procure an amendment of the law, by the enactment of more stringent provisions on the subject, referred by the Board, on the 1st December last (No. 39.) Your Solicitor has advised your Committee that, although the 6th Section of the Act, 41 and 42 Victoria, cap. 32, exempts any building in or abutting upon any street formed or laid out for building at the time of the passing of that Act, it does not repeal the 98th Section of the Act 25 and 26 Victoria, cap. 102, which gives sufficient power to the Board to deal with the question. The case referred to by the Vestry, however, is one of some difficulty, and does not appear to be a favourable one in which to attempt to enforce the law. Your Committee recommend—

That the Vestry of Hampstead be informed, in reply to their Letter, that the Board do not consider it desirable, at the present time, to seek any further legislation with regard to the insufficiency of the existing law.

Your Committee have to report that they have considered the Letter from Mr. H. Parsons, District Surveyor, relative to the open space to be left at the rear of a building at the corner of Nursery-road and Shepherd's-lane, Brixton, and fronting upon each of those roads, referred by the Board on the 20th October last (No. 55). Your Committee

have received a Report from your Solicitor, expressing his opinion that the 29th Section of the Building Act of 1855 is repealed, so far as it is inconsistent with the 14th Section of the Amending Act of 1882, and your Committee recommend—

That the substance of the Solicitor's Report be communicated to Mr. Parsons, in reply to his Letter.

Your Committee have also had under consideration the Letters from Mr. E. R. Hewitt, District Surveyor, and Mr. H. G. Brace, stating that, a Disagreement having arisen between them relative to the construction of a School-room over the Unitarian Chapel in Stamford-street, Blackfriars-road, they, in accordance with the 30th Section of the Metropolitan Building Act, 1855, submitted the matter for the decision of the Board, referred by the Board on the 17th November last (No. 95). In this case there are several questions of importance at issue between the District Surveyor and Mr. Brace, and the building has been for some time completed. Your Committee recommend—

That the matter of Disagreement be considered by the Board on Friday, the 19th instant, at One o'clock p.m., and that the parties interested be requested to attend.

Your Committee have also to report that they have considered the Letter from Mr. C. Foulsham, District Surveyor, asking for the Board's opinion as to the effect of the 14th Section of the Metropolis Management and Building Acts Amendment Act, 1882, upon the provision relating to open spaces at the rear of dwellings, contained in the 29th Section of the Building Act, 1855, referred by the Board on the 1st December last (No. 68). Your Committee have had before them a Report by your Solicitor explaining the legal bearings of the question, and they recommend—

That the substance of the Solicitor's Report be communicated to Mr. Foulsham, in reply to his Letter.

Your Committee have also to report that they have considered the Letter from the Hackney District Board, stating that Mr. B. T. Wood, of Linscott-road, Lower Clapton, had erected a barrier across Linscott-road, Eastward of Mayola-road, and thereby prevented the occupiers of eight houses and of the Salvation Army Congress Hall from using the Eastern portion of Linscott-road for vehicular traffic, referred by the Board on the 5th instant (No. 73). Your Committee are informed that the barrier in question has now been removed, and they recommend—

That no action be taken by the Board in the matter.

Your Committee have further to report that they have considered the Letter from Mr. E. D. Drury, District Surveyor, relative to the construction of a wooden erection at No. 33, Vauxhall-bridge-road, referred by the Board on the 22nd December last (No. 74). Your Committee have had before them a Report by your Solicitor, who is of opinion that a Penal Notice should be served and a Summons taken out under Section 13 of the Act 45 Victoria, cap. 14, to get the building removed. Your Committee recommend—

That the Solicitor be instructed to serve a Penal Notice as suggested by him, and to take out a Summons to get the building removed.

In accordance with the Resolution of the Board of the 8th December, last (No. 57), your Committee have considered the application of Messrs. Still and Son, on behalf of Mrs. Carr-Gomm, for approval by the Board of an amended Plan for the formation of a new road to lead out of the West side of Deptford Lower-road, and the South side of Union-road, Rotherhithe. The proposed new road, which is of the full width, cannot be formed without removing two houses at Union-road and an Office in Deptford Lower-road, and some premises at the rear; the applicants, however, state that they have obtained the permission of the Leaseholder to remove those premises. Your Committee, under these circumstances, recommend—

That the application be granted, on condition that the applicants do sign an undertaking, to be prepared by the Solicitor, to remove Nos. 96 and 98, Union-road, previously to the occupation by tenants of any of the houses in the proposed road, and to make such road of the full width of 40 feet from end to end, as shown on the deposited Plan; and also on condition that no barriers be at any

time erected, or other obstructions caused to the free use by the public of the said road, and that the name "Culling-road, S.E.," be approved for the same.

Your Committee have also to report that they have considered the Letter from the Vestry of Lambeth, urging the Board, under the circumstances mentioned in their Letter, to re-consider their decision, and to institute proceedings against Mr. Clark, for erecting sheds, &c., on the forecourt of No. 403, Kennington-road, in advance of the general line of buildings, referred by the Board on the 15th December last (No. 35). The Board, on the 1st December last (No. 7), on the recommendation of your Committee, declined to take any action in the matter, and informed the Vestry of Lambeth that, in their opinion, the Vestry should institute proceedings against Mr. Clark, under Section 75 of the Act 25 and 26 Vic., cap. 102. The Vestry have now addressed a further Letter to the Board on the subject, pointing out the exceptional nature of the case, and asking the Board, under the peculiar circumstances, to take proceedings. Your Committee, having carefully considered all the facts, think that the request of the Vestry may properly be granted, and they recommend—

That proceedings be taken against Mr. Clark by the Board, and that the Vestry be informed accordingly.

Your Committee have also to report that they have considered the application of Mr. H. Clifford, for the consent of the Board to a modification of the condition attached to their Resolution of the 1st December last (No. 47), with reference to the height of a one-storey building adjoining No. 1, St. Thomas's-road, Finsbury-park, Islington, referred by the Board on the 15th December last (No. 43). The Board, on the 1st December last, approved of an application for sanction to the erection of a one-storey building adjoining No. 1, St. Thomas's-road. The applicant wishes that a few explanatory words should be added to the condition previously imposed. Your Committee see no objection to the request, and they recommend—

That the application be granted, on condition that the proposed one-storey building do not exceed in height the present one-storey building adjoining the same, and in the occupation of Mr. Adams.

Your Committee have further to report that they have considered the application of Mr. G. Acland, for the permission of the Board to retain a bay-window, erected over a portion of the forecourt of No. 72, Hampstead-road, to the line shown upon the Plan accompanying the application, referred by the Board on the 15th December last (No. 50). This overhanging bay-window is constructed of wood framing, glazed, and carried on two wooden brackets. It is 6 feet 8 inches wide, 6½ feet high, and projects 1 foot 2 inches beyond the general line of frontage. Your Committee, considering the proposal objectionable, recommend—

That the application be not granted.

In accordance with the reference by the Board of the 15th December last (No. 51), your Committee have considered the application of Mr. A. E. Hughes, for the consent of the Board to the erection of three-storey bay windows upon portions of the forecourts of Nos. 48 and 50, Whitfield-street, St. Pancras, to the line shown upon the Plan accompanying the application. These premises are about to be re-built, and for each of the new houses a three-storey bay window is required. The proposed bay windows will project 1 foot 7 inches beyond the general line of buildings. Your Committee, considering the Plan objectionable, recommend—

That the application be not granted.

Your Committee have also to report that they have considered the Letter from the Wandsworth District Board, stating that Hereward-road, Balham-road, had been formed of a less width than 40 feet in front of No. 2, Caroline-villas, referred by the Board on the 9th June last (No. 107). Your Committee have had before them a Report by your Solicitor, stating that he had served the builder with a Penal Notice requiring the road to be made 40 feet wide. Your Superintending Architect having informed your Committee that this has been done, they beg to report that the builder

has removed and set back the boundary fence of the forecourt of No. 2, Caroline-villas, and they recommend—

That the District Board be informed accordingly.

All which your Committee beg to submit.

(Signed) WM. SHEPHERD,
JOHN RUNTZ,
W. R. SELWAY,
WM. DEBENHAM,
DONALD MUNRO.

The draft Letters submitted with the Report were laid before the Board.

The Report having been read and received,

It was moved by Mr. Shepherd, seconded, and resolved—That Mr. C. J. Drummond be informed, in reply to his Letter stating that the London Society of Compositors are willing to dispose of some Freehold property situated immediately at the rear of the Connaught Theatre (otherwise the Alcazar), in High Holborn, that the Board have not yet decided what alterations are required for the purpose of remedying the structural defects of the building, and that any further communications with respect to the property in question should be addressed to the Owners of the Theatre.

It was moved by Mr. Shepherd, seconded, and resolved—That, inasmuch as the application of Mr. C. J. Phipps, on behalf of Mr. Edgar Bruce, for a Certificate in respect of a Theatre proposed to be erected in Coventry-street, at the corner of Whitcomb-street, has been withdrawn, the reference to the Committee of the application be discharged.

It was moved by Mr. Shepherd, seconded, and resolved—That, in reply to the request made by Mr. C. J. Phipps, that the draft Notice of the Board's requirements in respect of the Vaudeville Theatre might be sealed and returned to him, the Letter prepared by the Solicitor, and now submitted, to the effect that the Board are willing, with the consent of the Lord Chamberlain, to adopt any course which may secure a valid charge against the persons liable as Owners, under the Act of 1878, for the cost of the structural alterations recently effected, be approved, and be sent to Mr. Phipps.

It was moved by Mr. Shepherd, seconded, and resolved—That Mr. F. J. A. Abrahams be informed, in reply to his Letter, stating that he will carry out the Board's requirements respecting the Queen's Palace of Varieties, in High-street, Poplar, and submit Plans for approval, and requesting that the time for completion might run from the date of such approval, that the Board are unable to approve of the Drawings submitted to them, and that the requirements of the Board must be complied with, in accordance with the terms of the Notice served upon the Owner of the Theatre on the 12th September last.

It was moved by Mr. Shepherd, seconded, and resolved—That Mr. E. Clark, the Surveyor to the Owner of the Royal Music-hall, in Holborn, be informed that the Board are unable to agree to any departure from the requirements contained in the Award of the Arbitrator, and that, inasmuch as the time allowed for the execution of the works has expired, penalties for their non-completion may now be applied for by the Board; and that the draft Letter to the foregoing effect, prepared by the Solicitor, and now submitted, be approved, and be sent to Mr. Clark.

It was moved by Mr. Shepherd, seconded, and resolved—That the application of Mr. J. O. Cook, on behalf of Mr. H. Gigney, for approval by the Board of a Plan for the construction of a proposed gallery to the Music-hall at the rear of the "Windsor Castle" Public-house, in Maxey-road, Plumstead, be not granted.

The Report of the Building Act Committee of the 9th day of January, 1883, appointed by this Board, having been read and considered, and it being made to appear to the

Board that the owner and occupier of the structure No. 7, Draper-street, St. Mary, Newington, had failed to comply with the Orders made by Cuthbert Edward Ellison, Esquire, one of the Magistrates of the Police-courts of the Metropolis, sitting at the Lambeth Police-court, on the 28th day of October last and the 9th day of December last, for the removal of the dangerous portions of such structure, this Board doth, pursuant to the provisions of the Metropolitan Building Act, 1855, and the Metropolitan Building Act, 1869,

**Resolbe**, and it is hereby **resolbed** and **ordered**, on the **motion** of Mr. Shepherd—That the Contractors, Messrs. John and James Greenwood, of Maltby-street, Bermondsey, be instructed, and they are hereby authorised to take down the end wall of the scullery, to the level of the roof of the water-closet, and the enclosing walls of the water-closet to the level of the ground, at No. 7, Draper-street, St. Mary, Newington.

The Report of the Building Act Committee of the 9th day of January, 1883, appointed by this Board, having been read and considered, and it being made to appear to the Board that the owner and occupier of the structure, No. 9, Draper-street, St. Mary, Newington, had failed to comply with the Orders made by Cuthbert Edward Ellison, Esquire, one of the Magistrates of the Police-courts of the Metropolis, sitting at the Lambeth Police-court, on the 28th day of October last and the 9th day of December last, for the removal of the dangerous portions of such structure, this Board doth, pursuant to the provisions of the Metropolitan Building Act, 1855, and the Metropolitan Building Act, 1869,

**Resolbe**, and it hereby **resolbed** and **ordered**, on the **motion** of Mr. Shepherd—That the Contractors, Messrs. John and James Greenwood, of Maltby-street, Bermondsey, be instructed, and they are hereby authorised to take down the enclosing walls of the back addition, to the level of the ground, at No. 9, Draper-street, St. Mary, Newington.

The Report of the Building Act Committee of the 9th day of January, 1883, appointed by this Board, having been read and considered, and it being made to appear to the Board that the owner and occupier of the structure No. 9, Westbourne-terrace, Paddington, had failed to comply with the Order made by Albert de Rutzen, Esquire, one of the Magistrates of the Police-courts of the Metropolis, sitting at the Marylebone Police-court, on the 6th day of December last, for the removal of the dangerous portions of such structure, this Board doth, pursuant to the provisions of the Metropolitan Building Act, 1855, and the Metropolitan Building Act, 1869,

**Resolbe**, and it is hereby **resolbed** and **ordered**, on the **motion** of Mr. Shepherd—That the Contractors, Messrs. John and James Greenwood, of Maltby-street, Bermondsey, be instructed, and they are hereby authorised to take down the balcony at No. 9, Westbourne-terrace, Paddington.

The Report of the Building Act Committee, of the 9th day of January, 1883, appointed by this Board, having been read and considered, and it being made to appear to the Board that the owner of the structure known as the Furniture Repository, in High-road, Clapton, had failed to comply with the Order made by Henry Jeffreys Bushby, Esquire, one of the Magistrates of the Police courts of the Metropolis, sitting at the Worship-street Police-court, on the 16th day of November last, for the removal of the dangerous portions of such structure, this Board doth, pursuant to the provisions of the Metropolitan Building Act, 1855, and the Metropolitan Building Act, 1869,

**Resolbe**, and it is hereby **resolbed** and **ordered**, on the **motion** of Mr. Shepherd—That the Contractors, Messrs. John and James Greenwood, of Maltby-street, Bermondsey, be instructed, and they are hereby authorised to take down the whole of the damaged portion of the building to ten feet from the surface of the ground floor, and the whole of the North part next the yard, West of the door-way to the staircase, and also the chimney-shaft next the staircase at the Furniture Repository in High-road, Clapton.

The Report of the Building Act Committee, of the 9th day of January, 1883, appointed by this Board, having been read and considered, and it being made to appear to the Board that the owner of the shed at the rear of Nos. 5 and 6, Garden-row, St. George-the-Martyr, Southwark, had failed to comply with the Order made by John Bridge, Esquire, one of the Magistrates of the Police-courts of the Metropolis, sitting at the Southwark Police-court, on the 3rd day of October last, for the removal of the dangerous portions of such structure, this Board doth, pursuant to the provisions of the Metropolitan Building Act, 1855, and the Metropolitan Building Act, 1869,

**Resolve**, and it is hereby **resolved** and **ordered**, on the **motion** of Mr. Shepherd—That the Contractors, Messrs. John and James Greenwood, of Maltby-street, Bermondsey, be instructed, and they are hereby authorised to take down the shed at the rear of Nos. 5 and 6, Garden-row, St. George-the-Martyr, Southwark.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application of Messrs. W. F. Meakin and Son, for approval by the Board of a Plan for the formation of a new road between St. Paul's-road and Elm-road, Camden-town, be granted, on condition that the applicants do prove to the satisfaction of the Solicitor that they are in possession of all the properties required for enabling them to form the said road; and also on condition that no barriers be at any time erected, or other obstructions caused to the free use by the public of the said road, and that the name "Commissioners'-road, N.W.," be approved for the same.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application of Mr. R. J. Withers, on behalf of the Rev. J. R. Nicholl, for the consent of the Board to the erection of Saint Anselm's Church, in Madeira-road, at the corner of Oakdale-road, Streatham, to the line shown upon the Plan accompanying the application, be granted, on condition that the erection be made in entire conformity with the letter of application, and as shown on such Plan, and be not at any time, in any manner, altered or raised without the consent of this Board.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application of Mr. B. Gilbert, for approval by the Board of an amended Plan for the formation and names of new roads to lead out of the East side of Ellison-road, and the North side of Greyhound-lane, Croydon-road, Streatham, and for the widening of a portion of Baker's-lane, in connection therewith, be granted, on condition that, previously to the formation of the proposed new road, the Cottages at the entrance to such road be pulled down, and the pieces of land marked "B," "E," and "F," added to the public way, and that the applicant do enter into an undertaking to that effect, to be prepared by the Solicitor, and also on condition that no barriers be at any time erected or other obstructions caused to the free use by the public of the said roads, and that the names "Pasture-road, S.W.," and "Pathfield-road, S.W.," be approved for the same.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application of Mr. J. T. Barker, on behalf of the Synod of the Presbyterian Church of England, for the consent of the Board to the erection of a Church, with a Lecture Hall attached, on the South side of Thurlow-park-road, at the corner of Court-road, Dulwich, to the line shown upon the Plan accompanying the application, be not granted.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application of Mr. F. S. Brereton, on behalf of Mr. C. W. Todd, for approval by the Board of a Plan for the formation and names of new roads between Old Dover-road and Charlton-road, St. John's-park, Blackheath, be granted, on condition that no barriers be at any time erected or other obstructions caused to the free use by the public of the said roads, and that the names "Banchory-road, S.E.," "Craigerne-road, S.E.," and "Dornberg-road, S.E.," be approved for the same.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application of Messrs. Morris and Stallwood, on behalf of the Battersea and New Wandsworth Public

Halls Company, for the consent of the Board to the erection of the New Wandsworth Public Hall, on the South side of Lavender-hill, Battersea, at the corner of St. John's-road, to the line shown upon the Plan accompanying the application, be not granted.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the Vestry of Hampstead be informed, in reply to their Letter, relative to the insufficiency of the existing law for duly regulating the erection and extension of houses and buildings in close proximity to public roads within the Metropolis, and urging the Board to procure an amendment of the law, that the Board do not consider it desirable, at the present time, to seek any further legislation with regard to the subject.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the substance of the Solicitor's Report be communicated to Mr. Parsons, District Surveyor, in reply to his Letter, relative to the open space to be left at the rear of a building at the corner of Nursery-road and Shepherd's-lane, Brixton, and fronting upon each of those roads.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the matter of Disagreement between Mr. E. R. Hewitt, District Surveyor, and Mr. H. G. Brace, relative to the construction of a School-room over the Unitarian Chapel in Stamford-street, Blackfriars-road, be considered by the Board on Friday, the 19th instant, at One o'clock p.m., and that the parties interested be requested to attend.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the substance of the Solicitor's Report be communicated to Mr. Foulsham, District Surveyor, in reply to his Letter asking for the Board's opinion as to the effect of the 14th Section of the Metropolis Management and Building Acts Amendment Act, 1882, upon the provision relating to open spaces at the rear of dwellings, contained in the 29th Section of the Building Act, 1855.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That so much of the Report as relates to the Letter from the Hackney District Board on the subject of the erection by Mr. Wood of a barrier across Linscott-road, Eastward of Mayola-road, be approved, and that no action be taken by this Board in the matter.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That, with reference to the Letter from Mr. E. Dru Drury, District Surveyor, relative to the construction of a wooden erection at No. 33, Vauxhall-bridge-road, the Solicitor be instructed to serve a Penal Notice, and to take out a Summons under the 13th Section of the Act, 45 Vic., cap. 14, with a view to obtaining the removal of the building.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application of Messrs. Still and Son, on behalf of Mrs. Carr-Gomm, for approval by the Board of an amended Plan for the formation of new roads to lead out of the West side of Deptford Lower-road, and the South side of Union-road, Rotherhithe, be granted, on condition that the applicants do sign an undertaking, to be prepared by the Solicitor, to remove the premises, Nos. 96 and 98, Union-road, previously to the occupation by tenants of any of the houses in the proposed road, and to make such road of the full width of 40 feet from end to end, as shown on the deposited Plan; and also on condition that no barriers be at any time erected or other obstructions caused to the free use by the public of the said road, and that the name "Culling-road, S.E.," be approved for the same.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That so much of the Report as relates to the Letter from the Vestry of Lambeth, asking the Board to re-consider their decision, and to institute proceedings against Mr. Clark, for erecting sheds, &c., on the forecourt of No. 403, Kennington-road, in advance of the general line of buildings, be approved; that proceedings be taken against Mr. Clark by the Board, and that the Vestry be informed accordingly.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application of Mr. H. Clifford, for the consent of the Board to a modification of the condition attached to their Resolution of the 1st December last (No. 47), with reference to the height of a one-storey building adjoining No. 1, Saint Thomas's-road, Finsbury-park,

Islington, be granted, on condition that the proposed one-storey building do not exceed in height the present one-storey building adjoining the same, and in the occupation of Mr. Adams.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application of Mr. G. Acland, for the permission of the Board to retain a bay-window erected over a portion of the forecourt of No. 72, Hampstead-road, to the line shown upon the Plan accompanying the application, be not granted.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application of Mr. A. E. Hughes, for the consent of the Board to the erection of three-storey bay-windows upon portions of the forecourts of Nos. 48 and 50, Whitfield-street, St. Pancras, to the line shown upon the Plan accompanying the application, be not granted.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the Wandsworth District Board be informed, in reply to their Letter, that the boundary fence of the forecourt of No. 2, Caroline-villas, Hereward-road, Balham-hill, has been removed and set back by the builder.

**16**. Read a Report, as follows—

Spring-gardens,
12th January, 1883.

I beg to report that it is now necessary, in exercise of the power given to the Board under the Wandsworth Commons Act, 1871, to appoint one of their Members as a Representative on the Board of Conservators of Wandsworth-common.

The Board, on the 9th January, 1880, appointed Mr. George Pitney Meaden one of the Incorporation of Conservators for carrying the said Act into execution.

I beg to submit herewith a form of appointment, and to ask the Board to pass a Resolution appointing one of the Members of the Board; to seal the appointment, in duplicate, and to notify the same to the Clerk of the Conservators, as required by the Act.

(Signed) J. E. WAKEFIELD,
Clerk of the Board.

The Metropolitan Board of Works considered the Wandsworth Common Act, 1871, and the provision as to the appointment of a Conservator to be named by the Board.

**Resolved**, *unanimously*, on the **motion** of Mr. Selway, seconded by Mr. Dalton—That, pursuant to the same Act, this Board doth nominate and appoint George Pitney Meaden, Gentleman, of High-street, Clapham, a Member of this Board, one of the Incorporation of Conservators, for carrying the said Act into execution.

The Clerk laid before the Board a copy of the foregoing Minute, in duplicate.

It was **moved** by Mr. Selway, seconded by Mr. Dalton, and **resolved**—That the Common Seal of the Board be affixed to the said copy of Minute, in duplicate; and the Seal was affixed accordingly.

**17**. Read a Report by the Engineer, dated 12th January, 1883, on the undermentioned Sewerage works, proposed to be executed by the following Vestries—

| LOCALITY OF WORK. | WORK APPLIED FOR. | | | REMARKS. |
|---|---|---|---|---|
| | Length in feet. | Size. | Material. | |
| **PADDINGTON.** | | | | |
| Inverness-terrace and Fosbury-mews, Uxbridge-road .. .. | 550 | 3′ 9″ × 2′ 6″ | 1 brick. | Recommended as applied for. |
| **HAMPSTEAD.** | | | | |
| West-end-lane .. .. .. | 380 | 3′ 9″ × 2′ 6″ | 1 brick. | Recommended as applied for. |
| | 450 | 3′ 0″ × 2′ 0″ | 1 ,, | |
| | 460 | 12-inch. | Pipe. | |
| East Heath-road .. .. .. | 440 | 12 .. | .. | Recommended as applied for. |

It was moved by Mr. Selway, seconded, and resolved—That the Report be approved, and that the said Vestries be permitted to construct and execute the works in the manner therein recommended.

**18**. Read a Report by the Engineer, dated 11th January, 1883, on a Letter from the Lewisham District Board, submitting for approval an amended Plan of Sewers for the drainage of the Knighton-park Estate, Sydenham; stating that on the 29th September last this Board sanctioned the course which he (the Engineer) had taken in approving of a Plan which had been submitted by the District Board during the Recess, for the drainage of certain then intended roads on the Estate by means of 580 feet of 18-inch, 510 feet of 15-inch, and 1,625 feet of 12-inch pipes, but that in order to build larger houses on the Estate than was originally intended, it was now proposed to abandon the central road (shown upon the present Plan), and to slightly alter the position of the side roads; thus altering the drainage arrangements, which would be effected by means of 400 feet of 18-inch, 485 feet of 15-inch, and 1,125 feet of 12-inch pipes, as shown upon the Plan, and recommending the Board to approve thereof.

It was moved by Mr. Selway, seconded, and resolved—That the Report be approved, and that the amended Plan be sanctioned.

**19**. Read a Report by the Engineer, dated 11th January, 1883, stating that on the 12th May last, the Board decided that a Medical man should be appointed to attend to the Staff engaged at the Western Pumping Station, in Grosvenor-road, and had directed that the appointment should be offered to Mr. Propert, the Medical Officer of the Fire Brigade for the District in which the Pumping Station is situated; that Mr. Propert, had, however, declined the appointment, upon the ground that his residence (Gloucester-place, Portman-square) was so far from the Station that he could not give his personal attention to all the cases which might occur, and that Mr. Thomas Knight Salter, Surgeon, &c., of No. 105, Mount-street, Grosvenor-square, had been suggested by one of the Members for the District for the appointment, and recommending that it be offered to Mr. Salter upon the usual terms.

It was moved by Mr. Selway, seconded, and resolved—That the Report be referred to the Works and General Purposes Committee, for consideration and report.

**20**. Read a Report by the Engineer, dated 11th January, 1883, stating that, under the Board's authority, Samuel Howard, Flusher, had been allowed sick pay for a period of 10 weeks, in consequence of illness; submitting a Certificate from the Physician of the National Hospital to the effect that Howard would probably be able in a month's time to return to his work, and asking whether the Board would sanction the continuance of the half-pay until the expiration of that period, if requisite.

It was moved by Mr. Selway, seconded, and resolved—That the half-pay be continued for one month, if requisite.

**21**. Read a Report by the Engineer, dated 11th January, 1883, on a Letter from Mr. W. A. Lashmar, "King George" Public-house, Burr-street, London-docks, complaining of the flooding of his cellars through alleged defects in the Board's Main Sewer; stating that upon examination it had been found that there was a badly trapped drain having its outlet into the Sewer from the cellar of the house, and that there were two untrapped drains entering the Sewer nearly opposite the premises, and through which drains, owing to their unprotected state, the water at certain times entered the house, that the outlets of those drains in the Sewer should therefore be properly trapped, and that there should also be a proper trap to the drain from the cellar, and recommending that Mr. Lashmar should be so informed.

It was moved by Mr. Selway, seconded, and resolved—That the Report be approved, and that Mr. Lashmar be informed in accordance therewith.

**22**. Read a Report by the Engineer, dated 12th January, 1883, stating that the following Stores were required for use at the undermentioned Pumping Stations—

| | Estimate. £. s. d. |
|---|---|
| *Abbey-mills Station.* | |
| 1,000 Tons of Wesh Coal ... ... ... ... | 779 8 4 |
| 1,000 „ Tanfield-moor Coal ... ... ... | 620 16 8 |
| *Western Station.* | |
| 24 India-rubber Valves for the Auxiliary Pumps ... ... | 33 0 0 |
| Total .. ... ... ... ... | £1,433 5 0 |

It was moved by Mr. Selway, seconded, and resolved—That the Report be approved, and that the Stores be obtained accordingly, the cost therof being charged to the General Account of the Board.

**23**. Read a Report by the Engineer, dated 12th January, 1883, stating that the two large weigh-bridges and two weighing machines at the Crossness Pumping Station required repair, and recommending that the work should be executed by Messrs. Pooley (the Patentees of the bridges, &c.), at an estimated cost of £21.

It was moved by Mr. Selway, seconded, and resolved—That the Report be approved, and that the repairs be executed by Messrs. Pooley accordingly; the cost thereof being charged to the General Account of the Board.

**24**. Read a Report by the Engineer, dated 11th January, 1883, on a Letter from the Limehouse District Board, relative to certain allegations having been made that the drainage of the City of London and Tower Hamlets Cemetery, at Bow-common, which discharged into the Main Sewer in Bow-common-lane, caused a nuisance, prejudicial to the health of the inhabitants in the vicinity of the Sewer, and requesting this Board to direct an inquiry to be made into the truth of such allegations; stating that the Cemetery was drained into a 12-inch pipe, which entered the Local (3 feet by 2 feet) Sewer in Bow-common-lane, that the Sewer passed from Bow-common-lane, down Turner's-road, and proceeded thence along Robert-street, where, at the intersection of that street with Saint Paul's-road, it was connected with the Low Level Sewer by a brick shaft, that there were three ventilating shafts on the line of the Local Sewer, and that it was desirable that the District Board should place Charcoal boxes over them, and further stating that, at the time of the inspection, no nuisance was experienced from the Sewer in question, and recommending that the District Board be informed to the foregoing effect.

It was moved by Mr. Selway, seconded, and resolved—That the Report be approved, and that the Limehouse District Board be informed in accordance therewith.

**25**. Read a Report by the Engineer, dated 11th January, 1883, submitting a Medical Certificate to the effect that Robert Gooch, Flusher, was suffering from cerebral derangement and was unfit for work; stating that, under the Board's general rules regulating sick-pay, Gooch's full pay had been continued for the first week of his illness, and asking whether the Board would sanction his being placed upon half-pay for one month, if requisite.

It was moved by Mr. Selway, seconded, and resolved—That half-pay be allowed to Gooch for one month, if requisite.

**26**. Read a Report by the Engineer, dated 11th January, 1883, submitting a Certificate from the Medical Attendant at the Crossness Pumping Station, to the effect that Thomas Martin, Boiler-cleaner, was unable to follow his employment, in consequence of illness; stating that, under the Board's General Rules, Martin had been allowed half-pay for the first fortnight of his illness, and submitting to the consideration of the Board whether they would sanction the continuance of the allowance for a fortnight longer, if requisite.

It was moved by Mr. Selway, seconded, and resolved—That the half-pay be continued for a fortnight, if requisite.

**27**. The Solicitor reported that the last day for presenting Memorials on Standing Orders against the Metropolitan Street Improvements Bill, 1883, and the Board's Bridges, &c., Bill, was Tuesday next, the 16th instant.

**28**. The Solicitor reported that the Promoters had decided not to proceed with the Mid-London Market Bill.

**29**. The Solicitor presented a copy of each of the undermentioned Acts, which had received the Royal Assent last Session—

Metropolitan Railway Act, 1882.

South London (Elephant and Castle) Market Act, 1882.

Tramways Orders Confirmation (No. 2) Act, 1882.

It was moved by Mr. Selway, seconded, and resolved—That the last-mentioned Act be referred to the Engineer, to see that the provisions in which the Board are concerned are duly carried into effect.

**30**. The Solicitor presented an Official List of Bills which had been deposited in the Private Bill Office of the House of Commons, and stated that the number was 276, being 44 less than the number deposited last Session.

**31**. The Solicitor presented a list of Memorials presented against Bills in the first hundred on the list, and reported that 18 Bills were opposed on Standing Orders, and that 44 Memorials had been presented.

**32**. The Solicitor presented a copy Writ which had been served on the Board in an action by Mr. W. J. Perry, and reported that the matter arose out of legal proceedings taken by the Board, in reference to the use of bad Mortar in the erection of houses on the East side of Hepscott-road, White Post-lane, Hackney, and he suggested that the Board should authorise him to enter an appearance, and that they should also refer the matter to the Building Act Committee, for consideration, with power to act.

It was moved by Mr. Selway, seconded, and resolved—That the matter be referred to the Building Act Committee, for consideration, with authority to act upon any Resolution at which they may arrive with regard thereto, and that the Solicitor do enter an appearance to the Writ on behalf of the Board.

**33**. The Solicitor reported, with reference to the Resolution of the Board of 15th December last (No. 8), instructing him to take proceedings with respect to the erection of houses at Kingsland-green, that there appeared to be some difficulty in acting upon the Resolution, and he suggested that the matter should be referred to the Building Act Committee for consideration, and with power to act.

It was moved by Mr. Selway, seconded, and resolved—That the question be referred to the Building Act Committee, for consideration, with authority to act upon any Resolution at which they may arrive with regard thereto.

**34**. The Solicitor presented the following documents for sealing—

Conveyance to the Surrey Commercial Dock Company of land near the Canal bank, in High-street, Peckham, comprising Lots Nos. 1, 2 and 3, at the sale by Auction on the 30th November last. (Camberwell and Peckham Improvement.)

Conveyance by Messrs. W. Pye and J. H. Arkwright, of No. 14, Great Newport-street, Soho, and a Memorial for the registration of the same, (Piccadilly to Bloomsbury Improvement).

Agreement between the Board and the Honourable Mrs. G. Browne, for the sale to her of Plots Nos. 1, 2 and 3, in Great Eastern-street, with the block of buildings erected thereon (Old-street to Shoreditch Improvement).

It was moved by Mr. Selway, seconded, and resolved—That the Common Seal of the Board be affixed to the said documents respectively; and the Seal was affixed accordingly.

**35**. The Solicitor reported that Mr. Davies, an Assistant in his Department, was unable, in consequence of having sustained an injury to one of his feet, to attend the Office, but that he was able to discharge a portion of his official duties at home; and that Mr. Bustin, Copying Clerk in the Department, was also unable to attend to his duties in consequence of illness, and submitting a Medical Certificate with respect to each case.

It was moved by Mr. Selway, seconded, and resolved—That three weeks' leave of absence be granted to Mr. Davies, and two weeks' leave to Mr. Bustin.

**36**. The Clerk presented a Report from the Chief Gas Examiner, appointed by the Board of Trade, of the results of the daily testings of the Gas supplied by the Metropolitan Gas Companies during the months of October, November, and December last.

It was moved by Mr. Selway, seconded, and resolved—That the said Report be printed and circulated amongst the Members of the Board.

**37**. The Clerk presented a Memorial from Mr. C. Higham and others, relative to the floodings of the basement floors of houses in Farringdon-street on the 28th of October last, and praying the Board to receive a Deputation on the subject.

It was moved by Mr. Selway, seconded, and resolved—That the said Deputation be received by the Board on Friday next, at 12 o'clook at noon.

**38**. The Clerk presented a Letter from Mr. C. F. Hancock, Member and ex-Chairman of the Hendon Local Board, dated 3rd January, 1883, transmitting a copy of his Report on different systems of Sewage disposal.

It was moved by Mr. Selway, seconded, and resolved—That the said Report be received with thanks.

**39**. The Clerk presented a Letter from Mr. W. J. Dibdin, Chemical Assistant, dated 4th January, 1883, requesting, on account of the amount of work in his Department, that the Board would afford him a competent Assistant.

It was moved by Mr. Selway, seconded, and resolved—That the said Letter be referred to the Works and General Purposes Committee, for consideration and report.

**40**. The Clerk presented a Letter from Mr. T. Spencer Wells, dated 30th December, 1882, in reply to the Board's Letter as to the condition of the road or public way from Telegraph-hill to Golder's-hill, Hampstead, and intimating that he was willing to refer the question to Arbitration.

It was moved by Mr. Selway, seconded by Mr. J. Jones, and resolved—That the said Letter be referred to the Parks, Commons, and Open Spaces Committee, for consideration and report, and that Mr. Wells be invited to attend the Committee, when the Letter shall be considered.

**41**. The Clerk presented a Letter from the Hon. S. Ponsonby-Fane, Lord Chamberlain's Office, dated 6th January, 1883, acknowledging the receipt of the Board's Letter, and stating that his Lordship had, in consequence thereof, renewed the Provisional License in respect of the Criterion Theatre until the 31st of March next.

It was moved by Mr. Selway, seconded, and resolved—That the said Letter be referred to the Building Act Committee, for consideration, in connection with the references already made to them on the subject to which it relates.

**42**. The Clerk presented a Letter from Mr. H. C. Godfray, dated 8th January, 1883, transmitting a copy of the North Metropolitan Tramways (Clerkenwell and Shoreditch

Extensions) Bill, and a Plan of the proposed Tramways, and requesting the formal consent of the Board thereto.

The Clerk presented a further Letter from Mr. Godfray, dated 10th January, 1883, requesting to be informed when the Bill will be considered by the Board, and whether a Deputation from the Promoters will be permitted to attend.

It was moved by Mr. Selway, seconded, and resolved—That the said Letters be referred to the Works and General Purposes and the Parliamentary Committees, for consideration, in connection with the references already made to them on the subject to which they relate.

**43**. The Clerk presented a Letter from Mr. J. Westlake, Q.C., on behalf of the Paddington-park Committee, dated 8th January, 1883, referring to the proceedings of the Corporation of London with reference to the proposed Park, and inquiring—

1.—Whether the Board would adhere, with regard to any scheme that might appear to them to be otherwise unobjectionable, to the terms contained in their Resolution of the 10th March last, with respect to the scheme then before Parliament;

2.—Whether the Board would consent to the Corporation increasing the contribution of £5,000 out of the Grain Duty Fund, which it promised to make to the late scheme;

3.—Whether, in the event of the necessary land for the Park being purchased through the efforts of the Corporation or of the Park Committee, the Board would lay the same out and take it under their charge;

and requesting that a Deputation of the Committee might be permitted to attend the Board on the subject.

It was moved by Mr. Selway, seconded, and resolved—That the said Letter be referred to the Works and General Purposes Committee, for consideration and report, and that the Committee be authorised to receive a Deputation on the subject, if desirable.

**44**. The Clerk presented a Letter from Mr. T. A. Marsh, Clerk to the Guardians of the Fulham Union, dated 8th January, 1883, applying for a Loan of £45,000 for the erection of a new Infirmary.

It was moved by Mr. Selway, seconded, and resolved—That the said Letter be referred to the Finance Committee, for consideration and report, and that the Accountant do report to the Committee thereon.

**45**. The Clerk presented a Letter from Mr. A. A. Corsellis, Clerk to the Wandsworth District Board, dated 8th January, 1883, stating that an opportunity had arisen for widening the road in Nightingale-lane and Bolingbroke-grove, Battersea, as shown on the Plan accompanying the Letter, at a cost of £350 for the purchase of the necessary land, and asking this Board to contribute one-half of the estimated cost of carrying out the Improvement.

It was moved by Mr. Selway, seconded, and resolved—That the said Letter be referred to the Works and General Purposes Committee, for consideration and report.

**46**. The Clerk presented a Letter from Mr. G. B. Drew, dated 9th January, 1883, stating that Mr. Justice Pearson had decided that he was entitled to the whole of the Annuity claimed by him in respect of his loss of office as Clerk to the Deptford-creek-bridge Company, and inquiring at what amount the Board estimated the Annuity, and when it was proposed to pay the arrears due.

It was moved by Mr. Selway, seconded, and resolved—That the said Letter be referred to the Works and General Purposes Committee, for consideration and report.

**47**. The Clerk presented a Letter from Mr. M. Hawkins, on behalf of Messrs. W. Beetz and E. Schmidt, dated 8th January, 1883, applying for permission to erect retiring-rooms in the streets and thoroughfares of the Metropolis.

It was **moved** by Mr. Selway, seconded, and **resolved**—That Mr. Hawkins be informed that the streets and thoroughfares in the Metropolis are not under the Board's jurisdiction.

**48**. The Clerk presented a Letter from Mr. J. E. Salway, Clerk to the Vestry of Chelsea, dated 9th January, 1883, to the effect that the Vestry were of opinion that the power formerly vested in the local authorities of the Metropolis by the Bakehouses Metropolis Act, 1863, should be restored to the Vestries and District Boards.

It was **moved** by Mr. Selway, seconded, and **resolved**—That the said Letter be received.

**49**. The Clerk presented a Letter from Mr. R. J. Witty, dated 8th January, 1883, transmitting a copy of a proposed Provisional Order, authorising the construction of Tramways in the Euston and Marylebone Roads, and asking for the approval of the Board thereto before the 18th instant.

It was **moved** by Mr. Selway, seconded, and **resolved**—That the said Letter be referred to the Works and General Purposes and the Parliamentary Committees, for consideration, in connection with the references already made to them on the subject to which it relates.

**50**. The Clerk presented a Letter from Mr. E. B. Trotter, Hon. Secretary of an Association formed to organise opposition to Tramway Schemes proposed for the West-end, dated 9th January, 1883, inquiring whether the Board would receive a Deputation from the Association upon the subject.

It was **moved** by Mr. Selway, seconded, and **resolved**—That the said Deputation be received by the Board on Friday next, at Twelve o'clock at noon.

**51**. The Clerk presented a Letter from Mr. J. Baum, dated 9th January, 1883, requesting the Board, for the reasons stated in his Letter, to recommend the Lord Chamberlain to grant him a Provisional License for the Connaught (Alcazar) Theatre.

It was **moved** by Mr. Selway, and seconded—That Mr. Baum be informed that the Board cannot accede to his request.

An **amendment** thereon was **moved** by Mr. Fowler, and seconded by Mr. Harben—That the Lord Chamberlain be requested to grant a Provisional License to the Alcazar Theatre for Three months, to allow this Board time to consider what works they will require to be carried out at the Theatre for the protection of the public.

The **amendment** having been put to the vote, there were for it 11, against it 13; and it was declared by the Chairman to be lost.

The **original motion** was then put to the vote, when there were for it 13, against it 9, and it was declared by the Chairman to be carried; and it was **resolved** accordingly.

**52**. The Clerk presented a Letter, as follows—

Guardians' Offices, Paddington Workhouse,
Harrow-road, W.,
10th January, 1883.

LOAN FOR NEW INFIRMARY.

SIR,—I am directed by the Board of Guardians to acknowledge, with their thanks, the receipt of your reply to their Letter of the 27th ultimo, on the subject of a Loan.

I am now to make the formal application required by the Metropolitan Board of Works.

The Guardians request that the Metropolitan Board of Works will advance them the sum of Thirty Thousand Pounds, at £3 10s. per cent. interest.

The purposes of the Loan, and the authority for raising it, are described in the Order of the Local Government Board, dated 5th May, 1881, enclosed herewith.

The mode of re-payment proposed by the Guardians is by such equal annual payments as, reckoning principal and interest together, will re-pay the sum borrowed within Thirty years. When this mode of re-payment is adopted, the Local Government Board require that the form of security should show the proportion of principal comprised in each instalment. It is, however, proposed to make the annual payments in half-yearly moieties.

The Guardians, not wishing to take up the whole Loan at once, would like to arrange for receiving

£12,000 at Lady-day, 1883.
10,000 at Michaelmas, ,,
8,000 at Christmas, ,,

£30,000

I am, &c.,
(Signed) HENRY AVELING,
Clerk.

The Clerk,
Metropolitan Board of Works,
Spring-gardens, S.W.

It was **moved** by Mr. Selway, seconded, and **resolved**—That the said Letter be referred to the Finance Committee, for consideration and report, and that the Accountant do report to the Committee thereon.

**53**. The Clerk presented a Letter from Messrs. Wilkins, Blyth and Dutton, on behalf of the South London Tramways Company, dated 9th January, 1883, transmitting a copy of a Bill to authorise the construction of additional Tramways, and a Plan showing the proposed Tramways, and asking the Board to give their consent thereto.

It was **moved** by Mr. Selway, seconded, and **resolved**—That the said Letter be referred to the Works and General Purposes and the Parliamentary Committees, for consideration, in connection with the references already made to them on the subject to which it relates.

**54**. The Chairman of the Board having vacated the Chair,

It was **moved**, seconded, and **resolved**—That—

WILLIAM HENRY DALTON, ESQ.,

be requested to take the Chair; and he took the Chair accordingly.

**55**. The Clerk presented a Memorial from Mr. A. Flint, dated 10th January, 1883, praying the Board, for the reasons stated therein, to consent to his building on the site of the "Father Red Cap" Tavern, in Camberwell-road, as shown on the Plan forwarded by him, and that a waiver of the Covenant prohibiting such building might be endorsed on the Lease; or that the Board would relieve him of his purchase in order that the land might be re-let at its real value.

It was **moved** by Mr. Selway, and seconded—That Mr. Flint be informed that the Board cannot comply with his request.

An **amendment** thereon was **moved** by Mr. Turner, and seconded—That the Memorial be referred to the Works and General Purposes Committee, for consideration and report.

The **amendment** having been put to the vote, there were for it 7, against it 10; and it was declared to be lost.

The **original motion** was then put to the vote and declared to be carried; and it was **resolved** accordingly.

**56**. The Clerk presented a Memorial from the Rev. J. Robertson, and other owners and occupiers of property at Stroud-green, Hornsey, relative to the condition of the portion of the footpaths in Stapleton-hall-road, under the Board's jurisdiction, and praying that a Committee of the Board should be authorised to confer with the Hornsey Local Board, with a view to combined action for removing the ground of complaint.

It was **moved** by Mr. Selway, seconded, and **resolved**—That the said Memorial be referred to the Parks, Commons, and Open Spaces Committee, for consideration and report.

**57**. The Clerk presented a Letter from Mr. Chadwick, on behalf of the Owners of the Adelphi Theatre, dated 11th January, 1883, asking that the carrying out of certain of the works required by the Board to be executed at the Theatre, might be postponed until September next.

It was **moved** by Mr. Selway, seconded, and **resolved**—That the said Letter be referred to the Building Act Committee, for consideration and report.

**58**. The Clerk presented a Letter from Mr. W. L. Frost, dated 11th January, 1883, relative to the inadequate means of exit from the two Egyptian Halls in Piccadilly.

It was **moved** by Mr. Selway, seconded, and **resolved**—That the said Letter be referred to the Building Act Committee, for consideration and report.

**59**. The Clerk presented a Letter from Mr. J. Hargraves, dated 11th January, 1883, with Resolutions passed at a public Meeting held at Balham in support of the London Southern Tramways Scheme.

It was **moved** by Mr. Selway, seconded, and **resolved**—That the said Resolutions be referred to the Works and General Purposes and the Parliamentary Committees, for consideration, in connection with the references already made to them of the Bill to which they relate.

**60**. The Clerk presented a Letter from Dr. W. Pole, Secretary of the Commission on the discharge of Sewage into the Thames, dated 10th January, 1883, stating that an unauthorised report of proceedings before the Commissioners at a recent Meeting had appeared in the public Press, and asking whether the Board desired to make any observations on the subject.

It was **moved** by Mr. Selway, seconded, and **resolved**—That the said Letter be referred to the Works and General Purposes Committee, for consideration.

**61**. The Chemical Assistant laid before the Board his Return of the Testings made at the Gas Testing Stations during the week, ended on the 9th instant, as follows—

| Company. | District. | Illuminating Power. (In Standard Sperm Candles.) | | | Sulphur. (Grains in 100 cubic feet of Gas.) | | | Ammonia. (Grains in 100 cubic feet of Gas.) | | | Sulphuretted Hydrogen. |

The pressure of the Gas supplied by the Gas Light and Coke Company at the junction of Norfolk-road and Sandringham-road, Dalston, on the 3rd January, 1883, at 5.10 p.m., was 2·5 inches.

The pressure of the Gas supplied by the Gas Light and Coke Company at the junction of Grove-road and Roman-road, Bow, on the 6th January, 1883, at 7.30 p.m., was 1·8 inches.

The pressure of the Gas supplied by the South Metropolitan Gas Company at Bromells-road, Clapham, on January 8th, 1883, at 8 p.m., was 2·0 inches.

**62**. Read a Report, as follows—

Superintending Architect's Department, Spring-gardens,
12th January, 1883.

PETROLEUM ACTS, 1871 TO 1881.

Memorandum relative to Licenses for storing Petroleum for sale or use.

In the accompanying Schedule there are Twenty-eight applications for Licenses, the Fees for which have been duly deposited.

The premises of the applicants having been inspected, and the arrangements for storing found satisfactory, I recommend that Licenses be granted for Twelve months from this date, subject to the conditions contained in such Licenses.

(Signed) GEORGE VULLIAMY,
Superintending Architect.

The list of applications in respect of which Licenses were recommended to be granted was laid before the Board.

It was **moved**, seconded, and **resolved**—That Licenses be granted to the Twenty-eight persons mentioned in the list now submitted, to keep Petroleum in the places, and in the quantities stated in such Licenses, for a period of Twelve calendar months from this date, subject to the conditions mentioned in such Licenses.

The several Licenses referred to in the foregoing Resolution were laid before the Board.

It was **moved**, seconded, and **resolved**—That the Common Seal of the Board be affixed to the said Licenses; and the Seal was affixed accordingly.

**63**. HACKNEY.—Read a Report by the Superintending Architect, dated 3rd January, 1883, on the application of Mr. W. Gladding, for the consent of the Board to the erection of one-storey shops on the forecourts of Nos. 383 and 385, Kingsland-road, to the line shown upon the Plan accompanying the application.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application be granted, on condition that the erection be made in entire conformity with the letter of application, and as shown on the Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board.

**64**. HACKNEY.—Read a Report by the Superintending Architect, dated 3rd January, 1883, on the application of Mr. J. Hamilton, on behalf of Mr. C. Weeks, for the consent of the Board to the erection of houses, with shops, on the East side of Lower Clapton-road, between Powerscroft-road and Wickham-place, Hackney, to the line shown upon the amended Plan accompanying the application.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application be referred to the Building Act Committee, for consideration and report, and that the parties interested be invited to attend the Committee when the subject shall be considered.

**65**. HACKNEY.—Read a Report by the Superintending Architect, dated 3rd January, 1883, on the application of Mr. H. Shaw, on behalf of Mr. B. Peart, for the consent of the Board to the erection of one-storey shops upon portions of the forecourts of Nos. 6 to 11, Lea-bridge-road, Clapton, to the line shown upon the amended Plan accompanying the application.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application be granted, on condition that, previously to the commencement of building operations, the spaces separating the proposed shops from the public way, be given up and added to such public way, and that in other respects the erections be made in entire conformity with the letter of application, and as shown on the Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board.

**66**. LAMBETH.—Read a Report by the Superintending Architect, dated 9th January, 1883, on the application of Mr. A. Steer, for approval by the Board of a Plan for

the construction of wooden porches and barge-boards to four houses on the West side of St. Julian's-road, otherwise Leigham-court-road, Streatham-common.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application be granted, on condition that the whole of the works be executed to the satisfaction of the District Surveyor.

67. LAMBETH.—Read a Report by the Superintending Architect, dated 20th December, 1882, on the application of Mr. E. Monson, Junr., for the consent of the Board to the erection of houses, with shops, on the North side of Acre-lane, Brixton, between Nos. 84 and 94, Acre-lane, to the advanced line shown upon the Plan accompanying the application.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application be not granted.

68. POPLAR.—Read a Report by the Superintending Architect, dated 2nd January, 1883, on the application of Messrs. Croggon and Co., for the consent of the Board to the erection of a Mission Hall on the South side of Old Ford-road, Bow, at the corner of Armagh-road, to the line shown upon the Plan accompanying the application.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application be referred to the Building Act Committee, for consideration and report.

69. ST. JAMES, WESTMINSTER.—Read a Report by the Superintending Architect, dated 20th December, 1882, on the application of Mr. W. T. Sams, on behalf of Mr. Mendoza, for the consent of the Board to the erection of a one-storey porch upon a portion of the forecourt of No. 1, Duke-street, and No. 48A, King-street, to the line shown upon the Plan accompanying the application.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application be referred to the Building Act Committee, for consideration and report.

70. ST. MARTIN-IN-THE-FIELDS.—Read a Report by the Superintending Architect, dated 10th January, 1883, on the application of Mr. J. J. Thomson, on behalf of Mr. A. Henderson, for the consent of the Board to the retention of roofs erected over the public way on the North and East sides of the Royal Comedy Theatre, in Panton-street, at the corner of Oxendon-street, Haymarket, to the line shown upon the Plan accompanying the application.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application be referred to the Building Act Committee, for consideration and report.

71. ST. PANCRAS.—Read a Report by the Superintending Architect, dated 10th January, 1883, on the application of Mr. J. S. Birch, on behalf of Mr. T. Wimbush, for the consent of the Board to retain a shop cornice erected at No. 195, High-street, Camden-town, to the line shown upon the Plan accompanying the application.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application be granted, on condition that the erection be in entire conformity with the letter of application, and as shown on the Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board.

72. WANDSWORTH.—Read a Report by the Superintending Architect, dated 10th January, 1883, on the application of Mr. C. J. Bentley, on behalf of Mr. Danson, for the consent of the Board to the erection of an additional storey to the one-storey building on the West side of No. 711, Wandsworth-road, Clapham, at the corner of Lambourne-road to the line shown upon the Plan accompanying the application.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application be granted, on condition that the erection be made in entire conformity with the letter of application, and as shown on the Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board.

**73**. CHELSEA.—Read a Report by the Superintending Architect, dated 10th January, 1883, on the application of Mr. J. C. Humphreys, on behalf of Messrs. Wakeley Brothers, for approval by the Board of a Plan for the construction of a wood and iron shed at the rear of No. 5, Lots-road.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application be granted, on condition that the whole of the works be executed to the satisfaction of the District Surveyor.

**74**. POPLAR.—Read a Report by the Superintending Architect, dated 9th January, 1883, on the application of Mr. W. Eve, on behalf of Mr. J. T. Morton, for approval by the Board of a Plan for the construction of a temporary enclosure to the end of a shed at the rear of premises on the West side of West-ferry-road, Millwall.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application be not granted.

**75**. SHOREDITCH.—Read a Report by the Superintending Architect, dated 9th January, 1883, on the application of Messrs. Hammack and Lambert, on behalf of Messrs. B. Cohen and Co., for approval by the Board of a Plan for the construction, with wood, of an enclosure at their premises, No. 76, Worship-street.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application be not granted.

**76**. WANDSWORTH.—Report a Report by the Superintending Architect, dated 9th January, 1883, on the application of Messrs. Thorp and Hancock, for the permission of the Board to retain, for a further period, the temporary iron workshop erected at the rear of their premises, Nos. 31 and 33, Howard-street, Wandsworth-road.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application be referred to the Building Act Committee, for consideration and report, and that the parties interested be invited to attend the Committee, when the same shall be considered.

**77**. HACKNEY.—Read a Report by the Superintending Architect, dated 29th November, 1882, on the application of Mr. A. Bovill, on behalf of Mr. C. W. F. Glyn, for approval by the Board of a Plan for the formation and names of roads to lead out of the North side of High-street, Homerton, and of a road to lead out of Pratt's-road, in connection therewith.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application be referred to the Building Act Committee, for consideration and report.

**78**. KENSINGTON.—Read a Report by the Superintending Architect, dated 9th January, 1883, on the application of Mr. H. Godwin, for approval by the Board of a Plan for the erection of two houses in, and the formation of a Mews on the East side of Lexham-gardens, Cromwell-road.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application be not granted.

**79**. LAMBETH.—Read a Report by the Superintending Architect, dated 20th December, 1882, on the application of Mr. C. P. Whiteley, for the sanction of the Board to a deviation from the Plan approved for the formation of a portion of Whiteley-road, Gipsy-hill.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application be granted, on condition that no barriers be at any time erected or other obstructions caused to the free use by the public of the said roads, and that the name "Whiteley-road, S.E.," be approved for the same.

**80**. LAMBETH.—Read a Report by the Superintending Architect, dated 2nd November, 1882, on the application of Mr. J. Fox, for approval by the Board of a Plan for the erection of four Cottages on the South side of a road leading out of the East side of Knight's-hill-road, to Knight's-hill-square, Lower Norwood.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be not granted.

**81**. Poplar.—Read a Report by the Superintending Architect, dated 9th January, 1883, on the application of Mr. T. Horsey, for approval by the Board of a Plan for the formation of an extension of Orchard-place, Blackwall.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be not granted.

**82**. Fulham.—Read a Report by the Superintending Architect, dated 9th January, 1883, on the application of Mr. F. Hewett, for approval by the Board of a Plan for the construction of a temporary stable and cart-shed in a Mews leading out of the West side of Percy-road, Shepherd's-bush, with openings in excess of the limit prescribed by the Metropolitan Building Act, 1855.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be not granted.

**83**. Hackney.—Read a Report by the Superintending Architect, dated 9th January, 1883, on the application of Mr. F. Love, for approval by the Board of an addition erected at the rear of No. 137, Amhurst-road, with openings in excess of the limit prescribed by the Metropolitan Building Act, 1855.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be not granted.

**84**. Newington.—Read a Report by the Superintending Architect, dated 10th January, 1883, on the application of Messrs. Lansdown and Harriss, on behalf of Mr. S. Plimsoll, for approval by the Board of a Plan for the construction of a shed, to be used as a temporary Market, on a portion of the site of the South London (Elephant and Castle) Market, between Arch-street, and the gardens at the rear of the houses Nos. 31 to 47, New Kent-road, with openings in excess of the limit prescribed by the Metropolitan Building Act, 1855.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be referred to the Building Act Committee, for consideration and report.

**85**. Wandsworth.—Read a Report by the Superintending Architect, dated 9th January, 1883, on the application of Mr. W. McMurray, for approval by the Board of a Plan for the construction of two wooden sheds at the Royal Paper Mills, in South-street, Wandsworth, with openings in excess of the limit prescribed by the Metropolitan Building Act, 1855.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be not granted.

**86**. At this stage of the proceedings the Chairman of the Board resumed the Chair.

**87**. St. George, Hanover-square.—Read a Report by the Superintending Architect, dated 9th January, 1883, on the application of Messrs. C. Eales and Son, on behalf of Messrs. R. P. Daniell and Co., and Mr. G. A. Fletcher, for approval by the Board of a Plan for the formation of an opening in the party wall on the first floor between Nos. 128 and 129, New Bond-street.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be not granted.

**88**. Wandsworth.—Read a Report by the Superintending Architect, dated 10th January, 1883, on the application of Mr. J. W. Berrie, for approval by the Board of a Plan for the construction of the basement walls of four houses in Selincourt-road, Lower Tooting, with Portland cement concrete.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be granted, and that a License, with such conditions as to the quality and composition of

the concrete, and other matters, as are contained in the form of License approved by the Board on the 28th November, 1879 (No. 6), be granted to the applicant.

**89**. St. Martin-in-the-Fields.—Read a Report by the Superintending Architect, dated 9th January, 1883, on the application of Mr. T. Verity, on behalf of Colonel Blake, for a Certificate by the Board, as required by the Metropolis Management and Building Acts Amendment Act, 1878, with reference to the construction of a Theatre proposed to be erected on the site of Nos. 6 and 8, Wardour-street (formerly Princes-street), and Nos. 11, 12, and 13, Leicester-street, Leicester-square.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application be referred to the Building Act Committee, for consideration and report.

**90**. Poplar.—Read a Report by the Superintending Architect, dated 10th January, 1883, on the application of Mr. C. Foulsham, District Surveyor, for the appointment by the Board of Fees for special services performed by him in supervising the erection of a Cupola at Messrs. Hutchinson's Iron Foundry in Hancock-road, Bromley, and the fixing of a steam-pipe at the Tanine Black Company's premises in Hancock-road, Bromley.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the District Surveyor be authorised to demand and receive a Fee of 15s. in respect of each of the special services referred to.

**91**. St. Pancras.—Read a Report by the Superintending Architect, dated 10th January, 1883, on the application of Mr. F. Wallen, District Surveyor, for the appointment by the Board of a Fee for a special service performed by him in certifying that a chimney-breast in the North party-wall of No. 80, Haverstock-hill, might be cut away.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the District Surveyor be authorised to demand and receive a Fee of 10s. in respect of the special service referred to.

**92**. Metropolis.—Read a Report by the Superintending Architect, as follows—

Superintending Architect's Department,
Spring-gardens,
12th January, 1883.

*Metropolitan Building Act* 1855, *Sec.* 54.

Twenty-sixth Report on the Monthly Returns of District Surveyors.

A General Abstract of the Returns of Fees for the year 1881, is appended to this Report, together with a list showing the Revenues of the several Districts into which the Metropolis is divided.

The Total of the gross Fees received for the year is £51,383 11s. 10d., in respect of 29,275 works, of which nearly three-fourths were completed within the year.

The gross Fees received in 30 Districts vary from £5 to £575; in one of the Districts the receipts do not amount to £100; in five Districts the receipts are less than £300 each; in nine less than £400 each; in ten less than £500 each; and in five less than £600 each. In thirty-seven Districts the receipts range from £618 to £2,638.

The expenses of District Offices amounted to £7,859 13s. 7d., and the sums abated or lost, to £2,552 18s. 8d. Compared with the results of former years the present Abstract shows an increase in the number of works.

| | Works. | Fees received. |
|---|---|---|
| In 1856 .. .. | 14,654 .. .. | £19,904 14 11 |
| „ 1857 .. .. | 15,330 .. .. | 20,969 11 4 |

(Signed) GEORGE VULLIAMY,
Superintending Architect.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the Report and Return be printed and circulated among the Members of the Board.

**93.** Metropolis.—Read a Report by the Superintending Architect, as follows—

Superintending Architect's Department,
Spring-gardens, S.W.,
12th January, 1883.

*Metropolis Management Amendment Act, Sec.* 87.

Herewith I submit Return of alterations in the naming of Streets and numbering of houses, ordered by the Board during the year 1882, and request authority to have the same printed and distributed in the usual way.

The Return shows that during the year 15,012 houses in 299 streets have been re-numbered; hat 140 streets have been re-named, and that 654 names have been abolished.

(Signed) GEORGE VULLIAMY,
Superintending Architect.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the Return be printed, and be circulated among the Members of the Board.

**94.** Hackney.—Read a communication from Mr. Frederick Richard Meeson, District Surveyor under the Metropolitan Building Act, 1855, for the District of East Hackney (North), dated 10th January, 1883, notifying that certain works at Nos. 122 and 124, High-street, Homerton, were about to be carried out under his professional superintendence, and requesting the Board to appoint some other Surveyor as the District Surveyor to superintend such works. Whereupon it was **moved** by Mr. Shepherd, seconded, and **resolved**, and **ordered**, as follows—Whereas, Frederick Robert Meeson, District Surveyor for the District of East Hackney (North), did, on the 10th day of January, 1883, give notice to this Board that he, the said Frederick Robert Meeson, was engaged to act professionally in respect of certain works at Nos. 122 and 124, High-street, Homerton, and the said Frederick Robert Meeson has been since the said date, and now is, engaged to act professionally as aforesaid. Now, therefore, it is **ordered** by this Board—That Mr. George Legg, District Surveyor for the District of West Hackney, be appointed by this Board, and the said George Legg is hereby appointed to survey the said premises, for the purposes of the Metropolitan Building Act, 1855, and to act as District Surveyor in respect thereof.

**95.** St. Martin-in-the Fields.—Read a Report by the Superintending Architect, dated 12th January, 1883, on the application of Mr. C. J. Phipps, on behalf of Mr. E. Bruce, for a Certificate by the Board, as required by the Metropolis Management and Building

Acts Amendment Act, 1878, with reference to the construction of a Theatre, to be called the Prince's Theatre, on the East side of Oxendon-street, at the corner of Coventry-street.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be referred to the Building Act Committee, for consideration and report.

**96.** Camberwell.—Read a Report by the Superintending Architect, dated 11th January, 1883, on the application of Messrs. J. Hoar and Son, on behalf of Mr. F. H. Fearns, for approval by the Board of a Plan for the construction of a furnace chimney-shaft, at Trafalgar works, on the East side of Trafalgar-road, Old Kent-road.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be granted, upon condition that the foundation of the proposed shaft be made in accordance with the provisions of the Building Act, and to the satisfaction of the District Surveyor, according to law, and that the superstructure be also erected to his satisfaction.

**97.** Chelsea.—Read a Report by the Superintending Architect, dated 10th January, 1883, on a Letter from the Vestry of Chelsea, relative to the re-erection of porticoes in front of Nos. 121 and 122, Sloane-street, and requesting the Board to take such action as might be necessary to prevent the newly-erected additions exceeding the limits of those they re-placed.

It was moved by Mr. Shepherd, seconded, and resolved—That the matter be referred to the Building Act Committee, for consideration, with authority to act upon any Resolution at which they may arrive with regard thereto, and that the Solicitor do advise the Committee thereon.

**98.** Lewisham.—Read a Report by the Superintending Architect, dated 10th January, 1883, on the application of Mr. J. Kirk, for approval by the Board of a Plan for the construction of a temporary wood and iron building at the rear of No. 12, Beechfield-road.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be not granted.

**99.** St. Saviour's, Southwark.—Read a Report by the Superintending Architect, dated 10th January, 1883, on the application of Mr. A. Williams, for a modification of the conditions imposed by the Resolution of the Board of the 22nd December last (No. 85), with reference to the surrender of ground in front of a two-storey building on a portion of a yard situated on the South side of Bankside, between the entrance to the South Metropolitan Gas Company's premises, and No. 74, Bankside.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be referred to the Building Act Committee, for consideration and report.

**100.** Wandsworth.—Read a Report by the Superintending Architect, dated 10th January, 1883, on the application of Mr. R. Carter, for approval by the Board of a Plan for the construction of a barge-board to a house on the North side of Kempshott-road, at the corner of Ellison-road, Streatham.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be not granted.

**101.** Woolwich.—Read a Report by the Superintending Architect, dated 10th January, 1883, on the application of Mr. R. J. Hatton, on behalf of W. T. Henley's Telegraph Works Company, Limited, for approval by the Board of a Plan for the construction of a furnace chimney-shaft at the Company's premises on the South side of Victoria-street, North Woolwich.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be granted, upon condition that the foundation of the proposed shaft be made in accordance with the provisions of the Building Act, and to the satisfaction of the District

Surveyor, according to law, and that the superstructure be also erected to his satisfaction.

**102**. WANDSWORTH.—Read a Report by the Superintending Architect, dated 10th January, 1883, submitting for the Seal of the Board a License in respect of the temporary iron Church to be erected at the rear of houses on the East side of Culvert-road, Battersea.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the Common Seal of the Board be affixed to the said License; and the Seal was affixed accordingly.

**Adjourned** until Friday next, the 19th instant, at this Office, at Twelve o'clock at noon.

No. 3.

At a Meeting of the Metropolitan Board of Works, held at the Office of the Board, Spring-gardens, on **Friday**, the **19th** day of **January**, 1883, under and by virtue of the Act of the 19th year of the reign of Queen Victoria, for the better Local Management of the Metropolis,

**Present**—Lieutenant-Colonel Sir James M. McGarel-Hogg, Bart., K.C.B., M.P., Chairman of the Board, in the Chair.

1. The Minutes of the Meeting of the Board held on the 12th instant, were approved and were signed by the Chairman, and by two other Members of the Board present at such Meeting.

2. A Deputation from inhabitants of Farringdon-street, introduced by Mr. Selway, and consisting of the following gentlemen, viz.—Mr. C. Higham, Mr. G. Walter, Deputy of the Ward, Mr. R. Shepherd, Mr. H. Bennett, Mr. F. Butler, Mr. R. D. Dickinson, Mr. C. H. Elliott, Mr. S. P. Heyward, Mr. J. Robinson, Mr. R. Butler, Mr. J. Horne, Mr. J. Kidd, Mr. J. Southgate, Messrs. Freeman and Pointon, and Mr. J. L. Shuter, attended the Board, and presented a Memorial, which was read, as follows—

To the Metropolitan Board of Works.

The humble Memorial of certain inhabitants of Farringdon-street and New Bridge-street, in the City of London.

Humbly Sheweth—

That on Saturday, the 28th of October, 1882, between the hours of one and five in the afternoon, a large quantity of water from the Fleet Sewer burst into the basement floors of your Memorialists' premises in Farringdon-street and New Bridge-street, and destroyed a quantity of valuable property.

That but for the fact that the flooding occurred during business hours, and thus at a time when it was possible to remove goods which were in jeopardy, the damage done would have been greatly increased.

That the prospect of a recurrence of this disaster, by restricting the extent to which it is possible with safety to use these basement floors, tends seriously to diminish the value of your Memorialists' premises.

That in the Autumn of 1870 a similar flooding took place, by which the then inhabitants of these streets, including several of your Memorialists, sustained damage, and that for this damage they received compensation from the Metropolitan Board of Works.

Wherefore your Memorialists humbly pray that the Board will take such steps, either by strengthening the existing Sewer, by enlarging it, or by diverting from it some of the water which now overtaxes its capacity, as may commend themselves to the Board, and further, that the Board will be pleased to compensate such of the inhabitants of Farringdon-street and New Bridge-street as have sustained damage by the flooding in question.

And your Memorialists, as in duty bound, will ever pray.

(Signed) BARCLAY & SONS,
95, Farringdon-street,
and 77 others.

The Deputation having addressed the Board in support of the Memorial,

It was moved by Mr. Selway, seconded by Mr. Thompson, and resolved—That the said Memorial be referred to the Works and General Purposes Committee, for consideration and report.

**3.** A Deputation from an Association formed to organise opposition to the Tramway Schemes proposed for the West end of the Metropolis, introduced by Mr. Edwards, and consisting of the following gentlemen, viz.—Dr. R. T. Daniell, Mr. E. Tattersall, Mr. A. S. Ward, Mr. W. Hayford, Mr. F. W. Catt, Mr. W. Sharp, Mr. A. Thorn, Mr. J. Burman, Mr. C. D. Philpot, Mr. S. J. R. Holloway, Mr. G. Fitzgerald, Mr. H. M. Farquhar, Rev. J. C. Strickland, D.D., Mr. C. S. Long, and Mr. E. B. Trotter, Hon. Sec., attended the Board, and presented a Memorial, which was read, as follows—

To the Metropolitan Board of Works.

We, the undersigned, being the Committee of the West end Tramways Opposition Association, submit to your Honourable Board that the proposed introduction of Tramways into the Western and South-Western Districts of London is not only unnecessary but would greatly deteriorate the value of all property, would interfere with the access to houses, shops, and premises along the routes, would cause obstruction and damage to the owners and occupiers, and to passengers, and would seriously affect the conduct of all trade and business.

That the amount of convenience to those who might use the Tramway cars would not counterbalance the inconvenience, obstruction, and damage which would be caused to persons who have been hitherto accustomed to ride, drive, and walk along the roads, and that no such public benefit would be derived from the construction and working of the Tramways as would be sufficient to justify the loss, damage, and inconvenience arising therefrom.

That the business of the shops on the route would suffer by the carriage customers being driven away, as has occurred in other parts where Tramways have been already established, and would interfere with the conduct of business by diminishing the room for the loading and unloading of carts.

That the damage to springs, wheels, and other parts of carriages and carts, more especially of light carts, and the injuries to life and limb caused by Tramways are very serious, and that the extension of Tramways in the West end of London would interfere with the safety and comfort of all residents, and of other persons using the roads.

We, the undersigned, therefore respectfully memorialise your Honourable Board to refuse their consent to the projected Tramways in the above districts.

(Signed) RICHARD THOMAS DANIELL,
Chairman,
Signed on behalf of the Committee.

The Deputation having addressed the Board in support of the Memorial,

It was moved by Mr. Edwards, seconded by Mr. Freeman, and resolved—That the said Memorial be referred to the Works and General Purposes Committee and the Parliamentary Committee, for consideration, in connection with the references already made to them on the subject of the Bills to which it relates.

**4**. Mr. Thompson handed in a Letter, as follows—

Vestry Hall, Clerkenwell,
58, Rosoman-street, E.C.,
January 19th, 1883.

NORTH METROPOLITAN TRAMWAYS, CLERKENWELL-ROAD SCHEME, AND SIDING IN GOSWELL-ROAD.

DEAR SIR,—I have to inform you that the Company's application for consent to this Scheme was under the consideration of this Vestry last evening, when it was resolved, unanimously, that the Vestry assent thereto.

You will, therefore, be pleased to lay this before your Board, in reply to your Letter of the 18th ultimo.

I am, &c.,
(Signed) ROBERT PAGET,
Vestry Clerk.

J. E. Wakefield, Esq.,
Clerk, Metropolitan Board of Works.

It was moved by Mr. Thompson, seconded, and resolved—That the said Letter be referred to the Works and General Purposes Committee and the Parliamentary Committee, for consideration, in connection with the references already made to them on the subject of the Bill to which it relates.

**5**. Read a Letter, as follows—

Vestry Hall, Camberwell,
18th January, 1883.

*Re* PECKHAM AND EAST DULWICH TRAMWAY EXTENSION.

DEAR SIR,—The Vestry took into consideration the Bill to authorise the Peckham and East Dulwich Tramways Company to construct new Tramways in the County of Surrey, and for other purposes, and they passed Resolutions, subject to Clauses, approving and consenting to it.

I send you this intimation, as I am informed it will have the consideration of your Board to-morrow.

I am, &c.,
(Signed) GEO. W. MARSDEN,
Vestry Clerk.

J. E. Wakefield, Esq.,
Metropolitan Board of Works, Spring-gardens, S.W.

It was moved, seconded, and resolved—That the said Letter be referred to the Works and General Purposes Committee and the Parliamentary Committee, for consideration, in connection with the references already made to them on the subject of the Bill to which it relates.

**6**. Mr. J. Jones handed in a Letter, as follows—

The Board of Works for the Strand District.

5, Tavistock-street, Covent-garden, W.C.,
18th January, 1883.

MID-METROPOLITAN RAILWAY BILL.

DEAR SIR,—This Board views with alarm the proposal to construct this Railway, feeling convinced that during the considerable length of time the works would be in progress, the trade of the important thoroughfare of Oxford-street would—being diverted into other neighbourhoods—be for the time seriously injured, and little hope could be entertained that the ultimate results to the traders of Oxford-street could be otherwise than disastrous.

This Board therefore trusts that the Metropolitan Board of Works will give to the progress of the Bill through Parliament such opposition as it may be able.

I am, &c.,
(Signed) THOS. M. JENKINS,
Solicitor and Clerk to the Board.

J. E. Wakefield, Esq.,
Clerk, Metropolitan Board of Works.

It was **moved** by Mr. J. Jones, seconded, and **resolved**—That the said Letter be referred to the Works and General Purposes Committee and the Parliamentary Committee, for consideration, in connection with the references already made to them on the subject of the Bill to which it relates.

7. Mr. Fell handed in a Letter, as follows—

Saint Leonard, Shoreditch, Vestry Offices,
Town-hall, Old-street, E.C.,
18th January, 1883.

PROPOSED TRAMWAY SCHEMES.

SIR,—I have to acquaint you, for the information of the Metropolitan Board of Works, that this Vestry has resolved to consent to the proposed Scheme by the North Metropolitan Tramways Company for an extension of Tramways, so far as this Parish is concerned, on condition that the new rails be steel girder rails, and that wooden sleepers be not used.

I have also to inform you that the Vestry has refused its consent to the Scheme proposed by the East London Tramways Company to construct lines over nearly the same routes, as far as this Parish is concerned, as the North Metropolitan Tramway Company propose.

I am, &c.,
(Signed) E. WALKER,
Vestry Clerk.

J. E. Wakefield, Esq., Clerk,
Metropolitan Board, Spring-gardens.

It was **moved** by Mr. Fell, seconded, and **resolved**—That the said Letter be referred to the Works and General Purposes Committee and the Parliamentary Committee, for consideration, in connection with the references already made to them on the subject of the Bills to which it relates.

8. Mr. Tolhurst handed in a Letter, as follows—

The Board of Works for the St. Olave District, Southwark.

86, Queen Elizabeth-street, St. John, Southwark, S.E.,
15th January, 1883.

To the Clerk, Metropolitan Board of Works.

DEAR SIR,—This Board has had under consideration the printed Report of Sir J. W. Bazalgette upon the "Communications between the North and South of the Thames below London Bridge," and has passed the following Resolutions—

"That this Board convey to the Metropolitan Board of Works its opinion that the proposed "High-level Bridge would be of no use to this District, but, on the contrary, highly "detrimental to its general interests.

"That this Board reserves its opinion both as to the necessity or otherwise of Sir Joseph "Bazalgette's alternative proposals affecting this District.

"That the Board do not express any opinion on the proposed Tunnels at Shadwell and "Blackwall, except so far that each should be dealt with as a separate Scheme."

I am, &c.,
(Signed) EDRIC BAYLEY,
Clerk.

It was **moved** by Mr. Tolhurst, seconded, and **resolved**—That the said Letter be referred to the Works and General Purposes Committee, for consideration, in connection with the references already made to them on the subject to which it relates.

9. Mr. R. Jones handed in a Letter, as follows—

Vestry of the Hamlet of Mile-end Old-town.

Office, Vestry Hall,
Bancroft-road, Mile-end-road, E.,
18th January, 1883.

DEAR SIR,—Annexed I beg to hand you copy of a Resolution passed by this Vestry on

the 3rd January instant, and should be glad if you would bring it to the notice of your Board.

I am, &c.,
(Signed) MILLNER JUTSUM,
Clerk to the Vestry.

The Clerk, Metropolitan Board of Works, Spring-gardens.

"That in consequence of the pressing necessity for additional means of communication being "provided for vehicular traffic from North to South of the Thames East of London Bridge, this "Vestry urge upon the Metropolitan Board the advisability of at once taking measures to carry out "the 'Shadwell Tunnel Scheme' as a separate undertaking, as it is believed Parliament will readily "grant the requisite powers for such a Scheme at a reasonable cost."

"That the preceding Resolution be forwarded to the Metropolitan Board of Works, and that all "the Local Boards, East of London Bridge, be requested to co-operate with us in supporting the "Resolution."

It was moved by Mr. R. Jones, seconded, and resolved—That the said Letter be referred to the Works and General Purposes Committee, for consideration, in connection with the references already made to them on the subject to which it relates.

**10.** Read a Letter from Messrs. Sutton and Ommanney, dated 18th January, 1883, asking permission for a Deputation from ratepayers in the district to attend the Board in support of the Southwark and Deptford Tramway Company's Scheme, to be promoted in the next Session of Parliament.

It was moved by Mr. Shepherd, seconded, and resolved—That the Deputation be received by the Board on Friday next, at 12 o'clock at noon.

**11.** Mr. Freeman, the Chairman of the Finance Committee, brought up a Report, as follows—

REPORT OF THE FINANCE COMMITTEE.

Spring-gardens, 16th January, 1883.

Your Committee have to report that they have examined the Pass Books of the Treasurer and Banker of the Board, together with the Statements prepared by your Accountant, and have ascertained the Cash Account to be as follows—

Your Committee have also to report that they have examined the Certificates of the various principal Officers for the payment of the sums mentioned in the accompanying Statement, and have found the same correct, and they recommend—

That the sums specified therein, amounting in the whole to £55,649 8s. 2d., be paid.

Your Committee have had before them Statements of certain sums payable to District Surveyors in respect of services in connection with Dangerous Structures, and for expenses of Shoring and Hoarding, and they recommend—

That the necessary Orders be made with respect to the same.

Pursuant to the Order of the Board of the 7th July last (No. 4), your Committee have had before them a Statement of the Salaries which will become payable to the Board's Officers on the 25th instant, amounting to the sum of £2,567, which Statement has been approved by your Committee, and they beg to submit the same, and to recommend—

That the Board do pass an Order authorising the Treasurer to pay the same.

Your Committee have considered the Letter from the Vestry of St. Luke, requesting payment of the Board's promised contributions towards effecting certain Improvements in Bridgwater-gardens and Playhouse-yard, referred by the Board on the 24th November last (No. 30). On the 21st January, 1876 (No. 5), and 3rd December, 1880 (No. 6), the Board agreed to contribute one-half of the net cost, not exceeding £1,500 and £1,128 respectively, of the Improvements in Bridgewater-gardens and Golden-lane, and on the 16th March, 1877 (No. 11), and the 3rd December, 1880 (No. 6), they also agreed to contribute one-half of the net cost, not exceeding £552 and £1,885, of the widening of Playhouse-yard, on a Certificate by their Superintending Architect of the completion of the work, and by their Accountant of the cost of the same. Your Superintending Architect has reported that both the Improvements have been completed, and your Accountant has certified that the sums of £4,828 9s. 5d. (after crediting £701 10s. received from the sale of old materials), and £4,204 16s. have been expended by the Vestry in effecting the Improvements at Bridgwater-gardens and Playhouse-yard, respectively, and that advances of £2,000 and £1,800 have been already made by the Board in aid thereof, leaving balances of £414 4s. 8d. and £302 8s. 0d. now due. Your Committee therefore recommend—

That a Cheque be drawn for the sum of £414 4s. 8d., in favour of the Vestry of St. Luke, being the balance of the Board's promised contribution towards the Improvement in Bridgewater-gardens and Golden-lane.

That a Cheque be drawn for the sum of £302 8s., in favour of the Vestry of St. Luke, being the balance of the Board's promised contribution towards the Improvement in Playhouse-yard.

Your Committee have considered the Letter from the Whitechapel District Board, stating that the Improvement at Royal Mint-street is completed, and requesting payment of the Board's promised contribution thereto, referred on the 15th ultimo (No. 31). This Board, on the 20th March, 1874 (No. 6), agreed to contribute one-half of the net cost, not exceeding £2,880, of the Improvement, upon the usual Certificates of their Officers. Certificates of the completion and cost, £8,645, of the work have been laid before your Committee, but it appears that, although the surplus land has been agreed to be sold to the Midland Railway Company for £6,877 13s. 6d., the purchase-money has not yet been paid. This sum, when received, will reduce the outlay to £1,767 6s. 6d., and the amount payable by this Board to £883 13s. 3d. As the matter is not yet completed, your Committee consider that a payment on account only should now be made, and they accordingly recommend—

That a Cheque be drawn for the sum of £750, in favour of the Whitechapel District Board, on account of this Board's promised contribution towards the Improvement.

Your Committee have also considered the Letters from the Whitechapel District Board, requesting payment of this Board's promised contributions towards the Improvements at St. Mary-street and Newcastle-street, Whitechapel, referred on the 15th December last (No. 31). The Board, on the 4th March, 1881 (No. 5), agreed to contribute one-half of the net cost, not exceeding the respective sums of £250 and £200, of the Improvements in question, on the usual Certificates of their Officers. Certificates of the completion of the works, and that the sum of £560 and £400 respectively have been paid by the District Board for the land acquired and added to the public way having been presented to your Committee, they recommend—

That Cheques be drawn for the sums of £250 and £200 respectively, in favour of the Whitechapel District Board, being the amount of this Board's promised contributions towards the cost of the Improvements in St. Mary-street and Newcastle-street, Whitechapel.

Your Committee have considered the application of the Hackney District Board, for permission to borrow, and for a Loan of, £10,000, for paving works, referred on the 27th October last (No. 43). The works proposed to be carried out by the District Board are as follows—

| | | | |
|---|---|---|---|
| Laying 9,867½ feet run of new granite kerb 12 inches by 6 inches on 4 inches of concrete | £986 | 14 | 3 |
| Re-setting 25,606 feet run of existing kerb .. .. .. .. .. | 480 | 2 | 3 |
| Laying 23,359 yards super. of asphalte, 1 inch thick on 4 inches of concrete .. | 6,618 | 7 | |
| Laying 4,725 yards super. of Victoria stone .. .. .. .. .. | 1,555 | 6 | 3 |
| Laying 1,468 yards super. of Imperial stone .. .. .. .. .. | 470 | 19 | 8 |
| Making a total of .. .. .. .. .. .. .. | £10,111 | 10 | 1 |

Your Engineer has examined the Estimate for the works, and states it to be fair and reasonable. The District Board ask that the re-payment of the Loan may be spread over a period of Ten years, but, having regard to the large amount to be expended on Asphalte paving, for which not more than Seven years has hitherto been allowed for re-payment, your Committee consider it desirable that the period of Seven years should not be exceeded, and they recommend—

That the application of the Hackney District Board, for permission to borrow £10,000 to defray the cost of granite kerbing, foot-way, and Asphalte paving works be granted; that, subject to all necessary or proper consents being obtained to the satisfaction of the Solicitor of the Board, the amount be advanced by this Board out of their Consolidated Loans Fund, on condition that the sum of £5,000 be taken up in the month of February next, and £5,000 in May next, interest being charged thereon at the rate of £3 10s. per cent. per annum, payable quarterly on the 1st April, 1st July, 1st October and 1st January in each year, and the principal being re-paid by equal annual instalments on each 1st January, within Seven years; and that it be referred to the Solicitor to complete the Loan.

Your Committee have considered the Letter from the Vestry of Islington, requesting the Board to sanction their borrowing, a sum of £11,500, referred on the 1st ultimo (No. 34). The Loan is required to pay off the balance of a sum of £12,000, borrowed in the year 1825 to defray the cost of erecting three District Churches, built under the powers of the Local Acts, 5 Geo. IV., cap. 125, and 2 Wm. IV., cap. 26. As the question seemed to involve some legal considerations, your Committee referred the matter to your Solicitor, who has reported that it is not a case in which the Vestry, constituted under the Metropolis Management Act, 1855, have power to borrow on the security of the Rates leviable under that Act, and therefore that it is not one in which the consent of the Board to the borrowing can apparently be asked for, or given, under the 183rd Section. Your Committee, therefore, consider it desirable that the Board should not, at present, comply with the request of the Vestry, and they recommend that the Vestry be so informed.

Your Committee have considered the application of the Guardians of Mile-end-old-town, for an advance of £2,500, referred on the 1st ultimo (No. 34). The Loan is required by the Guardians for fitting up and furnishing their new Infirmary at the Workhouse, and is to be raised under an Order of the Local Government Board. Your Committee, seeing no objection to the advance, recommend—

That, subject to all necessary or proper consents being obtained, to the satisfaction of the Solicitor of the Board, the application of the Guardians of Mile-end Old-Town for an advance of £2,500 for the purpose of fitting up and furnishing the new Infirmary at their Workhouse, be complied with; that the amount be advanced by this Board out of their Consolidated Loans Fund, on condition that the Loan be taken up at once, interest being charged thereon at the rate of £3 10s. per cent. per annum, payable quarterly, on the 1st April, 1st July, 1st October, and 1st January in each year, and the principal being re-paid by equal annual instalments on each 1st January, within Ten years, and that it be referred to the Solicitor to complete the Loan.

Your Committee have considered the application of the Guardians of the Hackney Union, for a Loan of £36,650, referred on the 22nd December last (No. 56). The

advance is required by the Guardians to defray the cost of erecting additional buildings at their Workhouse, and the erection of Receiving Wards, under an Order of the Local Government Board, and they propose to take up £28,000 in moieties on the 1st March and 1st May, and £8,650 on the 1st July next. Your Committee see no objection to the Board agreeing to lend the £28,000, but they consider that it is not advisable to promise the balance so long before it is to be taken up, and they, therefore, recommend—

That, subject to all necessary or proper consents being obtained to the satisfaction of the Solicitor of the Board, the application of the Guardians of the Hackney Union for a Loan of £36,650 for the erection of additional buildings, at their Workhouse and Receiving Wards, be granted to the extent of £28,000, that that amount be advanced by this Board out of their Consolidated Loans Fund, on condition that £14,000 be taken up in March, and £14,000 in May next, interest being charged thereon at the rate of £3 10s. per cent. per annum, payable quarterly, on the 1st April, 1st July, 1st October and 1st January in each year, and the principal being re-paid by equal annual instalments on each 1st January within 30 years, that it be referred to the Solicitor to complete the Loan, and that the Guardians be informed that they must apply for the balance of the Loan when they are prepared to take up the money.

In obedience to the Resolution of the Board of the 5th instant (No. 42), your Committee have considered the application of the Guardians of Lambeth, for a Loan of £4,550. The Guardians state that they have the requisite authority to raise the money, which is required for purchasing a piece of land adjoining their property at Lower Norwood. Your Committee recommend—

That, subject to all necessary or proper consents being obtained to the satisfaction of the Solicitor of the Board, the application of the Guardians of Lambeth, for a Loan of £4,550 for the purchase of a piece of land adjoining their property at Norwood, be complied with, to the extent of £4,500, that the amount be advanced by this Board out of their Consolidated Loans Fund, on condition that the Loan be taken up at once, interest being charged thereon at the rate of £3 10s. per cent. per annum, payable quarterly on the 1st April, 1st July, 1st October, and 1st January in each year, and the principal being re-paid by equal annual instalments on each 1st of January, within 30 years, and that it be referred to the Solicitor to complete the Loan.

Your Committee have considered the application of the Guardians of the Wandsworth and Clapham Union, for an advance of £10,000, referred on the 5th instant (No. 43). The Loan is required for purchasing land as a site for the new Workhouse, and has received the sanction of the Local Government Board, and, seeing no objection thereto, your Committee recommend—

That, subject to all necessary or proper consents being obtained, to the satisfaction of the Solicitor of the Board, the application of the Guardians of the Wandsworth and Clapham Union, for a Loan of £10,000 for purchasing land as a site for their new Workhouse be granted; that the amount be advanced by this Board out of their Consolidated Loans Fund, on condition that it be taken up at once, interest being charged thereon at the rate of £3 10s. per cent. per annum, calculated quarterly, and with the principal being re-paid by equal half-yearly instalments, within 30 years, and that it be referred to the Solicitor to complete the Loan.

Your Committee have considered the Letter from the Guardians of the Fulham Union, requesting an advance of £45,000, for the erection of a new Infirmary at the Union Workhouse, referred on the 12th instant (No. 44). The Loan is to be raised under an Order of the Local Government Board, and this Board, having the means of making the advance, your Committee recommend—

That, subject to all necessary or proper consents being obtained, to the satisfaction of the Solicitor of the Board, the application of the Guardians of the Fulham Union, for a Loan of £45,000 for the erection of a new Infirmary, be granted; that the amount be advanced by this Board out of their Consolidated Loans Fund, on condition that the Loan be taken up at once, interest being charged thereon at the rate of £3 10s. per cent. per annum, calculated quarterly, and with the principal being re-paid by equal half-yearly instalments within 30 years, and that it be referred to the Solicitor to complete the Loan.

Your Committee have received from your Accountant a Report, stating that the Auditor of the Board's Accounts has drawn his attention to the Weekly Wages lists, upon which he desires to see more clearly defined the nature of the work on which extra persons are employed, and also for the extra pay, in time of emergency, to the

regular employés of the Board, so as to be able to form a judgment as to whether the Wages are properly chargeable to the Working or Capital Accounts. Your Committee, considering that the Board should lay down some general rule as to the nature and extent of the information which should be given, recommend—

That the Accountant's Report be referred to the Works and General Purposes Committee, for consideration.

Your Committee beg to submit, for the information of the Board, a Return of Gas-meters received to be tested, with the Fees charged for the same, for the Quarter ended 30th December last.

Your Committee also submit a Return showing the amount of moneys paid, or agreed to be contributed by the Board, towards the cost of Local Improvements in the Metropolis, and a Return showing the Loans sanctioned by the Board, to be raised by Vestries and District Boards, which Returns have been corrected and brought up to the 31st December last, and, considering that they will afford useful information to the Board as to the contributions towards Local Improvements, and the amounts raised by the several Local authorities for the execution of permanent works, they recommend—

That the Returns be printed, and be circulated amongst the Members of the Board.

All which your Committee beg to submit.

(Signed) R. FREEMAN,
W. URQUHART,
W. H. DALTON,
DONALD MUNRO.

(*Signed*) HENRY AIREY, GEO. DETHRIDGE, G. MILLS, Inspectors of Gas Meters.

(*Signed*) A. GUNN, Accountant.

The Returns as to Loans and Contributions to Local Improvements submitted with the Report, were laid before the Board.

The Report having been read and received,

It was **moved** by Mr. Freeman. seconded, and **resolved**—That the sums specified in the Statement submitted by the Committee, amounting in the whole to £55,649 8s. 2d., be paid.

Cheques were thereupon signed by two Members of the Board present at the Meeting.

It was **moved** by Mr. Freeman, seconded, and **resolved**—That Fees, as specified in the Four series of Accounts now presented to this Board, and numbered from 1 to 30, and also specified in the Summaries of such Accounts, now presented to this Board, and signed by their Clerk, and marked A to D inclusive, be paid to the respective District Surveyors mentioned in the following Abstract, for services performed by them in

connection with Dangerous Structures in the Metropolis, not being within the City of London, such services being the surveying and reporting, by direction of the Metropolitan Board of Works, under the Second part of the Metropolitan Building Act, 1855, and pursuant to the Metropolitan Building Act, 1869, on Structures reported to be in a dangerous state, and also special services performed by them in cases in which special services have been required to be performed under the Second part of the Second Schedule of such Act.

It was **moved** by Mr. Freeman, seconded, and **resolved**—That the Statement now submitted, showing the Salaries which will become payable to Officers of the Board on the 25th instant, amounting to the sum of £2,567, be approved, and that the Treasurer of the Board, the London and Westminster Bank (Limited), be authorised to pay the several sums specified in such Statement to the persons entitled to receive the same.

It was **moved** by Mr. Freeman, seconded, and **resolved**—That a Cheque be now drawn for the sum of £414 4s. 8d., in favour of the Vestry of St. Luke, Middlesex, being the amount of the balance of the Board's promised contribution towards the Improvement at Bridgewater-gardens and Golden-lane.

It was **moved** by Mr. Freeman, seconded, and **resolved**—That a Cheque be now drawn for the sum of £302 8s., in favour of the Vestry of St. Luke, Middlesex, being the amount of the balance of the Board's promised contribution towards the Improvement at Playhouse-yard.

A Cheque for £716 12s. 8d. was then drawn on the General Capital Account accordingly.

It was **moved** by Mr. Freeman, seconded, and **resolved**—That a Cheque be now drawn for the sum of £750, in favour of the Whitechapel District Board, on account of this Board's promised contribution towards the Improvement in Royal Mint-street.

It was **moved** by Mr. Freeman, seconded, and **resolved**—That a Cheque be now drawn for the sum of £250, in favour of the Whitechapel District Board, being the amount of this Board's promised contribution towards the cost of the Improvement in St. Mary-street, Whitechapel.

It was **moved** by Mr. Freeman, seconded, and **resolved**—That a Cheque be now drawn for the sum of £200, in favour of the Whitechapel District Board, being the amount of this Board's promised contribution towards the Improvement in Newcastle-street, Whitechapel.

A Cheque for £1,200 was then drawn on the General Capital Account accordingly.

It was **moved** by Mr. Freeman, seconded, and **resolved**—That the application of the Hackney District Board, for a Loan of a sum of £10,000, to defray the cost of granite kerbing, foot-way, and Asphalte paving works be granted; that, subject to all necessary or proper consents being obtained, to the satisfaction of the Solicitor of the Board, the amount be advanced by this Board out of their Consolidated Loans Fund, on condition that the sum of £5,000 be taken up in February, and the sum of £5,000 in May next, interest being charged thereon at the rate of £3 10s. per centum per annum, payable quarterly on the 1st April, the 1st July, the 1st October, and the 1st January in each year, and the principal being re-paid by equal annual instalments on each 1st January, within a period of Seven years; and that it be referred to the Solicitor to take the necessary measures for completing the Loan.

It was **moved** by Mr. Freeman, seconded by Mr. Bradfield, and **resolved**—That so much of the Report as relates to the application of the Vestry of Islington for sanction to a Loan of a sum of £11,500, for the purpose of paying off the existing debt incurred in building the District Churches of St. John, St. Paul, and the Holy Trinity, Islington, be referred back to the Committee, for further consideration, and that the Clerk to the Vestry be invited to attend the Committee when the subject shall be considered.

It was **moved** by Mr. Freeman, seconded, and **resolved**—That, subject to all necessary or proper consents being obtained, to the satisfaction of the Solicitor of the Board, the application of the Guardians of Mile-end Old-town, for a Loan of a sum of £2,500 for the purpose of fitting up and furnishing the new Infirmary at their Workhouse, be complied with; that the amount be advanced by this Board out of their Consolidated Loans Fund, on condition that the Loan be taken up at once, interest being charged thereon at the rate of £3 10s per centum per annum, payable quarterly, on the 1st April, the 1st July, the 1st October, and the 1st January in each year, and the

principal being re-paid by equal annual instalments on each 1st January, within a period of Ten years, and that it be referred to the Solicitor to take the necessary measures for completing the Loan.

It was **moved** by Mr. Freeman, seconded, and **resolved**—That, subject to all necessary or proper consents being obtained, to the satisfaction of the Solicitor of the Board, the application of the Guardians of the Hackney Union, for a Loan of a sum of £36,650 for the erection of additional buildings at their Workhouse and Receiving Wards, be granted to the extent of £28,000; that the amount be advanced by this Board out of their Consolidated Loans Fund, on condition that the sum of £14,000 be taken up in March, and the sum of £14,000 in May next, interest being charged thereon at the rate of £3 10s. per centum per annum, payable quarterly, on the 1st April, the 1st July, the 1st October, and the 1st January in each year, and the principal being re-paid by equal annual instalments on each 1st January, within a period of Thirty years, and that it be referred to the Solicitor to take the necessary measures for completing the Loan, and that the Guardians be informed that they must apply for the balance of the Loan when they are prepared to take up the money.

It was **moved** by Mr. Freeman, seconded, and **resolved**—That, subject to all necessary or proper consents being obtained, to the satisfaction of the Solicitor of the Board, the application of the Guardians of Lambeth, for a Loan of a sum of £4,550 for purchasing a piece of land adjoining their property at Norwood, be complied with, to the extent of £4,500; that the amount be advanced by this Board out of their Consolidated Loans Fund, on condition that the Loan be taken up at once, interest being charged thereon at the rate of £3 10s. per centum per annum, payable quarterly, on the 1st April, the 1st July, the 1st October, and the 1st January in each year, and the principal being re-paid by equal annual instalments on each 1st of January, within a period of Thirty years, and that it be referred to the Solicitor to take the necessary measures for completing the Loan.

It was **moved** by Mr. Freeman, seconded, and **resolved**—That, subject to all necessary or proper consents being obtained, to the satisfaction of the Solicitor of the Board, the application of the Guardians of the Wandsworth and Clapham Union for a Loan of a sum of £10,000 for purchasing land as a site for their new Workhouse be granted; that the amount be advanced by this Board out of their Consolidated Loans Fund, on condition that the Loan be taken up at once, interest being charged thereon at the rate of £3 10s. per centum per annum, calculated quarterly, and with the principal being re-paid by equal half-yearly instalments, within a period of Thirty years, and that it be referred to the Solicitor to take the necessary measures for completing the Loan.

It was **moved** by Mr. Freeman, seconded, and **resolved**—That, subject to all necessary or proper consents being obtained to the satisfaction of the Solicitor of the Board, the application of the Guardians of the Fulham Union for a Loan of a sum of £45,000 for erecting a new Infirmary, be granted; that the amount be advanced by this Board out of their Consolidated Loans Fund, on condition that the Loan be taken up at once, interest being charged thereon at the rate of £3 10s. per centum per annum, calculated quarterly, and with the principal being re-paid by equal half-yearly instalments, within a period of Thirty years, and that it be referred to the Solicitor to take the necessary measures for completing the Loan.

It was **moved** by Mr. Freeman, seconded, and **resolved**—That the Accountant's Report as to certain information desired by the Auditor to be placed on the Wages lists, be referred to the Works and General Purposes Committee, for consideration and report.

It was **moved** by Mr. Freeman, seconded, and **resolved**—That the Return of contributions promised by the Board, and the Return of Loans sanctioned, up to the 31st December last, now submitted, be printed, and be circulated amongst the Members of the Board.

**12** It was **moved** by Mr. Freeman, seconded, and **resolved**—That the consideration of the

question of issuing the Precepts for the Consolidated Rate for the year 1883, be deferred until the next Meeting of the Board.

**13**. Mr. Selway, the Deputy-Chairman of the Works and General Purposes Committee, brought up a Report, as follows—

REPORT OF THE WORKS AND GENERAL PURPOSES COMMITTEE.

Spring-gardens, 15th January, 1883.

Your Committee have also to report that they have cancelled the Cheque No. 5,585, drawn on the 8th instant on the Street Improvements under the Act of 1877 Account, in favour of Mr. R. Bingham, *re* Sutton (Piccadilly), for £15 11s. 11d., and that they have drawn a Cheque (No. 5,625) in lieu thereof, in favour of the Bank of England, for £14 11s. 11d.

Your Committee submit, for the information of the Board, Accounts of sales by Messrs. Horne, Eversfield and Co., in November, 1882, of building materials of premises in Kentish-town-road, and Portpool-lane, Gray's-inn-road, as follows—

| | | | |
|---|---|---|---|
| Proceeds of sale ... ... ... ... ... | £35 | – | – |
| Commission, £7 10s. per cent. ... ... ... ... | 2 | 12 | 6 |
| Amount received by Board, 2nd and 29th December, 1882 ... | £32 | 7 | 6 |

In pursuance of the reference by the Board of the 5th instant (Nos. 4 and 47), your Committee have had before them the Letters from Messrs. Higginson and Vigers, and from the Strand District Board, on the subject of the Mid-London Market Bill. Your Solicitor reported to the Board on Friday last (No. 28), that the Promoters had decided not to proceed with the Bill, and, under these circumstances, your Committee recommend that the reference be discharged, and that the Strand District Board be informed accordingly.

Your Committee have considered the Letter, referred by the Board on the 29th September last (No. 56), from the Gas Light and Coke Company, transmitting a copy of correspondence between the Engineer at their Pimlico Station and the Engineer of this Board, and of a Report by the Company's Engineer on the condition of the King's Scholars' Pond Sewer, skirting the Station, and expressing the hope that steps would be taken to cause a discontinuance of the nuisance complained of. The correspondence refers to the state of the temporary roofing over the uncovered portion of the outlet of the King's Scholars' Pond Sewer, which runs on the Eastern side of the Pimlico Station of the Gas Light and Coke Company's works, and is about 900 feet in length. The roofing was originally placed over that point of the Sewer in order to avoid the smell from the Sewage, which then flowed along the open Sewer, but your Engineer reports that no Sewage whatever now passes along the channel. Your Engineer states, however, that some effluvia did escape from the covered part of the Sewer at its Northern end, and that, in order to prevent that, and to enable the Board to dispense with the costly restoration of the defective roofing, proper flaps were fixed at that part, before the receipt of the Company's Letter. He adds that, from careful observations which have since been made, it has been ascertained that, under all conditions of the weather and the Sewer, during the last four months, there has been an entire absence of effluvia from the latter. With regard to the roofing, your Engineer suggests that, inasmuch as it is in a decayed state, generally, it should be removed, but that as the necessity for it has now ceased, he does not advise its restoration. He further suggests that, as there are irregularities in the invert of the Sewer which interfere with the perfect clearing away of the silt after storms, those portions of the invert should be concreted at a cost of about £250. Your Committee concur in the views expressed by your Engineer, and they recommend—

> That the substance of his Report be communicated to the Company, and that the works suggested by him be executed.

In compliance with the reference by the Board of the 5th instant (No. 51), your Committee have had under consideration the Letter from Messrs. J. and J. Greenwood, objecting to the 10 per cent. taken off the credit items in their Account for Hoarding and Shoring being struck out of their Account, and asking for a re-consideration of the question. The Letter is in reply to an intimation conveyed to Messrs. Greenwood, under the authority of your Committee, that the percentage in their Contract applied only to the payments to be made to the Contractors, and not to the credits to be made by them to

the Board. Upon a careful review, however, of the question, and after fully considering the terms of the Specification, your Committee have arrived at the conclusion that the view previously taken in the matter is open to some doubt, and, under all the circumstances, they do not feel justified in advising the Board to adopt it. Your Committee recommend—

That it be an instruction to the Accountant to allow the discount upon the credits as well as upon the debits.

Your Committee, on the 17th November last (No. 11), reported on an application which had been received from the Vestry of Streatham, that the Parish might be divided into Wards and the number of Vestrymen increased, and recommended that a Notice should be issued of the Board's intention to divide the Parish into three Wards, as shown upon a Plan marked "A," submitted with the Report, and to increase the number of Vestrymen. Upon the day appointed by the Board for the consideration of the application, a Deputation from the Vestry attended and presented Resolutions suggesting that the Wards Nos. 2 and 3 should be divided in a manner different from that proposed by your Committee. Having had the matter again under consideration, your Committee think that in view of the desire expressed by the Local Authorities, the Board may be advised to adopt the altered division of Wards 2 and 3, namely, from East to West, instead of from North to South. The Wards, as now proposed, are shown upon a Plan marked "E," which has been prepared by your Engineer, and your Committee, having had before them Reports by your Solicitor and your Accountant, beg to submit such Plan, and also a Draft form of Order, and to recommend—

That an Order be passed by the Board directing that the Parish be divided into three Wards, and that the following apportionment of 48 Vestrymen be made—

| | |
|---|---|
| No. 1, Balham Ward .. .. .. .. | 21 |
| ,, 2, North Streatham Ward .. .. .. | 18 |
| ,, 3, South ,, ,, .. . .. | 9 |
| | 48 |

Your Committee have further to report that they have considered the application of the Vestry of Rotherhithe, referred by the Board on the 5th instant (No. 40), for a contribution towards the cost, namely, £55, of a proposed Improvement in front of No. 151, Rotherhithe-street. This is a continuation of a previous Improvement, and your Committee having viewed the locality, and ascertained from your Superintending Architect that the cost is fair and reasonable, recommend—

That the Board do contribute one-half of the net cost, such contribution not to exceed the sum of £27; and that it be paid to the Vestry, on a Certificate by the Superintending Architect of the completion of the work, and by the Accountant of the net cost of the same.

Your Committee have had before them the Letter from Mr. H. Dearsly, referred by the Board on the 5th instant (No. 54), relative to the Board's Letter of the 13th December last, in reply to a Petition praying that a carriage-way might be formed across South-mill-field, Hackney, and stating that such Letter was not considered a complete answer to the prayer of the Memorial presented to the Board on the 10th November last. Your Committee recommend—

That Mr. Dearsly be informed that the Board have, at present, nothing to add to the communication already addressed to the Memorialists on the subject.

On the 12th instant your Committee, in reporting to the Board on an application by the Hackney District Board for an increase in the number of Members, recommended that it should be increased from 57 to 63, three Members being added to the Parish of Hackney, and three to Stoke Newington. The subject having been referred back to your Committee, they have given further consideration thereto, with the result that they beg to submit a modified recommendation as follows—

That the number of Members of the Hackney District Board be increased from 57 to 63, and that the additional number be allocated to the Parish of St. John at Hackney.

All which your Committee beg to submit.

(Signed) J. McGAREL-HOGG,
W. R. SELWAY,
Wm. SHEPHERD,
GEORGE PHILLIPS,
W. H. DALTON,
JOHN RUNTZ,
GEO. EDWARDS,
THOMAS H. ELAM,
DONALD MUNRO.

The Accounts of sales of building materials of premises in Kentish-town-road and Portpool-lane, Gray's-inn-road, and the Plan and draft form of Order, submitted with the Report, were laid before the Board.

The Report having been read and received,

It was moved by Mr. Selway, seconded, and resolved—That the references to the Committee of the Letters from Messrs. Higginson and Vigers and the Strand District Board, relative to the Mid-London Market Bill, be discharged, the Bill having been withdrawn, and that the Strand District Board be so informed.

It was moved by Mr. Selway, seconded, and resolved—That so much of the Report as relates to the Letter from the Gas Light and Coke Company, as to the condition of the King's Scholars' Pond Sewer, near their Pimlico Station, be approved; that the substance of the Report made by the Engineer on the matter be communicated to the Company in reply to their Letter, and that the invert of a portion of the Sewer be concreted at a cost of about £250.

It was moved by Mr. Selway, seconded, and resolved—That it be an instruction to the Accountant to allow the discount upon the credits as well as upon the debits in the accounts of Messrs. Greenwood for Hoarding and Shoring.

It was moved by Mr. Selway, seconded, and resolved—That so much of the Report as relates to the applications of the Vestry of Streatham, for a division of the Parish into Wards be approved and acted upon.

It was thereupon Resolved and ordered, as follows—

Whereas by the Metropolis Management Amendment Act, 1862, Section 41, it is enacted that "when at any time, upon any account taken of the population by the "authority of Parliament, any of the Parishes within the Metropolis not now divided "into Wards, for the purpose of electing Vestrymen, shall be found to contain more "than two thousand rated Householders, it shall be lawful for the Metropolitan Board "of Works, upon the application, in writing, of the Vestry or of not less than five "hundred rated Householders of the Parish, to divide such Parish into Wards, "and to determine and set out the number, extent, limits, and boundary lines "of such Wards, but so, nevertheless, that no Ward shall contain less than five "hundred rated Householders, and that the whole number of Wards shall not "exceed Eight; and the Metropolitan Board shall apportion among the several "Wards the number of Vestrymen to be elected for such Parish, and shall, in "assigning the number of Vestrymen to each Ward, have regard, as far as in their "judgment is practicable, as well to the number of persons rated to the relief of the "Poor in each Ward, as to the aggregate amount of the sums at which all such persons "are rated, and the number of Vestrymen assigned to each Ward shall be a number "divisible by Three." And whereas the Parish of Streatham is within the limits of the Metropolis, as defined by the Metropolis Management Act, 1855, and is one of the Parishes in Part 1 of Schedule B of that Act, and at the passing of the same Act

the Parish was not divided into Wards, and the Vestry of the Parish of Streatham having now applied to us, the Metropolitan Board of Works, to divide the said Parish into Wards, pursuant to the provisions of the said 41st Section of the Metropolis Management Amendment Act, 1862. And whereas it appears from the last account taken of the population by the authority of Parliament, that the said Parish contains 3,215 rated householders, and that the number of inhabited houses in the Parish is returned at 4,171, and the ratable annual value of property at £185,430. Now, the Metropolitan Board of Works, having considered the said application, and having ascertained from the said last account taken of the population by the authority of Parliament, as contained in the Census Return for the year 1881, that the number of rated householders for the Parish of Streatham is 3,215, and having taken into consideration the number of persons rated to the relief of the Poor in the same Parish, and the aggregate amount of the sums at which all such persons are rated, and all the circumstances connected with such application, doth hereby Order that the said Parish of Streatham be divided into Three Wards, to be distinguished by the names and numbers mentioned in the first column of the undermentioned Schedule, that the extent, limits, and boundary lines of such Wards shall be those described in the second column of the said Schedule, and that the number of Vestrymen to be elected for each of the said Wards shall be the number mentioned in the third column of the said Schedule.

*The Schedule above referred to.*

| Column I.<br>Names and numbers distinguishing Wards. | Column II.<br>Extent, limits, and boundary lines of Wards. | Column III.<br>Number of Vestrymen to be elected in Wards. |
|---|---|---|
| No. 1.<br>Balham Ward. | All that portion of the Parish lying to the West and North of Tooting-beck-common. | 21 |
| No. 2.<br>North Streatham Ward | All that portion of the Parish not included in Ward No. 1, situate to the North of a line commencing at the Parish boundary between Tooting-beck and Tooting-graveney Commons, proceeding along the Southern boundary of Tooting-beck-common, continuing thence Eastwards along Tooting-beck-road, past and to the South of St. Leonard's Church, to the main Brixton and Croydon Road, turning Northwards along the last-mentioned road to a point opposite Leigham-lane, thence Eastwards along Leigham-lane and Wells-lane, the public footpath in continuation of the same, and Parish boundary in continuation, or nearly in continuation, of the said footpath, and terminating at the point at which the said Parish boundary turns Northwards. Also the detached portion of the Parish at Thurlow- (or Knight's) hill. | 18 |
| No. 3.<br>South Streatham Ward. | All the remaining portion of the Parish situate to the South of a line drawn as described above for Ward No. 2. | 9 |
| | | 48 |

It was moved by Mr. Selway, seconded, and resolved—That a copy of the foregoing Order be sent to one of Her Majesty's Principal Secretaries of State, for his approval, and to the Vestry Clerk of the Parish of Streatham, and that the same be published in the "London Gazette" in conformity with the provisions of the 41st Section of the Metropolis Management Amendment Act, 1862.

The Solicitor laid before the Board four copies of the said Order.

It was moved by Mr. Selway, seconded, and resolved—That the Common Seal of the Board be affixed to the said copies of Order; and the Seal was affixed accordingly.

It was moved by Mr. Selway, seconded, and resolved—That the Board do contribute one-half of the net cost (estimated at £55) of an Improvement in front of No. 151, Rotherhithe-street, proposed to be effected by the Vestry of Rotherhithe, such contribution not to exceed the sum of £27; and that it be paid to the Vestry on a Certificate by the Superintending Architect of the completion of the work, and by the Accountant of the net cost of the same.

It was moved by Mr. Selway, seconded, and resolved—That Mr. H. Dearsly be informed, in reply to his Letter relative to the application for the formation of a carriage-way across South-mill-field, that the Board have, at present, nothing to add to the communication already sent to the Memorialists who have addressed the Board on the subject.

It was moved by Mr. Selway, seconded, and resolved—That so much of the Report as relates to the question of increasing the number of Members of the Hackney District Board, be approved and acted upon.

It was, thereupon, resolved and ordered, as follows—

Whereas application has been made to the Metropolitan Board of Works by the Vestry of the Parish of St. John at Hackney, to alter the number of representatives of such Parish at the Board of Works for the Hackney District, pursuant to the provisions of the Metropolis Management Act, 1855. And whereas, from the account taken of the population by the authority of Parliament in the year 1881, the relative numbers of the inhabited houses in the two Parishes forming the Hackney District are found to have varied from those shown by the last previous Census. And whereas the said Metropolitan Board of Works, having, in compliance with the said application, taken into consideration the matters thereof, and having had regard to and weighed and considered the several matters required by law in that behalf, hereby Resolve and Order that the Members of the Board of Works for the Hackney District to be elected for the two Parishes mentioned in Schedule B, Part 1, to the said Metropolis Management Act, 1855, be as follows, that is to say—

| | | | | |
|---|---|---|---|---|
| The Parish of St. John at Hackney to be altered from... ... | 51 | to | 57 |
| ,, ,, St. Mary, Stoke Newington, to remain as at present | 6 | — | 6 |
| | 57 | | 63 |

and such assignments for the said Parishes respectively are hereby accordingly ordered, and made.

The Solicitor laid before the Board two copies of the foregoing Order.

It was moved by Mr. Selway, seconded, and resolved—That the Common Seal of the Board be affixed to the said two copies of Order, and that they be sent to the Hackney District Board, and the Vestry of St. John, at Hackney; and the Seal was affixed accordingly.

**14.** Mr. Shepherd, the Chairman of the Building Act Committee, brought up a Report, as follows—

REPORT OF THE BUILDING ACT COMMITTEE.

Spring-gardens, 16th January, 1883.

Your Committee have to report that they have considered the application of Mr. J. O. Cook, on behalf of Mr. W. H. Coombes, for the consent of the Board to the

erection of one-storey shops on portions of the forecourts of Nos. 1 and 2, George-street, Woolwich, to the line shown upon the amended Plan accompanying the application, referred by the Board on the 15th December last (No. 59). The Board on the 17th November last refused an application for sanction to the erection of one-storey shops to cover the whole of the forecourts of Nos. 1 and 2, George-street. The applicant now proposes to keep the flank walls of the Easternmost one-storey shop about 21 feet from the boundary line of the forecourt of No. 1, George-street, which abuts upon Chapel-street. Your Committee, considering the proposal objectionable, recommend—

That the application be not granted.

Your Committee have also to report that they have considered the Letter from Mr. A. Cayley, asking the Board to re-consider his application for approval of a Plan for the formation and name of a new road to lead out of the North-Eastern side of Wandsworth-bridge-road, Fulham, referred by the Board on the 15th December last (No. 64). It appears from the Plan which the Board, on 3rd of November last, declined to approve, that it was proposed to construct a short road, with only one entrance, to lead out of Wandsworth-bridge-road opposite Townmead-road. This was considered to be objectionable, and led to the rejection of the Plan. The applicant now states that the road objected to has been already formed, but does not belong to him, and he submits that the road he proposed to form does not contravene the Board's Bye-law. The Wandsworth District Board offer no objection. Your Committee, looking at all the facts of the case, recommend—

That the application be granted, on condition that no barriers be at any time erected or other obstructions caused to the free use by the public of the said road, and that the name "Ismailia-road, S.W.," be approved for the same.

Your Committee have further to report that they have considered the application of Mr. E. Estcourt, for approval by the Board of an amended Plan for the formation of a Mews to lead out of the South side of Canfield-gardens into Broadhurst-gardens, Finchley-road, Hampstead, referred by the Board on the 15th December last (No. 65). The Board, on the 20th October last, refused to approve of a Plan for the formation of a Mews on the site. The present Plan differs but slightly from the former one, and your Committee recommend—

That the application be not granted.

The Board, on the 15th December last (No. 66), referred to your Committee the application of Mr. A. Wright, on behalf of the Trustees of the Stockwell Orphanage for approval by the Board of a Plan for the formation of new roads to lead out of the East side of Upper Tulse-hill, Brixton, and also of a road to lead out of Lockhart-road, in connection therewith. Two of the proposed new roads will lead out of Upper Tulse-hill, and will run in an Easterly direction, until they meet a road which it is proposed to form leading out of Lockhart-road. Your Committee see no objection to the Plan for laying out the roads, but they consider that the applicant should submit an application for the proposed building line; they, therefore, recommend—

That the application be granted, on condition that no barriers be at any time erected or other obstructions caused to the free use by the public of the said roads, and that the names "Brading-road, S.W.," and "Wimbart-road, S.W.," be approved for the same; and that the applicant be informed that he must submit an application for approval of the proposed building line.

Your Committee have to report that they have considered the application of Messrs. White, Druce and Brown, on behalf of Miss H. Metcalfe, for approval by the Board of a Plan for the construction of a door-way at the level of the first-floor in the party-wall between No. 111, New Bond-street, and No. 19, Brook-street, St. George, Hanover-square, referred by the Board, on the 15th December last (No. 73). The applicant, who carries on the business of a Court Dressmaker at No. 111, New Bond-street, is desirous of also occupying the house, No. 19, Brook-street, adjoining her premises on the West, and with that view she proposes to form a door-way, 7 feet high, at the level of the first floor in the party-wall at present separating the two houses. It may be

presumed, from the fact of the application being made to the Board, that the houses are not wholly in the same occupation, and, therefore, the Board cannot accede to the request of the applicants. Your Committee recommend—

That the application be not granted.

Your Committee have further to report that they have considered the application of Mr. H. J. Hanson, on behalf of Messrs. Hartwig and Bowles, for approval by the Board of a Plan for the erection of five houses on the South side of Solon-road, Bedford-road, Clapham, without open spaces at the rear thereof, as required by the Amendment Act of 1882, referred by the Board on the 15th December last (No. 74). The houses in question have a frontage of 25 feet, and in order to comply with the requirements of the Act of 1882, they should have an open space at the rear equal to 300 square feet. The applicants submit that it would cause them great inconvenience if they were required to comply with the law, and they request the Board to exercise the discretion vested in them under the 14th Section of the Act, and to permit the houses to be constructed as shown upon the Plan submitted. Your Committee recommend—

That the application be not granted.

Your Committee have also considered the application of Mr. C. W. Chapman, on behalf of Mr. Kefford, for approval by the Board of a Plan for the re-erection of No. 43, Brushfield-street, Spitalfields, with an open space at the rear thereof of less area than that required by the 29th Section of the Metropolitan Building Act, 1855, referred by the Board on the 15th December last (No. 75). The house was destroyed by fire in July last, and it is being re-built upon the old lines. The house originally had an open space at the rear, having a superficial area of 9 feet, by which means the rooms were lighted. It is proposed, in re-building the house, to retain that area, but the District Surveyor objects to that as not being in accordance with the 29th Section of the Building Act. Your Committee think that the case is one in which the Board should not interfere with the action of the District Surveyor, and they recommend—

That the application be not granted.

Your Committee have further to report that they have considered the Letter from Mr. J. Allden, transmitting a Memorial from ratepayers and inhabitants of Cromwell-road, Kensington, and its vicinity, praying the Board to re-consider his application with regard to the erection of two projecting windows on a portion of the forecourt of No. 156, in that road, and to give their sanction to the windows being retained, referred by the Board on the 22nd December last (No. 53). The applicant, who is a Chemist, wishes to erect two projecting windows in place of those already existing. The windows will be made of wood and be glazed with plate glass, and be covered in with lead. The Vestry approve, and your Committee recommend—

That the application be granted.

Your Committee have also considered the application of Mr. W. Pitcher, for the consent of the Board to the erection of a house, with a shop, on the North side of Redwald-road, at the corner of Pedro-street, Clapton-park, to the line shown upon the amended Plan accompanying the application, referred by the Board on the 22nd December last (No. 64). On the 27th October last, an application for building on the site was refused by the Board. The proposed shop would be in advance of the general building line in Pedro-street, as well as in Redwald-road, and your Committee therefore recommend—

That the application be not granted.

Your Committee have also to report that they have considered the application of Mr. A. B. Hutchings, on behalf of the London and Provincial Bank (Limited), for the consent of the Board to the re-erection of the premises situated on the West side of Kingsland High-street, between Kingsland-passage and Ball's-pond-road, Hackney, to the line shown upon the Plan accompanying the application, referred by the Board on the 22nd December last (No. 65). The existing premises will be pulled down, and in their place a Bank and residence will be erected, which will also cover the forecourt.

It is further intended to increase to 20 feet, the width of so much of Kingsland-passage as adjoins the flank wall of the present premises. Your Committee approve of the application, and they recommend—

That the application be granted, on condition that the erection be made in entire conformity with the letter of application, and as shown on the Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board.

Your Committee have also considered the application of Mr. S. McNaughton, for the consent of the Board to the erection of a one-storey shop upon a portion of the fore-court of Colmar-cottage, on the North side of High-road, Lee, at the corner of Marischal-road, to the line shown upon the Plan accompanying the application, referred by the Board on the 22nd December last (No. 72). Although a certain portion of the applicant's property would be added to the public way if the shop were erected as proposed, your Committee think it would be desirable to make the entrance into Marischal-road wider at the corner of the High-road, by substituting a better line of frontage. They therefore recommend—

That the application be not granted.

Your Committee have had under consideration the Letter from Mr. J. Tolley, District Surveyor for the District of Sydenham, with reference to certain proceedings taken by him against the builders of houses in Longton-grove, Sydenham, for using improper mortar, and requesting the assistance of the Board in enforcing the Order made by the Magistrate in the matter, referred by the Board on the 22nd December last (No. 90). The District Surveyor summoned the builders to the Police-court, for having used mortar which was not compounded in the manner prescribed by the Board's Bye-law. The Magistrate made a verbal Order, directing the Defendants to remove the work; but the District Surveyor reports that no steps have been taken to comply with the Order. He asks for the advice and assistance of the Board in the matter, and your Committee recommend—

That the request be complied with, and that the Solicitor be instructed to afford Mr Tolley the necessary legal assistance.

Your Committee have also considered the application of Messrs. Haward Brothers (Limited), for approval by the Board of a Plan for the re-construction of a portion of a furnace chimney-shaft, at No. 39, Wardour-street, St. James, Westminster, referred by the Board on the 22nd December last (No. 95). A portion of the existing chimney-shaft is to be pulled down and re-built in consequence of its defective condition. The District Surveyor has been unable, owing to the inaccessible position of the base of the shaft, to ascertain by direct inspection what is the nature of the foundation, but he assumes, from information which he has obtained, that the base of the shaft was originally erected in a satisfactory manner. Your Committee recommend—

That the application be granted, on condition that two additional stays be placed on the East and West sides of the chimney-shaft, and also on condition that the whole of the work be executed to the satisfaction of the District Surveyor.

Your Committee have further to report that they have considered the application of Mr. C. J. Bentley, on behalf of Mr. C. Merrett, for approval by the Board of the erection of proposed buildings on the North side of Rectory-grove, Clapham, referred by the Board on the 5th instant (No. 68). Your Committee consider the proposed building line objectionable, and they recommend—

That the application be not granted.

Your Committee have to report that they have considered the application of Messrs. Joseph and Pearson, for approval by the Board of a Plan for the construction of two temporary wooden buildings at the Jews' Free School in Bell-lane, Whitechapel, referred by the Board on the 5th instant (No. 71). The proposed buildings will be constructed of wood, and will be about 12 feet high to the eaves; and their respective dimensions will be 110 feet long by 31 feet wide, and 90 feet long by 30 feet wide.

Your Committee are of opinion that the buildings should not be sanctioned because of the inflammable nature of the materials of which it is proposed to construct them, and they recommend—

That the application be not granted.

Your Committee have also to report that they have considered the application of Mr. R. J. Thompson, on behalf of Mr. R. C. Davis, for approval by the Board of a Plan for the formation and names of roads to lead out of the East side of Chislehurst-road, and the South side of Cross-lane, New Eltham, referred by the Board on the 5th instant (No. 74.) The roads are 50 feet wide, and they have each two openings of the full width of the roads. It is not, however, proposed to widen the existing roads, so far as they adjoin the applicant's Estate. Your Committee are of opinion that the applicant should be required to give up sufficient land for widening Cross-lane and Chislehurst-road. Your Committee recommend—

That the application be granted, on condition that the applicant do give up sufficient land to allow of Cross-lane and Chislehurst-road being made of the requisite width; and also on condition that no barriers be at any time erected or other obstructions caused to the free use by the public of the said roads, and that the names "Vortigern-road, S.E.," "Cerdric-road, S.E., and "Ethelgar-road, S.E., be approved for the new roads.

Your Committee have further to report that they have considered the application of Mr. M. Nickinson, for the consent of the Board to the erection of houses, with shops, on the North side of Uxbridge-road, Hammersmith, between Bloemfontein-road and Loftus-road, to the line shown upon the amended Plan accompanying the application, referred by the Board on the 5th instant (No. 61). The Board have refused three applications for the erection of houses, with shops, on the site. Your Committee, considering the present proposal equally objectionable, they recommend—

That the application be not granted.

In accordance with the reference by the Board on the 5th instant (No. 62), your Committee have considered the application of Mr. W. Hynam, on behalf of Mr. Bignold, for the consent of the Board to the erection of a one-storey building, and the re-erection of the boundary wall in a yard adjoining the "Lillie Arms" Public-house, in Lillie-road, Fulham, to the line shown upon the Plan accompanying the application. The proposed one-storey building will extend beyond the boundary wall, which will be re-erected to an advanced line. The Fulham District Board support the proposal, and your Committee recommend—

That the application be granted, on condition that the erections be made in entire conformity with the letter of application, and as shown on the Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board,

Your Committee have also to report that they have, pursuant to the Resolution of the Board of the 22nd November, 1878 (No. 48), considered the following applications for the re-naming and re-numbering of various streets and places in the Metropolis, viz.—

| Date. | Application. |
|---|---|
| 1st May, 1881. | Greenwich District Board, for re-numbering the houses in various streets at Deptford. |
| 4th May, 1882. | Wandsworth District Board, for re-numbering the houses in nine streets in Battersea. |
| 22nd March, 1882. | Poplar District Board, for re-numbering the houses in various streets under their jurisdiction. |
| 14th April, 1882. | Hackney District Board, for re-numbering the houses in various streets under their jurisdiction. |
| 4th February, 1882. | Plumstead District Board, for re-numbering the houses in certain streets in their District. |
| 18th September, 1882. | Mr. T. J. Willson, for re-numbering the houses in West-end-lane, Hampstead, from Edgware-road to Abbey-road. |

| Date. | Application. |
|---|---|
| 14th June, 1882. | Mr. J. W. Bishop, for re-numbering the houses in Masbro'-road North, Hammersmith. |
| 22nd June, 1882. | Mr. A. Wilson, for re-numbering the houses in Percy-road, Hammersmith. |
| 6th October, 1882. | Mr. J. King, for numbering the houses in Arkwright-road, Hampstead. |
| 19th September, 1882. | Mr. P. E. Vizard, for numbering the houses in Ellerdale-road, Hampstead. |
| 18th October, 1882. | Miss Elliott, for removal of inconvenience caused by the existence of two thoroughfares bearing the name, "Sussex-place," within a short distance of each other, in the Parish of Kensington. |

Your Committee have received Reports from your Superintending Architect on the above-mentioned applications; they have also inspected Plans prepared under his direction, shewing the alterations which it is desirable to make in the naming and numbering of the several thoroughfares, and they recommend—

That the subsidiary names in Charles-street, High-street, Deptford, be abolished, and the houses re-numbered.

That Waterloo-place, New-cross-road, be re-named "Watson's-street, S.E." the subsidiary names abolished, and the houses re-numbered.

That Plough-lane and Plough-lane East, Battersea, be incorporated under the names "Plough-road, S.W.," the subsidiary names abolished and the houses re-numbered.

That Plough-lane West, Battersea, be re-named "Plough-terrace, S.W."

That Tugela-road and Mantua-street, Battersea, be incorporated under the name "Mantua-street, S.W.," the subsidiary names abolished and the houses re-numbered.

That Grove-street, Upper North-street, Poplar, be re-named "Bygrove-street E.," the subsidiary name abolished and the houses re-numbered.

That Anne-street, Ricardo-street, Poplar, be re-named "Annabel-street, E.," and the houses re-numbered.

That New-street, Kerbey-street, Poplar, be re-named "Chilcot-street, E.," and the houses re-numbered.

That John-street, Shacklewell-lane, be re-named "Dunn-street, E.," the subsidiary name abolished and the houses re-numbered.

That Fox-lane, Kingsland-road, be incorporated with Haggerston-road, under the latter name the subsidiary names abolished and the houses re-numbered.

That Sylvester-row and Grove-place, Hackney, be incorporated under the name "Sylvester-road, E.," and the houses re-numbered.

That Rose-street, Waverley-terrace, Park-road and Upper Park-road, be incorporated under the name "Park-road, Plumstead," and the houses re-numbered.

That Park-road West, otherwise Lower Park-road, be re-named "Park-street, Plumstead," the subsidiary names abolished and the houses re-numbered.

That the subsidiary names in Barnfield-road, Plumstead, be abolished and the houses re-numbered.

That the houses in Francis-street, Plumstead, be re-numbered.

That the houses in West-end-lane, Hampstead, between Edgware-road and Abbey-road, be re-numbered and the subsidiary name abolished.

That the subsidiary names in Masbro'-road North, Hammersmith, be abolished, and the houses re-numbered.

That the subsidiary names in Percy-road, Hammersmith be abolished, and the houses re-numbered.

That the houses in Arkwright-road, Hampstead, be numbered.

That the houses in Ellerdale-road, Hampstead, be numbered.

That Sussex-place, Victoria-road, Kensington, be re-named "Sussex-villas, W."

Your Committee have further to report that they have considered the application of the Vestry of Paddington, for the incorporation of St. Agnes-villas and Bayswater-terrace with Porchester-gate, under the latter name. The subject was before your

Committee in the year 1877, when, having heard the parties interested, they advised the Board not to sanction such incorporation. No alteration having taken place with respect to the matter since that time, your Committee recommend—

That the Vestry of Paddington be informed that the Board deem it inexpedient to comply with their request.

On the 27th October last the Board ordered the incorporation of Marlborough-street with Great Marlborough-street, and the re-numbering of the houses on the Southern side of the latter street. A Petition has been presented from certain inhabitants of Great Marlborough-street, protesting against the Order, on the ground that some of them will be put to very great expense; that the proposed incorporation will tend to depreciate their property, and that Marlborough-street, from its situation, ought rather to form part of Carnaby-street than of Great Marlborough-street. Your Committee have to state that the Order in question was made after consultation with the Vestry of St. James, Westminster, and that it has to a large extent been carried into effect, and, being of opinion that it should not now be altered, your Committee recommend—

That no alteration be made in the Order of the Board of the 27th October last (No. 10), directing the incorporation of Marlborough-street with Great Marlborough-street, and that the Memorialists be so informed.

All which your Committee beg to submit.

(Signed) WM. SHEPHERD,
W. R. SELWAY,
JOHN RUNTZ,
THOMAS H. ELAM,
DONALD MUNRO.

The Report having been read and received,

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application of Mr. J. O. Cook, on behalf of Mr. W. H. Combes, for the consent of the Board to the erection of one-storey shops on portions of the forecourts of Nos. 1 and 2, George-street, Woolwich, to the line shown upon the amended Plan accompanying the application, be not granted.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application of Mr. A. Cayley, for approval by the Board of a Plan for the formation and name of a new road to lead out of the North-Eastern side of Wandsworth-bridge-road, Fulham, be granted, on condition that no barriers be at any time erected or other obstruction caused to the free use by the public of the said road, and that the name "Ismailia-road, S.W." be approved for the same.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application of Mr. E. Estcourt, for approval by the Board of an amended Plan for the formation of a Mews to lead out of the South side of Canfield-gardens into Broadhurst-gardens, Finchley-road, Hampstead, be not granted.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application of Mr. A. Wright, on behalf of the Trustees of the Stockwell Orphanage, for approval by the Board of a Plan for the formation of new roads to lead out of the East side of Upper Tulse hill, Brixton, and also of a road to lead out of Lockhart-road in connection therewith, be granted, on condition that no barriers be at any time erected or other obstructions caused to the free use by the public of the said roads, that the names, "Brading-road, S.W.," and "Wimbart-road, S.W." be approved for the same; and that the applicant be informed that he must submit another application for approval by the Board of the proposed building line.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application of Messrs. White, Druce and Brown, on behalf of Miss H. Metcalfe, for approval by the Board of a Plan for the construction of a door-way at the level of the first floor in the

party-wall between No. 111, New Bond-street, and No. 19, Brook-street, Hanover-square, be not granted.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application of Mr. H. J. Hansom, on behalf of Messrs. Hartwig and Bowles, for approval by the Board of a Plan for the erection of five houses on the South side of Solon-road, Bedford-road, Clapham, without the open spaces at the rear thereof, required by the Amendment Act of 1882, be not granted.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application of Mr. C. W. Chapman, on behalf of Mr. Kefford, for approval by the Board of a Plan for the re-erection of No. 43, Brushfield-street, Spitalfields, with an open space at the rear thereof of less area than that required by the 29th Section of the Building Act, 1855, be not granted.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application of Mr. J. Allden, for the permission of the Board to retain two projecting windows erected on a portion of the forecourt of No. 156, Cromwell-road, Kensington, be granted.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application of Mr. W. Pitcher, for the consent of the Board to the erection of a house, with a shop, on the North side of Redwald-road, at the corner of Pedro-street, Clapton-park, to the line shown upon the amended Plan accompanying the application, be not granted.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application of Mr. A. B. Hutchings, on behalf of the London and Provincial Bank (Limited), for the consent of the Board to the re-erection of the premises situated on the West side of Kingsland High-street, between Kingsland-passage and Ball's-pond-road, Hackney, to the line shown upon the Plan accompanying the application, be granted, on condition that the erection be made in entire conformity with the letter of application, and as shown on the Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application of Mr. S. McNaughton, for the consent of the Board to the erection of a one-storey shop upon a portion of the forecourt of Colmar-cottage, on the North side of High-road, Lee, at the corner of Marischal-road, to the line shown upon the Plan accompanying the application, be not granted.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That so much of the Report as relates to the Letter from Mr. J. Tolley, District Surveyor, with reference to proceedings taken by him against the builders of houses in Longton-grove, Sydenham, for using improper mortar, and requesting the assistance of the Board in enforcing the Order made by the Magistrate be approved, and that the Solicitor be instructed to afford Mr. Tolley the necessary legal assistance in the matter.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application of Messrs. Haward Brothers (Limited), for approval by the Board of a Plan for the re-construction of a portion of a furnace chimney-shaft, at No. 39, Wardour-street, St. James, Westminster, be granted, on condition that two additional stays be placed on the East and West sides of the chimney-shaft, and also on condition that the whole of the work be executed to the satisfaction of the District Surveyor.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application of Mr. C. J. Bentley, on behalf of Mr. C. Merrett, for the consent of the Board to the erection of buildings on the North side of Rectory-grove, Clapham, to the line shown upon the Plan accompanying the application be not granted.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application of Messrs. Joseph and Pearson, for approval by the Board of a Plan for the construction of two temporary wooden buildings at the Jews' Free School, in Bell-lane, Whitechapel, be not granted.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application of Mr. R. J. Thompson, on behalf of Mr. R. C. Davis, for approval by the Board of a Plan for the formation and names of roads to lead out of the East side of Chislehurst-road, and the South side of Cross-lane, New Eltham, be granted, on condition that the applicant do give up sufficient land to allow of Cross-lane and Chislehurst-road, being made of the requisite width; and also on condition that no barriers be at any time erected or other obstructions caused to the free use by the public of the said roads, and that the names "Vortigern-road, S.E.," "Cerdric-road, S.E.," and "Ethelgar-road, S.E.," be approved for the same.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application of Mr. M. Nickinson, for the consent of the Board to the erection of houses, with shops, on the North side of Uxbridge-road, Hammersmith, between Bloemfontein-road and Loftus-road, to the line shown upon the amended Plan accompanying the application, be not granted.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application of Mr. W. Hynam, on behalf of Mr. Bignold, for the consent of the Board to the erection of a one-storey building, and the re-erection of the boundary wall in a yard adjoining the "Lillie Arms" Public-house, in Lillie-road, Fulham, to the line shown upon the Plan accompanying the application, be granted, on condition that the erection be made in entire conformity with the letter of application, and as shown on the Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board.

The Report of the Building Act Committee of the 16th day of January, 1883, appointed by this Board, having been read and considered, this Board doth, pursuant to the provisions of the Metropolis Management Act, 1855, and Metropolis Management Amendment Act, 1862,

**Resolve**, and it is hereby **resolved** and **ordered**, on the **motion** of Mr. Shepherd, seconded by Mr. White—That, for the purpose of distinguishing the same, the several houses and premises in Charles-street, High-street, in the Parish of St. Paul, Deptford, in the County of Kent, be marked with consecutive numbers, commencing with 1 and ending with 87, as shown by red figures on the Plan now produced, marked 2,990, in lieu of the existing numbers, as shown on the said Plan; that the names Albert-cottages, Masons-cottages, and any other name or names now in use in Charles-street, and the existing numbers be abolished; that the whole be called "Charles-street, S.E.," and that notice of this Order be given to the Board of Works for the Greenwich District, pursuant to the 87th Section of the said Metropolis Management Amendment Act, 1862.

The Report of the Building Act Committee of the 16th day of January, 1883, appointed by this Board, having been read and considered, this Board doth, pursuant to the provisions of the Metropolis Management Act, 1855, and Metropolis Management Amendment Act, 1862,

**Resolve**, and it is hereby **resolved** and **ordered**, on the **motion** of Mr. Shepherd, seconded by Mr. White—That, for the purpose of distinguishing the same, the several houses and premises in the line of thoroughfare known by the name of Waterloo-place, in the Parish of St. Paul, Deptford, in the County of Kent, be marked with the numbers as shown by red figures on the Plan now produced, marked 2,991, in lieu of the existing numbers, as shown on the said Plan, the odd numbers, commencing with 1 and ending with 79, being assigned to the houses on the Western side, and the even numbers, commencing with 2 and ending with 72, to those on the Eastern side; that such numbers do commence at the Southern end; that the names Waterloo-place, Vine-cottages, Slater's-cottages, Helen's-place, Dyer's-cottages, Lewis-place, and any other name or names now in use in Waterloo-place, and the existing numbers, be abolished; that the whole line of thoroughfare be called "Watson's-street," S.E., and that notice of this Order be

given to the Board of Works for the Greenwich District, pursuant to the 87th Section of the said Metropolis Management Amendment Act, 1862.

The Report of the Building Act Committee of the 16th day of January, 1883, appointed by this Board, having been read and considered, this Board doth, pursuant to the provisions of the Metropolis Management Act, 1855, and Metropolis Management Amendment Act, 1862,

Resolve, and it is hereby resolved and ordered, on the motion of Mr. Shepherd, seconded by Mr. White—That, for the purpose of distinguishing the same, the several houses and premises in the line of thoroughfare known by the names of Plough-lane and Plough-lane, East, in the Parish of St. Mary, Battersea, in the County of Surrey, be marked with the numbers, as shown by red figures on the Plan now produced, marked 2,992, in lieu of the existing numbers, as shown on the said Plan, the odd numbers, commencing with 1 and ending with 139, being assigned to the houses on the Eastern side, and the even numbers, commencing with 2 and ending with 130, to those on the Western side; that such numbers do commence at the Northern end; that the names Plough-lane, Plough-lane East, Downham-terrace, Collingwood-terrace, Wiltshire-terrace, The Old House-terrace, Livingstone-terrace, Prior-villas, Clyde-terrace, Hill-brow, Rose-villas, Bell-cottages, Britannia-terrace, Olney-terrace, Maysoule-terrace, and any other name or names now in use in Plough-lane and Plough-lane East, and the existing numbers, be abolished; that the whole line of thoroughfare be called "Plough-road, S.W.," and that notice of this Order be given to the Board of Works for the Wandsworth District, pursuant to the 87th Section of the said Metropolis Management Amendment Act, 1862.

The Report of the Building Act Committee of the 16th day of January, 1883, appointed by this Board, having been read and considered, this Board doth, pursuant to the provisions of the Metropolis Management Act, 1855, and Metropolis Management Amendment Act, 1862,

Resolve, and it is hereby resolved and ordered, on the motion of Mr. Shepherd, seconded by Mr. White—That Plough-lane West, in the Parish of St. Mary, Battersea, in the County of Surrey, be re-named "Plough-terrace, S.W.," and that notice of this Order be given to the Board of Works for the Wandsworth District, pursuant to the 87th Section of the said Metropolis Management Amendment Act, 1862.

The Report of the Building Act Committee of the 16th day of January, 1883, appointed by this Board, having been read and considered, this Board doth, pursuant to the provisions of the Metropolis Management Act, 1855, and Metropolis Management Amendment Act, 1862,

Resolve, and it is hereby resolved and ordered, on the motion of Mr. Shepherd, seconded by Mr. White—That, for the purpose of distinguishing the same, the several houses and premises in the line of thoroughfare known by the names of Tugela-road and Mantua-street, in the Parish of St. Mary, Battersea, in the County of Surrey, be marked with the numbers, as shown by red figures on the Plan now produced, marked 2,993, in lieu of the existing numbers, as shown on the said Plan, the odd numbers, commencing with 1, and ending with 107, being assigned to the houses on the Southern side, and the even numbers, commencing with 2 and ending with 56, to those on the Northern side; that such numbers do commence at the Eastern end; that the names Tugela-road, St. Dunstan's-terrace, and any other name or names now in use in Tugela-road and Mantua-street, and the existing numbers, be abolished; that the whole line of thoroughfare be called "Mantua-street, S.W.," and that notice of this Order be given to the Board of Works for the Wandsworth District, pursuant to the 87th Section of the said Metropolis Management Amendment Act, 1862.

The Report of the Building Act Committee of the 16th day of January, 1883, appointed by this Board, having been read and considered, this Board doth, pursuant to the

provisions of the Metropolis Management Act, 1855, and Metropolis Management Amendment Act, 1862,

**Resolve**, and it is hereby **resolved** and **ordered**, on the **motion** of Mr. Shepherd, seconded by Mr. White—That, for the purpose of distinguishing the same, the several houses and premises in the line of thoroughfare known by the name of Grove-street, in the Parish of All Saints, Poplar, in the County of Middlesex, be marked with the numbers, as shown by red figures on the Plan now produced, marked 2,994, in lieu of the existing numbers, as shown on the said Plan, the odd numbers, commencing with 1 and ending with 91, being assigned to the houses on the Western side, and the even numbers, commencing with 2 and ending with 114, to those on the Eastern side; that such numbers do commence at the Southern end; that the names Grove-street, William-terrace, and any other name or names now in use in Grove-street, and the existing numbers, be abolished; that the whole line of thoroughfare be called "Bygrove-street, E.," and that notice of this Order be given to the Board of Works for the Poplar District, pursuant to the 87th Section of the said Metropolis Management Amendment Act, 1862.

The Report of the Building Act Committee of the 16th day of January, 1883, appointed by this Board, having been read and considered, this Board doth, pursuant to the provisions of the Metropolis Management Act, 1855, and Metropolis Management Amendment Act, 1852,

**Resolve**, and it hereby **resolved** and **ordered**, on the **motion** of Mr. Shepherd, seconded by Mr. White—That, for the purpose of distinguishing the same, the several houses and premises in the line of thoroughfare known by the name of Anne-street, Ricardo-street, in the Parish of All Saints, Poplar, in the County of Middlesex, be marked with the numbers, as shown by red figures on the Plan now produced, marked 2,995, in lieu of the existing numbers, as shown on the said Plan; the odd numbers, commencing with 1 and ending with 21, being assigned to the houses on the Western side, and the even numbers commencing with 2 and ending with 14, to those on the Eastern side; that such numbers do commence at the Southern end; that the name Anne-street, and any other name or names now in use in Anne-street, and the existing numbers, be abolished; that the whole line of thoroughfare be called "Annabel-street, E.," and that notice of this Order be given to the Board of Works for the Poplar District, pursuant to the 87th Section of the said Metropolis Management Amendment Act, 1862.

The Report of the Building Act Committee of the 16th day of January, 1883, appointed by this Board, having been read and considered, this Board doth, pursuant to the provisions of the Metropolis Management Act, 1855, and Metropolis Management Amendment Act, 1862,

**Resolve**, and it is hereby **resolved** and **ordered**, on the **motion** of Mr. Shepherd, seconded by Mr. White—That, for the purpose of distinguishing the same, the several houses and premises in the line of thoroughfare known by the name of New-street, Kerbey-street, in the Parish of All Saints, Poplar, in the County of Middlesex, be marked with the numbers, as shown by red figures on the Plan now produced, marked 2,996, in lieu of the existing numbers, as shown on the said Plan, the odd numbers, commencing with 1 and ending with 37, being assigned to the houses on the Southern side, and the even numbers, commencing with 2 and ending with 36, to those on the Northern side; that such numbers do commence at the Eastern end; that the name New-street, and any other name or names now in use in New-street, and the existing numbers, be abolished; that the whole line of thoroughfare be called "Chilcot-street, E.," and that notice of this Order be given to the Board of Works for the Poplar District, pursuant to the 87th Section of the said Metropolis Management Amendment Act, 1862.

The Report of the Building Act Committee of the 16th day of January, 1883, appointed by this Board, having been read and considered, this Board doth, pursuant to the provisions of the Metropolis Management Act, 1855, and Metropolis Management Amendment Act, 1852,

**Resolved**, and it is hereby **resolved** and **ordered**, on the **motion** of Mr. Shepherd, seconded by Mr. White—That, for the purpose of distinguishing the same, the several houses and premises in the line of thoroughfare known by the name of John-street, Shackle-well, in the Parish of Hackney, in the County of Middlesex, be marked with the numbers, as shown by red figures on the Plan now produced, marked 2,997, in lieu of the existing numbers, as shown on the said Plan, the odd numbers, commencing with 1 and ending with 35, being assigned to the houses on the Western side, and the even numbers, commencing with 2 and ending with 40, to those on the Eastern side; that such numbers do commence at the Southern end; that the names John-street, Dunn's-cottages, and any other name or names now in use in John-street, and the existing numbers, be abolished; that the whole line of thoroughfare be called "Dunn-street, E.," and that notice of this Order be given to the Board of Works for the Hackney District, pursuant to the 87th Section of the said Metropolis Management Amendment Act, 1862.

The Report of the Building Act Committee of the 16th day of January, 1883, appointed by this Board, having been read and considered, this Board doth, pursuant to the provisions of the Metropolis Management Act, 1855, and Metropolis Management Amendment Act, 1862,

**Resolved**, and it is hereby **resolved** and **ordered**, on the **motion** of Mr. Shepherd, seconded by Mr. White—That, for the purpose of distinguishing the same, the several houses and premises in the line of thoroughfare known by the name of Fox-lane, in the Parish of Hackney, in the County of Middlesex, be marked with the numbers, as shown by red figures on the Plan now produced, marked 2,998, in lieu of the existing numbers, as shown on the said Plan, the odd numbers, commencing with 121 and ending with 173, being assigned to the houses on the South-Western side, and the even numbers, commencing with 88 and ending with 112, to those on the North-Eastern side; that the names Fox-lane, Suffolk-place, Elizabeth-place, Frederick-place, Stonebridge-place, Wellington-terrace, and any other name or names now in use in Fox-lane, and the existing numbers, be abolished; that the whole line of thoroughfare be called "Haggerston-road, E.," in continuation of the existing road of that name, and that notice of this Order be given to the Board of Works for the Hackney District, pursuant to the 87th Section of the said Metropolis Management Amendment Act, 1862.

The Report of the Building Act Committee of the 16th day of January, 1883, appointed by this Board having been read and considered, this Board doth, pursuant to the provisions of the Metropolis Management Act, 1855, and Metropolis Management Amendment Act, 1862,

**Resolved**, and it is hereby **resolved** and **ordered**, on the **motion** of Mr. Shepherd, seconded by Mr. White—That, for the purpose of distinguishing the same, the several houses and premises in the line of thoroughfare known by the names of Grove-place, and Silvester-row, in the Parish of Hackney, in the County of Middlesex, be marked with the numbers, as shown by red figures on the Plan now produced, marked 2,999, in lieu of the existing numbers, as shown on the said Plan, the odd numbers, commencing with 1 and ending with 41, being assigned to the houses on the Southern side, and the even numbers commencing with 2 and ending with 14, to those on the Northern side: that such numbers do commence at the Eastern end; that the names Grove-place, Silvester-row, Albert-cottages, Albert-villas, and any other name or names now in use in Grove-place, and Silvester-row, and the existing numbers, be abolished; that the whole line of thoroughfare be called "Sylvester-road, E.," and that notice of this Order be given to the Board of Works for the Hackney District, pursuant to the 87th Section of the said Metropolis Management Amendment Act, 1862.

The Report of the Building Act Committee of the 16th day of January, 1883, appointed by this Board, having been read and considered, this Board doth, pursuant to the provisions of the Metropolis Management Act, 1855, and Metropolis Management Amendment Act, 1862,

**Resolbe**, and it is hereby **resolbed** and **ordered**, on the **motion** of Mr. Shepherd, seconded by Mr. White—That, for the purpose of distinguishing the same, the several houses and premises in the line of thoroughfare known by the names of Rose-street, Park-road, and Upper Park-road, in the Parish of Plumstead, in the County of Kent, be marked with the numbers, as shown by red figures on the Plan now produced, marked 3,000, in lieu of the existing numbers, as shown on the said Plan; the odd numbers, commencing with 1 and ending with 83, being assigned to the houses on the North-Eastern side, and the even numbers, commencing with 2 and ending with 62, to those on the South-Western side; that such numbers do commence at the end nearest Vicarage-road, that the names Rose-street, Upper Park-road, Waverley-terrace, The Grove, Brixham-villas, and any other name or names now in use in Rose-street, Park-road, and Upper Park-road, and the existing numbers, be abolished; that the whole line of thoroughfare be called "Park-road," and that notice of this Order be given to the Board of Works for the Plumstead District, pursuant to the 87th Section of the said Metropolis Management Amendment Act, 1862.

The Report of the Building Act Committee of the 16th day of January, 1883, appointed by this Board, having been read and considered, this Board doth, pursuant to the provisions of the Metropolis Management Act, 1855, and Metropolis Management Amendment Act, 1862,

**Resolbe**, and it is hereby **resolbed** and **ordered**, on the **motion** of Mr. Shepherd, seconded by Mr. White—That, for the purpose of distinguishing the same, the several houses and premises in the line of thoroughfare known by the name of Park-road West, otherwise Lower Park-road, in the Parish of Plumstead, in the County of Kent, be marked with the numbers, as shown by red figures on the Plan now produced, marked 3,001, in lieu of the existing numbers, as shown on the said Plan; the odd numbers, commencing with 1 and ending with 39, being assigned to the houses on the Eastern side, and the even numbers commencing with 2 and ending with 36, to those on the Western side; that such numbers, do commence at the Northern end; that the names Park-road West, Lower Park-road, Heybridge-cottages, and any other name or names now in use in Park-road West, otherwise Lower-park-road, and the existing numbers, be abolished; that the whole line of thoroughfare be called "Park-street," and that notice of this Order be given to the Board of Works for the Plumstead District, pursuant to the 87th Section of the said Metropolis Management Amendment Act, 1862.

The Report of the Building Act Committee of the 16th day of January, 1883, appointed by this Board, having been read and considered, this Board doth, pursuant to the provisions of the Metropolis Management Act, 1855, and Metropolis Management Amendment Act, 1862,

**Resolbe**, and it is hereby **resolbed** and **ordered**, on the **motion** of Mr. Shepherd, seconded by Mr. White—That, for the purpose of distinguishing the same, the several houses and premises in the line of thoroughfare known by the name of Barnfield-road, in the Parish of Plumstead, in the County of Kent, be marked with the numbers, as shown by red figures on the Plan now produced, marked 3,002, in lieu of the existing numbers, as shown on the said Plan, the odd numbers, commencing with 1 and ending with 37, being assigned to the houses on the Eastern side, and the even numbers, commencing with 2 and ending with 20, to those on the Western side; that such numbers do commence at the Northern end; that the names Albion-place, John's-place, Rocket-row, Barnfield-place, Elizabeth-place, Barnfield-cottages, and any other name or names now in use in Barnfield-road, and the existing numbers, be abolished; that the whole line of thoroughfare be called Barnfield-road, and that notice of this Order be given to the Board of Works for the Plumstead District, pursuant to the 87th Section of the said Metropolis Management Amendment Act, 1862.

The Report of the Building Act Committee of the 16th day of January, 1883, appointed by this Board, having been read and considered, this Board doth, pursuant

to the provisions of the Metropolis Management Act, 1855, and Metropolis Management Amendment Act, 1862,

**Resolve**, and it is hereby **resolved** and **ordered**, on the **motion** of Mr. Shepherd, seconded by Mr. White—That, for the purpose of distinguishing the same, the several houses and premises in Francis-street, in the Parish of Plumstead, in the County of Kent, be marked with the numbers, as shown by red figures on the Plan now produced, marked 3,003, in lieu of the existing numbers, as shown on the said Plan; the odd numbers, commencing with 1 and ending with 49, being assigned to the houses on the North-Eastern side, and the even numbers, commencing with 2 and ending with 50, to those on the South-Western side; that such numbers do commence at the end nearest Plumstead-common; that the existing numbers be abolished; that the whole be called "Francis-street," and that notice of this Order be given to the Board of Works for the Plumstead District, pursuant to the 87th Section of the said Metropolis Management Amendment Act, 1862.

The Report of the Building Act Committee of the 16th day of January, 1883, appointed by this Board, having been read and considered, this Board doth, pursuant to the provisions of the Metropolis Management Act, 1855, and Metropolis Management Amendment Act, 1862,

**Resolve**, and it is hereby **resolved** and **ordered**, on the **motion** of Mr. Shepherd, seconded by Mr. White—That, for the purpose of distinguishing the same, the several houses and premises between Edgware-road and Abbey-road, in the line of thoroughfare known by the name of West-end-lane, in the Parish of St. John, Hampstead, in the County of Middlesex, be marked with the numbers, as shown by red figures on the Plan now produced, marked 3,004, in lieu of the existing numbers, as shown on the said Plan; the odd numbers, commencing with 1 and ending with 45, being assigned to the houses on the Western side, and the even numbers, commencing with 2 and ending with 32, to those on the Eastern side; that such numbers do commence at the Southern end; that the name Queen's-place, and any other name or names now in use in West-end-lane (between the points above indicated), and the existing numbers, be abolished; that the whole line of thoroughfare be called "West-end-lane, N.W.," and that notice of this Order be given to the Vestry of Hampstead, pursuant to the 87th Section of the said Metropolis Management Amendment Act, 1862.

The Report of the Building Act Committee of the 16th day of January, 1883, appointed by this Board, having been read and considered, this Board doth, pursuant to the provisions of the Metropolis Management Act, 1855, and Metropolis Management Amendment Act, 1862,

**Resolve**, and it is hereby **resolved** and **ordered**, on the **motion** of Mr. Shepherd, seconded by Mr. White—That, for the purpose of distinguishing the same, the several houses and premises in the line of thoroughfare known by the name of Masbro'-road North, in the Parish of Hammersmith, in the County of Middlesex, be marked with the numbers, as shown by red figures on the Plan now produced, marked 3,005, in lieu of the existing numbers, as shown on the said Plan, the odd numbers, commencing with 1 and ending with 87, being assigned to the houses on the Western side, and the even numbers commencing with 2 and ending with 96, to those on the Eastern side; that such numbers do commence at the Southern end; that the names Trafalgar-terrace, Bird-in-hand-cottages, Brunswick-cottages, and any other name or names now in use in Masbro'-road North, and the existing numbers, be abolished; that the whole line of thoroughfare be called "Masbro'-road North, W.," and that notice of this Order be given to the Board of Works for the Fulham District, pursuant to the 87th Section of the said Metropolis Management Amendment Act, 1862.

The Report of the Building Act Committee of the 16th day of January, 1883, appointed by this Board, having been read and considered, this Board doth, pursuant

to the provisions of the Metropolis Management Act, 1855, and Metropolis Management Amendment Act, 1862,

**Resolve**, and it is hereby **resolved** and **ordered**, on the **motion** of Mr. Shepherd, seconded by Mr. White—That, for the purpose of distinguishing the same, the several houses and premises in the line of thoroughfare known by the name of Percy-road, in the Parish of Hammersmith, in the County of Middlesex, be marked with the numbers, as shown by red figures on the Plan now produced, marked 3,006, in lieu of the existing numbers, as shown on the said Plan, the odd numbers, commencing with 1 and ending with 165, being assigned to the houses on the Western side, and the even numbers, commencing with 2 and ending with 164, to those on the Eastern side; that such numbers do commence at the Southern end; that the names Haydn-park-villas, Carrara-terrace, Cromwell-villas, Clarendon-terrace, and any other name or names now in use in Percy-road, and the existing numbers, be abolished; that the whole line of thoroughfare be called "Percy-road, W.," and that notice of this Order be given to the Board of Works for the Fulham District, pursuant to the 87th Section of the said Metropolis Management Amendment Act, 1862.

The Report of the Building Act Committee of the 16th day of January, 1883, appointed by this Board, having been read and considered, this Board doth, pursuant to the provisions of the Metropolis Management Act, 1855, and Metropolis Management Amendment Act, 1862,

**Resolve**, and it is hereby **resolved** and **ordered**, on the **motion** of Mr. Shepherd, seconded by Mr. White—That, for the purpose of distinguishing the same, the several houses and premises in the line of thoroughfare known by the name of Arkwright-road, in the Parish of St. John, Hampstead, in the County of Middlesex, be marked with the numbers, as shown by red figures on the Plan now produced, marked 3,007, the odd numbers being assigned to the houses on the South-Eastern side, and the even numbers to those on the North-Western side; that such numbers do commence at the end nearest Green-hill-road; and that notice of this Order be given to the Vestry of Hampstead, pursuant to the 87th Section of the said Metropolis Management Amendment Act, 1862.

The Report of the Building Act Committee of the 16th day of January, 1883, appointed by this Board, having been read and considered, this Board doth, pursuant to the provisions of the Metropolis Management Act, 1855, and Metropolis Management Amendment Act, 1862,

**Resolve**, and it is hereby **resolved** and **ordered**, on the **motion** of Mr. Shepherd, seconded by Mr. White—That, for the purpose of distinguishing the same, the several houses and premises in the line of thoroughfare known by the name of Ellerdale-road, in the Parish of St. John, Hampstead, in the County of Middlesex, be marked with the numbers, as shown by red figures on the Plan now produced, marked 3,008, in lieu of the existing numbers, as shown on the said Plan, the odd numbers, commencing with 1 and ending with 7, being assigned to the houses on the Eastern side, and the even numbers, commencing with 2 and ending with 26, to those on the Western side; that such numbers do commence at the Northern end; that the existing numbers be abolished; that the whole line of thoroughfare be called "Ellerdale-road, N.W.," and that notice of this Order be given to the Vestry of Hampstead, pursuant to the 87th Section of the said Metropolis Management Amendment Act, 1862.

The Report of the Building Act Committee of the 16th day of January, 1883, appointed by this Board, having been read and considered, this Board doth, pursuant to the provisions of the Metropolis Management Act, 1855, and Metropolis Management Amendment Act, 1862,

**Resolve**, and it is hereby **resolved** and **ordered**, on the **motion** of Mr. Shepherd, seconded by Mr. White—That, Sussex-place, Victoria-road, in the Parish of St. Mary Abbotts, Kensington, in the County of Middlesex, be re-named "Sussex-villas, W.," and that

notice of this Order be given to the Vestry of Kensington, pursuant to the 87th Section of the said Metropolis Management Amendment Act, 1862.

The Clerk laid before the Board a Letter from Mr. F. Dethridge, Clerk to the Vestry of Paddington, dated 17th January, 1883, asking the Board not to take any action at present with respect to the application of the Vestry for the incorporation of St. Agnes-villas and Bayswater-terrace with Porchester-gate.

It was moved by Mr. Shepherd, seconded, and resolved—That the Vestry of Paddington be informed that the Board deem it inexpedient to order the incorporation of St. Agnes-villas and Bayswater-terrace with Porchester-gate.

The Clerk presented a Letter from Mr. R. Reid, dated 18th January, 1883, with a Letter signed by certain inhabitants of Great Marlborough-street, objecting to the alteration of the numbering of the houses in that street, and asking the Board to rescind their Order directing the alteration to be made.

It was moved by Mr. Shepherd, seconded, and resolved—That the Order of the Board of the 27th October last (No. 10), directing the incorporation of Marlborough-street with Great Marlborough-street, and the re-numbering of the houses accordingly, be adhered to, and that the Memorialists who have addressed the Board on the subject be so informed.

It was moved by Mr. Shepherd, seconded, and resolved—That Mr. Reid be informed of the Board's decision, in reply to his Letter.

**15**. Mr. Ingoldby, the Chairman of the Special Purposes and Sanitary Committee, brought up a Report, as follows—

REPORT OF THE SPECIAL PURPOSES AND SANITARY COMMITTEE.

Spring-gardens, 16th January, 1883.

Your Committee have to report that at the Special Sessions, recently held for considering applications for the renewal of Slaughterhouse Licenses in the several Licensing Divisions, into which the Metropolis is divided, representatives attended on behalf of the Board, in accordance with the instructions of your Committee, to urge any necessary objections, and that, for various reasons, the Licenses to 30 Slaughterhouses were not renewed. There were three new Licenses issued in respect of premises at which the Board had sanctioned the establishment of the business anew, so that the reduction made in the number of Slaughterhouses during the Sessions was 27. The number of private Slaughterhouses in the Metropolis at the passing of the Slaughterhouses, &c. (Metropolis), Act, 1874, was 1,429; the number now licensed is 853, which shows a reduction of 576 in the number of Slaughterhouses since they have been placed under the Board's jurisdiction.

Your Committee have further to report that a Letter has been received from Mr. J. R. Shipton, stating, with reference to the preliminary sanction granted to him by the Board on the 10th March last (No. 1) to the establishment anew of the business of a Fellmonger at premises in Rose-yard, Tanner-street, Bermondsey, that he does not now propose to establish the business at the premises in question. Your Committee submit the Letter herewith.

Your Committee have further to report that they have had under consideration five applications for registration under the Infant Life Protection Act. Two of the applications, from Mrs. Terry and Mrs. Sammons, are for renewal of registration. Two of the other applicants, Mrs. Westlake and Mrs. James, have been previously registered for the keeping of Infants at the premises which they now occupy, but they have discontinued the practice there for some time, and did not apply for a renewal of their registration. The other applicant, Mrs. Gay, has not been registered previously, and she submits the necessary Certificate of character. The accommodation provided is in

all the cases sufficient for the number of Infants proposed to be kept. Your Committee accordingly recommend—

That the applications of the following persons for registration for the keeping of Infants at the premises named, be granted, and that the Board do make a Bye-law in each case fixing the number of Infants allowed to be kept at such premises as follows—

Elizabeth Mary Gay, No. 43, Gray's-inn-road, three Infants;

Caroline Westlake, No. 15 Shirland-road, St. Peter's-park, Paddington, three Infants;

Sara Varina James, No. 16, Huntsworth-terrace, Portland-market, Marylebone, three Infants;

Priscilla Terry, No. 6, Renshaw-street, Wandsworth-road, two Infants;

Maria Sammons, No. 68, Landels-road, Lordship-lane, Camberwell, two Infants.

Your Committee have further to report that they have had under consideration an application from Matilda Muncey, for permission to keep three Infants instead of two, as at present allowed, at her registered premises, No. 3, Halford-road, North end-road, Fulham. The applicant has entered into occupation of an additional room, and your Committee are of opinion that her application may be granted. They accordingly recommend—

That the Board do make a Bye-law fixing three as the number of Infants allowed to be kept at the premises named.

All which your Committee beg to submit.

(Signed) FRED$^{K}$. INGOLDBY,
GEORGE PHILLIPS,
J. EBENEZER SAUNDERS,
J. E. BRADFIELD.

The Letter from Mr. Shipton, submitted with the Report, was laid before the Board.

The Report having been read and received,

It was moved by Mr. Ingoldby, seconded, and resolved—That the following persons and premises be registered under the Infant Protection Act, and that the Board do hereby make Bye-laws fixing the number of Infants allowed to be kept on such premises, as follows—

Elizabeth Mary Gay, No. 43, Gray's-inn-road, for Three Infants.

Caroline Westlake, No. 15, Shirland-road, St. Peter's-park, Paddington, for Three Infants.

Sara Varina James, No. 16, Huntsworth-terrace, Portland-market, Marylebone, for Three Infants.

It was moved by Mr. Ingoldby, seconded, and resolved—That the registration of the following persons and premises under the Infant Life Protection Act be renewed, and that the Board do hereby make Bye-laws fixing the number of Infants allowed to be kept on such premises, as follows—

Priscilla Terry, No. 6, Renshaw-street, Wandsworth-road, for Two Infants.

Maria Sammons, No. 68, Landels-road, Lordship-lane, Camberwell, for Two Infants.

It was moved by Mr. Ingoldby, seconded, and resolved—That Matilda Muncey be registered under the Infant Life Protection Act, for the keeping of Infants at No. 3, Halford-road, North-end, Fulham, and that the Board do hereby make a Bye-law fixing Three as the number of Infants allowed to be kept at such premises.

**16**. Mr. Ingoldby, the Chairman of the Contagious Diseases (Animals) Act, 1878, Executive Committee, brought up a Report, as follows—

REPORT OF THE CONTAGIOUS DISEASES (ANIMALS) ACT, 1878, EXECUTIVE COMMITTEE.

Spring-gardens, 16th January, 1883.

Your Committee have to report that at the Special Sessions recently held for considering applications for the renewal of Cow-house Licenses in the several Licensing Divisions into which the Metropolis is divided, representatives attended on behalf of the Board, in accordance with the instructions of your Committee, to urge any necessary objections, and that, for various reasons, the Licenses to 53 Cow-houses were not renewed. There were 10 new Licenses issued in respect of premises which had been certified by the Board as being in accordance with their provisions under the Dairies, Cow-sheds and Milkshops Order of July, 1879, so that the reduction made in the number of Cow-houses during the Sessions was 43. The number of licensed Cow-shed premises now in the Metropolis is 931.

Your Committee have further to report that, during the two weeks ended the 30th December last, Market Passes were issued for the removal of 1,439 animals from the Metropolitan Cattle Market out of the Metropolis, for the purpose of slaughter, making a total of 90,793 animals so removed from the 14th May last to the end of the year; and that during the two weeks, ended the 13th instant, Passes have been issued for the removal of 4,224 animals.

Your Committee have further to report that proceedings have been taken against W. Jones, who was fined 30s. and 2s. costs for the unlicensed removal of a Cow out of the Metropolis.

Your Committee have further to report that, since the 1st December last, outbreaks of Foot and Mouth Disease have occurred in the stock of 11 owners in different parts of the Metropolis. Out of an aggregate of 406 animals, 242 were affected, of which number, however, 200 are reported to have since recovered.

Your Committee have further to report that they have examined the claims of six Owners in respect of six animals slaughtered in consequence of having been affected with Pleuro-pneumonia, and that they have awarded sums amounting to £87 as compensation for the same. The sum of £51 12s. 10d. has been received for the carcases, hides, &c., of the animals, leaving the net amount payable £35 7s. 2d. A statement of the sums awarded has been forwarded to the Finance Committee, with a view to payment.

Your Committee have also to report that they have examined the claims of Messrs. Berger and Sons, of Water-lane, Homerton, in respect of 30 Swine slaughtered in consequence of having been affected with Swine Typhoid Fever, and that they have awarded £16 as compensation for the same, and have forwarded a statement of the amount to the Finance Committee, for payment.

All which your Committee beg to submit.

(Signed) FRED$^{K.}$ INGOLDBY,
GEORGE PHILLIPS,
J. EBENEZER SAUNDERS,
J. E. BRADFIELD.

The Report having been read,

It was moved by Mr. Ingoldby, seconded, and resolved—That the Report be received.

17. Mr. Munro, the Chairman of the Parks, Commons and Open Spaces Committee, brought up a Report, as follows—

REPORT OF THE PARKS, COMMONS, AND OPEN SPACES COMMITTEE.

Spring-gardens, 17th January, 1882.

Your Committee have to report that the Chestnut trees in the Avenue, leading from the Streatham-road to the Bedford-hill-road, on Tooting-common, are in an unhealthy condition, and require renewal. Your Committee recommend—

That the Avenue be re-planted with 120 new trees, at a cost of about £15.

Your Committee have considered the Memorial, referred to them on the 12th instant (No. 2), from owners and occupiers of property at Stroud-green, requesting that the gravel footpaths in Stapleton-hall-road, Finsbury-park, might be paved or asphalted, and suggesting that arrangements should be made with the Hornsey Local Board as to the proportion of the expense to be borne by them. On the 23rd June last, your Committee reported, on a request of the Local Board, that this Board would flag the footpaths in question, which, together with the road-ways, the Board were required to form under their Various Powers Act, 1875, and to maintain for eight years from the date of completion—viz., December, 1877. The Board then declined to incur further expenditure on the roads or paths, and your Committee see no reason to adopt a different view at the present time. They recommend—

That the Memorialists be informed that the Board are not prepared to pave the paths referred to, and that they must refer them to the Local authorities.

Under the authority conferred on them by the Board, on the 13th June, 1873 (No. 13), your Committee have to report that they have authorised the purchase of mould and flower seeds for use in Finsbury-park; tools, &c., for use in the Embankment Gardens, and wire-netting for the protection of the trees on London-fields. They have also authorised the purchase of boards, jute-cuttings, and edging shears for use in Southwark-park, and tools, &c., for use on Tooting and Clapham Commons, and Bostall-heath.

All which your Committee beg to submit.

(Signed) DONALD MUNRO,
WM. SHEPHERD,
JOHN RUNTZ,
GEO. EDWARDS.

The Report having been read and received,

It was moved by Mr. Munro, seconded, and resolved—That 120 trees be purchased for re-planting the avenue on Tooting-common, leading from the Streatham-road to Bedford-hill-road, at a cost of about £15.

It was moved by Mr. Munro, seconded, and resolved—That the owners and occupiers of property at Stroud-green, who have requested that the gravel footpaths in Stapleton-hall-road, Finsbury-park, may be paved or asphalted, be informed that the Board are not prepared to pave the paths referred to, and that they must refer them to the Local authorities on the subject.

It was moved by Mr. Munro, seconded, and resolved—That the several other proceedings of the Committee, as mentioned in their Report, be approved.

**18.** The Clerk laid before the Board a Letter from Mr. G. Lushington, Home Office, dated 18th January, 1883, returning the Bye-laws for regulating Peckham-rye-common, Goose-green and Nunhead-common, allowed by the Home Secretary, pursuant to the Acts 40 and 45 Vic., Caps. 8 and 56.

It was moved by Mr. Munro, seconded by Mr. Meaden, and resolved—That the Bye-laws made by the Board on the 10th of November, 1882, under the provisions of the 21st Section of the Metropolitan Board of Works (Various Powers) Act, 1882, be now confirmed, as required by the 202nd Section of the Metropolis Local Management Act, 1855.

It was moved by Mr. Munro, seconded by Mr. Meaden, and resolved—That a printed copy of the Bye-laws be delivered at the Office of the Board to any person applying for the same, upon payment of 2d. for each copy.

It was moved by Mr. Munro, seconded by Mr. Meaden, and resolved—That the Seal of the Board be affixed to two printed copies of the Bye-laws, for production in case of any prosecution thereunder.

The Clerk laid before the Board two copies of the said Bye-laws; and the Seal was affixed accordingly.

It was moved by Mr. Munro, seconded by Mr. Meaden, and resolved—That the said Bye-Laws be referred to the Parks, Commons, and Open Spaces Committee.

**19.** Mr. Runtz, the Chairman of the Bridges Committee, brought up a Report, as follows—

REPORT OF THE BRIDGES COMMITTEE.

Spring-gardens, 17th January, 1883.

Your Committee have to report that they have considered the Letters, referred by the Board on the 17th November last (No. 38), from the Vestry of Putney, and from a Committee of that Vestry, relative to the new Draw-dock and approach thereto, constructed by the Board in connection with the works for the new Bridge over the Thames at Putney. Dissatisfaction is expressed by the Committee of the Vestry with the Draw-dock, as constructed, upon the grounds of inconvenience, and insufficient protection for the traffic, and suggestions have since been made by the applicants, at an interview which they had with your Engineer, that the incline of the Dock should be towards the new Bridge, and that the space between the new parapet wall of the roadway of Windsor-street, and the suggested incline, should be appropriated for Parish purposes. Your Committee, after a full consideration of the matter, and a view of the locality, have arrived at the conclusion that an alteration is desirable, and they have, therefore, under the authority conferred upon them by the terms of the reference of 4th November, 1881 (No. 13), given instructions to your Engineer to alter the line of the Draw-dock and approach, by constructing it with an incline towards the new Bridge and with a Urinal at the top, subject to the Sewer arrangement being satisfactory to him. Your Committee recommend—

> That a communication be addressed to the Vestry of Putney, informing them of the alteration, and stating that the Board cannot entertain their suggestion that the land between Windsor-street, and the incline should be appropriated for Parish purposes.

Your Committee have also to report that they have considered the Memorial, referred by the Board on the 29th September last (No. 55), from certain Freemen of the Waterman's and Lighterman's Company, licensed to work at Putney, praying the Board to take into consideration their claim for compensation for alleged injury sustained by the stopping up of their plying-place at Putney. Your Committee have also had before them other similar claims from Watermen, received since the above date. Having carefully considered the subject, and conferred with your Solicitor, your Committee recommend—

> That replies be addressed to the communications, to the effect that the obstruction of the plying-place is only a temporary one during the construction of the Bridge, and that the Board repudiate any liability to the Company in respect of such obstruction, but that, having to meet the requirements of certain cases under Section 14 of the Metropolitan Bridges Act, 1881, the Board have formed, and are forming a new Draw-dock, which provides everything that is necessary for a plying-place, and the that Board are quite willing that such Draw-dock should be used by the Watermen during the continuation of the obstruction of their plying-place.

Your Committee have had before them a Letter from Messrs. A. Légé and Co., offering to keep in working order the five Tide-gauges fixed by the Board at various points on the Thames at the rate of £10 10s. each Gauge per annum. Having conferred with your Engineer upon the proposal, it appears to your Committee that it is one which may with advantage be accepted by the Board, and they beg to recommend accordingly.

All which your Committee beg to submit.

(Signed) JOHN RUNTZ,
W. R. SELWAY,
GEO. EDWARDS,
DONALD MUNRO.

The Report having been read and received,

It was **moved** by Mr. Runtz, seconded, and **resolved**—That the action of the Committee with respect to an alteration in the line of the new Draw-dock and approach to the new Bridge at Putney be approved, and that a communication be sent to the Vestry of Putney in accordance with the Report, in reply to their Letter on the subject.

It was **moved** by Mr. Runtz, seconded, and **resolved**—That so much of the Report as relates to the communications from Freemen of the Waterman's and Lighterman's Company and from Watermen at Putney, as to alleged injury sustained by the stopping up of their plying-place at Putney, be approved, and that replies be sent to such communications as recommended by the Committee.

It was **moved** by Mr. Runtz, seconded, and **resolved**—That the offer of Messrs. A. Légé and Co., to keep in working order the five Tide-gauges fixed by the Board at various points on the River Thames for £10 10s. each Gauge, per annum, be accepted.

**20**. Read a Report by the Engineer, dated 19th January, 1883, on the undermentioned Sewerage works, proposed to be executed by the following Vestries—

| LOCALITY OF WORK. | WORK APPLIED FOR. | | | REMARKS. |
|---|---|---|---|---|
| | Length in feet. | Size. | Material. | |
| **HAMPSTEAD.** | | | | |
| New road leading from West-end-lane to Priory-road .. | 250<br>160 | 3′ 0″ × 2′ 0″<br>12-inch. | 1 Brick.<br>Pipe. | Recommended as applied for. |
| **ST. GEORGE-IN-THE-EAST.** | | | | |
| Ellen-place, Mary Ann-street, Philip-street and Severn-street | 285<br>674 | 15-inch.<br>12 „ | Pipe.<br>„ | Recommended for approval, as altered in Green colour upon the Sections. |

It was **moved** by Mr. Selway, seconded, and **resolved**—That the Report be approved, and that the said Vestries be permitted to construct and execute the works in the manner therein recommended.

**21**. Read a Report by the Engineer, dated 19th January, 1883, on applications from the following District Boards, for permission to stop up certain thoroughfares for the periods and purposes therein mentioned, viz.—

| Dates of Applications. | Names of Streets to be stopped up. | Object. | Time applied for. | Time recommended. | REMARKS. |
|---|---|---|---|---|---|
| **WHITECHAPEL.** | | | | | |
| 1882.<br>5th Dec. | Upper East Smithfield, from Nightingale-lane to the Searchers' Office, St. Katharine's Docks. | Re-paving. | 3 weeks. | 3 weeks. | The routes shown upon the Plans accompanying the applications. |
| **WANDSWORTH.** | | | | | |
| 1883.<br>15th Jan. | Burntwood-lane. | Sewerage. | 3 months. | 3 months. | |

It was **moved** by Mr. Selway, seconded, and **resolved**—That the Report be approved, and that the sanction of the Board be given, and the same is hereby given, to the closing of the thoroughfares in question by the said District Boards, for the purpose of executing works therein, for the periods recommended by the Engineer, such sanction to date from the commencement of the works respectively.

**22**. Read a Report by the Engineer, dated 19th January, 1883, submitting a Letter from the St. Olave District Board, applying for permission to close Crucifix-lane, Artillery-street, and Church-street, for a period of eight weeks, for the purpose of re-paving the carriage-ways, and recommending that the application be granted, upon condition that, during the time Church-street and Artillery-street are closed, Crucifix-lane and Parish-street be kept open for traffic; that every possible facility be given during the progress of the works for access to and from the business premises in the several streets, and that Notice-boards be erected at convenient spots intimating that the streets are closed.

It was **moved** by Mr. Selway, seconded, and **resolved**—That the Report be approved, and that the sanction of this Board be given, and the same is hereby given, to the closing of the thoroughfares in question by the St. Olave District Board, for the purpose of re-paving the carriage-ways thereof, for a period of Eight weeks, to date from the commencement of the works, and that the closing be sanctioned subject to the conditions recommended in the Report.

**23**. The Engineer laid before the Board his Report, dated 19th January, 1883, on the several Tramway Schemes to be submitted to Parliament in the ensuing Session.

It was **moved** by Mr. Selway, seconded, and **resolved**—That the said Report be received; that it be printed and circulated among the Members of the Board; and that it be referred to the Works and General Purposes Committee and the Parliamentary Committee, for consideration, in connection with the several Bills to which it relates.

**24**. Read a Report by the Engineer, dated 19th January, 1883, stating that the following Stores were required for use at the undermentioned Pumping Stations, viz.—

*Crossness Station.*

| | | Estimate. |
|---|---|---|
| 1,000 Tons | Tanfield-moor Coal ... ... ... ... | £637 10 0 |
| 200 „ | Welsh Coal ... ... ... ... | 165 0 0 |
| 1 Ton | Russian Tallow ... ... ... ... | 44 0 0 |

*Deptford Station.*

| | | |
|---|---|---|
| 10 Cwt. | Russian Tallow ... ... ... ... | 22 0 0 |
| | Total ... ... | £868 10 0 |

It was **moved** by Mr. Selway, seconded, and **resolved**—That the Report be approved, and that the Stores be obtained accordingly, the cost thereof being charged to the General Account of the Board.

**25**. Read a Report by the Engineer, dated 18th January, 1883, stating that, for the purpose of constructing a portion of the works in connection with the Wandle Branch Sewer at Streatham, it was necessary that the Contractor should be authorised to enter upon certain lands and premises described in the Plan and Schedule accompanying the Report, and recommending the Board to pass the necessary Order accordingly.

It was thereupon **moved** by Mr. Selway, seconded, and **resolved**, and **ordered**, as follows—

**Whereas**, for the purpose of constructing and executing a certain Sewer and works, ordered by this Board, in exercise of the powers vested in them by the Metropolis Local Management Act, 1855, it is necessary that the under-mentioned Officers and Contractors of the Board, with their assistants, servants and workmen, should enter upon and otherwise lawfully interfere with the lands and premises mentioned and referred to in the Schedule, and shown on the Plan, now produced to the Board; it is **resolved** and **ordered**—That, for the purpose of constructing and executing the said Sewer and works, Sir Joseph William Bazalgette, C.B., Engineer of this Board; John Grant, an Assistant Engineer of this Board; Benjamin Nowell and Joseph Robson, Contractors of this Board, and their assistants, servants, and workmen, and each and every of

them, be empowered and required to enter upon and do all necessary and lawful acts in and upon the said lands and premises for the execution of the said works, or any of them, on notice to be given to the occupiers of the said lands and premises three days at least before such entry.

**26**. Read a Report by the Engineer, dated 18th January, 1883, on a Letter from Mr. F. Bell, enclosing a Plan of land at the North side of Lower Woolwich-road, East Greenwich Marshes, and asking whether, in the event of his erecting houses on the land, facilities existed for draining them into the Main Outfall Sewer in that road; stating that the invert of the Southern Outfall Sewer in Lower Woolwich-road was 5·78 feet below Ordnance datum, and the arch of the Sewer 5·72 feet above that datum, the latter level being about the level of the surface of the Marshes; that after heavy falls of rain the water in the Sewers was frequently above that level, and that any houses built upon the land would be subject to flooding, unless the ground floors were kept sufficiently high to be clear of the flood-water level; that the Sewers would also require to be large enough to hold the drainage until the water in the Main Sewer fell to its ordinary level, and that they would also need to be protected by self-acting flaps; that the land referred to being six or seven feet below the level of high water mark in the Thames, was unsuitable for building upon without being raised, and recommending that Mr. Bell should be informed to the foregoing effect.

It was **moved** by Mr. Selway, seconded, and **resolved**—That the Report be approved, and that Mr. Bell be informed accordingly.

**27**. Read a Report by the Engineer, dated 19th January, 1883, stating that Mr. W. L. Baker, Constructive Draughtsman, in his Department, was unwell; submitting a Medical Certificate to that effect, and further stating that Mr. Baker had been absent since the 4th instant, and recommending that leave of absence be granted to him for two or three weeks, in accordance with the Medical Certificate.

It was **moved** by Mr. Selway, seconded, and **resolved**—That the Report be approved, and that leave of absence be granted to Mr. Baker as recommended therein.

**28**. Read a Report by the Engineer, dated 19th January, 1883, submitting a Medical Certificate to the effect that George Hards, Flusher, was unable, in consequence of having met with an accident, to follow his employment; stating that under the Board's general Rules regulating sick pay Hards had been allowed his full pay for the first week of his illness, and submitting to the consideration of the Board whether they would now sanction his being allowed half-pay for one month, if requisite.

It was **moved** by Mr. Selway, seconded, and **resolved**—That half-pay be allowed to Hards for one month, if requisite.

**29**. The Solicitor reported that the time for presenting Memorials against the Board's Street Improvements Bill had expired on Tuesday last, that one Memorial had been presented by Mr. John Earley Cook, and that, although the allegation he made in it was unimportant, it might have the effect of slightly delaying the introduction of the Bill into the House of Commons.

**30**. The Solicitor reported with respect to the provision in the Street Improvements Bill, which relates to the improvement of Postern-row, that he had received a Letter from the War Office, dated 11th January, 1883, stating that the Secretary of State for War, having caused inquiry to be made into the objects of the Bill, had withdrawn his dissent.

**31**. The Solicitor reported that the Board's Bridges, &c., Bill, and their Metropolitan Street Improvements Act, 1877 (Amendment), Bill were unopposed on Standing Orders.

**32**. The Solicitor reported that the Promoters of the Greenwich and Northern Lines Connecting Railway Bill had failed to make the necessary Parliamentary deposit on the

Estimate of expense, and that the Bill would, therefore, not be proceeded with, and that the same remark applied to the undermentioned Bills—

North-West Metropolitan Tramways, No. 1;
Ditto. do. No. 2;
North-Western Metropolitan Tramways;
Poplar and Canning-town Railway;
Mid-Metropolitan Railway;

and he suggested that the Board should refer his Report to the Engineer, for his information.

It was moved by Mr. Selway, seconded, and resolved—That the Solicitor's Report be referred to the Engineer.

**33.** The Solicitor reported that the arrangements relative to the Loan of £6,200 to the Guardians of Shoreditch had been completed, and that the Cheque had been duly handed over in exchange for the Deed of security.

**34.** The Solicitor reported that a fire had occurred in Windsor-street, Bishopsgate, on the 15th instant, by which five persons lost their lives, that an Inquest was fixed for to-morrow; that he proposed to send an Assistant from his Department to watch the case on the part of the Fire Brigade, and that he had inquired into the facts, and that it appeared to him that no blame could be attached to the Brigade.

**35.** The Solicitor reported that on the report of the Police, he had caused Summonses to be issued against John Clark, John Scully, John Lyons and John Wood, for sweeping mud down a grating opposite the Admiralty, Whitehall, on the 28th of December last; that an Assistant from his Department had attended to prosecute the men, who were stated to be in the employ of Mr. Edward Reddin, the Contractor, and that Mr. Vaughan, the Magistrate at Bow-street Police-court, had convicted them of the offence and had inflicted a fine of 20s. in each case, in addition to the cost of the Summonses, and in default of payment, had sentenced them to 14 days' imprisonment.

**36.** The Solicitor presented the following documents for sealing—

Agreement with Messrs. Morris, Tod-Heatly and Schiff, for the sale of Plots Nos. 5 to 13 (inclusive) in Coventry-street and Whitcomb-street (Coventry-street Improvement).

Conveyance by Mr. W. Banks, of No. 7, King-street, Soho, and a Memorial for the registration of the same (Piccadilly to Bloomsbury Improvement).

Two Leases to Mr. John Saunders of Plot No. 49, and part of Plots Nos. 48 and 50, and Plot No. 51, and part of Plot No. 50, Bethnal-green-road (Bethnal-green Improvement).

Agreement for a Lease to Mr. C. G. Philips, of Plot No. 22, and part of Plot No. 23, in Northumberland-avenue.

It was moved by Mr. Selway, seconded, and resolved—That the Common Seal of the Board be affixed to the said documents respectively; and the Seal was affixed accordingly.

**37.** It was moved, seconded, and resolved—That the Board do now adjourn, and do meet again at this place at the rising of the Special Board, appointed to be held this day.

Adjourned accordingly.

At a Special Meeting of the Metropolitan Board of Works, held at the Office of the Board, Spring-gardens, on **Friday**, the **19th** day of **January**, 1883, under and by virtue of the Act of the 19th year of the reign of Queen Victoria, for the better Local Management of the Metropolis,

**Present**—Lieutenant-Colonel Sir James M. McGarel-Hogg, Bart., K.C.B., M.P., Chairman of the Board, in the Chair.

James Ebenezer Saunders, Esq., Deputy.
George Pitney Meaden, Esq.
Thomas Morrison Fairclough, Esq.
James Richard Lloyd, Esq.
William Henry Dalton, Esq.
Guildford Barker Richardson, Esq.
Thomas Henry Elam, Esq.
William Urquhart, Esq.
Frederick Ingoldby, Esq., F.R.C.S., Eng.
George Phillips, Esq.
John Tolhurst, Esq.
Robert Cox, Esq.
William James Wetenhall, Esq.
Alfred Ewin, Esq.
George Edwards, Esq.
William Debenham, Esq.
Donald Munro, Esq.
John Abbott, Esq.
William Halford Fell, Esq.
John Runtz, Esq.
John Edwin Bradfield, Esq.
William Robbins Selway, Esq.
Robert Jones, Esq.
Lieut.-Col. Lord Frederick John FitzRoy.
Hon. Alan de Tatton Egerton.

George Brown, Esq.
John Reddish, Esq.
Thomas John White, Esq.
Francis Hayman Fowler, Esq.
George Hill, Esq.
Edward Dresser Rogers, Esq.
Alfred Pocock, Esq.

**1.** The Clerk laid before the Board the Requisition convening the Meeting, as follows—

To the Clerk
of the Metropolitan Board of Works.

Spring-gardens, 16th January, 1883.

I hereby require you to convene a Special Meeting of the Metropolitan Board of Works, to be holden at the Office of the Board, Spring-gardens, on Friday next, the 19th day of January, 1883, at a quarter before One o'clock p.m., for the transaction of the following business, viz.—

To receive Report from Building Act Committee—

Recommending—

That the application of Mr. Albert Vicars, on behalf of the Trustees of the Parish Estate of St. Mary-le-Strand, for the consent of the Board to a modification of the conditions imposed by their Resolution of the 10th November last, on his application for consent to the re-erection of a Public-house on the South side of Old Kent-road, at the corner of Loder-street, be acceded to; and that so much of the Resolution of the Board of the 10th November last (No. 56), as directs that the ground in front of the proposed public-house be given up and added to the public way, be varied; and that it be a condition that the ground in front of such house be not at any time used for trade purposes, and that the Owners be required to give an undertaking to that effect.

(Signed) J. M. McGarel-Hogg.

**2.** Mr. Shepherd, the Chairman of the Building Act Committee, brought up a Report, as follows—

Report of the Building Act Committee.

Spring-gardens, 9th January, 1883.

Your Committee have to report that they have had under consideration the application of Mr. Albert Vicars, on behalf of the Trustees of the Parish Estate of

St. Mary-le-Strand, for the consent of the Board to a modification of the conditions imposed by their Resolution of the 10th November last, on his application for consent to the re-erection of a Public-house on the South side of Old Kent-road, at the corner of Loder-street, referred by the Board on the 17th November last (No. 94), and referred back on the 1st December last (No. 7). On the 10th November last the Board approved of the erection of the Public-house, and of one-storey shops on the forecourts of certain houses adjoining; on condition that the ground between the proposed buildings and the public way should be given up and added to such public way. Mr. Vicars subsequently applied for permission to retain the use of the ground in front of the Public-house, and to enclose it with railings and posts and chains. Your Committee have received a Memorial in support of the application, signed by inhabitants of the neighbourhood, who state that if the Resolution of the Board be complied with, the recess which will be formed between the houses East and West of the Tavern might become the resort of idle and disorderly persons, and depreciate the value of the adjacent property. The Memorialists also state that the Lessee of the Tavern has no desire to use the forecourt for the purpose of his business, but is willing to leave it unoccupied in the same way as if it were attached to a private house. Your Committee, having re-considered the matter, are of opinion that the request of Mr. Vicars may now be granted on this understanding, and they accordingly recommend—

> That the application be acceded to; and that so much of the Resolution of the Board of the 10th November last (No. 56) as directs that the ground in front of the proposed Public-house be given up and added to the public way, be varied; and that it be a condition that the ground in front of such house be not at any time used for trade purposes, and that the Owners be required to give an undertaking to that effect.

All which your Committee beg to submit.

(Signed) WM. SHEPHERD,
W. R. SELWAY,
JOHN RUNTZ,
DONALD MUNRO.

The Report having been read and received,

It was moved by Mr. Shepherd, seconded, and resolved, *unanimously*—That the application of Mr. Albert Vicars, on behalf of the Trustees of the Parish Estate of St. Mary-le-Strand, for the consent of the Board to a modification of the conditions imposed by their Resolution of the 10th November last (No. 56), on his application for consent to the re-erection of a Public-house on the South side of Old Kent-road, at the corner of Loder-street, be acceded to; and that so much of the said Resolution as directs that the ground in front of the proposed Public-house be given up and added to the public way, be varied; and that it be a condition that the ground in front of such house be not at any time used for trade purposes, and that the Owners of the property be required to give an undertaking to that effect.

Adjourned.

At a Meeting of the Metropolitan Board of Works, held, by Adjournment, at the Office of the Board, Spring-gardens, on **Friday**, the **19th** day of **January**, 1883, under and by virtue of the Act of the 18th year of the reign of Queen Victoria, for the better Local Management of the Metropolis,

**Present**—Lieutenant-Colonel Sir James M. M°Garel-Hogg, Bart., K.C.B., M.P., Chairman of the Board, in the Chair.

James Ebenezer Saunders, Esq., Deputy.
George Pitney Meaden, Esq.
Thomas Morrison Fairclough, Esq.

1. The Clerk presented a Letter from Mr. J. H. Cole, Treasury, dated 11th January, 1883, stating, with reference to the Board's claim on the parochial authorities of the Metropolis for a share of the contribution made by the Treasury in respect of Government property, that the sum paid annually by the Government to the Whitechapel District Board, was not a contribution to the Local Rates of the District, in the ordinary way, but was a special contribution in consideration of the maintenance by the District Board of the roads around the Tower of London.

It was **moved** by Mr. Selway, seconded, and **resolved**—That the said Letter be referred to the Finance Committee, and the Accountant for their information.

2. The Clerk presented a Letter from Mr. W. Stotesbury, dated 11th January, 1883, complaining of the condition of Canterbury-road, Old Kent-road, situated in the Parishes of St. Paul, Deptford, and Camberwell, and asking the Board to nominate one of the Vestries to do the necessary work to the road, or to take such other steps as might be fit and proper.

It was **moved** by Mr. Selway, seconded, and **resolved**—That the said Letter be referred to the Works and General Purposes Committee, for consideration and report.

3. The Clerk presented a Letter from the Rev. J. C. Leeke, Rector of Kidbrook, dated 16th January, 1883, transmitting a copy of Resolutions passed at a Meeting of the

Parishioners of Kidbrook and Blackheath, relative to the insufficiency of the existing laws for the purpose of dealing with the immorality forced upon public notice in many parts of the Metropolis, and to the necessity for further powers being obtained for the preservation of decency and order.

It was moved by Mr. Selway, seconded, and resolved—That the said Letter and Resolutions be received.

4. The Clerk presented a Letter from Mr. T. Bridger, Clerk to the Vestry of Hampstead, dated 15th January, 1883, referring to the Board's Letter on the subject of Sewer ventilation, and requesting that the Board would, having regard to the flow of Sewer Gas into Hampstead from adjoining Parishes, urge upon such Parishes the necessity for providing additional ventilation for the Sewers vested in them.

It was moved by Mr. Selway, seconded, and resolved—That the said Letter be referred to the Works and General Purposes Committee, for consideration, with authority to send a reply thereto.

5. The Clerk presented a Letter from Mr. G. Elkington, Surveyor to the Vestry of Bermondsey, dated 16th January, 1883, inquiring whether the Board would allow one of their Superintendents of Gardens to inspect the work recently executed, by laying out as a Recreation ground the Parish Churchyard of Bermondsey (towards the cost of which the Board had agreed to contribute), and to advise whether the work had been carried out in accordance with the Specification.

It was moved by Mr. Selway, seconded, and resolved—That the said Letter be referred to the Works and General Purposes Committee, for consideration, with authority to act upon any Resolution at which they may arrive with regard thereto.

6. The Clerk presented a Letter from Mr. E. W. Fithian, Secretary of the Commons Preservation Society, dated 16th January, 1883, stating that the Society were of opinion that, under the Act of 1881, the Board might enter into arrangements whereby they could take charge of the Lambeth Palace grounds, in the public interest, without involving any heavy burden upon the ratepayers of the Metropolis.

It was moved by Mr. Selway, seconded, and resolved—That the said Letter be referred to the Works and General Purposes Committee.

7. The Clerk presented a Letter from Mr. G. B. Hall, Secretary of the West Middlesex Waterworks Company, dated 17th January, 1883, transmitting a Notice of the Company's proposal to give, on and after the 1st June next, a constant supply of Water in a part of their district adjoining Lisson-grove.

It was moved by Mr. Selway, seconded, and resolved—That the said Notice be referred to the Works and General Purposes Committee, for consideration and report.

8. The Clerk presented a Letter from Messrs. Llewellyn, Ackrill and Rau, dated 16th January, 1883, referring to the Summons taken out by the Board against Mr. Muncey, to compel him to pull down certain houses erected by him in Hepscott-road, White-post-lane, Victoria-park, and asking the Board to re-consider the matter, and to have the houses inspected, so that they might be advised as to the manner in which they were built.

It was moved by Mr. Selway, seconded, and resolved—That the said Letter be referred to the Building Act Committee, for consideration, in connection with the reference already made to them on the subject to which it relates.

9. The Clerk presented a Letter from Mr. G. W. Preston, Clerk to the Vestry of St. Luke, Middlesex, dated 17th January, 1883, approving of the expression of opinion by the Vestry of Hampstead that the Metropolis Management and Building Acts Amendment Act, 1878, should be amended, with a view to prohibiting the erection and extension of buildings at a less distance than 20 feet from the centre of roads being highways.

It was moved by Mr. Selway, seconded, and resolved—That the said Letter be received.

**10**. The Clerk presented a Letter from Mr. E. M. Robin, Secretary of the New Alcazar Company (Limited), dated 17th January, 1883, stating that, since the last Meeting of the Board, Plans for certain proposed alterations to the Alcazar Theatre had been submitted; and asking the Board to recommend the Lord Chamberlain to grant a Provisional License in respect of the Theatre, pending the decision of the Board with respect to such Plans.

It was **moved** by Mr. Selway, seconded, and **resolved**—That Mr. Robin be informed that the Board adhere to the decision at which they have already arrived on the question, and that they cannot therefore accede to his request.

**11**. The Clerk presented a Letter from Mr. F. Abrahams, of the Queen's Palace of Varieties, High-street, Poplar, dated 17th January, 1883, stating that he had handed the Board's Letter of the 16th instant (to the effect that the requirements of the Board must be carried out in accordance with the Notice served upon the Owner on the 12th September last) to his Surveyor, with instructions to give it his immediate attention.

The Clerk also presented a Letter from Mr. E. Clark, Surveyor to the Owner of the Royal Music-hall, Holborn, acknowledging the receipt of the Board's Letter of the 16th instant (to the effect that it was impossible to depart from the Award of the Arbitrator or the Notice served upon the Owner as to structural defects in the building), and stating that he had put the work in hand as directed, and that it would be completed in four or five days.

It was **moved** by Mr. Selway, seconded, and **resolved**—That the said Letters be referred to the Building Act Committee.

**12**. The Clerk presented a Letter from Mr. R. Fairbairn, dated 17th January, 1883, on behalf of the Rotherhithe Ratepayers' Association, relative to the proposal of the Vestry of Rotherhithe, for a division of the Parish into Wards, and requesting the Board to carry out the provisions of the Act.

It was **moved** by Mr. Selway, seconded, and **resolved**—That the said Letter be referred to the Works and General Purposes Committee, for consideration, in connection with the reference already made to them on the subject to which it relates.

**13**. The Clerk presented a Letter from Mr. R. C. C. White, Clerk to the Hornsey Local Board, dated 17th January, 1883, enclosing an extract from a Report of the General Purposes Committee of that Board, with reference to a Memorial from inhabitants of Stapleton-hall-road, complaining of the state of that road, and enquiring whether some basis of agreement could not be arrived at by which the Stapleton-hall and Upper Tollington-park Roads could be paved.

It was **moved** by Mr. Selway, seconded, and **resolved**—That the decision of the Board this day on the subject be communicated to Mr. White in reply to his Letter.

**14**. The Clerk presented a Letter from Mr. W. F. Jebb, Clerk to the Metropolitan Asylums Board, dated 18th January, 1883, with an amended copy of the totals of the gross and ratable values of property wholly or partially exempt from Sewers Rate in respect of the Lewisham, Wandsworth and Clapham Unions.

It was **moved** by Mr. Selway, seconded, and **resolved**—That the said Letter be referred to the Finance Committee and the Accountant.

**15**. The Clerk presented a Letter from Messrs. Higginson and Vigers, dated 18th January, 1883, stating that, having regard to the suggestion made by His Grace the Duke of Bedford in reference to the enlargement of Covent-garden Market, it had been decided to withdraw the Mid-London Market Bill for the ensuing Session to afford an opportunity of fully considering His Grace's views.

It was **moved** by Mr. Selway, seconded, and **resolved**—That the said Letter be received.

**16**. The Chemical Assistant laid before the Board his Return of the Testings made at the Gas Testing Stations during the week, ended on the 16th instant, as follows—

| Company. | District. | Illuminating Power. (In Standard Sperm Candles.) | | | Sulphur. (Grains in 100 cubic feet of Gas.) | | | Ammonia. (Grains in 100 cubic feet of Gas.) | | | Sulphuretted Hydrogen. |

The pressure of the Gas supplied by the Commercial Gas Company at Sutherland-road, Old Ford, at 4.25 p.m., on January 10th, was 1·5 inch.

The pressure of the Gas supplied by the Commercial Gas Company at Ellen-street, E., at 5·0 p.m., January 12th, was 1·97 inch.

**17**. Read a Report, as follows—

Superintending Architect's Department, Spring-gardens,

19th January, 1883.

Petroleum Acts, 1871 to 1881.

Memorandum relative to Licenses for storing Petroleum for sale or use.

In the accompanying Schedule there are Thirty-four applications for Licenses, the Fees for which have been duly deposited.

The premises of the applicants having been inspected, and the arrangements for storing found satisfactory, I recommend that Licenses be granted for Twelve months from this date, subject to the conditions contained in such Licenses.

(Signed) GEORGE VULLIAMY,
Superintending Architect.

The list of applications in respect of which Licenses were recommended to be granted was laid before the Board.

It was moved, seconded, and resolved—That Licenses be granted to the Thirty-four persons mentioned in the list now submitted, to keep Petroleum in the places, and in the quantities stated in such Licenses, for a period of Twelve calendar months from this date, subject to the conditions mentioned in such Licenses.

The several Licenses referred to in the foregoing Resolution were laid before the Board.

It was moved, seconded, and resolved—That the Common Seal of the Board be affixed to the said Licenses; and the Seal was affixed accordingly.

**18**. This being the day appointed for considering the application of Mrs. Ann Long, for sanction to the establishment anew of the business of a Fat Melter, at premises at the rear of No. 4A, White-post-lane, Hackney,

Proclamation was made, but no person attended in opposition to the application.

Mr. Ingoldby, the Chairman of the Special Purposes and Sanitary Committee, brought up a Report, as follows—

REPORT OF THE SPECIAL PURPOSES AND SANITARY COMMITTEE.

Spring-gardens, 19th December, 1882.

Your Committee have to report that they have had under consideration an application from Mrs. Ann Long, for sanction to the establishment anew of the business of a Fat Melter, at premises at the rear of No. 4a, White Post-lane, Hackney. The application is made under the 3rd Section of the Slaughterhouses, &c., Act, 1874, the Board having, under the same Section, declared the business in question to be an offensive business, by Order dated the 12th April, 1878. The process that Mrs. Long proposes to carry on is that of re-melting Fat for edible purposes, an operation which is not productive of nuisance if carried on with reasonable care. The applicant formerly carried on a similar business at Powerscroft-villa, Clapton-park, but as that locality is of a good residential character, she discontinued the business, on the Board's Bye-laws coming into operation. The premises at which she now proposes to establish it are very suitably situated on ground adjoining the Great Eastern Railway, and which also adjoin on both sides premises upon which Fat extracting and pig-keeping are already lawfully carried on; and there are several other offensive businesses carried on in the immediate neighbourhood. Your Committee are of opinion that the site is well adapted to the purposes of the business of a Fat Melter, and they recommend—

That the application be approved, on condition that before the formal sanction of the Board be granted under Seal, the building and appliances be constructed in entire accordance with the Bye-laws for regulating the conduct of the business of a Fat Melter, and the structure of the premises upon which such business is carried on.

All which your Committee beg to submit.

(Signed) FRED^K. INGOLDBY,
GEORGE PHILLIPS,
JOHN RUNTZ,
J. E. BRADFIELD.

The Report having been read and received,

It was moved by Mr. Ingoldby, seconded, and resolved—That the application of Mrs. Ann Long, for sanction to the establishment anew of the business of a Fat Melter, at premises at the rear of No. 4A, White-post-lane, Hackney, be granted, on condition that previously to the granting of the sanction Order, under the Seal of the Board, the building and appliances be constructed in entire accordance with the Bye-laws made by the Board for regulating the conduct of the business of a Fat Melter, and the structure of the premises upon which such business is carried on.

**19**. The Board proceeded to consider the matters of Disagreement between Mr. E. R. Hewitt, the District Surveyor for the District of St. Saviour, St. George-the-Martyr (part), and Christchurch, Southwark, and the Northern Division of Lambeth, and Mr. H. G. Brace, relative to the construction of a School-room over the Unitarian Chapel in Stamford-street, Blackfriars-road.

Mr. Hewitt and Mr. Brace attended the Board.

Read a Report, as follows—

Superintending Architect's Department,
Spring-gardens, S.W.,
January 10th, 1883.

METROPOLITAN BUILDING ACT, SECTION 30.

In the Matter of a Disagreement between Mr. E. R. Hewitt, District Surveyor for Southwark and North Lambeth, and Mr. H. G. Brace, of No. 22, Chancery-lane, with regard to the construction of certain portions of a School-room erected over the Unitarian Chapel, in Stamford-street, Blackfriars.

*Report.*

The School-room in question has been completed and is used as a School, and also as a Meeting-room in connection with the Chapel.

The points objected to by the District Surveyor are (1) the construction of the external enclosures of the School, which are formed of wood framing slightly battering on the outer face and covered externally with slating, and lined upon the inside, partly with matched boarding and partly with Keene's cement, (2) the girders carrying the floor, and (3) the construction of the roof.

I have examined the Drawings of the School-room, submitted by Mr. Brace, and have surveyed the building and examined the construction, as far as practicable.

As regards the external enclosures, I am of opinion that the manner in which they are constructed is an evasion of the Metropolitan Building Act. I have not been able to examine the construction of the floor, but I am able to say that the mode of trussing the wood girders (which have a bearing of 46 feet in the clear) is unsatisfactory, and is condemned by the best authorities. The construction of the roof is in my opinion insecure, the old principals carrying the roof being insufficiently trussed, the bearing defective, and the roof having no proper longitudinal tie.

Under these circumstances the Board will probably determine the Disagreement in favour of the District Surveyor, and make an Order requiring that the external enclosures, and the floor and roof of the School-room in question, shall be constructed in such manner as shall be approved by the District Surveyor.

(Signed) GEORGE VULLIAMY,
Superintending Architect.

Mr. Brace and Mr. Hewitt addressed the Board.

The Board having considered the Report of the Superintending Architect, and the statements made by Mr. Brace and Mr. Hewitt, and all the facts of the case,

It was **moved** by Mr. Shepherd, and seconded by Mr. Selway—That the Report of the Superintending Architect be adopted, and that an Order be made in accordance therewith.

An **amendment** thereon was **moved** by Mr. Edwards, and seconded by Mr. Dresser Rogers—That the Report of the Superintending Architect be referred to the Building Act Committee, for consideration, and that the Committee be requested to view the building.

The **amendment** having been put to the vote, there were for it 3, against it 21, and it was declared by the Chairman to be lost.

The **original motion** was then put to the vote, when there were for it 20, against it 1, and it was declared by the Chairman to be carried; and it was **resolved** accordingly.

It was thereupon **resolved** and **ordered**, as follows—

*Metropolitan Building Act*, 1855, *Section* 30.

**Whereas** a Disagreement arose between Mr. Edwin Richard Hewitt, District Surveyor for the District of Saint Saviour, St. George-the-Martyr (part), and Christchurch, Southwark, and the Northern Division of Lambeth, and Mr. Henry George Brace, Architect and Surveyor, of No. 22, Chancery-lane, with respect to the construction of portions of a Public Building, that is to say, certain parts of the School-room erected over the Unitarian Chapel, in Stamford-street, Southwark, within the District aforesaid, and it was alleged by the District Surveyor that the mode of construction of the enclosures and roof of the said School-room, and also the girders carrying the floor of such room, were unsatisfactory. **And whereas** the Architect of the said building has insisted to the contrary, and the Metropolitan Board of Works have been applied to, pursuant to the 30th Section of the said Metropolitan Building Act, 1855, to determine the matters in difference. **And whereas** the said parties have appeared before, and have been heard by this Board on the said matters. Now, this Board, having duly considered the allegations of the said parties respectively, and all that has been stated and proved before them in relation to the said matters of Disagreement, do, in exercise of the powers vested in them by the said Metropolitan Building Act, hereby **order** and direct that the external enclosures, and the floor and roof of the said School-room be constructed in such manner as shall be required and approved by the District Surveyor.

**20**. It was moved by Mr. Runtz, pursuant to notice, seconded by Mr. Selway, and resolved—"That it be referred to the Works and General Purposes Committee, to consider and report upon the desirability of the Board obtaining further power from Parliament to regulate Public Buildings and Hotels, in the interest of the public.

**21**. Islington.—Read a Report by the Superintending Architect, dated 17th January, 1883, on the application of Mr. W. Smith, on behalf of Mr. T. Kayler, for the consent of the Board to the erection of one-storey shops on portions of the forecourts of Alfred House, and Nos. 9 and 10, Holloway-road, between Kingsdown-road and Fortman-road, to the line shown upon the Plan accompanying the application.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be not granted.

**22**. Kensington.—Read a Report by the Superintending Architect, dated 17th January, 1883, on the application of Mr. G. Edwards, on behalf of the Honourable W. P. Talbot, for the consent of the Board to the erection of a one-storey addition in front of a coach house at No. 6, Cromwell-mews, South Kensington, to the line shown upon the Plan accompanying the application.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be referred to the Building Act Committee, for consideration and report.

**23**. Kensington.—Read a Report by the Superintending Architect, dated 17th January, 1883, on the application of Mr. J. H. Snow, for the consent of the Board to the erection of a three-storey house, with a shop, on the South side of Lancaster-road, Notting-hill, to the line shown upon the Plan accompanying the application.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be not granted.

**24**. Mile-end Old-town.—Read a Report by the Superintending Architect, dated 22nd November, 1882, on the application of Messrs. Boulnois and Warner, on behalf of Mr. F. N. Charrington, for the consent of the Board to the erection of a building, with one-storey shops, on the North side of Mile-end-road, between Nos. 29 and 33, to the line shown upon the amended Plan accompanying the application.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be not granted.

**25**. Plumstead.—Read a Report by the Superintending Architect, dated 17th January, 1883, on the application of Mr. G. T. Fellowes,for the consent of the Board to the erection of a one-storey shop on the forecourt of No. 31, Church-street, Lee, to the line shown upon the Plan accompanying the application.

It was moved by Mr. Lloyd, seconded, and resolved—That the application be referred to the Building Act Committee, for consideration and report.

**26**. Plumstead.—Read a Report by the Superintending Architect, dated 2nd January, 1883, on the application of Mr. J. O. Cook, on behalf of Mr. J. Austin, for the consent of the Board to the erection of a pent over a portion of the forecourt of No. 86, Pattison-road, to the line shown upon the Plan accompanying the application.

It was moved by Mr. Lloyd, seconded, and resolved—That the application be referred to the Building Act Committee, for consideration and report.

**27**. Poplar.—Read a Report by the Superintending Architect, dated 17th January, 1883, on the application of Mr. J. Holland, for the consent of the Board to the erection of a house, with a one-storey shop, at No. 126, Brunswick-road, Bromley, to the line shown upon the amended Plan accompanying the application.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be referred to the Building Act Committee, for consideration and report.

**28**. Rotherhithe.—Read a Report by the Superintending Architect, dated 20th

December, 1882, on the application of Mr. C. M. Shiner, on behalf of Mr. J. A. Williams, for the consent of the Board to the erection of one-storey shops, on portions of the forecourts of Nos. 284, 286 and 288, Southwark-park-road, to the line shown upon the Plan accompanying the application.

It was moved by Mr. Tolhurst, seconded, and resolved—That the application be referred to the Building Act Committee, for consideration and report.

**29.** St. George, Hanover-square.—Read a Report by the Superintending Architect, dated 18th January, 1883, on the application of Messrs. Weatherley and Jones, for the consent of the Board to the re-erection of Hatchett's Hotel and White Horse Cellars, Piccadilly, at the corner of Dover-street, with projecting bay windows and porticoes, to the lines shown on the amended Plan accompanying the application.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be referred to the Building Act Committee, for consideration and report.

**30.** St. George, Hanover-square.—Read a Report by the Superintending Architect, dated 17th January, 1883, on the application of Mr. J. T. Wimperis, for approval by the Board of a Plan for the construction of a wooden enclosure to a water-closet, in a glazed corridor, at the rear of No. 11, Upper Grosvenor-street, as shown upon the Plan accompanying the application.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be granted, on condition that the whole of the works be executed to the satisfaction of the District Surveyor.

**31.** Wandsworth.—Read a Report by the Superintending Architect, dated 16th January, 1883, on the application of Mr. J. Davis, for approval by the Board of a Plan for the construction of wooden barge boards, and wooden balcony railings, to eighteen semi-detached houses, on the South side of Dyer's-lane, Putney, facing Putney Lower-common.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be not granted.

**32.** Lewisham.—Read a Report by the Superintending Architect, dated 17th January, 1883, on the application of Messrs. Legg and Bonner, for approval by the Board of a Plan for the construction of a furnace chimney-shaft at the Lewisham Workhouse, in High-road.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be granted, on condition that the foundation of the proposed shaft be made in accordance with the provisions of the Building Act, and to the satisfaction of the District Surveyor, according to law, and that the superstructure be also erected to his satisfaction.

**33.** Newington.—Read a Report by the Superintending Architect, dated 16th January, 1883, on the application of Mr. E. Marsland, on behalf of the Rev. E. F. Alexander, for approval by the Board of a Plan for the construction of a temporary iron Mission Hall, on the East side of Penton-place.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be referred to the Building Act Committee, for consideration and report.

**34.** St. Saviour, Southwark—Read a Report by the Superintending Architect, dated 16th January, 1883, on the application of Mr. J. A. Eaton, on behalf of the Bower Barff Rustless Iron Company (Limited), for approval by the Board of a Plan for the construction of a furnace chimney-shaft at the Company's premises in Skin-market-place.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be granted, on condition that the foundation of the proposed shaft be made in accordance with the provisions of the Building Act, and to the satisfaction of the District Surveyor, according to law, and that the superstructure be also erected to his satisfaction.

**35**. St. George-the-Martyr, Southwark.—Read a Report by the Superintending Architect, dated 18th January, 1883, on the application of Mr. W. Ireson, on behalf of Mr. G. Gillham, for approval by the Board of a Plan for the construction of a wooden addition on the roof, and of advertising boards on the flank wall of No. 231, Southwark-bridge-road.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be not granted.

**36**. Wandsworth.—Read a Report by the Superintending Architect, dated 17th January, 1883, on the application of Messrs. Snooke and Stock, on behalf of Messrs. Young and Bainbridge, for approval by the Board of an amended Plan for the construction of a chimney-shaft at the Ram Brewery, in High-street.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be referred to the Building Act Committee, for consideration and report.

**37**. Camberwell.—Read a Report by the Superintending Architect, dated 3rd January, 1883, on the application of Messrs. W. F. Meakin and Son, for approval by the Board of a Plan for the formation of new roads to lead out of the East side of Park-road, the North side of Goldsmith-road and the North side of Meeting-house-lane, Peckham, also the widening of a portion of Meeting-house-lane in connection therewith, and of the names "Peckham-park, S.E.," (in continuation), "Geldart-road, S,E.," "Kincaid-road, S.E.," and "Pennethorne-road, S.E."

It was moved by Mr. Shepherd, seconded, and resolved—That the application be granted, on condition that no barriers be at any time erected, or other obstructions caused to the free use by the public of the said roads.

**38**. Camberwell.—Read a Report by the Superintending Architect, dated 16th January, 1883, on the application of Mr. H. Phillips, on behalf of Mr. J. Abbott, for approval by the Board of a Plan for the widening and re-naming of Atkinson's-mews, New Church-street, Camberwell.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be not granted.

**39**. Lewisham.—Read a Report by the Superintending Architect, dated 22nd December, 1882, on the application of Mr. F. S. Brereton, on behalf of Mr. J. Forster, for approval by the Board of a Plan for the formation of roads to lead out of the West side of Bromley-road, and the North side of Lower Sydenham-lane, otherwise Southend-lane, Lower Sydenham, on the Bellingham Park Estate, and of the names "Alcester-road, S.E.," "Bellingham-road, S.E.," "Egypt-road, S.E.," "Redver's-road, S.E.," and "Strathearn-road, S.E.," for the same.

It was moved by Mr. Lloyd, seconded, and resolved—That the application be referred to the Building Act Committee, for consideration and report, and that the parties interested be invited to attend the Committee, when the same shall be considered.

**40**. Plumstead.—Read a Report by the Superintending Architect, dated 17th January, 1883, on the application of Mr. J. J. Stiles, on behalf of Mr. T. Clarke, for approval by the Board of a Plan for the formation of new roads to lead out of the West side of Burnt Ash-lane, and the North side of Southbrook-road, and of the names "Micheldever-road, S.E.," and "Wantage-road, S.E." for the same.

It was moved by Mr. Lloyd, seconded, and resolved—That the application be granted, on condition that no barriers be at any time erected, or other obstructions caused to the free use by the public of the said roads.

**41**. St. Pancras.—Read a Report by the Superintending Architect, dated 17th January, 1883, on the application of Messrs. Taylor and Locke, on behalf of Mr. C. Greenwood, for approval by the Board of a Plan for the formation of a new road to lead out of the West side of Prospect-place, Highgate-road.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be referred to the Building Act Committee, for consideration and report.

**42**. Kensington.—Read a Report by the Superintending Architect, dated 17th January, 1883, on the application of Mr. R. Griggs, on behalf of Mr. Radford, for approval by the Board of a Plan for the erection of a house on the site of No. 68, Ennismore-gardens, South Kensington, with an open space at the rear of a less area than that required by the 14th Section of the Metropolis Management and Building Acts Amendment Act, 1882.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be referred to the Building Act Committee, for consideration and report.

**43**. Westminster.—Read a Report by the Superintending Architect, dated 18th January, 1883, on the application of Mr. E. Dru Drury, District Surveyor, for the appointment by the Board of a Fee for a special service performed by him in superintending the fixing of a boiler at the Army and Navy Stores, No. 117, Victoria-street.

It was moved by Mr. Shepherd, seconded, and resolved—That the District Surveyor be authorised to demand and receive a Fee of 15s. in respect of the special service referred to.

**44**. Hackney.—Read a Report by the Superintending Architect, dated 19th January, 1883, on a Letter from Mr. J. D. Mathews, District Surveyor, asking the Board to afford him legal assistance in a case to be heard before the Magistrate at the Clerkenwell Police-court, with reference to the use of bad bricks in the construction of the external walls of a house in his District.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be referred to the Building Act Committee, for consideration, with authority to act upon any Resolution at which they may arrive with regard thereto; and that the Solicitor do advise the Committee thereon.

**45**. Bermondsey.—Read a Report by the Superintending Architect, dated 17th January, 1883, on the application of Mr. M. H. Davies, on behalf of Messrs. C. Wallach and Co., for approval by the Board of a Plan for the construction of a shed in their yard at No. 1, Manning-street, with openings in excess of the limit prescribed by the 13th Section of the Metropolitan Building Act, 1855.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be not granted.

Adjourned until Friday next, the 26th instant, at this Office, at Twelve o'clock at noon.

No. 4.

At a Meeting of the Metropolitan Board of Works, held at the Office of the Board, Spring-gardens, on **Friday**, the **26th** day of **January**, 1883, under and by virtue of the Act of the 19th year of the reign of Queen Victoria, for the better Local Management of the Metropolis,

**Present**—Lieutenant-Colonel Sir James M. McGarel-Hogg, Bart., K.C.B., M.P., Chairman of the Board, in the Chair.

1. The Minutes of the Meetings of the Board held on the 19th instant, were approved, and were signed by the Chairman, and by two other Members of the Board present at such Meetings respectively.

2. A Deputation from inhabitants and frontagers in the Holborn District, introduced by Mr. Phillips, and consisting of the following gentlemen—Mr. C. P. Serocold, Mr. J. Lavender, Mr. J. Wells, Mr. F. Kingwell, Mr. W. Holt, Mr. T. Patrick, Mr. H. Hall, Mr. J. Wellbeloved, Mr. B. Garrod, Mr. G. Brewster, Mr. W. P. Hitchman, Mr. H. S. Warr, Messrs. Palmer and Bull, Messrs. Walker, Martineau and Co., Mr. G. L. P. Eyre, accompanied by Mr. C. E. Withall, Solicitor, and Mr. H. J. West, Parliamentary Agent, attended the Board, and presented a Memorial, as follows—

In Parliament.—Session, 1883.

North Metropolitan Tramways (Clerkenwell and Shoreditch Extension).

To the Metropolitan Board of Works.

The humble Memorial of the undersigned persons, being Ratepayers, Owners, Lessees, and Occupiers of property along the proposed line of Tramways, within the District of the Holborn Board of Works, whose property will be injuriously affected by the proposed undertaking,

Memorial against,

Sheweth as follows—

A Bill is now being introduced into the House of Commons, entitled "A Bill to empower the North Metropolitan Tramway Company to construct new Tramways, and for other purposes."

Amongst the Tramways proposed by the said Bill is one distinguished as the Clerkenwell lines, and numbered on the Plans deposited 1 and 1A, consisting of one mile one furlong and twenty-five links, or thereabouts, in length; commencing at, or near, the West end of Theobald's-road, passing in an Easterly direction along Theobald's-road and Clerkenwell-road, across Goswell-road, and terminating in Old-street by a junction with the existing Tramways.

Your Memorialists respectfully allege that the proposed Tramways will injuriously affect their interests in the district in the manner, and they object to it for the reasons, hereinafter stated.

Your Memorialists are either Frontagers within the meaning of the Standing Order, No. 135, of the House of Commons, or are respectively large Ratepayers, Owners, Lessees or Occupiers of houses, shops, warehouses, manufactories, offices and premises in the roads, streets and thoroughfares along which it is proposed to lay and construct the said Tramways; and they allege that the construction and working of Tramways along the said roads, streets, and thoroughfares, will interfere with the access to the houses, shops, warehouses, manufactories, offices, and premises of your Memorialists, and to persons resorting to their said houses, shops, warehouses, manufactories, offices, and premises, and will seriously injure and affect your Memorialists in the use and enjoyment of their premises, and interfere with the conduct of the trade, business, or occupation in which they are respectively engaged.

Your Memorialists humbly submit that they justly complain of the attempt now again being made by the North Metropolitan Tramway Company to reintroduce their Tramways into Clerkenwell and Theobald's Roads, after the recent and deliberate decision of Parliament last Session in rejecting a scheme identical with the Bill now sought to be introduced, so far as the Clerkenwell lines and Tramways Nos. 1 and 1A are concerned.

Your Memorialists beg to call the attention of your Honourable Board to the fact that the Holborn Board of Works (who have now given their assent to the undertaking) themselves opposed, upon Petition to the House of Commons, under their Common Seal, in 1879, Tramways being brought into their District, and among other things alleged as follows, viz.—

> "That the construction of Tramways in their District would of necessity prove a great "obstruction, and be fraught with danger to the large vehicular traffic which would "use the thoroughfares, and would depreciate the value of the property along the entire "route."

They also further alleged—

> "That there existed no public necessity for the construction and working of the Tramways "within their District sufficient to justify the damage, danger, and inconvenience "which would result therefrom to the public interested in or using the thoroughfares."

Your Memorialists allege that since that time no alteration of circumstances has occurred (except that vehicular traffic has very much increased, whereby Tramways would be more obstructive), and, although attempts have been made from year to year by Tramway Companies to obtain Parliamentary powers to make Tramways within your Memorialists' District, no such Tramways have been sanctioned by Parliament, but, on the contrary, the House of Commons did, as already hereinbefore stated, upon the Petition of your Memorialists and others, so late as last Session, reject a scheme identical with the scheme now proposed.

Your Memorialists regard this decision of the Committee of the House of Commons as an expression of the deliberate determination of Parliament that no Tramways should be authorised within that part of the Metropolitan area sought to be affected.

Your Memorialists furthermore urgently submit that, independently of the loss and injury that your Memorialists will suffer to their various trades and occupations, the District proposed to be traversed by the Tramways along the Theobald's and Clerkenwell Roads does not afford a fit and proper route on account, among other things, of the great public danger by reason of the very large and increasing amount of vehicular traffic passing along those roads, and by reason, also that parts of the line of route are narrow and inconvenient, and other parts have curves and gradients objectionable for Tramway purposes backwards and forwards.

Your Memorialists therefore humbly pray that your Honourable Board do withhold your consent to the said Bill.

All your Memorialists will ever pray.

(Signed) WALKER, MARTINEAU AND CO.,
and 46 others.

The Deputation having addressed the Board in support of the Memorial,

It was **moved** by Mr. Phillips, seconded, and **resolved**—That the said Memorial be referred to the Works and General Purposes Committee, for consideration, in connection

with the references already made to them on the subject of the Bill to which it relates.

A Deputation from inhabitants and frontagers in the Holborn District, introduced by Mr. Phillips, and consisting of the following gentlemen, viz.—Mr. K. Maclean, Mr. T. S. Bennett, Mr. J. S. Chandler, Mr. E. Nye, Mr. E. M. Sherrard, Mr. A. Mayers, Mr. W. Rhein, Mr. H. Blowers, Mr. J. Bolitho, Mr. A. Lanham, Mr. A. Wend, Mr. C. Barker, Mr. E. Goodale, Mr. H. W. Haslip, Mr. R. Palmer, Mr. S. Harman, Mr. H. M. Clark, Mr. J. E. Price, Mr. S. Moore, and Mr. J. Hayes, attended the Board, and presented a Memorial, as follows—

In Parliament. Session 1883.

North Metropolitan Tramways (Clerkenwell and Shoreditch Extensions) Bill.

To the Metropolitan Board of Works.

Petition of the undersigned inhabitants and Ratepayers of the Parishes of St. George-the-Martyr and St. Andrew, Holborn, in the District of Holborn.

Sheweth as follows,—

1.—That the North Metropolitan Tramways Company are applying for Parliamentary powers to construct a line of Tramways along the Theobald's-road and Clerkenwell-road, Great Eastern-street, Commercial-street and Bethnal-green-road.

2.—That there is at present an absolute want of any kind of regular passenger traffic accommodation along the proposed route, which runs through your Petitioners' district, and that the need of such accommodation for connecting your Petitioners' district with the Northern and Eastern parts of the Metropolis is strongly felt.

3.—That your Petitioners are satisfied that the construction of the proposed Tramways would be highly beneficial to the district generally, inasmuch as it would supply the requisite means of communication with the Eastern and Northern districts, and would be a work of great public and local advantage and utility.

4.—That the roads along which the said Tramways are proposed to be laid are wide and level roads, of easy gradients and admirably adapted for the construction and working of Tramways.

Your Petitioners therefore pray that the consent of your Honourable Board may be given to the Bill, subject to such Clauses as your Honourable Board may think fit.

(Signed) G. MIGOTTI,
and 283 others.

The Deputation having addressed the Board in support of the Memorial,

It was moved by Mr. Phillips, seconded by Mr. Thompson, and resolved—That the said Memorial be referred to the Works and General Purposes Committee, for consideration, in connection with the references already make to them on the subject of the Bill to which it relates.

3. Mr. Shepherd stated that the Deputation of inhabitants and ratepayers in support of the Southwark and Deptford Tramways Scheme, notice of whose intention to attend this day appeared in the Business Paper, was not in attendance, and he moved—That the Deputation be received on Friday next, at 12 o'clock at noon.

The motion having been seconded, it was put to the vote, and declared by the Chairman to be carried ; and it was resolved accordingly.

4. Mr. Furniss handed in a Letter, which was read, as follows—

Vestry of Saint Pancras.

General business Department,
Vestry Hall, Pancras-road,
25th January, 1883.

Dear Sir,—I am directed by the Vestry to forward you the following copy of a Resolution passed yesterday, with reference to the non-completion of the Kentish-town Improvement—

"That the attention of the Metropolitan Board of Works be called to the unsightly and "dangerous condition of Kentish-town by Monte Video-place, in consequence of the

"Kentish-town Improvement not being completed, and] that the Board be informed
"that the dangers which have existed for many years through the narrowness of the
"roads have been increased from the fact that the widths of the narrow footpaths
"have been diminished by the erection of hoardings, and that, from the removal of
"the houses, the place is rendered much darker after sunset than it was before; and
"that the Vestry cannot understand why so long a time should have elapsed since the
"pulling down of the houses without any progress being made in laying out the
"roads, and that the Vestry hope that the Board will give directions for the work to
"be completed."

I am, &c.,
(Signed) THOS. ECCLESTON GIBB,
Vestry Clerk.

The Clerk,
Metropolitan Board of Works.

It was moved by Mr. Furniss, seconded, and resolved—That the said Letter be referred to the Works and General Purposes Committee, for consideration and report.

**5.** Mr. Furniss handed in a Letter, as follows—

Vestry of St. Pancras.

General business Department,
Vestry Hall, Pancras-road,
25th January, 1883.

SIR,—I am directed by the Vestry to inform you that they have refused their consent to the Haverstock-hill and Hampstead Tramways Bill; that they have informed the Promoters of the Highgate-hill and Archway-road Tramways scheme that they are prepared to assent, subject to certain conditions, the principal of which are—that the road-way along which the Tramway may be made shall be re-paved over its entire length to the satisfaction of the Vestry, and shall be maintained afterwards by the Vestry at the cost of the Company; and that assent has been given to the London Street Tramways scheme, subject to the same conditions.

The assent of the Vestry has been refused to the scheme of the Euston and Marylebone Roads Tramways Provisional Order.

The Vestry have also decided to oppose the London and North-Western Railway (Additional Powers) Bill, with a view to the insertion of certain protective Clauses, and especially for the preservation of so much of the St. James's Burial-grounds in Hampstead-road as are not intended to be taken for Railway purposes as an open space for the public.

I am, &c.,
(Signed) THOS. ECCLESTON GIBB,
Vestry Clerk.

The Clerk, Metropolitan Board of Works,
Spring-gardens.

It was moved by Mr. Furniss, seconded, and resolved—That the said Letter be referred to the Works and General Purposes Committee, for consideration, in connection with the references already made to them on the subject of the Bills to which it relates.

**6.** Mr. Furniss handed in a Letter, as follows—

Vestry of Saint Pancras.

General business Department,
Vestry Hall, Pancras-road,
25th January, 1883.

DEAR SIR,—I am directed by the Vestry to forward you the enclosed copy of a Report made by the Sanitary Committee, after a recent inspection of the sanitary condition of some houses recently erected near the Highgate Cemetery, in this Parish, and I am to ask that your Board will direct the attention of the proper Officers to the unsatisfactory building operations being carried on there.

I am, &c.,
(Signed) THOS. ECCLESTON GIBB,
Vestry Clerk.

The Clerk, Metropolitan Board of Works,
Spring-gardens.

"Copy of Report of Sanitary Committee."

"That your Committee have had their attention called by the Committee of View, recently "appointed by them, to the condition of certain houses in course of erection on vacant land in "Highgate-new-town, in front of the upper part of Dartmouth-park-hill and East of Highgate "Cemetery, where the character of the materials used for building, and the manner of construction "deserve the especial attention of the Metropolitan Board of Works, and your Committee recommend—

"That a communication be addressed to the Metropolitan Board of Works calling their "attention to the subject."

It was **moved** by Mr. Furniss, seconded, and **resolved**—That the said Letter be referred to the Building Act Committee, for consideration and report, and that the Superintending Architect do report to the Committee thereon.

**7.** Mr. Dresser Rogers handed in a Letter, as follows—

Vestry, St. Giles, Camberwell,
Vestry Clerk's Department,
Vestry Hall, Camberwell, S.E.,
25th January, 1883.

London Southern Tramways Extension Bill.
Session, February, 1883.

Dear Sir,—I am directed by the Vestry to inform you that they have taken into consideration this Bill for a Tramway, which is proposed to run from Gipsy-house-road, in the Parish of Lambeth (near the Paxton Hotel), through Victoria-road, Dulwich-wood-park, College-road, and the road in front of the Crystal Palace, terminating opposite the High Level Station, and also a connection with the authorised Tramway of last year at Denmark-hill, near Camberwell-new-road, and I am instructed to inform you that the Vestry do not approve of it, and they expressed a very strong opinion in opposition, there being only 4 votes in favour of the scheme, and 36 against the Bill.

Yours, &c.,
(Signed) GEO. W. MARSDEN,
Vestry Clerk.

J. E. Wakefield, Esq.,
Metropolitan Board of Works, Spring-gardens.

It was **moved** by Mr. Dresser Rogers, seconded, and **resolved**—That the said Letter be referred to the Works and General Purposes Committee, for consideration, in connection with the references already made to them on the subject of the Bill to which it relates.

**8.** Mr. Bradfield handed in a Letter from Mr. J. Layton, Clerk to the Vestry of Islington, dated 20th January, 1883, forwarding a copy of a Resolution of the Vestry to the effect that, in their opinion, the power formerly vested in the Sanitary Authorities of the Metropolis by the Bakehouses Metropolis Act, 1863, should be restored to the Vestries, &c.

It was **moved** by Mr. Bradfield, seconded, and **resolved**—That the said Letter be received.

**9.** Mr. Selway, the Deputy-Chairman of the Works and General Purposes Committee, brought up a Report, as follows—

Report of the Works and General Purposes Committee.

Spring-gardens, 24th January, 1883.

Your Committee have to report that, under the authority conferred upon them by the Board, they have drawn Cheques for the following amounts—

*Metropolis Bridges.*

| | | £5,890 11 – |

Your Committee have also to report that they have cancelled the Cheque No. 922, drawn on the Main Drainage and Main Sewers Account, on 27th November last, in favour of Mr. H. Hammond for £40, and that they have drawn a Cheque (No. 932) in lieu thereof for £20.

Your Committee have considered the question, referred to them on the 27th October last (No. 28), of the desirability of transferring the work under the Petroleum Acts from the Superintending Architect's to the Clerk's Department. Your Committee may remind the Board that it was the dismissal of an Officer, and the consequent vacancy in the Petroleum Act branch of the Superintending Architect's Department, which led to the consideration of the question whether the work under the Petroleum Acts would not more fitly be discharged by the Special Purposes and Sanitary branch of the Clerk's Department. Attached to this branch is, as the Board are aware, a staff of 9 Inspectors, who are continually engaged in inspecting and reporting upon Slaughterhouses and premises where offensive businesses are carried on, also upon Dairies, Cow-sheds, and Milk-shops, and upon premises registered under the Explosives Act, for the keeping of Gunpowder or other Explosive substances. Premises registered for the keeping of Gunpowder are, for the most part, the same as those at which Petroleum is also kept, consequently an Inspector, when ascertaining whether the Regulations under which Gunpowder is allowed to be kept are duly observed, could at the same time see that the premises were fit for the storage of Petroleum, and that the conditions under which such storage is allowed were carried out. It seems quite unnecessary that the Board should have a staff of Inspectors visiting the places where Gunpowder is kept, and others visiting the same premises, to see whether they are fit for the storage of Petroleum. This double work of inspection could, in the opinion of your Committee, be more satisfactorily done by the one staff of Inspectors. For this reason your Committee think that it would be well to transfer to your Clerk's Department the work under the Petroleum Acts, and they recommend accordingly.

Your Committee have considered your Engineer's Report, referred to them on the 1st December last (No. 15), relative to the prolonged absence, through illness, of Mr. T. Kennedy, a Second-class Officer in his Department. Your Committee find, on inquiry, that Mr. Kennedy was absent nearly seven months in the year 1882, and, this being the case, they are of opinion that it would be better to dispense with his services, and to grant him a Retiring allowance. Mr. Kennedy was for some years in the service of the late Metropolitan Commissioners of Sewers, his length of service under that body, and under the Board, having been in all 32 years. The amount of the Retiring allowance which the Board are empowered to grant him, under the terms of the Superannuation Act, is £106 13s. 4d. a year. Your Committee recommend—

> That Mr. Kennedy's services be dispensed with, and that a Retiring allowance of that amount be granted to him.

Your Committee have proceeded on the Resolution of the Board of the 5th May last (No. 10), referring to them for consideration and report, the question of the desirability of the Board obtaining power to retain the Ground-rents created in the various Improvements carried out by them. Your Committee have had the matter under consideration on several occasions, and, having conferred with the Officers, they have

now to report that in their opinion it would be desirable, as greatly tending to reduce the burden of cost incidental to the carrying out of Street Improvements, if the Board were empowered to retain the Ground-rents created on their various Improvements as part of the Consolidated Loans Fund, for the periods during which Stock created in respect of the Ground-rent exists, and they recommend—

That the Board do adopt that view, and do refer it back to your Committee to apply for the sanction of Her Majesty's Government to the retaining by the Board of the Ground-rents for the periods above stated, as part of the Consolidated Loans Fund.

Your Committee have considered the Letter from the Home Office, referred to them on the 5th instant (No. 53), transmitting a Letter from Mr. W. J. Payne, Coroner for London and Southwark, and a draft Bill to enable Coroners to hold inquiries as to the causes of fires where no death has taken place, and requesting to be favoured with the Board's opinion on the proposal. Your Committee, having given very careful attention to this matter and having conferred with your Solicitor, have arrived at the conclusion that there should be facilities for enquiry into the origin of fires, but they are, at the same time, of opinion that it would be preferable that inquiries should only be made at the instance of the Home Office, or the Board. The Board have, of course, the means, through their Officers, of judging of the character and possible origin of fires, and the power, therefore, to discriminate between cases of accident and those where investigation might render it important to discover the origin of the fire. With regard to the tribunal before which the inquiry should be held, it does not appear to your Committee that the Coroner's Court is altogether adapted for the purpose, and they think that it would be better that inquiries should be held by some Officer to be appointed by the Home Secretary. After a full consideration of the matter, your Committee beg to recommend—

That a Letter be addressed to the Home Secretary, informing him that the Board consider it desirable that a public inquiry into the origin of fires should be held in such cases as the Home Secretary or the Board may consider necessary; but that it is the opinion of the Board that the inquiry should be held by some Officer, other than the Coroner, to be appointed by the Home Secretary, and that the Board should be entitled to attend such inquiry, and to take such steps as may be necessary to ensure the attendance of Witnesses and the production of documents.

Your Committee have to report that they have had under consideration the subject of the accommodation to be provided for the Labouring Classes to be displaced from the areas comprised in the four new Schemes, under the Artizans' &c., Dwellings Acts in the Districts of Lambeth, St. George-in-the-East, Limehouse and Greenwich. Having conferred with your Solicitor and your Superintending Architect, your Committee beg to submit the following recommendations for approval and adoption by the Board—

*Windmill-row, New-cut, Scheme.*—For this Scheme about 660 persons will be displaced, and your Committee recommend—

That the whole of the land be devoted to the erection of Artizans' Dwellings.

*Tench-street, St. George-in-the-East, Scheme.*—For this Scheme about 1,280 persons will be displaced. Your Committee recommend—

That the ground-floors of the buildings fronting Tench-street and Green-bank be utilised for shops, and that the small piece of land edged Purple on the Plan be reserved for commercial purposes. This arrangement will still provide for the accommodation of many more persons than the number displaced.

*Brook-street, Limehouse Scheme.*—For this Scheme about 590 persons will be displaced, and the whole of the land will be required for the new buildings. Your Committee recommend accordingly.

*Trafalgar-road, Greenwich, Scheme.*—About 740 persons will be displaced, and the entire number can be re-housed on the land North of the Old Woolwich-road. Your Committee recommend—

That the remainder of the land be appropriated for commercial purposes, and that the Board do seek to be relieved of all obligations in respect thereof.

Your Committee have further to report that they have considered the subject of the new roads to be formed in connection with the Essex-road, Islington, Scheme. They beg to submit the following recommendations—

1.—That Popham-street be continued in a direct line to Essex-road, as shown on the accompanying Plan.

This modification will not only improve the course of the road-way, but will also be of advantage in laying out the building land.

2.—That the road-way adjoining the "Pickering Arms" Public-house, be constructed as shown by the Red line upon the Plan submitted with this Report.

3.—That the line of frontage on the North side of Paradise-place be modified, and that a straight line be drawn from the corner of the schools to No. 11, Victoria-place, as shown by the dotted Blue lines on the Plan.

And that the Home Secretary be requested to authorise such modification of the Plan.

In pursuance of the references by the Board of the 10th February last (No. 47), and the 26th May last (No. 46), your Committee have had under consideration the Letter from the Vestry of Kensington, urging the necessity for providing an open space or recreation ground in the neighbourhood known as the Potteries, Notting-dale, and asking the Board to take steps for acquiring for that purpose a piece of land, about 3½ acres in extent, on the West side of Pottery-lane, and to arrange for laying out and maintaining it under the provisions of the Metropolitan Open Spaces Act, 1877. Your Committee have also had before them the Letter from the Commissioners of Baths and Wash-houses for the Parish of Kensington, referred on the first-named date, stating that in the event of the Board entertaining the proposal of the Vestry, the Commissioners would be willing to negotiate for the purchase of a portion of the land. Your Committee have taken an opportunity of viewing the site, and have received a Report from your Superintending Architect, in which he states that the area of the land computed from the Plan, appears to be about four acres, and that the Freeholder in possession has for many years carried on there the business of a red tile and pipe Potter, and has intimated that he is very unwilling to part with the property. Your Superintending Architect also points out that no sum is mentioned as the probable cost which, however, he considers, might amount, including the laying out of the land, to about £18,000. Your Committee need hardly refer to the efforts which the Board have at all times made to assist, where practicable, in providing additional spaces for recreation in and near the Metropolis, but, after fully considering the circumstances of the present case they are compelled to come to the conclusion that the request is one with which it is not expedient for the Board to comply. Your Committee recommend—

That replies to that effect be addressed to the Vestry of Kensington, and to the Commissioners of Baths and Wash-houses.

Your Committee, on the 13th October last (No. 9), recommended that Mr. J. B. Hopkins should be informed, in reply to a suggestion made by him, that Chains, with wooden or hollow balls attached to them, should be suspended from the face walls of the Thames Embankments, that such Chains would not be found to be practically of any avail, and that the Board were not prepared, therefore, to adopt the suggestion. The matter was, however, referred back to your Committee, who have now to report that, having given further consideration thereto, they fail to see any reason for an alteration of their former view. They accordingly recommend—

That a Letter be addressed to Mr. Hopkins, informing him to the effect above stated.

Your Committee have also to report that they have given further consideration to the provisions of the Electric Lighting Act, 1882, and, after conference with your Solicitor, they recommend—

That it be referred to them to prepare and deliver to the Board of Trade objections to the various Provisional Orders applied for under the Act, with such Clauses as may secure the Board's rights over the Thames Embankments, the Bridges, Subways, and the Sewers of the Metropolis.

Your Committee have further to report that they have considered the application of the Vestry of Islington, referred by the Board on the 27th January, 1882 (No. 22), for a contribution towards the cost of an Improvement in front of Nos. 1 and 2 Sylvan-cottages, and Nos. 1 and 2, Rose-cottages, Hornsey-rise. Your Committee have viewed the locality, and have received from your Superintending Architect a Report, from which it appears that the total cost has been £317 8s. 1d., which includes the erection of a wall, and the making and paving of the road-way, and the Surveyor's and legal charges. Your Committee are informed that the erection of the wall was part of the consideration for the giving up of the land, and under these circumstances, they consider that the Board may, as has been done on previous occasions, extend their contribution to this portion of the expense. They therefore, recommend—

That the Board do contribute one-half of the sum of £189, such contribution not to exceed the sum of £94, and that it be paid to the Vestry on a Certificate by the Superintending Architect of the completion of the work, and by the Accountant of the cost of the work.

Your Committee have also to recommend—

That the Board do contribute one-half of the cost, namely, £20, which the Superintending Architect considers a fair amount, of an Improvement at Helmet-row, effected by the Vestry of St. Luke, Middlesex, such contribution not to exceed the sum of £10, and that it be paid to the Vestry on a Certificate by the Accountant of the cost of the work.

Under the terms of the general reference to your Committee of the 30th June last (No. 6), they are taking steps, under the Board's Various Powers Act, for carrying out the arrangements with respect to Peckham-rye, Nunhead, &c., Commons and Tooting Beck-common; and they have to recommend—

That the subject of the planting and laying out of the piece of land at the end of Rye-lane, Peckham, shown on the Plan submitted with this Report, be referred to the Parks, Commons, and Open Spaces Committee, with authority to take such steps in the matter as they may deem desirable.

Your Committee have had before them the Letter from Mr. W. Stotesbury, referred by the Board on the 19th instant (No. 2), complaining of the condition of Canterbury-road, Old Kent-road, situated in the Parishes of St. Paul, Deptford, and Camberwell, and asking the Board to nominate one of the Vestries to do the necessary work to the road, or to take such other steps as may be fit and proper. Your Committee recommend—

That Mr. Stotesbury be informed, in reply to his Letter, that the question is one which should be taken up by the Local bodies concerned, namely—the Vestry of Camberwell and the Greenwich District Board, and that copies of Mr. Stotesbury's Letter be sent to those bodies.

Your Committee beg to recommend that the reference by the Board, on Friday last (No. 4), of the Letter from the Vestry of Hampstead on the subject of additional ventilation for the Sewers of adjoining Parishes, be transferred to the Special Purposes and Sanitary Committee.

In compliance with the reference by the Board of Friday last (No. 11), your Committee have had before them the Report, made by your Accountant to the Finance Committee, as to certain information desired by the Auditor to be placed on the Wages list. Your Committee, after conference with your Accountant, recommend that the following instruction be given to the Chief Officers on the subject—

That when Wages are chargeable to a Capital Account, the nature of the work done be briefly stated on the Weekly Wages sheet, and whenever an "extra allowance" is certified, the special service on which the person is engaged and the authority for the payment be also stated.

Your Committee have had before them the Letter from the Strand District Board, referred on Friday last (No. 6), on the subject of the Mid-Metropolitan Railway Bill. Your Solicitor, on the same day (No. 32), reported that the Bill would not be proceeded with; and your Committee recommend that the District Board be so informed.

Your Committee submit, for the information of the Board, a list of claims settled in

respect of properties taken under the Metropolitan Street Improvements Act, 1877; the Metropolis Local Management Act, 1855; and the Metropolitan Bridges Act, 1881, from the 1st October to the 31st December, 1882, inclusive.

All which your Committee beg to submit.

(Signed) J. McGAREL-HOGG,
W. R. SELWAY,
WM. SHEPHERD,
DONALD MUNRO,
W. H. DALTON,
JOHN TOLHURST,
THOMAS H. ELAM,

The Plans submitted with the Report were laid before the Board.

The Report having been read and received,

It was **moved** by Mr. Selway, seconded, and **resolved**—That the work under the Petroleum Acts be transferred from the Superintending Architect's to the Clerk's Department.

It was **moved** by Mr. Selway, seconded, and **resolved**—That the Board do dispense with the services of Mr. T. Kennedy, Draughtsman in the Engineer's Department, who was absent nearly Seven months in the year 1882, in consequence of illness, and that, in consideration of his 32 years' service, a Retiring Allowance of £106 13s. 4d. per annum be granted to him.

It was **moved** by Mr. Selway, and seconded by Mr. Thompson—That, in the opinion of the Board, it is desirable that they should be empowered to retain the Ground-rents created on their various Improvements, as part of the Consolidated Loans Fund, for the periods during which Stock created in respect of the Ground-rent exists; and that it be referred back to the Committee to apply for the sanction of Her Majesty's Government to the retaining by the Board of the Ground-rents for the periods above stated, as part of the Consolidated Loans Fund.

After discussion, the **motion** was put to the vote, when there were for it 25, against it 3, and it was declared by the Chairman to be carried; and it was **resolved** accordingly.

It was **moved** by Mr. Selway, and seconded by Mr. Phillips—That a Letter be addressed to the Home Secretary, in reply to his communication on the subject of a suggestion for holding inquiries into the cause of fires, where no death has occurred, informing him that the Board consider it desirable that a public inquiry into the origin of fires should be held in such cases as the Home Secretary, or the Board, may consider necessary; but that it is the opinion of the Board that the inquiry should be held by some Officer, other than the Coroner, to be appointed by the Home Secretary, and that the Board should be entitled to attend such inquiry, and take such steps as may be necessary to ensure the attendance of Witnesses and the production of documents.

The **motion** having been put to the vote, it was declared by the Chairman to be carried; and it was **resolved** accordingly.

It was **moved** by Mr. Selway, seconded, and **resolved**—That the recommendations made by the Committee with respect to the accommodation to be provided for re-housing the Labouring classes, to be displaced in connection with the areas in Windmill-row, Lambeth; Tench-street, St. George-in-the-East; Brook-street, Limehouse, and Trafalgar-road, Greenwich, included in the four Schemes under the Artizans' &c. Dwellings Acts, be approved and adopted.

It was **moved** by Mr. Selway, seconded, and **resolved**—That the alterations recommended by the Committee to be made in the new roads to be formed under the Essex-road, Islington, Artizans and Labourers' Dwellings Improvement Acts Scheme, be approved; and that application be made to the Home Secretary to authorise the necessary modification of the Plan.

It was **moved** by Mr. Selway, seconded, and **resolved**—That the Vestry of Kensington be informed, in reply to their Letter asking the Board to acquire and lay out certain land on the West side of Pottery-lane, Notting-dale, for the purpose of a Recreation-ground, that the Board, having fully considered the circumstances of the case, do not consider it expedient to comply with the request.

It was **moved** by Mr. Selway, and seconded—That Mr. Hopkins be informed, in reply to his Letter, suggesting that Chains should be suspended from the face walls of the Thames Embankments, that the Board consider that the Chains would not be found to be practically of any avail, and that the Board are therefore, not prepared to adopt his suggestion.

An amendment thereon was moved by Mr. J. Jones, and seconded by Mr. Wetenhall—That Chains be suspended from the face walls of the Thames Embankments, and that the Engineer do report the cost of the work.

The amendment having been put to the vote, there were for it 6, against it 20; and it was declared by the Chairman to be lost.

The original motion was then put to the vote, when there were for it 21, against it 3, and it was declared by the Chairman to be carried; and it was resolved accordingly.

It was moved by Mr. Selway, seconded, and resolved—That it be referred to the Committee to prepare and deliver to the Board of Trade objections to the various Provisional Orders applied for under the Electric Lighting Act, 1882, and also such Clauses as may secure the Board's rights over the Thames Embankments, the Bridges, the Subways and the Sewers of the Metropolis.

Mr. Selway stated, with reference to the recommendation of the Committee as to the Improvement at Hornsey-rise, that it appeared that the expenditure in respect of the work included a sum of about £29 for professional charges, to which it was not the practice of the Board to contribute, and he moved—That the Board do contribute one-half of the cost, amounting to £160, exclusive of professional charges, of the Improvement effected by the Vestry of Islington, at Hornsey-rise, such contribution not to exceed the sum of £80; and that it be paid to the Vestry on a Certificate by the Accountant of the cost of the work.

The motion having been seconded, it was put to the vote, and declared by the Chairman to be carried; and it was resolved accordingly.

It was moved by Mr. Selway, seconded, and resolved—That the Board do contribute one-half of the cost, amounting to £20, of an Improvement at Helmet-row, effected by the Vestry of St. Luke, Middlesex, such contribution not to exceed the sum of £10; and that it be paid to the Vestry on a Certificate by the Accountant of the cost of the work.

It was moved by Mr. Selway, seconded, and resolved—That the subject of the planting and laying out of a piece of land at the end of Rye-lane, Peckham, shown on the Plan submitted with the Report of the Committee, and acquired by the Board under their Various Powers Act, 1882, be referred to the Parks, Commons, and Open Spaces Committee, for consideration, with authority to take such steps as they may deem desirable in the matter.

It was moved by Mr. Selway, seconded, and resolved—That Mr. W. Stotesbury be informed, in reply to his Letter complaining of the condition of Canterbury-road, Old Kent-road, which is situated in two Parishes, that the question is one for the consideration of the Vestry of Camberwell and the Greenwich District Board, and that a copy of the Letter be sent to the Vestry and District Board accordingly.

It was moved by Mr. Selway, seconded, and resolved—That the reference of the Letter from the Vestry of Hampstead, as to additional ventilation for the Sewers, be transferred to the Special Purposes and Sanitary Committee, for consideration.

It was moved by Mr. Selway, seconded, and resolved—That it be an instruction to the Chief Officers of the Board that when Wages are chargeable to a Capital Account, the nature of the work done is to be briefly stated on the Weekly Wages Sheet, and that whenever an "extra allowance" is certified, the special service on which the person is engaged, and the authority for the payment is to be also stated.

It was moved by Mr. Selway, seconded, and resolved—That the Strand District Board be informed, in reply to their Letter on the subject of the Mid-Metropolitan Railway Bill, that the Bill has been withdrawn.

10. Mr. Phillips, the Chairman of the Fire Brigade Committee, brought up a Report, as follows—

REPORT OF THE FIRE BRIGADE COMMITTEE.

Spring-gardens, 23rd January, 1883.

Your Committee have to report that Third-class Firemen Alfred Wylde and John S. Andrews, and Fourth-class Firemen Albert E. Grover and George S. Burgess, have withdrawn from the service, and that their names have accordingly been removed from the list of Firemen.

Fourth-class Fireman Edward Linden has been reported for having refused to do any more duty and for other misconduct, and your Committee recommend—

That he be dismissed.

Your Committee have also to recommend—

That the following promotions be made—First-class Fireman George Thornton to be Engineer; Second-class Firemen Frederick Cleaver and Duncan Fitzmaurice to the First Class; Third-class Firemen George F. Warder Henry Curtis, and George Howell to the Second Class; and Fourth-class Firemen Samuel J. Beale, James Evans, Levi George, William J. Horsford, Frederick J. Smith and Charles U. Deakin to the Third Class.

Your Committee have further to recommend—

That Horace L. Adams, Edward Brown, Tom Miller, Horace Milne, and William M. Cobley, be appointed, during the pleasure of the Board, in the Fourth-class of Firemen to fill vacancies.

Your Committee have further to report, for the Board's information, that instructions have been given for a Fire alarm to be fixed at the Fishmongers' Hall, where fire extinguishing appliances are now stationed, in connection with the Watling-street Fire Engine Station. The annual cost of this additional Fire alarm will be £9.

All which your Committee beg to submit.

(Signed) GEORGE PHILLIPS,
W. R. SELWAY,
GEORGE HILL,
ROBT. JONES.

The Report having been read and received.

It was moved by Mr. Phillips, seconded, and resolved—That Fourth-class Fireman, Edward Linden, be dismissed for misconduct.

It was moved by Mr. Phillips, seconded, and resolved—That the following promotions be made, viz.—First-class Fireman George Thornton to be Engineer; Second-class Firemen Frederick Cleaver and Duncan Fitzmaurice to the First Class; Third-class Firemen George F. Warder, Henry Curtis, and George Howell to the Second Class; and Fourth-class Firemen Samuel J. Beale, James Evans, Levi George, William J. Horsford, Frederick J. Smith, and Charles U. Deakin to the Third Class.

It was moved by Mr. Phillips, seconded, and resolved—That Horace L. Adams, Edward Brown, Tom Miller, Horace Milne, and William M. Cobley, be appointed, during the pleasure of the Board, in the Fourth-class of Firemen.

11. Mr. Shepherd, the Chairman of the Building Act Committee, brought up a Report, as follows—

REPORT OF THE BUILDING ACT COMMITTEE.

Spring-gardens, 23rd January, 1883.

Your Committee have to report that they have considered the Letter from Mr. Spencer Chadwick, on behalf of the Owners of the Adelphi Theatre, asking that the carrying out of certain of the works required by the Board to be executed at the Theatre, might be postponed until September next, referred by the Board on the 12th instant (No. 57). The Board's requirements, eight in number, in respect of the

Theatre, are entered on their Minutes of the 26th May last (No. 8), and their sealed Notice was served upon the Owners of the Theatre on the 21st June, 1882, the period of Six months being allowed for the execution of the works. No notice of Appeal against the Board's requisitions was given within the Fourteen days prescribed by the Act, but it does not appear that any of the structural alterations required by the Board have been made by the Owners. Mr. Chadwick states that the separation of the premises, Nos. 18 and 19, Maiden-lane, from the stage by a brick wall or fire-resisting materials will involve the re-building of those houses and a portion of the stage; and as that work would necessitate the closing of the Theatre, it is asked that the execution might be postponed until September next. It is also proposed to delay the building of the proscenium wall for a short period; but your Committee are of opinion that the whole of the requirements of the Board's Notice should have been complied with, within the period of Six months mentioned therein, which expired on the 21st December last, and that, consequently, the request for further delay should not be acceded to. By their default, the Owners have rendered themselves liable to the penalties imposed by the 11th Section of the Metropolis Management and Building Acts Amendment Act, 1878, that is to say, to a penalty not exceeding £50, and to a further penalty of £5 for every day after the expiration of the Notice. Your Committee recommend—

**That the Solicitor be instructed to take the necessary proceedings to enforce the penalties to which the Owners are liable under the Act of 1878, and that he be authorised to retain Counsel to represent the Board in the case.**

The Board on the 26th May last (No. 11), directed that a Notice should be served upon the Owners of Drury-lane Theatre, requiring certain alterations to be made within a period of Six months for remedying the structural defects of the building. In consequence of the service of Notice of Appeal against the Board's requisitions, the matter was referred to the arbitration of Sir Henry A. Hunt, whose Award was reported to the Board on the 29th September last (No. 29). The time for the completion of the works having expired, your Committee have received a Report from your Superintending Architect on the subject, stating that the structural alterations required by the Board have been carried out, substantially in accordance with the Award. The cost of the works was about £1,500, and the performances at the Theatre were not stopped for a single day by their execution. The wall which has been built under the stage to divide the cellar from the space under the auditorium does not exactly conform to the Award, but your Superintending Architect does not consider the variation material. The staircase between the shilling gallery and the sixpenny gallery has been constructed in two flights, the lower flight and landings being of stone, and the upper flight of teak. This is also a variation from the Award which appears to be immaterial. The other alterations required by the Board have been carried out in a satisfactory manner, and your Committee recommend—

**That the works executed be accepted as a compliance with the terms of the Board's Notice.**

The Board on the 20th October last (No. 17), conditionally approved of the Drawings submitted by Mr. C. J. Phipps, for the proposed re-construction of the Strand Theatre, and resolved to issue a Certificate under the Act of 1878, upon the completion of the building in accordance with the Regulations of the Board. Your Committee have received a Report from your Superintending Architect, stating that the whole of the works have been carried out as approved by the Board. The Strand Theatre is one of those in respect of which the Board informed the Lord Chamberlain that, in their opinion, the provisional Licenses should be renewed for a further period of Three months from the 30th December, 1882. Your Committee therefore recommend—

**That the Certificate be sealed, and be issued to the applicant; and that the Lord Chamberlain be informed of the issue of the Certificate.**

Your Committee have considered the application of Mr. R. Plumbe, on behalf of the Artizans, Labourers', and General Dwellings Company (Limited), for a Certificate by

the Board, as required by the Metropolis Management and Building Acts Amendment Act, 1878, with reference to the construction of a proposed Lecture-hall on the first floor of a Coffee Tavern, and shop adjoining, on the North side of Harrow-road, at the corner of First Avenue, on the Company's Queen's-park Estate, referred by the Board on the 22nd ultimo (No. 89). The Hall is 60 feet long by 30 feet wide, and the total number of persons accommodated is 404; it is separated from the ground floor by fire-resisting materials, and the staircases for the use of the audience are of Allen's Patent stone, and the steps are supported at both ends by brick walls. Your Superintending Architect is of opinion that the construction of the Hall is, upon the whole, satisfactory, and your Committee recommend—

That the application be granted, on condition that the external doors of the Hall be made to open outwards as well as inwards; and that the Certificate be sealed, and be issued to the applicant upon the completion of that alteration to the satisfaction of the Board.

Your Committee have had before them a Letter from Mr. J. A. Fisher, Secretary of the United Asbestos Company (Limited), expressing a hope that the Company's Fire-proof Paint is receiving due consideration by the Building Act Committee, in connection with the precautions to be taken against fires in Theatres. Your Committee are not at present prepared to express any opinion with respect to the efficacy of the material in arresting the spread of fire in public buildings, and they recommend—

That Mr. Fisher be informed that the subject is receiving due consideration by the Building Act Committee.

Your Committee beg to submit herewith six Reports which they have received from your Superintending Architect, specifying certain works which it is necessary should be carried out under Magistrates' Orders at the premises therein mentioned, the same being Dangerous Structures, and they recommend—

That the Contractors, Messrs. J. and J. Greenwood be instructed to carry out the works ordered by the Magistrates to be executed at the following premises—

No. 2, North-East-passage, Wellclose Precinct.
,, 128, Whitecross-street, St. Luke.
,, 14, Charles-street, St. Pancras.
,, 15, Do. do.
Billiard-room on the North side of Queen's-head-yard, St. Saviour, Southwark.
No. 393, Bethnal-green-road.

Your Committee have further to report that they have considered the application of Mr. J. J. Thompson, on behalf of Mr. A. Henderson, for the consent of the Board to the retention of roofs erected over the public way on the North and East sides of the Royal Comedy Theatre, in Panton-street, at the corner of Oxendon-street, Haymarket, to the line shown upon the Plan accompanying the application, referred by the Board on the 12th instant (No. 70). The roofs which are constructed of iron and glass, supported at the ends by iron cantilevers, were erected about three months since, with the approval of the Surveyor of the Vestry of St. Martin-in-the-fields. They were, however, condemned by the District Surveyor as Dangerous Structures, and the Lessee was summoned before the Magistrate at the Marlborough-street Police-court on the 15th November last. The consideration of the case has been adjourned from time to time, and the hearing is now fixed for the 31st instant. The applicant has intimated his willingness to strengthen the roofs by means of additional ties, so as to meet the objections of the District Surveyor, and your Committee, recommend—

That consent be given to the projection of the roofs beyond the general line of building in Panton-street and Oxendon-street, on condition that they be strengthened, and that the whole of the work be executed to the satisfaction of the Superintending Architect and the District Surveyor.

Your Committee have also to report that they have considered the application of Mr. J. Hamilton, on behalf of Mr. C. Weeks, for the consent of the Board to the erection of houses, with shops, on the East side of Lower Clapton-road, between Powerscroft-road and Wickham-place, Hackney, to the line shown upon the amended Plan accompanying the application, referred by the Board on the 12th instant (No. 64).

Two similar applications have been refused by the Board, the District Board objecting in order that a strip of land about 3 feet 6 inches in width should be added to the public way. The applicant now proposes to give up a piece of land only 3 feet wide; and your Committee recommend—

That the application be not granted.

Your Committee have further to report that they have considered the application of Messrs. Thorp and Hancock, for the permission of the Board, to retain, for a further period, the temporary iron workshop erected at the rear of their premises, Nos. 31 and 33, Howard-street, Wandsworth-road, Wandsworth, referred by the Board on the 12th instant (No. 76). The workshop was first approved by the Board on the 19th December, 1873, and various extensions of approval have since been obtained. The District Surveyor reports that the building is in proper repair, and your Committee recommend—

That the application of Messrs. Thorpe and Hancock, for permission to use the temporary iron workshop erected at the rear of their premises, Nos. 31 and 33, Howard-street, Wandsworth-road, Wandsworth, be granted for a period of 2½ years, upon condition that the Owners do accept the License, prepared under the Amendment Act, of 1882, to secure the due removal of the building.

Your Committee have also considered the application of Mr. F. S. Brereton, on behalf of Mr. J. Foster, for approval by the Board of a Plan for the formation of roads to lead out of the West side of Bromley-road, and the North side of Lower Sydenham-lane, otherwise Southend-lane, Lower Sydenham, on the Bellingham-park Estate, referred by the Board on the 19th instant (No. 39). The roads are 50 feet wide throughout their entire length; they have each two entrances, and appear to afford direct communication in each case between existing roads. The River Ravensbourne intersects a portion of the Estate, and at the points where the roads cross it, Bridges will be constructed, subject to the approval of the District Board. The applicant states that it is his intention to widen Lower Sydenham-lane, to at least 20 feet from the centre of the road. Your Committee recommend—

That the application be granted, on condition that the applicant do widen Lower Sydenham-lane to 20 feet from the centre of the road, so far as the frontage of his property extends, and also on condition that no barriers be at any time erected or other obstructions caused to the free use by the public of the said roads, and that the names "Alcester-road, S.E.," "Egypt-road, S.E." "Bellingham-road, S.E.," "Redver's-road, S.E." and "Strathearn-road, S.E.," be approved for the same.

In accordance with the reference made to them on the 22nd December, last (No. 79), your Committee have considered the Letter from the Lambeth Vestry, relative to the proposed erection of Cottages on the South side of Trigon-grove, Lambeth, at a less distance than 20 feet from the centre of the public way. Trigon-grove is 20 feet in width at the point where the Cottages complained of are proposed to be erected, and is a foot-way blocked by posts at one end. The Sanitary Committee of the Vestry object to the erection of the Cottages. It appears that the road is occasionally used for carriage traffic, but only for the use of the Owners of property in Trigon-grove. Your Committee have received explanations on the subject from Mr. Woodward, the District Surveyor, under whose professional superintendence the Cottages are to be built, and they are of opinion that, prior to their erection, the consent of the Board must be obtained. They accordingly recommend—

That the Vestry be informed that, in the opinion of the Board, it is a case in which a formal application should have been made to the Board for their sanction to the erection of the proposed Cottages.

Your Committee have further to report that they have considered the Letter from Mr. J. D. Matthews, District Surveyor for the District of Stoke Newington, requesting the Board to afford him legal assistance in a case to be heard at the Clerkenwell Police-court, on the 23rd instant, relative to the use of bad bricks in the external walls of a house in his District, referred by the Board on the 19th instant (No. 44), with authority to your Committee to act. Your Solicitor has informed your Committee that, as a matter of emergency, he has afforded the District Surveyor the necessary legal assistance; but he suggests that in future the District Surveyors should, as a general rule, be required

to provide themselves with any assistance of this nature that may be necessary. Your Committee concur in this view, and they recommend—

That a circular Letter be sent to each District Surveyor, informing him that, except in special cases, he will be expected in future to conduct his prosecutions without assistance from the Board.

Your Committee have considered the Memorial from the Rev. W. Puttock, and others, relative to the construction of a Circus on ground known as Ossory-park, in Ossory-road, Old Kent-road, referred by the Board on the 15th December last (No. 61). Your Committee are informed that the Circus complained of has been removed, and they therefore recommend—

That the reference be discharged.

Your Committee have also to report that they have considered the Letter from Mr. E. Nash, District Surveyor, relative to the erection of a Booth at the rear of the "King's Head" Tavern, in High-street, Lower Norwood, referred by the Board on the 15th December last (No. 62). Your Committee are advised by your Solicitor that the erection of the Booth is contrary to the 13th Section of the Act, 45 Vic., Cap. 14, and that he should be instructed to serve a Notice requiring that the Booth be removed within Seven days. Your Committee recommend—

That the Solicitor be instructed to serve a Notice upon the person who erected the Booth to remove the same within Seven days, and that if, at the expiration of that period, the Booth be not removed, the Solicitor be instructed to take out a Summons against the builder thereof.

Your Committee have further to report that they have considered the Letter from Mr. J. Tolley, District Surveyor, complaining of the quality of the mortar used in the erection of four houses in Kirtley-road, Sydenham, and asking for legal assistance in the matter, referred by the Board on the 13th October, 1882 (No. 82). Your Committee have had before them a Report by your Solicitor on the subject; and, in accordance with the advice contained therein, they recommend—

That the Superintending Architect be instructed to direct Messrs. J. and J. Greenwood, the Board's Contractors, to carry out the Order made by the Police Magistrate for the removal of such portions of the houses as have been built with bad mortar.

In accordance with the reference by the Board of the 12th instant (No. 68), your Committee have considered the application of Messrs. Croggon and Co., for the consent of the Board to the erection of a Mission-hall on the South side of Old Ford-road, Bow, at the corner of Armagh-road, to the line shown upon the Plan accompanying the application. It is proposed to erect the flank wall of the building to the boundary line of the site in Armagh-road and in advance of the general line of buildings in that thoroughfare. The Poplar District Board are of opinion that the frontage of the proposed Hall should be made to range with the adjoining buildings. Your Committee, concurring in that view, recommend—

That the application be not granted.

Your Committee have to report that they have considered the application of Mr. W. T. Sams, on behalf of Mr. Mendoza, for the consent of the Board to the erection of a one-storey porch upon a portion of the forecourt of No. 1, Duke-street, and No. 48A, King-street, St. James, Westminster, to the line shown upon the Plan accompanying the application, referred by the Board on the 12th instant (No. 69). It is proposed to construct the Porch across the angle of the building. It will, however, project 3 feet 3 inches from the main frontage in King-street, and 3 feet 7 inches beyond the main frontage in Duke-street. Your Committee are of opinion that the proposed porch should not be sanctioned, and they recommend—

That the application be not granted.

Your Committee have also to report that they have considered the application of Mr. A. Bovill, on behalf of Mr. C. W. F. Glyn, for approval by the Board of a Plan for the formation and names of roads to lead out of the North side of High-street, Homerton,

and also of the formation and name of a road to lead out of Pratt's-road, in connection therewith, referred by the Board on the 12th instant (No. 77). The proposed roads are each 40 feet wide throughout. The Hackney District Board offer no objection and your Committee are of opinion that the formation of the roads may properly be sanctioned by the Board, they therefore recommend—

That the application be granted, on condition that no barriers be at any time erected or other obstructions caused to the free use by the public of the said roads, and that the names "Coopersale-road, E.," "Chelmer-road, E.," and "Kesteven-road, E.," be approved for the same.

Your Committee have also to report that they have considered the application of Messrs. Lansdown and Harriss, on behalf of Mr. S. Plimsoll, for approval by the Board of a Plan for the construction of a shed, to be used as a temporary Market, on a portion of the site of the South London (Elephant and Castle) Market, between Arch-street, and the gardens at the rear of the houses, Nos. 31 to 47, New Kent-road, with openings in excess of the limit prescribed by the Building Act, 1855, referred by the Board on the 12th instant (No. 8). It is proposed to erect the building on a portion of the site of the South London (Elephant and Castle) Market, which was authorised by an Act of last Session. The building will be 152 feet long by 95 feet wide; the height will be from 14 to 21 feet, and it is to be divided into bays by wooden posts placed 19 feet apart. The building will be enclosed on the South and West sides by a 14-inch wall. Your Committee recommend—

That the application be granted, for a period of Two years, upon condition that the Owner do accept the License prepared under the provisions of the Amendment Act, 1882, to secure the due removal of the building, and that the whole of the work be executed to the satisfaction of the District Surveyor.

Your Committee have also considered the application of Mr. A. Williams, for a modification of the condition imposed by the Resolution of the Board of the 22nd December last (No. 85), with reference to the surrender of ground in front of a two-storey building on a portion of a yard situated on the South side of Bankside, between the entrance to the South Metropolitan Gas Company's premises, and No. 74, Bank-side, St. Saviour's, Southwark, referred by the Board on the 12th instant (No. 99). When the erection of the building was sanctioned by the Board, a condition was proposed that the strip of land in front of the building should be given up to the public way. The Ecclesiastical Commissioners, who are the Freeholders, withhold their consent to that condition, but the applicant has paved the strip of ground, and given it up for the use of the public until the expiration of his Lease. Your Committee think that the Board should adhere to the condition originally imposed, and they recommend—

That the application be not granted.

Your Committee have considered the application of Mr. J. Nash, for the consent of the Board to the erection of a house, with a one-storey shop, on the South side of Brecknock-road, at the corner of Lady Margaret-road, St. Pancras, to the line shown upon the Plan accompanying the application, referred by the Board on the 15th December last (No. 55). The shop would project 20 feet 8 inches in front of the adjoining houses, which are chiefly villa residences, of a good class. Your Committee consider the proposal objectionable, and they recommend—

That the application be not granted.

In accordance with the Resolution of the Board of the 19th instant (No. 22), your Committee have considered the application of Mr. G. Edwards, on behalf of the Honourable W. P. Talbot, for the consent of the Board to the erection of a one-storey addition in front of a coach-house at No. 6, Cromwell-mews, South Kensington. The proposed addition will be erected to the line of a similar projection in front of No. 9, Cromwell-mews. The actual projection will be 3 feet 3 inches, and the width of the Mews between the main buildings at this point is 28 feet. Your Committee recommend—

That the application be granted, on condition that the erection be made in entire conformity with the letter of application, and as shown on the Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board.

Your Committee have also considered the application of Mr. G. T. Fellows, for approval by the Board of the erection of a one-storey shop on the forecourt of No. 31, Church-street, Lee, referred by the Board on the 19th instant (No. 25). The proposed shop would cover the whole of the forecourt of No. 31, Church-street, and project 8 feet 3 inches beyond the general building line. Your Committee think the proposal objectionable, and they recommend—

That the application be not granted.

Your Committee have further to report that they have considered the application of Mr. J. O. Cook, on behalf of Mr. J. Austin, for the consent of the Board to a pent erected over a portion of the forecourt of No. 86, Pattison-road, Plumstead, referred by the Board on the 19th instant (No. 26). The pent consists of a wooden roof covered with zinc, supported by wooden posts with the gable ends enclosed with wood. Your Committee recommend—

That the application be not granted.

Your Committee have also considered the application of Mr. J. Holland, for approval by the Board of an amended Plan for the line of frontage of a house, with a shop, at No. 126, Brunswick-road, at the corner of Abbott-road, Bromley, Poplar, referred by the Board on the 19th instant (No. 27). On the 20th October last the Board refused an application for sanction to the erection of a house, with a shop, at that corner, the Distric Board objecting. It is now proposed to erect the building with a less projection than that originally intended, and the District Board approve, provided that the front of the building be kept in a line with the bay windows of the adjoining houses. Your Committee recommend—

That the application be granted, on condition that the proposed shop be kept in a line with the bay windows of the adjoining houses, that, previously to the commencement of building operations, the space separating such shop from the public way, be given up and added to such public way, and also on condition that the erection be made in entire conformity with the letter of application, and as shown on the Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board.

Your Committee have also to report that they have considered the application of Mr. C. M. Shiner, on behalf of Mr. J. A. Williams, for the consent of the Board to the erection of one-storey shops, on portions of the forecourts of Nos. 284, 285 and 288, Southwark-park-road, to the line shown upon the Plan accompanying the application, referred by the Board on the 19th instant (No. 28). The three houses to which it is proposed to add one-storey shops are now uninhabited, and in a bad condition. The line of the proposed shops is so arranged as to make the pavement 12 feet wide throughout the entire length of the new shop frontage. Your Committee recommend—

That the application be granted, on condition that the space shown by Blue colour on the Plan be given up to form part of the public way, and also on condition that the erections be made in entire conformity with the letter of application, and as shown upon the Plan, and be not at any time, in any manner, altered or raised without the consent of this Board.

Your Committee have also to report that they have considered the application of Messrs. Snooke and Stock, on behalf of Messrs. Young and Bainbridge, for approval by the Board of an amended Plan for the construction of a chimney-shaft at the Ram Brewery, in High-street, Wandsworth, referred by the Board on the 19th instant (No. 36). The Board, on the 15th ultimo, refused a second application for sanction to the erection of a furnace chimney-shaft at the premises. The applicants now propose to reduce the two cartways to one of 12 feet wide, and to erect the shaft on two piers of brickwork. Your Committee, considering the proposal objectionable, recommend—

That the application be not granted.

In accordance with the reference by the Board of Friday last (No. 29), your Committee have considered the application of Messrs. Weatherley and Jones, for the consent of the Board to the re-erection of Hatchett's Hotel and White Horse Cellars, Piccadilly, at the corner of Dover-street, with projecting bay-windows and porticoes, to the lines shown on the amended Plan accompanying the application. The amended Plan shows bay windows projecting 5 inches less on the ground, and 7 inches less on the first floor, than those previously applied for. The applicants state that they have now obtained the approval and consent of the adjoining occupiers. Your Committee recommend—

That the application be granted, on condition that the erections be made in entire conformity with the letter of application, and as shown upon the Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board.

Your Committee have also to report that they have considered the application of Mr. E. Marsland, on behalf of the Rev. E. S. Alexander, for approval by the Board of a Plan for the construction of a temporary iron Mission-hall on the East side of Penton-place, Newington, referred by the Board on Friday last (No. 33). The whole of the roof of the Hall, and the external walls will be covered with corrugated iron sheeting, and the walls will be of 9-inch brickwork with two courses of footings and concrete. Your Committee recommend—

That the application be granted for a period of Two years, upon condition that the Owner do accept the License, prepared under the provisions of the Amendment Act, 1882, to secure the due removal of the building, and that the whole of the work be executed to the satisfaction of the District Surveyor.

Your Committee have further to report that they have considered the application of Messrs. Taylor and Locke, on behalf of Mr. C. Greenwood, for approval by the Board of a Plan for the formation of a new road to lead out of the West side of Prospect-place, Highgate-road, referred by the Board on the 19th instant (No. 41). It is proposed to re-place the narrow foot-way, now 10 feet wide, by a road-way, 30 feet wide, the width between the houses on the North side and the boundary of the gardens on the South side being 58 feet. It is also proposed to remove a house, situated on the North side of the present foot-way, which will be a material improvement. The Vestry approve of the proposal, and your Committee recommend—

That the application be granted, on condition that no barriers be at any time erected or other obstructions caused to the free use by the public of the said roads, and that the name "Prospect-place, N.W.," in continuation, be approved for the same.

Your Committee have also considered the application of Mr. R. Griggs, on behalf of Mr. Radford, for approval by the Board of a Plan for the erection of a house on the site of No. 68, Ennismore-gardens, Kensington, with an open space not extending the entire width of the building, as required by the 14th Section of the Amendment Act, 1882, referred by the Board on the 19th instant (No. 42). The building is a private Mansion, having a frontage of 50 feet to Ennismore-gardens. The open spaces at the rear and at the West side of the house are altogether of the superficial area of 1,065 feet, and are far in excess of what is required by the Act; but as the space is not apportioned in the manner therein stipulated, the application to the Board is rendered necessary. Your Committee recommend—

That the application be granted.

All which your Committee beg to submit.

(Signed) WM. SHEPHERD,
W. R. SELWAY,
DONALD MUNRO,
JOHN RUNTZ,
WM. DEBENHAM.

The Report having been read and received,

Read a Letter from Mr. S. Chadwick, dated 24th January, 1883, referring to his

Letter of the 11th instant, asking the Board to consent to the extension of time for carrying out the works required at the Adelphi Theatre, mentioned in the Notice served on Messrs. Gatti, and stating that, in the event of the Board not granting such extension, Messrs. Gatti were prepared at once to give any undertaking which the Board might require to commence the whole of the works forthwith, and to complete the same with all possible dispatch; and expressing a hope that the Board would consider it unnecessary, under those circumstances, to take any legal proceedings to enforce the execution of the works.

It was moved by Mr. Shepherd, seconded by Mr. Selway, and resolved—That so much of the Report as relates to the Letter from Mr. S. Chadwick, on behalf of the Owners of the Adelphi Theatre, dated 11th January, 1883, asking that the carrying out of certain of the works required by the Board to be executed at the Theatre, might be postponed until September next, be approved and acted upon; that the Solicitor be instructed to take the necessary proceedings to enforce the penalties to which the Owners of the Theatre are liable under the Act of 1878, and that he be authorised to retain Counsel to represent the Board in the case.

It was moved by Mr. Shepherd, seconded by Mr. Selway, and resolved—That Mr. Chadwick be informed of the decision of the Board in reply to his Letters.

It was moved by Mr. Shepherd, seconded, and resolved—That the works executed at Drury-lane Theatre be accepted as a compliance with the terms of the Board's Notice with respect thereto.

It was moved by Mr. Shepherd, seconded, and resolved—That the application of Mr. C. J. Phipps, on behalf of the Owners and Lessees of the Strand Theatre, for a Certificate, under the Act of 1878, in respect of the Theatre, as recently re-constructed, be granted; that the Certificate be sealed and issued to the applicant; and that the Lord Chamberlain be informed of the issue of the Certificate.

The Clerk laid before the Board a Certificate, prepared in accordance with the foregoing Resolution.

It was moved by Mr. Shepherd, seconded, and resolved—That the Common Seal of the Board be affixed to the said Certificate; and the Seal was affixed accordingly.

It was moved by Mr. Shepherd, seconded, and resolved—That the application of Mr. R. Plumbe, on behalf of the Artizans, Labourers', and General Dwellings Company (Limited), for a Certificate by the Board, as required by the Metropolis Management and Building Acts Amendment Act, 1878, with reference to the construction of a proposed Lecture-hall on the first floor of a Coffee Tavern, and shop adjoining, on the North side of Harrow-road, at the corner of First Avenue, on the Company's Queen's Park Estate, be granted, on condition that the external doors of the Hall be made to open outwards as well as inwards; and that the Certificate be sealed and be issued to the applicant upon the completion of that alteration to the satisfaction of the Board.

It was moved by Mr. Shepherd, seconded, and resolved—That Mr. J. A. Fisher, Secretary of the United Asbestos Company (Limited), be informed, in reply to his Letter, that the subject of the Company's Fire-proof Paint is receiving due consideration by the Building Act Committee.

The Report of the Building Act Committee of the 23rd day of January, 1883, appointed by this Board, having been read and considered, and it being made to appear to the Board that the Owner of the structure, No. 2, North-East-passage, Wellclose-precinct, had failed to comply with the Order made by Franklin Lushington, Esquire, one of the Magistrates of the Police-courts of the Metropolis, sitting at the Thames Police-court, on the 8th day of December last, for the removal of the dangerous portions of such structure, this Board doth, pursuant to the provisions of the Metropolitan Building Act, 1855, and the Metropolitan Building Act, 1869,

**Resolve**, and it is hereby **resolved** and **ordered**, on the **motion** of Mr. Shepherd—That the Contractors, Messrs. John and James Greenwood, of Maltby-street, Bermondsey, be instructed, and they are hereby authorised to take down the back front and also the back projecting wing, and the main chimney stack over the same, at No. 2, North-East-passage, Wellclose-precinct.

The Report of the Building Act Committee of the 23rd day of January, 1883, appointed by this Board, having been read and considered, and it being made to appear to the Board that the Owner and Occupier of the structure No. 128, Whitecross-street, St. Luke, had failed to comply with the Order made by John Hosack, Esquire, one of the Magistrates of the Police-courts of the Metropolis, sitting at the Clerkenwell Police-court, on the 14th day of November last, for the removal of the dangerous portions of such structure, this Board doth, pursuant to the provisions of the Metropolitan Building Act, 1855, and the Metropolitan Building Act, 1869,

**Resolve**, and it is hereby **resolved** and **ordered**, on the **motion** of Mr. Shepherd—That the Contractors, Messrs. John and James Greenwood, of Maltby-street, Bermondsey, be instructed, and they are hereby authorised to take down the front and back walls of the house No. 128, Whitecross-street, St. Luke, where the same are bulged and fractured, and also the enclosing walls and roof of the addition at the rear of the same.

The Report of the Building Act Committee of the 23rd day of January, 1883, appointed by this Board, having been read and considered, and it being made to appear to the Board that the Owner and Occupier of the structure, No. 14, Charles-street, St. Pancras, had failed to comply with the Orders made by John Hosack, Esquire, one of the Magistrates of the Police-courts of the Metropolis, sitting at the Clerkenwell Police-court, on the 24th day of October last, and 5th day of December last, for the removal of the dangerous portions of such structure, this Board doth, pursuant to the provisions of the Metropolitan Building Act, 1855, and the Metropolitan Building Act, 1869,

**Resolve**, and it is hereby **resolved** and **ordered**, on the **motion** of Mr. Shepherd—That the Contractors, Messrs. John and James Greenwood, of Maltby-street, Bermondsey, be instructed, and they are hereby authorised to take down the brickwork of the front wall of No. 14, Charles-street, St. Pancras, where the same is bulged and out of the perpendicular.

The Report of the Building Act Committee of the 23rd day of January, 1883, appointed by this Board, having been read and considered, and it being made to appear to the Board that the Owner and Occupier of the structure No. 15, Charles-street, St. Pancras, had failed to comply with the Orders made by John Hosack, Esq., one of the Magistrates of the Police-courts of the Metropolis, sitting at the Clerkenwell Police-court, on the 24th day of October last, and the 5th day of December last, for the removal of the dangerous portions of such structure, this Board doth, pursuant to the provisions of the Metropolitan Building Act, 1855, and the Metropolitan Building Act, 1869,

**Resolve**, and it is hereby **resolved** and **ordered**, on the **motion** of Mr. Shepherd—That the Contractors, Messrs. John and James Greenwood, of Maltby-street, Bermondsey, be instructed, and they are hereby authorised to take down the brickwork of the front wall of No. 15, Charles-street, St. Pancras, where the same is bulged and out of the perpendicular.

The Report of the Building Act Committee of the 23rd day of January, 1883, appointed by this Board, having been read and considered, and it being made to appear to the Board that the Owner and Occupier of the Billiard-room on the North side of Queen's Head-yard, St. George-the-Martyr, Southwark, had failed to comply with the Orders made by John Bridge, Esquire, and Wyndham Slade, Esquire, two of the Magistrates of the Police-courts of the Metropolis, sitting at the Southwark Police-court, on the 30th day of October last, and the 11th day of December last, for the removal

of the dangerous portions of such structure, this Board doth, pursuant to the provisions of the Metropolitan Building Act, 1855, and the Metropolitan Building Act, 1869,

**Resolve**, and it is hereby **resolved** and **ordered**, on the **motion** of Mr. Shepherd—That the Contractors, Messrs. John and James Greenwood, of Maltby-street, Bermondsey, be instructed, and they are hereby authorised to take down the broken and defective brickwork, and the wall abutting upon Queen's Head-yard, St. George-the-Martyr, Southwark, where the same is bulged and out of the perpendicular.

The Report of the Building Act Committee of the 23rd day of January, 1883, appointed by this Board, having been read and considered, and it being made to appear to the Board that the Owner of the structure, No. 393, Bethnal-green-road, Bethnal-green, had failed to comply with the Order made by Henry Jeffreys Bushby, Esquire, one of the Magistrates of the Police-courts of the Metropolis, sitting at the Worship-street Police-court, on the 14th day of December last, for the removal of the dangerous portions of such structure, this Board doth, pursuant to the provisions of the Metropolitan Building Act, 1855, and the Metropolitan Building Act, 1869,

**Resolve**, and it is hereby **resolved** and **ordered**, on the **motion** of Mr. Shepherd —That the Contractors, Messrs. John and James Greenwood, of Maltby-street, Bermondsey, be instructed, and they are hereby authorised to take down the side wall of the one-storied outbuilding adjoining Canrobert-street, Bethnal-green, for a distance of 14 feet from the two-storied part, and the lower part of the latter as far as the back door; also the two chimneys at the back of the two-storied part, and the water-closet on the flat at the back; also the wall between the covered yard and the bake-house, and the corner of the wall between the covered yard and the bread-room, where the same are cracked and broken.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That so much of the Report as relates to the application of Mr. J. J. Thomson, on behalf of Mr. A. Henderson, for consent to the retention of roofs erected over the public way on the North and East sides of the Royal Comedy Theatre, in Panton-street, at the corner of Oxendon-street, Haymarket, to the line shown upon the Plan accompanying the application, be approved; and that the consent of the Board be given to the projection of the roofs beyond the general lines of buildings in such streets, on condition that the roofs be strengthened, and that the whole of the work be executed to the satisfaction of the Superintending Architect and the District Surveyor.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application of Mr. J. Hamilton, on behalf of Mr. C. Weeks, for the consent of the Board to the erection of houses, with shops, on the East side of Lower Clapton-road, between Powerscroft-road and Wickham-place, Hackney, to the line shown upon the amended Plan accompanying the application, be not granted.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application of Messrs. Thorp and Hancock, for the permission of the Board to retain, for a further period, the temporary iron workshop erected at the rear of their premises, Nos. 31 and 33, Howard-street, Wandsworth-road, Wandsworth, be granted for a period of 2½ years from this date, upon condition that the Owners do accept the License prepared under the provisions of the Amendment Act, 1882, to secure the due removal of the building.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application of Mr. F. S. Brereton, on behalf of Mr. J. Foster, for approval by the Board of a Plan for the formation of roads to lead out of the West side of Bromley-road, and the North side of Lower Sydenham-lane, otherwise Southend-lane, Lower Sydenham, on the Bellingham-park Estate, be granted, on condition that the applicant do widen Lower Sydenham-lane to 20 feet from the centre of the road, so far as the frontage of his property extends, and also on condition that no barriers be at any time erected or other obstructions caused to the free use by the public of the said roads, and that the names "Alcester-road, S.E.,"

"Egypt-road, S.E.," "Bellingham-road, S.E.," "Redver's-road, S.E.," and "Strathearn-road, S.E.," be approved for the same.

It was moved by Mr. Shepherd, seconded, and resolved—That the Vestry of Lambeth be informed, in reply to their Letter relative to the proposed erection of Cottages on the South side of Trigon-grove, Lambeth, at a less distance than 20 feet from the centre of the public way, that, in the opinion of the Board, it is a case in which a formal application should have been made to them for their sanction to the erection of the proposed Cottages.

It was moved by Mr. Shepherd, seconded, and resolved—That so much of the Report as relates to the Letter from Mr. J. D. Matthews, District Surveyor, requesting the Board to afford him legal assistance in a case to be heard at the Clerkenwell Police-court, relative to the use of bad bricks in the external walls of a house in the District of Stoke Newington, be approved; and that a circular Letter be sent to each District Surveyor, informing him that, except in special cases, he will be expected in future to conduct his prosecutions without assistance from the Board.

It was moved by Mr. Shepherd, seconded, and resolved—That the reference of the Memorial from the Rev. W. Puttock, and others, relative to the construction of a Circus on ground known as Ossory-park, in Ossory-road, Old Kent-road, Camberwell, be discharged.

It was moved by Mr. Shepherd, seconded, and resolved—That so much of the Report as relates to the Letter from Mr. E. Nash, District Surveyor, as to the erection of a Booth at the rear of the "King's Head" Tavern, in High-street, Lower Norwood, be approved, and that the Solicitor be instructed to serve a Notice upon the person who erected the Booth to remove the same within Seven days, and that if, at the expiration of that period, the Booth be not removed, he be instructed to take out a Summons against the builder of it.

It was moved by Mr. Shepherd, seconded, and resolved—That the Superintending Architect be instructed to direct Messrs. J. and J. Greenwood, the Board's Contractors, to take the steps necessary for giving effect to the Order made by the Police Magistrate for the removal of such portions of four houses in Kirtley-road, Sydenham, as are built with bad mortar.

It was moved by Mr. Shepherd, seconded, and resolved—That the application of Messrs. Croggon and Co., for the consent of the Board to the erection of a Mission-hall on the South side of Old Ford-road, Bow, at the corner of Armagh-road, to the line shown upon the Plan accompanying the application, be not granted.

It was moved by Mr. Shepherd, seconded, and resolved—That the application of Mr. W. T. Sams, on behalf of Mr. Mendoza, for the consent of the Board to the erection of a one-storey porch upon a portion of the forecourt of No. 1, Duke-street, and No. 48A, King-street, St. James, Westminster, to the line shown upon the Plan accompanying the application, be not granted.

It was moved by Mr. Shepherd, seconded, and resolved—That the application of Mr. A. Bovill, on behalf of Mr. C. W. F. Glyn, for approval by the Board of a Plan for the formation and names of roads to lead out of the North side of High-street, Homerton, and for the formation and name of a road to lead out of Pratt's-road, in connection therewith, be granted, on condition that no barriers be at any time erected or other obstructions caused to the free use by the public of the said roads, and that the names "Coopersale-road, E.," "Chelmer-road, E.," and "Kesteven-road, E.," be approved for the same.

It was moved by Mr. Shepherd, seconded, and resolved—That the application of Messrs. Lansdown and Harriss, on behalf of Mr. S. Plimsoll, for approval by the Board of a Plan for the construction of a shed, to be used as a temporary Market, on a portion of the site of the South London (Elephant and Castle) Market, between

Arch-street, and the gardens at the rear of the houses, Nos. 31 to 47, New Kent-road, with openings in excess of the limit prescribed by the Building Act, 1855, be granted, for a period of Two years from this date, upon condition that the Owner do accept the License, prepared under the provisions of the Amendment Act of 1882, to secure the due removal of the building, and that the whole of the work be executed to the satisfaction of the District Surveyor.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application of Mr. A. Williams, for a modification of the condition imposed by the Resolution of the Board of the 22nd December last (No. 85), with reference to the surrender of ground in front of a two-storey building on a portion of a yard situated on the South side of Bankside, between the entrance to the South Metropolitan Gas Company's premises, and No. 74, Bankside, Southwark, be not granted.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application of Mr. J. Nash, for the consent of the Board to the erection of a house, with a one-storey shop, on the South side of Brecknock-road, St. Pancras, at the corner of Lady Margaret-road, to the line shown upon the Plan accompanying the application, be not granted.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application of Mr. G. Edwards, on behalf of the Honourable W. P. Talbot, for the consent of the Board to the erection of a one-storey addition in front of a coach-house, at No. 6, Cromwell-mews, South Kensington, to the line shown upon the Plan accompanying the application, be granted, on condition that the erection be made in entire conformity with the letter of application, and as shown on the Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application of Mr. G. T. Fellows, for the consent of the Board to the erection of a one-storey shop on the forecourt of No. 31, Church-street, Lee, to the line shown upon the Plan accompanying the application, be not granted.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application of Mr. J. O. Cook, on behalf of Mr. J. Austin, for the consent of the Board to the erection of a pent over a portion of the forecourt of No. 86, Pattison-road, Plumstead, to the line shown upon the Plan accompanying the application, be not granted.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application of Mr. J. Holland, for the consent of the Board to the erection of a house, with a shop, at No. 126, Brunswick-road, Bromley, Poplar, to the line shown upon the amended Plan accompanying the application, be granted, on condition that the proposed shop be kept in a line with the bay windows of the adjoining houses; that, previously to the commencement of building operations, the space separating such shop from the public way, be given up and added to such public way, and that the erection be made in entire conformity with the letter of application, and as shown on the Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application of Mr. C. M. Shiner, on behalf of Mr. J. A. Williams, for the consent of the Board to the erection of one-storey shops on portions of the forecourts of Nos. 284, 286 and 288, Southwark-park-road, to the line shown upon the Plan accompanying the application, be granted, on condition that the space shown by Blue colour on the Plan, be given up to form part of the public way, and also on condition that the erections be made in entire conformity with the letter of application, and as shown upon the Plan, and be not at any time, in any manner, altered or raised without the consent of this Board.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application of Messrs. Snooke and Stock, on behalf of Messrs. Young and Bainbridge, for approval

by the Board of an amended Plan for the construction of a chimney-shaft at the Ram Brewery, in High-street, Wandsworth, be not granted.

It was moved by Mr. Shepherd, seconded, and resolved—That the application of Messrs. Weatherley and Jones, for the consent of the Board to the re-erection of Hatchett's Hotel and White Horse Cellars, Piccadilly, at the corner of Dover-street, with projecting bay windows and porticoes, to the lines shown on the amended Plan accompanying the application, be granted, on condition that the erections be made in entire conformity with the letter of application, and as shown upon the Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board.

It was moved by Mr. Shepherd, seconded, and resolved—That the application of Mr. E. Marsland, on behalf of the Rev. E. S. Alexander, for approval by the Board of a Plan for the construction of a temporary iron Mission-hall, on the East side of Penton-place, Newington, be granted for a period of Two years from this date, upon condition that the Owner do accept the License, prepared under the provisions of the Amendment Act of 1882, to secure the due removal of the building, and that the whole of the work be executed to the satisfaction of the District Surveyor.

It was moved by Mr. Shepherd, seconded, and resolved—That the application of Messrs. Taylor and Locke, on behalf of Mr. C. Greenwood, for approval by the Board of a Plan for the formation of a new road to lead out of the West side of Prospect-place, Highgate-road, be granted, on condition that no barriers be at any time erected or other obstructions caused to the free use by the public of the said roads, and that the name "Prospect-place, N.W.," in continuation, be approved for the same.

It was moved by Mr. Shepherd, seconded, and resolved—That the application of Mr. R. Griggs, on behalf of Mr. Radford, for approval by the Board of a Plan for the erection of a house on the site of No. 68, Ennismore-gardens, Kensington, with an open space not extending the entire width of the building, as required by the 14th Section of the Amendment Act of 1882, be granted.

**12**. The Clerk laid before the Board a Letter, as follows—

Treasury Chambers,
25th January, 1883.

Sir,—I am directed by the Lords Commissioners of Her Majesty's Treasury to inform you that they have considered your Letter of the 23rd December last, asking their approval of the amounts which the Metropolitan Board of Works propose to carry to the Consolidated Loans Fund during the year 1883 out of money raised by Rates; they have also considered the return of Surplus Lands sold, and the valuation of those remaining unsold at the close of 1882, or thereabouts.

I am to acquaint you that they are of opinion that your Board justify their Estimate, that a sum of £295,081 charged on the Consolidated Rate, and carried to the Consolidated Loans Fund, will pay the Dividends on the Consolidated Stock in 1883, and redeem the proportion of principal required to extinguish the debt in 60 years from the date of creation. My Lords, therefore, as required by the 27th Section of 32-33 Victoria, cap. 102, approve the carrying of the said sum to the Consolidated Loans Fund.

They observe that your Board have acted on their suggestion, and have deducted £5 per cent. as a margin for possible error of estimate put upon Surplus Lands. The prudence of this deduction would appear to be exemplified in the remarkable fall and rise in the valuation of the Surplus Lands of Northumberland-avenue, which have succeeded each other in the last two years.

It would facilitate the checking of the Estimate, if your Board would, in future, set forth in the Letter submitting the Estimate, or in the Estimate itself, the manner in which the Dividend charge is made up.

As regards the Dwelling House Improvement Fund, my Lords presume that you ask their assent under Section 22 of 38 and 39 Victoria, cap. 36. That Section requires them to assent to the creation of Consolidated Stock for the purposes of the Act, but it does not, as far as they can see, impose upon them responsibility in fixing the sums to be annually paid to the Consolidated Loans Fund out of the Local Rate.

On the other hand the 29th Section of the Metropolitan Toll Bridges Act, 1877, 40 and 41 Victoria, cap. 99 (Local and Personal), is not very clearly drawn, but my Lords incline to agree with you that their sanction is necessary to the sums to be carried to the Consolidated Loans Fund from the Local Rate.

My Lords will not withhold their approval of the sum of £89,628 which you carry to the Loan Fund, but they may state that that amount does not exactly coincide with a computation made by them upon the figures supplied, and they would be glad if you would give the detail of your calculation. In future this detail should accompany the Estimate.

Further, the Estimate should state expressly that the sum of £89,628 is made out by omitting the expenses incurred under the Bridges Act, so that the item in the Consolidated Loans Account may be reconciled at a glance with that in the Bridges Account.

I have, &c.,

The Chairman of the Metropolitan Board of Works. (Signed) LEONARD COURTNEY.

It was moved by Mr. Freeman, seconded, and resolved—That the said Letter be referred to the Finance Committee, for consideration.

**13.** The Board proceeded to consider as to issuing the Precepts for the Metropolitan Consolidated Rate, for the year 1883.

The Accountant laid before the Board the Apportionment on the several Parishes, Districts and Parts, of the sums required to be raised by the Board for the Metropolitan Consolidated Rate, for the year ending 31st December, 1883, prepared pursuant to the Resolution of the Board of the 22nd December last (No. 8).

It was moved by Mr. Freeman, seconded, and resolved—That the sum of £4,304 19s. 7d. be deducted from the total estimated charge for the year ending 31st December, 1883, in respect of the Government contribution on property not included in the Valuation list.

It was moved by Mr. Freeman, seconded, and resolved—That the several columns in the Apportionment, now submitted to the Board, headed—

" Ratable Annual Value of Property in the Metropolis, £27,883,078." ;

" Amount of Rate at 1d. in the pound, £116,179 9s. 10d." ;

" Principal and Interest of, and Sinking Fund for, Securities granted before " passing of Act, 32 and 33 Vict., c. 103, and the Dividends on, and the sums " required for the redemption of, Metropolitan Consolidated Stock—

" Main Drainage, £105,773 7s. 8d. ;

" Amounts required from each Parish, District, or Part for the year 1883, " £723,952 10s. 0d." ;

be, and the same are, respectively approved and adopted.

It was moved by Mr. Freeman, seconded, and resolved—That this Board do, pursuant to the Metropolitan Board of Works (Loans) Act, 1869, and the Acts therein referred to, assess a Metropolitan Consolidated Rate, and they do hereby

ascertain that the amounts contained in the Apportionment presented this day, are the sums which ought, in their judgment, to be included in the said Metropolitan Consolidated Rate, to be assessed and raised upon the City of London, and the several parts of the Metropolis, as defined by the Metropolis Management Act, 1855, for defraying the expenses of the said Board in the execution of the said Act, and the Acts for amending, extending, and varying the same; and also the sums which ought respectively to be paid by the Hornsey Local Board, under the Hornsey Local Board Act, 1871, and the Act amending the same; by the South Hornsey Local Board, under the Metropolitan Board of Works Act, 1874; and by the Beckenham Local Board of Health, under the Beckenham Sewerage Act, 1873, and also the sums required for Bridge Expenses, under the Metropolis Toll Bridges Act, 1877, for the year ending 31st December, 1883, under and pursuant to the said Acts; and it is ordered—That such sums be assessed, and they are hereby assessed, as shown in the following Schedule in the column headed—"Amounts required from each Parish, District, or "Part, for the year 1883," and it is further ordered—That Precepts, under the Common Seal of the Board, do issue for obtaining payment of such sums—

The Accountant laid before the Board the Precepts to the City of London, and the several Parishes, Districts, &c., prepared in accordance with the foregoing Order.

It was moved by Mr. Freeman, seconded, and resolved—That the Precepts now presented be approved, and that the Common Seal of the Board be affixed to the same; and the Seal was affixed accordingly.

It was moved by Mr. Freeman, seconded, and resolved—That application be made to the Chamberlain of the City of London, and to the undermentioned Vestries and District Boards, for payment of that portion of the Government contribution, to be received by them in the year 1883, which represents the Metropolitan Consolidated Rate in respect of Government property not included in the Valuation Lists, as follows—

**14**. The Clerk presented a Return, prepared pursuant to the Resolution of the Board of the 3rd February, 1882 (No. 5), showing the total amount of works executed by the Vestries and District Boards of the Metropolis, from 1st January, 1856, the date of the Metropolis Local Management Act coming into operation, to 25th March, 1881; also the total expenditure on such works; the increase during that period of the number of street Lamps; and the length of Streets and Roads under the jurisdiction of each body, and the several Letters and Statements from which the Return had been compiled.

It was moved by Mr. Selway, seconded, and resolved—That the said Return be printed, and that it be circulated among the Members of the Board.

**15**. The Annual Report by the Chief Officer of the Fire Brigade, for the year 1882, dated 1st January, 1883, together with the Tables referred to in the Report, was laid before the Board.

It was moved by Mr. Selway, seconded, and resolved—That the Report be received; that it be printed and circulated among the Members of the Board, and that copies thereof be sent to the various Local Boards in the Metropolis.

**16**. Read a Report by the Engineer, dated 26th January, 1883, on the undermentioned Sewerage works, proposed to be executed by the following District Boards and Vestry—

| LOCALITY OF WORK. | WORK APPLIED FOR. | | | REMARKS. |
|---|---|---|---|---|
| | Length in feet. | Size. | Material. | |
| **GREENWICH.** | | | | |
| New roads East of Old Dover-road | 700 | 15-inch. | Pipe. | Recommended as applied for. |
| | 1,215 | 12 ,, | ,, | |
| | 130 | 9 ,, | ,, | |
| **LIMEHOUSE.** | | | | |
| York-street East, and York-street West, Ratcliff .. .. .. | 1,105 | 12-inch. | ,, | Recommended as altered in Green figures on the Section. |
| **CAMBERWELL.** | | | | |
| Loder-street, Old Kent-road .. | 210 | 12-inch. | ,, | Recommended as applied for |
| **STRAND.** | | | | |
| Whitehorse-yard, St. Clement Danes | 100 | 12-inch. | ,, | Recommended as applied for |
| Bateman's-buildings, Soho .. | 180 | ,, | ,, | |

It was **moved** by Mr. Selway, seconded, and **resolved**—That the Report be approved, and that the said District Boards and Vestry be permitted to construct and execute the works in the manner therein recommended.

**17**. The Engineer laid before the Board his Report, dated 25th January, 1883, on the several Railway and other Schemes to be submitted to Parliament in the ensuing Session.

It was **moved** by Mr. Selway, seconded, and **resolved**—That the Report be received; that it be printed and circulated among the Members of the Board; and that it be referred to the Works and General Purposes Committee and the Parliamentary Committee, for consideration, in connection with the several Bills to which it relates.

**18**. Read a Report by the Engineer, dated 26th January, 1883, stating that, under the authority of the Board's Resolution of the 1st December last (No. 16), he had requested Messrs. Barker and Son, of Newton-Moor, and Messrs. Mather and Platt, of Manchester, to tender for the supply and fitting of elastic metallic Pistons to the steam cylinders of the eight Engines at the Abbey Mills Pumping Station; submitting the undermentioned Tenders—

| | |
|---|---|
| Messrs. Barker and Son ... ... ... ... | £698 12 – |
| ,, Mather and Platt ... ... ... ... | 584 – – |

and recommending that Messrs. Mather and Platt's Tender be accepted, and that it be referred to the Solicitor to prepare the necessary Contract.

It was **moved** by Mr. Selway, seconded, and **resolved**—That the Tender of Messrs. Mather and Platt, for the supply and fitting of elastic metallic Pistons to the steam cylinders of the eight Engines at the Abbey Mills Pumping Station, for a sum of £584, be accepted, and that it be referred to the Solicitor to prepare the necessary Contract.

**19**. Read a Report by the Engineer, dated 26th January, 1883, stating that the following quantities of Coal were required for use at the Western Pumping Station, viz.—

| | ESTIMATE. £ s. d. |
|---|---|
| 75 Tons of Welsh Coal ... ... ... ... | 58 15 – |
| 75 ,, Tanfield Moor Coal ... ... ... ... | 48 15 – |
| Total ... ... ... ... ... | £107 10 – |

It was moved by Mr. Selway, seconded, and resolved—That the Report be approved, and that the Coal be obtained, the cost being charged to the General Account of the Board.

**20**. Read a Report by the Engineer, dated 26th January, 1883, recommending the execution, under the General Contract, of works for lengthening the side-entrance gallery, and constructing a new descending shaft to the Main Sewer in Brook-green-road, Hammersmith, at an estimated cost of £24.

It was moved by Mr. Selway, seconded, and resolved—That the Report be approved and that the works be executed accordingly, the cost thereof being charged to the, General Account of the Board.

**21**. The Engineer presented a Report and Return, as follows—

Engineer's Department,
Spring-gardens, S.W.,
January 25th, 1883.

SPECIAL CLERKS OF WORKS.

In compliance with the Resolution of the Board of the 22nd May, 1874 (No 22) I submit herewith a Return showing the names of the several Special Clerks of Works in the employ of the Board, the wages paid to them respectively, and the works upon which they are at present engaged.

(Signed) J. W. BAZALGETTE,
Engineer.

| Names. | Wages per week. | Works engaged upon. |
|---|---|---|
| **MR LOVICK'S DISTRICT.** | | |
| Fisk, G. .. .. .. | £3 3 0 | Watching construction of deodorizing works at the Barking Outfall, and assisting in sewerage and drainage works, and in the general duties in the Eastern part of the District. |
| Panter, T. .. .. .. | 3 3 0 | Ratcliff-highway and Northern High Level Relief Sewers. |
| Carter, J. .. .. .. | 3 3 0 | |
| Fixter, J. .. .. .. | 3 3 0 | |
| Briggs, J. .. .. .. | 3 3 0 | |
| Skipper, H. .. .. .. | 2 16 0 | |
| Skipper, G. .. .. .. | 3 3 0 | Superintending paving, &c., works at Old Pye-street, Westminster .. .. .. .. |
| **MR. GRANT'S DISTRICT.** | | |
| Noble, H. A. .. .. .. | 4 4 0 | Deptford Storm Overflow Sewer. |
| Lynn, R. .. .. .. | 3 3 0 | |
| Morton, W. .. .. .. | 4 4 0 | Rotherhithe to Southwark Relief Sewer. |
| Bedloe, C. .. .. .. | 3 3 0 | |
| Martin, W. .. .. .. | 3 3 0 | Deptford-broadway to Lee Bridge Relief Sewer. |
| Scott, J. .. .. .. | 3 3 0 | Erection of new Ventilating-shaft at the Deptford Pumping Station. |
| Johnson, T. .. .. .. | 3 3 0 | Wandle Branch Sewer, Streatham. |
| Jeffery, W. W. .. .. | 3 3 0 | Clapham to Putney Relief Sewers. |
| **METROPOLITAN BRIDGES (MR. BAZALGETTE).** | | |
| Carey, T. M. .. .. | 3 3 0 | Waterloo Bridge (Surrey Approach) Vaults. |
| Rigg, J. .. .. | 3 3 0 | Putney (new) Bridge. |
| Butcher, B. .. .. .. | 3 3 0 | Strengthening and other works to the foundations of Waterloo Bridge. |
| Boag, A. .. .. | 3 3 0 | |
| Hewett, E. .. .. .. | 2 2 0 | Slopping and cleansing roads, &c., of the various Bridges under the control of the Board. |

It was moved by Mr. Selway, seconded, and resolved—That the said Report and Return be printed, and that they be circulated among the Members of the Board, and be referred to the Works and General Purposes Committee, for consideration.

**22**. It was moved by Mr. Runtz, seconded, and resolved—That the Report by the Engineer on a Letter from the Hornsey Local Board, relative to the alleged general defective

condition and lighting of Endymion-road, Finsbury-park, notice of which appears on the paper of business for this day, be referred to the Works and General Purposes Committee, for consideration and report.

**23**. Read a Report by the Engineer, dated 26th January, 1883, stating that, on the 18th instant, the kitchen window and frame of the Superintendent's house at the Barking Outfall works were broken by the concussion arising from the firing of guns at Woolwich, that the cost of repairing the damage done would probably be between £3 and £4, and recommending that the attention of the War Office be called to the matter.

It was moved by Mr. Selway, seconded, and resolved—That the Report be approved and acted upon.

**24**. Read a Report by the Engineer, dated 26th January, 1883, submitting a Medical Certificate to the effect that Charles Bishop, Flusher, was unable to work in consequence of illness; stating that, under the Board's General Rules regulating sick pay, Bishop had been allowed full pay for the first week of his illness, and suggesting whether the Board would sanction his being allowed half-pay for one month, if requisite.

It was moved by Mr. Selway, seconded, and resolved—That half-pay be allowed to Bishop for one month, if requisite.

It was moved by Mr. Selway, seconded by Mr. Richardson, and resolved—That it be an instruction to the Engineer in future to report to the Works and General Purposes Committee on any cases of illness amongst the Flushers, and men employed in a similar capacity.

**25**. The Solicitor reported that the Metropolitan Street Improvements Bill, 1883, was appointed for consideration by the Examiner to-day, but that in consequence of the Memorial presented by Mr. John Earley Cook, he (the Solicitor) had deemed it advisable to ask for an adjournment for a fortnight.

**26**. The Solicitor reported that the Metropolitan Board of Works (Bridges, &c.,) Bill, and the Metropolitan Street Improvements Act, 1877 (Amendment), Bill, were under consideration this day by the Examiner of Standing Orders.

**27**. The Solicitor reported with respect to the Kent and Essex Junction Railway Bill, that the Promoters had made the necessary money deposit so far only as the Tunnel under the Thames was concerned, and that they had abandoned the proposed Railways, and he suggested that the Board should refer his Report to the Engineer, for information.

It was moved by Mr. Selway, seconded, and resolved—That the Solicitor's Report be referred to the Engineer.

**28**. The Solicitor presented the following documents for sealing—

Conveyance to Mr. J. Holt, by the direction of the Trustees of the National Provident Institution, of land and premises, known as Dartmouth-chambers, comprising Nos. 4, 6, 8, and 10, Theobald's-road (Old-street to Oxford-street Improvement).

Conveyance to Mr. C. Bryant, of the remainder of Plot "D" in Great Eastern-street and Garden-walk, for the purpose of erecting Industrial Dwellings thereon, and a Memorial for the registration of the same (Old-street to Shoreditch Improvement).

Agreement for a Lease to Mr. G. B. Martin and Mr. C. B. Moore, of Plot No. 24 in Northumberland-avenue.

Deed Poll for vesting in the Board twenty-four 30th Shares of, and in the Freehold premises, No. 6, Newport-court, claimed as to 6-30ths by Messrs. Parker and Wallen, and as to 18-30ths by Frere's Trustees, and a Memorial for the registration of the same (Charing-cross to Tottenham-court-road Improvement).

It was moved by Mr. Selway, seconded, and resolved—That the Common Seal of the Board be affixed to the said documents respectively; and the Seal was affixed accordingly.

**29**. The Solicitor reported that the fortnight's leave of absence granted to Mr. Bustin, Copying Clerk in his Department, had expired; that he expected that Mr. Bustin would be able to resume his duties early next week, and that should he not be able to do so he (the Solicitor) would report further to the Board.

It was moved by Mr. Selway, seconded, and resolved—That the Report be approved.

**30**. The Solicitor reported that in the action, Siggers *v.* the Board, which had been brought to recover a sum of £12 for alleged damage done to a cab horse, Messrs. Webb, Solicitors, had asked leave to defend in the Board's name, on behalf of Mr. J. J. Griffiths, the Contractor for the paving works in connection with the Tooley-street Improvement, they undertaking to indemnify the Board against costs and damages, and he suggested that the Board should accede to the request.

It was moved by Mr. Selway, seconded, and resolved—That the request of Messrs. Webb be acceded to, upon the condition stated.

**31**. The Clerk laid before the Board copies of the Orders of the Board of the 19th instant (No. 14), for the re-naming, &c., of the following thoroughfares, together with copies of the Plans referred to in such Orders, viz.—

| | |
|---|---|
| Charles-street, &c., St. Paul, Deptford ... ... | Greenwich. |
| Waterloo-place, &c., Do. ... ... ... | Do. |
| Plough-lane, &c., Battersea ... ... ... | Wandsworth. |
| Plough-lane West, Do. ... ... ... | Do. |
| Tugela-road, &c., Do. ... ... ... | Do. |
| Grove-street, &c. ... ... ... ... ... | Poplar. |
| Anne-street ... ... ... ... ... | Do. |
| New-street ... ... ... ... ... | Do. |
| John-street, &c., Shacklewell ... ... ... | Hackney. |
| Fox-lane, &c. ... ... ... ... ... | Do. |
| Grove-place, &c. ... ... ... ... ... | Do. |
| Rose-street, &c. ... ... ... ... ... | Plumstead. |
| Park-road West, &c. ... ... ... ... | Do. |
| Barnfield-road, &c. ... ... ... ... | Do. |
| Francis-street ... ... ... ... ... | Do. |
| West-end-lane, &c. ... ... ... ... | Hampstead. |
| Arkwright-road ... ... ... ... ... | Do. |
| Ellerdale-road ... ... ... ... ... | Do. |
| Masbro'-road North, Hammersmith ... ... ... | Fulham. |
| Percy-road, Do. ... ... ... | Do. |
| Sussex-place ... ... ... ... ... | Kensington |

The Clerk also laid before the Board two copies of the Order of the Board of Friday last (No. 19) on the matters of Disagreement between Mr. Hewitt, District Surveyor, and Mr. Brace, relative to the construction of a School-room over the Unitarian Chapel in Stamford-street, Blackfriars-road.

It was moved, seconded, and resolved—That the Common Seal of the Board be affixed to the said copies of Orders and Plans respectively; and the Seal was affixed accordingly.

**32**. The Clerk presented a Letter from Messrs. Spiers and Pond (Limited), dated 20th January, 1883, stating that, owing to difficulties which would prevent their strictly adhering to the Plans submitted to the Board, showing proposed alterations to the Criterion Theatre, they had voluntarily closed the Theatre until they could come before the Board again with an entirely fresh set of Plans.

It was moved by Mr. Selway, seconded, and resolved—That the said Letter be referred to the Building Act Committee.

**33**. The Clerk presented a Letter from Mr. A. Flint, dated 19th January, 1883, complaining of the decision of the Board with regard to his application for consent to his building on the site of the "Father Red Cap" Tavern, in Camberwell-road, and asking the Board to compensate him for the alleged loss he had sustained.

It was moved by Mr. Selway, and seconded—That Mr. Flint be informed that the Board cannot comply with his request.

An amendment thereon was moved by Mr. Runtz, and seconded by Mr. Fowler—That the said Letter be referred to the Works and General Purposes Committee, for consideration and report.

The amendment having been put to the vote, there were for it 9, against it 15, and it was declared by the Chairman to be lost.

The original motion was then put to the vote, and it was declared by the Chairman to be carried; and it was resolved accordingly.

**34**. The Clerk presented a Letter from Mr. F. Corfield, dated 19th January, 1883, transmitting a copy of a Memorial presented to the Wandsworth District Board from residents, &c., of Clapham-park, in opposition to the Tramway promoted by the South London Tramways Company, in Clapham-park; stating that the District Board had resolved to oppose the Tramway, and asking whether this Board would do so, and whether they would receive a Deputation from the inhabitants of Clapham-park on the subject.

It was moved by Mr. Selway, seconded, and resolved—That the Deputation be received by the Board on Friday next, at Twelve o'clock at noon.

**35**. The Clerk presented a Letter from Mr. T. P. Langdon, Clerk to the Vestry of Bromley, Middlesex, dated 20th January, 1883, applying for an Order for increased representation of that Parish at the Poplar District Board.

It was moved by Mr. Selway, seconded, and resolved—That the said Letter be referred to the Works and General Purposes Committee, for consideration and report.

**36**. The Clerk presented a Letter from Mr. J. H. Smith, Clerk to the Vestry of St. George, Hanover-square, dated 23rd January, 1883, stating that the Vestry were of opinion that the power formerly vested in the Sanitary Authorities of the Metropolis, by the Bakehouses, Metropolis, Act, 1863, should be restored to the Vestries, &c.

It was moved by Mr. Selway, seconded, and resolved—That the said Letter be received.

**37**. The Clerk presented a Letter from The Rev. S. Vatcher, on behalf of the Executive Committee of the Metropolitan Public Garden and Play-ground Association, dated 23rd January, 1883, requesting permission to lay out as a public garden the enclosed ground in Bedford-square, Mile-end.

It was moved by Mr. Selway, seconded, and resolved—That the said Letter be referred to the Works and General Purposes Committee, for consideration, with authority to send a reply thereto.

**38**. The Clerk presented a Letter from Messrs. Sutton and Ommanney, dated 22nd January, 1883, applying for the consent of the Board to the Southwark and Deptford Tramways Extensions Scheme; and stating their willingness to attend a Committee, or the Board, and give any explanation that might be desired with regard to it.

It was moved by Mr. Selway, seconded, and resolved—That the said Letter be referred to the Works and General Purposes Committee, for consideration, in connection with the references already made to them on the subject to which it relates.

**39**. The Clerk presented a Letter from Mr. J. J. Stokes, Clerk to the Vestry of Rotherhithe, dated 23rd January, 1883, with an extract from the Minutes of the Vestry

expressing their approval of the proposal of the Southwark and Deptford Tramways Company to extend their Tramway line from Tooley-street, near Bermondsey-street, to the foot of London Bridge.

It was moved by Mr. Selway, seconded, and resolved—That the said Letter be referred to the Works and General Purposes Committee, for consideration, in connection with the references already made to them on the subject to which it relates.

**40**. The Clerk presented a Letter from Mr. J. W. Cook, Clerk to the Vestry of Christchurch, Spitalfields, dated 23rd January, 1883, asking the Board to receive a Deputation from frontagers in Commercial-street, and ratepayers of Spitalfields, in opposition to the Schemes of the East London and North Metropolitan Tramways Companies, for Tramways along Commercial-street.

It was moved by Mr. Selway, seconded, and resolved—That the said Deputation be received by the Board on Friday next, at Twelve o'clock at noon.

**41**. The Clerk presented a Letter from Mr. T. L. Irwin, dated 23rd January, 1883, transmitting a copy of a Resolution of the Westminster Conservative Association, thanking the Board for their opposition to the proposed attempt by the Metropolitan District Railway Company to open ventilating shafts in various places in Westminster.

It was moved by Mr. Selway, seconded, and resolved—That the said Letter be referred to the Works and General Purposes Committee.

**42**. The Clerk presented a Letter from Mr. J. Macgregor, dated 23rd January, 1883, stating that the model of the statue of William Tyndale, to be erected on the Victoria Embankment, was to be cast in plaster during the week, and asking the Board to communicate with the Memorial Committee on the subject of the dimensions, materials and design of the statue.

It was moved by Mr. Selway, seconded, and resolved—That the said Letter be referred to the Works and General Purposes Committee, for consideration, with authority to act upon any Resolution at which they may arrive with regard thereto.

**43**. The Clerk presented a Letter, as follows—

Vestry, of the Hamlet of Mile-end Old-town.

Office, Vestry Hall, Bancroft-road, Mile-end-road, E.,
January 23rd, 1883.

Dear Sir,—This Vestry having resolved to repair that part of Devonshire-street lying between Globe-road and Bancroft-road, I am directed to apply to your Board for the requisite consent to the Vestry borrowing the money necessary for the purpose.

The total amount required will be £2,250, and it is proposed that the re-payment shall be spread over a period of 20 years.

Will you favour me by laying the matter before your Board, and informing me of the result.

I am, &c.,
(Signed) MILLNER JUTSUM,
Clerk to the Vestry.

The Clerk, Metropolitan Board of Works,
Spring-gardens, S.W.

It was moved by Mr. Selway, seconded, and resolved—That the said Letter be referred to the Finance Committee, for consideration and report, and that the Engineer and the Accountant do report to the Committee thereon.

**44**. The Clerk presented a copy Report by the Water Examiner, appointed by the Board of Trade, of the examination made by him of the Water supplied by the Metropolitan Water Companies during the month of December last.

**45**. The Clerk presented a Letter from Messrs. Ashurst, and Co., dated 25th January, 1883, stating that, in consequence of the Hornsey Local Board and the Hampstead Vestry having witheld their consent to the London Street Tramways (Extensions) Scheme, it had been decided not to proceed with the Bill next Session.

It was **moved** by Mr. Selway, seconded, and **resolved**—That the said Letter be received.

**46**. The Chemical Assistant laid before the Board his Return of the Testings made at the Gas Testing Stations during the week, ended on the 23rd instant, as follows—

| Company. | District. | Illuminating Power. (In Standard Sperm Candles.) | | | Sulphur. (Grains in 100 cubic feet of Gas.) | | | Ammonia. (Grains in 100 cubic feet of Gas.) | | | Sulphuretd Hydrogen. |

**47**. Read a Report, as follows—

Superintending Architect's Department, Spring-gardens,
26th January, 1883.

PETROLEUM ACTS, 1871 TO 1881.

Memorandum relative to Licenses for storing Petroleum for sale or use.

In the accompanying Schedule there are Fourty-four applications for Licenses, the Fees for which have been duly deposited.

The premises of the applicants having been inspected, and the arrangements for storing found satisfactory, I recommend that Licenses be granted for Twelve months from this date, subject to the conditions contained in such Licenses.

(Signed) GEORGE VULLIAMY,
Superintending Architect.

The list of applications in respect of which Licenses were recommended to be granted was laid before the Board.

It was **moved**, seconded, and **resolved**—That Licenses be granted to the Fourty-four persons mentioned in the list now submitted, to keep Petroleum in the places, and in the quantities stated in such Licenses, for a period of Twelve calendar months from this date, subject to the conditions mentioned in such Licenses.

The several Licenses referred to in the foregoing Resolution were laid before the Board.

It was **moved**, seconded, and **resolved**—That the Common Seal of the Board be affixed to the said Licenses; and the Seal was affixed accordingly.

**48**. CAMBERWELL.—Read a Report by the Superintending Architect, dated 24th January, 1883, on the application of Mr. R. Peters, for approval by the Board of a Plan for the construction of a wooden balustrading over the porch of a detached villa residence on the East side of a road, leading out of the East side of Lordship-lane, to Adan-mount park.

It was **moved** by Mr. Dresser Rogers, seconded, and **resolved**—That the application be not granted.

**49**. CAMBERWELL.—Read a Report by the Superintending Architect, dated 24th January, 1883, on the application of Mr. S. Bolton, for the consent of the Board to the erection of one-storey shops on portions of the forecourts of Nos. 227 and 227 A, Camberwell-road, as shown upon the amended Plan accompanying the application.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application be referred to the Building Act Committee, for consideration and report, and that the parties interested be invited to attend the Committee when the subject shall be considered.

**50**. CHELSEA.—Read a Report by the Superintending Architect, dated 25th January, 1883, on the application of Mr. J. M. Anderson, for the consent of the Board to the erection of the Scottish National Church, on the South side of Pont-street, at the corner of Lennox-gardens, to the line shown upon the Plan accompanying the application.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application be referred to the Building Act Committee, for consideration and report, and that the parties interested be invited to attend the Committee, when the same shall be considered.

**51**. FULHAM.—Read a Report by the Superintending Architect, dated 24th January, 1883, on the application of Mr. J. Butler, on behalf of the Receiver of the Metropolitan Police, for a modification of the condition, as to the surrender of ground to the public way, attached to the consent of the Board to the erection of a Police Station on the East side of Starch-green-road, Hammersmith, at the corner of Hadyn-park-road.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application be referred to the Building Act Committee, for consideration and report.

**52**. GREENWICH.—Read a Report by the Superintending Architect, dated 5th January, 1883, on the application of Mr. W. Markham, for the consent of the Board to the erection of a pent over the forecourt of No. 75, Gothic-place, Trafalgar-road, to the line shown upon the Plan accompanying the application.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application be not granted.

**53**. HACKNEY.—Read a Report by the Superintending Architect, dated 24th January, 1883, on the application of Mr. R. J. Chillingworth, for the consent of the Board to the erection of a drill shed on the North side of Ash-grove, Mare-street, to the line shown upon the amended Plan accompanying the application.

It was **moved** by Mr. Runtz, seconded, and **resolved**—That the application be referred to the Building Act Committee, for consideration and report.

**54**. HACKNEY.—Read a Report by the Superintending Architect, dated 24th January, 1883, on the application of Mr. J. Butler, on behalf of the Receiver of the Metropolitan Police, for the consent of the Board to the re-erection of the Police Station between Dalston-lane and Tyssen-street, to the line shown upon the Plan accompanying the application.

It was **moved** by Mr. Runtz, seconded, and **resolved**—That the application be not granted.

**55**. ISLINGTON.—Read a Report by the Superintending Architect, dated 24th January, 1883, on the application of Mr. R. S. Wilkinson, on behalf of Mr. R. Wallace, for the consent of the Board to the erection of a dwelling house on the South side of Wray-crescent, Tollington-park, to the line shown upon the Plan accompanying the application.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application be granted, on condition that the erection be made in entire conformity with the letter of application, and as shown on the Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board.

**56**. KENSINGTON.—Read a Report by the Superintending Architect, dated 23rd January, 1883, on the application of Messrs. T. H. P. Dennis and Co., on behalf of Mr. L. E. Scarth, for the consent of the Board to the erection of a porch and a covered way on a

portion of the forecourt of No. 3, Melbury-road, to the line shown upon the Plan accompanying the application.

It was **moved** by Mr. Freeman, seconded, and **resolved**—That the application be not granted.

**57**. Lewisham.—Read a Report by the Superintending Architect, dated 17th January, 1883, on the application of Mr. A. Jennings, on behalf of Mr. R. P. Tebb, and the General Credit Company (Limited), for the consent of the Board to the erection of one-storey shops on portions of the forecourts of Nos. 67, to 79 (odd numbers), Hithergreen-lane, to the line shown upon the amended Plan accompanying the application.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application be not granted.

**58**. St. Marylebone.—Read a Report by the Superintending Architect, dated 3rd January, 1883, on the application of Mr. R. P. Spiers, for the consent of the Board to the erection of a one-storey addition at the rear of No. 35, Acacia-road, at the corner of Woronzow-road, St. John's-wood, to the line shown upon the Plan accompanying the application.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application be referred to the Building Act Committee, for consideration and report.

**59**. Strand.—Read a Report by the Superintending Architect, dated 25th January, 1883, on the application of Mr. J. Dunn, for the consent of the Board to the re-erection of the Arundel Hotel, Nos. 19 and 21, Arundel-street, Strand, at the corner of the Victoria Embankment, to the line shown upon the Plan accompanying the application.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application be referred to the Building Act Committee, for consideration and report.

**60**. Wandsworth.—Read a Report by the Superintending Architect, dated 23rd January, 1883, on the application of Mr. E. Hoole, for approval by the Board of a Plan for the construction of a wooden porch and barge-board to a house known as "Duneira," in Christchurch-road, Streatham.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application be granted, upon condition that the whole of the work be executed to the satisfaction of the District Surveyor.

**61**. Greenwich.—Read a Report by the Superintending Architect, dated 23rd January, 1883, on the application of Messrs. Higgs and Hill, for approval by the Board of a Plan for the construction of a furnace chimney-shaft at Crown Wharf, Creek-road, Deptford.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application be granted, upon condition that the foundation of the proposed shaft be made in accordance with the provisions of the Building Act, 1855, and to the satisfaction of the District Surveyor, according to law, and that the superstructure be also erected to his satisfaction.

**62**. St. James, Westminster.—Read a Report by the Superintending Architect, dated 23rd January, 1883, on the application of Mr. W. Papworth, on behalf of the Junior Army and Navy Club, for approval by the Board of a Plan for the construction of a lift at the Club premises at the rear of No. 22, King-street, at the corner of St. James's-street.

It was **moved** by Mr. Elam, seconded, and **resolved**—That the application be granted, upon condition that the whole of the works be executed to the satisfaction of the District Surveyor.

**63**. Greenwich.—Read a Report by the Superintending Architect, dated 16th January, 1883, on the application of Mr. H. F. Todd, for approval by the Board of an amended Plan for the erection of four houses, with bay windows, on the South side of Green-lane, between Blisset-street and South-street.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be not granted.

**64**. Hackney.—Read a Report by the Superintending Architect, dated 24th January, 1883, on a Letter from the Hackney District Board, stating that a portion of Connor-street, Lauriston-road, had been formed of a less width than 20 feet.

It was moved by Mr. Shepherd, seconded, and resolved—That the matter be referred to the Building Act Committee, for consideration and report.

**65**. Lambeth.—Read a Report by the Superintending Architect, dated 24th January, 1883, on the application of Messrs. Lambert and Walker, for approval by the Board of the erection of three houses, with shops, on the East side of Knight's-hill-road, Lower Norwood, at the corner of a road leading out of Knight's-hill-road to Knight's-hill-square, in the position and to the line shown upon the Plan accompanying the application.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be not granted.

**66**. Lewisham.—Read a Report by the Superintending Architect, dated 25th January, 1883, on the application of Mr. H. E. B. Joyce, for approval by the Board of an amended Plan for the formation and names of new roads, in continuation of roads leading out of the North side of Sandwell-road, High-street.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be referred to the Building Act Committee, for consideration and report, and that the parties interested be invited to attend the Committee, when the subject shall be considered.

**67**. Lewisham.—Read a Report by the Superintending Architect, dated 24th January, 1883, on the application of Mr. T. R. Meakin, for approval by the Board of an amended Plan for the formation of a new road to lead out of the East side of Castledine-road, also for a continuation of Saint Hugh's-road, and the formation of a road to lead out of the South side of Anerley-park, Anerley.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be referred to the Building Act Committee, for consideration and report, and that the parties interested be invited to attend the Committee when the subject shall be considered.

**68**. Rotherhithe.—Read a Report by the Superintending Architect, dated 23rd January, 1883, on the application of Mr. E. Crosse, on behalf of Mr. F. D. Collen, for approval by the Board of a Plan for the construction of a shed at the rear of No. 84, Paradise-street, with openings in excess of the limit prescribed by the 13th Section of the Metropolitan Building Act, 1855.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be granted, upon condition that the whole of the works be executed to the satisfaction of the District Surveyor.

**69**. Wandsworth.—Read a Report by the Superintending Architect, dated 23rd January, 1883, on the application of Mr. E. Dawson, for approval by the Board of hollow walls and barge-boards and projecting eaves, as constructed, to a house and stables on the North-East side of Leigham-court-road, Streatham.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be referred to the Building Act Committee, for consideration and report.

**70**. Metropolis.—Read a Report by the Superintending Architect, dated 26th January, 1883, relative to certain Orders made by the Board for the re-naming of Streets and re-numbering of houses, which remained unexecuted at the expiration of Three months after the transmission of such Orders to the Vestries and District Boards concerned.

It was moved by Mr. Shepherd, seconded, and resolved—That the Report be

referred to the Building Act Committee, for consideration, with authority to act upon any Resolution at which they may arrive with regard thereto.

**71**. LAMBETH.—Read a Report by the Superintending Architect, dated 18th January, 1883, on a Letter from Mr. J. A. J. Woodward, District Surveyor, relative to the proposed erection of a house on the North side of Bonnington-square, Vauxhall.

It was moved by Mr. Shepherd, seconded, and resolved—That the Letter be referred to the Building Act Committee, for consideration and report.

**72**. POPLAR.—Read a Report by the Superintending Architect, dated 23rd January, 1883, on the application of Mr. E. C. Allam, on behalf of the London Guelph Patent Cask Company, for approval by the Board of a Plan for the construction of the foundations of the walls of a Factory on the South side of Deptford Ferry-road, West Ferry-road, Millwall.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be not granted.

**73**. WHITECHAPEL.—Read a Report by the Superintending Architect, dated 24th January, 1883, on the application of Messrs. Joseph and Pearson, on behalf of Sir N. M. de Rothschild, Bart., for approval by the Board of a Plan for the construction of two temporary wood and iron buildings at the Jews' Free School, in Bell-lane.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be granted, for a period of One year from this date, upon condition that the Owners do accept the License, prepared under the provisions of the Amendment Act, 1882, to secure the due removal of the building, and that the whole of the works be executed to the satisfaction of the District Surveyor.

**74**. The following Notices were given for the next Meeting of the Board, viz.—

By Mr. J. Jones, (No. 1,272).—To refer it to the Works, &c., Committee, to consider as to providing means, in connection with the Victoria Embankment, for saving life in cases of accidents on the Thames.

By Mr. Thompson, (No. 1,273).—As to introducing a Deputation from inhabitants of Clerkenwell in support of the North Metropolitan (Clerkenwell and Shoreditch Extension) Tramway Scheme.

Adjourned until Friday, the 2nd February next, at this Office, at Twelve o'clock at noon.

No. 5.

At a Meeting of the Metropolitan Board of Works, held at the Office of the Board, Spring-gardens, on **Friday**, the **2nd** day of **February**, 1883, under and by virtue of the Act of the 19th year of the reign of Queen Victoria, for the better Local Management of the Metropolis,

**Present**—Lieutenant-Colonel Sir James M. McGarel-Hogg, Bart., K.C.B., M.P. Chairman of the Board, in the Chair.

1. The Minutes of the Meeting of the Board held on the 26th January last, were approved, and were signed by the Chairman and by two other Members of the Board present at such Meeting.

2. A Deputation from inhabitants and ratepayers of Bermondsey, introduced by Mr. Shepherd, and consisting of the following gentlemen, viz.—Mr. W. Porter, Mr. R. Bonny, Mr. J. Reed, Mr. F. Shaw, Mr. T. Scott, Mr. T. Titley, Mr. W. I. Hunt, Mr. H. Lewis, Mr. W. Olliver, Mr. E. Bruin, Mr. C. Gower, Mr. G. Stowers, Mr. J. Best, Mr. W. Bowden, Mr. G. Down, Mr. I. Poore, Mr. G. Pocock, Mr. T. Cryer, Mr. G. J. Best, and Mr. J. Abbott, attended the Board, and presented a Memorial, which was read, as follows—

To the Metropolitan Board of Works.

The Memorial of the Inhabitants and Ratepayers of the Parish of Bermondsey, in the County of Surrey,

Sheweth—

In the present Session of Parliament powers are sought by the Southwark and Deptford Tramways Company to extend their present System by the construction of three important extensions, viz.—

1.—From the termination of their line at Evelyn-street, Deptford, to Greenwich;

2.—From their existing line in the Jamaica-road to the Old Kent-road, Peckham and Camberwell, by means of a line along the St. James'-road, Peckham-park-road, and Hill-street; and

3.—From the termination of their existing line in Tooley-street, to near London Bridge by means of a short extension along Tooley-street, such extension to be constructed as and when Tooley-street is widened.

The existing lines of the Company are successful, working in your Petitioners' Parish, and are found a great convenience to your Petitioners and other inhabitants of their Parish, and afford a cheap and ready means of transit to the thousands of the poorer and Artizan classes of the industrial population of Bermondsey who readily avail themselves of this mode of conveyance, the only one within their means.

Part of the proposed extensions are situate in your Petitioners' Parish, and the Vestry of their Parish have already given their consent to the construction of such extensions.

That, at a Meeting of the Inhabitants and Ratepayers of the Parish of Bermondsey, duly convened and held at the Town Hall, Bermondsey, the following Resolutions were passed—

"That this Meeting of the Inhabitants and Ratepayers of the Parish of Bermondsey, "having fully discussed the objects of the proposed extensions of the Southwark and "Deptford Tramways, is of opinion that the construction of such extension, especially "the line from Jamaica-road to Peckham and Camberwell, is of great local and public "advantage to the inhabitants of this Parish, as well as to the adjoining Districts."

"That the proposed extension of the Southwark and Deptford Tramways from the present "terminus at Bermondsey-street along Tooley-street towards London Bridge, will be "a great boon to the thousands of Artizans and Labouring classes in the Parish of "Bermondsey, and its construction will materially benefit them, as well as the district "at large."

Your Petitioners would respectfully point out to your Board that by means of the Company's existing lines, and the extension through your Petitioners' Parish along the St. James'-road, and Peckham-park-road, to Peckham and Camberwell, the Parishes of Deptford and Rotherhithe, Peckham, Camberwell, and Bermondsey, would be brought into direct and immediate communication with each other, there being at present no such communication either by Railway or otherwise.

By means of this last proposed extension, and the extension along Tooley-street, to near London Bridge, the Parish of Bermondsey and the adjoining Parishes would be brought by a direct route to London Bridge itself and the Railway Stations there; and that, from your Petitioners' knowledge of the wants and requirements of their Parish, they are able confidently to assure your Board that all these proposed extensions, especially the extensions along Tooley-street, will greatly benefit the inhabitants of your Petitioners' Parish and the adjoining Districts.

Your Petitioners therefore humbly ask your Board to give their consent to the whole of the proposed extensions of the Southwark and Deptford Tramway Company, particularly those through your Petitioners' Parish, and along Tooley-street to London Bridge.

By Order of the Meeting,

(Signed) WILLIAM SWANN,
Chairman.

The Deputation having addressed the Board in support of the Memorial,

It was **moved** by Mr. Shepherd, seconded by Mr. Ewin, and **resolved**—That the said Memorial be referred to the Works and General Purposes Committee, for consideration, in connection with the references already made to them on the subject of the Bill to which it relates.

**3.** A Deputation from the Vestry of Rotherhithe, introduced by Mr. Tolhurst, and consisting of the following gentlemen, viz.—Mr. F. J. Bisley, Mr. G. Mabbs, Mr. E. J. Talbot, Mr. C. Capper, and Mr. F. Deavin, accompanied by Mr. J. J. Stokes, the Clerk to the Vestry, attended the Board, and presented a Memorial, which was read, as follows—

To the Metropolitan Board of Works.

The Memorial of the Vestry of the Parish of Rotherhithe, in the County of Surrey,

SHEWETH—

That, at a Meeting of the Vestry of the Parish of St. Mary, Rotherhithe, duly convened by Notice, and held at the Board-room of the said Parish on the 16th day of January, 1883,

Letter, dated the 12th day of December, 1882, from your Board was read, asking whether the Vestry desired to offer any observations upon any projects affecting this Parish, of which Plans had been deposited with a view of obtaining the sanction of Parliament thereto in the ensuing Session, and that your Board particularly wished to be made acquainted with the views of this Vestry upon such projects, and specially upon any proposed new Tramways, in order that your Board might consider their views before coming to a decision in the matter, and, after the attention of the Vestry had been called to the proposed extensions of the Southwark and Deptford Tramways Company, seeking powers (*inter alia*) to extend their existing line from the present terminus in Tooley-street, near Bermondsey-street, further along Tooley-street to nearer London Bridge, it was by this Vestry, after deliberation,

"Resolved, that, in the opinion of this Vestry, it is very desirable, for the convenience of the "inhabitants of the Parish of Rotherhithe and the neighbouring Districts, that the lines of the "Southwark and Deptford Tramways should be extended to nearer London Bridge, as proposed by "the Southwark and Deptford Tramways Company, and the Metropolitan Board of Works be so "informed."

That at a Special Meeting of the Vestry of the Parish of Rotherhithe, duly convened and held at their said Board-room, on the 30th day of January, 1883, it was Resolved—"That a Deputation "of Seven Members of this Vestry do wait upon the Metropolitan Board of Works on Friday next, the "2nd proximo, at 12 o'clock, for the purpose of representing to that Board the great advantage and "convenience the proposed extensions of the Southwark and Deptford Tramways would be to the "Inhabitants of this Parish and the adjoining districts, especially the proposed extension of their "line from the present terminus near Bermondsey-street towards London Bridge, and that such "Deputation do earnestly request the Metropolitan Board of Works to give their consent to the "whole of such extensions, especially the proposed extension along Tooley-street towards London "Bridge."

Your Memorialists, therefore, humbly ask your Board that the consent of your Board may be afforded to the whole of the extensions of the Southwark and Deptford Tramways Company, and particularly to their proposed extension along Tooley-street towards London Bridge.

Sealed by an Order, made at a Special Meeting of the Vestry of Rotherhithe, held on the 30th January, 1883.

L.S.

(Signed) JAMES J. STOKES,
Clerk to the Vestry.

The Deputation having addressed the Board in support of the Memorial,

It was **moved** by Mr. Tolhurst, seconded by Mr. Harris, and **resolved**—That the said Memorial be referred to the Works and General Purposes Committee, for consideration, in connection with the references already made to them on the subject of the Bill to which it relates.

**4.** A Deputation from ratepayers and inhabitants of the Parish of Rotherhithe, introduced by Mr. Tolhurst, and consisting of the following gentlemen, viz.—Mr. W. Houghton, Mr. E. Willoughby, Mr. O. Hoer, Mr. M. Lynch, Mr. T. Kent, Mr. H. Glanville, Mr. C. Velenoweth, Mr. J. England, Mr. W. Marillier, Mr. E. T. Willoughby, Mr. S. J. Cracknell, Mr. G. R. Maskens, Mr. G. Hayman, Mr. J. F. Rye, Mr. F. W. Failer, and Mr. C. Sculpher, attended the Board, and presented a Memorial, which was read, as follows—

To the Metropolitan Board of Works.

The Memorial of the Inhabitants of the Parish of St. Mary, Rotherhithe,

SHEWETH—

1.—At a Public Meeting of the inhabitants of the said Parish of St. Mary, Rotherhithe, called by notice, to consider the proposed extension of the Southwark and Deptford Tramways, so far as they affected the said Parish, and to take such action in reference thereto as might be considered best in the interests of the inhabitants of such Parish, it was unanimously resolved—"That such "Meeting is of opinion that the construction of such extensions would materially benefit as well "your Memorialists' Parish as the adjoining Districts." And it was further resolved—"That this "Deputation do wait upon your Board on behalf of the inhabitants of the said Parish of St. Mary, "Rotherhithe, to respectfully urge upon them to give their consent to the whole of such "extensions."

2.—In accordance with the unanimously expressed desire of such Meeting, your Memorialist would point out to your Board that the proposed extension of the Southwark and Deptford

Tramways from their present Terminus in Tooley-street, near Bermondsey-street, further along Tooley-street (when further widened by your Board), to near London Bridge, will complete the great Improvement to the District carried out by your Board when they widened Tooley-street up to Bermondsey-street. And your Memorialists would respectfully submit that it is to the interest, as well of your Memorialists' Parish, as of all the adjoining and adjacent Parishes, that these Tramways should be extended further towards London Bridge, at the same time as Tooley-street is further widened by your Board.

Your Memorialists therefore respectfully ask your Board to give their consent to the whole of the extensions of the Southwark and Deptford Tramways, so as to ensure their speedy construction.

(Signed) WILLIAM HOUGHTON,
Chairman of the Meeting.

The Deputation having addressed the Board in support of the Memorial,

It was **moved** by Mr. Tolhurst, seconded by Mr. Dresser Rogers, and **resolved**—That the said Memorial be referred to the Works and General Purposes Committee, for consideration, in connection with the references already made to them on the subject of the Bill to which it relates.

**5.** A Deputation from inhabitants of the Parish of Camberwell, introduced by Mr. Dresser Rogers, and consisting of the following gentlemen, viz.—Mr. G. H. Wrigglesworth, Mr. A. Middlemass, Mr. F. Fermor, Mr. W. Jackson, Mr. A. Honywill, Mr. J. Westaway, Mr. H. Bickerstaff, Mr. H. G. Southwood, Mr. W. B. Hurst, Mr. W. Flegg, Mr. C. Cook, Mr. T. Bonsall, Mr. J. H. Rollings, Mr. J. Lance, Mr. A. Pearse, Mr. C. Dunlop, Mr. W. L. Dowton, Mr. J. H. Harlow, Mr. F. Dawes, Mr. W. Slaughten, Mr. T. Fitzgibbon, and Mr. W. S. Catajar, attended the Board, and presented a Memorial, which was read, as follows—

To the Metropolitan Board of Works.

The humble Petition of the Ratepayers and Inhabitants of the Parish of St. Giles, Camberwell, in Public Meeting assembled,

Sheweth—

1.—In the present Session the Southwark and Deptford Tramways Company are seeking powers to extend their existing lines from the Jamaica-road, through St. James's-road, across the Old Kent-road, through Peckham-park-road and Hill-street to High-street, Peckham, the Company also proposing to extend their lines to Greenwich, and also from their present terminus in Tooley-street to nearer London Bridge.

2.—The proposed extension from Jamaica-road across the Old Kent-road to High-street, Peckham, is for the greater part situate in your Petitioners' Parish, the Vestry of which has unanimously given their consent to such extension.

3.—At a Public Meeting of the Inhabitants and Ratepayers of your Petitioners' Parish, duly convened and held, it was resolved—"That such Meeting, being of opinion that the construction of "such extensions of the Southwark and Deptford Tramways, especially the line from Jamaica-road "across the Old Kent-road to High-street, Peckham; and the proposed extension of the Company's "line along Tooley-street to nearer London Bridge, would effect a great public and local advantage, "and tend to improve the value of the property of your Petitioners and others situate in the districts "to be accommodated by their construction, it was resolved that this Deputation do wait upon your "Board to urge them to give their consent to the construction of the whole of such extensions of "the Southwark and Deptford Tramways Company."

Your Petitioners would respectfully urge upon your Board the great advantage and accommodation which the further extension of these Tramways to nearer London Bridge will afford to your Petitioners' Parish, and the adjoining Parishes of Rotherhithe, Deptford, Bermondsey, and Greenwich, and this Deputation would humbly ask your Board to facilitate the construction of such extension by giving your consent thereto.

Your Petitioners would therefore humbly pray that your Board will be pleased, in the interests as well of your Petitioners as of the public at large, resident in the before-mentioned Parishes, to give your consent to the whole of the proposed extension of the Southwark and Deptford Tramways Company.

By Order of the Meeting,

(Signed) GEORGE H. WRIGGLESWORTH,
Chairman.

The Deputation having addressed the Board in support of the Memorial,

It was **moved** by Dresser Rogers, seconded, and **resolved**—That the said Memorial be referred to the Works and General Purposes Committee, for consideration, in connection with the references already made to them on the subject of the Bill to which it relates.

6. A Deputation from inhabitants of Clerkenwell, introduced by Mr. Thompson, and consisting of the following gentlemen, viz.—Mr. J. R. Stockall, Mr. T. Barton, Mr. J. A. Humphreys, Mr. W. S. Gedge, Mr. W. Brown, Mr. F. Lowe, Mr. R. Pringle, Mr. E. W. Bailey, Mr. W. Blunt, Mr. A. Berry, Mr. T. Cole, Mr. C. Hayward, Mr. A. Millward, Mr. A. Coker, Mr. F. Hasleham, Mr. E. W. Jarvis, Mr. J. J. Goode, Mr. W. Mott, Mr. E. T. Wackett, Mr. H. W. Burn, Mr. J. Pratt, and Mr. E. H. Sarjeant, attended the Board, and presented a Memorial, which was read, as follows—

In Parliament.—Session, 1883.

North Metropolitan Tramways (Clerkenwell and Shoreditch Extensions).

To the Metropolitan Board of Works.

Petition of the undersigned Inhabitants and Ratepayers of the Parishes of St. James and St. John, Clerkenwell,

Sheweth as follows—

1.—That the North Metropolitan Tramways Company are applying for Parliamentary powers to enable them to construct (among others) a line of Tramways along the Theobald's-road and Clerkenwell-road.

2.—That there is at present no passenger traffic accommodation along the proposed route, which runs through your Petitioners' district, and that the need of such accommodation for connecting your Petitioners' district with the Northern and Eastern parts of the Metropolis is strongly felt.

3.—That your Petitioners are satisfied that the construction of the proposed Tramways would be highly beneficial to the District generally, inasmuch as it would supply the requisite means of communication between the Eastern and Northern Districts, and would be a work of great public and local advantage and utility.

4.—That the roads along which the said Tramways are proposed to be laid, are wide and level roads of easy gradients, and admirably adapted for the construction and working of Tramways.

Your Petitioners therefore pray that the consent of your Honourable Board may be given to the Bill, subject to such Clauses as your Honourable Board may think fit

(Signed) J. J. STOCKALL,
and 70 others.

The Deputation having addressed the Board in support of the Memorial,

It was **moved** by Mr. Thompson, seconded by Mr. Ewin, and **resolved**—That the said Memorial be referred to the Works and General Purposes Committee, for consideration, in connection with the references already made to them on the subject of the Bill to which it relates.

7. A Deputation from inhabitants of Clapham-park, &c., introduced by Mr. Meaden, and consisting of the following gentlemen, viz.—Mr. F. Corfield, Mr. A. Rawlinson, Mr. W. McNaughton, Mr. I. G. Marshall, Mr. C. Devey, Mr. W. Storer, Mr. D. Martineau, Mr. D. Sclanders, Mr. W. B. Hudson, Mr. C. Tress, Mr. G. I. Goodinge, Mr. E. Price, Mr. D. H. Rucker, Mr. R. Higgins, Mr. J. Crossley, Mr. R. B. Marzetti, Mr. H. Ripley, Mr. W. Ellacott, Mr. R. Nesham and Mr. C. Priest, attended the Board, and presented a Memorial, which was read, as follows—

Memorial in opposition to the proposed Tramway in Clapham-park.

To Sir James McGarel-Hogg, Bart., K.C.B., M.P., Chairman, and the Members of the Metropolitan Board of Works.

The Memorial of the undersigned, acting as a Committee on behalf of the Residents, Owners, and Ratepayers of Clapham-park, in opposition to the proposed Tramway in the said Park,

Sheweth—

1.—That Notices and Plans have been lodged with the Board of Works for the Wandsworth District, asking for statutory powers to construct a line of Tramway from Clapham-road by Bedford-lane, along the Loat's-road to King's-road, Atkin's-road and

Streatham-place, to the summit of Brixton-hill, as well as elsewhere in the immediate vicinity of the Park.

2.—That a Memorial from the Residents, Owners, and Ratepayers in opposition to the said Tramway, of which the accompanying is a copy, was duly presented to the said Board.

3.—That the said Board, at a Meeting held on the 27th day of December last, resolved to object to the construction of the proposed line of Tramway through Clapham-park and elsewhere in its immediate neighbourhood, as thereafter officially communicated to your Memorialists.

4.—That, in addition to the reasons against the proposed Tramway, as set forth in the Memorial to the Local Board, there are structural objections to the Scheme in many places along the proposed line of route by reason of the narrowness of the roads, &c., and especially so as regards individual interests.

5.—That, taking into consideration the existing Tramways along Brixton-road and Wandsworth-road, the Promoters of the present Scheme, if allowed to carry them out, would have no less than five parallel lines of Tramway in a distance (as the Crow flies) of barely one mile and three-quarters, and the opposition in Clapham generally to further extension clearly points to the fact that the wants of the inhabitants are already sufficiently supplied with this mode of communication with other parts of the Metropolis.

Your Memorialists, therefore, earnestly pray that your Honourable Board will be pleased to refuse your assent to, and will oppose in Parliament, the construction either of the proposed Tramway, as above described, or of any other inside Clapham-park, or upon any of the roads thereof, or leading immediately thereto.

(Signed) F. CORFIELD,
and 19 others.

The copy Memorial referred to was laid before the Board.

The Deputation having addressed the Board in support of the Memorial,

It was **moved** by Mr. Meaden, seconded, and **resolved**—That the said Memorial be referred to the Works and General Purposes Committee, for consideration, in connection with the references already made to them on the subject of the Bill to which it relates.

8. A Deputation from frontagers in Commercial-street, and from ratepayers of Spitalfields, introduced by Mr. Munro, and consisting of the following gentlemen, viz.—Mr. J. French, Mr. Bailey, Mr. J. Biggs, Mr. R. Horne, the Rev. J. W. Billing, Rector of Spitalfields, Mr. G. Roberts, Mr. F. Gladwin, Mr. D. Scott, Mr. J. S. Whichelow, Mr. J. R. Ward, Mr. G. Bradley, Mr. R. Brushfield, Mr. H. W. Arnold, Mr. J. H. Lee, Mr. F. Armstrong, Mr. B. Wheal, Mr. S. J. Ashton, Messrs. J. Prime, and Sons, Mr. R. J. Dodson, Mr. D. Wakefield, Mr. D. Andrew, Mr. J. Garrett, Mr. H. Townsend, Messrs. I. Stowers and Co., Mr. W. Roach, Mr. J. Waldron, Mr. J. Collier, Mr. W. Besley, Mr. J. Robbins, Mr. J. Shorter, Mr. E. Walter, and Mr. M. Schneiders, accompanied by Mr. J. W. Cook, the Vestry Clerk of Christchurch, attended the Board, and presented a Memorial, which was read, as follows—

To the Metropolitan Board of Works.

The Humble Petition of the undersigned Frontagers, Ratepayers, Owners, Lessees and Occupiers of the premises in the line of route through Commercial-street, within the Parishes of Christchurch, Spitalfields and Whitechapel, within the District of the Whitechapel Board of Works.

SHEWETH—

1.—Your Petitioners are informed that application is about to be made to the House of Commons, to lay down and work lines of Tramway along Leman-street, thence to cross High-street, Whitechapel, and proceed through Commercial-street, Whitechapel, and Spitalfields to Shoreditch, all in the said District of the Board of Works of Whitechapel.

2.—Your Petitioners are severally Ratepayers, Owners, Lessees or Occupiers of warehouses, shops or premises fronting or abutting on the said line of route. The different properties in which your Petitioners are interested, are rated or assessed at the various sums mentioned in the fourth column, and set opposite to their respective names.

3.—That the frontages on both sides of the line of route are principally composed of large warehouses, occupied by wholesale traders, employing throughout the year a large number of vans,

carts, and other vehicles belonging to themselves, the several Railway Companies and other Carriers, and which are constantly loading and unloading along the line of frontage.

4.—That, from an early hour in the morning till eleven o'clock in the forenoon on three days in the week throughout the year, and on every day during the summer months, Commercial-street is visited, in addition to the traffic referred to in the preceding paragraph, by many hundreds of vehicles attending Spitalfields Market, from all parts of London and its suburbs, and at these times there are hundreds of vehicles loading and unloading in Commercial-street, and the streets abutting thereon, and that, during the said hours, Commercial-street is almost impassable.

5.—That a part of Commercial-street abuts upon the Goods Station of the Great Eastern Railway, and is now the main thoroughfare for heavy traffic from the Docks and the East of London to the North and West of London, and for hay carts and droves of beasts to Aldgate. There is but little vehicular traffic over the route. Your Petitioners submit that there is not, and never has been, any public demand or necessity for a Tramway through Commercial-street. It is not used by Omnibuses, and but few Cabs pass through the street.

6.—That the width required under 33 and 34 Vic., cap. 18, section 9, cannot be maintained throughout Commercial-street. In consequence of the special and heavy business traffic referred to in the preceding paragraphs, and which is daily increasing, a Tramway would seriously interfere with, and in some cases entirely destroy, and in all cases lessen, the value of the frontages and property abutting thereto for warehouses, and for purposes for which the property is now used, and be a cause of obstruction, accidents, and danger to the public and your Petitioners and persons resorting to your Petitioners' business premises.

That the Vestry of Christchurch, Spitalfields, and the Members representing the Parish at the Whitechapel District Board of Works, are opposed to the said Tramway Schemes, and Resolutions against the Schemes were forwarded to the said District Board by the said Vestry on the 1st day of January last.

Your Petitioners, therefore, humbly pray your Honourable Board to withhold its consent to the applications made to Parliament by the East London Tramways Company and the North Metropolitan Tramways (Clerkenwell and Shoreditch Extensions) Company to construct Tramways through Commercial-street aforesaid, and that your Honourable Board may be pleased to oppose the said application in Parliament.

And your Petitioners will ever pray, &c.

(Signed) W. BAILEY,
and 65 others.

Mr. Munro stated that several of the gentlemen present attended as a Deputation from inhabitants of Spitalfields, to represent their interests in the matter of the proposed Tramways, and that, although they were not provided with a separate Memorial, they were desirous of being permitted to address the Board, and he **moved**—That the Bye-law directing that one Member only of a Deputation shall be at liberty to address the Board, be on the present occasion, suspended, and that Mr. French and Mr. Bailey be now heard in support of the Memorial.

The **motion** having been seconded by Mr. Freeman, it was put to the vote, and declared by the Chairman to be carried; and it was **resolved** accordingly.

Mr. French then addressed the Board on behalf of the frontagers in Commercial-street, and Mr. Bailey was heard on behalf of inhabitants of Spitalfields, in support of the Memorial.

It was **moved** by Mr. Munro, seconded by Mr. Dresser Rogers, and **resolved**—That the said Memorial be referred to the Works and General Purposes Committee, for consideration, in connection with the references already made to them on the subject of the Bills to which it relates.

**9.** Mr. Dresser Rogers stated that a Deputation from ratepayers of Camberwell, was desirous of attending the Board this day, relative to the Tramway Bills affecting the District of Peckham, Nunhead and East Dulwich, although no notice to that effect appeared on the Paper of Business, and he **moved**—That the Bye-law with respect to the reception of Deputations be, on the present occasion suspended, and that the Deputation be now received.

The motion having been seconded by Mr. Selway, it was put to the vote, and declared by the Chairman to be carried; and it was resolved accordingly.

The Deputation was then introduced by Mr. Dresser Rogers, and consisted of the following gentlemen, viz.—Mr. A. Middlemass, Mr. F. Fermor, Mr. W. Jackson, Mr. C. Dunham, Mr. J. Fitzgibbon, Mr. C. Cook, Mr. H. Bickerstaff, Mr. Westaway and Mr. J. Catajar.

The Deputation handed in the following Resolutions, which were read—

At a Meeting of the Ratepayers of Camberwell, held at the Vestry-hall, on Thursday, February 1st, 1883, duly convened by placards and advertisements, it was unanimously Resolved—

"That this Meeting of the Ratepayers of Camberwell, having regard to the absolute "necessity of further means of locomotion, and of access to the City and West-end "from the neighbourhood of Peckham, Nunhead, and East Dulwich, desire to express "to the Metropolitan Board of Works an earnest hope that the Tramway Bills now "before Parliament may, so far as the above neighbourhoods are concerned, receive "the approval of the Board."

Resolved—

"That the Resolution be signed by the Chairman, on behalf of the Meeting, and be "presented to the Board to-morrow."

Signed on behalf of the Meeting,

(Signed) AND$^{W}$. MIDDLEMASS,
Chairman.

The Deputation having addressed the Board in support of the Resolutions,

It was moved by Mr. Dresser Rogers, seconded by Mr. Harris, and resolved—That the said Resolutions be referred to the Works and General Purposes Committee, for consideration, in connection with the references already made to them on the subject of the Bills to which they relate.

**10**. Read a Letter from Mr. T. E. Jones, Clerk to the Fulham District Board, dated 1st February, 1883, stating that they had resolved not to consent to the West Metropolitan Tramways Extension Scheme.

It was moved, seconded, and resolved—That the said Letter be referred to the Works and General Purposes Committee, for consideration, in connection with the references already made to them on the subject of the Bill to which it relates.

**11**. Read a Letter, as follows—

Board of Works for the Fulham District.

Clerk's Office: Broadway House, Hammersmith, W.,
1st day of February, 1883.

Crown-road Improvement at Junction with Fulham Palace-road.

Dear Sir,—This Board, recognising the need for an improved and widened entrance to Crown-road from the Fulham Palace-road, and a certain plot of land at the junction of the two roads being then offered for sale, advantage was taken of the circumstance to secure the land, and the Board has purchased the Freehold estate therein, and are desirous of carrying out their Improvement, as shown on the Plan, at an estimated cost of £380.

I am to ask the sanction of the Metropolitan Board to the making of the Improvement, and to ask that they will contribute towards the cost thereof.

I am, &c.,
(Signed) THOMAS E. JONES,
Clerk to the Board.

The Clerk,
Metropolitan Board of Works,
Spring-gardens.

The Plan referred to was laid before the Board.

It was moved, seconded, and resolved—That the said Letter be referred to the Works and General Purposes Committee, for consideration and report.

**12.** Read a Letter, as follows—

Board of Works for the Fulham District.
Clerk's Office: Broadway House, Hammersmith, W.,
1st day of February, 1883.

QUEEN-STREET IMPROVEMENT, ENTRANCE TO FULHAM PALACE-ROAD.

DEAR SIR,—This Board has lately been in negotiation with the Vicar of the Parish, with a view to acquiring some portion of the Churchyard for the purpose of widening Queen-street at the junction of the Fulham Palace-road, as shown upon the Plan enclosed.

The Board has agreed with the Vicar certain terms, as set out in the annexed copy Report of Works Committee, and I am to ask the sanction of the Metropolitan Board to the carrying out of the said Improvement, and for a contribution towards the cost thereof.

It will doubtless be within the recollection of your Board that an Improvement was contemplated here some time back (1873); and your Board approved of the Scheme, and promised a contribution towards the cost, unfortunately the Vicar found that some of the Parishoners objected, and the whole thing fell through.

I may add that the area of ground to be given up now is very much larger than that contemplated in 1873, and that the imperative need for the widening of the road at this point had been very forciby pressed upon the attention of this Board since the commencement of the enormous building operations in what was formerly Fulham-fields.

I am, &c.,
(Signed) THOMAS E. JONES,
Clerk to the Board.

The Clerk to the
Metropolitan Board of Works, Spring-gardens.

The Plan and copy Report referred to were laid before the Board.

It was moved, seconded, and resolved—That the said Letter be referred to the Works and General Purposes Committee, for consideration and report.

**13.** Mr. Richardson handed in a Letter, as follows—

Board of Works for the Greenwich District.
141, Greenwich-road, Greenwich, S.E.,
February 1st, 1883.

DEAR SIR,—On the 3rd April last, the Assistant-Solicitor (Conveyancing Department) of your Board wrote with reference to the application of this Board for a Loan of £25,000, the estimated cost of certain paving works, that the Metropolitan Board of Works had agreed to advance £10,000 of the amount applied for, and that a fresh application for the remainder of the £25,000 must be made when this Board were prepared to take it up. My Board, at its last Meeting, passed a Resolution to pave with 6-inch by 4-inch granite cubes the portion of the New-cross-road in the Parish of St. Paul, Deptford, which is not already paved by the Tramway Company. The estimated cost of this work is £15,000, and I am instructed to apply, on behalf of my Board, to the Metropolitan Board of Works for a Loan of this sum, re-payable by instalments extended over 20 years.

I shall be obliged by your laying this application before the Metropolitan Board.

I am, &c.,
(Signed) J. SPENCER,
Clerk of the Board.

J. E. Wakefield, Esq.,
Clerk of the Metropolitan Board of Works,
Spring-gardens, S.W.

It was moved by Mr. Richardson, seconded, and resolved—That the said Letter, be referred to the Finance Committee, for consideration and report, and that the Engineer and the Accountant do report to the Committee thereon.

**14.** Mr. Tolhurst, on behalf of Mr. Freeman, the Chairman of the Finance Committee, brought up a Report, as follows—

REPORT OF THE FINANCE COMMITTEE.

Spring-gardens, 30th January, 1883.

Your Committee have to report that they have examined the Pass Books of the Treasurer and Banker of the Board, together with the Statements prepared by your Accountant, and have ascertained the Cash Account to be as follows—

## CONSOLIDATED CASH ACCOUNT—

Your Committee have also to report that they have examined the Certificates of the various principal Officers for the payment of the sums mentioned in the accompanying Statement, and have found the same correct, and they recommend—

That the sums specified therein, amounting in the whole to £19,016 6s. 4d., be paid.

Your Committee have had before them statements of certain sums payable to District Surveyors in respect of services in connection with Dangerous Structures, and they recommend—

That the necessary Orders be made with respect to the same.

Your Committee have considered the application of the Vestry of Islington, stating that the Improvement at Grove-road is completed, and requesting payment of the Board's promised contribution, referred by the Board on the 24th November last (No. 30). The Board, on the 26th May, 1882 (No. 7), agreed to contribute one-half of the cost of the works (stated to be £218 3s. 11d.), not exceeding £109, upon the usual Certificates of their Officers. The works have been completed, except that about 21 feet super. of land in front of No. 1, Grove-road, have not been given up, in consequence of the Freeholder declining to have the forecourt of that house interfered with. Your Committee consider that as this is a departure from the Plan approved of, the matter should be again brought under the notice of the Works and General Purposes Committee, and they accordingly recommend that course for adoption.

Your Committee have considered the Letter from the Vestry of St. Luke, requesting a further payment on account of the contribution to the Improvement in Golden-lane,

and for the contributions promised towards those in Bath-street and Lever-street, and Helmet-row, referred by the Board on the 1st ultimo (No. 32). The Board, in the years 1877 and 1878, promised to contribute one-half of the net cost of the Golden-lane Improvement, not exceeding £49,729, and they have already advanced on account thereof £34,000. The amount expended on the work has been £167,435 10s., and the recoupment now expected to be realised is £93,559 18s. 10d , leaving the net cost, £73,875 11s. 2d., and the balance due (after deducting the £34,000), £2,937 15s. 7d. Although the price at which the surplus land is to be sold has been arranged, the money has not yet been paid, so that the Account cannot be closed, and your Committee therefore consider that a payment of £2,900 on account only should be made. The Board, on the 16th November, 1877, and 22nd February, 1878, agreed to contribute one-half of the cost, not exceeding £5,371, of the Improvement at Bath-street and Lever-street, on the usual Certificates of their Officers. Your Superintending Architect has reported that the works are in an advanced state, the greater part of the setting back and making up of the road-way having been carried out, but the completion is delayed by the "Green Gate" Public-house, which is about to be rebuilt to the new line of frontage. Your Superintending Architect reports that the Vestry have expended £20,765, and expect to realise from recoupments, £13,000, leaving the net cost £7,765, and the moiety payable by the Board £3,882 10s. Your Committee consider that a payment of £2,500 should in this case be made on account. With reference to the Improvement at Helmet-row, the Board agreed on the 26th instant (No. 9) to contribute £10, and your Officers having certified to the completion and cost of the work, the contribution can now be paid. Your Committee therefore recommend—

That a Cheque be drawn for the sum of £2,900 in favour of the Vestry of St. Luke, on further account of the Board's promised contribution towards the cost of the Improvement in Golden-lane.

That a Cheque be drawn for the sum of £2,500, in favour of the Vestry of St. Luke, on account of the Board's promised contribution towards the cost of the Improvement at Bath-street and Lever-street.

That a Cheque be drawn for the sum of £10, in favour of the Vestry of St. Luke, being the amount of the Board's promised contribution towards the cost of the Improvement at Helmet-row.

Your Committee have considered the application of the Fulham District Board, for permission to borrow, and for the advance of £5,855 9s. 8d. for paving works, referred by the Board on the 12th instant (No. 8). The District Board propose to lay down certain granite crossings, kerb, channelling, and foot pavement, and 600 feet of 12-inch pipe sewer, and also to make a diversion of the road across Brook-green, at an estimated cost of £3,720 10s., £220, and £617 15s. 6d., respectively, making a total of £4,558 5s. 6d. Works of granite crossings, kerb, channelling and foot-way have been already executed, at a cost of £764 17s. 10d., making the sum of £5,323 3s. 4d., to which has been added £532 6s. 4d., being 10 per cent. for contingencies, making the total sum of £5,855 9s. 8d., which the District Board ask may be advanced. Your Engineer has examined the Estimate, and reports that as the sum of £764 17s. 10d. is the ascertained cost of the completed works, there appears to be no necessity to add 10 per cent. for contingencies, and that the prices in the Schedule for the works yet to be done, appear to him to be also sufficiently high, without the addition of 10 per cent. for contingencies, and in this opinion your Committee concur. The District Board ask that the re-payment of the Loan may be spread over a period of 50 years, but your Committee see no reason to extend the period beyond 15 years, and they therefore recommend—

That the application of the Fulham District Board, for permission to borrow £5,855 9s. 8d. to defray the cost of granite kerbing, crossings, channelling, foot-way, &c., works, be granted to the extent of £5,300; that, subject to all necessary or proper consents being obtained to the satisfaction of the Solicitor, the amount be advanced by this Board out of their Consolidated Loans Fund, on condition that the Loan be taken up at once, interest being charged thereon at the rate of £3 10s. per cent. per annum, payable quarterly on the 1st April, 1st July

1st October and 1st January, and the principal being re-paid by equal annual instalments on each 1st January within fifteen years; and that it be referred to the Solicitor to complete the Loan.

Your Committee have considered the Letter from the Guardians of Paddington, requesting an advance of £30,000, referred by the Board on the 12th instant (No. 52). The amount is required by the Guardians towards defraying the cost of erecting an Infirmary at their Workhouse, and is to be raised under an Order of the Local Government Board, and they propose to take up £12,000 at Lady-day, £10,000 at Michaelmas, and £8,000 at Christmas next. Your Committee consider it desirable that the Board should at present only promise to advance the £12,000; and they therefore recommend—

That, subject to all necessary or proper consents being obtained to the satisfaction of the Solicitor, the application of the Guardians of Paddington for a Loan of £30,000 towards the cost of erecting an Infirmary at their Workhouse, be granted to the extent of £12,000, that the amount be advanced by the Board out of their Consolidated Loans Fund, on condition that it be taken up in March next, interest being charged thereon at the rate of £3 10s. per cent. per annum, calculated quarterly, and, with the principal, being re-paid by equal half-yearly payments within a period of 30 years; that it be referred to the Solicitor to complete the Loan, and that the Guardians be informed that they must apply for the balance of the Loan when they are prepared to take up the money.

Pursuant to the Resolution of the Board of the 6th October last (No. 31), your Committee have considered the application of the Burial Board of St. George, Hanover-square, for a Loan of £5,000 for the purchase, draining and enclosing of land for extending their Cemetery at Hanwell. The requisite consents of the Vestry and Home Secretary are stated to have been obtained, and, seeing no objection to the advance, your Committee recommend—

That, subject to all necessary or proper consents being obtained to the satisfaction of the Solicitor, the application of the Burial Board of St. George, Hanover-square, for a Loan of £5,000 for the purchase of land for extending their Cemetery at Hanwell, be complied with that the amount be advanced by the Board out of their Consolidated Loans Fund, on condition that the Loan be taken up at once, interest being charged thereon at the rate of £3 10s. per cent. per annum, payable quarterly, on the 1st April, 1st July, 1st October and 1st January, and the principal being re-paid by equal annual instalments on each 1st of January within 25 years; and that it be referred to the Solicitor to complete the Loan.

Your Committee have considered the Letter from the Treasury, on the subject of their approval of the Board's Estimate for 1883, requesting that certain information may be supplied in future Estimates, and that they may be furnished with details of the Board's calculations as to the Toll Bridges, referred by the Board on the 26th instant (No. 12). Your Accountant has submitted to your Committee a Report on the points raised by the Treasury, and, considering that it is desirable that the substance of it should be communicated to the Treasury in reply to their Letter, your Committee recommend that course for adoption.

Your Committee have also to report that your Accountant has submitted to them a list of the Vestries, District Boards, &c., who have not paid the third and fourth quarters of the Precepts issued by the Board for the Metropolitan Consolidated Rate for the year 1882, which became due on the 29th September and 23rd December last. As it is desirable that the amounts due should be forthwith paid, your Committee recommend—

That a communication be addressed to the Vestries, and other Boards who are in default, to the effect that, on the expiration of Three weeks from the 2nd instant, it will become the duty of the Board to make Rates upon the several Parishes and Districts, &c., for all sums which may then remain due under the Precepts.

Your Committee have further to report that the Precepts, which were issued by the Board on the 20th January, 1882, and directed to the Societies of Lincoln's Inn and the Inner Temple, are still unpaid, and they recommend—

That Mr. Joseph Smith be appointed to levy in those places the amounts required to be raised, and that the Common Seal of the Board be affixed to the necessary Instruments of Appointment.

Your Committee have had their attention drawn to the present amount of the balance standing to the credit of the Board at the London and Westminster Bank, and to the necessity for investing a portion of it, in accordance with the arrangement made with the Treasury, and, your Committee having been informed by your Accountant that Treasury Bills will be tendered for on the 6th proximo, have instructed the Board's Bankers to tender on their behalf for £500,000, and also, in the event of the Tender being accepted, to debit the Board with the amount, and they request the sanction of the Board to the course taken.

The Board, on the 17th June, 1881 (No. 12), drew a Cheque on the Fire Brigade Account for £9 15s. 10d. in favour of Mrs. Dobree, and that Cheque having been lost, another was drawn in lieu thereof, on the 5th May, 1882 (No. 11). Mrs. Dobree, having recently found the first mentioned Cheque, has returned it, and your Committee recommend—

That the Cheque be cancelled.

All which your Committee beg to submit.

(Signed) R. FREEMAN,
JOHN TOLHURST,
DONALD MUNRO,
G. B. RICHARDSON,
W. H. DALTON.

(Signed) ARTHUR GUNN,
*Accountant.*

The Report having been read and received,

It was **moved** by Mr. Tolhurst, seconded, and **resolved**—That the sums specified in the Statement submitted by the Committee, amounting in the whole to £19,016 6s. 4d., be paid.

Cheques were thereupon signed by two Members of the Board present at the Meeting.

It was **moved** by Mr. Tolhurst, seconded, and **resolved**—That Fees, as specified in the Four series of Accounts now presented to this Board, and numbered from 1 to 33, and also specified in the Summaries of such Accounts, now presented to this Board, and signed by their Clerk, and marked A to C inclusive, be paid to the respective District Surveyors mentioned in the following Abstract, for services performed by them in connection with Dangerous Structures in the Metropolis, not being within the City of London, such services being the surveying and reporting, by direction of the Metropolitan Board of Works, under the Second part of the Metropolitan Building Act, 1855, and pursuant to the Metropolitan Building Act, 1869, on Structures reported to be in a dangerous state, and also special services performed by them in cases in which special services have been required to be performed under the Second part of the Second Schedule of such Act.

It was **moved** by Mr. Tolhurst, seconded, and **resolved**—That the question as to the Improvement in Grove-road, Holloway, be referred to the Works and General Purposes Committee, for consideration and report.

It was **moved** by Mr. Tolhurst, seconded, and **resolved**—That a Cheque be now drawn for the sum of £2,900 in favour of the Vestry of St. Luke, Middlesex, further on account of the Board's promised contribution towards effecting the Improvement in Golden-lane.

It was moved by Mr. Tolhurst, seconded, and resolved—That a Cheque be now drawn for the sum of £2,500, in favour of the Vestry of St. Luke, Middlesex, on account of the Board's promised contribution towards the Improvement in Bath-street and Lever-street.

It was moved by Mr. Tolhurst, seconded, and resolved—That a Cheque be now drawn for the sum of £10, in favour of the Vestry of St. Luke, Middlesex, being the amount of the Board's promised contribution towards the Improvement in Helmet-row.

A Cheque for £5,410 was then drawn on the General Capital Account accordingly.

It was moved by Mr. Tolhurst, seconded, and resolved—That the application of the Fulham District Board, for permission to borrow a sum of £5,855 9s. 8d., to defray the cost of granite kerbing, crossings, channelling, foot-way, &c., works, be granted to the extent of £5,300; that, subject to all necessary or proper consents being obtained to the satisfaction of the Solicitor, the amount be advanced by this Board out of their Consolidated Loans Fund, on condition that the Loan be taken up at once, interest being charged thereon at the rate of £3 10s. per centum per annum, payable quarterly on the 1st April, the 1st July, the 1st October, and the 1st January in each year, and the principal being re-paid by equal annual instalments on each 1st January, within a period of Fifteen years; and that it be referred to the Solicitor to take the necessary measures for completing the Loan.

It was moved by Mr. Tolhurst, seconded, and resolved—That, subject to all necessary or proper consents being obtained to the satisfaction of the Solicitor, the application of the Guardians of Paddington for a Loan of a sum of £30,000 towards the cost of erecting an Infirmary at their Workhouse, be granted to the extent of £12,000; that the amount be advanced by the Board out of their Consolidated Loans Fund, on condition that the Loan be taken up in March next, interest being charged thereon at the rate of £3 10s. per centum per annum, calculated quarterly, and, with the principal, being re-paid by equal half-yearly payments within a period of Thirty years; that it be referred to the Solicitor to take the necessary measures for completing the Loan, and that the Guardians be informed that they must apply for the balance of the Loan when they are prepared to take up the money.

It was moved by Mr. Tolhurst, seconded, and resolved—That, subject to all necessary or proper consents being obtained to the satisfaction of the Solicitor, the application of the Burial Board of St. George, Hanover-square, for a Loan of a sum of £5,000 for the purchase of land to extend their Cemetery at Hanwell, be complied with; that the amount be advanced by the Board out of their Consolidated Loans Fund, on condition that the Loan be taken up at once, interest being charged thereon at the rate of £3 10s. per centum per annum, payable quarterly, on the 1st April, the 1st July, the 1st October, and the 1st January in each year, and the principal being re-paid by equal annual instalments on each 1st January, within a period of Twenty-five years; and that it be referred to the Solicitor to take the necessary measures for completing the Loan.

It was moved by Mr. Tolhurst, seconded, and resolved—That the substance of the Accountant's Report on the Letter from the Treasury, with reference to the Board's Estimate for 1883, be sent to the Treasury in reply to their Letter.

It was moved by Mr. Tolhurst, seconded, and resolved—That the several Vestries, District Boards, &c., who have made default in payment of the third and fourth instalments of the sums named in the Precepts issued by the Board for the Metropolitan Consolidated Rate for the year 1882, which became due on the 29th September and 23rd December last, be informed that, on the expiration of Three weeks from this date, it will become the duty of the Board to make Rates upon the several Parishes, &c., for levying all sums which may then remain due under such Precepts.

It was moved by Mr. Tolhurst, seconded, and resolved—That the necessary steps be forthwith taken for the preparation of Rates on Lincoln's-inn and the Inner Temple, for the Consolidated Rate for the year 1882.

The Clerk reported that the sum of £247 10s. 3d., mentioned in the Precept, dated 20th January, 1882, in respect of the Metropolitan Consolidated Rate, and addressed to the Honourable Society of Lincoln's-inn, was still unpaid.

And it being made to appear to the Board that the Honourable Society of Lincoln's-inn had neglected and failed to obey the Precept of the Board, issued on the 20th January, 1882, in respect of the Metropolitan Consolidated Rate, and duly served upon the said Society,

It was moved by Mr. Tolhurst, seconded, and resolved—That Joseph Smith be appointed to levy in Lincoln's-inn the money required by this Board, amounting to £247 10s. 3d., as follows, that is to say—

Whereas, at a Meeting of the Metropolitan Board of Works, held on the 20th day of January, 1882, at the Office of the Board, Spring-gardens, under and by virtue of the Metropolis Management Act, 1855, and the Acts for amending, extending, and varying the same, and the Metropolitan Board of Works (Loans) Act, 1869, the said Board did issue their Precept, under their Common Seal, to the Treasurer and Masters of the Bench of the Honourable Society of Lincoln's-inn, being one of the places mentioned in Schedule C to the said Act of 1855, and did thereby require them to pay to the London and Westminster Bank, No. 1, St. James's-square, in the City of Westminster, Treasurer and Banker of the said Metropolitan Board, in respect of the Metropolitan Consolidated Rate, the sum of £247 10s. 3d., in manner following—that is to say—the sum of £61 17s. 6d., part thereof, on or before the 25th day of March, 1882; the sum of £61 17s. 6d., part thereof, on or before the 24th day of June, 1882; the sum of £61 17s. 6d., part thereof, on or before the 29th September, 1882; and the sum of £61 17s. 9d., residue thereof, on or before the 23rd December, 1882; the said sum of £247 10s. 3d., being the amount by law chargeable upon the said Lincoln's-inn for payment of principal and interest of, and Sinking Fund for, securities granted before the passing of the Metropolitan Board of Works Loans (Act), 1869, and also for all other purposes of the Board to which the said Society is liable, as set forth in the said Precept; and which said sum of £247 10s. 3d. the said Metropolitan Board did, on the 20th day of January, 1882, ascertain and assess upon the said Lincoln's-inn as a portion of the said Metropolitan Consolidated Rate, in pursuance of the provisions of the said Acts in that behalf. And whereas the said Precept was duly served upon the said Society, and the said Society have neglected and failed to pay the said sum of £247 10s. 3d. within the times and in the manner mentioned, and as required by the said Precept, and the said sum, and every part thereof, is still unpaid. And whereas it has been resolved at a Meeting of the said Board, held at their Office in Spring-gardens, in the said County of Middlesex, this day, that you, Joseph Smith, should be appointed to levy in the said Lincoln's-inn the said sum required by the said Metropolitan Board to be paid by the said Society in respect of the said Precept.

Now the said Metropolitan Board do, by this Instrument, under their Common Seal, appoint you, the said Joseph Smith, in conformity with the said Resolution, to levy, forthwith, in the said Lincoln's-inn, in accordance with the said Assessment and Precept, and in conformity with the said Acts, the said sum of £247 10s. 3d., mentioned in the said Precept, and required by this Board for the purposes aforesaid, and to levy in addition to the said sum of £247 10s. 3d. all the expenses of, and incidental to, the preparing, making, collecting, and levying any Rate which may be made by you for the purpose of raising the said sum.

The Clerk laid before the Board the said Instrument of Appointment of the said Joseph Smith.

It was moved by Mr. Tolhurst, seconded, and resolved—That the said Instrument of Appointment be approved and adopted; that the Common Seal of the Board be affixed thereto, and that the same, when sealed, be delivered to the said Joseph Smith as his appointment to levy the said sum mentioned in the Precept, amounting to £247 10s. 3d.,

together with all the expenses of, and incidental to, the preparing, making, collecting, and levying any Rate which may be made by him for the purpose of raising the said sum; and the Seal of the Board was affixed to such Instrument of Appointment accordingly.

The Clerk reported that the sum of £293 17s. 7d., mentioned in the Precept, dated 20th January, 1882, in respect of the Metropolitan Consolidated Rate and addressed to the Honourable Society of the Inner Temple, was still unpaid.

And it being made to appear to the Board that the Honourable Society of the Inner Temple had neglected and failed to obey the Precept of the Board, issued on the 20th January, 1882, in respect of the Metropolitan Consolidated Rate, and duly served upon the said Society,

It was moved by Mr. Tolhurst, seconded, and resolved—That Joseph Smith be appointed to levy in the Inner Temple the money required by this Board, amounting to £293 17s. 7d., as follows, that is to say—

Whereas, at a Meeting of the Metropolitan Board of Works, held on the 20th day of January, 1882, at the Office of the Board, Spring-gardens, under and by virtue of the Metropolis Management Act, 1855, and the Acts for amending, extending, and varying the same, and the Metropolitan Board of Works (Loans) Act, 1869, the said Board did issue their Precept, under their Common Seal, to the Treasurer and Masters of the Bench of the Honourable Society of the Inner Temple, being one of the places mentioned in Schedule C to the said Act of 1855, and did thereby require them to pay to the London and Westminster Bank, No. 1, St. James's-square, in the City of Westminster, Treasurer and Banker of the said Metropolitan Board, in respect of the Metropolitan Consolidated Rate, the sum of £293 17s. 7d., in manner following, that is to say—the sum of £73 9s. 4d., part thereof, on or before the 25th day of March, 1882; the sum of £73 9s. 4d., part thereof, on or before the 24th day of June, 1882; the sum of £73 9s. 4d., part thereof, on or before the 29th September, 1882; and the sum of £73 9s. 7d., residue thereof, on or before the 23rd December, 1882, the said sum of £293 17s. 7d., being the amount by law chargeable upon the said Inner Temple for payment of principal and interest of, and Sinking Fund for, securities granted before the passing of the Metropolitan Board of Works (Loans) Act, 1869, and also for all other purposes of the Board to which the said Society is liable, as set forth in the said Precept; and which sum of £293 17s. 7d. the said Metropolitan Board did, on the 20th day of January, 1882, ascertain and assess upon the said Inner Temple as a portion of the said Metropolitan Consolidated Rate, in pursuance of the provisions of the said Acts in that behalf. And whereas the said Precept was duly served upon the said Society, and the said Society have neglected and failed to pay the said sum of £293 17s. 7d., within the times and in the manner mentioned, and as required by the said Precept, and the said sum and every part thereof is still unpaid. And whereas it has been resolved, at a Meeting of the said Board, held at their Office in Spring-gardens, in the said County of Middlesex, this day, that you, Joseph Smith, should be appointed to levy in the said Inner Temple, the said sum required by the said Metropolitan Board to be paid by the said Society in respect of the said Precept.

Now, the said Metropolitan Board do, by this Instrument, under their Common Seal, appoint you, the said Joseph Smith, in conformity with the said Resolution, to levy, forthwith, in the said Inner Temple, in accordance with the said Assessment and Precept, and in conformity with the said Acts, the said sum of £293 17s. 7d., mentioned in the said Precept, and required by this Board for the purposes aforesaid, and to levy, in addition to the said sum of £293 17s. 7d., all the expenses of, and incidental to, the preparing, making, collecting, and levying any Rate which may be made by you for the purpose of raising the said sum.

The Clerk laid before the Board the said Instrument of Appointment of the said Joseph Smith.

It was **moved** by Mr. Tolhurst, seconded, and **resolved**—That the said Instrument of Appointment be approved and adopted; that the Common Seal of the Board be affixed thereto, and that the same, when sealed, be delivered to the said Joseph Smith, as his appointment to levy the said sum mentioned in the said Precept, amounting to £293 17s. 7d., together with all the expenses of, and incidental to, the preparing, making, collecting, and levying any Rate which may be made by him, for the purpose of raising the said sum; and the Seal of the Board was affixed to such Instrument of Appointment accordingly.

It was **moved** by Mr. Tolhurst, seconded, and **resolved**—That the said Joseph Smith do enter into a joint and several Bond, with one Surety in the sum of £200, conditioned for faithfully levying the said amounts in Lincoln's-inn and the Inner Temple, and duly paying the same to the Treasurer and Banker of this Board.

It was **moved** by Mr. Tolhurst, seconded, and **resolved**—That the course taken by the Committee in instructing the Board's Bankers to tender for £500,000 Treasury Bills, be approved.

It was **moved** by Mr. Tolhurst, seconded, and **resolved**—That the Cheque for £9 15s. 10d., drawn on the Fire Brigade Account on the 17th June, 1881, in favour of Mrs. Dobree, be now cancelled.

The said Cheque was thereupon cancelled accordingly.

**15.** Mr. Selway, the Deputy-Chairman of the Works and General Purposes Committee, brought up a Report, as follows—

REPORT OF THE WORKS AND GENERAL PURPOSES COMMITTEE.

Spring-gardens, 29th January, 1883.

| *Re* Goodchild (Wells-street, Poplar)—(2009)— | | |
| 4679 | Goodchild, W. J.—Purchase-money ... ... ... | 1,960 – – |
| | | £8,130 9 – |

Your Committee submit, for the information of the Board, a marked Catalogue and Account of sale of building materials of houses, &c., in the Newport-market area, by Messrs. Horne, Eversfield, and Co., on the 28th November last, as follows—

| | |
|---|---|
| Proceeds of Sale ... ... ... ... ... | £550 5 6 |
| Commission (£7 10s. per cent.) ... ... ... | 41 5 3 |
| Amount received by Board, 17th January, 1883 ... | £509 – 3 |

In pursuance of the reference by the Board of the 19th instant (No. 7), your Committee have had before them the Notice of the West Middlesex Water Company, to the effect that they intend to give, on and after 1st June next, a Constant Supply of Water in a further portion of their district, namely, in the Parish of St. Marylebone. Your Committee recommend, as in the cases of previous similar Notices from this and other Water Companies—

That the Board do not dissent from the proposal.

Your Committee have further to report that they have proceeded on the Resolution of the Board of the 17th November last (No. 14), referring it to them to inquire and report whether it is expedient that the Board should take any steps with reference to the extension of their jurisdiction over the storage of Petroleum in the Metropolis, and whether an alteration should be made in the definition of the term "Petroleum," in the Petroleum Acts. During the past few years the Board have on several occasions felt it their duty to bring under the notice of the Home Department the necessity which, in their judgment, exists for an amendment of the Acts of Parliament

governing the sale and storage of Petroleum and its products, and your Committee desire to call the attention of the Board to the Letter which, upon their recommendation, was addressed to the Secretary of State on the 8th March, 1881, upon this subject. In that Letter the Board expressed the opinion which they had long entertained that the law did not provide for the safety of the public so effectually as it might do, and advocated the view that all Petroleum, whatever its point of inflammability, should be subject to public regulation and supervision, and that it was undesirable that inflammable substances of this nature should be stored in large quantities, in or near Cities or Towns, except under stringent regulations. Your Committee, in again considering the question under the present reference, see no reason to depart from or to modify the opinion expressed in that Letter, and they recommend—

That the Secretary of State be asked to introduce a Bill providing for the two objects above stated.

Your Committee further recommend, in the event of that course being adopted by the Board—

That it be referred back to them to give effect to the Board's Resolution, and that they be authorised to seek an interview with the Home Secretary on the subject, if they think it desirable.

All which your Committee beg to submit.

The marked Catalogue and Account of sale of building materials of houses, &c., in the Newport-market area, submitted with the Report, were laid before the Board.

The Report having been read and received,

It was **moved** by Mr. Selway, seconded, and **resolved**—That the Board do not dissent from the intimation contained in the Notice from the West Middlesex Waterworks Company, dated 17th January, 1883, of their intention to give a Constant Supply of Water within a certain portion of their Water limits described in such Notice.

It was **moved** by Mr. Selway, and seconded—That the Secretary of State be asked to introduce a Bill to bring all Petroleum under public regulation and supervision, and to prohibit its storage in large quantities in or near Cities and Towns, except under stringent regulations.

An **amendment** thereon was **moved** by Mr. Richardson, and seconded by Mr. Furniss —That the subject be referred back to the Committee, for further consideration and report.

The **amendment** having been put to the vote, there were for it 10, against it 14, and it was declared by the Chairman to be lost.

The **original motion** was then put to the vote, when there were for it 14, against it 7, and it was declared by the Chairman to be carried; and it was **resolved** accordingly.

It was **moved** by Mr. Selway, seconded, and **resolved**—That it be referred back to the Committee to give effect to the foregoing Resolution, and that they be authorised to seek an interview with the Home Secretary on the subject, if they think it desirable.

**16.** Mr. Shepherd, the Chairman of the Building Act Committee, brought up a Report, as follows—

REPORT OF THE BUILDING ACT COMMITTEE.

Spring-gardens, 23rd January, 1883.

Your Committee have to report that they have, pursuant to the Resolution of the Board of the 22nd November, 1878 (No. 48), considered the following applications for the re-naming and re-numbering of various streets and places in the Metropolis, viz.—

| DATE. | APPLICATION. |
|---|---|
| 24th February, 1881. | Vestry of Lambeth, for re-numbering various streets in the Parish. |
| 2nd May, 1881. | Greenwich District Board, for re-numbering various streets at Deptford. |
| 27th June, 1882. | Mr. F. H. Pankhurst and Messrs. Hinkley, Walters, and Co., for re-numbering the houses in Little York-place, St. Marylebone. |
| 9th May, 1882. | Mr. W. Fox-Battley, for re-numbering the houses in Coldbath-street, Greenwich. |
| 30th June, 1882. | Vestry of Camberwell, for re-numbering the houses in various streets in the Parish. |
| 30th June, 1882. | Rev. Sidney Bott, for re-numbering the houses in several streets in the Parish of Chelsea (detached). |
| 13th October, 1882. | Mr. H. A. Harben, for re-numbering the houses in Primrose-hill-road, Hampstead. |
| 27th October, 1882. | Mr. G. Bygrave and others, for re-naming the row of shops in Belgrave-mews, East Belgrave-square, Belgrave-terrace. |
| 3rd January, 1883. | Vestry of Paddington, for incorporating a lane leading from Porchester-terrace to Leinster-terrace with Craven-hill-gardens. |
| 8th January, 1883. | Mr. Henry Saunders, for re-naming Longton-grove, Sydenham, "Longton-avenue." |

Your Committee have received Reports from your Superintending Architect on the above-mentioned applications; they have also inspected Plans prepared under his direction, showing the alterations which it is desirable to make in the naming and numbering of the several thoroughfares, and they recommend—

That the subsidiary name in Sidney-road, Stockwell-road, Lambeth, be abolished, and the houses re-numbered.

That the houses in St. John's-road, Brixton-road, Lambeth, be re-numbered.

That Garden-row, James's-street and St. John's-road, Deptford, be incorporated under the name "St. John's-road, S.E.," the subsidiary names abolished, and the houses re-numbered.

That Great York-mews, Little York-mews and Little York-place, Portman-square, St. Marylebone, be incorporated under the name "Great York-mews, W.," and the premises re-numbered.

That the subsidiary names in Coldbath-street, Greenwich, be abolished, and the houses re-numbered.

That the subsidiary names in Crown-street, Wyndham-road, Camberwell, be abolished, and the houses re-numbered.

That the houses in Dart-street, Kensal-town, be re-numbered.

That the subsidiary names in Lancefield-street, Kensal-town, be abolished, and the houses re-numbered.

That the houses in Herries-street, Kensal-town, be re-numbered.

That the houses in Beethoven-street, Kensal-town, be re-numbered.

That the houses in Mozart-street, Kensal-town, be re numbered.

That the houses in Primrose-hill-road, Hampstead, be re-numbered.

That Mr. Bygrave be informed that the Board cannot sanction the name "Belgrave-terrace" being applied to a row of shops in Belgrave-mews East, Belgrave-square.

That the thoroughfare extending from Porchester-terrace to Leinster-terrace, Paddington, be named "Craven-hill-gardens, W.," in continuation of the existing place of that name.

That so much of Longton-grove, Sydenham, as extends from Taylor's-lane to Wells-road, be re-named "Longton-avenue, S.E."

All which your Committee beg to submit.

(Signed) WM SHEPHERD,
W. R. SELWAY,
DONALD MUNRO,
FRANCIS H. FOWLER.

The Report of the Building Act Committee of the 23rd day of January, 1883, appointed by this Board, having been read and considered, this Board doth, pursuant to the provisions of the Metropolis Management Act, 1855, and Metropolis Management Amendment Act, 1862,

**Resolve**, and it is hereby **resolved** and **ordered**, on the **motion** of Mr. Shepherd, seconded by Mr. Fowler—That, for the purpose of distinguishing the same, the several houses and premises in the line of thoroughfare known by the name of Sidney-road, Stockwell, in the Parish of Lambeth, in the County of Surrey, be marked with the numbers, as shown by red figures on the Plan now produced, marked 3,009, in lieu of the existing numbers, as shown on the said Plan; the odd numbers, commencing with 1 and ending with 65, being assigned to the houses on the Southern side, and the even numbers commencing with 2 and ending with 56, to those on the Northern side; that such numbers do commence at the Eastern end; that the name Park-place, and any other name or names now in use in Sidney-road, and the existing numbers, be abolished; that the whole line of thoroughfare be called "Sidney-road, S.W.," and that notice of this Order be given to the Vestry of Lambeth, pursuant to the 87th Section of the said Metropolis Management Amendment Act, 1862.

The Report of the Building Act Committee of the 23rd day of January, 1883, appointed by this Board, having been read and considered, this Board doth, pursuant to the provisions of the Metropolis Management Act, 1855, and Metropolis Management Amendment Act, 1862,

**Resolve**, and it is hereby **resolved** and **ordered**, on the **motion** of Mr. Shepherd, seconded by Mr. Fowler—That, for the purpose of distinguishing the same, the several houses and premises in the line of thoroughfare known by the name of St. John's-road, Stockwell, in the Parish of Lambeth, in the County of Surrey, be marked with the numbers, as shown by red figures on the Plan now produced, marked 3,010, in lieu of the existing numbers, as shown on the said Plan; the odd numbers, commencing with 1 and ending with 25, being assigned to the houses on the Northern side, and the even numbers, commencing with 2 and ending with 20, to those on the Southern side; that such numbers do commence at the Western end; that the names "The Limes," "The Elms," and any other name or names now in use in St. John's-road, and the existing numbers, be abolished; that the whole line of thoroughfare be called "St. John's-road, S.W.," and that notice of this Order be given to the Vestry of Lambeth, pursuant to the 87th Section of the said Metropolis Management Amendment Act, 1862.

The Report of the Building Act Committee of the 23rd day of January, 1883, appointed by this Board, having been read and considered, this Board doth, pursuant to the provisions of the Metropolis Management Act, 1855, and Metropolis Management Amendment Act, 1862,

**Resolve**, and it is hereby **resolved** and **ordered**, on the **motion** of Mr. Shepherd, seconded by Mr. Fowler—That, for the purpose of distinguishing the same, the several houses and premises in the line of thoroughfare known by the names of Garden-row, James's-street, and St. John's-road, in the Parish of St. Paul, Deptford, in the County of Kent, be marked with the numbers, as shown by red figures on the Plan now produced, marked 3,011, in lieu of the existing numbers, as shown on the said Plan; the odd numbers, commencing with 1 and ending with 129, being assigned to the houses on the Eastern side, and the even numbers, commencing with 2 and ending with 160, to

those on the Western side; that such numbers do commence at the Northern end; that the names Garden-row, James's-street, Grace's-cottages, Church-villas, and any other name or names now in use in Garden-row, James's-street, and St John's-road, and the existing numbers, be abolished; that the whole line of thoroughfare be called "St. John's-road, S.E.," and that notice of this Order be given to the Board of Works for the Greenwich District, pursuant to the 87th Section of the said Metropolis Management Amendment Act, 1862.

The Report of the Building Act Committee of the 23rd day of January, 1883, appointed by this Board, having been read and considered, this Board doth, pursuant to the provisions of the Metropolis Management Act, 1855, and Metropolis Management Amendment Act, 1862,

**Resolve**, and it is hereby **resolved** and **ordered**, on the **motion** of Mr. Shepherd, seconded by Mr. Fowler—That, for the purpose of distinguishing the same, the several houses and premises in the line of thoroughfare known by the names of Great York-mews, Little York-mews, and Little York-place, in the Parish of St. Marylebone, in the County of Middlesex, be marked with the numbers, as shown by red figures on the Plan now produced, marked 3,012, in lieu of the existing numbers, as shown on the said Plan; the odd numbers, commencing with 1 and ending with 81, being assigned to the houses on the Southern side, and the even numbers, commencing with 2 and ending with 52, to those on the Northern side; that such numbers do commence at the Eastern end; that the names Little York-mews and Little York-place, and the existing numbers, be abolished; that the whole line of thoroughfare be called "Great York-mews, W.," and that notice of this Order be given to the Vestry of St. Marylebone, pursuant to the 87th Section of the said Metropolis Management Amendment Act, 1862.

The Report of the Building Act Committee of the 23rd day of January, 1883, appointed by this Board, having been read and considered, this Board doth, pursuant to the provisions of the Metropolis Management Act, 1855, and Metropolis Management Amendment Act, 1862,

**Resolve**, and it is hereby **resolved** and **ordered**, on the **motion** of Mr. Shepherd, seconded by Mr. Fowler—That, for the purpose of distinguishing the same, the several houses and premises in the line of thoroughfare known by the name of Coldbath-street, in the Parish of Greenwich, in the County of Kent, be marked with the numbers, as shown by red figures on the Plan now produced, marked 3,013, in lieu of the existing numbers, as shown on the said Plan; the odd numbers, commencing with 1 and ending with 87, being assigned to the houses on the Eastern side, and the even numbers, commencing with 2 and ending with 86, to those on the Western side; that such numbers do commence at the Northern end; that the names Basing-cottages, Bevan-cottages, Layland-cottages, Bath-place, Bath-terrace, Orchard-cottages, Garden-row, Olive-place, and any other name or names now in use in Coldbath-street, and the existing numbers be abolished; that the whole line of thoroughfare be called "Coldbath-street, S.E.," and that notice of this Order be given to the Board of Works for the Greenwich District, pursuant to the 87th Section of the said Metropolis Management Amendment Act, 1862.

The Report of the Building Act Committee of the 23rd day of January, 1883, appointed by this Board, having been read and considered, this Board doth, pursuant to the provisions of the Metropolis Management Act, 1855, and Metropolis Management Amendment Act, 1862,

**Resolve**, and it is hereby **resolved** and **ordered**, on the **motion** of Mr. Shepherd, seconded by Mr. Fowler—That, for the purpose of distinguishing the same, the several houses and premises in the line of thoroughfare known by the name of Crown-street, in the Parish of Camberwell, in the County of Surrey, be marked with the numbers, as shown by red figures on the Plan now produced, marked 3,014, in lieu of the existing numbers, as shown on the said Plan; the odd numbers, commencing with 1 and ending with 61, being assigned to the houses on the Eastern side, and the even numbers, commencing

with 2 and ending with 44, to those on the Western side; that such numbers do commence at the Northern end; that the names Avenue-terrace, Claremont-cottages, Crown-terrace, and any other name or names now in use in Crown-street, and the existing numbers, be abolished; that the whole line of thoroughfare be called "Crown-street, S.E.," and that notice of this Order be given to the Vestry of Camberwell, pursuant to the 87th Section of the said Metropolis Management Amendment Act, 1862.

The Report of the Building Act Committee of the 23rd day of January, 1883, appointed by this Board, having been read and considered, this Board doth, pursuant to the provisions of the Metropolis Management Act, 1855, and Metropolis Management Amendment Act, 1862,

**Resolbe**, and it is hereby **resolbed** and **ordered**, on the motion of Mr. Shepherd, seconded by Mr. Fowler—That, for the purpose of distinguishing the same, the several houses and premises in the line of thoroughfare known by the name of Dart-street, in the Parish of Chelsea (detached), in the County of Middlesex, be marked with the numbers, as shown by red figures on the Plan now produced, marked 3,015, in lieu of the existing numbers, as shown on the said Plan; the odd numbers, commencing with 1 and ending with 3, being assigned to the houses on the Northern side, and the even numbers, commencing with 2 and ending with 4, to those on the Southern side; that such numbers do commence at the Eastern end; that the existing numbers, be abolished; that the whole line of thoroughfare be called "Dart-street, W.," and that notice of this Order be given to the Vestry of Chelsea, pursuant to the 87th Section of the said Metropolis Management Amendment Act, 1862.

The Report of the Building Act Committee of the 23rd day of January, 1883, appointed by this Board, having been read and considered, this Board doth, pursuant to the provisions of the Metropolis Management Act, 1855, and Metropolis Management Amendment Act, 1862,

**Resolbe**, and it is hereby **resolbed** and **ordered**, on the motion of Mr. Shepherd, seconded by Mr. Fowler—That, for the purpose of distinguishing the same, the several houses and premises in the line of thoroughfare known by the name of Lancefield-street, in the Parish of Chelsea (detached), in the County of Middlesex, be marked with the numbers, as shown by red figures on the Plan now produced, marked 3,016, in lieu of the existing numbers, as shown on the said Plan; the odd numbers, commencing with 1 and ending with 151, being assigned to the houses on the Western side, and the even numbers, commencing with 2 and ending with 146, to those on the Eastern side; that such numbers do commence at the Southern end; that the names Market-place, St. Jude's-terrace, Derwent-villas, Lancefield-villas, Lancefield-terrace, Portland-villas, Clifton-terrace, Hope-cottages, and any other name or names now in use in Lancefield-street, and the existing numbers, be abolished; that the whole line of thoroughfare be called "Lancefield-street, W.," and that notice of this Order be given to the Vestry of Chelsea, pursuant to the 87th Section of the said Metropolis Management Amendment Act, 1862.

The Report of the Building Act Committee of the 23rd day of January, 1883, appointed by this Board, having been read and considered, this Board doth, pursuant to the provisions of the Metropolis Management Act, 1855, and Metropolis Management Amendment Act, 1862,

**Resolbe**, and it is hereby **resolbed** and **ordered**, on the motion of Mr. Shepherd, seconded by Mr. Fowler—That, for the purpose of distinguishing the same, the several houses and premises in the line of thoroughfare known by the name of Herries-street, in the Parish of Chelsea (detached), in the County of Middlesex, be marked with the numbers, as shown by red figures on the Plan now produced, marked 3,017, in lieu of the existing numbers, as shown on the said Plan; the odd numbers, commencing with 1 and ending with 147, being assigned to the houses on the Western side, and the even numbers, commencing with 2 and ending with 132, to those on the Eastern side; that such

numbers do commence at the Southern end; that the names Beaconsfield-terrace, Cedar-terrace, and any other name or names now in use in Herries-street, and the existing numbers, be abolished; that the whole line of thoroughfare be called "Herries-street, W.," and that notice of this Order be given to the Vestry of Chelsea, pursuant to the 87th Section of the said Metropolis Management Amendment Act, 1862.

The Report of the Building Act Committee of the 23rd day of January, 1883, appointed by this Board, having been read and considered, this Board doth, pursuant to the provisions of the Metropolis Management Act, 1855, and Metropolis Management Amendment Act, 1862,

**Resolbe**, and it is hereby **resolbed** and **ordered**, on the **motion** of Mr. Shepherd, seconded by Mr. Fowler—That, for the purpose of distinguishing the same, the several houses and premises in the line of thoroughfare known by the name of Beethoven-street, in the Parish of Chelsea (detached), in the County of Middlesex, be marked with the numbers, as shown by red figures on the Plan now produced, marked 3,018, in lieu of the existing numbers, as shown on the said Plan; the odd numbers, commencing with 1 and ending with 35, being assigned to the houses on the South-Western side, and the even numbers, commencing with 2 and ending with 66, to those on the North-Eastern side; that such numbers do commence at the end nearest Herries-street; that the name Beaconsfield-terrace, and any other name or names now in use in Beethoven-street, and the existing numbers, be abolished; that the whole line of thoroughfare be called "Beethoven-street, W.," and that notice of this Order be given to the Vestry of Chelsea, pursuant to the 87th Section of the said Metropolis Management Amendment Act, 1862.

The Report of the Building Act Committee of the 23rd day of January, 1883, appointed by this Board, having been read and considered, this Board doth, pursuant to the provisions of the Metropolis Management Act, 1855, and Metropolis Management Amendment Act, 1862,

**Resolbe**, and it is hereby **resolbed** and **ordered**, on the **motion** of Mr. Shepherd, seconded by Mr. Fowler—That, for the purpose of distinguishing the same, the several houses and premises in the line of thoroughfare known by the name of Mozart-street, in the Parish of Chelsea (detached), in the County of Middlesex, be marked with the numbers, as shown by red figures on the Plan now produced, marked 3,019, in lieu of the existing numbers, as shown on the said Plan; the odd numbers, commencing with 1 and ending with 33, being assigned to the houses on the Southern side, and the even numbers, commencing with 2, and ending with 38, to those on the Northern side; that such numbers do commence at the Eastern end; that the names Agnes-villas, Laurel-villas, Ashburn-villas, Bushfield-villas, Kent-villas, Elizabeth-terrace, and any other name or names now in use in Mozart-street, and the existing numbers, be abolished; that the whole line of thoroughfare be called "Mozart-street, W.," and that notice of this Order be given to the Vestry of Chelsea, pursuant to the 87th Section of the said Metropolis Management Amendment Act, 1862.

The Report of the Building Act Committee of the 23rd day of January, 1883, appointed by this Board, having been read and considered, this Board doth, pursuant to the provisions of the Metropolis Management Act, 1855, and Metropolis Management Amendment Act, 1862,

**Resolbe**, and it is hereby **resolbed** and **ordered**, on the **motion** of Mr. Shepherd, seconded by Mr. Fowler—That, for the purpose of distinguishing the same, the several houses and premises in the line of thoroughfare known by the name of Primrose-hill-road, in the Parish of St. John, Hampstead, in the County of Middlesex, be marked with the numbers, as shown by red figures on the Plan now produced, marked 3,020, in lieu of the existing numbers, as shown on the said Plan; the odd numbers, commencing with 1 and ending with 23, being assigned to the houses on the Western side, and the even numbers, commencing with 2 and ending with 50, to those on the Eastern side;

that such numbers do commence at the Southern end; that the existing numbers be abolished; that the whole line of thoroughfare be called "Primrose-hill-road, N.W.," and that notice of this Order be given to the Vestry of Hampstead, pursuant to the 87th Section of the said Metropolis Management Amendment Act, 1862.

It was moved by Mr. Shepherd, seconded by Mr. Fowler, and resolved—That Mr. Bygrave be informed that the Board cannot sanction the name "Belgrave-terrace" for a row of shops in Belgrave-mews, East, Belgrave-square.

It was moved by Mr. Shepherd, seconded by Mr. Fowler, and resolved—That the thoroughfare extending from Porchester-terrace to Leinster-terrace, Paddington, be named "Craven-hill-gardens, W.," in continuation of the existing place of that name.

The Report of the Building Act Committee of the 23rd day of January, 1883, appointed by this Board, having been read and considered, this Board doth, pursuant to the provisions of the Metropolis Management Act, 1855, and Metropolis Management Amendment Act, 1862,

Resolve, and it is hereby resolved and ordered, on the motion of Mr. Shepherd, seconded by Mr. Fowler—That so much of Longton-grove, as extends from Taylor's-lane to Wells-road, Sydenham, in the Parish of Lewisham, in the County of Kent, be re-named "Longton-avenue, S.E.," and that notice of this Order be given to the Board of Works for the Lewisham District, pursuant to the 87th Section of the said Metropolis Management Amendment Act, 1862.

**17**. Mr. Ingoldby, the Chairman of the Special Purposes and Sanitary Committee, brought up a Report, as follows—

REPORT OF THE SPECIAL PURPOSES AND SANITARY COMMITTEE.

Spring-gardens, 30th January, 1883.

Your Committee have to report that the Chemical Assistant has informed them that some apparatus and books are required for use in the Board's Laboratory. The articles required are a Microscope, a Gas analysis apparatus, a Spectroscope, and two standard Chemical Dictionaries; and your Committee recommend—

That they be authorised to purchase the same at a cost not exceeding £120.

Your Committee have also to report that the Boiler in connection with the heating apparatus of the Testing-room at the Gas-meter Testing Station in White Lion-street, Shoreditch, is worn out, and can no longer be used; and they recommend—

That the Superintending Architect be instructed to obtain a Boiler similar to that in use at the Southwark Meter Testing Station, and to have it fitted at a cost not exceeding £28.

Your Committee have further to report that they have had under consideration two applications for registration under the Infant Life Protection Act. Both the applicants have been previously granted registration, but one of them, Mrs. Bailey, now applies in respect of premises to which she has removed since the date of her last application. The accommodation provided is suitable for the number of Infants proposed to be kept. The other application is for the renewal of a registration which will expire on the 3rd February. Your Committee recommend—

That the applications of the following persons for registration for the keeping of Infants at the premises named, be granted, and that the Board do make a Bye-law in each case fixing the number of Infants allowed to be kept at such premises as follows—

Mrs. Harriet Bailey, No. 378, Liverpool-road, Islington, Two Infants.
Mrs. Elizabeth Neat, No. 15, Station-road, Upper Norwood, Two Infants (renewal).

Your Committee have to report that, in consequence of the Resolution of the Board of the 26th instant, transferring the work under the Petroleum Acts to the Clerk's Department, it will be necessary to give authority to the Board's Inspectors under the Explosives and other Acts, to inspect and take samples of Petroleum, as provided by the Petroleum Acts of 1871 and 1879, and by the Petroleum (Hawkers) Act, 1881; and they recommend—

That Captain T. Metcalfe, Mr. W. Lewis, Mr. J. Gibbons, Mr. T. S. Ross, Mr. W. C. Chaffey, Mr. R. Reid, Captain C. Rudd, Mr. J. Wade, and Mr. W. C. Ross be authorised accordingly.

Your Committee have further report that, under their instructions, samples of

Petroleum are taken from time to time from the stocks which are accumulated at the several Petroleum Wharves in the Metropolis. These samples have hitherto been tested by the Gas-meter Inspectors, and the practice has been for the Inspectors to certify if the samples tested were or were not Petroleum within the meaning of the Act, that is to say, Petroleum which gives off an inflammable vapour at a temperature of less than 73 degrees Fahrenheit. In cases where the Certificate showed the samples to be Petroleum under the Act, an additional test was made, and where that confirmed the first test, your Committee have either cautioned the Wharfingers, or have directed proceedings to be taken against them for keeping on unlicensed premises Petroleum within the meaning of the Act. In the case of some proceedings recently taken, it appeared in evidence that the testing Officer had not in every respect, accurately complied with the directions for testing given in the Schedule to the Petroleum Act of 1879, and the proceedings failed. This circumstance has induced your Committee to re-consider the whole of the existing arrangements for testing Petroleum. They have ascertained that it is work requiring skill and technical knowledge, and they are of opinion that, in many respects, it is undesirable that the present arrangement should be continued. Your Committee have further ascertained that Mr. Livingston, one of the Assistants in your Superintending Architect's Department, who has had considerable experience in all matters connected with Petroleum, is in every way well qualified to perform the necessary testing operations. He has for many years past had experience in testing, and is moreover a practical analytical Chemist. In consequence of the executive work under the Act having been transferred to your Clerk's Department, Mr. Livingston will now have time to undertake the whole of the testing; your Committee consider that this will be an advantageous arrangement, and they recommend accordingly.

Your Committee have further to report that they have had under consideration an amended application from Messrs. S. Ward and Co., for the renewal of their License for the storage of Petroleum at No. 84, Great Guildford-street, Southwark. The Board, on the 23rd June last, refused an application from Messrs. Ward and Co., in respect of these premises, because it was reported that they proposed to construct an underground boiler-house within 6 feet of the Petroleum store. Messrs. Ward and Co. thereupon made an amended application, and submitted a Plan showing the boiler-house in an altered position, at a distance of 24 feet from the footings of the Petroleum store. The application and Plan were laid before your Committee on the 18th July, and, under your Committee's instructions, Messrs. Ward and Co. were informed that, provided the proposed works were carried out in accordance with the amended Plan, and that the condition of the Petroleum store and storage vessels was satisfactory, the Committee would be prepared to recommend the renewal of the License. These conditions have now been complied with, and your Committee recommend—

> That a License to store 1,000 gallons of Petroleum upon the premises of Messrs. Samuel Ward and Co., No. 84, Great Guildford-street, Southwark, be granted for One year from the 2nd February next, on condition that the quantity to be kept in barrels do not exceed 200 gallons, and that the remainder of the 1,000 gallons be kept in metal drums; and that in other respects the same condition be attached to the License as heretofore.

All which your Committee beg to submit.

(Signed) FRED$^{K.}$ INGOLDBY,
JOHN RUNTZ,
J. E. BRADFIELD,
G. B. RICHARDSON,
CHA$^{S.}$ HARRIS,
JNO. ABBOTT.

The Report having been read and received,

It was moved by Mr. Ingoldby, seconded, and resolved—That a Microscope, a Gas analysis apparatus, a Spectroscope, and two standard Chemical Dictionaries be obtained for use in the Board's Laboratory; and that the Committee be authorised to purchase the same at a cost not exceeding £120.

It was **moved** by Mr. Ingoldby, seconded, and **resolved**—That the Superintending Architect be instructed to obtain a Boiler for use in connection with the heating apparatus of the Testing-room at the Gas-meter Testing Station in White Lion-street, Shoreditch, similar to that in use at the Southwark Meter Testing Station, and to have it fitted, at a cost not exceeding £28.

It was **moved** by Mr. Ingoldby, seconded, and **resolved**—That Mrs. Harriett Bailey be registered under the Infant Life Protection Act, for the keeping of Infants at No. 378, Liverpool-road, Islington, and that the Board do hereby make a Bye-law fixing two as the number of Infants to be kept at such premises.

It was **moved** by Mr. Ingoldby, seconded, and **resolved**—That the registration of Mrs. Elizabeth Neat, under the Infant Life Protection Act, for the keeping of Infants at No. 15, Station-road, Upper Norwood, be renewed, and that the Board do hereby make a Bye-law fixing Two as the number of Infants to be kept at such premises.

It was **moved** by Mr. Ingoldby, seconded, and **resolved** and **ordered**—That Captain Timothy Metcalfe, Mr. William Lewis, Mr. James Gibbons, Mr. Thomas Samuel Ross, Mr. William Charles Chaffey, Mr. Robert Reid, Captain Charles Rudd, Mr. James Wade, and Mr. William Charles Ross be, and they are hereby severally authorised, during the pleasure of the Board, to inspect the premises of dealers in Petroleum, and to purchase Petroleum from any dealer in it, and to require such dealer to show them, or either of them, every or any place, and all or any of the vessels in which any Petroleum in his possession is kept, and to give them, or either of them, such assistance as they may require for examining the same, and to give them, or either of them, samples of such Petroleum, on payment of the value of such samples, in order that the same may be tested, as provided by the 11th Section of the Petroleum Act, 1881, and the said Timothy Metcalfe, William Lewis, James Gibbons, Thomas Samuel Ross, William Charles Chaffey, Robert Reid, Charles Rudd, James Wade, and William Charles Ross are hereby further authorised to exercise all powers of inspection of Petroleum which is kept, conveyed, sold, or exposed for sale, given by the Petroleum Acts of 1871 and 1879, and by the Petroleum (Hawkers') Act of 1881.

It was **moved** by Mr. Ingoldby, seconded, and **resolved**—That, in future, all samples of Petroleum taken by the Board's Inspectors be tested by Mr. Livingston, instead of by the Board's Gas-meter Inspectors, as hitherto.

It was **moved** by Mr. Ingoldby, seconded, and **resolved**—That a License to store 1,000 gallons of Petroleum upon the premises of Messrs. Samuel Ward and Co., No. 84, Great Guildford-street, Southwark, be granted for One year from this date, on condition that the quantity to be kept in barrels do not exceed 200 gallons, and that the remainder of the 1,000 gallons be kept in metal drums; and that in other respects the same condition be attached to the License as in the case of the License previously granted to Messrs. Ward and Co.

The Clerk laid before the Board a License, prepared in accordance with the foregoing Resolution.

It was **moved** by Mr. Ingoldby, seconded, and **resolved**—That the Common Seal of the Board be affixed to the said License; and the Seal was affixed accordingly.

**18**. Mr. Ingoldby, the Chairman of the Contagious Diseases (Animals) Act, 1878, Executive Committee, brought up a Report, as follows—

REPORT OF THE CONTAGIOUS DISEASES (ANIMALS) ACT, 1878, EXECUTIVE COMMITTEE

Spring-gardens, 30th January, 1883.

Your Committee have to report the resignation of Mr. John Oliphant, the Veterinary Inspector appointed for the District comprising the Parishes of Woolwich, Plumstead, and Charlton; and to state that they have authorised Mr. F. R. Ingersoll, the Inspector of the adjoining District, to act temporarily for the vacant District. Steps will be taken to fill the vacancy with as little delay as possible.

Your Committee have further to report that during the two weeks, ended the 27th instant, Market passes have been issued for the removal of 3,672 animals out of the Metropolis, for the purpose of slaughter, making a total of 7,896 animals so removed since the 1st instant.

Your Committee regret to state that two outbreaks of Foot and Mouth Disease have occurred in the Metropolis since the 16th instant, 34 animals having become affected out of an aggregate of 56, on premises at Stoke Newington and Fulham.

Your Committee have also to report that proceedings have been taken against Samuel Upton Thompson, who was fined £5 and 12s. 6d. costs, and John Comber, who was fined £20 and 2s. costs, and in default, two months' imprisonment, for neglecting to give notice of their having in their possession horses affected with glanders.

All which your Committee beg to submit.

(Signed) FRED$^{K.}$ INGOLDBY,
JOHN RUNTZ,
J. E. BRADFIELD,
CHA$^{S.}$ HARRIS,
JNO. ABBOTT.

The Report having been read,

It was moved by Mr. Ingoldby, seconded, and resolved—That the Report be received.

**19**. Mr. Munro, the Chairman of the Parks, Commons, and Open Spaces Committee, brought up a Report, as follows—

REPORT OF THE PARKS, COMMONS AND OPEN SPACES COMMITTEE.

Spring-gardens, 31st January, 1883.

On the Board acquiring the Manorial rights in the Commons in the Hackney District in March last, they referred it to your Committee to report what works of improvement should, in their opinion, be carried out to render those Open Spaces more suitable for the enjoyment of the public. The Board had then had control of the Commons for nearly Ten years, but had been unable to execute any useful works thereon in consequence of the opposition of the Lord of the Manor. Your Committee, in pursuance of the above-mentioned Resolution, have had Plans prepared and Estimates made, showing the nature and cost of the works which it is desirable to undertake in connection with the Commons. The recommendations which your Committee now submit, refer to the seven larger Open Spaces, the Board having already dealt with the two small plots of land in Grove-street and Dalston-lane.

On Clapton-common it is proposed to form a new path; to take up and re-fix the fencing at certain points; to clean out the pond; to tar-pave around the seats and to plant 21 additional trees. The total estimated cost of these works is £136 17s. 4d., and your Committee recommend that they be executed.

On Stoke Newington-common it is proposed to form two new paths, both of which are shown on the Plan submitted; to provide some fencing posts; to plant 36 trees, to provide 12 additional seats; and to execute some tar-paving works around the seats and the watch-box, at a total estimated cost of £82 14s. 10d. This expenditure your Committee also recommend the Board to sanction.

With regard to Hackney-downs, your Committee have to recommend the regulating of the banks next the Railway Viaduct, the filling up of the hollow at the South-Eastern corner of the Downs, the extension of an existing path to Queen's-down-road, and the formation of a new path from the centre of the Downs to the road in question; also the planting of 227 trees; the repairing and painting of the fencing, and the supply of 24 additional seats, the construction of 40 new gullies, and the execution of some tar-paving works around the present seats, at a total estimated cost of £688 0s. 9d. Your Committee being fully convinced of the desirability of these works being executed, recommend that the Board do agree to the necessary expenditure.

On Well-street-common, it is proposed to form a new path; to repair the whole o the fencing; to plant 70 trees; and to supply 250 hurdles, together with six new seats, and also to carry out some tar-paving works, and construct two gullies, at a total estimated cost of £202 3s. 9d. Your Committee recommend that this expenditure be also sanctioned.

On North Mill-field, your Committee consider it desirable to execute certain drainage works, as shown upon the Plan submitted with this Report, at an estimated cost of £41 11s. 6d., and they recommend the Board to approve of the expenditure.

The question of planting trees on the North and South Mill-field, has also been under the consideration of your Committee, and they recommend—

That 306 trees be obtained and planted on those Fields, as shown upon the Plan now submitted, at an estimated cost of £122 8s.

On London-fields it is proposed to tar-pave around the present seats, to repair and re-paint the fencing, also to plant 32 trees, and to supply 250 additional hurdles for the protection of the turf. The total estimated expenditure for these works is £210 9s. 11d., and your Committee recommend it for sanction.

The attention of your Committee has been called to the fact that the Board are paying an annual rental for a Meter for regulating the supply of water to the pond on Clapton-common, but that, owing to no dry summer having occurred since the water was laid on, it has never been used. As, however, the pond is about to be cleaned out, presuming that the Board adopt the recommendation of your Committee, it appears to them that it will not then be necessary to incur the annual expenditure for the rent of the Meter. They therefore recommend—

That so soon as the pond on Clapton-common shall have been cleaned out and re-filled, the water supply be disconnected and the Meter removed from the Common.

The attention of your Committee has been called to the state of portions of Finsbury-park which were originally drained by means of turf drains, which have, however, become useless. They find that it will be necessary to replace those drains by agricultural pipes; and they have therefore had a Plan prepared showing the extent of the proposed works. This Plan your Committee beg to submit herewith, and to recommend—

That the works referred to be executed, at an estimated cost of £220.

Your Committee have to report that 78 seats in Finsbury-park require to be repaired and re-painted, grained, and varnished, and that the estimated cost of the work is £45. Having regard to the necessity for keeping the seats in a proper state of repair, your Committee recommend the expenditure.

In consequence of the re-arrangement of several of the beds in Southwark-park, it is desirable to obtain shrubs for planting at the margins thereof. Your Committee therefore recommend—

That the sum of £25 be allowed for the purchase of shrubs of the following species: Japan Privet, Azalea Pontica, Green Holly, Hanworth Box and Aucuba.

Your Committee have further to report that it is necessary for the shelter of the Board's officials on duty on Peckham-rye, that a watch-box, similar to those in use on other Open Spaces under the control of the Board, should be supplied. The estimated cost of the watch-box, with the necessary stove, furniture, &c., is £40, and your Committee recommend that it be obtained.

It is necessary that a short length of fencing should be erected on the triangular portion of Wormwood-scrubs in front of the "Pavilion" Public-house, to prevent damage being done to the trees about to be planted there. Your Committee beg to recommend—

That the work be executed, at an estimated cost of £15.

On the formation of the Metropolitan District Railway Company's extension to Fulham, two gateways, wide enough for carts to pass through, were opened in the wall bounding the Company's property next Eel-brook-common. Your Committee have ascertained that the Company have no legal right to access on to the Common, and as it is important that they should not obtain one by lapse of time, your Committee recommend—

That the Superintending Architect do erect two short lengths of fencing opposite the gateways referred to.

In pursuance of the reference by the Board on the 6th October last (No. 3), your Committee have considered the request of the Wandsworth District Board, that sites might be granted on Clapham-common for the erection of Châlets of the description erected by the Châlet Company. Your Committee see no necessity for the buildings referred to, and consider it highly inexpedient that they should be erected on the Common, and they recommend—

That the Wandsworth District Board be informed to that effect.

On the 3rd February last the Board renewed, in accordance with their annual custom, the Licenses in force for the drying of clothes, and the letting of animals and vehicles on hire on certain of their Open Spaces. Your Committee have received applications for renewal of License from most of the present holders, and they beg to recommend—

That all Licenses now in force be revoked, and that Licenses in the usual form be issued to the undermentioned persons—

*Laundresses—Blackheath.*

| No. of License. | |
|---|---|
| 1. | Mary Sinclair, Garden-cottage, Camden-square, Blackheath. |
| 2. | Jane Widdows, 3, Camden-square, Blackheath. |

Under the authority conferred on them by the Board's Resolution of the 13th June, 1873 (No. 13), your Committee have authorised the purchase of padlocks and a hand saw for use in Finsbury-park; flower seeds, stakes, and repairs to lawn mowers for use in the Embankments and Leicester-square-gardens; and grass seed for use on Blackheath, Tooting-common and Clapham-common, and also 2,000 drain pipes for use at the latter place. They have also directed that advertisements be inserted in the newspapers to the effect that a free shoot for rubbish can be had on Eelbrook-common, and they have authorised your Superintending Architect to have the lamps in Leicester-square-garden repaired, &c.

All which your Committee beg to submit.

(Signed) DONALD MUNRO,
W^M. SHEPHERD,
G. P. MEADEN,
JOHN RUNTZ,
GEO. EDWARDS,
W. H. DALTON.

The Plans submitted with the Report were laid before the Board.

The Report having been read and received,

It was **moved** by Mr. Munro, seconded, and **resolved**—That an expenditure of £136 17s. 4d. be authorised for carrying out, on Clapton-common, the several works recommended by the Committee.

It was moved by Mr. Munro, seconded, and resolved—That an expenditure of £82 14s. 10d. be authorised for the execution, on Stoke Newington-common, of the several works named in the Report.

It was moved by Mr. Munro, seconded, and resolved—That the undermentioned works be executed on Hackney-downs—

| | Estimate. |
|---|---|
| Regulating the banks near the Railway ... ... ... | £13 12 0 |
| Filling up a hollow at the South-Eastern corner of the Downs... | 84 0 0 |
| Extending a path to Queen's-down-road ... ... ... | 15 6 6 |
| Forming a new path from the centre of the Downs to Queen's-down-road ... ... ... ... ... | 47 17 9 |
| Planting 227 Trees ... ... ... ... ... | 175 18 6 |
| Repairing Fencing ... ... ... ... ... | 29 0 0 |
| Supplying 24 additional Seats ... ... ... ... | 61 8 0 |
| Tar-paving around Seats ... ... ... ... ... | 23 11 4 |
| Constructing 40 Gullies, with the necessary drainage ... ... | 237 6 8 |
| Total ... ... | £688 0 9 |

It was moved by Mr. Munro, seconded, and resolved—That the undermentioned works be executed at Well-street-common, Hackney—

| | Estimate. |
|---|---|
| Forming a new path ... ... ... ... ... | £27 15 6 |
| Repairing Fencing ... ... ... ... ... | 23 13 9 |
| Purchasing 250 iron Hurdles ... ... ... ... | 87 10 0 |
| Planting 70 Trees ... ... ... ... ... | 28 0 0 |
| Constructing two Gullies ... ... ... ... ... | 7 10 8 |
| Tar-paving around Seats ... ... ... ... ... | 12 6 10 |
| Supplying 6 additional Seats ... ... ... ... | 15 7 0 |
| Total ... ... | £202 3 9 |

It was moved by Mr. Munro, seconded, and resolved—That North-mill-field, Hackney, be drained at the points shown on the Plan now submitted, at an estimated cost of £41 11s. 6d.

It was moved by Mr. Munro, seconded, and resolved—That 306 Trees be planted on the North and South-mill Fields, Hackney, at an estimated cost of £122 8s.

It was moved by Mr. Munro, seconded, and resolved—That the following works be executed at London-fields, Hackney—

| | Estimate. |
|---|---|
| Tar-paving around Seats ... ... ... ... ... | £52 10 7 |
| Repairing Fencing ... ... ... ... ... | 59 5 4 |
| Planting 32 Trees ... ... ... ... ... | 11 4 0 |
| Purchasing 250 iron Hurdles ... ... ... ... | 87 10 0 |
| Total ... ... | £210 9 11 |

It was moved by Mr. Munro, seconded, and resolved—That so soon as the Pond on Clapton-common shall have been cleaned out and re-filled, the water from the main pipe be disconnected, and the Meter removed from the Common.

It was moved by Mr. Munro, seconded, and resolved—That portions of Finsbury-park be drained, in the manner shown on the Plan now submitted, at an estimated cost of £220.

It was moved by Mr. Munro, seconded, and resolved—That 78 of the seats in Finsbury-park be repaired and re-painted, at an estimated cost of £45.

It was moved by Mr. Munro, seconded, and resolved—That an expenditure of £25 be sanctioned for the purchase of shrubs, for planting in Southwark-park.

It was moved by Mr. Munro, seconded, and resolved—That a Watch-box be provided for the shelter of the Board's Constables at Peckham-rye, at an estimated cost of £40, including the necessary stove, furniture, &c.

It was moved by Mr. Munro, seconded, and resolved—That a short length of fencing be erected on Wormwood-scrubs, near the Pavilion, at an estimated cost of £15, to prevent damage being done to the young trees, &c.

It was moved by Mr. Munro, seconded, and resolved—That the Superintending Architect do erect two short lengths of fencing on Eel-brook-common, opposite two gateways opening thereon from the property of the Metropolitan District Railway Company.

It was moved by Mr. Munro, seconded, and resolved—That the Wandsworth District Board be informed, in reply to their Letter, that, in the opinion of this Board, it is not desirable to authorise the erection of Châlets on Clapham-common.

It was moved by Mr. Munro, seconded, and resolved—That all Licenses issued by the Board, and at present in force, relating to Open Spaces, be, and the same are hereby revoked.

It was moved by Mr. Munro, seconded, and resolved—That Licenses be granted to the several persons mentioned in the Report of the Committee, to dry clothes on Blackheath, for a period of One year from this date, subject to revocation of the same at any time, at the pleasure of the Board.

It was moved by Mr. Munro, seconded, and resolved—That Licenses, for One year from this date, but revocable at any time during the pleasure of the Board, be granted to the several persons mentioned in the Report of the Committee, to let animals and vehicles on hire, on week days only, on Blackheath.

It was moved by Mr. Munro, seconded, and resolved—That Licenses, for One year from this date, but revocable at any time during the pleasure of the Board, be granted to the several persons mentioned in the Report of the Committee, to let animals and vehicles on hire, on week days only, on Clapham-common.

It was moved by Mr. Munro, seconded, and resolved—That Licenses be granted to the several persons mentioned in the Report of the Committee, to dry clothes on Hampstead-heath, for a period of One year from this date, subject to revocation of the same at any time, at the pleasure of the Board.

It was moved by Mr. Munro, seconded, and resolved—That Licenses, for One year from this date, but revocable at any time during the pleasure of the Board, be granted to the several persons mentioned in the Report of the Committee, to let animals and vehicles on hire, on week days only, on Hampstead-heath.

The Clerk laid before the Board the several Licenses, in duplicate, prepared in accordance with the foregoing Resolutions.

It was moved by Mr. Munro, seconded, and resolved—That the Common Seal of the Board be affixed to the said several Licenses, and the duplicates thereof; and the Seal was affixed accordingly.

It was moved by Mr. Munro, seconded, and resolved—That the several other proceedings of the Committee, as mentioned in their Report, be approved.

**20**. It was moved by Mr. Fowler, seconded, and resolved—That the motion by Mr. J. Jones, notice of which appears in the paper of business for this day, be now considered.

Mr. Jones then, by leave of the Board, modified the motion of which he had given notice, and moved—"That it be referred to the Works and General Purposes Committee "to consider the best means of providing for safety of life from drowning in case of

"accident on the River, so far as the Victoria and Albert Embankments are "concerned."

The motion having been seconded by Mr. Richardson, it was, after discussion, put to the vote and declared by the Chairman to be carried; and it was resolved accordingly.

**21.** The Clerk called attention to so much of the Resolution of the Board of the 4th August last (No. 8), as directs that the consideration of the question of the future method of dealing with the Victoria Embankment road-way be adjourned for a period of Six months from that date.

It was moved, seconded, and resolved—That the subject be referred to the Works and General Purposes Committee, for consideration and report.

**22.** The Engineer presented a Report, as follows—

Engineer's Department, Spring-gardens, S.W.,
1st February, 1883.

MONTHLY REPORT ON THE PROGRESS OF THE SEVERAL SPECIAL CONTRACT WORKS.

*Ratcliff-highway, &c., Sewers Relief Lines.*—Messrs. John Mowlem and Co., Contractors.—About 15,000 feet run of brick sewers, varying in size from 7 feet 3 inches, barrel, to 4 feet by 2 feet 8 inches, egg-shape, are constructed, at an estimated cost, with other works in connection therewith, of £56,800, of which £2,800 are due to the past month's progress. The Clerks of Works employed are Messrs. T. Panter, J. Carter, J. Fixter, J. Briggs, and H. Skipper, at a weekly cost of £15 8s.

*Whitecross-street, Saint Luke's, and Old Pye-street, Westminster (Artizans' Dwellings) Schemes.*—Messrs. John Mowlem and Co., have made a commencement with the new paving, &c., works embraced in these two Contracts, lately undertaken by them for the sums of £2,990 and £4,296 respectively. The Clerk of Works employed is Mr. G. Skipper, at a weekly cost of £3 3s.

*Rotherhithe to Southwark Relief Sewer.*—Messrs. Kellett and Bentley, Contractors,—Lengths of 10,161 feet, of 6 feet, barrel, and 462 feet of 6 feet by 4 feet, egg-shape, sewers are complete, at an estimated cost, with other works in connection therewith, of £47,520, of which £760 represent the progress made in the past month. The Clerks of Works employed are Messrs. W. Morton and C. Bedloe, at a weekly cost of £7 7s.

*Deptford-broadway to Lee Bridge Relief Sewer.*—Messrs. John Mowlem and Co., Contractors.—With the exception of completing the junction of this new sewer with the High Level Sewer at the Broadway, and making certain drain connections with the former, the whole of the works contained in this Contract are now complete. The Clerk of Works employed is Mr. W. Martin, at a weekly cost of £3 3s.

*Deptford Storm Overflow.*—Messrs. Pearson and Son, Contractors.—In connection with this Contract permanent work to the value of about £1,100 has been executed, the amount due to the progress made in the past month being £670. The Clerks of Works employed are Messrs. H. Noble and R. Lynn, at a weekly cost of £7 7s.

*Wandle Branch Sewer, Streatham.*—Messrs Nowell and Robson, Contractors.—A length of 1,584 feet of this new 3 feet 9 inches by 2 feet 6 inches concrete sewer, with brick lining, is complete and a further length of 200 feet is in progress. The estimated value of these works is £1,955, of which £965 are due to the progress made in the past month. The Clerk of Works employed is Mr. T. Johnson, at a weekly cost of £3 3s.

*Clapham to Putney Relief Sewers.*—Mr. John Waddell, Contractor.—A length of 160 feet of 7 feet 3 inch barrel Sewer is complete and a further length of 340 feet is in progress, the estimated value of these works being about £970. The Clerk of Works employed is Mr. W. Jeffery, at a weekly cost of £3 3s.

*Waterloo Bridge.—Strengthening Foundations.*—Mr. W. Webster, Contractor.—The Contract work in connection with the second and third piers from the Surrey end of the Bridge is complete. The temporary staging and permanent piling around the fourth pier from the Surrey end is complete, and the excavation is in progress. Permanent work has been executed to the value, approximately, of about £15,500, of which about £1,000 represent the progress made in the past month. The Clerks of Works employed are Messrs. B. Butcher and A. Boag, at a weekly cost of £6 6s.

*Wandsworth Bridge.*—Messrs. B. Cooke and Co., Contractors.—With the exception of tarring the bases of the cylindrical piers, and which operation is now in progress, the whole of the works comprised in this Contract have for some time past been completed. The Clerk of Works employed upon this and other works is Mr. T. Carey, at a weekly cost of £3 3s.

*Putney (New) Bridge.*—Mr. J. Waddell, Contractor.—The specified work in connection with the new Putney Draw-dock is practically complete. The Northern and Southern abutment dams, the demolition of the original Aqueduct, and the formation of the temporary staging across the Thames are in course of execution. The water-mains have been removed; the 4 feet by 2 feet 8 inches brick sewer beneath the Northern approach road-way to the Bridge, and the retaining and screen-walls to the Fulham Vicarage are in course of construction. The Clerk of Works employed is Mr. J. Rigg, at a weekly cost of £3 3s.

(Signed) J. W. BAZALGETTE,
Engineer.

It was moved, seconded, and resolved—That the said Report be received, and that it be printed and circulated among the Members of the Board.

**23**. Read a Report by the Engineer, dated 2nd February, 1883, on Letters from Mr. A. R. Stenning, as to draining the Chinbrook Estate in the Parish of Lee, into the Chislehurst branch of the West Kent Sewer; setting forth the facts, and recommending that Mr. Stenning be informed that the Board have for some time been in negotiation with the West Kent Main Sewerage Board in reference to the drainage of another locality, but that difficulties have arisen in making arrangements, and that at the present time this Board do not deem it desirable to enter into negotiations with the West Kent Board in reference to another district, and further recommending that the case be treated in the same manner as that of the drainage of Eltham.

It was moved by Mr. Richardson, seconded, and resolved—That the Report be approved; that Mr. Stenning be informed accordingly, and that the Report be referred to the Works and General Purposes Committee, for consideration, in connection with the reference already made to them on the subject of the drainage of Eltham.

**24**. Read a Report by the Engineer, dated 1st February, 1883, on an Account for £1 5s. 8d. received from the East London Waterworks Company, for making good a 3-inch service pipe alleged to have been broken by the sinking of the Sewer trench opposite No. 51, Paragon-road, Hackney; stating that the Board had lately repudiated the claims both of the owner and tenant of that house, and recommending, for the reasons stated in the Report, that the claim of the Water Company be not entertained.

It was moved by Mr. Dresser Rogers, seconded, and resolved—That the Report be approved and acted upon.

**25**. Read a Report by the Engineer, dated 1st February, 1883, on a Letter from Messrs. Webb and Son, on behalf of the Executor of the late Mr. White, relative to the alleged bad and insanitary condition of a right-of-way, or road, leading from White-post-lane, Hackney, to No. 21A, in that Lane; stating that the Board have a right of way through the road, for access to a man-hole over the Hackney-brook Sewer, but that the man-hole had not been used since July, 1881; that it was not required, and that it would be dispensed with; that the road-way referred to was in a bad condition, caused by the traffic to and from the stabling, by and at the rear of No. 21A, White-post-lane, but that it was a private road, and had never been re-paved or maintained by the Board, and recommending that Messrs. Webb and Son be informed that the Board are not liable for the repair of the road.

It was moved by Mr. Dresser Rogers, seconded, and resolved—That the Report be approved, and that Messrs. Webb and Son be informed accordingly.

**26**. Read a Report by the Engineer, dated 1st February, 1883, on a Letter from the Plumstead District Board, renewing their request that this Board would take steps for ventilating the Southern Outfall Sewer in the Plumstead-road; stating that the District Board had originally requested that the Sewer might be ventilated by means of one of the chimney-shafts of the Royal Arsenal, but that the authorities there having declined to permit that to be done, the District Board now requested that the Board would take other steps for effecting the object; that upon enquiry, he (the Engineer) found that the complaint did not refer to the ventilators connected with the Outfall Sewer, which were few in number and very little used, but to the foul air passing up through

the branch or District Sewers in the several streets between the main road and the upper part of Plumstead; that that could only be dealt with effectually by fixing self-acting flaps on each of those Sewers at or near their junction with the Main Sewer, and, to be thoroughly efficient, also at intervals along their course; that two of those branch Sewers, which were of brick, could be best and most economically dealt with at points 200 or 300 feet from their junction with the Main Sewer, where they would also be most accessible at any future time; and that six of the branches were 12-inch and seven were 9-inch pipes, which should have flaps fixed on their mouths in the Outfall Sewer, and recommending that the 13 flaps mentioned be fixed by this Board, at a cost of about £25, and that the District Board be requested to execute the remaining suggested works for the improvement of both the brick and pipe branch Sewers.

It was moved by Mr. Dresser Rogers, seconded, and resolved—That the Report be approved; that the works recommended therein be executed by this Board, at an estimated cost of £25, and that the District Board be requested to execute the remaining necessary works.

**27**. Read a Report by the Engineer, dated 1st February, 1883, submitting a Letter from Mr. Charles Manby, C.E., asking for a copy of his (the Engineer's) Report upon the question of wood pavement as compared with macadam, for the use of a French Engineer who was studying the subject.

It was moved by Mr. Dresser Rogers, seconded, and resolved—That the request be complied with.

**28**. Read a Report by the Engineer, dated 1st February, 1883, on a Letter from Mr. H. B. Burford, No. 6, Springfield-villas, Kilburn, complaining of alleged injury to his garden wall consequent upon the execution of the Board's sewerage works adjacent thereto; stating that upon examination the cracks in the wall referred to were found to be very old ones, and not caused by the works of the Board, and recommending that Mr. Burford be informed that the Board decline to admit any liability for the defective state of the wall.

It was moved by Mr. Dresser Rogers, seconded, and resolved—That the Report be approved, and that Mr. Burford be informed accordingly.

**29**. Read a Report by the Engineer, dated 2nd February, 1883, on an application by the St. Olave District Board, for permission to stop up the undermentioned thoroughfare for the period and purpose therein mentioned, viz.—

| Date of Application. | Name of Street to be stopped up. | Object. | Time applied for. | Time recommended. |
|---|---|---|---|---|
| 1883. 30th Jan. | St. Thomas-street, between Joiner-street and the Western boundary of the District. | Paving. | 1 month. | 1 month. |

It was moved by Mr. Dresser Rogers, seconded, and resolved—That the Report be approved, and that the sanction of the Board be given, and the same is hereby given, to the closing of the thoroughfare in question by the St. Olave District Board, for the purpose of executing paving work therein, for the period recommended by the Engineer, such sanction to date from the commencement of the work.

**30**. Read a Report by the Engineer, dated 2nd February, 1883, stating that Mr. Weller, Junior Assistant Clerk in his Department, was absent in consequence of illness; submitting a Medical Certificate to the effect that he would probably not be able to resume his duties for 10 days or fortnight, and recommending that he be allowed further leave of absence for that time, if requisite.

It was moved by Mr. Dresser Rogers, seconded, and resolved—That a fortnight's leave of absence be granted to Mr. Weller, if necessary.

**31**. The Solicitor reported that the Metropolitan Street Improvements Bill, 1883, was awaiting consideration by the Examiner on Standing Orders.

**32**. The Solicitor reported that the Metropolitan Board of Works (Bridges, &c.) Bill, was before the Examiner on Standing Orders on Friday last, when the necessary proofs of compliance with the Orders were given.

**33**. The Solicitor reported that proof of compliance with Standing Orders, as to the Metropolitan Street Improvements Act (1877) Amendment Bill, had been given to the satisfaction of the Examiner.

**34**. The Solicitor reported that, on the Report of the Police, he had caused Summonses to be issued against William Shirley and William Downham, for sweeping mud into Sewers; that the men were stated to be in the employ of the slop collector for the Parish of St. Leonard, Shoreditch; and that Mr. Bushby, the Police Magistrate, had convicted both men, and imposed fines of 40s. and 2s. costs in each case, or 14 days' imprisonment in default of sufficient distress. The Solicitor further reported that Hugh M°Call and James Wilkins, who were stated to be in the employ of Mr. Cookson, Contractor, had been convicted by Mr. D'Eyncourt, at the Westminster Police-court, for a similar offence, and had been each fined 25s. and 2s. costs, or 10 days' imprisonment in default of sufficient distress.

**35**. Read a Report, as follows—

Solicitor's Department,
Spring-gardens,
2nd February, 1883.

Artizans', &c., Acts, 1875 to 1882.

Windmill-row, New-cut, Lambeth, Scheme.
Tench-street, St. George-in-the-East, Scheme.
Brook-street, Limehouse, Scheme.
Trafalgar-road, Greenwich, Scheme.

The Board is aware that the Schemes affecting these areas have been duly deposited, and that the Newspaper notices were inserted last November, and the several Notices prescribed by the Act have been served upon the Owners, Lessees, and Occupiers, and that the Board is now, therefore, prepared to deliver at the Home Office, copies of the Schemes, with a list of the dissentient Owners and Lessees, and such documents should be accompanied by Petitions to the Secretary of State, praying that he will make provisional Orders confirming the Schemes. I will ask the Board to direct the Seal to be affixed to the four Petitions which I now present, and that the Petitions and documents be lodged at the Home Office. The Secretary of State will then, no doubt, appoint an Inspector to hold the local inquiries; and, in view of this, the Board will now, I think, wish to refer the Schemes to the Parliamentary Committee, to take the necessary steps to secure the confirmation of the Schemes by Parliament.

(Signed) R. WARD,
Solicitor.

It was moved by Mr. Selway, seconded, and resolved—That Petitions be presented to the Home Secretary, praying him to make Orders confirming the Schemes prepared by the Board under the Artizans' &c., Dwellings Act, 1875, for dealing with the Windmill-row New-cut (Lambeth), Tench-street (St. George-in-the-East), Brook-street (Limehouse), and Trafalgar-road (Greenwich), areas.

The Solicitor laid before the Board Petitions to the Home Secretary accordingly.

It was moved by Mr. Selway, seconded, and resolved—That the Common Seal of the Board be affixed to the said Petitions, and that the same, together with copies of the Schemes and Plans, and of the lists of dissentient Owners and Lessees, be lodged at the Home Office; and the Seal was affixed to the said Petitions accordingly.

It was moved by Mr. Selway, seconded, and resolved—That the said Schemes be referred to the Parliamentary Committee, with authority to take all necessary steps for obtaining the sanction of Parliament thereto.

**36.** The Solicitor reported that the Board had on Friday last, upon the recommendation of the Works, &c., Committee, resolved that an application should be made to the Home Secretary to sanction a modification of the Essex-road (Islington) Scheme, under the Artizans', &c., Dwellings Act; that the Engineer had informed him that the Plan which was then before the Board, and the description of the modification contained in the Minutes did not quite coincide, and carry out the intentions of the Committee, and that it seemed desirable that the Plan which he (the Solicitor) now presented, and which had been prepared by the Engineer, should be substituted for the Plan presented to the Board on Friday last, and he suggested that the Board should now approve of the roads being made in the directions shown by the Blue lines upon the substituted Plan, subject to the sanction of the Home Secretary being obtained thereto.

The Solicitor laid before the Board the Plan referred to.

It was moved by Mr. Selway, seconded, and resolved—That the alteration in the new roads to be formed under the Essex-road, Islington, Artizans and Labourers' Dwellings Improvement Acts Scheme, as shown by the Blue lines upon the Plan now submitted, be approved; that an application be made to the Home Secretary to authorise the necessary modification of the Plan of the new roads already approved; that the Solicitor do prepare the necessary form of application to the Home Secretary, and that the same be signed by the Clerk.

**37.** The Solicitor reported, with regard to the applications made to the Board of Trade for Provisional Orders with respect to Electric Lighting that, in accordance with the direction of the Works, &c., Committee, he had, on behalf of this Board, delivered objections and Clauses to the Board of Trade, and he presented a copy of the objections, and also of the Clauses, marked "A.," "B.," "C.," "D.," "E.," and "F.," with a list of the Provisional Orders in which such Clauses had been inserted, as follows—

*Electric Lighting*, 1883.

List of Provisional Orders in which Clauses A, B, C, D, and E, are proposed to be inserted—

Hampstead District (Ferranti, Thompson and Ince).

Strand District (Swan).
Wandsworth and Wimbledon.

**38**. The Solicitor presented, for sealing, a Deed of Conveyance by Mr. G. M. Hughes, of a piece of land and certain buildings thereon, on the North side of Fox-court, Gray's-inn-road, and a Memorial for the registration of the same, (Gray's-inn-road Improvement).

It was **moved** by Mr. Selway, seconded, and **resolved**—That the Common Seal of the Board be affixed to the said Deed of Conveyance; and the Seal was affixed accordingly.

**39**. The Clerk presented a copy of the Accounts of the Corporation of the City of Edinburgh for the year 1882.

It was **moved** by Mr. Selway, seconded, and **resolved**—That the said Accounts be received with thanks.

**40**. The Clerk presented a Letter from Mr. J. O. Phillips, Secretary of the Gas Light and Coke Company, dated 26th January, 1883, giving notice of the intention of the Company to sell £50,000 of new ordinary 'A' Consolidated Stock of the Company.

It was **moved** by Mr. Selway, seconded, and **resolved**—That the said Letter be received.

**41**. The Clerk presented a Letter from Mr. J. E. Salway, Clerk to the Vestry of Chelsea, dated 27th January, 1883, stating that the Vestry contemplate effecting an Improvement in the Fulham-road, as shown on the Plan accompanying the Letter, and expressing the hope that the Board would contribute towards the cost thereof in due course.

It was **moved** by Mr. Selway, seconded, and **resolved**—That the said Letter be referred to the Works and General Purposes Committee, for consideration and report.

**42**. The Clerk presented a Letter from Mr. T. E. Jones, Clerk to the Fulham District Board, dated 26th January, 1883, stating that the District Board had entered into Contracts for the making up of Wood-lane and Scrubb's-lane, towards the cost of which this Board have agreed conditionally to contribute.

It was **moved** by Mr. Selway, seconded, and **resolved**—That the said Letter be referred to the Works and General Purposes Committee, for consideration, in connection with the reference already made to them on the subject to which it relates.

**43**. The Clerk presented a Letter from Mr. H. S. Winnett, Clerk to the Lewisham District Board, dated 29th January, 1883, to the effect that the District Board were of opinion that the power formerly vested in the Vestries, &c., by the Bakehouses Regulation Act, 1863, should be restored to those bodies.

It was **moved** by Mr. Selway, seconded, and **resolved**—That the said Letter be received.

**44**. The Clerk presented a Letter from Mr. G. Whale, Clerk to the Plumstead District Board, dated 27th January, 1883, transmitting copy of a Letter and Plan, and a sketch of a Bridge in connection with the proposed Bexley-heath Railway, sent by the District Board to the Office of Works, &c., and asking whether this Board would support the objection of the District Board to the Bill.

It was **moved** by Mr. Selway, seconded, and **resolved**—That the said Letter be referred to the Works and General Purposes Committee and the Parliamentary Committee, for consideration, in connection with the reference already made to them on the subject of the Bill to which it relates.

**45**. The Clerk presented a Letter from Mr. C. F. B. Birchall, Vestry Clerk, Limehouse, dated 1st February, 1883, with a Memorial, as follows—

To the Honourable the Chairman and Members of the Metropolitan Board of Works.

The Memorial of the Vestry of the Parish of St. Anne, Limehouse, in the County of Middlesex, in Vestry assembled,

SHEWETH—

That your Memorialists, pursuant to the 18th and 19th Victoria, c. 120, section 33, desire that the number of Members of the Board of Works, elected in respect of the Parish aforesaid, may be altered.

That the Parish of St. Anne, Limehouse, forms part of the District known as the Limehouse District, and, for the constitution of such said District, is joined to the Parishes of St. John, Wapping, St. Paul, Shadwell, and the Hamlet of Ratcliff, and that the number of Members respectively allotted to the said Parishes and Hamlet are as follows—

In respect of St. Anne, Limehouse, 15.; St. John, Wapping, 3.; St. Paul, Shadwell, 6.; The Hamlet of Ratcliff, 12. Total, 36.

That at or about the time of the formation of the said District, the respective populations of the said Parishes and Hamlet, were as follows—

Population of St. Anne, Limehouse, 18,002; St. John, Wapping, 2,171; St. Paul, Shadwell, 8,004. The Hamlet of Ratcliff, 15,961, and whereas the population of the three last-mentioned Parishes has not materially increased, the population of the said Parish of St. Anne, Limehouse, had risen at the taking of the last Census to 32,402, showing an increase in the population of the said Parish of 14,000 persons.

That the number of inhabited houses at present respectively contained in the said Parishes and Hamlet are as follows—

In the Parish of St. Anne, Limehouse, 4,445; St. John, Wapping, 283; St. Paul, Shadwell 1,163; the Hamlet of Ratcliff, 2,121;

Showing the said Parish of St. Anne, Limehouse, to contain 878 inhabited houses in excess of the total number of inhabited houses of the said Parishes of Wapping, Shadwell, and the Hamlet of Ratcliff combined.

Having regard to the facts aforesaid, it was, at the last Vestry Meeting, resolved as follows—

1.—"That your Honourable Board be memorialised to increase the number of Vestrymen "of the said Parish of St. Anne, Limehouse, to 36, being an addition of 12 Members."

2.—"That the Representatives of the said Parish of St. Anne, Limehouse, at the District "Board of Works, be increased to 21, being, an addition of six Members."

That your Memorialists consider that the said Parish of St. Anne, Limehouse, having regard to its importance, and the number of its population and its inhabited houses and acreage, is not adequately represented at the Limehouse District Board, and that the number of Vestrymen, and Representatives of the said Parish at the Limehouse District Board should be increased as aforesaid.

And your Memorialists will ever pray.

(Signed) W. B. HOPSON, G. T. SMITH, } Churchwardens.

Signed by the said William Bensley Hopson and George Thomas Smith, Churchwardens of the Parish of St. Anne, Limehouse, for, and on behalf of, the Vestry of the said Parish, pursuant to Resolution of the said Vestry.

It was **moved** by Mr. Selway, seconded, and **resolved**—That the said Memorial be referred to the Works and General Purposes Committee, for consideration and report.

**46**. The Clerk presented a Letter from Mr. F. G. Heath, dated 1st February, 1883, asking the Board to oppose the Bill of the Great Eastern Railway Company, so far as it relates to Epping Forest.

It was **moved** by Mr. Runtz, seconded by Mr. Selway, and **resolved**—That the said Letter be referred to the Works and General Purposes Committee, for consideration, in connection with the references already made to them on the subject of the Bill to which it relates.

**47**. The Chemical Assistant laid before the Board his Return of the Testings made at the Gas Testing Stations during the week, ended on the 30th ultimo, as follows—

| Company. | District. | Illuminating Power. (In Standard Sperm Candles.) | | | Sulphur. (Grains in 100 cubic feet of Gas.) | | | Ammonia. (Grains in 100 cubic feet of Gas.) | | | Sulphuretted Hydrogen. |

**48**. Read a Report, as follows—

Superintending Architect's Department, Spring-gardens,
2nd February, 1883.

PETROLEUM ACTS, 1871 TO 1881.

Memorandum relative to Licenses for storing Petroleum for sale or use.

In the accompanying Schedule there are Thirty applications for Licenses, the Fees for which have been duly deposited.

The premises of the applicants having been inspected, and the arrangements for storing found satisfactory, I recommend that Licenses be granted for Twelve months from this date, subject to the conditions contained in such Licenses.

(Signed) GEORGE VULLIAMY,
Superintending Architect.

The list of applications in respect of which Licenses were recommended to be granted was laid before the Board.

It was **moved**, seconded, and **resolved**—That Licenses be granted to the Thirty persons mentioned in the list now submitted, to keep Petroleum in the places, and in the quantities stated in such Licenses, for a period of Twelve calendar months from this date, subject to the conditions mentioned in such Licenses.

The several Licenses referred to in the foregoing Resolution were laid before the Board.

It was **moved**, seconded, and **resolved**—That the Common Seal of the Board be affixed to the said Licenses; and the Seal was affixed accordingly.

**49**. CAMBERWELL.—Read a Report by the Superintending Architect, dated 29th January, 1883, on the application of Mr. H. Phillips, on behalf of Mr. J. Abbott, for the consent of the Board to the erection of one-storey shops on portions of the forecourts of Nos. 249, 251 and 253, Albany-road, to the line shown upon the Plan accompanying the application.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application be referred to the Building Act Committee, for consideration and report.

**50**. CAMBERWELL.—Read a Report by the Superintending Architect, dated 1st February, 1882, on the application of Messrs. Joseph and Pearson, on behalf of Mr. S. H. Beddington, for the consent of the Board to the erection of one-storey shops, on

portions of the forecourts of Nos. 82 to 130 (even numbers only), Hill-street, Peckham to the line shown upon the Plan accompanying the application.

It was moved by Mr. Dresser Rogers, seconded, and resolved—That the application be referred to the Building Act Committee, for consideration and report.

**51**. Kensington.—Read a Report by the Superintending Architect, dated 31st January, 1883, on the application of Mr. C. Jones, on behalf of Mr. J. Clemence, for the consent of the Board to the erection of a two-storey bay window on a portion of the forecourt of No. 42, Pelham-street, South Kensington, to the line shown upon the Plan accompanying the application.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be referred to the Building Act Committee, for consideration and report.

**52**. Mile-end Old-town.—Read a Report by the Superintending Architect, dated 30th January, 1883, on the application of Mr. J. W. Brooker, on behalf of Messrs. G. Page and Son, for the consent of the Board to the re-erection of No. 3, Union-street, to the line shown upon the Plan accompanying the application.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be granted, on condition that, previously to the commencement of building operations, the space tinted Green on the deposited Plan be given up to form part of the public way, and that in other respects the erection be made in entire conformity with the letter of application, and as shown on the Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board.

**53**. St. Pancras.—Read a Report by the Superintending Architect, dated 25th January, 1883, on the application of Messrs. Layton, Son, and Lendon, on behalf of the Lion Brewery Company, for the consent of the Board to the re-erection of the "Bull and Last" Public-house, in Highgate-road, and the erection of three dwelling-houses adjoining, to the lines shown upon the Plan accompanying the application.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be referred to the Building Act Committee, for consideration and report, and that the parties interested be invited to attend the Committee, when the subject shall be considered.

**54**. Wandsworth.—Read a Report by the Superintending Architect, dated 30th January, 1883, on the application of Mr. C. W. Bovis, on behalf of Messrs. Watney and Company, for the consent of the Board to the re-erection of the "Duchess of York" Public-house, on the South side of Battersea-park-road, at the corner of Savona-street, with a one-storey shop on a portion of the forecourt, to the line shown upon the Plan accompanying the application.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be granted, on condition that previously to the commencement of building operations, the space coloured Yellow on the deposited Plan, be given up to form part of the public way, and that in other respects the erections be made in entire conformity with the letter of application, and as shown on the Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board.

**55**. Wandsworth.—Read a Report by the Superintending Architect, dated 31st January, 1883, on the application of Mr. F. Wheeler, for approval by the Board of a Plan for the construction of barge boards to a detached house, in Rydal-road, Streatham, on the Woodlands' Estate.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be granted upon condition that the whole of the works be executed to the satisfaction of the District Surveyor.

**56**. St. Luke, Old-street.—Read a Report by the Superintending Architect, dated 1st February, 1883, on the application of Mr. J. W. Gabriel, for the permission of the

Board to retain, for a further period, the temporary iron buildings erected on the West side of Bath-street, City-road, at the corner of Lever-street.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be referred to the Building Act Committee, for consideration and report.

57. Camberwell.—Read a Report by the Superintending Architect, dated 30th January, 1883, on the application of Mr. T. W. Willis, on behalf of Mr. D. Cronin, for approval by the Board of a Plan for the formation of a new road to lead out of the North side of Southampton-street, and of the name "Rainbow-street, S.E." for the same.

It was moved by Mr. Dresser Rogers, seconded, and resolved—That the application be granted, on condition that no barriers be at any time erected or other obstructions caused to the free use by the public of the said road.

58. Camberwell.—Read a Report by the Superintending Architect, dated 30th January, 1883, on a Letter from the Vestry of Camberwell, with reference to the laying out of a new road, to lead out of the South side of New Church-road, without the approval of the Board.

It was moved by Mr. Dresser Rogers, seconded, and resolved—That the matter be referred to the Building Act Committee, for consideration, with authority to act upon any Resolution at which they may arrive with regard thereto, and that the Solicitor do advise the Committee thereon.

59. Islington.—Read a Report by the Superintending Architect, dated 31st January, 1883, on a Letter from Mr. J. G. Turner, Deputy District Surveyor, with reference to a deviation from the Plan approved by the Board for the formation of Fairbridge-road, to lead out of the North side of Holloway-road.

It was moved by Mr. Shepherd, seconded, and resolved—That the matter be referred to the Building Act Committee, for consideration and report, and that the Solicitor do advise the Committee thereon.

60. Islington.—Read a Report by the Superintending Architect, dated 31st January, 1883, on a Letter from the Vestry of Islington, enclosing copies of Letters which had been addressed to the Vestry, relative to the condition of the road-way of Wedmore-gardens, Upper Holloway, which had been formed without the approval of the Board.

It was moved, seconded, and resolved—That the matter be referred to the Building Act Committee, for consideration and report, and that the Solicitor do advise the Committee thereon.

61. Wandsworth.—Read a Report by the Superintending Architect, dated 30th January, 1883, on the application of Mr. W. Elsdon, for approval by the Board of a Plan for the formation of a foot-way to lead out of the North side of Merton-road.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be not granted.

62. Wandsworth.—Read a Report by the Superintending Architect, dated 30th January, 1883, on the application of Mr. W. Elsdon, for approval by the Board of an amended Plan for the formation and name of a new road in continuation of Southfields-road, leading into Haldon-road.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be referred to the Building Act Committee, for consideration and report.

63. Bermondsey.—Read a Report by the Superintending Architect, dated 30th January, 1883, on the application of Mr. E. Crosse, on behalf of Mrs. Brien, for approval by the Board of a Plan for the construction of a shed at her premises in Galley-wall-road, South Bermondsey, with openings in excess of the limit prescribed by the 13th Section of the Metropolitan Building Act, 1855.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be

referred to the Building Act and Special Purposes and Sanitary Committees, for consideration and report.

**64**. City of London.—Read a Report by the Superintending Architect, dated 30th January, 1883, on the application of Mr. E. T. Hall, on behalf of Messrs. Brew and Claris, for approval by the Board of a Plan for the construction of a building, with projecting overhanging bays, on the site of No. 54, Finsbury-pavement, at the corner of South-place, with openings in excess of the limit prescribed by the 13th Section of the Metropolitan Building Act.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be referred to the Building Act Committee, for consideration and report.

**65**. Islington.—Read a Report by the Superintending Architect, dated 30th January, 1883, on the application of Mr. H. W. Evans, on behalf of Mr. E. J. Hall, for approval by the Board of a Plan for the construction of a timber stage on the West side of Hornsey-road, between Arthur-road and Mayton-street, with openings in excess of the limit prescribed by the 13th Section of the Metropolitan Building Act, 1855.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be not granted.

**66**. Lewisham.—Read a Report by the Superintending Architect, dated 30th January, 1883, on the application of Mr. C. J. C. Pawley, for approval by the Board of a Plan for the construction of a house on the South side of Anerley-park-road, Anerley, with walls of Portland cement concrete.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be granted, and that a License, with such conditions as to the quality and composition of the concrete, and other matters, as are contained in the form of License approved by the Board on the 28th November, 1879 (No. 6), be granted to the applicant.

**67**. Fulham.—Read a Report by the Superintending Architect, dated 31st January, 1883, on the application of Mr M. Hulbert, for approval by the Board of a Plan for the erection of five houses on the North side of Blythe-lane, Hammersmith, between Gratton-road and Hazlitt-road, with spaces at the rear thereof not in accordance with the 14th Section of the Metropolis Management and Building Acts Amendment Act, 1882.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be not granted.

**68**. St. Pancras.—Read a Report by the Superintending Architect, dated 30th January, 1883, on the application of Mr. G. Stevens, on behalf of Mr. A. Geard, for approval by the Board of a Plan for the erection of a house, and shop, on the West side of Retcar-street, at the South-East corner of Lulot-street, and of a dwelling-house on the West side of Retcar-street, at the North-east corner of Lulot-street, with spaces at the rear thereof less than those required by the 14th Section of the Amendment Act, 1882.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be not granted.

**69**. The Superintending Architect presented his Report, dated 1st February, 1883, on certain Bills affecting the Metropolis, proposed to be brought into Parliament in the ensuing Session.

It was moved by Mr. Shepherd, seconded, and resolved—That the Report be referred to the Works and General Purposes and Parliamentary Committees, for consideration, in connection with the references already made to them with regard to the Bills mentioned therein, and that the said Report be printed and circulated among the Members of the Board.

**70**. Metropolis.—Read a Report by the Superintending Architect, dated 1st February, 1883, submitting for the Seal of the Board, Licenses in respect of the undermentioned temporary buildings—

Iron building at the rear of Nos. 31 and 33, Howard-street, Wandsworth-road.
Temporary school buildings in Bell-lane, Spitalfields.
Temporary building on a portion of the site of the South London (Elephant and Castle) Market.

It was moved by Mr. Shepherd, seconded, and resolved—That the Common Seal of the Board be affixed to the said Licenses; and the Seal was affixed accordingly.

**71.** Plumstead.—Read a Report by the Superintending Architect, dated 1st February, 1883, on the application of Messrs. F. Fox and Co., for approval by the Board of a Plan for the construction of wooden porches to two semi-detached houses, Nos. 16 and 16A, Kidbrooke-park-road, at the corner of Westbrook-road.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be not granted.

**72.** Kensington.—Read a Report by the Superintending Architect, dated 31st January, 1883, on the application of Messrs. Jeffrey and Co., on behalf of the Head Master of St. Edmund's College, Notting-hill, for approval by the Board of a Plan for the construction of a shed at the rear of the College in Elgin-crescent, Notting-hill, with openings in excess of the limit prescribed by the 13th Section of the Metropolitan Building Act, 1855.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be granted, upon condition that the whole of the works be executed to the satisfaction of the District Surveyor.

**73.** Wandsworth.—Read a Report by the Superintending Architect, dated 31st January, 1883, on the application of Mr. J. Dommett, for the permission of the Board to retain a wooden shed erected at the rear of No. 17, Natal-road, Streatham.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be not granted.

**74.** Poplar.—Read a communication from Mr. John Clarkson, District Surveyor under the Metropolitan Building Act, 1855, for the District of All Saints, Poplar, dated 29th January, 1883, notifying that certain alterations at the Queen's Palace of Varieties in High-street, Poplar, were about to be carried out under his professional superintendence, and requesting the Board to appoint some other Surveyor as the District Surveyor to superintend such works. Whereupon it was moved by Mr. Shepherd, seconded, and resolved, and ordered, as follows—Whereas Mr. John Clarkson, District Surveyor for the District of Poplar, did, on the 29th day of January, 1883, give notice to this Board that he, the said John Clarkson, was engaged to act professionally in respect of certain alterations at the Queen's Palace of Varieties, in High-street, Poplar, and the said John Clarkson has been since the said date, and now is, engaged to act professionally as aforesaid. Now, therefore, it is ordered by this Board—That Mr. Chester Foulsham, District Surveyor for the District of St. Leonard, Bromley, be appointed by this Board, and the said Chester Foulsham is hereby appointed to survey the said premises, for the purposes of the Metropolitan Building Act, 1855, and to act as District Surveyor in respect thereof.

Adjourned until Friday next, the 9th instant,
at this Office, at Twelve o'clock at noon.

No. 6.

At a Meeting of the Metropolitan Board of Works, held at the Office of the Board, Spring-gardens, on **Friday**, the **9th** day of **February**, 1883, under and by virtue of the Act of the 19th year of the reign of Queen Victoria, for the better Local Management of the Metropolis,

**Present**—Lieutenant-Colonel Sir James M. McGarel-Hogg, Bart., K.C.B., M.P., Chairman of the Board, in the Chair.

**1.** The Minutes of the Meeting of the Board held on the 2nd instant, were approved, and were signed by the Chairman and by two other Members of the Board present at such Meeting.

**2.** Mr. Tolhurst stated that the Deputations from the District Board and Vestry of St. Olave, Southwark, with respect to which notice appeared on the paper of business, considered it unnecessary to attend the Board this day, inasmuch as the Works and General Purposes Committee had decided to recommend the Board not to assent to the proposed Tramway between Tooley-street and London Bridge, and he handed in a Memorial on the subject, as follows—

To the Metropolitan Board of Works.

We, the undersigned Ratepayers and Occupiers of property in Tooley-street and its vicinity beg to call the attention of your Honourable Board to the serious inconvenience and interruption to business which would arise if the proposed extension of Tramways should be acceded to.

The present Station or Terminus is about 300 yards from London Bridge, a distance of little or no inconvenience to travellers.

That the said Station is at a point where it avoids all interruption with the heavy traffic of Bermondsey.

That a Terminus, or lines of Tramway across the foot of a steep incline such as Duke-street, would be highly dangerous, and must inevitably be a source of accidents, in addition to constantly blocking the very large traffic of heavily-laden waggons having to be skidded for some distance beyond the foot of the hill.

That this Street (Tooley-street) has long been used as a Market for the water-borne potato trade of London, and there is scarcely sufficient accommodation, even when a portion of the Street is widened, for the ordinary traffic (many thousands of Vans weekly), which would be most seriously affected if the Tram lines are permitted to extend any nearer London Bridge. One portion of the road-way barely exceeds Thirty (30) feet, and Tooley-street, opposite St. Olave's Church, at its junction with Duke-street, is only Seventeen (17) feet in width.

(Signed) MARCUS H. VOSS,
and 40 others.

It was moved by Mr. Tolhurst, seconded, and resolved—That the said Memorial be received.

**3.** A Deputation from residents at Tooting, &c., introduced by Mr. Fowler, and consisting of the following gentlemen, viz.—Mr. Thomson, Mr. V. J. Holloway, Mr. W. Dedman, Mr. C. P. K. Reed, Mr. W. Creak, Mr. R. W. Eastoe, Mr. G. G. Symons, Mr. R. Williamson, Mr. C. Barry, Mr. F. J. Cross, Mr. W. Kerr, Mr. S. Bowker, Mr. J. Savill, Mr. T. Slatter and Mr. R. Clement, attended the Board, and presented a Memorial, which was read, as follows—

LONDON SOUTHERN TRAMWAYS BILL, 1883.

To the Metropolitan Board of Works.

Memorial from residents of Tooting, Balham, and those portions of Wandsworth, Clapham and Battersea, adjacent to the roads along which the Tramways are proposed to be laid, presented in favour of the Scheme proposed by the above Bill, on behalf of the Deputation attending your Honourable Board on the 9th day of February, 1883,

SHEWETH—

1.—That the Promoters of the Bill are the London Southern Tramways Company, incorporated by the London Southern Tramways Act, 1882, hereinafter referred to as the Company.

2.—By the London Southern Tramways Act, 1882, the Company were authorised to construct, maintain, and work a system of Tramways extending from the Vauxhall Railway Station through South Lambeth, Stockwell, Gresham, and Milkwood Roads, and Norwood-lane, to the Norwood Cemetery, and from High-street, Camberwell, through Cold Harbour-lane, to a point near Brixton Church.

3.—The said Act received the Royal Assent in August last, and the Company has since been duly established and the capital subscribed, and it is intended at once to proceed with the authorised works.

4.—It is proposed by the Bill to sanction, among others, the construction of a Tramway from Tooting along Balham-road and Balham-hill, to a junction with the existing Tramways of the London Tramways Company at "The Plough," Clapham, which Tramway lies within the district of the Wandsworth District Board of Works, and that Board has given its consent to the laying of the said Tramways, subject to Clauses for the protection of the said Board being agreed upon.

5.—Your Memorialists respectfully submit that the Tramways proposed to be authorised by the Bill within the district of the said Board would be of great public and local advantage, inasmuch as they would afford a much needed accommodation to a large district at present inadequately accommodated with means of locomotion, and enable a very large existing population to obtain convenient and cheap access to and from the Metropolis by means of the through route that would be established by connecting the proposed Tramways with those already in existence, while, at the same time, they would afford to many an opportunity of residing away from the scene of their daily occupation, which they are now unable to do, owing to the inconvenience and expense of the present means of transit, thus offering to many a healthful suburban residence, and, at the same time, relieving some of the crowded centres of population in the Metropolis.

6.—Your Memorialists believe that there are many houses in the neighbourhood of the proposed Tramways remaining untenanted for want of proper travelling accommodation, and that many persons have left the neighbourhood for the same reason; and, further, that there are many

available sites which only require such accommodation to secure their development as suburban resorts for those who would gladly avail themselves of an opportunity to reside away from their daily occupation.

7.—Your Memorialists, with the greatest respect, submit that, as a refusal of your consent to the Bill would prevent discussion upon its merits in Parliament, it would be unfair (in the absence of any insuperable public ground to the contrary) to the very large section of the community who would be benefited by and desire the accommodation proposed to be given under the provisions of the Bill by the adverse exercise of a right given to your Honourable Board for the protection of the public interests to prevent the full discussion of the merits of the Scheme before Parliament, when all parties can be heard, and where all interests will be considered, and where those who consider their individual interests unduly interfered with will have full opportunity of ventilating their case, leaving it to Parliament to say whether the case is one in which individual injury would preponderate over public necessity.

Your Memorialists therefore most respectfully pray your Honourable Board that your consent may be given to the Bill, reserving to your Honourable Board the right to require the insertion therein of such Clauses and provisions as your Honourable Board may deem requisite and proper for the due protection of the public, and your Honourable Board in the use and control of the roads proposed to be traversed by the Tramways proposed by the Bill.

(Signed) B. THOMSON.

The Deputation having addressed the Board in support of the Memorial,

It was moved by Mr. Fowler, seconded by Mr. Hill, and resolved—That the consideration of the said Memorial be deferred until the Report of the Works and General Purposes Committee on the subject of the Bill to which it relates shall be taken into consideration.

Mr. Fowler stated that a Deputation from inhabitants of Lambeth, was desirous of attending the Board this day, relative to the London Southern Tramways Bill, although no notice to that effect appeared on the Paper of Business, and he moved—That the Bye-law with respect to the reception of Deputations be, on the present occasion, suspended, and that the Deputation be now received.

The motion having been seconded by Mr. Dresser Rogers, it was put to the vote, and declared by the Chairman to be carried; and it was resolved accordingly.

The Deputation was then introduced by Mr. Fowler, and consisted of the following gentlemen, viz.—Mr. J. Cobeldick, Mr. C. Cross, Mr. E. H. M'Laughlin, Mr. D. Emus, Mr. D. Young, Mr. W. Bennett, Mr. G. E. M'Lauglin, Mr. H. J. Brashier, Mr. E. C. F. van Wulven and Mr. R. Williamson.

The Deputation handed in a Memorial, which was read, as follows—

LONDON SOUTHERN TRAMWAYS BILL, 1883.

To the Metropolitan Board of Works.

Memorial from inhabitants of Lambeth, presented in favour of the Scheme proposed by the above Bill, on behalf of the Deputation attending your Honourable Board on the 9th day of February, 1883,

SHEWETH—

1.—That the Promoters of the Bill are the London Southern Tramways Company, incorporated by the London Southern Tramways Act, 1882, hereinafter referred to as the Company.

2.—By the London Southern Tramways Act, 1882, the Company were authorised to construct, maintain, and work a system of Tramways extending from the Vauxhall Railway Station through South Lambeth, Stockwell, Gresham and Milkwood Roads, and Norwood-lane to the Norwood Cemetery, and from High-street, Camberwell, through Cold-harbour-lane, to a point near Brixton Church.

3.—The said Act received the Royal assent in August last, and the Company has since been duly established, and capital subscribed, and it is intended at once to proceed with the authorised works.

4.—It is proposed by the Bill to sanction the extension of the Tramways so authorised from the Norwood Cemetery to Gipsy-hill, and from York-terrace, Clapham, *viâ* Bedford-road, Lyham-

road and Cornwall-road to Brixton-rise, and thence along Brixton-hill to the boundary of the Lambeth Parish, and to form a junction with the existing Tramways of the London Tramways Company in Brixton-rise to connect the existing system of the London Tramways Company with the proposed extension in Brixton-rise, and also the construction of Tramways from the authorised Tramways of the Company at Vauxhall through Kennington-lane to the "Elephant and Castle," all of which proposed Tramways lie within the District of the Lambeth Vestry.

5.—Your Memorialists respectfully submit that the Tramways proposed to be authorised by the Bill within the District of the said Vestry would be of great public and local advantage, inasmuch as they would afford a much needed accommodation to a large district at present inadequately accommodated with means of locomotion, and enable a very large existing population to obtain convenient and cheap access to and from the Metropolis by means of the through routes that would be established by connecting the proposed Tramways with those already in existence, while at the same time they would afford to many an opportunity of residing away from the scene of their daily occupation, which they now are unable to do, owing to the inconvenience and expense of the present means of transit, thus affording to many a healthful suburban residence, and at the same time relieving some of the crowded centres of population in the Metropolis.

6.—Your Memorialists believe that there are many houses in the neighbourhood of the proposed Tramways remaining untenanted for want of proper travelling accommodation, and that many persons have left the neighbourhood for the same reason, and further that there are many available sites which only require such accommodation to secure their development as suburban resorts for those who would gladly avail themselves of an opportunity to reside away from their daily occupation.

7.—A Petition, signed by upwards of two thousands ratepayers and inhabitants, of whom a large proportion are frontagers on the line of route, has been presented to the said Vestry, praying the consent of that Vestry to the scheme, and your Memorialists are satisfied that, though a small section of the community, who can avail themselves of other means of locomotion, may be opposed to the scheme from a fear that it will interfere with their individual convenience, a very large number is in favour of the Bill, and anxious for the accommodation which the carrying out of its provisions would afford.

8.—Your Memorialists, with the greatest respect, submit that, as a refusal of your consent to the Bill would prevent discussion upon its merits in Parliament, it would be unfair (in the absence of any insuperable public ground to the contrary) to the very large section of the community who would be benefited by and desire the accommodation proposed to be given under the provisions of the Bill, by the adverse exercise of a right given to your Honourable Board for the protection of the public interests, to prevent the full discussion of the merits of the scheme before Parliament, when all parties concerned can be heard, and where all interests will be considered, and where those who consider their individual interests unduly interfered with, will have full opportunity of ventilating their case, leaving it to Parliament to say whether the case is one in which individual injury would preponderate over public necessity.

Your Memorialists therefore most respectfully pray your Honourable Board that your consent may be given to the Bill, reserving to your Honourable Board the right to require the insertion therein of such Clauses and provisions as your Honourable Board may deem requisite and proper for the due protection of the public and your Honourable Board in the use and control of the roads proposed to be traversed by the Tramways proposed by the Bill.

(signed) JOHN COBELDICK.

The Deputation having addressed the Board in support of the Memorial,

It was **moved** by Mr. Fowler, seconded by Mr. Hill, and **resolved**—That the consideration of the said Memorial be deferred until the Report of the Works and General Purposes Committee on the subject of the Bill to which it relates shall be taken into consideration.

**4.** This being the day for receiving Tenders for the construction of brick and pipe Sewers, and the laying down of carriage-ways and foot-ways, in connection with the widening and extension of Cartwright-street and Providence-place, Whitechapel, under the Whitechapel and Limehouse (Artizans', &c., Dwellings Act) Scheme,

The Clerk laid before the Board the Tenders which he had received, pursuant to the Advertisement.

It was **moved**, seconded, and **resolved**—That the said Tenders be now opened.

The said Tenders were then opened, as follows—

| | |
|---|---|
| Mr. F. H. H. Colepeper, No. 22, St. Donatt's-road, Newcross ... ... ... ... ... ... | £4,489 13 - |
| Messrs. Kellett and Bentley, No. 4, Mansion-house-buildings, Queen Victoria-street ... ... ... ... | 4,888 - - |
| Mr. J. J. Griffiths, No. 283, Kingsland-road ... ... ... | 4,986 - - |
| Messrs. Turner and Sons, Stanley Bridge Wharf, Chelsea ... | 5,195 - - |
| Messrs. John Mowlem and Co , Grosvenor Wharf, Westminster | 5,236 - - |
| Messrs. Nowell and Robson, Warwick-road, Kensington ... | 5,250 - - |

It was moved by Mr. Selway, seconded, and resolved—That the Board do now resolve into a Committee to consider the said Tenders, and do meet again at this place at the rising of such Committee.

Adjourned accordingly.

At a Meeting of the Metropolitan Board of Works, held by Adjournment, at the Office of the Board, Spring-gardens, on **Friday**, the **9th** day of **February**, 1883, under and by virtue of the Act of the 19th year of the reign of Queen Victoria, for the better Local Management of the Metropolis,

**Present**—Lieutenant-Colonel Sir James M. M$^{c}$Garel-Hogg, Bart., K.C.B., M.P., Chairman of the Board, in the Chair.

Robert Furniss, Esq.
William Henry Dalton, Esq.
John Jones, Esq.
George Pitney Meaden, Esq.
Guildford Barker Richardson, Esq.
Charles Harris, Esq.

William Halford Fell, Esq.
William Urquhart, Esq.
James Richard Lloyd, Esq.

1. Mr. Shepherd brought up a Report, as follows—

Report of the Committee of the whole Board.

Spring-gardens, 9th February, 1883.

Your Committee have considered the several Tenders for sewerage and paving works in connection with the widening and extension of Cartwright-street and Providence-place, Whitechapel, referred to them this day, and beg to recommend—

That the Tender of Mr. F. H. Colepeper, for the execution of the works for the sum of £4,489 13s., be accepted, subject to the usual enquiries.

All which your Committee beg to submit.

(Signed) J. M$^{c}$GAREL-HOGG,
Wm. SHEPHERD,
GEORGE BROWN.

The Report having been read and received,

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the Tender of Mr. F. H. Colepeper, for the construction of brick and pipe Sewers, and the laying down of new granite carriage-ways and York stone foot-ways in connection with the widening and extension of Cartwright-street and Providence-place, Whitechapel, (Whitechapel

and Limehouse Scheme under the Artizans', &c., Dwellings Act), for a sum of £4,489 13s., be accepted, subject to the usual enquiries.

Mr. Colepeper was then called in, and, in reply to a question by the Chairman, he stated that he was prepared to execute the works in accordance with the Specification and for the amount of his Tender.

**2.** Mr. Meaden handed in a Letter, as follows—

The Board of Works for the Wandsworth District.

Battersea-rise, S.W.,
8th February, 1883.

DEAR SIR,—Referring to the Report of the Bridges Committee, presented to the Metropolitan Board of Works at their Meeting, held on the 19th ultimo (page 125, No. 19), relative to the Draw-dock at Putney Bridge, I am instructed by this Board to request the Metropolitan Board of Works, to cause the proposed alterations to the Draw-dock in question to be carried out as expeditiously as possible, and also to be good enough to give instructions for extra haulage power to be provided at the Draw-dock now in use until the alterations above mentioned are completed.

This Board are informed that great inconvenience is caused by the present state of matters at the Draw-dock in question, and they therefore trust that the Metropolitan Board of Works will take the necessary steps for completing the new Draw-dock without delay.

Yours, &c.,
(Signed) ARTHUR ALEXR CORSELLIS,
Clerk.

J. E. Wakefied, Esq.,
Spring-gardens, S.W.

It was **moved** by Mr. Meaden, seconded, and **resolved**—That the said Letter be referred to the Bridges Committee.

**3.** Mr. Ingoldby handed in a Letter and Statement, as follows—

Parish of St. Luke, Middlesex.

Vestry Clerk's Office,
Vestry-hall, City-road, E.C.,
February 7th, 1883.

DEAR SIR,—I am directed by the Vestry of this Parish to apply to the Metropolitan Board of Works to advance to them the sum of £2,100 to defray the cost of repaving Bunhill-row, in this Parish, with second-hand granite cubes, such sum to be re-paid by equal annual instalments, extending over a period of Fifteen years.

I beg to enclose a printed extract from a Report of the Surveyor to the General Purposes Committee of the Vestry, setting forth his Estimate of the cost of the works in question.

I remain, &c.,
(Signed) G. W. PRESTON,
Vestry Clerk.

J. E. Wakefield, Esq.,
Metropolitan Board of Works.

*General Purposes Committee Minutes, January 24th*, 1883.

* * * * * * * *

BUNHILL-ROW.

In compliance with the instructions received at your last Meeting, I have carefully considered the question of re-paving the carriage-way of the above thoroughfare, and have communicated with the Improved Wood Paving Company, Messrs. Mowlem and Co., and the Val de Travers Asphalte Company, with the view of ascertaining upon what terms these firms would undertake the work.

The information I have obtained is as follows—

The Improved Wood Paving Co. offer to supply, and lay upon the present foundation of concrete, 6-inch fir blocks, at 7s. 3d. per square yard, or 5-inch ditto, at 6s. 6d. per yard, and to maintain the same for a period of 15 years (commence at once) at the rate of 1s. per square yard per annum.

Messrs. Mowlem and Co. offer to execute the work with fir blocks, 6 inches deep, at 7s. per yard, or 5 inches ditto, at 6s. 3d. per yard, upon the present concrete foundations. This price to include free maintenance for three years from date of completion.

The Val de Travers Asphalte Company are willing to clear away the old wood paving and bitumen, bring up the surface of the concrete foundation 4 inches, and the carriage-way with compressed asphalte 2 inches think, for the sum of 13s. per yard, and maintain the work, free of cost, for a period of two years afterwards, for fifteen years at 1s. per yard per annum.

The cost of the re-lay upon the basis of these offers would therefore be as follows—

| | | | | |
|---|---|---|---|---|
| Improved Wood Paving Co. .. .. | 6-in. block = | £1,507 | 10 | 9 |
| „ „ .. .. | 5-in. „ = | 1,351 | 13 | 6 |
| Maintenance (to commence at once) .. .. | = | 207 | 19 | 0 per ann. |
| Messrs. Mowlem and Co. .. .. | 6-in. block = | 1,455 | 13 | 0 |
| „ „ .. .. .. | 5-in. „ = | 1,299 | 13 | 0 |
| Free maintenance for three years. | | | | |
| Val de Travers Asphalte Co.—2-in. Asphalte (compressed) on 4-in. additional concrete .. .. .. | = | 2,703 | 7 | 0 |
| Free maintenance for two years. | | | | |
| Then, for fifteen years, £207 19s. per annum. | | | | |

The probable cost of paving with second-hand 3-inches by 7-inches Aberdeen granite cubes would be about £2,080.

* * * * * * * *

It was **moved** by Mr. Ingoldby, seconded, and **resolved**—That the said Letter be referred to the Finance Committee, for consideration and report, and that the Engineer and the Accountant do report to the Committee thereon.

**4**. Mr. Selway, the Deputy-Chairman of the Works and General Purposes Committee, brought up a Report, as follows—

REPORT OF THE WORKS AND GENERAL PURPOSES COMMITTEE.

Spring-gardens, 5th February, 1883.

Your Committee, under the authority given to them by the Board, have drawn Cheques, as follows—

| Chadwick, S.— | | | |
| 5694 Surveyor's Fee ... ... ... ... | 26 | 5 – | |
| | | | £1,426 5 – |

Your Committee submit, for the information of the Board, Accounts of sales of building materials of houses in India-row, Poplar, and Rochester-row, Kentish-town-road, by Messrs. Horne, Eversfield and Co., in December last, as follows—

| | |
|---|---|
| Proceeds of sales ... ... ... ... ... ... | £15 – – |
| Commission, £7 10s. per cent. ... ... ... ... | 1 2 6 |
| Amount received by the Board, 25th and 27th January, 1883 ... | £13 17 6 |

Your Committee have considered the question of the increase of the Fire Brigade funds, referred to them by the Board on the 1st December last (No. 6), and have now to report the conclusions at which they have arrived. That an increase of the funds is necessary seems sufficiently manifest from the figures to which the attention of the Board has already been called by the Fire Brigade and Finance Committees, and which show that at the end of last year there was an estimated deficit of £12,435 in respect of the working expenditure of the Brigade for the years 1881 and 1882, and a further estimated excess of expenditure over income in the year 1883, of £9,303, making together a total estimated deficiency at the end of the present year of £21,738. The Fire Brigade Committee have stated, moreover, that there is no probability of this deficiency being reduced in future years, unless additional income be provided, as the expenditure is still on the increase. It seemed, therefore, to your Committee that what they had to consider was, from what source or sources additional income should be sought, and what steps should be taken for obtaining it. Parliament has provided three sources of income for the Fire Brigade—

(1.) The Consolidated Rate made by the Board every year includes for Fire Brigade purposes an amount equal to what would be produced by a rate of one half-penny in the pound on the gross annual value of property in the Metropolis.

(2.) The Fire Insurance Companies contribute annually at the rate of £35 per million on the gross amount insured by them in respect of property in the Metropolis.

(3.) The Government contributes an annual sum of £10,000.

It appears to your Committee that the Government cannot fairly be asked to increase its contribution, for it is to be borne in mind that the Board now receives a proportion of the amount paid by the Government in aid of the local Rates of the Parishes in which Government property is situated, and that this includes that part of the Consolidated Rate applicable to Fire Brigade purposes. There remain the Fire Insurance Companies and the ratepayers, and your Committee are of opinion that the additional income required to meet the increased outlay on the Fire Brigade should be provided in part by the ratepayers and in part by the Insurance Companies. Both are benefited by the larger expenditure, and it would therefore not be fair to impose on one of the two parties the obligation of meeting the whole of the increased outlay. Your

Committee have referred to the negotiations between the Home Department, the Board, and the Insurance Companies, which preceded the passing of the Metropolitan Fire Brigade Act in the year 1865, and which were concerned mainly with the question of the cost of the proposed Fire Brigade, and of the relation which the contributions of the Insurance Companies should bear to the amount to be drawn from the ratepayers, and they find that the Companies were then anxious that the total amount to be contributed by them should not exceed 30 per cent of the amount to be raised by a Metropolitan Rate; this limitation was, however, eventually abandoned, and it was settled that their contribution should be at the rate of £35 per million on the amount insured. For several years after the establishment of the Brigade, the amount contributed by the Fire Insurance Companies was much more than 30 per cent. of the amount raised from the ratepayers. In the first year, 1866, it was more than 35 per cent., being £11,050 12s. 3d., as against £30,822 12s. 3d. The proportion gradually rose to more than 42 per cent. in 1869, when the amounts were respectively £14,391 18s. 8d. and £33,869 19s. From that time the relation between the two sources of revenue has been altering more and more in the opposite direction, and particularly since the whole charge of the debt (principal and interest), nearly a quarter of a million in amount, has been thrown on the Consolidated Loans Fund, and since the half-penny in the pound raised from the ratepayers for Fire Brigade purposes has been calculated on the gross rental instead of on the ratable annual value. Thus, in the present year, 1883, the Insurance Companies' contribution will be £23,735, whilst the portion of the Consolidated Rate applicable to Fire Brigade working expenditure will produce £70,421 16s. 4d., in addition to which the ratepayers bear the whole of the charge for the interest and sinking fund of the Fire Brigade debt, amounting this year to £16,196, making the total charge on the ratepayers £86,617 16s. 4d.; and even then there is a considerable deficit, which, of course, as things stand, will have to be made good by the ratepayers. The proportion of the Insurance Companies' contribution to the amount raised from the ratepayers is thus seen to be not more than 27 per cent., and if the whole of the increased charge necessary to meet the enlargement of the Brigade were to be thrown on the ratepayers, this proportion would be further indefinitely reduced. Your Committee think, however, that they have said enough to show that there would be no fairness in such an arrangement. Your Committee have considered the question whether the Board, in seeking to be relieved of the present limit on the amount which can be raised from the ratepayers for Fire Brigade working expenditure, should propose another limit. It appears to them unadvisable to propose a fresh limit; they think that the Board should have the power in this, as in all other branches of their administration, to raise and expend as much as they consider really necessary. Your Committee conclude by recommending—

> That the Board do ask the Treasury to propose to Parliament the removal of the restriction in the Loans Act of 1869, which limits the portion of the Consolidated Rate applicable for Fire Brigade working expenditure, to one half-penny in the pound on the gross value, and that a Clause for this purpose be inserted in the Board's next Money Bill.

Your Committee are further of opinion that any increase of the amount raised from the ratepayers of the Metropolis should be accompanied by an increase of the contributions of the Fire Insurance Companies; and they recommend accordingly.

Your Committee have further to report that they have considered the various schemes for new Tramways in respect of which Bills have been deposited, with a view to their introduction into Parliament next Session, or in respect of which applications have been made to the Board of Trade for Provisional Orders. They have also considered your Engineer's Report, and the various communications which have been received from the Promoters or their agents, from the Vestries and District Boards, through whose Districts the proposed Tramways would pass, and the Memorials from inhabitants of various parts of the Metropolis in favour of, or in opposition to the schemes, these communications having all been referred by the Board to your

Committee for consideration. The conclusions at which your Committee have arrived, after mature deliberation, are set forth in the following recommendations, which they now submit for the approval of the Board—

That the consent of the Board be given, on the usual conditions, to a Provisional Order being obtained from the Board of Trade for the Highgate-hill Extension and Archway-road Tramways Scheme.

That the consent of the Board be not given to the introduction into Parliament of the Hampstead-heath Tramway Bill.

That the consent of the Board be not given to the introduction into Parliament of the Haverstock-hill and Hampstead Tramways Bill.

That, on the Promoters of the North Metropolitan Tramways Bill giving an undertaking to amend the Bill in the manner required by the Board, the consent of the Board be given to the introduction of the Bill into Parliament.

That the consent of the Board be not given to the introduction into Parliament of the East London Tramways Bill.

That the consent of the Board be not given to the introduction into Parliament of the West Metropolitan Tramways Extensions Bill.

That the consent of the Board be not given to the introduction into Parliament of the Croydon Tramways Company and Norwood District Tramways Company's Bill.

That the consent of the Board be not given to the application for a Provisional Order for the Woolwich and South-East London Tramways Extensions Scheme.

That the consent of the Board be not given to the London Southern Tramways Extensions Bill.

That the consent of the Board be not given to the South-Eastern Metropolitan (Newcross, Lewisham and District) Tramways Bill.

That, on the Promoters of the Southwark and Deptford Tramways Bill giving an undertaking to omit from the Bill the power to form the Tramways No. 1 (along Tooley-street, from Bermondsey-street to London Bridge), and No. 5 (from Evelyn-street, along Creek-road, and over the Creek Bridge to Church-street, Greenwich), and further to amend the Bill in the manner required by the Board, the consent of the Board be given to the introduction of the Bill into Parliament.

That, on the Promoters of the South London Tramways Bill giving an undertaking to omit from the Bill the power to form the Tramways Nos. 1 to 15 inclusive (East-hill, Wandsworth, Cedars-road, and Clapham-common), Nos. 37 and 38 (passing places in Victoria-road), and Nos. 81, 82, and 83 (over Westminster Bridge, and along part of the Victoria Embankment); also to omit Clause 38, by which it is proposed to repeal the 33rd Section of the Company's Act of 1880, and further to amend the Bill in the manner required by the Board, the consent of the Board be given to the introduction of the Bill into Parliament.

That, on the Promoters of the Peckham and East Dulwich Tramways Extensions Bill giving an undertaking to amend the provisions of the Bill in the manner required by the Board, the consent of the Board be given to the introduction of the Bill into Parliament.

That, on the Promoters of the London Tramways Extensions Bill giving an undertaking to omit from the Bill the power to construct the Tramways Nos. 1, 2, 3, 8, and 9, to lay Tramway No. 7 in such a manner that no part of it may be less than 9 feet 6 inches from the kerb of the foot-way, and further to amend the Bill in the manner required by the Board, the consent of the Board be given to the introduction of the Bill into Parliament.

Your Committee have also to report that the road authorities having refused their consent to the applications for Provisional Orders for the Edgware and Uxbridge Roads Tramways and the Euston and Marylebone Roads Tramways Schemes, the applications cannot be proceeded with.

Your Committee have also to report that the new Tramways proposed in the Lea Bridge, Leyton and Walthamstow Tramways Extensions Bill are not in the Metropolitan area.

Your Superintending Architect has reported to your Committee that it is necessary that he should have temporary assistance to enable him to ascertain particulars which are required in connection with the Street Improvements Bill of the ensuing Session, relative to the working population to be displaced. Your Committee recommend—

That the Superintending Architect be authorised to obtain such temporary assistance as may be necessary for that purpose.

All which your Committee beg to submit.

JOHN RUNTZ,
HENRY HARBEN.

The Accounts of sales of building materials of houses in India-row, Poplar, and Rochester-row, Kentish-town-road, submitted with the Report, were laid before the Board.

The Report having been read and received,

It was moved by Mr. Selway, seconded by Mr. Thompson, and resolved—That the Board do ask the Treasury to propose to Parliament the removal of the restriction in the Board's Loans Act of 1869, which limits the portion of the Consolidated Rate applicable for Fire Brigade working expenditure, to one half-penny in the pound on the gross value of property, and that a Clause for that purpose be inserted in the Board's next Money Bill.

The attention of the Chairman having been called to the notice given by Mr. Harben of his intention to move the Previous Question on that part of the Report of the Committee which relates to an increase of the contribution from Insurance Companies to the expenses of the Fire Brigade being considered, the Chairman stated that there was no provision in the Board's Bye-laws to meet the case; but that the course proposed was contrary to the practice of the Board, and might, if adopted, form an inconvenient precedent, and that, under all the circumstances, he considered it proper to decide that Mr. Harben's motion was not in order.

It was moved by Mr. Selway, and seconded by Mr. Fowler—That the Board concur in the opinion of the Committee that any increase of the amount raised from the ratepayers of the Metropolis for the expenses of the Fire Brigade, should be accompanied by an increase of the contributions by the Fire Insurance Companies.

After discussion, it was moved by Mr. Richardson, seconded by Mr. Phillips, and resolved—That the debate be adjourned until Friday next, and that it be resumed when the Report of the Works and General Purposes Committee, to be brought up on that day, shall have been disposed of.

It was **moved** by Mr. Selway, seconded, and **resolved**—That the consent of the Board be given, on the usual conditions, to a Provisional Order being obtained from the Board of Trade for the Highgate-hill Extension and Archway-road Tramways Scheme.

It was **moved** by Mr. Selway, seconded, and **resolved**—That the consent of the Board be not given to the introduction into Parliament of the Hampstead-heath Tramway Bill.

It was **moved** by Mr. Selway, seconded, and **resolved**—That the consent of the Board be not given to the introduction into Parliament of the Haverstock-hill and Hampstead Tramways Bill.

The Clerk laid before the Board a Letter from Mr. G. W. Preston, Clerk to the Vestry of St. Luke, Old-street, dated 7th February, 1883, with copy of a Resolution of the Parliamentary Committee of the Vestry, recommending the Vestry to oppose the North Metropolitan Tramways (Clerkenwell and Shoreditch Extensions) Bill, on the ground of the increasing traffic in Old-street.

It was **moved** by Mr. Selway, and seconded by Mr. Thompson—That, on the Promoters of the North Metropolitan Tramways Bill giving an undertaking to amend the Bill in the manner required by the Board, the consent of the Board be given to the introduction of the Bill into Parliament.

An **amendment** thereon was **moved** by the Hon. A. Egerton, and seconded by Mr. Ingoldby—That No. 1 portion of the North Metropolitan Tramways, viz., from Vernon-place along Theobald's-road, Clerkenwell-road, to Old-street, be removed from the Bill.

The **amendment** having been put to the vote, it was declared by the Chairman to be lost.

The **original motion** was then put to the vote, and declared by the Chairman to be carried; and it was **resolved** accordingly.

The Clerk presented a Letter from Mr. W. H. Farnfield, Clerk to the Poplar District Board, dated 8th February, 1883, with copy of a Report by the General Purposes Committee of the District Board, recommending the District Board, upon the conditions stated in the Report, to consent to the East London Tramways Scheme, and stating that the Report of the Committee had been adopted by the District Board.

It was **moved** by Mr. Selway, seconded, and **resolved**—That the consent of the Board be not given to the introduction into Parliament of the East London Tramways Bill.

It was **moved** by Mr. Selway, seconded, and **resolved**—That the consent of the Board be not given to the introduction into Parliament of the West Metropolitan Tramways Extensions Bill.

It was **moved** by Mr. Selway, seconded, and **resolved**—That the consent of the Board be not given to the introduction into Parliament of the Croydon Tramways Company and Norwood District Tramways Company's Bill.

It was **moved** by Mr. Selway, and seconded—That the consent of the Board be not given to the application for a Provisional Order for the Woolwich and South-East London Tramways Extensions Scheme.

An **amendment** thereon was **moved** by Mr. Jolly, and seconded by Mr. Richardson—That the consent of the Board be given, on the usual conditions, to a Provisional Order being obtained from the Board of Trade for the Woolwich and South-East London Tramways Extensions Scheme.

The **amendment** having been put to the vote, there were for it 9, against it 15; and it was declared by the Chairman to be lost.

The **original motion** was then put to the vote, when there were for it 16, against it 2; and it was declared by the Chairman to be carried; and it was **resolved** accordingly.

The Board considered the Memorials presented by the Deputations this day, with respect to the London Southern Tramways (Extensions) Bill.

The Clerk presented a Letter from Mr. H. J. Smith, Clerk to the Vestry of Lambeth, dated 8th February, 1883, stating that the question of the London Southern Tramways (Extensions) Bill had been before the Vestry, and that a Resolution had been passed referring back to their Parliamentary Committee the consideration of the Bill; and that he had been directed to ask the Board to defer their final decision as to the Bill until the 23rd instant, in order to allow the Vestry time to again consider the matter.

It was **moved** by Mr. Selway, and seconded—That the consent of the Board be not given to the London Southern Tramways Extensions Bill.

An **amendment** thereon was **moved** by Mr. Fowler, and seconded by Mr. Hill—That the further consideration of the question be deferred until the 23rd instant.

The **amendment** having been put to the vote, it was declared by the Chairman to be lost.

The **original motion** was then put to the vote, and declared by the Chairman to be carried; and it was **resolved** accordingly.

The Clerk laid before the Board a Letter from Mr. H. S. Winnett, Clerk to the Lewisham District Board, dated 9th February, 1883, asking this Board to adjourn the consideration of the South-Eastern Metropolitan (New-cross and Lewisham District) Tramways Bill; and also a Letter from Messrs. Goldring and Mitchell, Solicitors to the Promoters of the Bill, dated 8th February, 1883, stating that they had obtained the consent of the Lewisham District Board to the Bill, and asking this Board to adjourn the consideration of the same until Friday next, and to permit a Deputation from the Promoters to attend.

It was **moved** by Mr. Selway, seconded, and **resolved**—That the consent of the Board be not given to the South-Eastern Metropolitan (New-cross, Lewisham and District) Tramways Bill.

The Clerk laid before the Board a Letter from Messrs. Sutton and Ommanney, dated 8th February, 1883, stating that the Greenwich District Board were unanimously in favour of an amended proposition, submitted to them by the Southwark and Deptford Tramways Company, and asking that the question as to whether or not the consent of this Board should be given to the Tramway No. 5, from Evelyn-street to Church-street, Greenwich, might be adjourned until after the 14th instant.

The Clerk also laid before the Board a Letter from Mr. J. Spencer, Clerk to the Greenwich District Board, dated 8th February, 1883, asking this Board to postpone their decision on the Scheme for another week.

It was **moved** by Mr. Selway, and seconded—That, on the Promoters of the Southwark and Deptford Tramways Bill giving an undertaking to omit from the Bill the power to form the Tramways No. 1 (along Tooley-street, from Bermondsey-street to London Bridge), and No. 5 (from Evelyn-street, along Creek-road, and over the Creek Bridge to Church-street, Greenwich), and further to amend the Bill in the manner required by the Board, the consent of the Board be given to the introduction of the Bill into Parliament.

An **amendment**, thereon was **moved** by Mr. Richardson, and seconded by Mr. Jolly—That the subject be referred back to the Committee, for further consideration and report.

The **amendment**, having been put to the vote, there were for it 5, against it 26, and it was declared by the Chairman to be lost.

The **original motion** was then put to the vote, and declared by the Chairman to be carried; and it was **resolved** accordingly.

The Clerk presented a Letter from Mr. H. J. Smith, Clerk to the Vestry of Lambeth, dated 9th February, 1883, stating that a Resolution had been passed by the Vestry, assenting to the South London Tramways Bill, subject to the insertion therein of certain Clauses as to construction, &c.

It was **moved** by Mr. Selway, and seconded—That, on the Promoters of the South London Tramways Bill giving an undertaking to omit from the Bill the power to form the Tramways Nos. 1 to 15 inclusive (East-hill, Wandsworth, Cedars-road, and Clapham-common), Nos. 37 and 38 (passing places in Victoria-road), and Nos. 81, 82 and 83 (over Westminster Bridge, and along part of the Victoria Embankment); also to omit Clause 38, by which it is proposed to repeal the 33rd Section of the Company's Act of 1880, and further to amend the Bill in the manner required by the Board, the consent of the Board be given to the introduction of the Bill into Parliament.

An **amendment** thereon was **moved** by Mr. Hill, and seconded by Mr. Fowler—That, on the Promoters of the South London Tramways Bill giving an undertaking to omit from the Bill the power to form the Tramways Nos. 1 to 15 inclusive (East-hill, Wandsworth, Cedars-road, and Clapham-common), Nos. 37 and 38 (passing places in Victoria-road), also to omit Clause 38, by which it is proposed to repeal the 33rd Section of the Company's Act of 1880, and further to amend the Bill in the manner required by the Board, the consent of the Board be given to the introduction of the Bill into Parliament.

The **amendment** having been put to the vote, there were for it 5, against 24, and it was declared by the Chairman to be lost.

A further **amendment** was then **moved** by Mr. Meaden, and seconded by Mr. Harben—That, on the Promoters of the South London Tramways Bill giving an undertaking to omit from the Bill the power to form the Tramways Nos. 1 to 15 inclusive (East-hill, Wandsworth, Cedars-road, and Clapham-common), Nos. 35, 36, 39 and 40 (passing places in Battersea-park-road and Nine-elms-lane), and Nos. 81, 82 and 83 (over Westminster Bridge, and along part of the Victoria Embankment); also to omit Clause 38, by which it is proposed to repeal the 33rd Section of the Company's Act of 1880, and further to amend the Bill in the manner required by the Board, the consent of the Board be given to the introduction of the Bill into Parliament.

The **amendment** having been put to the vote, it was declared by the Chairman to be carried; and having been put as an **original motion**, it was also carried; and it was **resolved** accordingly.

It was **moved** by Mr. Selway, seconded, and **resolved**—That, on the Promoters of the Peckham and East Dulwich Tramways Extensions Bill giving an undertaking to amend the provisions of the Bill in the manner required by the Board, the consent of the Board be given to the introduction of the Bill into Parliament.

The Clerk laid before the Board a Letter from Mr. H. J. Smith, Clerk to the Vestry of Lambeth, dated 9th February, 1883, stating that the Vestry had passed a Resolution assenting to the London Tramways Extensions Bill, subject to the insertion therein of Clauses as to construction, &c.

It was **moved** by Mr. Selway, and seconded—That, on the Promoters of the London Tramways Extensions Bill giving an undertaking to omit from the Bill the power to construct the Tramways Nos. 1, 2, 3, 8 and 9, to lay Tramway No. 7 in such a manner that no part of it may be less than 9 feet 6 inches from the kerb of the foot-way, and

further to amend the Bill in the manner required by the Board, the consent of the Board be given to the introduction of the Bill into Parliament.

The motion having been put to the vote, it was declared by the Chairman to be carried; and it was resolved accordingly.

It was moved by Mr. Selway, seconded, and resolved—That the Superintending Architect be authorised to obtain such temporary assistance as may be necessary to ascertain particulars as to the working population to be displaced by the Board's Street Improvements Bill of the ensuing Session.

**5.** It was moved, seconded, and resolved—That the Board do now adjourn, and do meet again at this place at the rising of the Special Board, appointed to be held this day.

Adjourned accordingly.

At a Special Meeting of the Metropolitan Board of Works, held at the Office of the Board, Spring-gardens, on **Friday**, the **9th** day of **February**, 1883, under and by virtue of the Act of the 18th year of the reign of Queen Victoria, for the better Local Management of the Metropolis,

**Present**—Lieutenant-Colonel Sir James M. McGarel-Hogg, Bart., K.C.B., M.P., Chairman of the Board, in the Chair.

James Ebenezer Saunders, Esq., Deputy.
William Henry Dalton, Esq.
James Richard Lloyd, Esq.
John Jones, Esq.
Charles Harris, Esq.
George Pitney Meaden, Esq.
George Phillips, Esq.
Alfred Pocock, Esq.
William Robbins Selway, Esq.
Alfred Ewin, Esq.
Guildford Barker Richardson, Esq.
Robert Freeman, Esq.
Robert Furniss, Esq.
Thomas Henry Elam, Esq.
William James Wetenhall, Esq.
William Urquhart, Esq.
John Tolhurst, Esq.
Frederick Ingoldby, Esq., F.R.C.S., Eng.
William Debenham, Esq.
John Robert Jolly, Esq.
George Edwards, Esq.
John Runtz, Esq.
William Halford Fell, Esq.
Donald Munro, Esq.
Robert Jones, Esq.
George Brown, Esq.

Thomas Turner, Esq.

**1.** The Clerk laid before the Board the Requisition convening the Meeting, as follows—

To the Clerk
of the Metropolitan Board of Works.

Spring-gardens, 6th February, 1883.

I hereby require you to convene a Special Meeting of the Metropolitan Board of Works, to be holden at the Office of the Board, Spring-gardens, on Friday next, the 9th day of February, 1883, at One o'clock p.m., for the transaction of the following business, viz.—

To receive Report from Parks, Commons, and Open Spaces Committee—

Recommending—

That the following Resolution of the Board of the 9th June, 1882, No. 17—"That post-and-rail "fencing, as shown on the Plan now submitted, be erected on Clapton-common, at an estimated "cost of £250,"—be rescinded.

(Signed) J. McGAREL-HOGG.

**2.** Mr. Munro, the Chairman of the Parks, Commons, and Open Spaces Committee, brought up a Report, as follows—

Report of the Parks, Commons and Open Spaces Committee.

Spring-gardens, 31st January, 1883.

In pursuance of the reference to them by the Board on the 29th September last (No. 43), your Committee have considered the Memorial from inhabitants of Clapton,

and Letters from Messrs. A. J. Allen, C. A. M. Satow, C. Neilson, and N. Jacomb and the Rev. F. W. Kingsford, objecting to the erection of fencing around Clapton-common. Your Committee have given careful consideration to the matter, and, in deference to the views of the inhabitants of the vicinity, as stated in the above-mentioned communications, your Committee recommend—

That the Resolution of the Board of 9th June last (No. 17), viz.—"That post-and-rail fencing, "as shown on the Plan now submitted, be erected on Clapton-common, at an estimated cost of "£250,"—be rescinded.

All which your Committee beg to submit.

(Signed) DONALD MUNRO,
W. H. DALTON,
JOHN RUNTZ,
W^M. SHEPHERD,
GEO. EDWARDS.

The Report having been read and received,

It was moved by Mr. Munro, seconded, and resolved, *unanimously*—That the following Resolution of the Board of the 9th June, 1882 (No. 17)—"That post-and-rail fencing, "as shown on the Plan now submitted, be erected on Clapton-common, at an estimated "cost of £250,"—be and the same is hereby rescinded.

Adjourned.

At a Meeting of the Metropolitan Board of Works, held by Adjournment, at the Office of the Board, Spring-gardens, on **Friday**, the **9th** day of **February**, 1883, under and by virtue of the Act of the 19th year of the reign of Queen Victoria, for the better Local Management of the Metropolis,

**Present**—Lieutenant-Colonel Sir James M. McGarel-Hogg, Bart., K.C.B., M.P., Chairman of the Board, in the Chair.

James Ebenezer Saunders, Esq., Deputy.
William Henry Dalton, Esq.
John Jones, Esq.
James Richard Lloyd, Esq.

William Shepherd, Esq.
Edward John Thompson, Esq.
John Edwin Bradfield, Esq.
John Reddish, Esq.
Robert Cox, Esq.
Edward Rider Cook, Esq.
Edward Dresser Rogers, Esq.

1. Mr. Phillips, the Chairman of the Fire Brigade Committee, brought up a Report, as follows—

Report of the Fire Brigade Committee.

Spring-gardens, 6th February, 1883.

The Board, on the 9th December, 1881 (No. 24), referred to your Committee Letters from Mr. Tidmarsh, Mr. Watherston and Mr. Phipson, residents at Putney, calling attention to what they considered the inadequate provision against fire in the neighbourhood. In October, 1882, a communication was received by your Committee from the Vestry of Putney, asking that, with a view to more effectual provision for the extinction of fire, the Police Station at Putney, at which a Fire Escape was kept, might be placed in electric communication with the nearest Fire Brigade Stations. Your Committee were of opinion that this request was a reasonable one, and that if electric communication were established between Putney and the Fire Brigade Station at Wandsworth Putney would, for the present, be sufficiently protected in case of fire. The communication has accordingly been established, and, as your Committee do not at present think it necessary to make any further provision for the protection of Putney, they recommend that the reference of the three Letters above-mentioned be discharged.

Your Committee have to report that Fourth-class Fireman John Holland has withdrawn from the service, and that his name has accordingly been removed from the list of Firemen.

Your Committee recommend that John Madge, James Pine, William J. Frozzard, Robert W. Corke, Stephen G. Collins, Hans Hansen, Robert Matthews and Harry Lynagh be appointed, during the pleasure of the Board, in the Fourth Class of Firemen, to fill vacancies.

Your Committee have further to report, for the information of the Board, that they have authorised certain works to be done to the Paddington Station at a cost of about £55. They have also authorised electric bells to be provided at the Clapham and Islington Stations. At Clapham, where the men's lodgings and the stables are more than 60 yards away from the Station, the cost of the electric bells will be about £85; at Islington the cost is estimated at £60.

All which your Committee beg to submit.

(Signed) GEORGE PHILLIPS,
W. R. SELWAY,
THOS. TURNER,
ROBT. JONES.

The Report having been read and received,

It was moved by Mr. Phillips, seconded, and resolved—That the reference made to the Committee on the 9th December, 1881, of the Letters from Mr. Tidmarsh, Mr. Watherston and Mr. Phipson, relative to the provision against fire in the neighbourhood of Putney, be discharged.

It was moved by Mr. Phillips, seconded, and resolved—That John Madge, James Pine, William J. Frozzard, Robert W. Corke, Stephen G. Collins, Hans Hansen, Robert Matthews, and Harry Lynagh be appointed, during the pleasure of the Board, in the Fourth Class of Firemen.

**2.** Mr. Shepherd, the Chairman of the Building Act Committee, brought up a Report as follows—

REPORT OF THE BUILDING ACT COMMITTEE.

Spring-gardens, 6th February, 1883.

Your Committee have to report that the destruction of the Alhambra Theatre, in Leicester-square, by fire, on the 7th December last, will necessitate the re-erection of the Theatre as a new building, if the site is still to be appropriated for that purpose. Your Committee, having carefully considered the Report of your Solicitor on the question of the jurisdiction of the Board under the Metropolis Management and Building Acts Amendment Act, 1878, with respect to any new Theatre that may be erected on the site, recommend—

That, in accordance with the advice of the Solicitor, a communication be addressed to the Lord Chamberlain, stating that, in the opinion of the Board, the case of the Alhambra Theatre, which was destroyed by fire on the 7th December last, is one within the 12th Section of the Metropolis Management and Building Acts Amendment Act, 1878, and that, consequently, the Board's approval of the Plans of any proposed Theatre to be erected on the site will be necessary; and also suggesting to the Lord Chamberlain that, to prevent misapprehension, his Lordship might wish to address a communication to the Owner, stating that, before granting a License, he will require the production of a Certificate from the Board, pursuant to the 13th Section of the Act of 1878.

Your Committee have considered the Letter from Mr. J. S. Hart, relative to the dangerous practice of the public being allowed to stand in the corridors of Theatres during the times of performance, referred by the Board on the 5th ultimo (No. 32) Your Committee have received the advice of your Solicitor on the subject, from which it appears that there is no jurisdiction at present vested in the Board to prevent the practice referred to. Your Committee have caused a record to be made of Mr. Hart's communication, with a view to the matter being further considered in connection with any future legislation that may be contemplated with respect to Theatres, and they recommend—

That Mr. Hart be thanked for his Letter.

The Board, on the 17th November last (No. 13), authorised your Committee to confer, either directly or through their Sub-Committee, with the Owners of the Britannia Theatre, at the rear of No. 117, Hoxton-street, Hoxton, upon the requisitions contained in the Board's Notice, with respect to the structural alterations required for remedying the existing defects of the building. Mr. H. Lovegrove, Surveyor to the Owner, has attended the Theatres and Music-halls Sub-Committee, and has also submitted written remarks upon the Board's requisitions, from which it appears that serious objection is taken to the proposed construction of the proscenium wall, and also to the entire separation of the Public-house from the stage premises. Your Committee, however, consider the execution of these works to be essential for the safety of the public, and, under these circumstances, they are of opinion that the Board should adhere to the whole of the seventeen requirements specified in the Report of your Committee, made to the Board on the 17th November last (No. 13). With regard to the period to be allowed for making the required alterations, your Committee, having considered the Reports of your Solicitor, are of opinion that it will be desirable, as a general rule in future cases, to fix a time for the commencement of the works, as well as for their completion. They therefore recommend—

That a Notice, embodying the requirements above-mentioned, and specifying Two months as the time within which the works are to be commenced, and Six months as the time within which they are to be completed, be prepared by the Solicitor; that the Lord Chamberlain be requested to consent to the service of the same; and that, upon the receipt of such consent, the Notice be sealed, and be served upon the Owner of the Theatre.

Your Committee have also to report that they have conferred, through their Sub-Committee, with Mr. C. Barry, the Architect to the Owners of the Royal Italian Opera House, Covent-garden, upon the requisitions contained in the Board's Notice with respect to the structural alterations necessary to remedy the existing defects of the building. Mr. Barry objects, on behalf of the Owners, to the construction of a proper proscenium wall of brick, and has proposed to substitute asbestos slabs in iron frames as a separation between the stage and the auditorium. Your Committee are unable to approve of this suggestion, or of the proposed covering of the floor of the workshop and store-rooms in the roof with thin sheet iron instead of concrete slabs. Mr. Barry has not yet submitted any written statement or drawing showing the details of his proposals, but your Committee deem it important that no further delay should occur in dealing with the structural defects of the building. They are, therefore, of opinion that the Board should adhere to the whole of the six requirements specified in the Report of your Committee, made to the Board on the 3rd November last (No. 8), and they, therefore, recommend—

That a Notice, embodying such requirements and specifying Two months as the time within which the works are to be commenced, and Six months as the time within which they are to be completed, be prepared by the Solicitor; that Her Majesty's Principal Secretary of State, and, if necessary, the Lord Chamberlain, be requested to consent to the service of the same; and that, upon the receipt of such consent, the Notice be sealed, and be served upon the Owners of the Theatre.

Your Committee have had before them the Letter from Messrs. Spiers and Pond, stating that, owing to difficulties which would prevent their strictly adhering to the Plans submitted to the Board, showing proposed alterations to the Criterion Theatre, they had voluntarily closed the Theatre until they could come before the Board again with an entirely fresh set of Plans, referred by the Board on the 26th ultimo (No. 32). The receipt of this communication renders it unnecessary for your Committee to proceed further with the consideration of the Letters already referred to them with respect to the alterations recently contemplated at the Theatre. These communications include one from Mr. G. W. Haines, and one from Messrs. Spiers and Pond, both referred to your Committee on the 1st December last (No. 30), and also a further Letter from Mr. Haines, referred to your Committee on the 8th December last (No. 35). Your Committee, therefore, recommend—

That the references of those Letters be discharged.

Your Committee have further to report that they have considered the question of the steps which should be taken under the 45th Section of the Board's Various Powers Act, 1882, with a view to the safety of the public at the Lyceum Theatre, and they recommend—

That the Board do make the following Rules with respect to the Theatre—

1.—That the present fastenings be removed from the exit doors, and that each door be fastened by a single espagnolette bolt, fixed on the side nearest the auditorium, the bolt being shot by a handle placed at a height of 3 feet from the floor.

2.—That an inscription be painted upon each of the exit doors, on the side next the audience, to the effect that it may be opened in case of emergency, and indicating where it leads.

3.—That notices be painted in the several corridors showing the way out.

Your Committee further recommend—

That a Notice in writing to the foregoing effect be prepared by the Solicitor, that it be sealed in duplicate, and be served upon the person by whom the Theatre is kept open for public entertainment; and that the Assistant Architect be authorised by the Board, in writing, to survey the Theatre from time to time and to report whether the Rules made by the Board have been observed.

Your Committee have further to report that they have conferred through their Sub-Committee with Mr. G. R. Tasker, the Architect to the Owners of St. George's Hall, Langham-place, upon the Board's requisitions contained in their Notice with respect to the structural defects of the building. Mr. Tasker has also submitted certain observations in writing upon these requisitions; and it appears that whilst he is willing to carry out the first and second requirements relative to the separation of the Hall premises from adjoining houses in Langham-place and Mortimer-street, he objects to the third and fourth requirements, which have reference to the gallery staircases and the dressing rooms on and under the stage. He also objects to increasing the width of the door-way to the stage entrance to 4 feet 6 inches, and your Committee, having regard to the fact that the audience have no access to the stage, except by an iron door in the proscenium wall, think that this fifth requirement may be waived. Your Committee are of opinion that the Board should adhere to the first four of the five requirements specified in the Report of the Committee, made to the Board on the 1st December last (No. 7), and that they should relinquish the fifth; and they recommend—

That a Notice embodying the four requirements referred to, and specifying Two months as the time within which the works are to be commenced, and Six months as the time within which they are to be completed, be prepared by the Solicitor; that the Lord Chamberlain be requested to consent to the service of the same; and that, upon the receipt of such consent, the Notice be sealed and be served upon the Owners of the Hall.

Your Committee have considered the application of Mr. T. Verity, on behalf of Colonel Blake, for a Certificate by the Board, as required by the Metropolis Management and Building Acts Amendment Act, 1878, with reference to the construction of a Theatre, proposed to be erected on the site of Nos. 6 and 8, Wardour-street (formerly Princes-street), and Nos. 11, 12 and 13, Leicester-street, Leicester-square, referred by the Board on the 12th ultimo (No. 89). This Theatre has a frontage of about 42 feet to Wardour-street, and a frontage of about 58 feet to Leicester-street. The total number of the audience proposed to be accommodated is 607 persons. There is a basement floor under the Theatre, of which the portion under the auditorium is appropriated to dressing rooms, and the portion under the stage partly to cellars and partly to rooms used in connection with the stage. The stage is separated from the auditorium by a proscenium wall, but several of the staircases are of a less width than that required by the Board's Regulations, and the gallery staircase on the North side of the house is 84 feet long in one continuous flight, broken by landings at intervals. The stage entrance is inconveniently narrow, and the height of the gallery is insufficient. Your Committee are of opinion that the Drawings should be amended before they receive the approval of the Board, and they therefore recommend—

That the approval be not granted.

Your Committee have also had before them a Letter from Mr. J. Radcliffe, suggesting the provision of large doors, made to open outwards, for every part of Theatres, and various other measures for the safety of the public, and your Committee recommend—

That Mr. Radcliffe be thanked for his Letter, and be informed that the matters referred to are receiving the attention of the Board.

Your Committee have also considered the Letter from the Colonial Office, transmitting a copy of a Progress Report by the Members of the Commission appointed to inquire into the construction of Theatres, Public Halls, and other places of amusement in New South Wales, with a view to precautionary measures being taken against fire, referred by the Board on the 5th ultimo (No. 31), and they recommend—

That the Principal Secretary of State for the Colonies be thanked for the same.

Your Committee have received from your Superintending Architect a translation of the Regulations recently adopted by the Municipal Council of Brussels, with regard to Theatres, and they recommend—

That it be printed and circulated amongst the Members of the Board.

Your Committee have also to report that a further Letter has been received from Mr. Spencer Chadwick, on the subject of the proposed alterations at the Adelphi Theatre. Mr. Chadwick forwards a Drawing of a new proscenium wall, and also describes the manner in which he proposes to carry out the various structural alterations comprised in the Board's Notice. Your Committee consider it inexpedient at this stage of the proceedings to discuss the manner of executing these works, which are clearly described in the Notice, and they recommend—

That Mr. Chadwick be informed that no departure can now be made from the requirements of the Board's Notice, served on the Owners of the Theatre on the 21st June, 188 ".

Your Committee beg to submit herewith four Reports which they have received from your Superintending Architect, specifying certain works which it is necessary should be carried out under Magistrates' Orders at the premises therein mentioned, the same being Dangerous Structures, and they recommend—

That the Contractors, Messrs. J. and J. Greenwood, be instructed to carry out the works ordered by the Magistrates to be executed at the following premises—

No. 126, East-street, St. Mary, Newington;

No. 12A, Cottage-street, Poplar;

Workshop at the rear of No. 41, Banner-street, St. Luke;

No. 98, Stockwell-road, Lambeth.

On the 26th January last the Board, on the recommendation of your Committee, instructed the Contractors to take down a wall abutting upon the North side of Queen's-head-yard, St. George-the-Martyr, Southwark, where the same was bulged and out of the perpendicular, as well as the broken and defective brickwork. It appears from a Report by your Superintending Architect that, previously to commencing the work of demolition, the building was properly needled and shored up, but that after removing a portion of the defective brickwork, the District Surveyor considered that it would be running a great risk to continue the taking down of the building, until the parts removed had been re-built in cement. As the work was urgent, the Contractors have been instructed accordingly, and your Committee recommend—

That the course taken be approved.

Your Committee have also to report that they have considered the amended application of Mr. S. Bolton, for the consent of the Board to the erection of one-storey shops on portions of the forecourts of Nos. 227 and 227A, Camberwell-road, as shown upon the amended Plan accompanying the application, referred by the Board on the 26th ultimo (No. 49). It is proposed to erect two shops to a line drawn from the North-West angle of the shop in front of No. 229, to the South-West angle of the shop in front of No. 209, and the applicant proposes to add to the public way a strip

of ground 32 feet long and about 2 feet wide. The line of the proposed shops is the same as that formerly suggested by the Vestry, and your Committee recommend—

> That the application be granted, on condition that, previously to the commencement of building operations, the spaces separating the proposed shops from the public way, be given up and added to such public way, and that in other respects the erections be made in entire conformity with the letter of application, and as shown on the Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board.

Your Committee have further to report that they have considered the application of Mr. J. M. Anderson, for the consent of the Board to the erection of the Scottish National Church, on the South side of Pont-street, at the corner of Lennox-gardens, Chelsea, to the line shown upon the Plan accompanying the application, referred by the Board on the 29th ultimo (No. 50). The frontage of the proposed Church next Pont-street will be set back 3 feet from the inside of the pavement, and the North-East and North-West angles will project within a few inches of the public way. The width of the road-way in Pont-street opposite the Church is about 70 feet, and that of the road-way in Lennox-gardens, on which the flank of the building will abut, about 50 feet. Your Committee, having examined the Plans and elevations of the proposed Church, recommend—

> That the application be granted, on condition that the erection be made in entire conformity with the letter of application, and as shown upon the Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board.

The Board, on the 26th ultimo (No. 66), referred to your Committee the application of Mr. H. E. B. Joyce, for approval by the Board of an amended Plan for the formation and names of new roads, in continuation of roads leading out of the North side of Sandwell-road, High-street, Lewisham. Three previous applications for approval of roads on this Estate have been refused, but the Plans now submitted appear to be unobjectionable, and, as the Lewisham District Board offer no opposition, your Committee recommend—

> That the application be granted on condition that no barriers be at any time erected or other obstructions caused to the free use by the public of the said roads, and that the names "Emscote-road, S.E.," "Longbridge-road, S.E.," and "Gingscliff road, S.E.," be approved for the same.

Your Committee have also considered the application of Mr. T. R. Meakin, for approval by the Board of an amended Plan for the formation of a new road to lead out of the East side of Castledine-road, also for a continuation of Saint Hugh's-road, and the formation of a road to lead out of the South side of Anerley-park, Anerley, referred by the Board on the 28th ultimo (No. 67). Two previous applications in respect of this Estate have been refused by the Board, and the applicant now proposes to form a 40-feet road to lead out of the South side of Anerley-park, in lieu of the 20-feet way formerly proposed. The Lewisham District Board offer no objection, provided the roads on the applicant's land be made 40 feet in width throughout. Your Committee recommend—

> That the application be granted, on condition that the applicants do satisfy the Solicitor of the Board that they are in possession of the land required for the formation of the proposed roads; and also upon condition that no barriers be at any time erected or other obstructions caused to the free use by the public of the said roads, and that the name "St. Hugh's-road, S.E.," in continuation, and "Trenholme-road, S.E.," be approved for the same.

Your Committee have also to report that they have considered the Letters from Mr. R. Plumbe and Mr. G. Legg, District Surveyors, relative to the proposed erection of houses at Kingsland-green, notwithstanding the Resolution of the Board of the 11th August last (No. 14), refusing to sanction the same, referred by the Board on the 27th October last (No. 63). The Board, on the 15th December last (No. 8), instructed their Solicitor to take proceedings in respect of the erection of the houses; and on the 12th January last (No. 33) they referred the matter to your Committee, with authority to act. Your Committee have now had under consideration a further Report by your Solicitor, who

is of opinion that, under all the circumstances of the case, it is not advisable to take any legal proceedings. Your Committee, concurring in this view, recommend—

That no further action be taken by the Board in the matter.

Your Committee have had under consideration the Letter from the Vestry of Camberwell, with reference to the formation of a new road, to lead out of the South side of New Church-road, without the approval of the Board, referred on Friday last (No. 58). Your Committee have had before them a Report by your Solicitor, who is of opinion that a Penal Notice should be served, and that if it be not complied with a Summons should be issued under the Act 45 Vic., cap. 14, section 18, for not providing direct communication betweeen two streets. Your Committee accordingly recommend—

That the Solicitor be instructed to take the necessary legal proceedings, and that the matter be referred back to the Committee, with authority to act.

The Board on Friday last (No. 59) referred to your Committee the Letter from Mr. J. G. Turner, Deputy District Surveyor, with reference to a deviation from the Plan approved by the Board on the 28th June, 1878 (No. 8), for the formation of Fairbridge-road, to lead out of the North-side of Holloway-road. Although it is not intended to make the road 45 feet wide (the width shown upon the Plan which was approved by the Board for the formation), yet, as the road is open at both ends, and is of the statutory width of 40 feet, it appears unnecessary for the Board to take any action. Your Committee recommend—

That Mr. Turner be informed that the Board do not propose to take any proceedings in the matter.

In accordance with the reference by the Board on Friday last (No. 60), your Committee have had before them the Letter from the Vestry of Islington, enclosing copies of Letters which had been addressed to the Vestry, relative to the condition of the road-way of Wedmore-gardens, Upper Holloway. Wedmore-gardens is a short street, which was formed without the approval of the Board, and the condition of the road appears to be exceedingly bad. Your Committee have received a Report from your Solicitor on the subject, and in accordance with the view expressed therein, they recommend—

That the Vestry be informed that they have power under the Act 18 and 19 Vic., cap. 120, to take the necessary action in the matter.

Your Committee have had before them the Letter from the Vestry of St. Marylebone, enclosing copy of a Resolution passed by them, on the 9th November, 1882, directing that the attention of this Board should be requested to the Report of the District Surveyor for the District of the Southern Division of St. Marylebone, as to underground dwellings, and inquiring if that Officer had carried out his duty according to the Act, the Officer of the Northern Division having made a full Report, referred by the Board on the 10th November last (No. 5). Your Committee have been in communication with the District Surveyor for the District of the Southern Division of St. Marylebone, with the view of ascertaining the exact condition of his District as regards underground rooms used as dwellings, and they have received from him a Report on the subject, from which it appears that, so far as he is aware, the provisions of the Act have not been contravened in any instance. Your Committee recommend—

That a communication be sent to the Vestry to the effect that the District Surveyor has informed the Board that there are no underground rooms in his District, so far as he is aware, which are occupied separately as dwellings contrary to the Act, but that the Board will take into consideration any further observations which the Vestry may wish to make on the subject.

Your Committee have further to report that they have considered the application of Mr. C. R. Hurditch, for the permission of the Board to retain, for a further period, the temporary iron Church in Dalston-lane, Hackney, referred by the Board on the 3rd November, 1882 (No. 50). The building was first approved on the 20th March, 1874, for a period of two years, and extension of approval has since been

obtained from time to time, the last period having expired on the 18th June, 1882. The applicant now states that the building must be removed in November next, the ground having been purchased for the erection of a permanent Church. A wooden staircase to the gallery, which was objected to by the District Surveyor, has been removed, and your Committee recommend—

That the application be granted until the expiration of the present year, upon condition that the Owners do accept the License prepared under the provisions of the Amendment Act, 1882, to secure the due removal of the building.

Your Committee have also considered the appplication of Mr. J. Hicks, for the permission of the Board to retain a two-storey house, with a shop, erected on the South side of Mandeville-street, at the corner of Etropol-road, Hackney, to the line shown upon the Plan accompanying the application, referred by the Board on the 22nd December last (No. 63). The applicant has erected, without the permission of the Board, a two-storey house, with a shop, in advance of the general line of frontage in Mandeville-street. The building projects 1 foot 6 inches, instead of 1 foot, as stated in the application, and shown upon the Plan submitted. Your Committee consider the structure objectionable, and they recommend—

That the application be not granted.

Your Committee have also to report that they have considered the Letter from the Vestry of St. Marylebone, relative to the entrance to Hamilton-gardens from Garden-road, the road-way being less than 40 feet wide, referred by the Board on the 15th December last (No. 3). Your Committee have received a Report from your Superintending Architect, from which it appears that, as no building operations are being carried on in Garden-road, the Board have no power to order the widening of the road-way, as suggested by Vestry. The re-naming and re-numbering of Hamilton-gardens, which has recently been ordered, in no way affects the question of the width of the entrance from Garden-road, and your Committee recommend—

That the substance of the Superintending Architect's Report be communicated to the Vestry in reply to their Letter.

In accordance with the reference made to them by the Board on the 26th ultimo (No. 53), your Committee have considered the application of Mr. R. J. Chillingworth, for the consent of the Board to the erection of a drill-shed on the North side of Ashgrove, Mare-street, Hackney, to the line shown upon the amended Plan accompanying the application. On the 6th October last the Board refused an application for the erection of a drill-shed on the site, the District Board objecting. A portion of the original design has since been abandoned, and the present application is with respect to a shed 25 feet in height, and 8 feet distant from the road-way. The District Board approve, and your Committee recommend—

That the application be granted, on condition that the erection be made in entire conformity with the letter of application, and as shown on the Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board.

Your Committee have further to report that they have considered the application of Mr. R. P. Spiers, for the consent of the Board to the erection of a one-storey addition at the rear of No. 35, Acacia-road, at the corner of Woronzow-road, St. John's-wood, to the line shown upon the Plan accompanying the application, referred by the Board on the 26th ultimo (No. 58). Although the proposed addition will project 4 feet 6 inches beyond the flank wall of No. 35, Acacia-road, it will not be in advance of the other buildings in Woronzow-road. There is no regular frontage line on the North side of Woronzow-road, most of the houses being detached, and having been erected at various distances from the public way. The Vestry approve of the application, and your Committee recommend—

That it be granted, on condition that the erection be made in entire conformity with the letter of application, and as shown on the Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board.

Your Committee have also considered the application of Mr. J. Dunn, for the consent of the Board to the re-erection of the Arundel Hotel, Nos. 19 and 21, Arundel-street, Strand, at the corner of the Victoria Embankment, to the line shown upon the Plan accompanying the application, referred by the Board on the 26th ultimo (No. 59). It is proposed to advance the South side of the Hotel, to the same line as the South sides of Nos. 19 and 21, Surrey-street, which also abut upon the Embankment. The District Board offer no objection to the proposal. Your Committee recommend—

That the application be granted, on condition that the erection be made in entire conformity with the letter of application, and as shown on the Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board.

Your Committee have further to report that they have considered the application of Messrs. Waring and Nicholson, for approval by the Board of a Plan for the formation of two new roads between Crescent-lane and Leppoc-road, Clapham, also for the widening of a portion of Crescent-lane, in connection therewith, and of the names "Arncliffe-gardens, S.W.," and "Langcliffe-gardens, S.W.," for the proposed new roads, referred by the Board on the 22nd December, last (No. 86). On the 27th May, 1881, the Board approved of certain roads to lead out of the West side of Crescent-lane, Clapham, and of the widening of a portion of Crescent-lane to 50 feet. It is now proposed to construct two short roads 40 feet wide, between Crescent-lane and Leppoc-road, and to widen Crescent-lane to 20 feet only from the centre. Your Solicitor and Superintending Architect advise your Committee that the Board cannot properly decline to sanction the reduction in the width of Crescent-lane, and as the District Board approve of the application, your Committee recommend—

That it be granted, on condition that no barriers be at any time erected or other obstructions caused to the free use by the public of the said roads, and that the names "Arncliffe-gardens, S.W.," and "Langcliffe-gardens, S.W.," be approved for the same.

Your Committee have also considered the application of Mr. J. W. Gabriel, for the permission of the Board to retain for a further period three temporary iron buildings on the West side of Bath-street, City-road, at the corner of Lever-street, referred by the Board on the 2nd instant (No. 56). Two of these temporary iron buildings were approved by the Board for a period of 6 months, from 28th July, 1882. A third temporary building adjoining the others was approved on the 17th November, 1882, for Six months from the 28th July. The applicant now asks for a license to retain the Three buildings for a further period of Six months, during the re-building of the new Schools in Radnor-street. Your Committee recommend—

That the application be granted for a period of Six months, upon condition that the Owner do accept the License, prepared under the provisions of the Amendment Act, 1882, to secure the due removal of the buildings.

Your Committee have had under consideration the application of Mr. W. Elsdon, for approval by the Board of an amended Plan for the formation of a new road in continuation of Southfields-road, leading into Haldon-road, Wandsworth, referred by the Board on the 2nd instant (No. 62). On the 3rd November last the Board refused an application for sanction to the formation of a new road between Haldon-road and a foot-path leading out of the Southfields-road. The District Board oppose the present proposal; and your Committee also think it objectionable, and they recommend—

That the application be not granted.

Your Committee have also considered the application of Mr. E. T. Hall, on behalf of Messrs. Brew and Claris, for approval by the Board of a Plan for the construction of a building, with projecting over-hanging bays, on the site of No. 54, Finsbury-pavement, at the corner of South-place, with openings in excess of the limit prescribed by the 13th Section of the Metropolitan Building Act, 1855, referred by the Board on Friday last (No. 64). An application to the Board to sanction the proposed construction of the building was refused on the 15th December last, and, with the exception of

slightly reducing the projection of the oriel window, the proposal is unaltered. Your Committee think the application objectionable, and they recommend—

That it be not granted.

Your Committee have further to report that they have considered the application of Messrs. Joseph and Pearson, on behalf of Mr. S. H. Beddington, for the consent of the Board to the erection of one-storey shops on portions of the forecourts of Nos. 82 to 130 (even numbers only), Hill-street, Peckham, to the line shown upon the Plan accompanying the application, referred by the Board on Friday last (No. 50). The proposed line is very objectionable, and your Committee recommend—

That the application be not granted.

Your Committee have also had under consideration the application of Mr. C. Jones, on behalf of Mr. J. Clemence, for the consent of the Board to the erection of a two-storey bay-window on a portion of the forecourt of No. 42, Pelham-street, South Kensington, to the line shown upon the Plan accompanying the application, referred by the Board on Friday last (No. 51). The proposed bay-window will project 2 feet 9 inches beyond the general line of buildings in Pelham-street. The forecourt of No. 42, Pelham-street is 8 feet 6 inches deep, including the thickness of the boundary wall. Your Committee, seeing no objection to the erection, recommend—

That the application be granted, on condition that the erection be made in entire conformity with the letter of application, and as shown on the Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board.

All which your Committee beg to submit.

DONALD MUNRO,
JOHN RUNTZ,
FRANCIS H. FOWLER.

The Report having been read and received,

It was moved by Mr. Shepherd, seconded, and resolved—That a communication be addressed to the Lord Chamberlain, stating that, in the opinion of the Board, the case of the Alhambra Theatre, which was destroyed by fire on the 7th December last, is one within the 12th Section of the Metropolis Management and Building Acts Amendment Act, 1878, and that, consequently, the Board's approval of the Plans of any proposed Theatre to be erected on the site will be necessary; and also suggesting to his Lordship that, to prevent misapprehension, he might wish to address a communication to the Owner of the Theatre, stating that, before granting a License, he will require the production of a Certificate from the Board, pursuant to the 13th Section of the Act.

It was moved by Mr. Shepherd, seconded, and resolved—That so much of the Report as relates to the Letter from Mr. J. S. Hart, as to the public being allowed to stand in the corridors of Theatres during the times of performance, be approved, and that Mr. Hart be thanked for his Letter.

It was moved by Mr. Shepherd, seconded, and resolved—That so much of the Report as relates to the Britannia Theatre, at the rear of No. 117, Hoxton-street, Hoxton, be approved; that the Board do adhere to the whole of the seventeen requirements specified in the Report of the Committee, made to the Board on the 17th November last (No. 13); that a Notice embodying such requirements, and specifying Two months as the time within which the works are to be commenced, and Six months as the time within which they are to be completed, be prepared by the Solicitor; that the Lord Chamberlain be requested to consent to the service of the same; and that, upon the receipt of such consent, the Notice be sealed and be served upon the Owner of the Theatre.

It was moved by Mr. Shepherd, seconded, and resolved—That so much of the Report as relates to the Royal Italian Opera House, Covent-garden, be approved; that the Board do adhere to the whole of the six requirements specified in the Report of the Committee, made to the Board on the 3rd November last (No. 8); that a Notice embodying such requirements, and specifying Two months as the time within which the works are to be commenced, and Six months as the time within which they are to be completed, be prepared by the Solicitor; that Her Majesty's Principal Secretary of State, and, if necessary, the Lord Chamberlain, be requested to consent to the service of the same; and that, upon the receipt of such consent, the Notice be sealed, and be served upon the Owners of the Theatre.

It was moved by Mr. Shepherd, seconded, and resolved—That, in consequence of the receipt of the Letter from Messrs. Spiers and Pond, stating that they had closed the Criterion Theatre until they could come before the Board with an entirely fresh set of Plans, the outstanding references to the Committee of previous Letters from Messrs. Spiers and Pond and Mr. Haines, with respect to the alterations recently contemplated at the Theatre, be discharged.

It was moved by Mr. Shepherd, seconded, and resolved—That the Board, in the exercise of the authority conferred upon them by the 45th Section of the Metropolitan Board of Works (Various Powers) Act, 1882, do, with a view to the safety of the public, make the following Rules, with respect to the Lyceum Theatre—

1.—That the present fastenings be removed from the exit doors, and that each door be fastened by a single espagnolette bolt, fixed on the side nearest the auditorium, the bolt being shot by a handle placed at a height of 3 feet from the floor.

2.—That an inscription be painted upon each of the exit doors, on the side next the audience, to the effect that the door may be opened in case of emergency, and indicating to where it leads.

3.—That Notices be painted in the several corridors showing the way out.

It was moved by Mr. Shepherd, seconded, and resolved—That a Notice to the foregoing effect be prepared by the Solicitor; that it be sealed in duplicate, and be served upon the person by whom the Theatre is kept open for public entertainment, and that the Assistant Architect be authorised by the Board, in writing, to survey the Theatre from time to time, and to report whether the Rules made by the Board have been observed.

It was moved by Mr. Shepherd, seconded, and resolved—That so much of the Report as relates to St. George's Hall, Langham-place, be approved; that the Board do adhere to the first four of the five requirements specified in the Report of the Committee, made to the Board on the 1st December last (No. 7), and do relinquish the fifth; that a Notice embodying the four requirements referred to, and specifying Two months as the time within which the works are to be commenced, and Six months as the time within which they are to be completed, be prepared by the Solicitor; that the Lord Chamberlain be requested to consent to the service of the same; and that, upon the receipt of such consent, the Notice be sealed and be served upon the Owners of the Hall.

It was moved by Mr. Shepherd, seconded, and resolved—That the application of Mr. T. Verity, on behalf of Colonel Blake, for a Certificate by the Board, as required by the Metropolis Management and Building Acts Amendment Act, 1878, with reference to the construction of a Theatre, proposed to be erected on the site of Nos. 6 and 8 Wardour-street (formerly Princes-street), and Nos. 11, 12 and 13, Leicester-street, Leicester-square, be not granted.

It was moved by Mr. Shepherd, seconded, and resolved—That Mr. J. Radcliffe be thanked for his Letter, suggesting, amongst other measures for the safety of the public the provision of large doors, made to open outwards, for every part of Theatres, and

that he be informed that the matters referred to are receiving the attention of the Board.

It was moved by Mr. Shepherd, seconded, and resolved—That the Principal Secretary of State for the Colonies be thanked for the copy Progress Report made by the Members of the Commission appointed to inquire into the construction of Theatres, Public Halls, and other places of public amusement in New South Wales.

It was moved by Mr. Shepherd, seconded, and resolved—That the translation of the Regulations recently adopted by the Municipal Council of Brussels, with regard to Theatres, be printed and circulated amongst the Members of the Board.

It was moved by Mr. Shepherd, seconded, and resolved—That Mr. Spencer Chadwick be informed, in reply to his Letter on the subject of the proposed alterations at the Adelphi Theatre, that no departure can now be made from the requirements of the Board's Notice, served on the Owners on the 21st June last.

The Report of the Building Act Committee of the 6th day of February, 1883, appointed by this Board, having been read and considered, and it being made to appear to the Board that the owner of the structure No. 126, East-street, St. Mary, Newington, had failed to comply with the Order made by George Chance, Esquire, one of the Magistrates of the Police-courts of the Metropolis, sitting at the Lambeth Police-court, on the 6th day of January last, for the removal of the dangerous portions of such structure, this Board doth, pursuant to the provisions of the Metropolitan Building Act, 1855, and the Metropolitan Building Act, 1869,

Resolve, and it is hereby resolved, and ordered, on the motion of Mr. Shepherd—That the Contractors, Messrs. John and James Greenwood, of Maltby-street, Bermondsey, be instructed, and they are hereby authorised to take down the brickwork of the front and back walls, and also the entrance landing steps and walls of No. 126, East-street, Newington.

The Report of the Building Act Committee of the 6th day of February, 1883, appointed by this Board, having been read and considered, and it being made to appear to the Board that the owner of the structure No. 12A, Cottage-street, Poplar, had failed to comply with the Order made by Franklin Lushington, Esquire, one of the Magistrates of the Police-courts of the Metropolis, sitting at the Thames Police-court, on the 5th day of January last, for the removal of the dangerous portions of such structure, this Board doth, pursuant to the provisions of the Metropolitan Building Act, 1855, and the Metropolitan Building Act, 1869,

Resolve, and it is hereby resolved and ordered, on the motion of Mr. Shepherd—That the Contractors, Messrs. John and James Greenwood, of Maltby-street, Bermondsey, be instructed, and they are hereby authorised to take down the remaining portions of No. 12A, Cottage-street, Poplar.

The Report of the Building Act Committee of the 6th day of February, 1883, appointed by this Board, having been read and considered, and it being made to appear to the Board that the owner and occupier of the workshops at the rear of No. 41, Banner-street, St. Luke's, had failed to comply with the Orders made by John Hosack, Esquire, one of the Magistrates of the Police-courts of the Metropolis, sitting at the Clerkenwell Police-court on the 31st day of October last, and the 9th day of January last, for the removal of the dangerous portions of such structure, this Board doth, pursuant to the provisions of the Metropolitan Building Act, 1855, and the Metropolitan Building Act, 1869,

Resolve, and it is hereby resolved and ordered, on the motion of Mr. Shepherd—That the Contractors, Messrs. John and James Greenwood, of Maltby-street, Bermondsey, be instructed, and they are hereby authorised to take down the workshop at the rear of No. 41, Banner-street, St. Luke's.

The Report of the Building Act Committee of the 6th day of February, 1883, appointed by this Board, having been read and considered, and it being made to appear to the Board

that the owner and occupier of the structure, No. 98, Stockwell-road, Lambeth, had failed to comply with the Order made by George Chance, Esquire, one of the Magistrates of the Police-courts of the Metropolis, sitting at the Lambeth Police-court on the 23rd day of December last, for the removal of the dangerous portions of such structure, this Board doth, pursuant to the provisions of the Metropolitan Building Act, 1855, and the Metropolitan Building Act, 1869,

**Resolve**, and it is hereby **resolved** and **ordered**, on the **motion** of Mr. Shepherd—That the Contractors, Messrs. John and James Greenwood, of Maltby-street, Bermondsey, be instructed, and they are hereby authorised to take down the brickwork above the second floor windows of No. 98, Stockwell-road, Lambeth, where the same is bulged and fractured, and also the water-closet at the rear of the same premises.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the course taken by the Superintending Architect, under the Dangerous Structures Act, with reference to a Billiard-room on the North side of Queen's-head-yard, St. George-the-Martyr, Southwark, be approved.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application of Mr. S. Bolton, for the consent of the Board to the erection of one-storey shops on portions of the forecourts of Nos. 227 and 227A, Camberwell-road, as shown upon the amended Plan accompanying the application, be granted, on condition that previously to the commencement of building operations the spaces separating the proposed shops from the public way, be given up and added to such public way, and that in other respects the erections be made in entire conformity with the letter of application, and as shown on such Plan, and be not at any time, in any manner, altered or raised without the consent of this Board.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application of Mr. J. M. Anderson, for the consent of the Board to the erection of the Scottish National Church, on the South side of Pont-street, at the corner of Lennox-gardens, Chelsea, to the line shown upon the Plan accompanying the application, be granted, on condition that the erection be made in entire conformity with the letter of application, and as shown on such Plan, and be not at any time, in any manner, altered or raised without the consent of this Board.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application of Mr. H. E. B. Joyce, for approval by the Board of an amended Plan for the formation of new roads, in continuation of roads leading out of the North side of Sandwell-road, High-street, Lewisham, be granted, on condition that no barriers be at any time erected or other obstructions caused to the free use by the public of the said roads, and that the names "Emscote-road, S.E.," "Longbridge-road, S.E.," and "Gingscliff-road, S.E.," be approved for the same.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application of Mr. T. R. Meakin, for approval by the Board of an amended Plan for the formation of a new road to lead out of the East side of Castledine-road, also for a continuation of Saint Hugh's-road, and the formation of a road to lead out of the South side of Anerley-park, Anerley, be granted, on condition that the applicants do satisfy the Solicitor that they are in possession of the land required for the formation of the proposed roads; and also upon condition that no barriers be at any time erected or other obstructions caused to the free use by the public of the said roads, and that the names "St. Hugh's-road, S.E.," in continuation, and "Trenholme-road, S.E.," be approved for the same.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That no further action be taken with reference to the Letters from Mr. R. Plumbe and Mr. G. Legg, District Surveyors, relative to the proposed erection of houses at Kingsland-green without the sanction of the Board.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That so much of the Report as relates to the Letter from the Vestry of Camberwell, with reference to the formation

of a new road, to lead out of the South side of New Church-road, without the sanction of the Board, be approved; that the Solicitor be instructed to take the necessary legal proceedings in the matter, and that it be referred back to the Committee, with authority to act upon any Resolution at which they may arrive with regard thereto.

It was moved by Mr. Shepherd, seconded, and resolved—That Mr. J. G. Turner, Deputy District Surveyor, be informed, in reply to his Letter with reference to a deviation from the Plan approved by the Board for the formation of Fairbridge-road, Holloway-road, that the Board do not propose to take any proceedings in the matter.

It was moved by Mr. Shepherd, seconded, and resolved—That the Vestry of Islington be informed, in reply to their Letter, enclosing copies of Letters relative to the condition of the road-way of Wedmore-gardens, Upper Holloway, that the Vestry have power, under the Act 18 and 19 Vic., cap. 120, to take action in the matter.

It was moved by Mr. Shepherd, seconded, and resolved—That a Letter, in accordance with the Report, be sent to the Vestry of St. Marylebone, in reply to their communication, as to the Report of the District Surveyor for the District of the Southern Division of St. Marylebone, on the subject of underground dwellings; and that the Vestry be also informed that the Board will consider any further observations which they may desire to make on the subject.

It was moved by Mr. Shepherd, seconded, and resolved—That the application of Mr. C. R. Hurditch, for permission to retain, for a further period, the temporary iron Church in Dalston-lane, Hackney, be granted until the expiration of the present year, upon condition that the Owners do accept the License, prepared under the provisions of the Amendment Act, 1882, to secure the due removal of the building.

It was moved by Mr. Shepherd, seconded, and resolved—That the application of Mr. J. Hicks, for permission to retain a two-storey house, with a shop, erected on the South side of Mandeville-street, at the corner of Etropol-road, Hackney, to the line shown upon the Plan accompanying the application, be not granted.

It was moved by Mr. Shepherd, seconded, and resolved—That the substance of the Superintending Architect's Report be communicated to the Vestry of St. Marylebone, in reply to their Letter as to the entrance to Hamilton-gardens from Garden-road, being less than 40 feet wide.

It was moved by Mr. Shephered, seconded, and resolved—That the application of Mr. R. J. Chillingworth, for the consent of the Board to the erection of a drill-shed on the North side of Ash-grove, Mare-street, Hackney, to the line shown upon the amended Plan accompanying the application, be granted, on condition that the erection be made in entire conformity with the letter of application, and as shown on such Plan, and be not at any time, in any manner, altered or raised without the consent of this Board.

It was moved by Mr. Shepherd, seconded, and resolved—That the application of Mr. R. P. Spiers, for the consent of the Board to the erection of a one-storey addition at the rear of No. 35, Acacia-road, at the corner of Woronzow-road, St. John's-wood, to the line shown upon the Plan accompanying the application, be granted, on condition that the erection be made in entire conformity with the letter of application, and as shown on such Plan, and be not at any time, in any manner, altered or raised without the consent of this Board.

It was moved by Mr. Shepherd, seconded, and resolved—That the application of Mr. J. Dunn, for the consent of the Board to the re-erection of the Arundel Hotel, Nos. 19 and 21, Arundel-street, Strand, at the corner of the Victoria Embankment, to the line shown upon the Plan accompanying the application, be granted, on condition that the erection be made in entire conformity with the letter of application, and as shown on

such Plan, and be not at any time, in any manner, altered or raised without the consent of this Board.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application of Messrs. Waring and Nicholson, for approval by the Board of a Plan for the formation of two new roads between Crescent-lane and Leppoc-road, Clapham, and for the widening of a portion of Crescent-lane, in connection therewith, be granted, on condition that no barriers be at any time erected or other obstructions caused to the free use by the public of the said roads, and that the names "Arncliffe-gardens, S.W.," and "Langcliffe-gardens," S.W., be approved for the same.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application of Mr. J. W. Gabriel, for permission to retain, for a further period, three temporary iron buildings on the West side of Bath-street, City-road, at the corner of Lever-street, be granted for a period of Six months, from this date, and that such renewal be endorsed on the Licenses granted by the Board in respect of the buildings.

It was **moved** by Mr. Shepherd, seconded and **resolved**—That the application of Mr. W. Elsdon, for approval by the Board of an amended Plan for the formation of a new road, in continuation of Southfields-road, leading into Haldon-road, Wandsworth, be not granted.

It was **moved** by Mr. Shepherd, and seconded—That the application of Mr. E. T. Hall, on behalf of Messrs. Brew and Claris, for approval by the Board of a Plan for the construction of a building, with projecting over-hanging bays, on the site of No. 54, Finsbury-pavement, at the corner of South-place, with openings in excess of the limit prescribed by the 13th Section of the Building Act, 1855, be not granted.

An **amendment** thereon was **moved** by Mr. Thompson, and seconded—That the application be referred back to the Committee, for further consideration and report.

The **amendment** having been put to the vote, it was declared by the Chairman to be carried, and having been put as an **original motion**, it was also carried; and it was **resolved** accordingly.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application of Messrs. Joseph and Pearson, on behalf of Mr. S. H. Beddington, for the consent of the Board to the erection of one-storey shops on portions of the forecourts of Nos. 82 to 130 (even numbers only), Hill-street, Peckham, to the line shown upon the Plan accompanying the application, be not granted.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application of Mr. C. Jones, on behalf of Mr. J. Clemence, for the consent of the Board to the erection of a two-storey bay-window on a portion of the forecourt of No. 42, Pelham-street, South Kensington, to the line shown upon the Plan accompanying the application, be granted, on condition that the erection be made in entire conformity with the letter of application, and as shown on such Plan, and be not at any time, in any manner, altered or raised without the consent of this Board.

**3.** Mr. Dresser Rogers, the Chairman of the Parliamentary Committee, brought up a Report, as follows—

REPORT OF THE PARLIAMENTARY COMMITTEE.

Spring-gardens, 6th February, 1882.

Your Solicitor has suggested to your Committee the desirability of supporting the Board's Bill for the amendment of the 33rd Section of the Metropolitan Street Improvements Act, 1877, by carefully prepared statistics and other information with respect to persons of the Labouring Class to be displaced, the character of their occupations, and whether the occupants of the working-class houses are mostly of a migratory or stationary character; and also with respect to the other dwelling accommodation in

the neighbourhood and within a certain distance of their present abodes. This and other information your Committee have instructed your Engineer and your Superintending Architect to obtain ; and, as the work will occupy a considerable time, and will require the employment upon it of several persons, your Committee recommend that the Officers be authorised to obtain such temporary assistance as they may find necessary to enable them to collect all the information required.

Your Committee have considered the Kent and Essex Junction Railway Bill, deposited for introduction into Parliament next Session, by which it is proposed to make a Railway under the Thames, in the neighbourhood of Woolwich, and also to make an ordinary carriage-way and foot-ways under the River parallel with the Railway. In connection with this Bill your Committee have considered the Memorial, presented to the Board on the 12th January last (No. 15), by a Deputation from ratepayers of Woolwich, Charlton and Plumstead, asking the Board to support the Bill and to provide the sum of £750,000, which it is estimated the carriage-way and foot-ways will cost, if they are made at the same time as the proposed Railway. In the Memorial it is suggested that the Board should endeavour to obtain one-half of the amount above mentioned from the Government, and should also apply for a contribution from the County Authorities of Essex and Kent. Your Committee have also considered the communication from the Vestry of Plumstead, referred on the 5th ultimo (No. 37), in which the opinion is expressed that the scheme is worthy of support. Your Committee are of opinion that it would be inexpedient for the Board to make any such arrangement as that suggested in the Memorial from inhabitants of Woolwich, Charlton and Plumstead, and they recommend—

That the Memorialists and the Vestry of Plumstead be informed to that effect, and that a Petition be presented against the Bill.

Your Committee have also to report that they have considered the other Plans deposited by the Promoters of undertakings, for which it is proposed to apply for the authority of Parliament during the ensuing Session, referred to them on the 1st December last (No. 8), and the Bills by which it is proposed to obtain power for such undertakings, and which were referred to your Committee on the 22nd December last (No. 20). They have had before them the Report of your Engineer on the various schemes, which was presented to the Board on the 26th ultimo (No. 17), and referred to your Committee ; and also the Report by your Superintending Architect, referred by the Board on the 2nd instant (No. 69) ; they have also considered Reports by your Solicitor, calling attention to the various points in the Bills which, in his opinion, affect the interests of the Board, and of the inhabitants of the Metropolis, and upon which it seems desirable that Petitions should be presented, so that these interests may be duly protected. In all cases where protective Clauses appear to be requisite, your Committee propose that Petitions should be presented. In some cases it will be necessary to do more than merely ask for the insertion of Clauses, the proposals in some of the Bills being such as to call for opposition on the part of the Board. Your Committee are not, however, prepared at present to indicate precisely what course the Board should, in their opinion, adopt in all these cases. It will be sufficient for the moment, for the Board to give instructions for the Petitions, and your Committee will afterwards, in those cases where opposition is necessary, report further what measures should, in their opinion, be taken. With these observations your Committee now recommend—

That Petitions be presented against the following Bills—

London and North-Western Railway.
North London Railway.
London and South-Western Railway (Various Powers).
Charing-cross and Waterloo Electric Railway Extensions.
East of London, Crystal Palace, and South-Eastern Junction Railway.
Oxted and Groombridge Railway (Croydon and London Extension).
Bexley-heath Railway.
Metropolitan Railway.

Metropolitan Outer Circle Railway.
Metropolitan District Railway (Additional Lands at Whitechapel).
East London Railway (Whitechapel Junction).
South-Eastern Railway.
Tower Duplex Bridge.
Tower (Thames) Subway.
Paddington Market.
South Kensington Market.
Fish Exchange (Blackfriars), Limited.

With reference to the undermentioned Bills, it appears to your Committee, after careful consideration of your Engineer's Report, that it is unnecessary for the Board to present Petitions against them—

Midland Railway (Additional Powers).
Metropolitan and Metropolitan District Railways (City Lines and Extensions).
London, Tilbury and Southend Railway.
London, Chatham and Dover Railway.
St. Saviour's Southwark (Church Rate Abolition).
Southwark and Vauxhall Water Company.
Lambeth Waterworks.

Your Committee have further to recommend that the various references made to the Committee on the subject of the schemes for new Tramways be discharged, inasmuch as the schemes have all been considered, and are to be reported upon by the Works and General Purposes Committee.

All which your Committee beg to submit.

(Signed) E. DRESSER ROGERS,
W. R. SELWAY,
JOHN TOLHURST,
W. H. DALTON,
DONALD MUNRO,
JOHN RUNTZ,
FRANCIS H. FOWLER,
GEO. EDWARDS.

The Report having been read and received,

It was **moved** by Mr. Dresser Rogers, seconded, and **resolved**—That the Engineer and the Superintending Architect be authorised to obtain the temporary assistance necessary to enable them to collect certain information for the Board to produce to Parliament in support of their Bill for the amendment of the 33rd Section of the Metropolitan Street Improvements Act, 1877.

It was **moved** by Mr. Dresser Rogers, and seconded—That a Petition be presented against the Kent and Essex Junction Railway Bill, and that the Deputation of ratepayers of Woolwich, Charlton, and Plumstead, who have memorialised the Board, in favour of the Bill, be informed that the Board do not consider it expedient to comply with the prayer of the Memorial, and that the Vestry of Plumstead be informed to the same effect.

An **amendment** thereon was **moved** by Mr. Jolly, and seconded by Mr. Lloyd—That the subject be referred back to the Committee, for further consideration, and that a Deputation from the Promoters of the Bill and from the Woolwich and Plumstead Boards be invited to attend the Committee.

The **amendment** having been put to the vote, there were for it 10, against it 15; and it was declared by the Chairman to be lost.

The **original motion** was then put to the vote, and declared by the Chairman to be carried; and it was **resolved** accordingly.

It was **moved** by Mr. Dresser Rogers, seconded, and **resolved**—That Petitions be presented against the undermentioned Bills—

London and North-Western Railway.
North London Railway.
London and South-Western Railway (Various Powers).
Charing-cross and Waterloo Electric Railway Extensions.
East of London, Crystal Palace, and South-Eastern Junction Railway.
Oxted and Groombridge Railway (Croydon and London Extension).
Bexley-heath Railway.
Metropolitan Railway.
Metropolitan Outer Circle Railway.
Metropolitan District Railway (Additional Lands at Whitechapel).
East London Railway (Whitechapel Junction).
South-Eastern Railway.
Tower Duplex Bridge.
Tower (Thames Subway).
Paddington Market.
South Kensington Market.
Fish Exchange (Blackfriars), Limited.

It was **moved** by Mr. Dresser Rogers, seconded, and **resolved**—That no action be taken by the Board with reference to the under-mentioned Bills—

Midland Railway (Additional Powers).
Metropolitan and Metropolitan District Railways (City Lines and Extensions).
London, Tilbury and Southend Railway.
London, Chatham and Dover Railway.
St. Saviour's Southwark (Church Rate Abolition).
Southwark and Vauxhall Water Company.
Lambeth Waterworks.

It was **moved** by Mr. Dresser Rogers, seconded, and **resolved**—That the various references made to the Committee on the subject of the schemes for Tramways be discharged.

**4.** It was **moved** by Mr. Selway, pursuant to notice, seconded by Mr. Dresser Rogers, and **resolved**—That a copy of the Return of works executed by the Vestries and District Boards since 1856, and which has been printed by order of the Board on the 26th ultimo, be sent to each Vestry and District Board.

**5.** Read a Report by the Engineer, dated 9th February, 1883, on an application by the Vestry of Hampstead, for permission to stop up the undermentioned thoroughfare for the period and purpose therein mentioned, viz.—

| Date of Application. | Name of Street to be stopped up. | Object. | Time applied for. | Time recommended. | Street through which traffic will be diverted |
|---|---|---|---|---|---|
| 1883. 5th Feb. | West-end-lane, from Finchley-road to Frognal | Sewerage. | 1 month. | 1 month. | Frognal-road. |

It was **moved** by Mr. Selway, seconded, and **resolved**—That the Report be approved, and that the sanction of the Board be given, and the same is hereby given, to the closing of the thoroughfare in question by the Vestry of Hampstead, for the purpose of executing sewerage work therein, for the period recommended by the Engineer, such sanction to date from the commencement of the work.

**6.** Read a Report by the Engineer, dated 8th February, 1883, on a Letter from Mr. J. Harris, as to the proposed mode of drainage of an intended Factory in Garford-street, Poplar; stating that Mr. Harris inquired whether the Factory could be drained into a Sewer passing through his Client's land, and which, he inferred, discharged into the Low Level Branch Sewer in Garford-street, and that he (the Engineer) was of opinion that the best arrangement would be for the Factory to be drained direct into the latter Sewer; the drain to be properly trapped, and the Board declining to be responsible for any flooding that might result, and recommending that Mr. Harris should be so informed.

It was **moved** by Mr. Selway, seconded, and **resolved**—That the Report be approved and acted upon, and that Mr. Harris be informed accordingly.

**7.** Read a Report by the Engineer, dated 8th February, 1883, on a Letter from the Surveyor to the Vestry of Islington, stating that the builders of the new Grand Theatre, on the site of the old Philharmonic Theatre, had applied to the Vestry for permission to drain the buildings into the Sewer laid by this Board in Black-horse-yard, City-road, and asking whether there was any objection to that, and whether there would be any contribution to be paid for the use of the Sewer; stating that the works of the Sewer and of the widening and paving of Black-horse-yard were completed in June last, and that the street and Sewer were then handed over to the charge of the Local Authority (the Vestry of Islington), in compliance with the requirements of the Act; that he (the Engineer) knew of no objection to the new buildings being drained into the Sewer, or of there being any contribution to pay in respect thereof; and recommending that the Surveyor should be so informed.

It was **moved** by Mr. Selway, seconded, and **resolved**—That the Report be approved and acted upon.

**8.** Read a Report by the Engineer, dated 8th February, 1883, on a Letter from Messrs. Dixon and Roe, complaining of the flooding, on the 29th ultimo, of the sub-basement of their warehouse, No. 17, Walbrook, and inquiring as to the cause; stating that the premises were drained by a 6-inch untrapped drain into the Sewer, and that the water came up the drain in consequence of the heavy rain which occurred on the afternoon of the day referred to, there being in the Sewer at the time a dam, placed there by the Contractors for the Metropolitan and District Railway Companies, for the purpose of diverting the water whilst they were constructing a new Sewer in the locality; and that the height of the dam had since been reduced by Contractors; and recommending that Messrs. Dixon and Roe should be informed to the foregoing effect.

It was **moved** by Mr. Selway, seconded, and **resolved**—That the Report be approved, and that Messrs. Dixon and Roe be informed accordingly.

**9.** Read a Report by the Engineer, dated 9th February, 1883, stating that the following quantities of Coal were required for use at the Deptford Pumping Station, viz.—

| | ESTIMATE. |
|---|---|
| 300 Tons of Welsh Coal ... ... ... ... | £231 5 0 |
| 300 „ Tanfield Moor Coal ... ... ... | 183 15 0 |
| Total ... ... | £415 0 0 |

It was **moved** by Mr. Selway, seconded, and **resolved**—That the Report be approved, and that the Coal be obtained accordingly, the cost thereof being charged to the General Account of the Board.

**10.** The Solicitor reported that it had not yet been decided in which House the Metropolitan Street Improvements Bill, 1883, the Metropolitan Board of Works (Bridges, &c.) Bill, and the Metropolitan Street Improvements Act, 1877 (Amendment), Bill would be introduced; that if they were introduced in the House of Commons, it would be necessary to endorse the Bills with the names of two or more Members, and

that the Chairman would doubtless, as on previous occasions, ask two Members to associate their names with his own for the purpose of complying with the Orders of the House.

**11.** The Solicitor reported that, as to Bills commencing in the House of Commons, the Board, if they petitioned, must petition within ten clear days of the first reading; and as to Bills commencing in the House of Lords, within seven days after the second reading.

**12.** The Solicitor presented a list of Memorials which had been presented against Bills in the third hundred in the list of Bills deposited in the House of Commons.

**13.** The Solicitor reported with respect to the undermentioned Schemes under the Artizans', &c., Dwellings Acts—

Windmill-row, New-cut, Lambeth;

Tench-street, St. George-in-the-East;

Brook-street, Limehouse; and

Trafalgar-road, Greenwich;

that the Petitions sealed by the Board, together with certain other documents, had been duly lodged at the Home Office.

**14.** The Solicitor reported that he had been informed that the Justices were in the habit of granting Licenses to places of public entertainment without the Certificate of the Board being first produced, as required by the Act of 1878, and he referred to the cases of the Kensington Town-hall and the Highbury Athenæum, and stated that those places were used for public amusement, and he suggested that the matter should be referred to the Building Act Committee, for consideration and report.

It was moved by Mr. Selway, seconded, and resolved—That the subject be referred to the Building Act Committee, for consideration and report.

**15.** The Solicitor reported that, in accordance with the direction of the Board, he had obtained a Summons against the Owners of the Adelphi Theatre, which had been heard at the Bow-street Police-court yesterday, for default in complying with the Board's requisitions, and that the Owners had been convicted, and fined £10 and £5 5s. costs, and that he understood that the works were now in progress.

**16.** The Solicitor presented the following documents for sealing—

Duplicate of the Conveyance to the Improved Industrial Dwellings Company of Plot "G" in Great Eastern-street, set apart by the Metropolitan Streets Improvement Act, 1872, for the erection of Industrial Dwellings, and a Memorial for the registration of the same (Old-street to Shoreditch Improvement).

Duplicate of the Conveyance to Mr. H. Foskett, of Plot "I" in Bethnal-green-road, set apart by the Metropolitan Streets Improvement Act, 1872, for the erection of Industrial Dwellings, and a Memorial for the registration of the same (Bethnal-green Improvement).

Lease to Mr. S. Smith of part of Plot No. 28, in Great Eastern-street (Old-street to Shoreditch Improvement).

Leases to Messrs. Hanbury and Buxton of the new sites for "The Bell" and "The Princess Alice" Public-houses, bought by them at the sale by Auction on Wednesday last (Goulston-street Scheme under the Artizans', &c., Dwellings Act).

Contract with Messrs. W. Mather and J. Platt for the supply and fitting of elastic metallic Pistons to the steam cylinders of the Engines at the Abbey Mills Pumping Station.

Two Assignments of two equal undivided fourth parts of No. 9, Tichborne-street, Piccadilly, as to one-fourth by Miss S. J. Raper, and as to the other fourth by the Executrix of the Will of the late Mrs. Reynell and Mr. W. Hazlitt, and Memorials for the registration of the same (Piccadilly to Oxford-street Improvement).

It was **moved** by Mr. Selway, seconded, and **resolved**—That the Common Seal of the Board be affixed to the said documents respectively; and the Seal was affixed accordingly.

**17**. The Solicitor laid before the Board a Letter from Mr. Hemsley, Clerk to the Acton Local Board of Health, dated 7th February, 1883, relative to the action by this Board against the Local Board, asking whether this Board would be disposed to receive a Deputation with the view of determining whether the two Boards could come to an amicable arrangement in the matter.

It was **moved** by Mr. Selway, seconded, and **resolved**—That the said Letter be referred to the Works and General Purposes Committee, for consideration, with authority to take such steps with regard thereto as they may consider desirable.

**18**. The Solicitor reported that the Treasury had approved of the period for the re-payment of the Loan of £45,000 to the Guardians for the Fulham Union, and he suggested that the Board should now draw a Cheque for the same.

It was **moved** by Mr. Selway, seconded, and **resolved**—That a Cheque for the sum of £45,000 be now drawn in favour of the Guardians for the Fulham Union; and a Cheque was drawn on the Consolidated Loans Fund accordingly.

**19**. The Solicitor reported that the Treasury had approved of the period for the re-payment of the Loan of £4,500 to the Guardians for the Parish of Lambeth, and he suggested that the Board should now draw a Cheque for the same.

It was **moved** by Mr. Selway, seconded, and **resolved**—That a Cheque for the sum of £4,500 be now drawn in favour of the Guardians for the Parish of Lambeth; and a Cheque was drawn on the Consolidated Loans Fund accordingly.

**20**. The Solicitor reported that the Treasury had approved of the period for the re-payment of the Loan of £10,000 to the Guardians for the Wandsworth and Clapham Union, and he suggested that the Board should now draw a Cheque for the same.

It was **moved** by Mr. Selway, seconded, and **resolved**—That a Cheque for the sum of £10,000 be now drawn in favour of the Guardians for the Wandsworth and Clapham Union; and a Cheque was drawn on the Consolidated Loans Fund accordingly.

**21**. The Clerk laid before the Board copies of the Orders of the Board of the 2nd instant (No. 16), for the re-naming, &c., of the following thoroughfares, together with copies of the Plans referred to in such Orders, viz.—

| | |
|---|---|
| Sidney-road, &c., Stockwell... ... ... ... | Lambeth. |
| St. John's-road, &c., do. ... ... ... ... | Do. |
| Garden-row, &c., Deptford ... ... ... ... | Greenwich. |
| Coldbath-street, &c. ... ... ... ... | Do. |
| Great York-mews, &c. ... ... ... ... | Marylebone. |
| Crown-street, &c. ... ... ... ... ... | Camberwell. |
| Dart-street ... ... ... ... ... | Chelsea (detached). |
| Lancefield-street, &c. ... ... ... ... | Do. |
| Herries-street, &c. ... ... ... ... | Do. |
| Beethoven-street, &c. ... ... ... ... | Do. |
| Mozart-street, &c.... ... ... ... ... | Do. |
| Primrose-hill-road ... ... ... ... | Hampstead. |
| Longton-grove (part) ... ... ... ... | Lewisham. |

It was moved, seconded, and resolved—That the Common Seal of the Board be affixed to the said copies of Orders and Plans respectively; and the Seal was affixed accordingly.

**22**. The Clerk presented a Letter from Mr. H. D. Ellis, Secretary of the Commercial Gas Company, dated 2nd February, 1883, transmitting copy of the Accounts of the Company for the half-year ended the 31st December, 1882. The Clerk also presented a Report of the Directors and a Statement of Accounts of the Gas Light and Coke Company for the half-year ended the 31st December, 1882.

**23**. The Clerk presented a circular Letter from Mr. R. Paget, Clerk to the Vestry of Clerkenwell, dated 29th January, 1883, to the effect that the Vestry were of opinion that the power formerly vested in the Vestries, &c., by the Bakehouses Regulation Act, 1863, should revert to those bodies.

It was moved by Mr. Selway, seconded, and resolved—That the said Letter be received.

**24**. The Clerk presented a Letter from Mr. J. E. Salway, Clerk to the Vestry of Chelsea, dated 2nd February, 1883, stating that the Vestry proposed to effect an Improvement in Flood-street, as shown on the Plan accompanying the Letter, and expressing a hope that the Board would in due course contribute towards the cost thereof.

It was moved by Mr. Selway, seconded, and resolved—That the said Letter be referred to the Works and General Purposes Committee, for consideration and report.

**25**. The Clerk presented a Letter, as follows—

Saint Giles District Board of Works.

197, High Holborn, W.C.,
February 6th, 1883.

Dear Sir,—This Board having had under consideration certain necessary paving works in their District, amounting, according to the approximate Estimate of their Surveyor, to the sum of £21,642, in order to the performance of such works, I am directed to apply to your Board for permission to borrow £15,000.

I enclose the Surveyor's Estimate, and append a statement of the indebtedness of this Board and the ratable annual value of the District.

I am to request your Board will sanction the proposed Loan, and will advance the amount in the second week in April next, at the usual rate of interest, re-payable by annual instalments, to extend over as long a period as possible.

I am, &c.,
(Signed) J. HENRY JONES,
Clerk to the Board.

The Clerk, Metropolitan Board of Works,
Spring-gardens, S.W.

(Signed) E. WALLACE,
Surveyor to the Board.

6th February, 1883.

It was moved by Mr. Selway, seconded, and resolved—That the said Letter be referred to the Finance Committee, for consideration and report, and that the Engineer and the Accountant do report to the Committee thereon.

**26.** The Clerk presented a Letter from Mr. A. B. Mitford, C.B., Office of Works, &c., dated 6th February, 1883, stating that the Government were of opinion that the cost of raising the Grosvenor-road embankment, in accordance with the Floods Prevention Act, and of maintaining and repairing the embankment, ought to be borne in the same manner as the cost of other works affecting only the Metropolis, and that the Government had resolved to introduce a Bill in the forthcoming Session to enable the Commissioners of Works, &c., to transfer the embankment to this Board.

It was moved by Mr. Selway, seconded, and resolved—That the said Letter be referred to the Works and General Purposes Committee, for consideration and report.

**27.** The Clerk presented a Letter from Mr. H. G. Calcraft, Board of Trade, dated 5th February, 1883, asking for the Board's observations upon a Letter from the Gas Light and Coke Company, in which the Company offered, on condition of the scheme of amalgamation with the London Gas Company being allowed to proceed, to at once reduce the price of Gas in that part of the London Company's District South of the Thames to 2s. 10d. a thousand feet, and to undertake never to charge a higher price in that District than should for the time being be charged by the South Metropolitan Company in their district; and pointing out that this concession would carry with it a reduction in the price of the Gas supplied to the public Lamps, not only on the South side but throughout the whole of the Company's District on the North side of the Thames, inasmuch as by the 86th Section of the City of London Gas Act, 1868, the Company were prohibited from charging for public Lamps a higher price than the lowest price charged to any private customer.

It was moved by Mr. Selway, seconded, and resolved—That the said Letter be referred to the Works and General Purposes Committee, for consideration and report, and that the Solicitor do report to the Committee thereon.

**28.** The Clerk presented a Letter from Mr. G. W. Preston, Clerk to the Vestry of St. Luke's, dated 7th February, 1883, transmitting a copy of the objections of the Vestry to the draft Provisional Order of the Metropolitan (Brush) Electric Light, &c., Company (Limited).

It was moved by Mr. Selway, seconded, and resolved—That the said Letter and objections be referred to the Works and General Purposes Committee, for consideration, in connection with the references already made to them on the subject to which they relate.

**29**. The Clerk presented a Letter from Mr. W. J. Dibdin, Chemical Assistant, dated 8th February, 1883, asking the Board's permission to undertake a series of tests, in conjunction with other persons, in connection with the International Electric and Gas Exhibition at the Crystal Palace.

It was moved by Mr. Selway, seconded, and resolved—That the application be complied with.

**30**. The Clerk presented a Letter, as follows—

Parish of St. Pancras,
Guardians' Offices, Vestry Hall, Pancras-road,
London, 9th February, 1883.

Sir,—Referring to my Letter of the 30th of September, 1882, and your reply of the 3rd of October following, I am directed to renew the request then made for a Loan of £2,000, for the purposes of purchasing the Leasehold interest in the premises Nos. 46 and 47, Clarendon-square, and for certain alterations to adapt them for the purposes of a Relief Station. Herewith I enclose copies of the Orders of the Local Government Board sanctioning the borrowing of this sum, which is to be advanced in two Loans of £1,300 and £700 respectively, the former to be re-paid in 30 years, and the latter in 20 years, each by equal half-yearly instalments. The sanction of the Local Government Board has been obtained to the period and mode of re-payment.

The £1,300 is for the purchase of the Leasehold, and the £700 for the alterations, &c.

I am, &c.,
(Signed) THOS. ECCLESTON GIBB,
Clerk.

J. E. Wakefield, Esq.,
Clerk to the Metropolitan Board of Works,
Spring-gardens, S.W.

It was moved by Mr. Selway, seconded, and resolved—That the said Letter be referred to the Finance Committee, for consideration and report, and that the Accountant do report to the Committee thereon.

**31**. The Chemical Assistant laid before the Board his Return of the Testings made at the Gas Testing Stations during the week, ended on the 6th instant, as follows—

| Company. | District. | Illuminating Power. (In standard Sperm Candles.) | | | Sulphur. (Grains in 100 cubic feet of Gas.) | | | Ammonia. (Grains in 100 cubic feet of Gas.) | | | Sulphuretted Hydrogen. |

The pressure of the Gas supplied by the Gas Light and Coke Company taken at Phillimore-place, Kensington, at 7·45 on January 31st, was 1·85 inch.

**32.** Read a Report, as follows—

Superintending Architect's Department, Spring-gardens,
9th February, 1883.

PETROLEUM ACTS, 1871 TO 1881.

Memorandum relative to Licenses for storing Petroleum for sale or use.

In the accompanying Schedule there are Thirty-eight applications for Licenses, the Fees for which have been duly deposited.

The premises of the applicants having been inspected, and the arrangements for storing found satisfactory, I recommend that Licenses be granted for Twelve months from this date, subject to the conditions contained in such Licenses.

(Signed) GEORGE VULLIAMY,
Superintending Architect.

The list of applications in respect of which Licenses were recommended to be granted was laid before the Board.

It was moved, seconded, and resolved—That Licenses be granted to the Thirty-eight persons mentioned in the list now submitted, to keep Petroleum in the places, and in the quantities stated in such Licenses, for a period of Twelve calendar months from this date, subject to the conditions mentioned in such Licenses.

The several Licenses referred to in the foregoing Resolution were laid before the Board.

It was moved, seconded, and resolved—That the Common Seal of the Board be affixed to the said Licenses; and the Seal was affixed accordingly.

**33.** BERMONDSEY.—Read a Report by the Superintending Architect, dated 29th January, 1883, on the application of Mr. E. Crosse, on behalf of Mr. T. Cole and Mr. W. Wood, for the consent of the Board to the erection of pents on portions of the forecourts of Nos. 241 and 243, Southwark-park-road, to the line shown upon the Plan accompanying the application.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be referred to the Building Act Committee, for consideration and report.

**34.** BERMONDSEY.—Read a Report by the Superintending Architect, dated 6th January, 1883, on the application of Mr. R. J. Dickins, for the consent of the Board to the erection of a one-storey shop on a portion of the forecourt of No. 208, Southwark-park-road, to the line shown upon the Plan accompanying the application.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be granted, on condition that previously to the commencement of building operations the space separating the proposed shop from the public way be given up to form part of such public way, and that the erection in other respects be made in entire conformity with the letter of application, and as shown on the Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board.

**35.** BERMONDSEY.—Read a Report by the Superintending Architect, dated 8th February, 1883, on the application of Mr. R. J. Dickins, for the consent of the Board to the erection of one-storey shops upon portions of the forecourts of Nos. 214 to 232 (even numbers only), Southwark-park-road, to the line shown upon the Plan accompanying the application.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be granted, on condition that, previously to the commencement of building operations, the space separating the proposed shop from the public way be given up to form part of such public way, and that the erections in other respects be made in entire conformity with the letter of application, and as shown on the Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board.

**36.** CHELSEA.—Read a Report by the Superintending Architect, dated 7th February, 1883, on the application of Mr. W. D. Church, on behalf of the Trustees of the

Radnor-street Welsh Chapel, for the consent of the Board to the erection of an addition to the Chapel in Radnor-street, King's-road, to the line shown upon the Plan accompanying the application.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be not granted.

**37**. Fulham.—Read a Report by the Superintending Architect, dated 7th February, 1883, on the application of Mr. M. Nickinson, on behalf of Messrs. White and Lyford, for the consent of the Board to the erection of houses, with one-storey shops, on the North side of Uxbridge-road, to the line shown upon the amended Plan accompanying the application.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be granted, on condition that, previously to the commencement of building operations, the space separating the proposed shops from the public way, be given up to form part of such public way, and that the erections in other respects be made in entire conformity with the letter of application, and as shown on the Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board.

**38**. Fulham.—Read a Report by the Superintending Architect, dated 30th January, 1883, on the application of Mr. G. E. Carpenter, for the permission of the Board to retain one-storey shops erected on portions of the forecourts of Nos. 41, 43 and 45, Garvan-road, to the line shown upon the Plan accompanying the application.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be referred to the Building Act Committee, for consideration and report.

**39**. Greenwich.—Read a Report by the Superintending Architect, dated 1st February, 1883, on the application of Messrs. Christopher and White, on behalf of Mr. J. C. Eno, for the consent of the Board to the erection of one-storey shops on the South side of New-cross-road, at the corner of Kender-street, and the erection of houses on the West side of Kender-street, Deptford, to the lines shown upon the Plan accompanying the application.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be not granted.

**40**. Islington.—Read a Report by the Superintending Architect, dated 6th January, 1883, on the application of Mr. J. M. Tyrer, for the consent of the Board to the erection of a one-storey shop on the forecourt of No. 102, Seven Sisters'-road, to the line shown upon the Plan accompanying the application.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be granted, on condition that the erection be made in entire conformity with the letter of application, and as shown on the Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board.

**41**. Islington.—Read a Report by the Superintending Architect, dated 6th February, 1883, on the application of Messrs. T. and W. Stone, for the consent of the Board to the erection of two projecting porches to a Chapel on the East side of Dartmouth-park-hill-road, at the corner of Anatola-road, to the line shown upon the Plan accompanying the application.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be granted, on condition that the erections be made in entire conformity with the letter of application, and as shown on the Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board.

**42**. Lambeth.—Read a Report by the Superintending Architect, dated 6th February, 1883, on the application of Messrs. Gardiner, Son and Theobald, on behalf of Mr. W. G. Humphreys, for the consent of the Board to the erection of a one-storey building

on the forecourt of the "Royal George" Public-house, in Carlisle-street, to the line shown upon the Plan accompanying the application.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application be not granted.

**43**. LAMBETH.—Read a Report by the Superintending Architect, dated 7th February, 1883, on the application of Mr. E. Monson, Jun., for the consent of the Board to the erection of houses, with shops, on the North side of Acre-lane, Brixton, between Nos. 84 and 94, Acre-lane, to the line shown upon the amended Plan accompanying the application.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application be not granted.

**44**. LAMBETH.—Read a Report by the Superintending Architect, dated 6th February, 1883, on the application of Mr. T. S. Archer, on behalf of Mr. Weir, for approval by the Board of a Plan for the construction of a wooden porch to a house on the North side of Palace-road, Tulse-hill-park, Lower Norwood.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application be not granted.

**45**. LIMEHOUSE.—Read a Report by the Superintending Architect, dated 7th February, 1883, on the application of Mr. J. T. Bressey, on behalf of Mr. Overton, for the consent of the Board to the erection and construction of Luccombes at the Ratcliff Mills, in Narrow-street, as shown upon the Plan accompanying the application.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application be referred to the Building Act Committee, for consideration and report.

**46**. NEWINGTON.—Read a Report by the Superintending Architect, dated 21st December, 1882, on the application of Mr. F. E. Brown, for the consent of the Board to the re-erection of houses, and one-storey shops, at Nos. 167 and 167A, Newington-butts, to the lines shown upon the Plan accompanying the application.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application be granted, on condition that the verandah on the first floor level of the premises be not re-erected; that no projection be formed on the ground floor level beyond the Pink tint shown on the deposited Plan, and that the erections in other respects be made in entire conformity with the letter of application, and as shown on the Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board.

**47**. PADDINGTON.—Read a Report by the Superintending Architect, dated 7th February, 1883, on the application of Mr. W. Gilruth, on behalf of Mr. R. Smith, for the consent of the Board to the erection of a two-storey building on the West side of Pickering-place, Bayswater, to the line shown upon the Plan accompanying the application.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application be not granted.

**48**. ST. PANCRAS.—Read a Report by the Superintending Architect, dated 6th February, 1883, on the application of Mr. A. E. Hughes, for the consent of the Board to the erection of two-storey bay windows on portions of the forecourts of Nos. 48 and 50, Whitfield-street, to the line shown upon the amended Plan accompanying the application.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application be referred to the Building Act Committee, for consideration and report.

**49**. ST. PANCRAS.—Read a Report by the Superintending Architect, dated 6th February, 1883, on the application of Messrs. Maple and Co., for the consent of the Board to the erection of a building between Tottenham-place and Southampton-court, Tottenham-court-road, to the line shown upon the Plan accompanying the application.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be referred to the Building Act Committee, for consideration and report.

**50**. Wandsworth.—Read a Report by the Superintending Architect, dated 6th February, 1883, on the application of Mr. R. Carter, for approval by the Board of an amended Plan for the construction of barge-boards to a house on the North side of Kempshott-road, at the corner of Ellison-road, Streatham.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be granted, on condition that the whole of the work be executed to the satisfaction of the District Surveyor.

**51**. Wandsworth.—Read a Report by the Superintending Architect, dated 6th February, 1883, on the application of Mr. P. Cleary, for the consent of the Board to the erection and construction of an open shed at the rear of No. 521, York-road, Battersea, abutting upon Wilson-street, as shown upon the Plan accompanying the application.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be not granted.

**52**. Wandsworth.—Read a Report by the Superintending Architect, dated 6th February, 1883, on the application of Mr. W. Hynam, on behalf of Mr. Alexander, for approval by the Board of a Plan for the construction of a wooden balcony to a boat-house on the South side of the Towing-path, at Putney.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be granted, on condition that the whole of the work be executed to the satisfaction of the District Surveyor.

**53**. Islington.—Read a Report by the Superintending Architect, dated 6th February, 1883, on the application of the Rev. A. J. Ard, for the permission of the Board to retain, for a further period, the temporary iron Church erected in Marriott-road, Hornsey-road.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be referred to the Building Act Committee, for consideration and report.

**54**. Newington.—Read a Report by the Superintending Architect, dated 7th February, 1883, on the application of Mr. E. Marsland, on behalf of Messrs. Jenkins and Slowman, for approval by the Board of a Plan for the erection of a warehouse and shop, on the East side of Red Lion-row, Walworth, at the corner of Boyson-road.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be referred to the Building Act Committee, for consideration and report.

**55**. Shoreditch.—Read a Report by the Superintending Architect, dated 23rd January, 1883, on the application of Mr. F. Hammond, on behalf of Mr. H. Perry, for approval by the Board of the re-erection of ten Cottages, known as Norman's-buildings, Garden-place, Haggerston, as shown upon the amended Plan accompanying the application.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be referred to the Building Act Committee, for consideration and report.

**56**. Kensington.—Read a Report by the Superintending Architect, dated 7th February, 1883, on the application of Mr. M. Hulbert, on behalf of Mr. A. B. Baker, for approval by the Board of a Plan for the erection of houses in Gledhow-place, South Kensington, with open spaces at the rear thereof, not in accordance with the requirements in Section 14 of the Amendment Act, 1882.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be not granted.

**57**. Wandsworth.—Read a Report by the Superintending Architect, dated 7th February, 1883, on a Letter from the Wandsworth District Board, relative to the erection of houses in Queen's-road, Battersea, with open spaces at the rear thereof, of a less area than that prescribed by Section 14 of the Amendment Act, 1882.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be referred to the Building Act Committee, for consideration and report; and that the Solicitor do advise the Committee thereon.

**58.** Newington.—Read a Report by the Superintending Architect, dated 7th February 1883, submitting for the Seal of the Board a License in respect of the temporary Mission Hall, on the East side of Penton-place.

It was moved by Mr. Shepherd, seconded, and resolved—That the Common Seal of the Board be affixed to the said License; and the Seal was affixed accordingly.

**59.** Bermondsey.—Read a Report by the Superintending Architect, dated 8th February, 1883, on the application of Mr. E. Crosse, on behalf of Messrs. Henley and Co., for approval by the Board of a Plan for the construction of a furnace chimney-shaft at No. 101, Long-lane.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be granted, upon condition that the foundation of the proposed shaft be made in accordance with the provisions of the Building Act, 1855, and to the satisfaction of the District Surveyor, according to law, and that the superstructure be also erected to his satisfaction.

**60.** St. Olave, Southwark.—Read a Report by the Superintending Architect, dated 8th February, 1883, on the application of Messrs. Lee and Tregelles, on behalf of Messrs. R. Dixon, for approval by the Board of a Plan for the construction of a furnace chimney-shaft at No. 47, Queen Elizabeth-street, Horselydown.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be granted, upon condition that the foundation of the proposed shaft be made in accordance with the provisions of the Building Act, 1855, and to the satisfaction of the District Surveyor, according to law, and that the superstructure be also erected to his satisfaction.

Adjourned until Friday next, the 16th instant,
at this Office, at Twelve o'clock at noon.

No. 7.

At a Meeting of the Metropolitan Board of Works, held at the Office of the Board, Spring-gardens, on **Friday**, the **16th** day of **February**, 1883 under and by virtue of the Act of the 19th year of the reign of Queen Victoria, for the better Local Management of the Metropolis,

**Present**—Lieutenant-Colonel Sir James M. McGarel-Hogg, Bart., K.C.B., M.P., Chairman of the Board, in the Chair.

| | William James Wetenhall, Esq. | Alfred Pocock, Esq. |
| | | Robert Freeman, Esq. |

1. The Minutes of the Meetings of the Board held on the 2nd instant, were approved, and were signed by the Chairman and by two other Members of the Board present at such Meetings respectively.

2. A Deputation from the Lewisham District Board, introduced by Mr. Lloyd, and consisting of the following gentlemen, viz.—Mr. D. K. Forbes, Mr. S. J. Jerrard, Mr. R. J. S. Beeton, Mr. F. Ovenden, Mr. F. Mould, Mr. H. J. Wheeler, Mr. R. S. Watt, Mr. W. Mellor, and Mr. W. Lucas, accompanied by Mr. Winnett, the Clerk, and Mr. Carline, the Engineer and Surveyor to the District Board, attended the Board, and presented a Memorial, which was read, as follows—

To the Metropolitan Board of Works.

The Memorial of the Board of Works for the Lewisham District

Sheweth—

1.—That application has been made to your Memorialists by the Promoters of the South-Eastern Metropolitan (New-cross, Lewisham and District) Tramways Bill, for the consent of your

Memorialists as the road authority, to the construction of certain Tramways within their District, as shown upon the Plans deposited by the said Promoters.

2.—That your Memorialists have received a Petition, bearing nearly 1,400 signatures, requesting that they should give their consent to such Tramways being constructed, on the ground that there was no sufficient communication between Rushey-green and the other parts of Lewisham, and that the welfare of the Parish would be promoted by the means of communication proposed to be given by these Tramways.

3.—That your Memorialists, after long and careful consideration of the Scheme, resolved to give their consent to the introduction of this Bill into Parliament, upon the Promoters entering into certain terms, to be embodied in the said Bill, sufficient to protect the interests of your Memorialists.

4.—That a Clause embodying such conditions has been prepared and agreed to by the Promoters, and your Memorialists are of opinion that such terms and conditions are favourable to the interests of their District, and that, subject to such terms, the Tramways might, with great advantage to the Parish, be made along the line of route hereinbefore mentioned.

5.—That your Memorialists have been informed that your Honourable Board have refused their consent to the introduction of such Tramways, but trust that, when it is brought to your knowledge that such terms and conditions have been agreed to by the Promoters, as aforesaid, since the matter was last under the consideration of your Honourable Board, you will again cause the Scheme to be considered.

6.—Your Memorialists are informed that the Promoters are prepared to submit to all proper conditions for the protection of the interest of your Honourable Board being inserted in such Bill.

Your Memorialists therefore pray your Honourable Board to re-consider the above-mentioned Tramways, and to rescind the Resolution come to by your Honourable Board on Friday last, and to take all other necessary steps for consenting to the introduction of the said Bill into Parliament.

The Common Seal of the Board of Works for the Lewisham District was hereunto affixed, by Order, this 14th day of February, 1883, in the presence of

(Signed) H. S. WINNETT,
Clerk to the Board.

L.S.

The Deputation addressed the Board in support of the Memorial.

A Deputation from ratepayers and occupiers of property at Lewisham, introduced by Mr. Lloyd, and consisting of the following gentlemen, viz.—Mr. T. G. Dickie, Mr. H. Slade, Mr. S. Hassell, Mr. S. Briggs, Mr. A. R. Leeds, Mr. E. Jerrard, Mr. J. Catford, and Mr. H. A. Maud, attended the Board, and presented a Memorial, which was read, as follows—

In Parliament.—Session 1883.

South-Eastern Metropolitan (New-cross, Lewisham and District) Tramways.

The Memorial of the undersigned Ratepayers of the Parish of Lewisham,

To the Metropolitan Board of Works,

Sheweth—

That your Memorialists are the ratepayers and Owners, Lessees and occupiers of houses and shops within that part of the Metropolis through which the above-mentioned Tramways are proposed to pass, and your Memorialists have considered the projected undertaking, and earnestly ask the consideration of your Honourable Board to the following facts:—

1.—That the cheapness, the comfort and facilities for journey by Tramway, have advantages now entirely beyond dispute.

2.—That the roads proposed to be traversed by the Tramways are admirably adapted and suitable for the construction and working of Tramways.

3.—That the proposed Cars will occupy no more space than an ordinary Omnibus.

4.—That we are confident that your Board can secure, without expense or difficulty, full and complete protection for their constituents by obtaining fair and adequate concessions from the Promoters of the proposed undertaking.

5.—That the present charges for Cab, Omnibus and Railway services are excessive, and beyond the means of the greater portion of the inhabitants of your Memorialists' District, whereas the cheap fares on Tramways, usually a penny per mile, or thereabouts, are within most persons' means.

6.—That the maintenance of a portion of the roads of the District, as proposed by the Engineer of the Promoters of the undertaking, will be a considerable saving to the ratepayers; and it is further urged that the rating of these Tramways will not only reduce the Highway Rates of the district, but further increase the revenue of the District Board.

7.—Your Memorialists respectfully submit that these Tramways will be found of great public utility, and enhance the value of property in the neighbourhood which it is intended they will serve.

Your Memorialists, therefore, trust that your Honourable Board will consent to the said Bill on the grounds aforesaid, as well as on many others, such as the cheap transit and saving of valuable time by the inhabitants, and the great accommodation it will afford to the neighbourhood and district, by reason of the outer communication it will supply.

(Signed) J. G. DICKIE,
and 7 others.

The Deputation addressed the Board in support of the Memorial.

Mr. Lloyd stated that a Deputation from Freeholders and occupiers of property in Lewisham High-road, was desirous of attending the Board this day, relative to the same Bill, although no notice to that effect appeared on the paper of business, and he **moved**—That the Bye-law with respect to the reception of Deputations be, on the present occasion, suspended, and that the Deputation be now received.

The **motion** having been seconded by Mr. Dresser Rogers, it was put to the vote, and declared by the Chairman to be carried; and it was **resolved** accordingly.

The Deputation was then introduced by Mr. Lloyd, and consisted of the following gentlemen, viz.—Mr. E. Hart, Mr. Frost, Mr. Hubbuck, and Mr. R. Whomes.

It appearing that the Deputation was not provided with a Memorial, as required by the Board's Bye-law,

It was **moved** by Mr. Lloyd, and seconded—That the Bye-law which requires that every Deputation attending the Board shall be provided with a Memorial stating the nature and object of the application which it desires to make to the Board be, on the present occasion, suspended, and that the Deputation be now heard.

An **amendment** thereon was **moved** by Mr. Selway, and seconded by Mr. Edwards—That inasmuch as the Deputation is not provided with a Memorial, as required by the Bye-law of the Board, it be not now heard.

The **amendment** having been put to the vote, there were for it 8, against it 20, and it was declared by the Chairman to be lost.

The **original motion** was then put to the vote, when there were for it 20, against it 3, and it was declared by the Chairman to be carried; and it was **resolved** accordingly.

The Deputation was then heard in opposition to the proposed Tramway.

It was **moved** by Mr. Lloyd, and seconded by Mr. Dresser Rogers—That the Memorials, and the statements made by the Deputation from freeholders and occupiers of property in Lewisham High-road be referred to the Works and General Purposes Committee, for consideration and report.

An **amendment** thereon was **moved** by Mr. Selway, and seconded by Mr. Edwards—That the Deputations be informed that the Board having, after careful consideration, arrived at a decision with regard to the Tramway referred to, must decline to re-open the question.

The **amendment** having been put to the vote there were for it 24, against it 5, and it was declared by the Chairman to be carried.

The **amendment** was then put as an **original motion**, when there were for it 24, against it 1, and it was declared by the Chairman to be carried; and it was **resolved** accordingly.

The Deputations were then informed of the decision of the Board.

**3.** This being the day for receiving Tenders for the execution of works of alteration to Deptford-creek Bridge,

The Clerk laid before the Board the Tenders which he had received pursuant to the Advertisement.

It was **moved**, seconded, and **resolved**—That the said Tenders be now opened.

The said Tenders were then opened, as follows—

| | £ | s. | d. |
|---|---|---|---|
| Messrs. Kellett and Bentley, No. 4, Queen Victoria-street ... | 7,800 | 0 | 0 |
| Mr. G. Moss, Magdalen Bridge Works, Oxford ... ... | 8,873 | 0 | 0 |
| ,, M. W. Proudlock, for the Tees-side Iron and Engine works Company (Limited), Middlesbro' ... ... ... | 9,640 | 18 | 9 |
| Messrs. W. Hill and Co., No. 26, Great George-street, Westminster ... ... ... ... ... ... | 9,912 | 0 | 0 |
| ,, S. Pearson and Son, Bridge Wharf, Greenwich ... | 10,800 | 0 | 0 |
| ,, Whitaker, Brothers, Horsforth, near Leeds ... ... | 10,900 | 0 | 0 |
| Mr. F. Nowell, No. 23, Queen Anne's-gate, Westminster ... | 12,500 | 0 | 0 |
| Messrs. J. Dixon and A. Thorne, No. 1, Laurence Pountney-hill | 12,527 | 0 | 0 |
| ,, Vernon, Ewens, and Co., No. 7, Westminster Chambers | 12,948 | 0 | 0 |
| Mr. W. Webster, No. 8, St. Martin's-place ... ... ... | 12,995 | 0 | 0 |
| Messrs. J. Mowlem and Co., Grosvenor Wharf, Westminster ... | 13,140 | 0 | 0 |
| ,, Nowell and Robson, York Wharf, Warwick-road, Kensington ... ... ... ... ... | 13,500 | 0 | 0 |

It was **moved** by Mr. Runtz, seconded, and **resolved**—That the Board do now resolve into a Committee to consider the several Tenders, and do meet again at this place at the rising of such Committee.

**Adjourned** accordingly.

At a Meeting of the Metropolitan Board of Works, held by Adjournment, at the Office of the Board, Spring-gardens, on **Friday**, the **16th** day of **February**, 1883, under and by virtue of the Act of the 19th year of the reign of Queen Victoria, for the better Local Management of the Metropolis,

**Present**—Lieutenant-Colonel Sir James M. McGarel-Hogg, Bart., K.C.B., M.P., Chairman of the Board, in the Chair.

Henry Lowman Taylor, Esq., Deputy.
James Richard Lloyd, Esq.
Robert Freeman, Esq.
Frederick Ingoldby, Esq., F.R.C.S., Eng.
George Phillips, Esq.
John Tolhurst, Esq.
Robert Cox, Esq.

Guildford Barker Richardson, Esq.
Alfred Ewin, Esq.
William James Wetenhall, Esq.
William Debenham, Esq.
George Edwards, Esq.
William Urquhart, Esq.
Henry Harben, Esq.
William Robbins Selway, Esq.
Borlase Hill Adams, Esq.
John Runtz, Esq.
Donald Munro, Esq.
Alfred Pocock, Esq.
Robert Jones, Esq.
John Edwin Bradfield, Esq.
George Hill, Esq.
Francis Hayman Fowler, Esq.
William Halford Fell, Esq.
George Brown, Esq.
Hon. Alan de Tatton Egerton.
Edward Dresser Rogers, Esq.
William Shepherd, Esq.
Edward John Thompson. Esq.
John Reddish, Esq.
John Jones, Esq.
Charles Harris, Esq.
Lieut.-Col. Lord Frederick John FitzRoy.
George Pitney Meaden Esq.
John Abbott, Esq.
Thomas Morrison Fairclough, Esq.
Thomas John White, Esq.
William Henry Dalton, Esq.

**1.** Mr. Runtz brought up a Report, as follows—

Report of the Committee of the whole Board.

Spring-gardens, 16th February, 1883.

Your Committee have considered the several Tenders for the alterations to Deptford-creek Bridge, referred to them this day; and beg to recommend—

That the Tender of Messrs. Kellett and Bentley, for the execution of the works for the sum of £7,800, be accepted, subject to the usual enquiries.

All which your Committee beg to submit.

(Signed) J. McGAREL-HOGG,
JOHN RUNTZ,
WM. SHEPHERD,
THOMAS H. ELAM.

The Report having been read and received,

It was **moved** by Mr. Runtz, seconded by Mr. Elam, and **resolved**—That the Tender of Messrs. Kellett and Bentley, for the execution of works to Deptford-creek Bridge, for a sum of £7,800, be accepted, subject to the usual enquiries.

The representative of Messrs. Kellett and Bentley was then called in and informed of the foregoing Resolution, and, in reply to a question by the Chairman, he stated that, so far as he was aware, the firm were prepared to carry out the works in accordance with the Specification, and for the amount of their Tender.

**2.** Mr. Deputy Henry Lowman Taylor handed in a Letter, which was read, as follows—

London, Sewers' Office, Guildhall,
10th February, 1883.

To the Honourable the Metropolitan Board of Works.

GENTLEMEN,—For some years past the Commissioners of Sewers of the City of London have been engaged in widening Upper Thames-street as opportunities have occurred from time to time, and your Honourable Board have liberally aided them in defraying the cost thereof.

Recently it has been brought to the attention of the Commissioners that the premises Nos. 5, 6, and 7, Upper Thames-street were to be re-built, and availing themselves of the favourable opportunity thus offered they have arranged for the said premises to be set back, as shown by the Red tint upon the accompanying Plan.

This is to be effected at a cost of £2,000, independent of the professional expenses, and the Commissioners rely that your Honourable Board will assist them therein, as in the previous widenings carried out in the said thoroughfare.

I have, &c.,
(Signed) HY. BLAKE,
Principal Clerk.

The Plan referred to was laid before the Board.

It was **moved** by Mr. Deputy Henry Lowman Taylor, seconded by Mr. Dalton, and **resolved**—That the said Letter and Plan be referred to the Works and General Purposes Committee, for consideration and report.

**3.** Mr. Deputy Henry Lowman Taylor handed in a Letter, which was read, as follows—

London, Sewers' Office, Guildhall,
10th February, 1883.

To the Honourable the Metropolitan Board of Works.

GENTLEMEN—It has recently been brought to the attention of the Commissioners of Sewers of the City of London that premises at the corner of Camomile-street and St. Mary Axe were to be re-built and, as this is the centre of a very busy portion of the City, the Commissioners deemed it a fitting opportunity to negotiate for the Improvement, as shown by the Red tint upon the accompanying Plan, and they have succeeded in effecting an arrangement by which the Improvement therein shown is to be carried out for the sum of £500, independent of the professional expenses.

As this portion of the City has of late years been rapidly increasing in importance, the Commissioners trust that your Honourable Board will concur with them as to the desirability of effecting the said Improvement, and that you will aid them with your accustomed liberality in defraying the cost of the same.

I have, &c.,
(Signed) HY. BLAKE,
Principal Clerk.

The Plan referred to was laid before the Board.

It was **moved** by Mr. Deputy Henry Lowman Taylor, seconded by Mr. Dalton, and **resolved**—That the said Letter and Plan be referred to the Works and General Purposes Committee, for consideration and report.

**4.** Mr. Deputy Henry Lowman Taylor handed in a Letter, which was read, as follows—

London, Sewers' Office, Guildhall,
10th February, 1883.

To the Honourable the Metropolitan Board of Works.

GENTLEMEN—The Commissioners of Sewers of the City of London have for some time past been endeavouring to effect Improvements in Aldermanbury and London-wall, by the removal of projecting railings at the Church of St. Alphage, and they have at length succeeded in effecting an

arrangement by which the said railings are to be removed, and the ground enclosed thereby laid into the public-way, for the sum of £500, independent of the professional expenses.

It will be seen that the Improvement is of very considerable importance, more particularly in Aldermanbury, where it enables a double carriage-way to be formed where previously there was only room for one vehicle to pass, and in this particular neighbourhood, the seat of the great Manchester trade, every additional facility that can be given for the traffic is an advantage felt far beyond the immediate locality.

The Commissioners trust, therefore, that your Honourable Board will, according to custom, contribute towards the said cost of effecting this very desirable public Improvement.

I have, &c.,
(Signed) H^Y. BLAKE,
Principal Clerk.

The Plan referred to was laid before the Board.

It was moved by Mr. Deputy Henry Lowman Taylor, seconded by Mr. Dalton, and resolved—That the said Letter and Plan be referred to the Works and General Purposes Committee, for consideration and report.

**5.** Mr. Freeman, the Chairman of the Finance Committee, brought up a Report, as follows—

REPORT OF THE FINANCE COMMITTEE.

Spring-gardens, 13th February, 1883.

Your Committee have to report that they have examined the Pass Books of the Treasurer and Banker of the Board, together with the Statements prepared by your Accountant, and have ascertained the Cash Account to be as follows—

Your Committee have also to report that they have examined the Certificates of the various principal Officers for the payment of the sums mentioned in the accompanying Statement, and have found the same correct, and they recommend—

That the sums specified therein, amounting in the whole to £17,147 13s. 1d., be paid.

Your Committee have had before them Statements of certain sums payable to District Surveyors in respect of services in connection with Dangerous Structures, and for expenses of Shoring and Hoarding, and they recommend—

That the necessary Orders be made with respect to the same.

Pursuant to the Order of the Board of the 7th July last (No. 4), your Committee have had before them a Statement of the Salaries which will become payable to the Board's Officers on the 24th instant, amounting to the sum of £2,569, which Statement has been approved by your Committee, and they beg to submit the same, and to recommend—

That the Board do pass an Order authorising the Treasurer to pay the same.

Your Committee have considered the application of the Greenwich District Board, for a Loan of £15,000 for paving works, referred by the Board on the 2nd instant (No. 13). The District Board propose to pave with 6 feet by 4 feet granite cubes, laid on concrete 6 inches in thickness, those portions of New-cross-road, Deptford, which are not already paved by the Tramway Company, at an estimated cost of £15,000, which your Engineer reports to be reasonable for the proposed works. The Board, on the 31st March, 1882 (No. 5), sanctioned the raising of £25,000 for paving works, of which £10,000 has been taken up, and it is now proposed to take up the remainder. Your Committee see no objection to the advance being made, and they therefore recommend—

That the application of the Greenwich District Board, for an advance of £15,000 to defray the cost of granite paving works, be granted; that, subject to all necessary or proper consents being obtained thereto to the satisfaction of the Solicitor, the amount be advanced by this Board, out of their Consolidated Loans Fund, on condition that the Loan be taken up at once, interest being charged thereon at the rate of £3 10s. per cent. per annum, payable quarterly on the 1st April, 1st July, 1st October, and 1st January in each year, and the principal being re-paid by equal annual instalments on each 1st January within 20 years; and that it be referred to the Solicitor to complete the Loan.

Your Committee have considered the application of the Guardians of Kensington, for an advance of £12,600, referred by the Board on the 5th January last (No. 44). The money is to be raised under the authority of the Local Government Board, and is required to defray the cost of certain works of alteration and re-construction at the Workhouse and Infirmary. Your Committee recommend—

That, subject to all necessary or proper consents being obtained thereto, to the satisfaction of the Solicitor, the application of the Guardians of Kensington for an advance of £12,600, for certain works of alteration and re-construction at their Workhouse and Infirmary, be complied with; that the amount be advanced by this Board out of their Consolidated Loans Fund, on condition that the Loan be taken up at once, interest being charged thereon at the rate of £3 10s. per cent. per annum, payable quarterly, on the 1st April, 1st July, 1st October and 1st January, in each year, and the principal being re-paid by equal annual instalments on each 1st January within 15 years; and that it be referred to the Solicitor to complete the Loan.

Your Committee have considered the Letter from the Finance Committee of the Vestry of St. James, Westminster, requesting, with a view to prevent loss of Rates to the Parish from the Board's tenants, that they would include in the rent asked from the occupiers of their property, let on short tenancies, an amount to include the Rates, and pay the latter over direct to the Vestry, referred by the Board on the 12th ultimo (No. 10). Your Committee having given the subject careful consideration, are unable to advise the Board to adopt the course suggested, and they recommend—

That the Committee of the Vestry be informed that the Board are unable to comply with their request.

Your Committee have received from your Accountant a Report stating that the sum of £10,001 10s. 11d. is standing to the credit of the Sun-street Improvement Account,

and that a part of it might be applied towards extinguishing the Loans advanced to the Vestry of Shoreditch in connection with the Improvement. The Board are aware that the Improvement was to be carried out at the joint cost of the Board and the Vestry. Advances amounting to £65,000 have been made to the Vestry towards defraying their share of the cost, of which a sum of £48,842 is now outstanding, and it is suggested that the Vestry and the Board might each receive the further sum of £4,982, to be applied in redemption of debt. Your Committee therefore recommend—

> That of the sum of £10,001 10s. 11d., standing to the credit of the Sun-street Improvement Account, the sum of £4,982 be transferred to the Consolidated Loans Fund, in further part re-payment of the Loan advanced to the Vestry of Shoreditch in connection with the Improvement; that such amount be written off the Loan advanced in 1878, and that the interest thereon do cease as from the 31st December last; and that, as regards the money due to the Board, a similar sum be transferred to the Consolidated Loans Fund on redemption of Capital Account, and that it be referred to the Solicitor to complete the arrangement.

On the 2nd instant (No. 14) your Committee reported that they had instructed the Board's Bankers to tender for £500,000 Treasury Bills, and they have now to state that the tender, at the price of £99 6s. 9d., has been accepted.

All which your Committee beg to submit.

(Signed) R. FREEMAN,
JOHN TOLHURST,
DONALD MUNRO,
JOHN RUNTZ.

STATEMENT SUBMITTED WITH THE FOREGOING REPORT.

JOHN TOLHURST

The Report having been read and received,

It was moved by Mr. Freeman, seconded, and resolved—That the sums specified in the Statement submitted by the Committee, amounting in the whole to £17,147 13s. 1d., be paid.

Cheques were thereupon signed by two Members of the Board present at the Meeting.

It was moved by Mr. Freeman, seconded, and resolved—That Fees, as specified in the Three series of Accounts now presented to this Board, and numbered from 1 to 29, and also specified in the Summaries of such Accounts, now presented to this Board, and signed by their Clerk, and marked A to C inclusive, be paid to the respective District Surveyors mentioned in the following Abstract, for services performed by them in connection with Dangerous Structures in the Metropolis, not being within the City of London, such services being the surveying and reporting, by direction of the Metropolitan Board of Works, under the Second part of the Metropolitan Building Act, 1855, and pursuant to the Metropolitan Building Act, 1869, on Structures reported to be in a dangerous state, and also special services performed by them in cases in which special services have been required to be performed under the Second part of the Second Schedule of such Act.

It was **moved** by Mr. Freeman, seconded, and **resolved**—That the Statement now submitted, showing the Salaries which will become payable to Officers of the Board on the 24th instant, amounting to the sum of £2,569, be approved, and that the Treasurer of the Board, the London and Westminster Bank (Limited), be authorised to pay the several sums specified in such Statement to the persons entitled to receive the same.

It was **moved** by Mr. Freeman, seconded, and **resolved**—That the application of the Greenwich District Board, for an advance of a sum of £15,000 to defray the cost of granite paving works, be granted; that, subject to all necessary or proper consents being obtained thereto, to the satisfaction of the Solicitor, the amount be advanced by this Board out of their Consolidated Loans Fund, on condition that the Loan be taken up at once, interest being charged thereon at the rate of £3 10s. per centum per annum, payable quarterly on the 1st April, the 1st July, the 1st October, and the 1st January in each year, and the principal being re-paid by equal annual instalments on each 1st January within a period of Twenty years; and that it be referred to the Solicitor to take the necessary measures for completing the Loan.

It was **moved** by Mr. Freeman, seconded, and **resolved**—That, subject to all necessary or proper consents being obtained thereto, to the satisfaction of the Solicitor, the application of the Guardians of Kensington, for an advance of a sum of £12,600 to defray the cost of certain works of alteration and re-construction at their Workhouse and Infirmary, be complied with; that the amount be advanced by this Board out of their Consolidated Loans Fund, on condition that the Loan be taken up at once, interest being charged thereon at the rate of £3 10s. per centum per annum, payable quarterly, on the 1st April, the 1st July, the 1st October and the 1st January in each year, and the principal being re-paid by equal annual instalments on each 1st January within a period of Fifteen years; and that it be referred to the Solicitor to take the necessary measures for completing the Loan.

It was **moved** by Mr. Freeman, seconded, and **resolved**—That the Finance Committee of the Vestry of St. James, Westminster, be informed, in reply to their Letter, requesting that the Board would include in the rent asked from the tenants of their property, let on short tenancies, an amount to cover the Rates, and pay the same over to the Vestry, that the Board are unable to comply with their request.

It was **moved** by Mr. Freeman, seconded, and **resolved**—That of the sum of £10,001 10s. 11d., standing to the credit of the Sun-street Improvement Account, the sum of £4,982 be transferred to the Consolidated Loans Fund, in further part re-payment of the Loan advanced to the Vestry of Shoreditch in connection with the Improvement; that such amount be written off the Loan advanced in the year 1878,

and that the interest thereon do cease as from the 31st December last; and that, as regards the money due to the Board, a similar sum be transferred to the Consolidated Loans Fund on redemption of Capital Account, and that it be referred to the Solicitor to take the necessary measures for completing the arrangement.

It was moved by Mr. Freeman, seconded, and resolved—That so much of the Report as relates to the tender for £500,000 Treasury Bills be approved.

**6.** Mr. Selway, the Deputy-Chairman of the Works and General Purposes Committee, brought up a Report, as follows—

REPORT OF THE WORKS AND GENERAL PURPOSES COMMITTEE.

Spring-gardens, 12th February, 1883.

Your Committee have further to report that they have considered the Letter from Mr. J. Westlake, Q.C., referred by the Board on the 12th instant (No. 43), on the subject of the proposed Paddington-park. Mr. Westlake, on behalf of the Park Committee, makes the following inquiries—

1.—Whether the Board would adhere, with regard to any scheme that might

appear to them to be otherwise unobjectionable, to the terms contained in their Resolution of the 10th March last, with respect to the scheme then before Parliament;

2.—Whether the Board would consent to the Corporation increasing the contribution of £5,000 out of the Grain Duty Fund, which it promised to make to the late scheme;

3.—Whether, in the event of the necessary land for the Park being purchased through the efforts of the Corporation or of the Park Committee, the Board would lay the same out and take it under their charge;

The Letter also contains a request that a Deputation of the Park Committee may be permitted to attend the Board on the subject. In view of this latter request your Committee caused a Letter to be addressed to Mr. Westlake, intimating that if the Park Committee had any definite scheme which they desired to submit to the Board, your Committee would be prepared to receive a Deputation at their following Meeting. A reply has since been received to the effect that the information asked for is required in order to mature a scheme, but that as the Park Committee have no further facts to offer, it would be useless for them to attend. In the month of July last a Letter was received by the Board from the Court of Common Council, making the same enquiries as those contained in the Letter already referred to, and your Committee, under the authority given to them by the Board, informed the Corporation that, as there was no scheme then before the Board, they were not in a position to answer the enquiries addressed to them. No alteration appears to have taken place in the position of the matter since that time, and your Committee, under these circumstances, recommend—

That a similar reply be addressed to Mr. Westlake's present communication.

Your Committtee have further to report that they have considered the Resolution of the Board of the 2nd instant (No. 20), referring it to them to consider the best means of providing for the safety of life from drowning in case of accident on the River, so far as the Victoria and Albert Embankments are concerned. This subject has been before the Board on several occasions upon suggestions which have from time to time been made for affixing Chains or other appliances to the face of the Embankment walls. Your Engineer has invariably advised that the methods suggested would not be found to be practically of any avail, and your Committee, after careful enquiry into the matter, and further conference with your Engineer, are satisfied that any means which could be provided for the purpose in view must necessarily be a disfigurement and a probable injury to the Embankments. Your Committee are further of opinion that no sufficient reason exists for the adoption of the course indicated by the reference, and they beg to report accordingly.

In compliance with the reference by the Board of the 2nd instant (No. 14), your Committee have considered the question reported upon by the Finance Committee on that day, as to an Improvement carried out by the Vestry of Islington in Grove-road, Holloway. It appears that in consequence of the Freeholder of one of the properties declining to allow the forecourt to be interfered with, about 21 superficial feet of land have not been given up, and the Vestry have been compelled to depart to that extent from the original Plan. The departure, however, is a slight one, and is not, in the opinion of your Committee, sufficient to justify any alteration in the Board's agreed contribution—namely, £109, and they accordingly recommend—

That such contribution be now paid to the Vestry.

Your Committee have considered the Letter from Mr. F. G. Heath, asking the Board to oppose the Bill of the Great Eastern Railway Company, so far as it relates to Epping Forest. After carefully considering the circumstances of the proposal, your Committee have arrived at the conclusion that it is inexpedient for the Board to take any action

with respect to the Bill, and they beg to report that opinion in answer to the reference by the Board.

All which your Committee beg to submit.

(Signed) J. McGAREL-HOGG,
W. R. SELWAY,
THOMAS H. ELAM,

WM. SHEPHERD,
DONALD MUNRO,
JOHN RUNTZ,
GEORGE PHILLIPS,
GEO. EDWARDS.

The Report having been read and received,

It was moved by Mr. Selway, seconded, and resolved—That Mr. J. Westlake be informed, in reply to his Letter, making certain enquiries with reference to the proposed Paddington-park, that, as there is no scheme now before the Board, they are not in a position to answer his enquiries.

It was moved by Mr. Selway, and seconded—That the Board concur in the opinion expressed by the Committee with respect to the question of providing for safety of life from drowning, in case of accident on the River, so far as the Victoria and Albert Embankments are concerned.

It was moved by Mr. J. Jones, seconded, and resolved—That the Letters received from the Strand District Board, Mr. MacDonald and Mr. Lidbury on the subject, be now read.

The undermentioned Letters were thereupon read—

Letter from Mr. T. M. Jenkins, Clerk to the Strand District Board, dated 15th February, 1883, referring to the numbers of persons who had, during the past year, lost their lives by drowning in the Thames, near either to the Victoria or Albert Embankments; stating that the District Board agreed in the view that if some appliance had existed along the river fronts of the Embankments of which the drowning persons could have availed themselves, it was possible life might have been saved, and that the construction of the Embankments precluded the finding of safety by reaching the shore, and asking this Board to give their best consideration to the question, whether some effective plan could not be adopted along the river face of the Embankments, by which persons in the water might find means of support at hand at all times of the tide.

Letter from Mr. J. MacDonald, dated 13th February, 1883, with a Plan showing a mode of saving life from drowning in case of accident on the River near the Embankments.

Letter from Mr. J. S. Lidbury, dated 14th February, 1883, offering suggestions on the same subject.

An amendment was then moved by Mr. J. Jones, and seconded by Mr. Richardson—That it be referred to the Engineer to consider the best means of providing for safety of life from drowning, in case of accident on the River, so far as the Victoria and Albert Embankments are concerned, and to report to the Board thereon.

The amendment having been put to the vote, there were for it 8, against it 16, and it was declared by the Chairman to be lost.

A Division having been demanded and granted, the names of the Members voting were taken down, when there were—

For the Amendment—9.

Runtz, J., Esq.
Shepherd, W., Esq.
Taylor Henry Lowman, Esq., Deputy.

Teller—Mr. Selway.

The **original motion** was then put to the vote, when there were for it 18, against it 2, and it was declared by the Chairman to be carried; and it was **resolved** accordingly.

It was **moved** by Mr. Selway, seconded, and **resolved**—That so much of the Report as relates to the Improvement effected by the Vestry of Islington in Grove-road, Holloway, be approved, and that the agreed contribution, namely £109, be now paid to the Vestry.

A Cheque was, thereupon, drawn on the General Capital Account in favour of the Vestry.

It was **moved** by Mr. Selway, and seconded—That, in the opinion of the Board it is inexpedient that they should take any action with respect to the Great Eastern Railway Company's Bill, so far as it affects Epping Forest.

An **amendment** thereon was **moved** by Mr. Runtz, and seconded by Mr. Harben—That the subject be referred back to the Committee, for further consideration and report.

The **amendment** having been put to the vote, there were for it 16, against it 14, and it was declared by the Chairman to be carried.

A Division having been demanded and granted, the names of the Members voting were taken down, when there were—

For the Amendment—17.

Teller—Mr. Selway.

The **amendment** was then put as an **original motion**, when there were for it 19, against it 14, and it was declared by the Chairman to be carried; and it was **resolved** accordingly.

7. The Board proceeded to further consider the Report of the Works and General Purposes Committee, stating that, in their opinion, any increase of the amount raised

from the ratepayers of the Metropolis for the expenses of the Fire Brigade should be accompanied by an increase of the contributions of the Fire Insurance Companies, and also the following motion thereon—

> " That the Board concur in the opinion of the Committee that any increase " of the amount raised from the ratepayers of the Metropolis for the expenses of " the Fire Brigade, should be accompanied by an increase of the contributions " by the Fire Insurance Companies."

the debate upon which was adjourned by the Board on Friday last.

It was moved by Mr. Dalton, seconded by Mr. Phillips, and resolved—That the debate be further adjourned until Friday next, and that it be resumed when the Report of the Works and General Purposes Committee, to be brought up on that day, shall have been disposed of

8. Mr. Selway, on behalf of Mr. Shepherd, the Chairman of the Building Act Committee, brought up a Report, as follows—

REPORT OF THE BUILDING ACT COMMITTEE.

Spring-gardens, 6th February, 1883.

Your Committee have to report that they have, pursuant to the Resolution of the Board of the 22nd November, 1878 (No. 48), considered the following applications for the re-naming and re-numbering of various streets and places in the Metropolis, viz.—

| DATE. | APPLICATION. |
|---|---|
| 24th February, 1881. | Vestry of Lambeth, for re-numbering various streets in the Parish. |
| 16th March, 1882. | Vestry of Mile-end Old-town, for re-numbering various streets in the Hamlet. |
| 22nd November, 1882. | Mr. H. Masters, for re-naming Bexley-street, Peckham. |
| 30th June, 1882. | Vestry of Camberwell, for re-numbering the houses in various streets in the Parish. |
| 3rd July, 1882. | Vestry of Fulham, for re-numbering, &c., various streets in the Parish. |
| 3rd November, 1882. | Wandsworth District Board, for re-naming various streets in the District. |
| 17th November, 1882. | St. Giles' District Board, for the incorporation of Coal-yard and Goldsmith's-alley, Drury-lane, under the name "Goldsmith-street, W.C.," and for re-numbering the houses. |
| 9th December, 1882. | Hackney District Board and Mr. A. Bovill, for re-naming Pratt's-road, Clapton. |

Your Committee have received Reports from your Superintending Architect on the above-mentioned applications; they have also inspected Plans prepared under his direction, showing the alterations which it is desirable to make in the naming and numbering of the several thoroughfares, and they recommend—

That Queen's-street, Kennington-road, be re-named "Stannary-street, S.E.," and the houses re-numbered.

That Wellington-place, Horace-street, be re-named "Assaye-street, S.E.," and the houses re-numbered.

That the subsidiary names in Albion-street, Mile-end, be abolished, and the houses re-numbered.

That the subsidiary names in Carter-street, Mile-end, be abolished, and the houses re-numbered.

That John-street and South-grove, Mile-end, be incorporated under the name "South-grove, E.," the subsidiary names abolished, and the houses re-numbered consecutively.

That Bexley-street, Peckham, be re-named "Grainger-street, S.E."

That the subsidiary names in Pitman-street, Avenue-road, Camberwell, be abolished, and the houses re-numbered.

That the subsidiary names in Averill-street, Fulham, be abolished, and the houses re-numbered.

That the subsidiary names in Delorme-street, Fulham, be abolished, and the houses re-numbered.

That the subsidiary names in Eyerington-street, Fulham, be abolished, and the houses re-numbered.

That the line of thoroughfare extending from East-hill to York-road, Wandsworth, at present known as Tonsley-hill, Alexandra-terrace, and Nelson-terrace, be named "Tonsley-hill, S.W.," throughout, and the houses re-numbered where necessary.

That the line of thoroughfare extending from Ebner-street to North-street, Wandsworth, at present known as Fullerton-road and Tonsley-hill, be re-named "Tonsley-place, S.W.," the subsidiary names abolished, and the houses re-numbered.

That Coal-yard, King's Arms-yard, and Goldsmith's-alley, Drury-lane, be incorporated under the name "Goldsmith-street, W.C.," and the houses re-numbered.

That Pratt's-road, Clapton, be re-named "Glyn-road, E."

All which your Committee beg to submit.

(Signed) WM. SHEPHERD,
THOMAS H. ELAM,
W. R. SELWAY,
DONALD MUNRO,
JOHN RUNTZ.

The Report of the Building Act Committee of the 6th day of February, 1883, appointed by this Board, having been read and considered, this Board doth, pursuant to the provisions of the Metropolis Management Act, 1855, and Metropolis Management Amendment Act, 1862,

Resolbe, and it hereby resolbed and ordered on the motion of Mr. Selway, seconded by Mr. Pocock—That, for the purpose of distinguishing the same, the several houses and premises in the line of thoroughfare known by the name of Queen's-street, Kennington-road, in the Parish of Lambeth, in the County of Surrey, be marked with the numbers, as shown by red figures on the Plan now produced, marked 3,021, in lieu of the existing numbers, as shown on the said Plan; the odd numbers, commencing with 1 and ending with 41, being assigned to the houses on the Western side, and the even numbers, commencing with 2 and ending with 32, to those on the Eastern side; that such numbers do commence at the Southern end; that the name Queen's-street, and any other name or names now in use in Queen's-street, and the existing numbers, be abolished; that the whole line of thoroughfare be called "Stannary-street, S.E.," and that notice of this Order be given to the Vestry of Lambeth, pursuant to the 87th Section of the said Metropolis Management Amendment Act, 1862.

The Report of the Building Act Committee of the 6th day of February, 1883, appointed by this Board, having been read and considered, this Board doth, pursuant to the provisions of the Metropolis Management Act, 1855, and Metropolis Management Amendment Act, 1862,

Resolbe, and it is hereby resolbed and ordered, on the motion of Mr. Selway, seconded by Mr. Pocock—That, for the purpose of distinguishing the same, the several houses and premises in the line of thoroughfare known by the name of Wellington-place, Horace-street, in the Parish of Lambeth, in the County of Surrey, be marked with consecutive numbers, commencing with 1 and ending with 4, as shown by red figures on the Plan now produced, marked 3,022, in lieu of the existing numbers, as shown on the said Plan; that the name Wellington-place, and the existing numbers, be abolished; that the whole line of thoroughfare be called "Assaye-street, S.E.," and that notice of this Order be given to the Vestry of Lambeth, pursuant to the 87th Section of the said Metropolis Management Amendment Act, 1862.

The Report of the Building Act Committee of the 6th day of February, 1883, appointed by this Board, having been read and considered, this Board doth, pursuant to the provisions of the Metropolis Management Act, 1855, and Metropolis Management Amendment Act, 1862,

Resolbe, and it is hereby resolbed and ordered, on the motion of Mr. Selway, seconded by Mr. Pocock—That, for the purpose of distinguishing the same, the several houses and premises in Albion-street, in the Hamlet of Mile-end Old-town, in the County of

Middlesex, be marked with the numbers, as shown by red figures on the Plan now produced, marked 3,023, in lieu of the existing numbers, as shown on the said Plan; the odd numbers, commencing with 1 and ending with 39, being assigned to the houses on the Eastern side, and the even numbers commencing with 2 and ending with 46, to those on the Western side; that such numbers do commence at the Northern end; that the names Albion-cottages, Harwood-cottages, Plough-cottages, Clayton-cottages, and any other name or names now in use in Albion-street, and the existing numbers, be abolished; that the whole line be called "Albion-street, E.," and that notice of this Order be given to the Vestry of Mile-end Old-town, pursuant to the 87th Section of the said Metropolis Management Amendment Act, 1862.

The Report of the Building Act Committee of the 6th day of February, 1883, appointed by this Board, having been read and considered, this Board doth, pursuant to the provisions of the Metropolis Management Act, 1855, and Metropolis Management Amendment Act, 1862,

**Resolve**, and it is hereby **resolved** and **ordered**, on the **motion** of Mr. Selway, seconded by Mr. Pocock—That, for the purpose of distinguishing the same, the several houses and premises in Carter-street, in the Hamlet of Mile-end Old-town, in the County of Middlesex, be marked with the numbers, as shown by red figures on the Plan now produced, marked 3,024, in lieu of the existing numbers, as shown on the said Plan; the odd numbers, commencing with 1 and ending with 49, being assigned to the houses on the Southern side, and the even numbers, commencing with 2 and ending with 16, to those on the Northern side; that such numbers do commence at the Eastern end; that the names Rushworth-terrace, Victory-cottages, Rosebine-cottages, Livermore-cottages, and any other name or names now in use in Carter-street, and the existing numbers, be abolished; that the whole line be called "Carter-street, E.," and that notice of this Order be given to the Vestry of Mile-end Old-town, pursuant to the 87th Section of the said Metropolis Management Amendment Act, 1862.

The Report of the Building Act Committee of the 6th day of February, 1883, appointed by this Board, having been read and considered, this Board doth, pursuant to the provisions of the Metropolis Management Act, 1855, and Metropolis Management Amendment Act, 1862,

**Resolve**, and it is hereby **resolved** and **ordered**, on the **motion** of Mr. Selway, seconded by Mr. Pocock—That, for the purpose of distinguishing the same, the several houses and premises in South-grove and John-street, in the Hamlet of Mile-end Old-town, in the County of Middlesex, be marked with consecutive numbers, commencing with 1 and ending with 46, as shown by red figures on the Plan now produced, marked 3,025, in lieu of the existing numbers, as shown on the said Plan; that such numbers do commence at the Northern end; that the names John-street, Elizabeth-terrace, and any other name or names now in use in South-grove and John-street, and the existing numbers, be abolished; that the whole line be called "South-grove, E.," and that notice of this Order be given to the Vestry of Mile-end Old-town, pursuant to the 87th Section of the said Metropolis Management Amendment Act, 1862.

The Report of the Building Act Committee of the 6th day of February, 1883, appointed by this Board, having been read and considered, this Board doth, pursuant to the provisions of the Metropolis Management Act, 1855, and Metropolis Management Amendment Act, 1862,

**Resolve**, and it is hereby **resolved** and **ordered**, on the **motion** of Mr. Selway, seconded by Mr. Pocock—That Bexley-street, Peckham, in the Parish of Camberwell, in the County of Surrey, be re-named "Grainger-street, S.E.," and that notice of this Order be given to the Vestry of Camberwell, pursuant to the 87th Section of the said Metropolis Management Amendment Act, 1862.

The Report of the Building Act Committee of the 6th day of February, 1883,

appointed by this Board, having been read and considered, this Board doth, pursuant to the provisions of the Metropolis Management Act, 1855, and Metropolis Management Amendment Act, 1862,

**Resolbe**, and it is hereby **resolbed** and **ordered**, on the **motion** of Mr. Selway, seconded by Mr. Pocock—That, for the purpose of distinguishing the same, the several houses and premises in the line of thoroughfare known by the name of Pitman-street, in the respective Parishes of Camberwell and Lambeth, in the County of Surrey, be marked with the numbers, as shown by red figures on the Plan now produced, marked 3,026, in lieu of the existing numbers, as shown on the said Plan; the odd numbers, commencing with 1 and ending with 49, and the even numbers commencing with 2 and ending with 64; that the name Albert-terrace, and any other name or names now in use in Pitman-street, and the existing numbers, be abolished; that the whole line of thoroughfare be called "Pitman-street, S.E.," and that notice of this Order be given to the Vestries of Camberwell and Lambeth respectively, pursuant to the 87th Section of the said Metropolis Management Amendment Act, 1862.

The Report of the Building Act Committee of the 6th day of February, 1883, appointed by this Board, having been read and considered, this Board doth, pursuant to the provisions of the Metropolis Management Act, 1855, and Metropolis Management Amendment Act, 1862,

**Resolbe**, and it is hereby **resolbed** and **ordered**, on the **motion** of Mr. Selway, seconded by Mr. Pocock—That, for the purpose of distinguishing the same, the several houses and premises in the line of thoroughfare known by the name of Averill-street, in the Parish of Fulham, in the County of Middlesex, be marked with the numbers, as shown by red figures on the Plan now produced, marked 3,027, in lieu of the existing numbers, as shown on the said Plan; the odd numbers, commencing with 1 and ending with 57, being assigned to the houses on the Northern side, and the even numbers, commencing with 2 and ending with 60, to those on the Southern side; that such numbers do commence at the Western end; that the name Averill-terrace, and any other name or names now in use in Averill-street, and the existing numbers, be abolished; that the whole line of thoroughfare be called "Averill-street, S.W.," and that notice of this Order be given to the Board of Works for the Fulham District, pursuant to the 87th Section of the said Metropolis Management Amendment Act, 1862.

The Report of the Building Act Committee of the 6th day of February, 1883, appointed by this Board, having been read and considered, this Board doth, pursuant to the provisions of the Metropolis Management Act, 1855, and Metropolis Management Amendment Act, 1862,

**Resolbe**, and it is hereby **resolbed** and **ordered**, on the **motion** of Mr. Selway, seconded by Mr. Pocock—That, for the purpose of distinguishing the same, the several houses and premises in the line of thoroughfare known by the name of Delorme-street, in the Parish of Fulham, in the County of Middlesex, be marked with the numbers, as shown by red figures on the Plan now produced, marked 3,028, in lieu of the existing numbers, as shown on the said Plan; the odd numbers, commencing with 1 and ending with 55, being assigned to the houses on the Northern side, and the even numbers, commencing with 2 and ending with 50, to those on the Southern side; that such numbers do commence at the Western end; that the names Delorme-terrace, Brighton-terrace, Sussex-terrace, and any other name or names now in use in Delorme-street, and the existing numbers, be abolished; that the whole line of thoroughfare be called "Delorme-street, S.W.," and that notice of this Order be given to the Board of Works for the Fulham District, pursuant to the 87th Section of the said Metropolis Management Amendment Act, 1862.

The Report of the Building Act Committee of the 6th day of February, 1883, appointed by this Board, having been read and considered, this Board doth, pursuant

to the provisions of the Metropolis Management Act, 1855, and Metropolis Management Amendment Act, 1862,

**Resolve**, and it is hereby **resolved** and **ordered**, on the **motion** of Mr. Selway, seconded by Mr. Pocock—That, for the purpose of distinguishing the same, the several houses and premises in the line of thoroughfare known by the name of Everington-street, in the Parish of Fulham, in the County of Middlesex, be marked with the numbers, as shown by red figures on the Plan now produced, marked 3,029, in lieu of the existing numbers, as shown on the said Plan; the odd numbers, commencing with 1 and ending with 79, being assigned to the houses on the Eastern side, and the even numbers, commencing with 2 and ending with 28, to those on the Western side; that such numbers do commence at the Northern end; that the names Everington-villas, Bedfont-terrace, Bedfont-villas, Derby-terrace, Belton-villas, Drayton-terrace, and any other name or names now in use in Everington-street, and the existing numbers, be abolished; that the whole line of thoroughfare be called "Everington-street, S.W." and that notice of this Order be given to the Board of Works for the Fulham District, pursuant to the 87th Section of the said Metropolis Management Amendment Act, 1862.

The Report of the Building Act Committee of the 6th day of February, 1883, appointed by this Board, having been read and considered, this Board doth, pursuant to the provisions of the Metropolis Management Act, 1855, and Metropolis Management Amendment Act, 1862,

**Resolve**, and it is hereby **resolved** and **ordered**, on the **motion** of Mr. Selway, seconded by Mr. Pocock—That, for the purpose of distinguishing the same, the several houses and premises in the line of thoroughfare extending from East-hill to York-road, and known by the names of Tonsley-hill, Alexandra-terrace, and Nelson-terrace, in the Parish of Wandsworth, in the County of Surrey, be marked with the numbers, as shown by red figures on the Plan now produced, marked 3,030, in lieu of the existing numbers, as shown on the said Plan; the odd numbers, commencing with 1 and ending with 65, being assigned to the houses on the Western side, and the even numbers, commencing with 2 and ending with 80, to those on the Eastern side; that such numbers do commence at the Southern end; that the names Alexandra-terrace and Nelson-terrace, and the existing irregular numbers, be abolished; that the whole line of thoroughfare above described be called "Tonsley-hill, S.W.," and that notice of this Order be given to the Board of Works for the Wandsworth District, pursuant to the 87th Section of the said Metropolis Management Amendment Act, 1862.

The Report of the Building Act Committee of the 6th day of February, 1883, appointed by this Board, having been read and considered, this Board doth, pursuant to the provisions of the Metropolis Management Act, 1855, and Metropolis Management Amendment Act, 1862,

**Resolve**, and it is hereby **resolved** and **ordered**, on the **motion** of Mr. Selway, seconded by Mr. Pocock—That, for the purpose of distinguishing the same, the several houses and premises in the line of thoroughfare extending from North-street to Ebner-street, and known by the names of Tonsley-hill and Fullerton-road, in the Parish of Wandsworth, in the County of Surrey, be marked with the numbers, as shown by red figures on the Plan now produced, marked 3,031, in lieu of the existing numbers, as shown on the said Plan; the odd numbers, commencing with 1 and ending with 57, being assigned to the houses on the Northern side, and the even numbers, commencing with 2 and ending with 14, to those on the Southern side; that such numbers do commence at the Western end; that the names Tonsley-hill and Fullerton-road (as applied to the thoroughfare above described), Belford-villas, Tonsley-hill-villas, and Elgin-terrace, and the existing numbers, be abolished; that the whole line of thoroughfare above described be called "Tonsley-place, S.W.," and that notice of this Order be given to the Board of Works for the Wandsworth District, pursuant to the 87th Section of the said Metropolis Management Amendment Act, 1862.

The Report of the Building Act Committee of the 6th day of February, 1883, appointed by this Board, having been read and considered, this Board doth, pursuant to the provisions of the Metropolis Management Act, 1855, and Metropolis Management Amendment Act, 1862,

**Resolve**, and it is hereby **resolved** and **ordered**, on the **motion** of Mr. Selway, seconded by Mr. Pocock—That, for the purpose of distinguishing the same, the several houses and premises in the line of thoroughfare known by the names of Coal-yard, King's Arms-yard, and Goldsmith's-alley, in the Parish of St. Giles-in-the-Fields, in the County of Middlesex, be marked with the numbers, as shown by red figures on the Plan now produced, marked 3,032, in lieu of the existing numbers, as shown on the said Plan; the odd numbers, commencing with 1 and ending with 33, being assigned to the houses on the North-Western side, and the even numbers, commencing with 2 and ending with 24, to those on the South-Eastern side; that such numbers do commence at the end nearest Drury-lane; that the names Coal-yard, King's Arms-yard, and Goldsmith's-alley, and the existing numbers, be abolished; that the whole line of thoroughfare be called "Goldsmith-street, W.C.," and that notice of this Order be given to the Board of Works for the St. Giles District, pursuant to the 87th Section of the said Metropolis Management Amendment Act, 1862.

The Report of the Building Act Committee of the 6th day of February, 1883, appointed by this Board, having been read and considered, this Board doth, pursuant to the provisions of the Metropolis Management Act, 1855, and Metropolis Management Amendment Act, 1862,

**Resolve**, and it is hereby **resolved** and **ordered**, on the **motion** of Mr. Selway, seconded by Mr. Pocock—That Pratt's-road, Clapton, in the Parish of Hackney, in the County of Middlesex, be re-named "Glyn-road, E.," and that notice of this Order be given to the Board of Works for the Hackney District, pursuant to the 87th Section of the said Metropolis Management Amendment Act, 1862.

**9**. Mr. Shepherd, the Chairman of the Building Act Committee, as a matter of emergency, brought up a Report, as follows—

REPORT OF THE BUILDING ACT COMMITTEE.

Spring-gardens, 16th February, 1883.

Your Committee have to report that they have considered the question of the further steps which it is desirable to take with respect to the Alcazar (Connaught) Theatre, in High Holborn. The Board, on the 22nd December last (No. 13), informed the Lord Chamberlain that there were so many serious defects in the building that they could not then decide what alterations were required, and His Lordship, in consequence, declined to grant a License in respect of the Theatre. The action of the Home Secretary, who instituted proceedings against the Manager to compel him to discontinue the performances, resulted in the closing of the Theatre on the 16th of January last. On that day Plans showing certain proposed alterations and improvements to the building were submitted to the Theatres and Music-halls Sub-Committee by Mr. T. Verity, Architect, on behalf of the Owners, the New Alcazar Company (Limited). The Sub-Committee have also considered the Drawings of the Theatre, prepared by your Superintending Architect, and his Reports upon its structural defects, and they have made a careful inspection of the premises, accompanied by the Architect and the Manager of the Company. The latter gentleman, in a Letter dated the 8th instant, has asked the Board to recommend the Lord Chamberlain to grant a provisional License in respect of the Theatre, subject to an undertaking from himself and the Company to carry out all the requirements of the Board within a period of, say, Three months. The Sub-Committee, on the occasion of their visit, arrived at the conclusion that it was essential for the safety of the public that the exits from the Theatre through French-horn-yard and Greyhound-yard, which are provided with gates next High Holborn, should be secured for the use of the public during every per-

formance, and a requisition to that effect is accordingly included in the Notice. Your Committee, having considered the Report of the Sub-Committee, are of opinion that the following alterations are necessary to provide for the safety of the public frequenting the Theatre, and they submit a formal Notice to the Owners, prepared by your Solicitor, embodying the same—

1.—That the skylights in the roof over the stage and auditorum be removed.

2.—That a proper proscenium wall of brickwork, not less than 14 inches thick, be built to divide the stage from the auditorium, and be carried up at least three feet above the external surface of the roof; that the present arch and partition over the proscenium opening be removed, and a girder placed across the proscenium opening at the level of the top of such opening; that a relieving arch be turned over the opening; and that all openings in this wall be closed with wrought-iron doors in wrought-iron frames hung so as to close of themselves.

3.—That a new staircase be constructed from the ground floor to the gallery level at the South-West angle of the premises, with a door-way at the foot, opening into French-horn-yard; that the steps thereof be of solid York stone 4 feet 6 inches wide, and supported and enclosed on all sides by brick walls 9 inches thick; and that no communication be made between the staircase and the Saloon on the West side of the Theatre.

4.—That the staircase at the North-West angle of the Theatre, together with the dressing-rooms and the store-rooms in the auditorium and the passages leading to such staircase be removed; and that a new staircase, with steps of solid York stone, 4 feet 6 inches wide, supported and enclosed on all sides by brick walls 9 inches thick, with door-ways communicating with the gallery and dress circle level, and a door-way at the foot leading into Eagle-court, be built in lieu thereof at the said North-West angle of the Theatre.

5.—That a new door-way and exit be provided out of the West side of the Theatre, on the pit level leading into Eagle-court, and that the wall across the North end of French-horn-yard be removed.

6.—That the wood staircase from the pit level to the boxes on the East side of the Theatre be removed, and the flooring made good.

7.—That an exit, not less than 4 feet 6 inches wide, enclosed on all sides by fire-resisting materials, be provided at the North-West angle of the premises leading from the stage into Eagle-court.

8.—That a new exit, not less than 6 feet wide, enclosed on all sides by fire-resisting materials, be provided through the present ladies' cloak-room, with a door-way leading into French-horn-yard; and that the present gates across French-horn-yard be entirely removed.

9.—That the pay-box in the middle of the entrance vestibule leading from High Holborn be removed.

10.—That the floor of the dwelling-house over the entrance vestibule leading from High Holborn be constructed of fire-resisting materials.

11.—That a clear space at least three feet in width be provided around every part of the stalls, pit, and gallery, with the exception of the part nearest the stage, on each level.

12.—That the dressing-rooms and bar under the stage be removed, and teak staircases 3 feet wide provided on each side of the stage for access to the mezzanine floor.

13.—That the external angle of the refreshment bar in the gallery be rounded off.

14.—That the flat ceiling over the upper part of the gallery between the iron stancheons and the external wall of the Theatre be removed; that a new ceiling be formed following the slope of the external covering of the roof; with a vertical enclosure formed from the top of the stancheons to the underside of the roof, and that dormers, with movable louvres, be provided in the highest part of such new ceiling.

15.—That the dressing-rooms over the green-room at the North-East angle of the Theatre be removed; or that the existing air-shaft be removed, and a door provided on the level of each floor for the escape of the performers.

16.—That proper flues with metal jackets, and with tops protected from down draught, be provided to the several sun-burners, and be carried up through the roof.

17.—That a wall be built to divide the flies, on the West side of the stage, from the upper portion of the staircase adjoining.

18.—That strong handrails be provided on both sides of all staircases, landings, and flights of steps.

19.—That all doors throughout the building be made to open outwards.

20.—That the exits from the Theatre through French-horn-yard and Grey-hound-yard, and Eagle-court respectively, be made available for the uninterrupted use of the public, and that the gates at the entrances to such yards next High Holborn be kept open and locked back during every performance at the Theatre, and for a reasonable time before and after such performance.

Your Committee, in order to avoid delay, recommend—

That the Notice be sealed in triplicate; that the Clerk be instructed to apply to the Lord Chamberlain for his consent to the service of the Notice; and that the Solicitor be instructed, upon receipt of such consent, to serve the Notice forthwith upon the Owners of the Theatre.

Your Committee have also to report that they have conferred, through their Sub-Committee, with the Solicitor and the Architect to the Owners of Gatti's Music-hall, in Westminster-bridge-road, upon the question of the alterations required for remedying the structural defects of the building. The requirements of the Board, seven in number, are entered in their Minutes of the 22nd December last (No. 13). The first and fourth requirements, relative to the enclosure and support of the staircases, and the construction of the gallery floor of fire-resisting materials, have been objected to, but your Committee consider it necessary to insist upon these points. Modifications have been suggested of the third requirement, relative to the passage-ways in the Hall and gallery; of the sixth, as to bricking up the windows in the West side of the Hall; and of the seventh, respecting the exits into Addington-street. Your Committee are of opinion that the Board may in each of those cases adopt the alternative propositions suggested on behalf of the Owners. No objection has been raised to the other requirements, and your Committee have therefore instructed your Solicitor to prepare a revised Notice containing the following requisitions—

1.—That the steps and landings of the staircases be supported at both ends by brick walls not less than 9 inches in thickness; and that the staircases be enclosed upon all sides with brickwork not less than 9 inches in thickness, and do have stout handrails, firmly plugged to the walls, fixed on both sides of the several flights of stairs and landings.

2.—That the premises next Westminster-bridge-road be separated from the Hall, vertically, by brick walls not less than 9 inches in thickness, and, horizontally, by floors constructed of fire-resisting materials.

3.—That a passage-way 3 feet wide be provided on the East side of the body of the Hall, and three passage-ways, each 2 feet wide, at intervals, and running the whole length of the Hall; and that a passage-way, 2 feet 9 inches

wide, be provided around the gallery, and the seats divided at intervals by six gangways each 2 feet wide, and three gangways each 2 feet 6 inches wide.

4.—That the floor of the gallery be constructed of fire-resisting materials.

5.—That the windows in the back wall of the houses abutting on the Westminster-bridge-road be protected with iron hoppers to prevent fire being communicated to the Hall.

6.—That the window openings in the West wall of the Hall, overlooking the premises adjoining, be protected by iron hoppers.

7.—That two exits leading into Addington-street, enclosed by brick walls 9 inches thick, with fire-resisting floors and ceilings, be formed underneath the stage; and that two door-ways be formed at the North-East and North-West angles of the premises, at the stage level, opening into Addington-street.

Your Committee recommend—

That the Notice be sealed in triplicate; that the Clerk be instructed to apply to the Home Secretary for his consent to the service of the Notice, and that the Solicitor be instructed, upon receipt of such consent, to serve the Notice upon the Owners of the Hall.

All which your Committee beg to submit.

(Signed) WM. SHEPHERD,
W. R. SELWAY,
DONALD MUNRO,
THOMAS H. ELAM.

The Report having been read and received,

It was moved by Mr. Shepherd, and seconded by Mr. Selway—That so much of the Report as relates to the question of the present arrangements for the egress of the public from, and the prevention of fire in, the Alcazar (otherwise the Connaught) Theatre, in High Holborn, and the improvements which it is desirable to effect in the same, under the provisions of the Act of 1878, be approved, and that, in the opinion of the Board, the following alterations of a structural character are necessary to remedy existing defects in the building—

1.—That the skylights in the roof over the stage and auditorium be removed.

2.—That a proper proscenium wall of brickwork, not less than 14 inches thick, be built to divide the stage from the auditorium, and be carried up at least 3 feet above the external surface of the roof; that the present arch and partition over the proscenium opening be removed, and a girder placed across the proscenium opening at the level of the top of such opening; that a relieving arch be turned over the opening; and that all openings in this wall be closed with wrought-iron doors in wrought-iron frames, hung so as to close of themselves.

3.—That a new staircase be constructed from the ground floor to the gallery level at the South-West angle of the premises, with a door-way at the foot, opening into French-horn-yard; that the steps thereof be of solid York stone 4 feet 6 inches wide, and supported and enclosed on all sides by brick walls 9 inches thick; and that no communication be made between the staircase and the Saloon on the West side of the Theatre.

4.—That the staircase at the North-West angle of the Theatre, together with the dressing-rooms and the store-rooms in the auditorium and the passages leading to such staircase, be removed; and that a new staircase, with steps of solid York stone 4 feet 6 inches wide, supported and enclosed on all sides by brick walls 9 inches thick, with door-ways communicating with the gallery and dress circle level, and a door-way at the foot leading into Eagle-court, be built in lieu thereof at the said North-West angle of the Theatre.

5.—That a new door-way and exit be provided out of the West side of the Theatre on the pit level leading into Eagle-court, and that the wall across the North end of French-horn-yard be removed.

6.—That the wood staircase from the pit level to the boxes on the East side of the Theatre be removed, and the flooring made good.

7.—That an exit, not less than 4 feet 6 inches wide, enclosed on all sides by fire-resisting materials, be provided at the North-West angle of the premises leading from the stage into Eagle-court.

8.—That a new exit, not less than 6 feet wide, enclosed on all sides by fire-resisting materials, be provided through the present ladies' cloak-room, with a door-way leading into French-horn-yard; and that the present gates across French-horn-yard be entirely removed.

9.—That the pay-box in the middle of the entrance vestibule leading from High Holborn be removed.

10.—That the floor of the dwelling-house over the entrance vestibule leading from High Holborn be constructed of fire-resisting materials.

11.—That a clear space at least 3 feet in width be provided around every part of the stalls, pit and gallery, with the exception of the part nearest the stage on each level.

12.—That the dressing-rooms and bar under the stage be removed, and teak staircases 3 feet wide provided on each side of the stage for access to the mezzanine floor.

13.—That the external angle of the refreshment bar in the gallery be rounded off.

14.—That the flat ceiling over the upper part of the gallery between the iron stancheons and the external wall of the Theatre be removed; that a new ceiling be formed following the slope of the external covering of the roof with a vertical enclosure formed from the top of the stancheons to the underside of the roof; and that dormers, with movable louvres, be provided in the highest part of such new ceiling.

15.—That the dressing-rooms over the green-room at the North-East angle of the Theatre be removed; or that the existing air-shaft be removed, and a door provided on the level of each floor for the escape of the performers.

16.—That proper flues with metal jackets, and with tops protected from down draught, be provided to the several sun-burners, and carried up through the roof.

17.—That a wall be built to divide the flies, on the West side of the stage, from the upper portion of the staircase adjoining.

18.—That strong handrails be provided on both sides of all staircases, landings, and flights of steps.

19.—That all doors throughout the building be made to open outwards.

20.—That the exits from the Theatre through French-horn-yard and Grey-hound-yard, and Eagle-court, respectively, be made available for the uninterrupted use of the public, and that the gates at the entrances to such yards next High Holborn be kept open and locked back during every performance at the Theatre, and for a reasonable time before and after such performance.

The motion having been put to the vote, it was declared by the Chairman to be carried; and it was resolved accordingly.

It was moved by Mr. Shepherd, seconded by Mr. Selway, and resolved—That the Notice embodying the above requirements, prepared by the Solicitor, and now submitted,

be approved; that the Common Seal of the Board be affixed thereto; that the Clerk be instructed to apply to the Lord Chamberlain for his consent to the service of the Notice upon the Owners of the Theatre; and that, upon receipt of such consent, the Solicitor do forthwith serve the Notice accordingly.

The said Notice, and two copies thereof, were then laid before the Board, and the Seal was affixed thereto.

It was moved by Mr. Shepherd, seconded, and resolved—That so much of the Report as relates to the question of the present arrangements for the egress of the public from, and the prevention of fire in, Gatti's Music-hall, in Westminster-bridge-road, and the improvements which it is desirable to effect in the same, under the provisions of the Act of 1878, be approved, and that, in the opinion of the Board, the following alterations of a structural character are necessary to remedy existing defects in the building—

1.—That the steps and landings of the staircases be supported at both ends by brick walls not less than 9 inches in thickness; and the staircases be enclosed upon all sides with brickwork not less than 9 inches in thickness, and do have stout handrails, firmly plugged to the walls, fixed on both sides of the several flights of stairs and landings.

2.—That the premises next Westminster-bridge-road be separated from the Hall, vertically, by brick walls not less than 9 inches in thickness, and, horizontally, by floors constructed of fire-resisting materials.

3.—That a passage-way 3 feet wide, be provided on the East side of the body of the Hall, and three passage-ways, each 2 feet wide, at intervals, and running the whole length of the Hall; and that a passage-way, 2 feet 9 inches wide, be provided around the gallery, and the seats divided at intervals by six gangways each 2 feet wide, and three gangways each 2 feet 6 inches wide.

4.—That the floor of the gallery be constructed of fire-resisting materials.

5.—That the windows in the back wall of the houses abutting on Westminster-bridge-road be protected with iron hoppers to prevent fire being communicated to the Hall.

6.—That the window openings in the West wall of the Hall, overlooking the premises adjoining, be protected by iron hoppers.

7.—That two exits leading into Addington-street, enclosed with brick-walls 9 inches thick, with fire-resisting floors and ceilings, be formed underneath the stage; and that two door-ways be formed at the North-East and North-West angles of the premises, at the stage level, opening into Addington-street.

It was moved by Mr. Shepherd, seconded, and resolved—That the Notice embodying the above requirements, prepared by the Solicitor, and now submitted, be approved; that the Common Seal of the Board be affixed thereto; that the Clerk be instructed to apply to the Lord Chamberlain for his consent to the service of the Notice upon the Owners of the Hall; and that, upon receipt of such consent, the Solicitor do serve the Notice accordingly.

The said Notice, and two copies thereof, were then laid before the Board, and the Seal was affixed thereto.

**10**. Mr. Ingoldby, the Chairman of the Special Purposes and Sanitary Committee, brought up a Report, as follows—

REPORT OF THE SPECIAL PURPOSES AND SANITARY COMMITTEE.

Spring-gardens, 13th February, 1883.

Your Committee have to report that proceedings have been taken against the following persons, viz—Mr. C. Phillips, No. 157, Long-lane, Bermondsey, who was fined £10, and 2s. costs, for conveying Gunpowder in a manner contrary to the regulations,

and 10s. and 2s. costs, for neglecting to keep such Gunpowder, when seized, as directed by the Inspector, in pursuance of Section 74 of the Explosives Act; and Mr. E. Lang, who was fined 26s., and 2s. costs, for keeping Gunpowder for sale at No. 89, Wigmore-street, St. Marylebone, without having registered such premises for the purpose.

All which your Committee beg to submit.

(Signed) FRED$^{K.}$ INGOLDBY,
JOHN RUNTZ,
GEORGE PHILLIPS.

The Report having been read,

It was moved by Mr. Ingoldby, seconded, and resolved—That the Report be received.

**11**. Mr. Ingoldby, the Chairman of the Contagious Diseases (Animals) Act, 1878, Executive Committee, brought up a Report, as follows—

REPORT OF THE CONTAGIOUS DISEASES (ANIMALS) ACT, 1878, EXECUTIVE COMMITTEE.

Spring-gardens, 13th February, 1883.

Your Committee have to report, with reference to the resignation by Mr. Oliphant of his appointment as Veterinary Inspector for the District of Woolwich, Plumstead and Charlton, which was reported to the Board on the 2nd instant, that they have, under the powers vested in them by the Board, appointed Mr. Herbert Davis, M.R.C.V.S., of No. 52, Blackheath-hill, Veterinary Inspector for the District, which was rendered vacant by Mr. Oliphant's resignation.

Your Committee have further to report that proceedings have been taken against Mr. G. C. Spurgin, who was fined 20s. and 6s. costs for the unlicensed removal of a Cow out of the Metropolis.

Your Committee have further to report that, during the two weeks, ended the 10th instant, Market Passes have been issued for the removal of 3,764 animals out of the Metropolis for the purpose of slaughter, making a total of 11,660 animals so removed since the 1st January, last.

Your Committee have further to report, for the information of the Board, that the Privy Council have made an Order directing that animals which have been exposed in the Metropolitan Market shall not be moved out of the Metropolis, and that animals which have not been so exposed shall only be moved out in accordance with Article 11 of the Metropolis (Foot-and-Mouth Disease), No. 2, Order of 1881.

Your Committee regret to have to report that Foot-and-Mouth Disease has been on the increase, and that, since the date of their last Report, outbreaks have occurred on 12 premises in various parts of the Metropolis. The aggregate number of stock kept on such premises was 284, of which 71 animals became affected, and 3 of them have died.

All which your Committee beg to submit.

(Signed) FRED$^{K.}$ INGOLDBY,
JOHN RUNTZ,
GEORGE PHILLIPS.

The Report having been read,

It was moved by Mr. Ingoldby, seconded, and resolved—That the Report be received.

**12**. Mr. Munro, the Chairman of the Parks, Commons, and Open Spaces Committee, brought up a Report, as follows—

REPORT OF THE PARKS, COMMONS, AND OPEN SPACES COMMITTEE.

Spring-gardens, 4th February, 1883.

Your Committee have to report that 250 casts of flower pots are required for use in Finsbury-park, and they recommend—

That they be obtained at an estimated cost of £18 10s.

In pursuance of the reference back to them by the Board on the 21st July last (No. 15), your Committee have further considered as to the desirability of prohibiting single-wicket Cricket matches in Southwark-park. Your Committee are of opinion that no further steps should be taken in the matter, and they recommend—

That the reference be discharged.

Under the authority conferred upon them by the Board on the 13th June, 1873 (No. 13), your Committee have authorised the purchase of jute cuttings, tarred cord, paint, and seeds for Southwark-park; seed for the Open Spaces South of the Thames, and a pruning knife for use in the Embankment-gardens. They have also directed that repairs be executed to the mowing machines in Southwark-park, and to the flagstaff and rigging at Hampstead-heath.

All which your Committee beg to submit.

(Signed) DONALD MUNRO,
WM. SHEPHERD,
JOHN RUNTZ,
GEO. EDWARDS.

The Report having been read and received,

It was moved by Mr. Munro, seconded, and resolved—That 250 casts of flower-pots be obtained for use in Finsbury-park, at an estimated cost of £18 10s.

It was moved by Mr. Munro, seconded, and resolved—That the reference to the Committee as to the playing of single-wicket Cricket matches in Southwark-park be discharged.

It was moved by Mr. Munro, seconded, and resolved—That the several other proceedings of the Committee, as mentioned in their Report, be approved.

**13.** Mr. Runtz, the Chairman of the Bridges Committee, brought up a Report, as follows—

REPORT OF THE BRIDGES COMMITTEE.

Spring-gardens, 14th February, 1883.

Your Committee have to report that they have considered as to the amounts necessary to be inserted in the Board's Money Bill of the present Session in respect of expenditure on Metropolitan Bridges, under the Act of 1877, and also in respect of the construction and alteration of Bridges, under the Metropolitan Bridges Act, 1881. Your Committee find, after conference with the Board's Officers, that the amounts provided for the present year for works to Bridges, under both the above Acts, namely, £65,000 and £250,000 respectively, are sufficient, and that the estimates for the year 1884 are as follows—£30,000 for works, under the Act of 1877, and £300,000 for works, compensations and purchase of property under the Metropolitan Bridges Act, 1881. Your Committee recommend—

That the above-named amounts be inserted in the Board's Money Bill.

All which your Committee beg to submit.

(Signed) W. R. SELWAY,
DONALD MUNRO,
JOHN RUNTZ,
GEO. EDWARDS.

The Report having been read and received,

It was moved by Mr. Runtz, seconded, and resolved—That the Report be approved and acted upon.

**14**. Read a Report by the Engineer, dated 16th January, 1883, on the undermentioned Sewerage works, proposed to be executed by the following Vestry and District Board—

| LOCALITY OF WORK. | WORK APPLIED FOR. | | | REMARKS. |
|---|---|---|---|---|
| | Length in feet. | Size. | Material. | |
| **KENSINGTON.** | | | | |
| Lonsdale-road, Notting-hill .. | 600 | 3′ 9″ × 2′ 6″ | 1 brick. | Recommended as applied for. |
| **LEWISHAM.** | | | | |
| King's-hall, Reddons, Aldersmead and Lennard Roads, Cator Estate, Beckenham .. | 1,800 | 3′ 0″ × 2′ 0″ | Brick, | Recommended as applied for. |
| | 810 | 15-inch. | Pipe. | |
| | 2,175 | 12 ,, | ,, | |
| | *2,680 | 9 ,, | ,, | * For surface water only. |
| | *920 | 6 ,, | ,, | |

It was **moved** by Mr. Selway, seconded, and **resolved**—That the Report be approved, and that the said Vestry and District Board be permitted to construct and execute the works in the manner therein recommended.

**15**. Read a Report by the Engineer, dated 16th February, 1883, on applications from the following Vestry and District Board, for permission to stop up certain thoroughfares for the periods and purposes therein mentioned, viz.—

| Dates of Applications. | Names of Streets to be stopped up. | Object. | Time applied for. | Time recommended. | Streets through which traffic will be diverted. |
|---|---|---|---|---|---|
| **PADDINGTON.** | | | | | |
| 1883. 10th Feb. | Inverness-place. | Sewerage. | 3 weeks. | 3 weeks. | Porchester-gardens, Queen's-road, and Queensborough-terrace. |
| | Inverness-terrace, from Inverness-place to Uxbridge-road. | Do. | 6 do. | 6 do. | |
| **HOLBORN.** | | | | | |
| 6th and 8th Feb. | High Holborn, from Chancery-lane to Dean-street | Re-paving. | 1 month. | 1 month. | It is proposed to close the street in two Sections, shown by Red and Yellow colours upon the accompanying Plan, and to divert the traffic through the routes shown by Blue colour upon the Plan. |

It was **moved** by Mr. Selway, seconded, and **resolved**—That the Report be approved, and that the sanction of the Board be given, and the same is hereby given, to the closing of the thoroughfares in question by the said Vestry and District Board, for the purpose of executing works therein, for the periods recommended by the Engineer, such sanction to date from the commencement of the works respectively.

**16**. Read a Report by the Engineer, dated 15th January, 1883, on a Letter from Messrs. Latimer Clark, and Co., relative to abolishing a man-hole connected with the Board's Guerrier's Inlet, near West-ferry-road, Poplar; stating that the man-hole was close to a Dock, as shown at "A" upon the tracing accompanying his Report, and that, as Messrs. Latimer Clark, and Co. were about to fill up the Dock, they were desirous of abolishing the man-hole, but that he (the Engineer) found that the latter was connected with the Inlet, through which water was let from the Dock at that point, so that the man-hole could not be abolished, nor should the Dock be filled up, unless the inlet was first continued to the River, as shown by the red line upon the Plan, the work being

done to his satisfaction, and at the cost of the applicants, and recommending that Messrs. Latimer Clark, and Co. be so informed.

It was moved by Mr. Selway, seconded, and resolved—That the Report be approved, and that Messrs. Latimer Clark, and Co. be informed accordingly.

**17**. Read a Report by the Engineer, dated 15th February, 1883, on a Letter from Mr. J. Wolfe Barry, Engineer of the Metropolitan and District Railways (City Lines and Extensions), inquiring as to dealing with a ventilator of the Low Level Sewer in Cannon-street, interfered with by the Companies' works; stating that the ventilator referred to was interfered with, as shown upon the tracing accompanying Mr. Barry's Letter, and that he, therefore, asked whether it might be abolished or be carried by a side heading into one of the adjacent streets; further stating that the ventilator could not be so altered as to be available for cleansing purposes in connection with the Sewer, and recommending that it be allowed to be dispensed with, the Companies executing the necessary works at their own cost, and under the direction and to his (the Engineer's) satisfaction, and further recommending that the Companies should be required to pay to the Board the estimated cost, say £100, of a new cleansing shaft, which might hereafter become necessary in another portion of the Sewer, in lieu of the shaft to be abolished.

It was moved by Mr. Selway, seconded, and resolved—That the Report be approved and acted upon, and that Mr. Barry be communicated with accordingly.

**18**. Read a Report by the Engineer, dated 16th February, 1883, recommending the execution of the following works under the General Contract, viz.—

| | Estimate. £ s. d. |
|---|---|
| *Crossness Pumping Station.* | |
| Re-building bench of Gas retorts, and repairing holder ... | 40 0 0 |
| Re-bushing 32 Pump rod pins, &c., of sewage pumps ... | 70 0 0 |
| Casting out deposit in settling pond, and repairing concrete banks ... ... ... ... ... ... ... | 100 0 0 |
| *Southern Outfall Sewer.* | |
| Constructing side-entrance to the Sewer, near the Plumstead Railway Station ... ... ... ... ... ... | 60 0 0 |
| Total ... ... ... | £270 0 0 |

It was moved by Mr. Selway, seconded, and resolved—That the Report be approved, and that the several works be executed accordingly; the cost thereof being charged to the General Account of the Board.

**19**. The Solicitor reported that the Metropolitan Street Improvements Bill, 1883, would shortly be introduced into the House of Commons.

**20**. The Solicitor reported that the Metropolitan Board of Works (Bridges, &c.) Bill, and the Metropolitan Street Improvements Act, 1877 (Amendment) Bill, might be introduced and read a first time on Monday or Tuesday next, and that the last day for presenting Petitions would probably be about the 3rd of March.

**21**. The Solicitor reported that the majority of Bills affecting the Board would doubtless be introduced and read a first time on Monday or Tuesday next, and that the Petitions which the Board had directed to be prepared would have to be lodged about the 3rd of March.

**22**. The Solicitor reported that the following Notices had been given in the House of Commons—

By Mr. Dixon-Hartland—"To ask the Secretary of State for the Home "Department whether, after the recent fire at the Alhambra Theatre, which "spread so rapidly that it must have been most disastrous to the public had it

" happened during the performance, he is now prepared to lay Captain Shaw's " Report about Theatres upon the Table of the House, and if not, whether he " will now bring in, or facilitate the bringing in of a measure which shall give " additional safety to the Theatre-going public."

By Sir Henry Selwin-Ibbetson—Fire Brigade (Metropolis)—" To call " attention to the means of extinguishing fires in the Metropolis, and to the " Fire Brigade, and to move a Resolution."

By Mr. Coope—" To ask the Secretary of State for the Home Department " whether, with a view to the greater protection of life and property in the " Metropolis from fire, he is disposed to take steps whereby the Metropolitan " Board of Works may be empowered to increase the force of the Fire Brigade " to such an extent as may insure the much-needed security to life and property, " and avert from the Metropolis the calamity of a great conflagration."

By Mr. Dixon-Hartland—Theatres Regulation—" Bill for the better " regulation of Theatres and other places of public entertainment."

**23**. The Solicitor reported that, on the report of the Police, he had caused a Summons to be issued against John Smith for sweeping mud down a Gully; that on the 8th instant the case had been heard by Mr. Hannay, at Worship-street Police-court, and that the man had been convicted and fined 2s. 6d. and 2s. costs, or five days' imprisonment in default of a sufficient distress.

**24**. The Solicitor reported that the arrangements with respect to the Loan of £45,000 to the Guardians for the Fulham Union had been completed.

**25**. The Solicitor reported that the Treasury had approved of the period for the repayment of the Loan of £10,000 to the Hackney District Board, and he suggested that this Board should now pass an Order authorising the District Board to borrow the amount, and also draw a Cheque for £5,000 for the first instalment of the Loan.

It was thereupon **moved** by Mr. Selway, seconded, and **resolved**, and **ordered**, as follows—

**Whereas**, the Board of Works for the Hackney District, under and pursuant to the provisions of the Metropolis Management Act, 1855, and the Acts amending the same, or some or one of them, have applied to this Board for their sanction in writing to the borrowing by the said District Board, on the security of all the moneys or rates authorised to be raised by the said District Board under the said Act within the said District, of a sum of £10,000 for the purpose of defraying part of the expense incurred, or to be incurred, by the said District Board in executing certain paving works in Albion-road, Bay-street, Bloomfield-street South, Balmes-road, Benyon-road, Church-road, Chapel-road, part of Clapton-road, Culford-grove, Culford-road, De Beauvoir-road, De Beauvoir-crescent, Enfield-road South, Forest-road, Hertford-road, Holly-street, Mayfield-road, Roseberry-place, Sheep-lane, Stamford-hill, Woodland-street, Richmond-place, St. Peter's-road and Tottenham-road, all within their said District. **And whereas** this Board have fully considered the matter of the said application, and it is made to appear to them fit and proper that the said sum of £10,000 should be borrowed by the said District Board for the purpose aforesaid. Therefore, it is **ordered** that the sanction in writing of this Board be given, and the same is hereby given, to the borrowing by the said District Board, under the Metropolis Management Act, 1855, of a sum of £10,000 for the purpose aforesaid, such Loan to bear interest at the rate of £3 10s. per centum per annum, payable quarterly, and the principal to be re-paid by annual instalments of as nearly equal an amount as may be within a period of Seven years.

The Solicitor laid before the Board two copies of the foregoing Order.

It was **moved** by Mr. Selway, seconded, and **resolved**—That the Common Seal of the Board be affixed to the said copies of Order; and the Seal was affixed accordingly.

It was **moved** by Mr. Selway, seconded, and **resolved**—That a Cheque for the sum of

£5,000 be now drawn in favour of the Hackney District Board; and a Cheque was drawn on the Consolidated Loans Fund accordingly.

**26.** The Solicitor presented a copy of the Regent's Canal, City and Docks Railway (Canal Capital); and the Regent's Canal, City and Docks Railway Company's (Various Powers) Bills, and reported that they did not appear to vary the Clauses obtained by the Board last Session, but that he thought it would be desirable that the Board should refer the Bills to the Parliamentary Committee, with instructions to the Engineer and himself to report to that Committee thereon.

It was moved by Mr. Selway, seconded, and resolved—That the said Bills be referred to the Parliamentary Committee, for consideration, and that the Engineer and the Solicitor do report to the Committee thereon.

**27.** The Solicitor presented the following documents for sealing—

Agreement with the Whitechapel District Board, for depositing paving materials on land belonging to this Board in Darby-street, St. Botolph-without, Aldgate (Whitechapel and Limehouse Scheme, under the Artizans' &c., Dwellings Act).

Contract with Messrs. Hammer and Co., for the erection of two lattice screens in Finsbury-park.

It was moved by Mr. Selway, seconded, and resolved—That the Common Seal of the Board be affixed to the said documents; and the Seal was affixed accordingly.

**28.** The Solicitor presented the Award of Captain Douglas Galton on the reference to him of the question between the Metropolitan District Railway and the Board, as to the erection of ventilating shafts by the Company, for the purposes of their Railway, and suggested that it should be referred to the Works and General Purposes Committee, for consideration, and that the Engineer should report to the Committee thereon.

It was moved by Mr. Selway, seconded, and resolved—That the Award be referred to the Works and General Purposes Committee, for consideration; that the Engineer do report to the Committee thereon, and that the Committee be authorised to take whatever steps they may think desirable, by application to Parliament or otherwise, with a view to obtaining an alteration of the law with respect to the construction of ventilators for Underground Railways.

**29.** It was moved by Mr. Selway, as a matter of emergency, seconded, and resolved—"That "an application be made to the Right Hon. the Secretary of State for the Home "Department, to favour the Board with a copy of the Bill which Her Majesty's "Government propose to bring in for the future Local Government of the Metropolis."

**30.** Read a Report, as follows—

Metropolitan Board of Works.
Accountant's Department,
Spring-gardens, S.W.,
16th February, 1883.

The 59th Clause of the Commercial Gas Act of 1875 prescribes that a copy of the Accounts of the Company should be forwarded to this Board before the Auditor certifies the same, so that the Board may, in case they so desire, appear before the Auditor with respect to any matter relating to the Accounts.

I have examined the Statements of Account for the half-year to the 31st December last, which were laid before the Board on the 9th instant. There are no items, so far as I have discovered, on which the Board would desire to appear before the Auditor.

Would the Board authorise me to intimate the same to the Auditor and the Company, as in previous half-years?

(Signed) A. GUNN,
Accountant.

It was moved by Mr. Freeman, seconded, and resolved—That the Report be approved and that the Accountant do communicate with the Company accordingly.

**31**. The Clerk presented a Letter from Mr. R. Ellis, Clerk to the Hackney District Board, dated 10th February, 1883, asking whether this Board's Precept for the current year might not be paid by four quarterly payments instead of two; further stating that the District Board were constructing a Bridge across the river Lee, at Temple-mills, Hackney, at a cost of £2,762, towards which, and the cost of proposed improvements to two other Bridges, this Board had agreed to contribute a sum not exceeding £1,500, and asking this Board to allow the conditions under which the contribution was agreed to be made, to be varied, so far as they related to the construction of the two Foot-bridges.

It was moved by Mr. Selway, seconded, and resolved—That so much of the said Letter as relates to the question of the payment of the Precept be referred to the Finance Committee, for consideration and report; and that the request with respect to the contribution to the Improvement at Temple-mills Bridge, be referred to the Works and General Purposes Committee, for consideration and report.

**32**. The Clerk presented a Letter from Mr. H. Everest, dated 10th February, 1883, relative to the insufficient means of exit from the South London Music-hall in case of fire.

It was moved by Mr. Selway, seconded, and resolved—That the said Letter be referred to the Building Act Committee, for consideration.

**33**. The Clerk presented a Letter from Mr. G. Whale, Clerk to the Plumstead District Board, dated 12th February, 1883, with a copy of the following Resolution of that Board—

> "That, in view of the great expense already incurred in freeing Bridges West of London "Bridge of all Tolls, and of the further expense to which the Metropolitan Board propose to put "the ratepayers of the Metropolis by the Metropolitan Board of Works Bridges Bill, in the "re-construction of Hammersmith Bridge, and the purchase of the Greenwich and Poplar Ferry, it "is at least just and reasonable, in the interest of the ratepayers of this District, that the "Metropolitan Board should (upon such terms and conditions, to be settled, if necessary, by the "Board of Trade) subsidise the construction of the road-way Tunnel between North and South "Woolwich, in conjunction with Her Majesty's Government and the Counties of Kent and Essex, "so that the said Tunnel may be free of Toll, and under the control of the Local Authorities, "and so as to prevent hereafter the necessity of having to purchase the Tunnel after construction, at "an increased cost."

It was moved by Mr. Selway, seconded, and resolved—That the said Resolution be referred to the Works and General Purposes Committee, for consideration, in connection with the references already made to them on the subject to which it relates.

**34**. The Clerk presented a Letter from Mr. G. Lushington, dated 12th February, 1883, stating that the Home Secretary had appointed Mr. D. Cubitt Nichols to hold the inquiries under the Artizans', &c, Dwellings Act, 1875, in the case of the four Improvement Schemes submitted by the Board for confirmation under that Act.

It was moved by Mr. Selway, seconded, and resolved—That the said Letter be referred to the Works and General Purposes Committee.

**35**. The Clerk presented a Letter from the Hon. Sir A. F. O. Liddell, K.C.B., dated 10th February, 1883, asking whether the Board were prepared to defray the necessary expenditure in connection with the proposed inquiries into the cases of Fires where no death occurred.

It was moved by Mr. Selway, seconded, and resolved—That the said Letter be referred to the Works and General Purposes Committee, for consideration and report.

**36**. The Clerk presented a Letter from Mr. G. H. Croad, Clerk to the School Board for London, dated 12th February, 1883, asking this Board to insert in their Money Bill for the ensuing Session, the sum of £500,000 as the amount which it was estimated would be required by the School Board during the year ending 31st December, 1884.

It was moved by Mr. Selway, seconded, and resolved—That the said Letter be referred to the Finance Committee, for consideration, in connection with the preparation of the Estimates for the Bill.

**37**. The Clerk presented a Letter from Mr. W. R. Kersey, Clerk to the Vestry of St. Nicholas, Deptford, dated 13th February, 1883, forwarding a copy Resolution of the Vestry expressing a hope that the Board would give a general support to the undertaking of the Southwark and Deptford Tramways Company.

It was **moved** by Mr. Selway, seconded, and **resolved**—That the Vestry be informed that the Board, having already arrived at a decision with regard to the undertaking, are not prepared to re-open the subject.

**38**. The Clerk presented a Letter from Mr. J. O. Jacobs, on behalf of the London Tramways Company (Limited), dated 15th February, 1883, asking the Board to allow the retention in the Bill of the proposed line from Vauxhall to Camberwell-green, the proposal being to lay a double instead of the existing single line; and stating that the Company were willing to omit from the Bill any portion of the double line that would bring the Tramway within the distance of 9 feet 6 inches of the kerb.

It was **moved** by Mr. Selway, and seconded—That Mr. Jacobs be informed that the Board, having already arrived at a decision with regard to the scheme, are not prepared to re-open the question.

An **amendment** thereon was **moved** by Mr. Hill, and seconded by Mr. Fowler—That the Letter be referred to the Works and General Purposes Committee, for consideration and report.

The **amendment** having been put to the vote, there were for it 7, against it 12; and it was declared by the Chairman to be lost.

The **original motion** was then put to the vote, and declared by the Chairman to be carried; and it was **resolved** accordingly.

**39**. The Clerk presented a Letter from the Hon. S. Ponsonby-Fane, Lord Chamberlain's Office, dated 14th February, 1883, acknowledging the receipt of the Board's Letter, suggesting to the Lord Chamberlain that he should require a Certificate from the Board before licensing the new Alhambra Theatre, and stating that His Lordship had given notice to the proprietors in accordance with the Board's suggestion.

It was **moved** by Mr. Selway, seconded, and **resolved**—That the said Letter be referred to the Building Act Committee.

**40**. The Chemical Assistant laid before the Board his Return of the Testings made at the Gas Testing Stations during the week, ended on the 13th instant, as follows—

| Company. | District. | Illuminating Power. (In Standard Sperm Candles.) | | | Sulphur (Grains in 100 cubic feet of Gas.) | | | Ammonia. (Grains in 100 cubic feet of Gas.) | | | Sulphuretd Hydrogen. |

The pressure of the Gas supplied by the Gas Light and Coke Company at Wood-street, Westminster, at 5·15 p.m. on the 9th inst., was 3·8 inches.

The pressure of the Gas supplied by the Gas Light and Coke Company at Willmott-place, Camden-town, at 9 p.m. on the 12 inst., was 2·8 inches.

**41**. Fulham.—Read a Report by the Superintending Architect, dated 15th February, 1883, on the application of Mr. H. Foreman, for the consent of the Board to the erection of houses, with shops, on the East side of Richmond-road, West Kensington, at the corner of Sinclair-gardens, to the line shown upon the Plan accompanying the application.

It was moved by Mr. Brown, seconded, and resolved—That the application be referred to the Building Act Committee, for consideration and report.

**42**. Fulham.—Read a Report by the Superintending Architect, dated 13th February, 1883, on the application of Mr. A. P. Wilson, on behalf of the Hammersmith Club, for the consent of the Board to the erection of one-storey offices on the South side of Beadon-road, The Grove, Hammersmith, to the line shown upon the amended Plan accompanying the application.

It was moved by Mr. Brown, seconded, and resolved—That the application be not granted.

**43**. Fulham.—Read a Report by the Superintending Architect, dated 14th February, 1883, on the application of Mr. W. A. Bates, for the consent of the Board to the erection of a house, with stables and coach-house at the rear, on the South side of Hannell-road, at the corner of Dawes-lane, to the line shown upon the Plan accompanying the application.

It was moved by Mr. Brown, seconded, and resolved—That the application be not granted.

**44**. Hackney.—Read a Report by the Superintending Architect, dated 13th February, 1883, on the application of Mr. H. T. Vanner, for the consent of the Board to the erection of a two-storey bay-window on a portion of the forecourt of No. 49, Oakfield-road, Lower Clapton, to the line shown upon the amended Plan accompanying the application.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be granted, on condition that the erection be made in entire conformity with the letter of application, and as shown on the Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board.

**45**. Hackney.—Read a Report by the Superintending Architect, dated 13th February, 1883, on the application of Mr. R. A. Lewcock, on behalf of Mr. T. Arno, for the consent of the Board to the erection of houses, with one storey shops, on the North side of Barrett's-grove, Stoke Newington, between No. 8, Barrett's-grove and Wordsworth-road; and also of houses, with one-storey shops, and houses with bay-windows, on the South side of Barrett's-grove, to the lines shown upon the Plan accompanying the application.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be referred to the Building Act Committee, for consideration and report.

**46**. Hackney.—Read a Report by the Superintending Architect, dated 31st January, 1883, on the application of Mr. J. Hamilton, on behalf of Mr. B. T. Wood, for the consent of the Board to the erection of buildings on the South side of Morning-lane, between the "Duke of Wellington" Public-house, at the corner of Chatham-place and Fox's-cottages, to the line shown upon the amended Plan accompanying the application.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be not granted.

**47**. Islington.—Read a Report by the Superintending Architect, dated 13th February, 1883, on the application of Mr. J. Pethybridge, on behalf of Mr. F. W. P. Isaac, for the consent of the Board to the erection of a one-storey shop on a portion of the forecourt of No. 130, Junction-road, Holloway, at the corner of Cathcart-hill, to the line shown upon the amended Plan accompanying the application.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be referred to the Building Act Committee, for consideration and report, and that the parties interested be invited to attend the Committee, when the matter shall be considered.

**48**. Lewisham.—Read a Report by the Superintending Architect, dated 13th February, 1883, on the application of Mr. G. H. Cox, for the permission of the Board to retain an addition erected at the rear of the "Bell" Tavern, Bell-green, Lower Sydenham.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be not granted.

**49**. Lewisham.—Read a Report by the Superintending Architect, dated 7th February, 1883, on the application of Mr. R. Hopton, on behalf of Mr. Ahlfeldt, for the consent of the Board to the erection of one-storey shops upon portions of the forecourts of Nos. 1 to 3, Lewisham-terrace, Canal-road, Forest-hill, to the line shown upon the amended Plan accompanying the application.

It was moved by Mr. Lloyd, seconded, and resolved—That the application be not granted.

**50**. Lewisham.—Read a Report by the Superintending Architect, dated 6th February, 1883, on the application of Mr. R. Hopton, on behalf of Mr. S. Brigden, for the consent of the Board to the erection of an addition on the East side of The Limes, Stanstead-road, Forest-hill, at the corner of Kemble-road, to the line shown upon the Plan accompanying the application.

It was moved by Mr. Lloyd, seconded, and resolved—That the application be granted, on condition that the erection be made in entire conformity with the letter of application, and as shown on the Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of the Board.

**51**. Plumstead.—Read a Report by the Superintending Architect, dated 13th February, 1883, on the application of Mr. J. O. Cook, on behalf of Mr. J. Austin, for the permission of the Board to retain a pent erected over the forecourt of No. 86, Pattison-road, to the line shown upon the amended Plan accompanying the application.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be not granted.

**52**. St. Pancras.—Read a Report by the Superintending Architect, dated 14th February, 1883, on a Letter from Mr. V. J. Grose, District Surveyor, relative to an alleged irregular erection on the forecourt of No. 72, High-street, Camden-town.

It was moved by Mr. Shepherd, seconded, and resolved—That the matter be referred to the Building Act Committee, for consideration and report.

**53**. Westminster.—Read a Report by the Superintending Architect, dated 14th February, 1883, on the application of Messrs. Glasier and Sons, on behalf of Colonel Sim and Major Egerton, for the consent of the Board to the erection of porches on portions of the forecourts of Nos. 30 and 32, James-street, Buckingham-gate, to the line shown upon the Plan accompanying the application.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be referred to the Building Act Committee, for consideration and report.

**54**. Westminster.—Read a Report by the Superintending Architect, dated 14th February, 1883, on the application of Mr. J. P. Seddon, on behalf of Mr. Dent, for the consent of the Board to the erection of a bay-window at No. 1, Tothill-street, to the line shown upon the Plan accompanying the application.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be not granted.

**55.** Woolwich.—Read a Report by the Superintending Architect, dated 13th February, 1883, on the application of Mr. J. O. Cook, on behalf of Mr. W. H. Coombes, for the consent of the Board to the erection of one-storey shops on portions of the forecourts of Nos. 1 and 2, George-street, to the line shown upon the amended Plan accompanying the application.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be not granted.

**56.** Bermondsey.—Read a Report by the Superintending Architect, dated 13th February, 1883, on the application of Mr. E. Crosse, on behalf of Messrs. J. Case and Co., for approval by the Board of a Plan for the construction of a furnace chimney-shaft at their premises in Queen's-place, Dockhead.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be granted, upon condition that the foundation of the proposed shaft be made in accordance with the provisions of the Building Act, 1855, and to the satisfaction of the District Surveyor, according to law, and that the superstructure be also erected to his satisfaction.

**57.** Greenwich.—Read a Report by the Superintending Architect, dated 13th February, 1883, on the application of Mr. J. F. Braidwood, on behalf of the South Metropolitan Gas Company, for approval by the Board of a Plan for the construction of a furnace chimney-shaft at the Company's Greenwich Station abutting upon Deptford-creek.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be granted, upon condition that the foundation of the proposed shaft be made in accordance with the provisions of the Building Act, 1855, and to the satisfaction of the District Surveyor, according to law, and that the superstructure be also erected to his satisfaction.

**58.** St. Pancras.—Read a Report by the Superintending Architect, dated 14th February, 1883, on the application of Mr. A. D. Shepard, on behalf of the Committee of the University College Hospital, for the permission of the Board to retain a temporary wood and iron shed, erected on a portion of the forecourt of the University College Hospital in Gower-street.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be referred to the Building Act Committee, for consideration and report.

**59.** St. Pancras.—Read a Report by the Superintending Architect, dated 14th February, 1883, on the application of Messrs. Read Brothers, on behalf of Mr. J. Lodge, for approval by the Board of a Plan for the erection of a greenhouse at the rear of No. 31, Leighton-road.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be not granted.

**60.** Camberwell.—Read a Report by the Superintending Architect, dated 16th February, 1883, on the application of Mr. T. Oliver, for approval by the Board of a Plan for the widening of Guildford-place, Green's-row, and the erection of houses on the North side thereof.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be referred to the Building Act Committee, for consideration and report.

**61.** Greenwich.—Read a Report by the Superintending Architect, dated 6th February, 1883, on the application of Messrs. Balaam Brothers, for approval by the Board of a

Plan for the formation and name of a new road to lead out of the East side of East-street.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be not granted.

**62**. Hackney.—Read a Report by the Superintending Architect, dated 14th February, 1883, on the application of Mr. J. H. Jones, for approval by the Board of a Plan for the formation and names of roads to lead out of the West side of Lansdowne-road, and the widening of a portion of Lansdowne-road, in connection therewith.

It was moved by Mr. Runtz, seconded, and resolved—That the application be referred to the Building Act Committee, for consideration and report.

**63**. Hackney.—Read a Report by the Superintending Architect, dated 14th February, 1883, on the application of Mr. R. A. Lewcock, on behalf of Mr. T. Arno, for approval by the Board of an amended Plan for the formation and name of a road to lead out of the East side of Boleyn-road, Stoke Newington.

It was moved by Mr. Selway, seconded, and resolved—That the application be not granted.

**64**. Lewisham.—Read a Report by the Superintending Architect, dated 14th February, 1883, on the application of Mr. H. D. Appleton, for approval by the Board of a Plan for the formation and name of a road to lead out of the West side of Devonshire-road, Forest-hill.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be referred to the Building Act Committee, for consideration and report.

**65**. Wandsworth.—Read a Report by the Superintending Architect, dated 15th February, 1883, on a Letter from the Wandsworth District Board relative to the erection of a fence in Lombard-road, Battersea, at a less distance than 20 feet from the centre of the road-way, and requesting this Board to take steps for causing the fence to be set back.

It was moved by Mr. Shepherd, seconded, and resolved—That the matter be referred to the Building Act Committee, for consideration and report; and that the Solicitor do advise the Committee thereon.

**66**. Clerkenwell.—Read a Report by the Superintending Architect, dated 14th February, 1883, on the application of Mr. E. H. Martineau, on behalf of the Worshipful Company of Brewers, for approval by the Board of a Plan for the construction of a play-shed and gymnasium in the playground of Dame Alice Owen's School, in Owen-street, with openings in excess of the limit prescribed by the 13th Section of the Metropolitan Building Act, 1855.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be granted, on condition that the whole of the works be executed to the satisfaction of the District Surveyor.

**67**. Islington.—Read a Report by the Superintending Architect, dated 14th February, 1883, on the application Mr. H. W. Evans, on behalf of Mr. E. J. Hall, for approval by the Board of an amended Plan for the construction of a timber stage on the West side of Hornsey-road, between Arthur-road and Mayton-road, with openings in excess of the limit prescribed by the 13th Section of the Metropolitan Building Act, 1855.

It was moved by Mr. Shepherd, seconded, and resolved—That the application be granted, on condition that the whole of the works be executed to the satisfaction of the District Surveyor.

**68**. St. Pancras.—Read a Report by the Superintending Architect, dated 14th February, 1883, on the application of Messrs. Wall Brothers, for approval by the Board of a Plan for the construction of a shed on a portion of their yard at the rear of Carlton-road, with openings in excess of the limit prescribed by the Metropolitan Building Act, 1855.

It was **moved** by Mr. Shepherd, and seconded—That the application be not granted.

An **amendment** thereon was **moved** by Mr. Brown, and seconded by Mr. Furniss—That the application be referred to the Building Act Committee, for consideration and report.

The **amendment** having been put to the vote, it was declared by the Chairman to be lost.

The **original motion** was then put to the vote, and declared by the Chairman to be carried; and it was **resolved** accordingly.

**69**. Lambeth.—Read a Report by the Superintending Architect, dated 14th February, 1883, on the application of Mr. H. Burton, for approval by the Board of a Plan for the construction of the walls of a tool-house at the rear of his house in Thurlow-park-road, Dulwich, with Portland cement concrete.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application be granted, and that a License, with such conditions as to the quality and composition of the concrete, and other matters, as are contained in the form of License approved by the Board, on the 28th November, 1879 (No. 6), be granted to the applicant.

**70**. Plumstead.—Read a Report by the Superintending Architect, dated 15th February, 1883, on the application of Mr. J. O. Cook, on behalf of Mr. H. Gigney, for approval by the Board of an amended Plan for the construction of a new gallery to the Music-hall at the rear of the "Windsor Castle" Public-house, in Maxey-road.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application be referred to the Building Act Committee, for consideration and report.

**71**. Fulham.—Read a Report by the Superintending Architect, dated 14th February, 1883, on the application of Mr. T. E. Knightley, District Surveyor, for the appointment by the Board of a Fee for a special service performed by him in supervising the setting of a steam boiler at the Hammersmith Iron Works, The Chancellors, Hammersmith.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the District Surveyor be authorised to demand and receive a Fee of 15s. in respect of the special service referred to.

**72**. Lambeth.—Read a Report by the Superintending Architect, dated 14th February, 1883, on the application of Mr. H. Parsons, District Surveyor, for the appointment by the Board of a Fee for a special service performed by him in supervising the fixing of a heating apparatus at the Chapel in Barrington-road, Brixton.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the District Surveyor be authorised to demand and receive a Fee of 40s. in respect of the special service referred to.

**73**. West Newington, &c.—Read a communication from Mr. Banister Fletcher, District Surveyor under the Metropolitan Building Act, 1855, for the District of West Newington and part of Lambeth, dated 13th February, 1883, notifying that certain alterations at No. 167, Newington-butts, were about to be carried out under his professional superintendence, and requesting the Board to appoint some other Surveyor as the District Surveyor to superintend such works. Whereupon it was **moved** by Mr. Shepherd, seconded, and **resolved**, and **ordered**, as follows—**Whereas**, Mr. Banister Fletcher, District Surveyor for the District of West Newington and part of Lambeth, did, on the 13th day

of February, 1883, give notice to this Board that he, the said Banister Fletcher, was engaged to act professionally in respect of certain alterations at No. 167, Newington-butts, and the said Banister Fletcher has been since the said date, and now is, engaged to act professionally as aforesaid. Now, therefore, it is ordered by this Board—That Mr. Edwin Richard Hewitt, District Surveyor for the District of St. Saviour, St. George-the-Martyr (part) and Christchurch, Southwark, and the Northern Division of Lambeth, be appointed by this Board, and the said Edwin Richard Hewitt is hereby appointed to survey the said premises, for the purposes of the Metropolitan Building Act, 1855, and to act as District Surveyor in respect thereof.

Adjourned until Friday next, the 23rd instant, at this Office, at Twelve o'clock at noon.

No. 8.

At a Meeting of the Metropolitan Board of Works, held at the Office of the Board, Spring-gardens, on **Friday**, the **23rd** day of **February**, 1883, under and by virtue of the Act of the 19th year of the reign of Queen Victoria, for the better Local Management of the Metropolis,

**Present**—Lieutenant-Colonel Sir James M. McGarel-Hogg, Bart., K.C.B., M.P., Chairman of the Board, in the Chair.

Alfred Pocock, Esq.
Robert Cox, Esq.
William Debenham, Esq.
Robert Jones, Esq.
Thomas Morrison Fairclough, Esq.
James Ebenezer Saunders, Esq., Deputy.
Robert Freeman, Esq.

1. The Minutes of the Meetings of the Board held on the 16th instant, were approved, and were signed by the Chairman and by two other Members of the Board present at such Meetings respectively.

2. A Deputation from the Poplar District Board, introduced by Mr. Cook, and consisting of the following gentlemen, viz—Mr. Bradshaw Brown, Mr. T. Ruff, Mr. E. Withenton, Mr. J. Bellamy, Mr. J. Yabsley, and Mr. R. Jones, accompanied by Mr. Farnfield, the Clerk, and Mr. Potts, the Assistant Clerk to the District Board, attended the Board, and presented a Memorial, which was read, as follows—

To the Honourable the Metropolitan Board of Works.

The Memorial of the Board of Works for the Poplar District, in the County of Middlesex,

Sheweth—

That in the course of the present Session of Parliament, it is proposed to introduce a Bill intituled the East London Tramways Bill.

That such Bill will have for its object the construction of a line of Tramways extending from West India Dock-road, in the Parish of All Saints, Poplar, and within the District of your Memorialists, through Garford-street, Bridge-road, West Ferry-road, Manchester-road, New-road, and Preston's-road, all in the same Parish and District, thus encircling the portion of the Poplar District, known as the Isle of Dogs.

That the number of houses in the Isle of Dogs is 2,011, the population at the last Census was 16,375, and at present there is absolutely no means of communication available for travelling from one end of the Island to the other, a distance of four miles, or thereabouts.

That your Memorialists, as the Road Authority, have given consent to the Bill, conditionally that the Promoters, at their own cost, effect the widening of the Bridges crossing the entrances to the East and West India Docks to admit a double line of vehicular traffic, a work in itself urgently needed, and if carried out, would considerably relieve the traffic now at times entirely stopped, owing to the narrow width of the Bridges in question.

That the Promoters of the said Tramways have notified to your Memorialists that they are willing to comply with their requirements.

That your Honourable Board resolved to refuse consent to the introduction of the Bill into Parliament on the recommendation of the Works and General Purposes Committee, such Committee having agreed upon the recommendation before being aware of the opinion of your Memorialists on the subject.

That, in the opinion of your Memorialists, the Tramways, if constructed as proposed, will prove an inestimable boon to the residents in Millwall and Cubitt-town, and to the District generally, while the neighbourhood in question will be fully opened up, and its resources more effectually developed, and many Factories and other properties which, owing to their isolated position, have for many years remained unlet, will possibly be tenanted, to the material advantage of the Parish of All Saints', Poplar.

Your Memorialists therefore humbly pray that your Honourable Board will revoke the decision arrived at to refuse consent to the East London Tramways Bill, and will signify its consent in the usual formal manner.

And your Memorialists will ever pray, &c.,

(Signed) WM. HENRY FARNFIELD, Clerk. L.S.

The Deputation addressed the Board in support of the Memorial.

A Deputation from the inhabitants of Millwall, introduced by Mr. Cook, and consisting of the following gentlemen, viz.—Mr. J. Hewlett, Mr. W. H. Bradshaw, Mr. M. I. Sexton, Mr. G. Kemp, Mr. S. Cooper, Mr. A. E. Peters, Mr. J. Ridley, Mr. F. Sutton, Mr. R. M. Surridge, Mr. J. Read, Mr. R. Sutton, Mr. R. Brittain, Mr. R. I MacClelland, and Mr. F. Gill, attended the Board and presented a Memorial, as follows—

To the Honourable the Metropolitan Board of Works.

The Memorial of the inhabitants of Millwall, Cubitt-town, and others living in or owning property in the Isle of Dogs,

SHEWETH,—

That at a public meeting of the inhabitants of Millwall, Cubitt-town, and other residents in the Isle of Dogs, duly convened and held on Monday, the 19th day of February instant, for the purpose of considering what action should be taken in the interests of such inhabitants and residents, consequent on your Honourable Board having declined to give their consent to the Tramways proposed to be constructed round the Isle of Dogs, the following Resolutions were passed—

"That this Meeting, having had submitted for its consideration the Plans and details of "the East London Tramways, proposed to be constructed round the Isle of Dogs, "is of opinion that the formation of the said Tramways will be of great benefit and "general advantage to the residents and all others having business on the Isle of Dogs, "or in its immediate neighbourhood."

"That a Deputation consisting of Twenty gentlemen be appointed by this Meeting to wait "upon the Metropolitan Board of Works, in the interests of the inhabitants, and "others having business in the District, for the purpose of asking the consent of "such Board to the construction of the East London Tramways round the Isle "of Dogs."

That the construction of this Tramway will greatly benefit the districts above referred to, and be a great convenience to your Memorialists and other residents in the Isle of Dogs, there being no means of travelling (except on foot) from one end of the Island to the other.

Your Memorialists, therefore, humbly pray that your Honourable Board will be pleased to give its consent to the construction of this Tramway, and thus lend its aid to the carrying out of a great public Improvement in the District.

(Signed) J. HEWLETT,
Chairman of the Meeting.

The Deputation addressed the Board in support of the Memorial.

It was **moved** by Mr. Cook, and seconded by Mr. Ewin—That the Memorials be referred to the Works and General Purposes Committee, for consideration and report.

It was thereupon **moved** by Mr. Selway, seconded, and **resolved**—That the Letter addressed to the Board by Mr. Surridge, and other inhabitants of Garford-street, Poplar, relative to the proposed Tramway be now read.

The Clerk then read a Letter from Mr. H. R. Surridge, and six other inhabitants of Garford-street, dated 22nd February, 1883, referring to the proposed Deputation to the Board this day, and asking the Board, before giving their sanction to the East London Tramways Company's scheme, to consider the present dangerous condition of Garford-street and Bridge-road, which danger the applicants considered would be increased if the Tram-cars were permitted to be added to the present heavy traffic in those streets.

An **amendment** on Mr. Cook's **motion** was then **moved** by Mr. Selway, and seconded by Mr. Fell—That the Deputations be informed that the East London Tramways Bill having been fully considered by the Board before they arrived at a decision thereon, the Board must decline to re-open the question.

The **amendment** having been put to the vote, there were for it 20, against it 10; and it was delared by the Chairman to be carried.

The **amendment** was then put as an **original motion**, when there were for it 19, against it 5, and it was declared by the Chairman to be carried; and it was **resolved** accordingly.

The Deputations were then informed of the decision of the Board.

It was **moved** by Mr. Selway, seconded, and **resolved**—That Mr. Surridge be informed of the Board's decision.

**3.** Mr. Dalton handed in a Letter, as follows—

St. Martin-in-the-Fields' Vestry Hall,
17th February, 1883.

To the Honourable the Metropolitan Board of Works.

GENTLEMEN,—On the 13th October last your Honourable Board received a Deputation from this Vestry, which called attention to the great injustice which would be inflicted upon this Parish by charging upon it the annual cost of the maintenance of the new roads at Hyde-park-corner.

By a Letter from your Honourable Board, dated 15th November last, the Vestry were informed that a measure to exempt the Vestry from the cost of such maintenance could only be obtained by an Act of Parliament, and that your Honourable Board was not prepared to introduce a Bill into Parliament for that purpose.

The Vestry were greatly disappointed at a decision which practically ignored their just and reasonable claim for legislation, and on the 2nd instant a Deputation from the Vestry waited upon the First Commissioner of Her Majesty's Works, for the purpose of stating their case.

Mr. Shaw-Lefevre expressed his very strong sense of the justice of the claim of the Vestry, and his entire sympathy therewith, but informed the Deputation that your Honourable Board, and not Her Majesty's Government, was the proper authority for the purpose of introducing a Bill, and that if the same were promoted it would receive from the Government, so far as he could pledge it, their entire support.

I am therefore to beg your Honourable Board to take into your most favourable consideration the desirability of taking such steps as will relieve this Parish from a burden which would, in the

opinion of the Vestry, be most inequitable to throw upon it, inasmuch as the Improvement is not of a Local, but of a Metropolitan character.

I am, &c.,

(Signed) G. W. MURNANE,
Clerk to the Vestry.

It was moved Mr. Dalton, seconded, and resolved—That the said Letter be referred to the Works and General Purposes Committee, for consideration and report.

**4.** Mr. Freeman handed in a Letter, as follows—

The Vestry of the Parish of Saint Mary Abbotts, Kensington.

Offices, Town Hall,
Kensington High-street, W.,
22nd February, 1883.

Sir,—I have to acknowledge the receipt of your Letter of the 14th instant, stating that the Board have given their consent, upon the application of Mr. G. Edwards, of No. 68, Brompton-road, to the erection of a one-storey addition in front of a coach-house at No. 6, Cromwell-mews, South Kensington, and I am instructed to call your attention to the fact that the proposed erection, if carried out, would be partly on the public way, and to request that the Board will take steps to withdraw their consent to such erection being proceeded with.

I am, &c.,
(Signed) GEO. C. HARDING,
Clerk to the Vestry.

The Clerk, Metropolitan Board of Works,
Spring-gardens, S.W.

It was moved by Mr. Freeman, seconded, and resolved—That the said Letter be referred to the Building Act Committee, for consideration and report.

**5.** Mr. Selway, the Deputy-Chairman of the Works and General Purposes Committee, brought up a Report, as follows—

Report of the Works and General Purposes Committee.

Spring-gardens, 19th February, 1883.

In pursuance of the reference by the Board of the 1st December last (No. 29), your Committee have had before them the Letter from Mr. J. G. Crawford, expressing his desire to erect, at his own cost, a Statue of Robert Burns, and asking the Board to grant him a site for the purpose in the Victoria Embankment garden, between the Charing-cross Railway Bridge and Westminster Bridge. It appeared to your Committee, after carefully considering a Plan prepared by the Board's Officers, showing the sites in the Embankment gardens which were deemed to be appropriate for Statues, that the most suitable site for the Statue proposed to be given by Mr. Crawford would be in the garden East of Charing-cross Railway Bridge, at the point marked "A" upon the Plan. Your Committee accordingly instructed your Engineer to intimate to Mr. Crawford that they were prepared to advise the Board to grant that site for the purpose, and they are informed that, although Mr. Crawford considers the Westernmost garden in some respects preferable, he will gladly accept the one proposed. Your Committee have also had before them a design for the pedestal, which appears to them to be entirely satisfactory. They beg therefore to submit the design, together with the Plan referred to, showing the suggested site for the erection of the Statue and to recommend that both be approved by the Board.

Your Committee have further to report that they have proceeded on the Resolution of the Board of the 20th October last (No. 28), referring it to them to consider as to the practice of sweeping of mud into Gullies in the City. Your Solicitor, by direction of your Committee, has prosecuted a number of men in the service of the Commissioners of Sewers for this offence, and he has obtained several convictions. The fines were, however, of very small amount, and your Committee have thought it desirable to have a Return prepared by your Solicitor, showing the amounts of the fines imposed during the past two years throughout the entire Metropolis. From this Return, which your Committee submit for the information of the Board, it will be seen that, whilst in the parts of the Metropolis outside the City the fines have varied from £1 to £2, in the City itself they have uniformly amounted to 2s. 6d. only, as although in two instances fines of £1 were imposed in respect of cases in the City, they were subsequently remitted.

In connection with the foregoing subject, your Committee have considered as to the desirability of the Board again offering a reward of 10s. for information which will lead

to the conviction of persons detected in sweeping mud down Gullies in the Metropolis and they recommend that this course be adopted.

In compliance with the reference by the Board of the 9th instant (No. 27), your Committee have had under consideration the Letter from the Board of Trade on the subject of the amalgamation of the Gas Light and Coke Company with the London Gas Company. The Board of Trade ask for this Board's observations upon a Letter from the Gas Light and Coke Company, in which the Company offer, on condition of the scheme of amalgamation with the London Gas Company being allowed to proceed, to at once reduce the price of Gas in that part of the London Company's District South of the Thames to 2s. 10d. a thousand feet, and to undertake never to charge a higher price in that District than shall for the time being be charged by the South Metropolitan Company in their District. The Company also point out that this concession would carry with it a reduction in the price of the Gas supplied to the public lamps, not only on the South side, but throughout the whole of the Company's District on the North side of the Thames, inasmuch as by the 86th Section of the City of London Gas Act, 1868, the Company are prohibited from charging for public lamps a higher price than the lowest price charged to any private customer. Your Solicitor has, in accordance with the Board's instructions, made a Report upon the proposal made to the Board of Trade by the Gas Light and Coke Company, in which he expresses the opinion that it is beyond the power of the Board of Trade to sanction an arrangement under which different prices would be charged to consumers in different parts of the Gas Light and Coke Company's District, and that consequently such an arrangement as that proposed by the Company would not be legal. He is of opinion that it could only be carried out under the authority of an Act of Parliament. Your Committee, concurring in the views expressed by your Solicitor, recommend that a reply based upon his Report be addressed to the Board of Trade.

Your Committee have further to report that they have considered as to the names to be assigned to the streets included in the Tooley-street Improvement, and having conferred with your Superintending Architect, and communicated with the Local Boards in whose Districts the Improvement is situated, they recommend—

That Tooley-street, Freeschool-street, and Thornton-street be incorporated under the name "Tooley-street, S.E.," and that Dockhead and Parker's-row be incorporated under the name "Dockhead, S.E."

All which your Committee beg to submit.

(Signed) J. M^cGAREL-HOGG,
W. R. SELWAY,
THOMAS H. ELAM,
W. H. DALTON,
GEO. EDWARDS,
W. URQUHART,
W^M. SHEPHERD,
DONALD MUNRO.

The Accounts of sale of old lead stored at No. 3, Gerrard-street, Soho; the Plan showing the site for the Statue of Robert Burns and the design for the pedestal; and also the Return as to fines imposed for sweeping mud down Gullies, submitted with the Report, were laid before the Board.

The Report having been read and received,

It was moved by Mr. Selway, seconded by Mr. Furniss, and resolved—That the Plan now submitted, showing a proposed site in the Victoria Embankment gardens, East of Charing-cross Railway Bridge, for the erection, by Mr. J. G. Crawford, of a Statue of Robert Burns, and also the design of the pedestal for the Statue, be approved.

It was moved by Mr. Selway, seconded, and resolved—That the Board do again offer a

reward of 10s. for information which will lead to the conviction of persons detected in sweeping mud down Gullies in the Metropolis, and that the necessary steps be taken for giving effect to this Resolution.

It was moved by Mr. Selway, seconded, and resolved—That a Letter, founded upon the Report made to the Committee by the Solicitor, be addressed to the Board of Trade, in reply to their Letter on the subject of the amalgamation of the Gas Light and Coke Company with the London Gas Company.

It was moved by Mr. Selway, seconded, and resolved—That Tooley-street, Freeschool-street, and Thornton-street, be incorporated under the name "Tooley-street, S.E.," and that Dockhead and Parker's-row, be incorporated under the name "Dockhead, S.E."

6. The Board proceeded to further consider the Report of the Works and General Purposes Committee, stating that, in their opinion, any increase of the amount raised from the ratepayers of the Metropolis for the expenses of the Fire Brigade should be accompanied by an increase of the contributions of the Fire Insurance Companies, and also the following motion thereon—

> "That the Board concur in the opinion of the Committee that any increase "of the amount raised from the ratepayers of the Metropolis for the expenses of "the Fire Brigade, should be accompanied by an increase of the contributions "by the Fire Insurance Companies,"

the debate upon which was adjourned by the Board on Friday last.

An amendment was then moved by Mr. Tolhurst, pursuant to notice—"That the question be referred back to the Committee, for further consideration and report."

The amendment was not seconded.

After discussion, it was moved by Mr. Lloyd, and seconded by Mr. Meaden—That the debate be further adjourned until Friday next, and that it be resumed when the Report of the Works and General Purposes Committee, to be brought up on that day, shall have been disposed of.

The motion having been put to the vote, there were for it 22, against it 5, and it was declared by the Chairman to be carried; and it was resolved accordingly.

7. Mr. Phillips, the Chairman of the Fire Brigade Committee, brought up a Report, as follows—

REPORT OF THE FIRE BRIGADE COMMITTEE.

Spring-gardens, 20th February, 1883.

The Chief Officer has reported that one of the Manual Engines, No. 77, which was made in the year 1866, is unfit for further use by the Brigade, and that it is necessary to obtain a new one in its place. Your Committee have received an offer from Messrs. Merryweather and Sons, the makers of the Engine, to supply a new one for the sum of £62, on condition that the old Engine be returned to them in addition to the money payment. Your Committee recommend that the offer be accepted.

Your Committee, on the 12th December last, reported that they proposed to purchase a corrugated iron shed as a covering for spare machinery, &c., belonging to the Brigade, which would be injured by exposure to the weather. It was proposed to place the shed on a piece of ground adjoining the Camden-town Station, pending the completion of the new buildings now in course of erection at the Head-quarters. Since the date of their previous Report, your Committee have again considered the subject, and it appears to them that it will be necessary to have a permanent covering at the Head-quarters for spare machinery and gear, and that it is desirable to arrange for the erection of that structure in connection with the Contract for the new buildings, which

is now being carried out. The permanent covering would be in place of the temporary iron shed above referred to. Your Committee recommend—

That they be authorised to make arrangements accordingly.

Your Committee have to report that First-class Fireman David J. Stein, Third-class Fireman James T. Algar, and Fourth-class Firemen Thomas C. Waymouth, John Davidson, George Murphy and Horace L. Adams have withdrawn from the service, and that their names have accordingly been removed from the list of Firemen.

Your Committee have to recommend the following promotions—Second-class Fireman William R. Wood to the First Class; Third-class Fireman William Winn to the Second Class; and Fourth-class Firemen Samuel Manning and George W. White to the Third Class.

They have further to recommend—That Peter P. Hill, Alexander Polson, Henry Joslin, Benjamin J. Lilly, David Gaywood, Herbert F. Hearle, Thomas Ryan, and Arthur Howill, be appointed, during the pleasure of the Board, in the Fourth Class of Firemen to fill vacancies.

All which your Committee beg to submit.

(Signed) GEORGE PHILLIPS.
W. R. SELWAY,
GEO. EDWARDS,
THO$^{S.}$ TURNER,
FRED$^{K.}$ FITZROY,
W. J. WETHENALL.

The Report having been read and received,

It was moved by Mr. Phillips, seconded, and resolved—That the offer of Messrs. Merryweather and Sons to supply a new manual Fire Engine for the sum of £62, taking from the Board, in addition to that amount, an Old Engine which is past use, be accepted.

It was moved by Mr. Phillips, seconded, and resolved—That the Committee be authorised to make arrangements, in connection with the Contract for the new buildings now in course of erection, for providing a permanent covering at the Head-quarters for the spare machinery and gear; the permanent cover to be in place of the temporary iron structure which the Committee, on the 12th December last, stated that it was proposed to obtain for the purpose.

It was moved by Mr. Phillips, seconded, and resolved—That the following promotions be made, viz—Second-class Fireman William R. Wood to the First Class; Third-class Fireman William Winn to the Second Class; and Fourth-class Firemen Samuel Manning and George W. White to the Third Class.

It was moved by Mr. Phillips, seconded, and resolved—That Peter P. Hill, Alexander Polson, Henry Joslin, Benjamin J. Lilly, David Gaywood, Herbert F. Hearle, Thomas Ryan, and Arthur Howill be appointed, during the pleasure of the Board, in the Fourth Class of Firemen.

**8.** Mr. Shepherd, the Chairman of the Building Act Committee, brought up a Report, as follows—

REPORT OF THE BUILDING ACT COMMITTEE.

Spring-gardens, 20th February, 1883.

Your Committee have to report that the Notice served in the case of the Covent-garden Theatre, under the 45th Section of the Board's Various Powers Act, 1882, has not been complied with. The Notice comprised three Rules; the first, relative to opening the exit doors of the Theatre in case of emergency; the second, as to securing such doors by bolts only; and the third, making provision for indicating the direction of the several exits. The Notice was served on Mr. E. Gye on the 20th November last,

and 28 days were allowed for the completion of the work. Your Committee have received the advice of your Solicitor on the question, and, having regard to the fact that the Theatre is now closed, and that the Act requires that the Notice shall be served upon the person by whom the Theatre is kept open, your Committee recommend—

That, so soon as the Theatre shall be re-opened, a Notice to the same effect be prepared by the Solicitor, and be served upon the person keeping the Theatre open.

Your Committee have also to report that they have carefully considered the question of the present arrangements for the egress of the public from, and the prevention of fire in the Elephant and Castle Theatre, and the improvements which it is desirable to effect in the same, under the provisions of the Act of 1878. The present building was erected on the site of a Theatre which was destroyed by fire in the month of March, 1878. It is situated on the South side of the New Kent-road, adjoining the Elephant and Castle Station of the London, Chatham, and Dover Railway. The Theatre proper occupies a site about 104 feet in length by 75 feet in width; in addition to which there is a range of dressing-rooms on the South-West side; a refreshment bar, and exits opening into Caroline-place, on the East side, adjoining the Railway Station; and an entrance vestibule at the North-West angle leading out of the New Kent-road. The total number of the audience that can be accommodated is about 2,500 persons; and there are exits leading into the New Kent-road, Black Prince-court, and Caroline-place. Your Committee, having considered the Report of the Theatres and Music-halls Sub-Committee, who made a careful inspection of the premises, are of opinion that the following alterations of a structural character are necessary to remedy existing defects in the building—

1.—That the floor of the box saloon be formed of fire-resisting materials.

2.—That brick walls, 14 inches thick, be built to separate the arches of the London, Chatham and Dover Railway from the Theatre premises.

3.—That the pit saloon, and so much of the Theatre premises as extend under the platform of the Elephant and Castle Station of the London, Chatham and Dover Railway, do have the roofs constructed of fire-resisting materials.

4.—That the stage entrance, and the passage-way leading to the same, be made 4 feet 6 inches wide; and that a staircase of teak, 3 feet 6 inches wide, be provided at the South-West angle of the stage in lieu of the present stairs.

5.—That the staircases to the upper part of the gallery at the North-East and the North-West angles of the Theatre be removed, and that new staircases, 4 feet 6 inches wide, constructed of fire-resisting materials, be substituted.

6.—That brick parapet walls be built to the external walls of the Theatre, and be carried up 3 feet above the eaves.

7.—That strong handrails be fixed to both sides of all staircases, landings, and flights of steps, where not already provided.

8.—That a gangway 3 feet wide be formed down the centre of the pit.

9.—That three gangways, each not less than 3 feet wide, and having easy steps, be formed in the gallery, one at each side, and one in the centre.

10.—That the concrete steps of the gallery staircase, and the concrete flooring, where defective, be re-instated.

11.—That all doors throughout the building be made to open outwards.

Your Committee recommend—

That a draft Notice, embodying the above requirements, be prepared by the Solicitor; that the Clerk be instructed to transmit a copy of such Notice to the Owner, with an intimation that he may submit to the Board any observations thereon; that the Building Act Committee be authorised to confer, either directly or through their Sub-Committee, with the Owner upon the Board's requisitions; and that the Committee do report further to the Board on the subject.

Your Committee have to report that they have conferred, through the Theatres and Music-halls Sub-Committee, with the Architect to the Owner of the Globe Theatre, Newcastle-street, Strand, upon the subject of the structural defects of the building, and the alterations which are necessary to remedy the same. The requisitions of the Board in respect of the Theatre were 21 in number, and are entered in their Minutes of the 1st December last (No. 7). Mr. C. J. Phipps, Architect, has agreed, on behalf of the Owner, to the third, ninth, tenth, eleventh, twelfth, fourteenth, fifteenth, and seventeenth of the Board's requisitions, and has suggested certain modifications of the remainder. With regard to the thirteen requisitions, of which variations have been proposed, your Committee are satisfied that the safety of the public will be effectually promoted by the carrying out of these requirements in the modified form agreed to by the Sub-Committee. Your Committee are therefore of opinion that a revised Notice, containing the following requisitions, should be served upon the Owner of the Theatre—

1.—That the whole of the seats at the rear of the first three rows of seats on the South side of the gallery be cleared away; that so many of the seats at the back of the North side of the gallery be removed as is necessary to provide a headway of 7 feet between the highest seat and the ceiling; that the floor, where disturbed, be made good; and that a gangway, not less 3 feet 6 inches wide, be formed round this part of the house.

2.—That two gangways, each 3 feet wide, having steps with an easy rise, be formed in the gallery, and be continued down to the amphitheatre.

3.—That the entrance passages to the gallery, amphitheatre, and upper boxes, be made at least 3 feet 6 inches wide.

4.—That a teak staircase, enclosed by a stud partition, lathed and plastered on both sides, be formed at the South-West angle of the gallery.

5.—That the staircases on the North and South sides of the house be re-built of teak, of the width of 3 feet 6 inches, without winders, and be carried up from the pit level to the gallery; and that such staircases be enclosed by stud partitions, lathed and plastered on both sides.

6.—That the doors at the end of the entrance passages to the dress circle, which open across the steps leading down to the private boxes, on the North and South sides of the house, be re-hung, so as not to form an obstruction.

7.—That a handrail be provided on each side of the wide flight of steps leading down to the private boxes on both sides of the house.

8.—That the entrance passages to the dress circle be increased in width to three feet.

9.—That the pass doors at the foot of the pit and gallery staircase, which at present open across the gangway, be made to slide.

10.—That the private entrance from Wych-street, between the pit and gallery staircases, be made available as a public exit; that a new door-way be formed in the wall between the Theatre and the lobby at the end of the private entrance passage leading from Wych-street; and that all the doors to the Prince of Wales' entrance lobby and retiring-room be made to open both ways.

11.—That a gangway 3 feet wide be formed around every part of the pit, except that portion facing the stage.

12.—That the exit from the stalls be made available, in case of emergency, for the use of the pit audience.

13.—That the proscenium wall be continued of the thickness of 14 inches on the mezzanine floor below the stage of the entire width of the proscenium opening; that two openings, each 2 feet 6 inches wide, leading into the orchestra,

be formed in this portion of the wall; and that these openings, and all other openings in the proscenium wall, be fitted with wrought-iron doors in wrought-iron frames, hung so as to close of themselves.

14.—That the iron door between the pit and the store under the entrance lobby leading out of Newcastle-street, be removed, and that a door of wrought-iron, not less than a quarter of an inch in thickness, or of skeleton iron framing, filled in with concrete in a wrought-iron frame, hung so as to close of itself, be fixed in lieu thereof.

15.—That the rendering of the ceiling of the store-room in the basement, under the entrance lobby leading out of Newcastle-street, be completed.

16.—That the dressing-rooms on the lower flies be removed; that the opening in the proscenium wall at that level be closed with brickwork of the full thickness of the wall; that the dressing rooms on the mezzanine floor be re-arranged, so as to form one room only, for a supers' dressing room, on the South side; and two rooms, one for the band, and the other for the band-master, on the North side; and that all such rooms be enclosed with brick walls and do have fire-resisting ceilings.

17.—That the dressing-rooms, &c., under the shops next Wych-street, be separated from the shops by a fire-resisting ceiling.

18.—That the carpenters' shop in the roof, which extends over the ceiling of the auditorium, be abolished, that the entrance be bricked up, and that an opening 2 feet 6 inches wide be formed in the proscenium wall for access to the chandelier.

19.—That handrails be provided on both sides of the flights of steps and staircases, where not already provided, with the exception of the proscenium stairs.

20.—That the flooring of the open space at the rear of the dress circle and gallery seats be pugged between the joists.

21.—That all doors throughout the building be made to open outwards, except the doors to the private boxes.

Your Committee recommend—

That a Notice, embodying the above requirements, and specifying two months as the time within which the works are to be commenced, and six months as the time within which they are to be completed, be prepared by the Solicitor; that the Clerk be instructed to apply to the Lord Chamberlain for his consent to the service of the same; and that, upon the receipt of such consent, the Notice be sealed, and be served by the Solicitor upon the Owner of the Theatre.

Your Committee have considered the Letter from Messrs. Hudson, Son and Booth, dated 20th December, 1882, stating that the works required to be done at the Lyceum Theatre, as directed by the Arbitrator's Award, were completed, and requesting that an early inspection of the same might be made by the Board's Architect, and that they might be apprised of the time of inspection, referred by the Board on the 22nd December last (No. 52). From the Report of your Superintending Architect, it appears that the structural alterations required by the Board have been made substantially in accordance with the Drawings attached to the Award. The carpenters' shop over the auditorium, however, has not been effectually separated from the audience part of the Theatre; and your Committee, in the interest of the public safety, deem it essential that this should be done, before advising the Lord Chamberlain on the question of extending the present provisional License of the Theatre, which will expire on the 31st March next. They are, therefore, of opinion, that a further Notice should be served upon the Owner of the Theatre, requiring the wooden dwarf partitions partially enclosing the carpenters' shop above the ceiling of the auditorium, on the North and South sides, to be carried

up to the underside of the roof, and to be lined on the inside with concrete slabs. To give effect to that view, your Committee recommend—

That a Notice to this effect, specifying one month as the time within which the work is to be completed, be prepared by the Solicitor; that the Clerk be instructed to apply to the Lord Chamberlain for his consent to the service of the same, and that, upon the receipt of such consent, the Notice be sealed, and be served by the Solicitor.

Your Committee have considered the application of Mr. C. J. Phipps, on behalf of Mr. E. Bruce, for a Certificate by the Board, as required by the Metropolis Management and Building Acts Amendment Act, 1878, with reference to the construction of a Theatre, to be called the Prince's Theatre, on the East side of Oxendon-street, at the corner of Coventry-street, St. Martin-in-the-Fields, referred by the Board on the 12th ultimo (No. 95). The proposed Theatre will accommodate an audience of 960 persons, the auditorium being 56 feet long by 59 feet wide. The Theatre will be entirely distinct from the adjoining Hotel, and be separated from it by party walls. The Theatres and Music-halls Sub-Committee carefully considered the Drawings of the proposed Theatre, and suggested to the applicant certain modifications which they considered desirable with the view of bringing the building into conformity with the Board's Regulations. In a conference subsequently held with Mr. Phipps, he intimated his willingness to accept the alterations upon which the Sub-Committee deemed it necessary to insist in the interest of the public safety. The steps of all staircases are to be supported by 9-inch brick walls, instead of 6-inch concrete walls, as proposed by the applicant. The enclosures to the stall corridors, and the divisions between the four entrances leading out of Oxendon-street, are also to be made of brick-work 9 inches thick. The sliding doors to the pit exit are to be removed, and a door in two folds, opening outwards, substituted. In certain minor details also it appeared desirable that alterations should be made in the design, and your Superintending Architect, having examined the Drawings as altered by the applicant, has reported to your Committee that they now embody the modifications agreed to by the Sub-Committee. Your Committee therefore recommend—

That the Drawings of the proposed Theatre, as amended by the applicant after conference with the Theatres and Music-halls Sub-Committee, be approved; and that the Certificate be sealed, and be issued to the applicant, on the completion of the building in accordance with such amended Drawings, and to the satisfaction of the Board.

Your Committee beg to submit herewith three Reports which they have received from your Superintending Architect, specifying certain works which it is necessary should be carried out under Magistrates' Orders at the premises therein mentioned, the same being Dangerous Structures, and they recommend—

That the Contractors, Messrs. J. and J. Greenwood, be instructed to carry out the works ordered by the Magistrates to be executed at the following premises—

"Three Compasses" Public-house, Rotherhithe-street, Rotherhithe.

"Little George" Public-house, No. 273, High-street, Poplar.

No. 9, Portland-street, St. James, Westminster.

Your Committee have also to report that they have considered the application of Mr. J. Pethybridge, on behalf of Mr. F. W. P. Isaac, for the consent of the Board to the erection of a one-storey shop on a portion of the forecourt of No. 130, Junction-road, Holloway, at the corner of Cathcart-hill, to the line shown upon the amended Plan accompanying the application, referred by the Board on the 16th instant (No. 47). The original application was for a shop fronting Junction-road, with a return towards Cathcart-Hill, but the amended application provides for a frontage towards Junction-road only. Your Committee see no objection to the present proposal, and they recommend—

That the application be granted, on condition that, previously to the commencement of building operations, the land shown by Blue colour on the deposited Plan, be given up and added to the public way; and also on condition that the erection be made in entire conformity with the letter of application, and as shown on such Plan, and be not at any time, in any manner, altered or raised without the consent of this Board.

Your Committee have further to report that, acting under the authority conferred upon them by the Resolution of the Board of the 11th August, 1882, (No. 14), they have had under consideration a Letter from Mr. S. S. Markham, District Surveyor, with reference to the neglected state of No. 96, High-street Shadwell. Your Committee found upon inquiry that the premises were comprised in the scheme for a Fish Market at Shadwell, and they accordingly postponed taking any action until some decision had been arrived at in the matter. The construction of the proposed Market having been abandoned, your Committee directed that the building should be taken down, and they are now informed that the works have been executed in a satisfactory manner, and they beg to report the fact for the information of the Board.

Your Committee have further to report that they have considered the Letter from the Hackney District Board, stating that a portion of Connor-street, Lauriston-road, had been formed of a less width than 20 feet, referred by the Board on the 26th ultimo (No. 64). The District Board state that a wall has been erected in Connor-street, which reduces the width of the road at the Eastern end to 18 feet 9 inches. Your Committee think that this is a case in which legal proceedings under the Acts regulating the width of streets should be taken against the builder, and they recommend—

That the Solicitor be instructed accordingly.

Your Committee have had under consideration the Letter from Mr. Woodward, District Surveyor, relative to the proposed erection of a house on the North side of Bonnington-square, Vauxhall, referred by the Board on the 26th ultimo (No. 71). The erection of a house has been commenced on a plot of vacant ground between the walls of the two houses at the North-East corner of Bonnington-square. A passage-way, 4 feet 8 inches wide, exists at this corner of the Square, and your Committee think it unnecessary to take any legal proceedings. They therefore recommend—

That no action be taken by the Board in the matter.

Your Committee have also considered the Letter from Mr. E. Dru Drury, District Surveyor, relative to a wooden erection at No. 33, Vauxhall-bridge-road, referred by the Board on the 22nd December last (No. 74). Your Solicitor, by direction of your Committee, served a Penal Notice on the builders, and a Letter has since been received from them explaining that the fence has been erected 27 years, and that some of the supports were so decayed that they were obliged, for the safety of the public, to re-place them with new ones. Your Committee, under these circumstances, think it undesirable to proceed further with respect to the erection, and they recommend—

That no further action be taken by the Board in the matter.

Your Committee have further to report that they have considered the application of Mr. E. B. I'Anson, for approval by the Board of a Plan for the formation of new roads, to lead out of the East side of King's-road, on the sites of houses known as "Thornbury" and "Thorncliffe," in King's-road, Clapham-park, and of other roads in connection therewith, referred by the Board on the 17th November last (No. 87). It is proposed to form the roads on a portion of the Clapham Manor Estate. There will be three roads leading out of the East side of King's-road, one of which will be continued through into Lyham-road, and also cross roads, each road being of the full width of 40 feet. The applicant has signed an Agreement, prepared by your Solicitor, providing for the continuation of Chale-road, and your Committee recommend—

That the application be granted, on condition that no barriers be at any time erected or other obstructions caused to the free use by the public of the said roads, and that the names "Roseberry-road, S.W.," "Thornbury-road, S.W.," "Thorncliffe-road, S.W.," "Kingswood-road, S.W.," "Wingford-road, S.W.," and "Chale-road, S.W.," be approved for the same.

Your Committee have also considered the Letter from the Wandsworth District Board, relative to the erection of houses in Queen's-road, Battersea, with open spaces

at the rear thereof of a less area than that prescribed by Section 14 of the Amendment Act, 1882, referred by the Board on the 9th instant (No. 57). Your Committee have had before them a Report by your Solicitor, and in accordance with the view expressed therein, they recommend—

That the District Board be informed that, in the opinion of this Board, it is not a case in which there has been any infringement of the law.

Your Committee have considered the Letter from Mr. J. D. Mathews, District Surveyor, asking the Board to afford him legal assistance in a case to be heard before the Magistrate at the Clerkenwell Police-court, with reference to the use of bad bricks in the construction of the external walls of a house in his District, referred by the Board on the 19th ultimo (No. 44), with authority to your Committee to act. Your Committee instructed your Solicitor to give the necessary legal assistance to Mr. Mathews, and a Summons was accordingly issued. Mr. Mathews has now informed your Solicitor that the works have been so far amended that further action on his part is unnecessary. Your Committee therefore recommend—

That the reference be discharged.

Your Committee have also to report that they have considered the application of Mr. J. Butler, on behalf of the Receiver of the Metropolitan Police, for a modification of the condition as to the surrender of ground to the public way, attached to the consent given by the Board to the erection of a Police Station on the East side of Starch-green-road, Hammersmith, at the corner of Haydn-park-road, referred by the Board on the 26th ultimo (No. 51). One of the conditions attached to the Board's approval of the erection of the Station was, that the whole of the space in front of the new building should be added to the public way. The Police Authorities consider it necessary to have the ground in front of a Police Station enclosed, and they propose, in the present instance, to give up 3 feet of ground. Your Committee think the proposal unsatisfactory, and they recommend—

That the application be not granted.

Your Committee have considered the application of Mr. H. Phillips, on behalf of Mr. J. Abbott, for the consent of the Board to the erection of one-storey shops on portions of the forecourts of Nos. 249, 251 and 253, Albany-road, Camberwell, to the line shown upon the Plan accompanying the application, referred by the Board on the 2nd instant (No. 49). The proposed shops will project 10 feet 6 inches from the main building line, which will allow of a considerable portion of the three forecourts being added to the public way. Your Committee recommend—

That the application be granted, on condition that the external angle of the proposed shop at the corner of Harling-street be splayed off, and that previously to the commencement of building operations, the land shown by Blue colour on the deposited Plan be given up and added to the public way; and that in other respects the erections be made in entire conformity with the letter of application, and as shown on such Plan, and be not at any time, in any manner, altered or raised without the consent of this Board.

Your Committee have also had under consideration the application of Mr. E. T. Hall, on behalf of Messrs. Brew and Claris, for approval by the Board of a Plan for the construction of a building, with projecting overhanging bays, on the site of No. 54, Finsbury-pavement, at the corner of South-place, with openings in excess of the limit prescribed by the 13th Section of the Metropolitan Building Act, 1855, referred by the Board on the 2nd instant, (No. 64), and referred back on the 9th instant (No. 2). The construction of the bays appears to your Committee to be satisfactory, the applicant having now reduced the extent of projection from 18 inches to 9 inches. Your Committee therefore recommend—

That the application be granted, on condition that the erection be made in entire conformity with the Letter of application, and as shown on the Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board.

Your Committee have to report that they have considered the application of Mr. R. A. Lewcock, on behalf of Mr. T. Arno, for the consent of the Board to the erection of houses, with one-storey shops, on the North side of Barrett's-grove, Stoke Newington, between No. 8, Barrett's-grove and Wordsworth-road; and also of houses with one-storey shops, and houses with bay-windows, on the South side of Barrett's-grove, to the line shown upon the Plan accompanying the application, referred by the Board on the 16th instant (No. 45). The proposed additions will be considerably in advance of the general line of buildings on each side of Barrett's-grove, and your Committee recommend—

That the application be not granted.

Your Committee have also to report that they have considered the application of Mr. J. H. Jones, for approval by the Board of a Plan for the formation and names of two roads to lead out of the West side of Lansdowne-road, and the widening of a portion of Lansdowne-road, Hackney, in connection therewith; referred by the Board on the 16th instant (No. 62). One of the proposed roads terminates as a *cul de sac*. The end of the second road is to be stopped until the applicant is able, at some future time, to continue it into Shrubland-road. Your Committee recommend—

That the application be not granted.

Your Committee have further to report that they have considered the application of Mr. E. Marsland, on behalf of Messrs. Jenkins and Slowman, for the permission of the Board to retain a warehouse and shop, erected on the East side of Red-lion-row, Walworth, at the corner of Boyson-road, referred by the Board on the 9th instant (No. 54). The buildings are not in advance of any building line, and the Vestry of Newington offer no objection. Your Committee recommend—

That the application be granted.

Pursuant to the reference by the Board of the 9th instant (No. 53), your Committee have considered the application of the Rev. A. J. Ard, for the permission of the Board to retain, for a further period, the temporary iron Church erected in Marriott-road, Hornsey-road. The Board first approved of the erection of the building in January, 1879, for a period of two years, and at the expiration of that period a further extension of two years was granted, The District Surveyor certifies the building to be in a sound condition. Your Committee recommend—

That the application be granted for a period of Two years, upon condition that the Owner do accept the License, prepared under the provisions of the Amendment Act, 1882, to secure the due removal of the building.

Your Committee have to report that they have considered the application of Mr. F. Hammond, on behalf of Mr. H. Perry, for approval by the Board of the re-erection of ten Cottages known as Norman's-buildings, Garden-place, Haggerston, as shown upon the amended Plan accompanying the application, referred by the Board on the 9th instant (No. 55). The Board on the 17th November, 1882, refused an application for the re-erection of the Cottages, and it is now proposed to widen the foot-way to 11 feet in front thereof. The approach to the Cottages is by a foot-way only 5 feet wide, and your Committee, considering the Plan objectionable, recommend—

That the application be not granted.

Your Committee have also to report that they have considered the application of Mr. E. Crosse, on behalf of Mr. T. Cole and Mr. W. Wood, for the consent of the Board to the erection of pents on portions of the forecourts of Nos. 241 and 243, Southwark-park-road, to the line shown upon the Plan accompanying the application, referred by the Board on the 9th instant (No. 55). It is proposed to substitute pent roofs for the existing pents in front of the houses and they will project 10 feet 3 inches from the main buildings. The Vestry of Bermondsey, and the adjoining owners consider the proposal objectionable, and your Committee recommend—

That the application be not granted.

Your Committee have further to report that they have considered the application of Mr. G. E. Carpenter, for the permission of the Board to retain one-storey shops erected on portions of the forecourts of Nos. 41, 43 and 45, Garvan-road, Fulham, to the line shown upon the Plan accompanying the application, referred by the Board on the 9th instant (No. 38). Garvan-road has only recently been formed, and some of the houses are as yet incomplete. The shops in question project beyond the general line of buildings, and the Fulham District Board object to the application. Your Committee recommend—

That the application be not granted.

In accordance with the reference by the Board of the 9th instant (No. 45), your Committee have considered the application of Mr. J. T. Bressey, on behalf of Mr. Overton, for the consent of the Board to the erection and construction of Luccombes at the Ratcliff Mills, in Narrow-street, Limehouse, as shown upon the Plan accompanying the application. The Mills are about to be re-built on the site of the old premises, and they will be six storeys in height. The two Luccombes will be on the highest floor, and will project to the extent of six feet from the main building. It is proposed to construct them of wood, and to cover them externally with metal. Your Committee think the proposed wooden erections objectionable, but they are of opinion that the application may be acceded to if fireproof materials only be employed. They accordingly recommend—

That the application be granted, on condition that the structures be built of fire-proof materials, and that the whole of the work be executed to the satisfaction of the District Surveyor.

Your Committee have also to report that they have considered the application of Mr. A. E. Hughes, for the consent of the Board to the erection of two-storey bay-windows on portions of the forecourts of Nos. 48 and 50, Whitfield-street, St. Pancras, to the line shown upon the amended Plan accompanying the application, referred by the Board on the 9th instant (No. 48). The proposed bay-windows will project 1 foot 7 inches beyond the general line of buildings. The Vestry of St. Pancras offer no objection, and your Committee recommend—

That the application be granted, on condition that the erections be made in entire conformity with the letter of application, and as shown on the amended Plan, and be not at any time, in any manner, altered or raised without the consent of this Board.

Your Committee have further to report that they have considered the application of Messrs. Maple and Co., for the consent of the Board to the erection of a building between Tottenham-place and Southampton-court, Tottenham-court-road, to the line shown upon the Plan accompanying the application, referred by the Board on the 9th instant (No. 49). It appears from the Plans submitted that a considerable space is to be added to the public way in Southampton-court, but that in other respects both the general and old building lines will be adhered to. Your Committee recommend—

That the application be granted, on condition that, previously to the commencement of building operations, the land shown by Blue colour on the deposited Plan be given up and added to the public way; and that in other respects the erection be made in entire conformity with the letter of application, and as shown on such Plan, and be not at any time, in any manner, altered or raised without the consent of this Board.

In accordance with the reference by the Board on the 15th December last (No. 48), your Committee have considered the Letter from the Plumstead District Board, with reference to the erection of buildings for the School Board, on the South side of Bromley-road, Lee. The erection of the buildings objected to by the District Board has not yet been commenced. Your Committee have had before them a Report by your Superintending Architect on the subject, and they recommend—

That the substance of such Report be communicated to the District Board.

Your Committee have to report that they have considered the application of Mr. H. Foreman, for the consent of the Board to the erection of houses, with shops, on the

East side of Richmond-road, West Kensington, at the corner of Sinclair-gardens, to the line shown upon the Plan accompanying the application, referred by the Board on Friday last (No. 41). The houses and shops are to be set back 3 feet from the public way, next Richmond-road; the flank wall is 11 feet 9 inches from the public way, and will range with the general line of buildings in Sinclair-gardens. Your Committee recommend—

> That the application be granted, on condition that, previously to the commencement of building operations, the land shown by Blue colour on the deposited Plan, be given up and added to the public way; and that in other respects the erections be made in entire conformity with the letter of application, and as shown on such Plan, and be not at any time, in any manner, altered or raised without the consent of this Board.

Your Committee have also to report that they have considered the application of Mr. H. D. Appleton, for approval by the Board of a Plan for the formation and name of a road to lead out of the West side of Devonshire-road, Forest-hill, Lewisham, referred by the Board on Friday last (No. 64). The proposed road will lead out of and return into Devonshire-road, which traverses the Honor Oak-park Estate. Your Committee consider the proposal objectionable, and they recommend—

> That the application be not granted.

Your Committee have further to report that they have considered the application of Messrs. Glasier and Sons, on behalf of Colonel Sim and Major Egerton, for the consent of the Board to the erection of porches on portions of the forecourts of Nos. 30 and 32, James-street, Buckingham-gate, Westminster, to the line shown upon the Plan accompanying the application, referred by the Board on Friday last (No. 53). Your Committee, considering the proposal objectionable, recommend—

> That the application be not granted.

The Board on Friday last (No. 58) referred to your Committee the application of Mr. A. D. Shepard, on behalf of the Committee of the University College Hospital, for the permission of the Board to retain a temporary wood and iron shed, erected on a portion of the forecourt of the Hospital, in Gower-street, St. Pancras. The shed is 18 feet long, 14 feet wide, 8 feet high in front, and 11½ feet high at the back, and one side thereof is constructed of a wooden framework covered externally with corrugated iron, and the other sides are enclosed by brick walls. Your Committee recommend—

> That the application be granted for a period of Two years, upon condition that the Committee of the Hospital do accept the License, prepared under the provisions of the Amendment Act, 1882, to secure the due removal of the building, and also on condition that the whole of the work be executed to the satisfaction of the District Surveyor.

Your Committee have further to report that they have considered the application of Mr. T. Oliver, for approval by the Board of a Plan for the widening of Guildford-place, Green's-row, Camberwell, and the erection of houses on the North side thereof, referred by the Board on Friday last (No. 60.) The applicant proposes to increase the width of Guildford-place from 10 feet to 15 feet, and to erect ten houses on the North side, and to leave a footpath 3 feet in width. The approaches to Guildford-place are inadequate, and your Committee, considering the application objectionable, recommend—

> That it be not granted.

Your Committee have also considered the amended application of Mr. E. Dawson, for approval by the Board of hollow walls, barge-boards and projecting eaves, as constructed, to a house and stables on the North-East side of Leigham-court-road, Streatham, referred by the Board on the 26th ultimo (No. 69). Your Superintending Architect has informed your Committee that the applicant has completed the works for which he desires the approval of the Board, and that they are well executed, the timbering being exceptionally good as regards scantling. Your Committee think that this is a case in which the Board cannot be advised to take any action; they are however, of opinion that in future application should be made to the Board for their

sanction to the construction of buildings of this nature. Your Committee recommend—

That a communication, based upon the Report of the Superintending Architect, be addressed to the District Surveyor.

All which your Committee beg to submit.

(Signed) WM. SHEPHERD,
W. R. SELWAY,
DONALD MUNRO,
E. DRESSER ROGERS,
JOHN RUNTZ,
ROBT. FURNISS.

The Report having been read and received,

It was moved by Mr. Shepherd, seconded, and resolved—That inasmuch as the Notice served by the Board, in the case of the Royal Italian Opera House, Covent-garden, under the provisions of the 45th Section of the Board's Various Powers Act, 1882, with respect to the regulation of the opening and closing of the exits from the Theatre, has not been complied with, a further Notice to the same effect be prepared by the Solicitor, so soon as the Theatre shall be re-opened, and that it be served upon the person keeping the Theatre open.

It was moved by Mr. Shepherd, and seconded—That so much of the Report as relates to the question of the present arrangements for the egress of the public from, and the prevention of fire in, the Elephant and Castle Theatre, New Kent-road, and the improvements which it is desirable to effect in the same, under the provisions of the Act of 1878, be approved, and that in the opinion of the Board the following alterations of a structural character are necessary to remedy existing defects in the building—

1.—That the floor of the box saloon be formed of fire-resisting materials.

2.—That brick walls 14 inches thick be built to separate the arches of the London, Chatham and Dover Railway Company from the Theatre premises.

3.—That the pit saloon and so much of the Theatre premises as extend under the platform of the Elephant and Castle Station of the London, Chatham and Dover Railway, do have the roofs constructed of fire-resisting materials.

4.—That the stage entrance, and the passage-way leading to the same, be made 4 feet 6 inches wide; and that a staircase of teak, 3 feet 6 inches wide, be provided at the South-West angle of the stage in lieu of the present stairs.

5.—That the staircases to the upper part of the gallery at the North-East and the North-West angles of the Theatre be removed, and that new staircases 4 feet 6 inches wide, constructed of fire-resisting materials, be substituted.

6.—That brick parapet walls be built to the external walls of the Theatre, and be carried up 3 feet above the eaves.

7.—That strong handrails be fixed to both sides of all staircases, landings, and flights of steps, where not already provided.

8.—That a gangway 3 feet wide be formed down the centre of the pit.

9.—That three gangways, each not less than 3 feet wide, and having easy steps, be formed in the gallery, one at each side, and one in the centre.

10.—That the concrete steps of the gallery staircase, and the concrete flooring, where defective, be re-instated.

11.—That all the doors of the Theatre be made to open outwards.

After discussion, the motion was put to the vote, and declared by the Chairman to be carried; and it was resolved accordingly.

It was moved by Mr. Shepherd, seconded, and resolved—That a draft Notice, embodying the above requirements, be prepared by the Solicitor; that the Clerk be instructed to transmit a copy of such Notice to the Owner of the Theatre, with an intimation that he may submit to the Board any observations thereon; that the Building Act Committee be authorised to confer, either directly or through their Sub-Committee, with the Owner upon the Board's requisitions; and that the Committee do report further to the Board on the subject.

It was moved by Mr. Shepherd, and seconded—That so much of the Report of the Committee as relates to the Globe Theatre, Newcastle-street, Strand, be approved, and that, with a view to remedying the structural defects of the building, a revised Notice containing the following requisitions be served upon the Owner thereof—

1.—That the whole of the seats at the rear of the first three rows of seats on the South side of the gallery be cleared away; that so many of the seats at the back of the North side of the gallery be removed as is necessary to provide a headway of 7 feet between the highest seat and the ceiling; that the floor, where disturbed, be made good; and that a gangway, not less than 3 feet 6 inches wide, be formed round this part of the house.

2.—That two gangways, each 3 feet wide, having steps with an easy rise, be formed in the gallery, and be continued down to the amphitheatre.

3.—That the entrance passages to the gallery, amphitheatre, and upper boxes, be made at least 3 feet 6 inches wide.

4.—That a teak staircase, enclosed by a stud partition, lathed and plastered on both sides, be formed at the South-West angle of the gallery.

5.—That the staircases on the North and South sides of the house be re-built of teak of the width of 3 feet 6 inches, without winders, and be carried up from the pit level to the gallery; and that such staircases be enclosed by stud partitions, lathed and plastered on both sides.

6.—That the doors at the end of the entrance passages to the dress circle, which open across the steps leading down to the private boxes, on the North and South sides of the house, be re-hung, so as not to form an obstruction.

7.—That a handrail be provided on each side of the wide flight of steps leading down to the private boxes on both sides of the house.

8.—That the entrance passages to the dress circle be increased in width to 3 feet.

9.—That the pass doors at the foot of the pit and gallery staircase, which at present open across the gangway, be made to slide.

10.—That the private entrance from Wych-street, between the pit and gallery staircases, be made available as a public exit; that a new door-way be formed in the wall between the Theatre and the lobby at the end of the private entrance passage leading from Wych-street; and that all the doors to the Prince of Wales's entrance lobby and retiring-room be made to open both ways.

11.—That a gangway 3 feet wide be formed round every part of the pit, except the portion facing the stage.

12.—That the exit from the stalls be made available, in case of emergency, for the use of the pit audience.

13.—That the proscenium wall be continued of the thickness of 14 inches on the mezzanine floor below the stage of the entire width of the proscenium opening; that two openings, each 2 feet 6 inches wide, leading into the orchestra, be formed in this portion of the wall; and that these openings, and all other openings in the proscenium wall, be fitted with wrought-iron doors in wrought-iron frames, hung so as to close of themselves.

14.—That the iron door between the pit and the store under the entrance lobby leading out of Newcastle-street, be removed, and that a door of wrought-iron, not less than a quarter of an inch in thickness, or of skeleton iron framing, filled in with concrete in a wrought-iron frame, hung so as to close of itself, be fixed in lieu thereof.

15.—That the rendering of the ceiling of the store-room in the basement under the entrance lobby leading out of Newcastle-street, be completed.

16.—That the dressing-rooms on the lower flies be removed; that the opening in the proscenium wall at that level be closed with brickwork of the full thickness of the wall; that the dressing-rooms on the mezzanine floor be re-arranged, so as to form one room only, for a supers' dressing-room, on the South side; and two rooms, one for the band, and the other for the band-master, on the North side; and that all such rooms be enclosed with brick walls and do have fire-resisting ceilings.

17.—That the dressing-rooms, &c., under the shops next Wych-street, be separated from the shops by a fire-resisting ceiling.

18.—That the carpenters' shop in the roof, which extends over the ceiling of the auditorium, be abolished, that the entrance be bricked up, and that an opening 2 feet 6 inches wide be formed in the proscenium wall for access to the chandelier.

19.—That handrails be provided on both sides of the flights of steps and staircases, where not already provided, with the exception of the proscenium stairs.

20.—That the flooring of the open space at the rear of the dress circle and gallery seats be pugged between the joists.

21.—That all doors throughout the building be made to open outwards, except the doors to the private boxes.

After discussion, the **motion** was put to the vote, and declared by the Chairman to be carried; and it was **resolved** accordingly.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That a Notice, embodying the above requirements, and specifying Two months as the time within which the works are to be commenced, and Six months as the time within which they are to be completed, be prepared by the Solicitor; that the Clerk be instructed to apply to the Lord Chamberlain for his consent to the service of the same; and that, upon the receipt of such consent, the Notice be sealed, and be served, by the Solicitor, upon the Owner of the Theatre.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That so much of the Report of the Committee as recommends that, a further Notice should be served upon the Owner of the Lyceum Theatre, requiring that the wooden dwarf partitions partially enclosing the carpenters' shop above the ceiling of the auditorium on the North and South sides, should be carried up to the underside of the roof, and should be lined on the inside with concrete slabs, be approved and acted upon; that a Notice to that effect, and specifying One month as the time within which the work is to be completed, be prepared by the Solicitor; that the Clerk be instructed to apply to the Lord Chamberlain for his consent to the service of the same; and that, upon the receipt of such consent, the Notice be sealed, and be served by the Solicitor.

It was **moved** by Mr. Shepherd, seconded, and **resolved**—That the application of Mr. C. J. Phipps, on behalf of Mr. E. Bruce, for a Certificate by the Board, as required by the Metropolis Management and Building Acts Amendment Act, 1878, in respect of the construction of a Theatre, to be called the Prince's Theatre, on the East side of Oxendon-street, at the corner of Coventry-street St. Martin-in-the-Fields,

be granted; that the Drawings of the proposed Theatre, as amended by the applicant after conference with the Theatres and Music-halls Sub-Committee, be approved; and that the Certificate be sealed, and be issued to the applicant, on the completion of the building in accordance with such amended Drawings, and to the satisfaction of the Board.

The Report of the Building Act Committee of the 20th day of February, 1883, appointed by this Board, having been read and considered, and it being made to appear to the Board that the Owner and occupier of the "Three Compasses" Public-house, in Rotherhithe-street, Rotherhithe, had failed to comply with the Orders made by Robert Henry Bullock Marsham, Esquire, and John Balguy, Esquire, two of the Magistrates of the Police-courts of the Metropolis, sitting at the Greenwich Police-court, on the 16th day of December last, and the 22nd day of January last, for the removal of the dangerous portions of such structure, this Board doth, pursuant to the provisions of the Metropolitan Building Act, 1855, and the Metropolitan Building Act, 1869,

**Resolbe**, and it is hereby **resolbed** and **ordered**, on the **motion** of Mr. Shepherd—That the Contractors, Messrs. John and James Greenwood, of Maltby-street, Bermondsey, be instructed, and they are hereby authorised to take down the dangerous portions of the central chimney-breasts and chimneys, and the bulged portion of the wall of the "Three Compasses" Public-house, fronting upon Rotherhithe-street.

The Report of the Building Act Committee of the 20th day of February, 1883, appointed by this Board, having been read and considered, and it being made to appear to the Board that the Owner of No. 273, High-street, Poplar, had failed to comply with the Order made by Franklin Lushington, Esq., one of the Magistrates of the Police-courts of the Metropolis, sitting at the Thames Police-court on the 22nd day of December last, for the removal of the dangerous portions of such structure, this Board doth, pursuant to the provisions of the Metropolitan Building Act, 1855, and the Metropolitan Building Act, 1869,

**Resolbe**, and it is hereby **resolbed** and **ordered**, on the **motion** of Mr. Shepherd—That the Contractors, Messrs. John and James Greenwood, of Maltby-street, Bermondsey, be instructed, and they are hereby authorised to take down those portions of the walls of No. 273, High-street, Poplar, which are defective and out of the perpendicular.
